UPDT1-96.PM5

RAB Co-Chair Election

Restoration Advisory Board members will elect a new Community Co-Chair at this RAB meeting. The Co-Chair helps facilitate RAB meetings, participates in the BRAC Cleanup Team (BCT), and coordinates issues as they arise. The Co-Chair serves a one-year term.

Several nominations were received for Community Co-Chair for 1996, all for one person:

Charles Yarbrough.

RAB Membership Recruitment Effort

The McClellan AFB Restoration Advisory Board (RAB) is looking for community members or other interested parties to serve as RAB alternate members. Future vacancies on the RAB will be filled from the pool of alternate members. RAB members provide input on activities that assist in the cleanup of McClellan for reuse by the community. RAB members are expected to serve as a liaison between the community and McClellan AFB and to be available to meet with community members and/or groups.
