CJCS Notice 3150.23

19 April 2013

SUPPLEMENTAL INFORMATION TO CJCSM 3150.23C

Reference: CJCSM 3150.23C, 30 August 2007, "Joint Reporting Structure (JRS) Logistic Factors Report (LOGFACREP)"

1. Purpose. Holders of the reference (CJCSM 3150.23C) are requested to review the following guidance on the way forward in the development of a new version of the manual.
2. Cancellation. None.
3. Applicability. This notice applies to the Joint Staff, Combatant Commands, Military Services, and Defense Agencies utilizing the uniform reporting requirements for logistics planning factors under the Joint Reporting Structure.
4. Background. CJCSM 3150.23C has not been updated for an extended period of time. The Directorate for Logistics, Joint Staff, attempted to determine if the Joint Planning and Execution Community (JPEC) would accept cancellation of the manual. However, the JPEC and several external data users reported that although the underpinning information is flawed, the manual and underlying information provide key inputs for use in planning and analytical processes. The Directorate will begin a major rewrite of CJCSM 3150.23C to reflect current processes and ensure compliance with current data policies.
5. Action or Procedure. Holders will continue to follow the guidance outlined in the reference until publication of the revised manual, CJCSM 3150.23D. The Directorate for Logistics, Joint Staff, will coordinate with the Services, agencies, and other JPEC members on the revision of the CJCSM and associated reporting.

6. Releasability. This notice is approved for public release; distribution is unlimited. DoD Components (to include the Combatant Commands), other Federal Agencies, and the public may obtain copies of this directive through the Internet from the CJCS Directives Electronic Library at:
<http://www.dtic.mil/cjcs_directives>.

7. Effective Date. This notice is effective upon receipt and will expire upon completion of the next revision of CJCSM 3150.23 or by 19 April 2014, whichever is earlier.
