19980730 159

NATIONAL DEFENSE INDUSTRIAL ASSOCIATION

STRENGTH THROUGH INDUSTRY & TECHNOLOGY

JUNE 1998

14th ANNUAL NDIA SYMPOSIUM & EXHIBITION ON SECURITY TECHNOLOGY

Approved for Public Release. Distribution is unlimited

DTIC QUALITY INSPECTED 1

14th Annual Security Technology

Table of Contents

Opening Remarks 1
Brigadier General Roger C. Smith

Symposium Purpose and Overview 2
Dr. Paula Scalingi

From PCCIP to PDD: First Steps in Infrastructure Assurance 3
Stevan D. Mitchell

Session 1: Threat Environment and the Worldwide Context

The International Threat 29
Major General John P. Casciano

CB Weapons Threat Concepts and Issues 50
Amoretta Hoeber

Session 2: Planning to Meet the Threat

Critical Infrastructure Protection: Developing the Federal R&D Agenda 88
Dr. Steven M. Rinaldi

The U.S. Blast Mitigation Program 99
Douglas A. Sunshine

Session 3: Weapons of Mass Destruction: Protection and Response

PROTECTS: Program for Response Options and Technology Enhancements for Chemical/Biological Terrorism in Subways 107
Dr. Anthony J. Policastro

Department of Health and Human Services U.S. Public Health Service Counterterrorism Briefing: Building a Systems Approach 128
Matt Payne

Department of Defense Domestic Preparedness Support for Weapons of Mass Destruction 147
Robert Fitton

Session 4: Technical and Policy Focus Group

Group A:

Cost and Performance Analysis of Conceptual Designs of Physical Protection Systems — 172
M. J. Hicks

Mission Critical Systems for Security Management — 180
William H. Sawyer

Risk Analysis Tools for Force Protection and Infrastructure/ Asset Protection — 196
Ruth Duggan

A Management Friendly Transportation Security Risk Management Process — 208
L.E. Long

Airport Vulnerability Assessment-An Analytical Approach — 218
Rick Lazarick

Cost Impact of Residue Sampling and Collection Strategies for Drug and Explosive Residues — 227
Joseph J. Fortuna

The Economics of Drug Testing — 240
Joseph J. Fortuna

Installation and Auditing of Security Technology — 256
Peter J. Crook

Sensor Technologies & Systems Inc. — 264
Butler

Group B:

Helicopter Neutralization: Performance Testing Protective Forces — 279
William Brunsdon

U.S. Air Force Laser Illuminators — 305
Dean S. Adler

Detection of Explosives, Narcotics and Chemical Warfare Agents by Fast GC-IMS Based Systems — 317

Lawrence Haley

Materials Discrimination in Cargo Screening 350
Dr. Paul Bjorkholm

Tactical Automated Security System(TASS): First Operational Deployment 377
Jim Norman

CW Sentury Installed Chemical Agent Detector for Building Security 395
N. Lynn Jarvis

Group C:

Economic Espionage Act of 1996: The Implications for Technology Transfer 408
Giovanna M. Cinelli

Counter-Competitor Intelligence: Applying the DOD Model to the Commercial Sector 428
Howard B. Low

Program Protection Planning in the USAF TENCAP Program: A Real-World Application of Risk Management to Contain Security Costs 437
Howard B. Low

Development of Security Engineering Curricula at US Universities 447
Mary Lynn Garcia

AIS Alarms: A Near-Real Time Network Intrusion Detection System 456
Ann Bouchard

Persistent Access Control or How to Retain Control of Your Data After Delivering Them 470
Paul B. Schneck

Session 5: Addressing Our Domestic Vulnerabilities

A Model of Industry and Government Partnership 475
Guy Copeland

U.S. General Services Administration 506
Melvin Basye

Session 6A: A DoD Force Protection

Force Protection Session 514
Michael Toscano

Combatting Terrorism 525
Brigadier General James Conway

U.S. Army Communications-Electronics Command 531
PM-PSE
Bruce Swagler

Force Protection Common Operational Picture/Common Tactical Picture 550
Col Russell N. Peter

DoD Force Protection 582
Shirley A. Mattingly

New Dimensions in Security Threats & Countermeasures 588
Bellus

Session 6B: DoD PSEAG Programs

Commercial Off-The-Shelf Equipment Working Group 593
William J. Witter

Defense Protective Service 602
John Jester

Session 7: Transportation Security

Waiting for Disaster is a Dangerous Strategy 628
Thomas J. Falvey

Transportation Security and The Information Infrastructure 634
Brian Sharkey

Current and Future Trends in Cargo Security 643
Ed Badolato

Session 8A: Physical Security Technologies

Mitigation of Glass Fragment Hazards in Terrorist Bombings 664
Joseph L. Smith

Advanced User Interface Design and Advanced Internettting for Tactical Security Systems 673
Steve Murray

COTS Test & Evaluation 684
James A. Suarez

Session 8B: Physical Security Technologies

New Dimensions in Security Threats and Countermeasures 705
Leopold L. Targosz, Jr

Personnel Identification System Utilizing Low Probability of Intercept Techniques for Covert Operations 717
David J. Chiang

Test and Evaluation of Panoramic Imaging Security Sensor For Force Protection and Facility Security 725
Daniel A. Pritchard

VAMPIRE: Vulnerable Point Protection 741
Graham Peskett

Session 9: Information Protection Technologies

Information Systems Vulnerabilities 749
Mark Fabro

Network Security Framework Initiatives 759
David E Luddy

Several presentations and papers were not provided to DTIC by 29 July 1998. If submitted to DTIC after this date, they will be available electronically at the following Internet address: http://www.dtic.mil/stinet/security

Presentations not received in time for inclusion are:

Kenneth Piernick, FBI - "The Domestic Threat"
Jeffrey David, OST - "A Model for Requirements Definition - The National Research and Development Program for Combating Terrorism"
Dr. Gary Resnick, U.S. Army CBDCOM, APG
Edward Sueter - "Mistakes to Avoid During Bomb Incident Planning"
Robert Kelley, Orbital Science Corporation
William Keely, DISA - "Defense Megacenter Information Security"
Roger Calahan, NationsBanc
