DoDTechipedia: The Defense S&T Wiki

Participate! Connect! Collaborate! Share!

Experience this tool and enhance it with your specialized information.

Share Scientific and Technical (S&T) information with other DoD and federal employees and contractors and contribute your expertise. Register with DTIC® (https://www.dtic.mil). If you have a Common Access Card (CAC), this process is almost instantaneous! Choose the complete group of scientists, engineers, acquisition professionals and operational warfighters throughout the defense community or only the Defense community. Explore setting up a specialized community to meet unique needs.

Features:

● Discover DoD technologies and challenges ● Edit, change, and improve existing content ● Add an article or page showcasing your subject matter expertise ● Set up your own personal space and control content and access ● Embed links to content within this wiki or to outside sites ● Set up a controlled access space for a specialized group ● Ask questions, blog & contribute to discussions ● Build a personal page ● Raise visibility for your organization and capabilities ● Attach/Insert documents

Getting Started:

Go to DoDTechipedia direct: https://www.dodtechipedia.mil or enter from DTIC Online Access Controlled (DOAC): https://www.dtic.mil

Easy Navigation:

DTIC® is a registered service mark of the Defense Technical Information Center.

Use DoDTechipedia to create a customized Defense Group with the DoD Communities Page

Contribute your expertise by becoming a gardener in your specialized area. Use your knowledge to review and enhance contributions.

Add your information and make this source more valuable to the S&T Community. Webinars, help, and tutorials are accessible and DTIC personnel are available to assist and answer any questions.
