

CHAIRMAN OF THE JOINT CHIEFS OF STAFF INSTRUCTION

J-5
DISTRIBUTION: A, C

CJCSI 2300.02H
17 April 2015

COORDINATION OF OVERSEAS FORCE STRUCTURE CHANGES AND HOST-NATION NOTIFICATION

Reference(s):

See Enclosure F for References

1. Purpose. To define the process to obtain Secretary of Defense approval of an Overseas Force Structure Change (OFSC) and Host-Nation Notification (HNN) of approved OFSCs. Nothing in this instruction alters requirements and responsibilities for the assignment of forces.

2. Superseded/Cancellation. CJCSI 2300.02G, 4 September 2012, is hereby superseded.

3. Applicability. This instruction applies to the Joint Staff, Combatant Commands (CCMD) and Services. It provides guidance on the interface with the Offices of the Under Secretary of Defense for Policy (USD(P)), the Under Secretary of Defense for Acquisition, Technology, and Logistics (USD(AT&L)), the Under Secretary of Defense Comptroller (USD(C)), the Under Secretary of Defense for Personnel and Readiness (USD(P&R)), the Under Secretary of Defense for Cost Assessment and Program Evaluation (USD(CAPE)), OSD Public Affairs, other defense agencies (when required), American Embassies, and Department of State/Bureau of Political-Military Affairs (PM) for the coordination of OFSC proposals and HNN requests.

4. Criteria for OFSCs and HNNs

a. An OFSC and HNN are required for Combatant Commands or Services to request approval from the Secretary of Defense for a change to a force assigned overseas, to include unit activations, deactivations, and re-designations when any of the following apply:

(1) The effected overseas organization is commanded by an officer in the grade of O-4 or higher;

(2) There is a permanent movement of a force from one host nation to another host nation;

(3) There is a force movement within a country that has the potential to significantly impact the host nation;

(4) There is a change to the assignments of those overseas organizations listed in the Secretary of Defense's "Forces for Unified Commands" memorandum published in the Global Force Management Implementation Guidance (GFMIG). OFSC/HNN requests should precede proposed changes to the "Forces for Unified Commands" memorandum;

(5) The change involves broad DoD responsibilities, international agreements, or treaties;

(6) The change has national-level policy significance, as determined by OSD(P).

b. HNN is required for all proposed overseas force structure changes deemed by OSD(P) to have national-level policy significance to include both allocation and assignment of forces. This applies to any action that impacts U.S. relations with the Host Nation (HN) such as the movement of units, military personnel and equipment, the disposition of U.S. civilians or large numbers of host-nation local national jobs, or any action that effects international agreements or treaties.

c. Services must submit OFSC and/or HNN requests whenever budgeting decisions will cause force structure changes per the criteria in paragraph 4.a. In such a case, OFSC and HNN requests must be submitted prior to or in conjunction with the submission of annual Service Program Objective Memorandums (POM) and Budget Estimate Submissions (BES).

5. Policy. This instruction will only apply to overseas locations and does not apply to U.S. bases within the continental U.S., Alaska, Hawaii, and U.S. Territories. Other changes that do not affect force assignment will be addressed in the unit deployment program or deployment order process.

a. Service Headquarters (HQ) or Functional CCMD (FCC) HQs will submit OFSC/HNN proposals. By exception, JS/J-5 and OSD(P), may approve a Geographic CCMD (GCC) to submit an OFSC/HNN request; however, additional coordination is required with all affected Services and FCCs to ensure the intent of this process is maintained. This instruction does not apply to other deployments managed by the Joint Staff/J-3 or for pre-positioned equipment, supplies, munitions, or shipping actions.

b. All OFSC actions must be approved by the Secretary of Defense or, when acting as the Secretary of Defense, the Deputy Secretary of Defense. No changes in force composition to forward station or remove existing assigned

forces can be taken in advance of this approval. Proposals which have been “approved-in-concept” still require an approved OFSC to finalize the change request.

c. HNN only, without an associated OFSC, can be approved by the Under Secretary of Defense for Policy (USD(P)).

d. Force structure changes directed by the President of the United States or Secretary of Defense, referred to as “leadership-directed OFSCs or HNNs,” will require an OFSC to validate the details of the changes and to determine if further HNN is necessary. The USD(P) can approve these OFSCs, in coordination with the affected OSD components and Services.

e. OFSC/HNN requests should be submitted in accordance with the timeline and process outlined in Figure 1. Services and Service Components will not implement programming decisions prior to Secretary of Defense approval of the OFSC/HNN package and will assume the associated financial, operational, or other associated risks if the process is delayed.

f. Every OFSC requires an HNN. The HNN is developed in close coordination with the Department of State and the American embassies (AMEMBs) and cannot be initiated until the Secretary of Defense has approved the OFSC.

g. Figure 1 below, represents the typical OFCS/HNN process and timeline.

Time Horizon	Action	Responsible Offices
30 Days	CCMD or Service submit request for OFSC/HNN to JS/J5 JS/J5 tasks action to CCMDs to conduct Host Nation Sensitivity Survey (HNSS) and provide CCMD Assessment/Endorsement	Ref. Enclosure A
60 Days	CCMD submits HNSS and CCMD Assessment/Endorsement to JS/J5. JS/J5 staffs through JS and obtains DJS endorsement	J3, J4, J5, J8, Legal Services
120 Days	DJS endorsement is sent to OSD. OSD-P(SPF) staffs to OSD components and relevant Service Secretaries (top two coordination required for OFSC/HNN) USD(P) approval/disapproval of HNN or SecDef approval/disapproval for OFSC/HNN	OSD(P), OSD(C), CAPE, DOS, OGC, OSD(P&R), OSD(AT&L), OGC, OSD(LA), Services
120-150 Days	Formal Notification to Host Nation via US Embassy	OSD, DOS
150-180 Days (may be truncated)	Wait Period (if required) Declassify Event Treaty notification (if required)	DOS, OSD-PA
180 Days	Public Notification (requires PAG coordination through established PA channels)	OSD-PA

Figure 1: OFSC Proposal / HNN Request Approval Process

6. Procedure. The OFSC/HNN process follows the steps outlined below.
 - a. Services or CCMD submit OFSC/HNN proposal to JS/J5. JS/J5 will coordinate with OSD(P) to determine policy significance.
 - b. JS/J5 tasks the Geographic Combatant Commands (GCCs) affected by the proposal to conduct a Host Nation Sensitivity Survey (HNSS). The HNSS request will be sent to the affected embassies.
 - c. AMEMBs will provide a front-channel cable HNSS to the GCC. The front-channel cable will be approved by the Defense Attaché (DATT) and the Chief of Mission (COM).
 - d. GCC provides its assessment and the HNSS to JS/J5.
 - e. JS completes internal staffing and submits an endorsement memo from Director, Joint Staff (DJS) to OSD(P), through the Office of the Deputy Assistant Secretary of Defense for Plans.
 - f. OSD(P) coordinates the request with OSD(AT&L), OSD(C), OSD(P&R), OSD(CAPE), OSD(LA), and top two coordination (Secretary or Under Secretary) from the affected Services.
 - g. The Secretary of Defense is the approval authority for OFSC/HNN requests; USD(P) is the approval authority for HNN-only requests.
 - h. DOS directs the appropriate embassy to conduct formal HNN via official cable. After HNN, AMEMBs confirm HNN after which the Combatant Commander may declassify the request.
 - i. OSD(PA) provides approved Public Affairs Guidance (PAG). If applicable, public announcement occurs in coordination with OSD(PA).
7. Responsibilities. See Enclosure A.
8. Definitions. See Glossary.
9. Summary of Changes
 - a. Streamlines the requirements and responsibilities identified for OFSC/HNN requests.
 - b. Specifies the criteria for the requirement of an OFSC/HNN.
 - c. By exception, allows a GCC HQ to submit an OFSC/HNN request if coordinated in advance and with JS/J5 and OSD(P) as well as the appropriate

Service(s) or CCMD HQ(s). Normally, a Service or FCC HQ will submit an OFSC/HNN request.

- d. Updates Figure 1: OFSC Proposal/HNN Request Approval Process.
- e. Clarifies requirements for HNN-only requests or leadership-directed OFSC/HNN requirements.
- f. Changes approval authority for HNN-only or leadership-directed OFSC/HNNs to USD(P).
- g. Clarifies requirement for OFSC/HNN request approval for force structure changes which have been approved-in-concept.
- h. Removes CCMD requirement to draft the Proposed Public Affairs Guidance (PAG). OSD(PA) is responsible for the development of PAG.
- i. Revises Enclosure A: Coordinating OFSC/HNN requests to clarify the staffing process for OFSC/HNN requests.

10. Releasability. UNRESTRICTED. This directive is approved for public release; distribution is unlimited on NIPRNET. DoD Components (to include the Combatant Commands), other Federal agencies, and the public, may obtain copies of this directive through the Internet from the CJCS Directives Electronic Library at: [http://www.dtic.mil/cjcs_directives/]. JS activities may also obtain access via the SIPR Directives Electronic Library Websites.

11. Effective Date. This INSTRUCTION is effective upon receipt.

For the Chairman of the Joint Chiefs of Staff:

DAVID L. GOLDFEIN, Lt Gen, USAF
Director, Joint Staff

COORDINATING OFSC/HNN REQUESTS

1. OFSC Proposal and HNN Request Coordination Process. Agencies will use this instruction to coordinate OFSC proposals and HNN requests through the Military Departments, Service component commands, Combatant Commands, Joint Staff, OSD, and the Department of State.

2. Service HQ or CCMD Responsibilities. Military Departments or Functional CCMDs will submit the OFSC/HNN request to the Joint Staff/J-5 via general/flag officer signed memorandum or an Automated Message Handling System (AMHS) message. The OFSC originator will classify the change proposal as CONFIDENTIAL or higher, as appropriate. The proposal must specify if the proposed OFSC, or other policy significant action, involves (or could reasonably lead to) an installation closure; reduction in, or curtailment of, base operating support services; or changes to existing inter-Service support agreements. The proposal will communicate the desired effective date for the change(s) and indicate the impact of a delay, including additional funding requirements. The proposal should anticipate at least 180 days to complete the OFSC/HNN process (Enclosure B). If the proposal is submitted to Joint Staff/J-5 with less than 180 days lead time, a rationale must be included, along with a justification of the time sensitivity.

3. Joint Staff Coordination. Upon receipt of the OFSC/HNN request, Joint Staff/J-5 will coordinate with the affected CCMD to accomplish a Host Nation Sensitivity Survey (HNSS) and CCMD endorsement (or assessment).

a. Geographic Combatant Command (GCC) Assessment Tasking. JS/ J-5 will task the affected GCC to provide an assessment of the OFSC/HNN request. The GCC assessment will include an embassy-produced Host Nation Sensitivity Survey (HNSS) cable (Enclosure C).

b. Host Nation Sensitivity Survey (HNSS). During the GCC assessment phase the GCC will coordinate with the country team of the affected host nation embassy for an assessment of how the OSFC/HNN request may impact relations with the host nation. The HNSS will be in the form of a front channel cable (Enclosure D).

c. Upon receipt of the HNSS and CCMD endorsement (or assessment), JS/J-5 will obtain approval for the OFSC package from the Director, Joint Staff (DJS).

d. The minimum elements of an OFSC/HNN are: the Joint Staff Processing Form 136; the request for an overseas force structure change; the GCC

endorsement; and the HNSS, which is also referred to as the country team assessment (See Figure 2).

(5)(C) Number of dependent families at USAG Humphreys, Korea: NONE

3. (C) U.S. Civilian Personnel: Not applicable.

4. (C) Local National Civilian Personnel: Not applicable.

5. (C) Infrastructure and Resource Implications:

5.1. (S//FOUO) Infrastructure: There are no new additional Military Construction (MILCON) requirements anticipated due to the rotation of this force in the Republic of Korea.

5.2. (S//FOUO) Base Programs: There is no significant impact to the quality of life or quality of service elements at USAG Humphreys, Camp Casey, Korea, or Ft. Hood, TX.

5.3. (S//FOUO) Environmental impacts: There are no significant impacts to the environment as a result of this rotation.

5.4. (S//FOUO) Estimated costs for this rotation to occur: The unit will deploy with its home station equipment from Ft. Hood, TX to the ROK. After the unit completes its re-rotation equipment, it will leave its equipment in Korea and return to Ft. Hood, TX to re-rotate. The unit will be replaced by another MLRS in February 2016. The estimated cost of the MLRS rotation to Korea will be \$8 million in FY15, \$10.2 million in FY16, and \$1.2 million over FOM 15-16. The FY15 costs include facilities improvements in Korea and the pre-deployment training and movement of equipment associated with the first rotational station.

4. OSD Coordination. Joint Staff/J-5 submits the DJS-endorsed OFSC/HNN package to the Office of the Deputy Assistant Secretary of Defense for Plans DASD(Plans). The Office of DASD(Plans) requests coordination from OSD(AT&L), OSD(C), OSD(P&R), OSD(CAPE), OSD(LA), and “top two” coordination (Secretary or Under Secretary) from the affected Services. When it is unclear whether a proposed change may be policy significant, informal coordination (e.g., via e-mail, VTC, etc.) amongst key stakeholders will occur to provide sufficient information for OSD(P) to determine whether a proposed change may be policy significant. If OSD(P) determines an action is not policy significant and the action does not meet any other criteria for an OFSC request, then the requesting organization may implement the change without an OFSC or HNN.

5. HNN without an OFSC. If OSD(P) determines an action is policy significant without an associated OFSC, an HNN request must be submitted utilizing the same process as an OFSC request; however, final approval for the HNN request can be delegated to the USD(P).

6. The OFSC package will be coordinated with the following Joint Staff organizations for appropriate review, to include the following equities:

a. J-3: Operational impact.

b. J-5: POLMIL impact, regional security cooperation, alliance and coalition commitments, impact on contingency planning efforts, cost vs. benefits, HN sensitivity, and treaty implications.

c. J-8: Impact upon warfighting capability, budgetary effects, and implications for overall force structure.

d. Office of the Chairman of the Joint Chiefs of Staff Legal Counsel (OCJCS/LC): Legal sufficiency, compliance with all requirements and relevant international agreements.

e. Office of the Chairman of the Joint Chiefs of Staff for Public Affairs (OCJCS/PA): OCJCS-PA will interface with the Services/CCMDs when an OFSC is initiated. They will feed the PAG requirements to OSD/PA and coordinate with the Services, CCMD, and DoS to draft the PAG.

f. Office of the Chairman of the Joint Chiefs of Staff for Legislative Affairs (OCJCS/LA): OCJCS-LA will be informed of the requested change however is not required to be part of the formal coordination.

g. J-1, J-2, J-4, J-6, and J-7 will be included in coordination as required.

SERVICE HQ OR CCMD OFSC PROPOSAL/HNN REQUEST
MESSAGE/MEMORANDUM

The Service HQ's or CCMD's OFSC proposal/HNN request message is sent to the Joint Staff/J-5. The message/memorandum will outline the proposed action, reference applicable Service approval documentation, and request OFSC/HNN approval. The message/memorandum will contain the following paragraphs:

1. Proposed action, including number of forces, equipment, and mission set.
2. Basis for proposal.
3. Service or CCMD request for OFSC approval (or Secretary of Defense OFSC approval documentation for HNN requests), including the Service HQ approval documentation.
4. Desired HNN date and Public Affairs Guidance date.
5. POLMIL implications
 - a. Statement on U.S. government Title 10 commitments and requirements to the country or region.
 - b. Impact to local economy.
 - c. Regional perceptions and security cooperation (to include alliance and coalition commitments and possible reactions by other allies/partners and competitors in the region).
 - d. Broad impact(s) on U.S. Global Defense Posture (GDP) realignment.
 - e. Treaty and agreement implications/requirements.
6. Operational risk implications
 - a. Assessment of mission requirements and ramifications of not approving the force structure change per the requested timeline.
 - b. Supporting information, as needed, to facilitate Combatant Command assessment.

c. Impact to overall support to CCMDs (e.g., affect on contingency plan support or foundational activities, ability to support steady state objectives in the regional theater posture plan (TPP), etc.).

7. Force structure implications

a. Summary statement for the OFSC, including approximate net reductions or additions of military, U.S. DoD civilian, local and national employees, and family members.

b. Delineation of personnel actions by community/country, including approximate net number military, U.S. DoD civilian, local and national employees, contractors, and family members departing or arriving.

8. Infrastructure/resources implications

a. Impact on infrastructure, environment (if applicable), and facilities, including a statement addressing the HN facilities not expected to be declared excess or nominated for closure in accordance with Reference c. Also see References a and b.

b. Impact to base operating support.

c. Impact to communities and local economy (including local national jobs).

d. Impact on overseas tour length (Reference e), entitlement programs (e.g., Funded EML, Imminent Danger Pay, Hardship Duty Pay, OCONUS COLA, etc.) to Service and family member wellbeing/morale, welfare and recreation programs, and DoDEA schools.

e. Include a statement on whether infrastructure changes are reflected in theater installation master plans and proposed OFSC is contained within the GCC Theater Posture Plan.

f. Funding statement. The statement will identify cost estimates by Fiscal Year (FY), a status of Service funding of OFSC impact areas, and an identification of the type of funds (e.g. O&M, Military construction, etc.). Examples of potential impact areas include, but are not limited to:

- (1) Operations and support costs
- (2) Unit transportation
- (3) Manpower
- (4) Infrastructure disposal

- (5) Environmental impact
 - (6) Military entitlement programs (Funded EML, Hardship Duty Pay, OCONUS COLA, etc.
 - (7) MWR programs
 - (8) DoDEA schools
 - (9) Service member and family well-being programs
 - (10) Host-Nation Funded Construction, as appropriate
 - (11) Military construction (MILCON), as appropriate.
- g. Congressional consultation, notification requirements, and actions.
- h. Public Affairs Guidance (status and POC). OSD(PA) will coordinate and approve Public Affairs Guidance (PAG) with the applicable organizations prior to HNN.
- i. Other information as required, including associated collateral effects or follow-on impacts of note.
- j. Points of contact at the proposing organization.

ENCLOSURE E

COMBATANT COMMAND DECLASSIFICATION MESSAGE/MEMORANDUM

Following HNN the Combatant Command will send a declassification memorandum to all parties involved in the OFSC/HNN. Prior to sending declassification message, Combatant Command must receive a message, memorandum, or e-mail from the AMEMB or subordinate unified command (as applicable) that HNN is complete with HN government. However, the DoS desk officer, or OSD(P) desk officer in coordination with the Department of State, must provide confirmation that the HN embassy in the United States has been notified before the AMEMB or subordinate unified command in the HN releases this completion message.

HNN declassification does not equate to public announcement. Some OFSCs/HNNs do not warrant public announcement. Host-nation concurrence is required before public announcement for additions to a country.

The message will contain the following paragraphs:

1. HNN completion date.
2. Declassification date.
3. Public Affairs guidance status.
4. Other information (as applicable).

GLOSSARY

Chief of Mission (COM). The chief of mission is the principal officer (the ambassador) in charge of a diplomatic facility of the United States, including any individual assigned to be temporarily in charge of such a facility. The chief of mission is the personal representative of the President to the country of accreditation.

Combatant Command (CCMD). Nontransferable command authority established by Title 10 (“Armed Forces”), United States Code, Section 164, exercised only by commanders of unified or specified combatant commands unless otherwise directed by the President or the Secretary of Defense.

Defense Attaché (DATT). The officer in charge of a U.S. Defense Attaché Office (USDAO) responsible for several activities including advising the Chief of Mission on military matters and representing the Secretary of Defense, Chairman of the Joint Chiefs of Staff, Commanders of Combatant Commands and other Department of Defense components to the host country.

Global Posture Executive Council (GPEC). The GPEC serves as the Department of Defense’ s senior body overseeing the formal posture process and managing GDP realignment efforts for the Secretary and Deputy Secretary of Defense. The GPEC includes General Officer/Flag Officer or Senior Executive Service representatives from the following agencies: Office of the Secretary of Defense, Joint Staff, Combatant Commands, Military Departments, Services, State(PM), and the National Security Council Staff.

Host Nation (HN). A nation which receives the forces and/or supplies of allied nations and/or NATO organizations to be located on, to operate in, or to transit through its territory.

Host-Nation Notification (HNN). Department of State process for notifying appropriate host-nation officials through the AMEMB.

Host-Nation Sensitivity Survey (HNSS). An assessment produced by the AMEMB or country team outlining the significant implications of an OFSC to the host-nation’ s political, social, and economic systems; the OFSC’ s likely effects on and reactions from the local populace; potential significant changes in the U.S. bilateral relationship with the host-nation; and an analysis of the proposed timeline for HNN and OFSC implementation.

National-Level Policy Significance. An OFSC or other action expected to result in HN or U.S. domestic political discussions at the national-level and/or HN press coverage that may create political controversy at the national-level. Examples include actions that, among other things, directly and significantly

affect foreign or defense relations between the United States and another government; require approval, negotiation, or signature at the OSD or diplomatic level of an international agreement or other document relating to U.S. forces' presence in a foreign country; or generate a major increase or decrease in U.S. operational or sustainment capability at one or more locations. A determination by OSD(P) that a particular action has national-level policy significance is conclusive.

Public Affairs Guidance (PAG). Constraints and restraints established by proper authority regarding public information, command information, and community relations activities. It may also address the method(s), timing, location, and other details governing the release of information to the public. For overseas force structure changes, a PAG will be developed by OSD(PA).

Overseas Force Structure Change (OFSC). An OFSC is the introduction, change, or removal of any assigned overseas force, as well as other changes that have national-level policy significance as determined by OSD(P).
