Form Approved
OMB No. 0704-0188

Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PREFACE

Due to current military engagements in Iraq and Afghanistan, there has been a renewed interest in Post-Traumatic Stress Disorder (PTSD) and its presentation in military personnel. This bibliography lists citations for books, documents, articles, audiovisuals, and Internet sites related to this topic. Specifically, the cited items focus on PTSD resulting from combat exposure in current and past military engagements and peacekeeping operations.

The majority of the items cited are dated 1990 to the present. A few notable exceptions include material concerning PTSD in veterans of the Vietnam War. The links to the web sites included in this bibliography were active as of 16 November 2005. All items are available in the U.S. Army War College Library collection or can be accessed from the Internet. For your convenience, call numbers or Internet addresses were added at the end of each book or document entry. (Call numbers indicate the item's shelf location in our library.)

This bibliography is also available on the Internet through our Library's home page at <http://www.carlisle.army.mil/library>.

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library by sending an e-mail message to libraryr@carlisle.army.mil, or by phoning DSN 242-3660 or Commercial (717) 245-3660.
