ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Members have 2 minutes remaining in this vote.

□ 1317

So (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. LARSON of Connecticut. Madam Speaker, on rollcall No. 984, I was unavoidably detained and most unfortunately, missed the vote. Had I been present, I would have voted "yea."

PERSONAL EXPLANATION

Mr. RADANOVICH. Madam Speaker, I was unable to make today's votes on the House floor due to a family illness. Had I been present I would have voted as follows:

"Nay" on rollcall vote No. 982, on ordering the previous question on the rule providing consideration for H.R. 3326, H.J. Res. 64, H.R. 4314, and H.R. 2847.

"No" on rollcall vote No. 983, on the adoption of H. Res. 976, the rule for consideration for H.R. 3326, H.J. Res. 64, H.R. 4314, and H.R. 2847.

"Yea" on rollcall vote No. 984, on the motion to suspend the rules and agree to H. Res. 905, recognizing the 70th anniversary of the retirement of Justice Louis D. Brandeis from the United States Supreme Court.

DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2010

Mr. MURTHA. Madam Speaker, pursuant to House Resolution 976, I call up the bill (H.R. 3326) making appropriations for the Department of Defense for the fiscal year ending September 30, 2010, and for other purposes, with a Senate amendment thereto, and ask for its immediate consideration in the House.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The Clerk will designate the Senate amendment.

The text of the Senate amendment is as follows:

Senate amendment:

Strike out all after the enacting clause and insert:

That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 2010, for military functions administered by

TITLE VIII

GENERAL PROVISIONS

SEC. 8001. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 8002. During the current fiscal year, provisions of law prohibiting the payment of compensation to, or employment of, any person not a citizen of the United States shall not apply to personnel of the Department of Defense: Provided, That salary increases granted to direct and indirect hire foreign national employees of the Department of Defense funded by this Act shall not be at a rate in excess of the percentage increase authorized by law for civilian employees of the Department of Defense whose pay is computed under the provisions of section 5332 of title 5, United States Code, or at a rate in excess of the percentage increase provided by the appropriate host nation to its own employees, whichever is higher: Provided further, That this section shall not apply to Department of Defense foreign service national employees serving at United States diplomatic missions whose pay is set by the Department of State under the Foreign Service Act of 1980: Provided further, That the limitations of this provision shall not apply to foreign national employees of the Department of Defense in the Republic of Turkey.

SEC. 8003. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year, unless expressly so provided herein.

SEC. 8004. No more than 20 percent of the appropriations in this Act which are limited for obligation during the current fiscal year shall be obligated during the last 2 months of the fiscal year: Provided, That this section shall not apply to obligations for support of active duty training of reserve components or summer camp training of the Reserve Officers' Training Corps.

(TRANSFER OF FUNDS)

SEC. 8005. Upon determination by the Secretary of Defense that such action is necessary in the national interest, he may, with the approval of the Office of Management and Budget, transfer not to exceed \$4,000,000,000 of working capital funds of the Department of Defense or funds made available in this Act to the Department of Defense for military functions (except military construction) between such appropriations or funds or any subdivision thereof, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: Provided, That such authority to transfer may not be used unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: Provided further, That the Secretary of Defense shall notify the Congress promptly of all transfers made pursuant to this authority or any other authority in this Act: Provided further,

That no part of the funds in this Act shall be available to prepare or present a request to the Committees on Appropriations for reprogramming of funds, unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which reprogramming is requested has been denied by the Congress: Provided further, That a request for multiple reprogrammings of funds using authority provided in this section must be made prior to June 30, 2010: Provided further, That transfers among military personnel appropriations shall not be taken into account for purposes of the limitation on the amount of funds that may be transferred under this section: Provided further, That no obligation of funds may be made pursuant to section 1206 of Public Law 109-163 (or any successor provision) unless the Secretary of Defense has notified the congressional defense committees prior to any such obligation.

SEC. 8006. (a) Not later than 60 days after enactment of this Act, the Department of Defense shall submit a report to the congressional defense committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2010: Provided, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation both by budget activity and program, project, and activity as detailed in the Budget Appendix; and

(3) an identification of items of special congressional interest.

(b) Notwithstanding section 8005 of this Act, none of the funds provided in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional defense committees, unless the Secretary of Defense certifies in writing to the congressional defense committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8007. The Secretaries of the Air Force and the Army are authorized, using funds available under the headings "Operation and Maintenance, Air Force" and "Operation and Maintenance, Army", to complete facility conversions and phased repair projects which may include upgrades and additions to Alaskan range infrastructure and training areas, and improved access to these ranges.

(TRANSFER OF FUNDS)

SEC. 8008. During the current fiscal year, cash balances in working capital funds of the Department of Defense established pursuant to section 2208 of title 10, United States Code, may be maintained in only such amounts as are necessary at any time for cash disbursements to be made from such funds: Provided, That transfers may be made between such funds: Provided further, That transfers may be made between working capital funds and the "Foreign Currency Fluctuations, Defense" appropriation and the "Operation and Maintenance" appropriation accounts in such amounts as may be determined by the Secretary of Defense, with the approval of the Office of Management and Budget, except that such transfers may not be made unless the Secretary of Defense has notified the Congress of the proposed transfer. Except in amounts equal to the amounts appropriated to working capital funds in this Act, no obligations may be made against a working capital fund to procure or increase the value of war reserve material inventory, unless the Secretary of Defense has notified the Congress prior to any such obligation.

SEC. 8009. Funds appropriated by this Act may not be used to initiate a special access program without prior notification 30 calendar days in advance to the congressional defense committees.

SEC. 8010. None of the funds provided in this Act shall be available to initiate: (1) a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of \$20,000,000; or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year, unless the congressional defense committees have been notified at least 30 days in advance of the proposed contract award: Provided, That no part of any appropriation contained in this Act shall be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: Provided further, That no part of any appropriation contained in this Act shall be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed \$500,000,000 unless specifically provided in this Act: Provided further, That no multiyear procurement contract can be terminated without 10-day prior notification to the congressional defense committees: Provided further, That the execution of multiyear authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement: Provided further, That none of the funds provided in this Act may be used for a multiyear contract executed after the date of the enactment of this Act unless in the case of any such contract—

(1) the Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract and, in the case of a contract for procurement of aircraft, that includes, for any aircraft unit to be procured through the contract for which procurement funds are requested in that budget request for production beyond advance procurement activities in the fiscal year covered by the budget, full funding of procurement of such unit in that fiscal year;

(2) cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract;

(3) the contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units; and

(4) the contract does not provide for a price adjustment based on a failure to award a follow-on contract.

SEC. 8011. Within the funds appropriated for the operation and maintenance of the Armed Forces, funds are hereby appropriated pursuant to section 401 of title 10, United States Code, for humanitarian and civic assistance costs under chapter 20 of title 10, United States Code. Such funds may also be obligated for humanitarian and civic assistance costs incidental to authorized operations and pursuant to authority granted in section 401 of chapter 20 of title 10, United States Code, and these obligations shall be reported as required by section 401(d) of title 10, United States Code: Provided, That funds available for operation and maintenance shall be available for providing humanitarian and similar assistance by using Civic Action Teams in the Trust Territories of the Pacific Islands and freely associated states of Micronesia, pursuant to the Compact of Free Association as authorized by Public Law 99-239: Provided further, That upon a determination by the Secretary of the Army that such action is beneficial for graduate medical education programs conducted at Army medical facilities located in Hawaii, the Secretary of the Army may authorize the provision of medical services at such facilities and transportation to such facilities, on a nonreimbursable basis, for civilian patients from American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Is-

lands, the Federated States of Micronesia, Palau, and Guam.

SEC. 8012. (a) During fiscal year 2010, the civilian personnel of the Department of Defense may not be managed on the basis of any end-strength, and the management of such personnel during that fiscal year shall not be subject to any constraint or limitation (known as an end-strength) on the number of such personnel who may be employed on the last day of such fiscal year.

(b) The fiscal year 2011 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2011 Department of Defense budget request shall be prepared and submitted to the Congress as if subsections (a) and (b) of this provision were effective with regard to fiscal year 2011.

(c) Nothing in this section shall be construed to apply to military (civilian) technicians.

SEC. 8013. None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.

SEC. 8014. None of the funds appropriated by this Act shall be available for the basic pay and allowances of any member of the Army participating as a full-time student and receiving benefits paid by the Secretary of Veterans Affairs from the Department of Defense Education Benefits Fund when time spent as a full-time student is credited toward completion of a service commitment: Provided, That this section shall not apply to those members who have reenlisted with this option prior to October 1, 1987: Provided further, That this section applies only to active components of the Army.

SEC. 8015. (a) None of the funds appropriated by this Act shall be available to convert to contractor performance an activity or function of the Department of Defense that, on or after the date of the enactment of this Act, is performed by more than 10 Department of Defense civilian employees unless—

(1) the conversion is based on the result of a public-private competition that includes a most efficient and cost effective organization plan developed by such activity or function;

(2) the Competitive Sourcing Official determines that, over all performance periods stated in the solicitation of offers for performance of the activity or function, the cost of performance of the activity or function by a contractor would be less costly to the Department of Defense by an amount that equals or exceeds the lesser of—

(A) 10 percent of the most efficient organization's personnel-related costs for performance of that activity or function by Federal employees; or

(B) \$10,000,000; and

(3) the contractor does not receive an advantage for a proposal that would reduce costs for the Department of Defense by—

(A) not making an employer-sponsored health insurance plan available to the workers who are to be employed in the performance of that activity or function under the contract; or

(B) offering to such workers an employer-sponsored health benefits plan that requires the employer to contribute less towards the premium or subscription share than the amount that is paid by the Department of Defense for health benefits for civilian employees under chapter 89 of title 5, United States Code.

(b)(1) The Department of Defense, without regard to subsection (a) of this section or subsection (a), (b), or (c) of section 2461 of title 10, United States Code, and notwithstanding any administrative regulation, requirement, or policy to the contrary shall have full authority to enter into a contract for the performance of any commercial or industrial type function of the Department of Defense that—

(A) is included on the procurement list established pursuant to section 2 of the Javits-Wagner-O'Day Act (41 U.S.C. 47);

(B) is planned to be converted to performance by a qualified nonprofit agency for the blind or by a qualified nonprofit agency for other severely handicapped individuals in accordance with that Act; or

(C) is planned to be converted to performance by a qualified firm under at least 51 percent ownership by an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)), or a Native Hawaiian Organization, as defined in section 8(a)(15) of the Small Business Act (15 U.S.C. 637(a)(15)).

(2) This section shall not apply to depot contracts or contracts for depot maintenance as provided in sections 2469 and 2474 of title 10, United States Code.

(c) The conversion of any activity or function of the Department of Defense under the authority provided by this section shall be credited toward any competitive or outsourcing goal, target, or measurement that may be established by statute, regulation, or policy and is deemed to be awarded under the authority of, and in compliance with, subsection (h) of section 2304 of title 10, United States Code, for the competition or outsourcing of commercial activities.

(TRANSFER OF FUNDS)

SEC. 8016. Funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protege Program may be transferred to any other appropriation contained in this Act solely for the purpose of implementing a Mentor-Protege Program developmental assistance agreement pursuant to section 831 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 10 U.S.C. 2302 note), as amended, under the authority of this provision or any other transfer authority contained in this Act.

SEC. 8017. None of the funds in this Act may be available for the purchase by the Department of Defense (and its departments and agencies) of welded shipboard anchor and mooring chain 4 inches in diameter and under unless the anchor and mooring chain are manufactured in the United States from components which are substantially manufactured in the United States: Provided, That for the purpose of this section manufactured will include cutting, heat treating, quality control, testing of chain and welding (including the forging and shot blasting process): Provided further, That for the purpose of this section substantially all of the components of anchor and mooring chain shall be considered to be produced or manufactured in the United States if the aggregate cost of the components produced or manufactured in the United States exceeds the aggregate cost of the components produced or manufactured outside the United States: Provided further, That when adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis, the Secretary of the service responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations that such an acquisition must be made in order to acquire capability for national security purposes.

SEC. 8018. None of the funds available to the Department of Defense may be used to demilitarize or dispose of M-1 Carbinos, M-1 Garand rifles, M-14 rifles, .22 caliber rifles, .30 caliber rifles, or M-1911 pistols.

SEC. 8019. No more than \$500,000 of the funds appropriated or made available in this Act shall be used during a single fiscal year for any single relocation of an organization, unit, activity or function of the Department of Defense into or within the National Capital Region: Provided, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the congressional defense committees that such a relocation is required in the best interest of the Government.

SEC. 8020. In addition to the funds provided elsewhere in this Act, \$15,000,000 is appropriated

only for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544): Provided, That a prime contractor or a subcontractor at any tier that makes a subcontract award to any subcontractor or supplier as defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code, shall be considered a contractor for the purposes of being allowed additional compensation under section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544) whenever the prime contract or subcontract amount is over \$500,000 and involves the expenditure of funds appropriated by an Act making Appropriations for the Department of Defense with respect to any fiscal year: Provided further, That notwithstanding section 430 of title 41, United States Code, this section shall be applicable to any Department of Defense acquisition of supplies or services, including any contract and any subcontract at any tier for acquisition of commercial items produced or manufactured, in whole or in part by any subcontractor or supplier defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code.

SEC. 8021. Funds appropriated by this Act for the Defense Media Activity shall not be used for any national or international political or psychological activities.

SEC. 8022. None of the funds appropriated by this Act shall be available to perform any cost study pursuant to the provisions of OMB Circular A-76 if the study being performed exceeds a period of 24 months after initiation of such study with respect to a single function activity or 30 months after initiation of such study for a multi-function activity.

SEC. 8023. During the current fiscal year, the Department of Defense is authorized to incur obligations of not to exceed \$350,000,000 for purposes specified in section 2350j(c) of title 10, United States Code, in anticipation of receipt of contributions, only from the Government of Kuwait, under that section: Provided, That upon receipt, such contributions from the Government of Kuwait shall be credited to the appropriations or fund which incurred such obligations.

SEC. 8024. (a) Of the funds made available in this Act, not less than \$25,756,000 shall be available for the Civil Air Patrol Corporation, of which—

(1) \$22,433,000 shall be available from "Operation and Maintenance, Air Force" to support Civil Air Patrol Corporation operation and maintenance, readiness, counterdrug activities, and drug demand reduction activities involving youth programs;

(2) \$2,426,000 shall be available from "Aircraft Procurement, Air Force"; and

(3) \$897,000 shall be available from "Other Procurement, Air Force" for vehicle procurement.

(b) The Secretary of the Air Force should waive reimbursement for any funds used by the Civil Air Patrol for counter-drug activities in support of Federal, State, and local government agencies.

SEC. 8025. (a) None of the funds appropriated in this Act are available to establish a new Department of Defense (department) federally funded research and development center (FFRDC), either as a new entity, or as a separate entity administered by an organization managing another FFRDC, or as a nonprofit membership corporation consisting of a consortium of other FFRDCs and other nonprofit entities.

(b) No member of a Board of Directors, Trustees, Overseers, Advisory Group, Special Issues Panel, Visiting Committee, or any similar entity of a defense FFRDC, and no paid consultant to any defense FFRDC, except when acting in a technical advisory capacity, may be compensated for his or her services as a member of

such entity, or as a paid consultant by more than one FFRDC in a fiscal year: Provided, That a member of any such entity referred to previously in this subsection shall be allowed travel expenses and per diem as authorized under the Federal Joint Travel Regulations, when engaged in the performance of membership duties.

(c) Notwithstanding any other provision of law, none of the funds available to the department from any source during fiscal year 2010 may be used by a defense FFRDC, through a fee or other payment mechanism, for construction of new buildings, for payment of cost sharing for projects funded by Government grants, for absorption of contract overruns, or for certain charitable contributions, not to include employee participation in community service and/or development.

(d) Notwithstanding any other provision of law, of the funds available to the department during fiscal year 2010, not more than 5,600 staff years of technical effort (staff years) may be funded for defense FFRDCs: Provided, That of the specific amount referred to previously in this subsection, not more than 1,100 staff years may be funded for the defense studies and analysis FFRDCs: Provided further, That this subsection shall not apply to staff years funded in the National Intelligence Program (NIP) and the Military Intelligence Program (MIP).

(e) The Secretary of Defense shall, with the submission of the department's fiscal year 2011 budget request, submit a report presenting the specific amounts of staff years of technical effort to be allocated for each defense FFRDC during that fiscal year and the associated budget estimates.

(f) Notwithstanding any other provision of this Act, the total amount appropriated in this Act for FFRDCs is hereby reduced by \$120,200,000.

SEC. 8026. None of the funds appropriated or made available in this Act shall be used to procure carbon, alloy or armor steel plate for use in any Government-owned facility or property under the control of the Department of Defense which were not melted and rolled in the United States or Canada: Provided, That these procurement restrictions shall apply to any and all Federal Supply Class 9515, American Society of Testing and Materials (ASTM) or American Iron and Steel Institute (AISI) specifications of carbon, alloy or armor steel plate: Provided further, That the Secretary of the military department responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: Provided further, That these restrictions shall not apply to contracts which are in being as of the date of the enactment of this Act.

SEC. 8027. For the purposes of this Act, the term "congressional defense committees" means the Armed Services Committee of the House of Representatives, the Armed Services Committee of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the Senate, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.

SEC. 8028. During the current fiscal year, the Department of Defense may acquire the modification, depot maintenance and repair of aircraft, vehicles and vessels as well as the production of components and other Defense-related articles, through competition between Department of Defense depot maintenance activities and private firms: Provided, That the Senior Acquisition Executive of the military department or Defense Agency concerned, with power of delegation, shall certify that successful bids include comparable estimates of all direct and in-

direct costs for both public and private bids: Provided further, That Office of Management and Budget Circular A-76 shall not apply to competitions conducted under this section.

SEC. 8029. (a)(1) If the Secretary of Defense, after consultation with the United States Trade Representative, determines that a foreign country which is party to an agreement described in paragraph (2) has violated the terms of the agreement by discriminating against certain types of products produced in the United States that are covered by the agreement, the Secretary of Defense shall rescind the Secretary's blanket waiver of the Buy American Act with respect to such types of products produced in that foreign country.

(2) An agreement referred to in paragraph (1) is any reciprocal defense procurement memorandum of understanding, between the United States and a foreign country pursuant to which the Secretary of Defense has prospectively waived the Buy American Act for certain products in that country.

(b) The Secretary of Defense shall submit to the Congress a report on the amount of Department of Defense purchases from foreign entities in fiscal year 2010. Such report shall separately indicate the dollar value of items for which the Buy American Act was waived pursuant to any agreement described in subsection (a)(2), the Trade Agreement Act of 1979 (19 U.S.C. 2501 et seq.), or any international agreement to which the United States is a party.

(c) For purposes of this section, the term "Buy American Act" means title III of the Act entitled "An Act making appropriations for the Treasury and Post Office Departments for the fiscal year ending June 30, 1934, and for other purposes", approved March 3, 1933 (41 U.S.C. 10a et seq.).

SEC. 8030. During the current fiscal year, amounts contained in the Department of Defense Overseas Military Facility Investment Recovery Account established by section 2921(c)(1) of the National Defense Authorization Act of 1991 (Public Law 101-510; 10 U.S.C. 2687 note) shall be available until expended for the payments specified by section 2921(c)(2) of that Act.

SEC. 8031. (a) Notwithstanding any other provision of law, the Secretary of the Air Force may convey at no cost to the Air Force, without consideration, to Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, and Minnesota relocatable military housing units located at Grand Forks Air Force Base, Malmstrom Air Force Base, Mountain Home Air Force Base, Ellsworth Air Force Base, and Minot Air Force Base that are excess to the needs of the Air Force.

(b) The Secretary of the Air Force shall convey, at no cost to the Air Force, military housing units under subsection (a) in accordance with the request for such units that are submitted to the Secretary by the Operation Walking Shield Program on behalf of Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, and Minnesota.

(c) The Operation Walking Shield Program shall resolve any conflicts among requests of Indian tribes for housing units under subsection (a) before submitting requests to the Secretary of the Air Force under subsection (b).

(d) In this section, the term "Indian tribe" means any recognized Indian tribe included on the current list published by the Secretary of the Interior under section 104 of the Federally Recognized Indian Tribe Act of 1994 (Public Law 103-454; 108 Stat. 4792; 25 U.S.C. 479a-1).

SEC. 8032. During the current fiscal year, appropriations which are available to the Department of Defense for operation and maintenance may be used to purchase items having an investment item unit cost of not more than \$250,000.

SEC. 8033. (a) During the current fiscal year, none of the appropriations or funds available to the Department of Defense Working Capital

Funds shall be used for the purchase of an investment item for the purpose of acquiring a new inventory item for sale or anticipated sale during the current fiscal year or a subsequent fiscal year to customers of the Department of Defense Working Capital Funds if such an item would not have been chargeable to the Department of Defense Business Operations Fund during fiscal year 1994 and if the purchase of such an investment item would be chargeable during the current fiscal year to appropriations made to the Department of Defense for procurement.

(b) The fiscal year 2011 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2011 Department of Defense budget shall be prepared and submitted to the Congress on the basis that any equipment which was classified as an end item and funded in a procurement appropriation contained in this Act shall be budgeted for in a proposed fiscal year 2011 procurement appropriation and not in the supply management business area or any other area or category of the Department of Defense Working Capital Funds.

SEC. 8034. None of the funds appropriated by this Act for programs of the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year, except for funds appropriated for the Reserve for Contingencies, which shall remain available until September 30, 2011: Provided, That funds appropriated, transferred, or otherwise credited to the Central Intelligence Agency Central Services Working Capital Fund during this or any prior or subsequent fiscal year shall remain available until expended: Provided further, That any funds appropriated or transferred to the Central Intelligence Agency for advanced research and development acquisition, for agent operations, and for covert action programs authorized by the President under section 503 of the National Security Act of 1947, as amended, shall remain available until September 30, 2011.

SEC. 8035. Notwithstanding any other provision of law, funds made available in this Act for the Defense Intelligence Agency may be used for the design, development, and deployment of General Defense Intelligence Program intelligence communications and intelligence information systems for the Services, the Unified and Specified Commands, and the component commands.

SEC. 8036. Of the funds appropriated to the Department of Defense under the heading "Operation and Maintenance, Defense-Wide", not less than \$12,000,000 shall be made available only for the mitigation of environmental impacts, including training and technical assistance to tribes, related administrative support, the gathering of information, documenting of environmental damage, and developing a system for prioritization of mitigation and cost to complete estimates for mitigation, on Indian lands resulting from Department of Defense activities.

SEC. 8037. (a) None of the funds appropriated in this Act may be expended by an entity of the Department of Defense unless the entity, in expending the funds, complies with the Buy American Act. For purposes of this subsection, the term "Buy American Act" means title III of the Act entitled "An Act making appropriations for the Treasury and Post Office Departments for the fiscal year ending June 30, 1934, and for other purposes", approved March 3, 1933 (41 U.S.C. 10a et seq.).

(b) If the Secretary of Defense determines that a person has been convicted of intentionally affixing a label bearing a "Made in America" inscription to any product sold in or shipped to the United States that is not made in America, the Secretary shall determine, in accordance with section 2410f of title 10, United States Code, whether the person should be debarred from contracting with the Department of Defense.

(c) In the case of any equipment or products purchased with appropriations provided under this Act, it is the sense of the Congress that any

entity of the Department of Defense, in expending the appropriation, purchase only American-made equipment and products, provided that American-made equipment and products are cost-competitive, quality-competitive, and available in a timely fashion.

SEC. 8038. None of the funds appropriated by this Act shall be available for a contract for studies, analysis, or consulting services entered into without competition on the basis of an unsolicited proposal unless the head of the activity responsible for the procurement determines—

(1) as a result of thorough technical evaluation, only one source is found fully qualified to perform the proposed work;

(2) the purpose of the contract is to explore an unsolicited proposal which offers significant scientific or technological promise, represents the product of original thinking, and was submitted in confidence by one source; or

(3) the purpose of the contract is to take advantage of unique and significant industrial accomplishment by a specific concern, or to insure that a new product or idea of a specific concern is given financial support: Provided, That this limitation shall not apply to contracts in an amount of less than \$25,000, contracts related to improvements of equipment that is in development or production, or contracts as to which a civilian official of the Department of Defense, who has been confirmed by the Senate, determines that the award of such contract is in the interest of the national defense.

SEC. 8039. (a) Except as provided in subsections (b) and (c), none of the funds made available by this Act may be used—

(1) to establish a field operating agency; or

(2) to pay the basic pay of a member of the Armed Forces or civilian employee of the department who is transferred or reassigned from a headquarters activity if the member or employee's place of duty remains at the location of that headquarters.

(b) The Secretary of Defense or Secretary of a military department may waive the limitations in subsection (a), on a case-by-case basis, if the Secretary determines, and certifies to the Committees on Appropriations of the House of Representatives and Senate that the granting of the waiver will reduce the personnel requirements or the financial requirements of the department.

(c) This section does not apply to—

(1) field operating agencies funded within the National Intelligence Program; or

(2) an Army field operating agency established to eliminate, mitigate, or counter the effects of improvised explosive devices, and, as determined by the Secretary of the Army, other similar threats.

(RESCISSIONS)

SEC. 8040. Of the funds appropriated in Department of Defense Appropriations Acts, the following funds are hereby rescinded from the following accounts and programs in the specified amounts:

"Aircraft Procurement, Air Force, 2009/2011", \$628,900,000;

"Missile Procurement, Air Force, 2009/2011", \$147,595,000;

"Other Procurement, Air Force, 2009/2011", \$5,000,000;

"Procurement, Defense-Wide, 2009/2011", \$5,200,000; and

"Procurement, Defense-Wide, 2008/2010", \$2,000,000.

SEC. 8041. None of the funds available in this Act may be used to reduce the authorized positions for military (civilian) technicians of the Army National Guard, Air National Guard,

Army Reserve and Air Force Reserve for the purpose of applying any administratively imposed civilian personnel ceiling, freeze, or reduction on military (civilian) technicians, unless such reductions are a direct result of a reduction in military force structure.

SEC. 8042. None of the funds appropriated or otherwise made available in this Act may be obligated or expended for assistance to the Democratic People's Republic of Korea unless specifically appropriated for that purpose.

SEC. 8043. Funds appropriated in this Act for operation and maintenance of the Military Departments, Combatant Commands and Defense Agencies shall be available for reimbursement of pay, allowances and other expenses which would otherwise be incurred against appropriations for the National Guard and Reserve when members of the National Guard and Reserve provide intelligence or counterintelligence support to Combatant Commands, Defense Agencies and Joint Intelligence Activities, including the activities and programs included within the National Intelligence Program and the Military Intelligence Program: Provided, That nothing in this section authorizes deviation from established Reserve and National Guard personnel and training procedures.

SEC. 8044. During the current fiscal year, none of the funds appropriated in this Act may be used to reduce the civilian medical and medical support personnel assigned to military treatment facilities below the September 30, 2003, level: Provided, That the Service Surgeons General may waive this section by certifying to the congressional defense committees that the beneficiary population is declining in some catchment areas and civilian strength reductions may be consistent with responsible resource stewardship and capitation-based budgeting.

SEC. 8045. (a) None of the funds available to the Department of Defense for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

(b) None of the funds available to the Central Intelligence Agency for any fiscal year for drug interdiction and counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

SEC. 8046. None of the funds appropriated by this Act may be used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin: Provided, That the Secretary of the military department responsible for such procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate, that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: Provided further, That this restriction shall not apply to the purchase of "commercial items", as defined by section 4(12) of the Office of Federal Procurement Policy Act, except that the restriction shall apply to ball or roller bearings purchased as end items.

SEC. 8047. None of the funds in this Act may be used to purchase any supercomputer which is not manufactured in the United States, unless the Secretary of Defense certifies to the congressional defense committees that such an acquisition must be made in order to acquire capability for national security purposes that is not available from United States manufacturers.

SEC. 8048. None of the funds made available in this or any other Act may be used to pay the salary of any officer or employee of the Department of Defense who approves or implements the transfer of administrative responsibilities or budgetary resources of any program, project, or activity financed by this Act to the jurisdiction

of another Federal agency not financed by this Act without the express authorization of Congress: Provided, That this limitation shall not apply to transfers of funds expressly provided for in Defense Appropriations Acts, or provisions of Acts providing supplemental appropriations for the Department of Defense.

SEC. 8049. (a) Notwithstanding any other provision of law, none of the funds available to the Department of Defense for the current fiscal year may be obligated or expended to transfer to another nation or an international organization any defense articles or services (other than intelligence services) for use in the activities described in subsection (b) unless the congressional defense committees, the Committee on Foreign Affairs of the House of Representatives, and the Committee on Foreign Relations of the Senate are notified 15 days in advance of such transfer.

(b) This section applies to—

(1) any international peacekeeping or peace-enforcement operation under the authority of chapter VI or chapter VII of the United Nations Charter under the authority of a United Nations Security Council resolution; and

(2) any other international peacekeeping, peace-enforcement, or humanitarian assistance operation.

(c) A notice under subsection (a) shall include the following—

(1) A description of the equipment, supplies, or services to be transferred.

(2) A statement of the value of the equipment, supplies, or services to be transferred.

(3) In the case of a proposed transfer of equipment or supplies—

(A) a statement of whether the inventory requirements of all elements of the Armed Forces (including the reserve components) for the type of equipment or supplies to be transferred have been met; and

(B) a statement of whether the items proposed to be transferred will have to be replaced and, if so, how the President proposes to provide funds for such replacement.

SEC. 8050. None of the funds available to the Department of Defense under this Act shall be obligated or expended to pay a contractor under a contract with the Department of Defense for costs of any amount paid by the contractor to an employee when—

(1) such costs are for a bonus or otherwise in excess of the normal salary paid by the contractor to the employee; and

(2) such bonus is part of restructuring costs associated with a business combination.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8051. During the current fiscal year, no more than \$30,000,000 of appropriations made in this Act under the heading "Operation and Maintenance, Defense-Wide" may be transferred to appropriations available for the pay of military personnel, to be merged with, and to be available for the same time period as the appropriations to which transferred, to be used in support of such personnel in connection with support and services for eligible organizations and activities outside the Department of Defense pursuant to section 2012 of title 10, United States Code.

SEC. 8052. (a) IN GENERAL.—Service as a member of the Alaska Territorial Guard during World War II of any individual who was honorably discharged therefrom under section 8147 of the Department of Defense Appropriations Act, 2001 (Public Law 106-259; 114 Stat. 705) shall be treated as active service for purposes of the computation under chapter 61, 71, 371, 571, 871, or 1223 of title 10, United States Code, as applicable, of the retired pay to which such individual may be entitled under title 10, United States Code.

(b) APPLICABILITY.—Subsection (a) shall apply with respect to amounts of retired pay payable under title 10, United States Code, for months beginning on or after the date of the en-

actment of this Act. No retired pay shall be paid to any individual by reason of subsection (a) for any period before that date.

(c) WORLD WAR II DEFINED.—In this section, the term "World War II" has the meaning given that term in section 101(8) of title 38, United States Code.

SEC. 8053. (a) Notwithstanding any other provision of law, the Chief of the National Guard Bureau may permit the use of equipment of the National Guard Distance Learning Project by any person or entity on a space-available, reimbursable basis. The Chief of the National Guard Bureau shall establish the amount of reimbursement for such use on a case-by-case basis.

(b) Amounts collected under subsection (a) shall be credited to funds available for the National Guard Distance Learning Project and be available to defray the costs associated with the use of equipment of the project under that subsection. Such funds shall be available for such purposes without fiscal year limitation.

SEC. 8054. Using funds available by this Act or any other Act, the Secretary of the Air Force, pursuant to a determination under section 2690 of title 10, United States Code, may implement cost-effective agreements for required heating facility modernization in the Kaiserslautern Military Community in the Federal Republic of Germany: Provided, That in the City of Kaiserslautern such agreements will include the use of United States anthracite as the base load energy for municipal district heat to the United States Defense installations: Provided further, That at Landstuhl Army Regional Medical Center and Ramstein Air Base, furnished heat may be obtained from private, regional or municipal services, if provisions are included for the consideration of United States coal as an energy source.

SEC. 8055. None of the funds appropriated in title IV of this Act may be used to procure end-items for delivery to military forces for operational training, operational use or inventory requirements: Provided, That this restriction does not apply to end-items used in development, prototyping, and test activities preceding and leading to acceptance for operational use: Provided further, That this restriction does not apply to programs funded within the National Intelligence Program: Provided further, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that it is in the national security interest to do so.

SEC. 8056. None of the funds made available in this Act may be used to approve or license the sale of the F-22A advanced tactical fighter to any foreign government: Provided, That the Department of Defense may conduct or participate in studies, research, design and other activities to define and develop a future export version of the F-22A that protects classified and sensitive information, technologies and U.S. warfighting capabilities.

SEC. 8057. (a) The Secretary of Defense may, on a case-by-case basis, waive with respect to a foreign country each limitation on the procurement of defense items from foreign sources provided in law if the Secretary determines that the application of the limitation with respect to that country would invalidate cooperative programs entered into between the Department of Defense and the foreign country, or would invalidate reciprocal trade agreements for the procurement of defense items entered into under section 2531 of title 10, United States Code, and the country does not discriminate against the same or similar defense items produced in the United States for that country.

(b) Subsection (a) applies with respect to—

(1) contracts and subcontracts entered into on or after the date of the enactment of this Act; and

(2) options for the procurement of items that are exercised after such date under contracts

that are entered into before such date if the option prices are adjusted for any reason other than the application of a waiver granted under subsection (a).

(c) Subsection (a) does not apply to a limitation regarding construction of public vessels, ball and roller bearings, food, and clothing or textile materials as defined by section 11 (chapters 50-65) of the Harmonized Tariff Schedule and products classified under headings 4010, 4202, 4203, 6401 through 6406, 6505, 7019, 7218 through 7229, 7304.41 through 7304.49, 7306.40, 7502 through 7508, 8105, 8108, 8109, 8211, 8215, and 9404.

SEC. 8058. (a) None of the funds made available by this Act may be used to support any training program involving a unit of the security forces of a foreign country if the Secretary of Defense has received credible information from the Department of State that the unit has committed a gross violation of human rights, unless all necessary corrective steps have been taken.

(b) The Secretary of Defense, in consultation with the Secretary of State, shall ensure that prior to a decision to conduct any training program referred to in subsection (a), full consideration is given to all credible information available to the Department of State relating to human rights violations by foreign security forces.

(c) The Secretary of Defense, after consultation with the Secretary of State, may waive the prohibition in subsection (a) if he determines that such waiver is required by extraordinary circumstances.

(d) Not more than 15 days after the exercise of any waiver under subsection (c), the Secretary of Defense shall submit a report to the congressional defense committees describing the extraordinary circumstances, the purpose and duration of the training program, the United States forces and the foreign security forces involved in the training program, and the information relating to human rights violations that necessitates the waiver.

SEC. 8059. None of the funds appropriated or made available in this Act to the Department of the Navy shall be used to develop, lease or procure the T-AKE class of ships unless the main propulsion diesel engines and propulsors are manufactured in the United States by a domestically operated entity: Provided, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes or there exists a significant cost or quality difference.

SEC. 8060. None of the funds appropriated or otherwise made available by this or other Department of Defense Appropriations Acts may be obligated or expended for the purpose of performing repairs or maintenance to military family housing units of the Department of Defense, including areas in such military family housing units that may be used for the purpose of conducting official Department of Defense business.

SEC. 8061. Notwithstanding any other provision of law, funds appropriated in this Act under the heading "Research, Development, Test and Evaluation, Defense-Wide" for any new start advanced concept technology demonstration project or joint capability demonstration project may only be obligated 30 days after a report, including a description of the project, the planned acquisition and transition strategy and its estimated annual and total cost, has been provided in writing to the congressional defense committees: Provided, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying to the congressional defense committees that it is in the national interest to do so.

SEC. 8062. The Secretary of Defense shall provide a classified quarterly report beginning 30 days after enactment of this Act, to the House and Senate Appropriations Committees, Subcommittees on Defense on certain matters as directed in the classified annex accompanying this Act.

SEC. 8063. (B) The limitations of section 7403(g)(1)(B) of title 38, United States Code, shall not apply.

SEC. 8075. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2010 until the enactment of the Intelligence Authorization Act for Fiscal Year 2010.

SEC. 8076. None of the funds provided in this Act shall be available for obligation or expenditure through a reprogramming of funds that creates or initiates a new program, project, or activity unless such program, project, or activity must be undertaken immediately in the interest of national security and only after written prior notification to the congressional defense committees.

SEC. 8077. In addition to funds made available elsewhere in this Act, \$5,500,000 is hereby appropriated and shall remain available until expended to provide assistance, by grant or otherwise (such as the provision of funds for information technology and textbook purchases, professional development for educators, and student transition support) to public schools in states that are considered overseas assignments with unusually high concentrations of special needs military dependents enrolled: Provided, That up to 2 percent of the total appropriated funds under this section shall be available for the administration and execution of the programs and/or events that promote the purpose of this appropriation: Provided further, That up to 5 percent of the total appropriated funds under this section shall be available to public schools that have entered into a military partnership: Provided further, That \$1,000,000 shall be available for a nonprofit trust fund to assist in the public-private funding of public school repair and maintenance projects: Provided further, That \$500,000 shall be available to fund an ongoing special education support program in public schools with unusually high concentrations of active duty military dependents enrolled: Provided further, That to the extent a Federal agency provides this assistance by contract, grant, or otherwise, it may accept and expend non-Federal funds in combination with these Federal funds to provide assistance for the authorized purpose.

SEC. 8078. In addition to the amounts appropriated or otherwise made available elsewhere in this Act, \$50,500,000 is hereby appropriated to the Department of Defense: Provided, That the

Secretary of Defense shall make grants in the amounts specified as follows: \$20,000,000 to the Edward M. Kennedy Institute for the Senate; \$5,500,000 to the U.S.S. Missouri Memorial Association; and \$25,000,000 to the National World War II Museum.

SEC. 8079. The budget of the President for fiscal year 2011 submitted to the Congress pursuant to section 1105 of title 31, United States Code, shall include separate budget justification documents for costs of United States Armed Forces' participation in contingency operations for the Military Personnel accounts, the Operation and Maintenance accounts, and the Procurement accounts: Provided, That these documents shall include a description of the funding requested for each contingency operation, for each military service, to include all Active and Reserve components, and for each appropriations account: Provided further, That these documents shall include estimated costs for each element of expense or object class, a reconciliation of increases and decreases for each contingency operation, and programmatic data including, but not limited to, troop strength for each Active and Reserve component, and estimates of the major weapons systems deployed in support of each contingency: Provided further, That these documents shall include budget exhibits OP-5 and OP-32 (as defined in the Department of Defense Financial Management Regulation) for all contingency operations for the budget year and the two preceding fiscal years.

SEC. 8080. None of the funds in this Act may be used for research, development, test, evaluation, procurement or deployment of nuclear armed interceptors of a missile defense system.

SEC. 8081. None of the funds appropriated or made available in this Act shall be used to reduce or disestablish the operation of the 53rd Weather Reconnaissance Squadron of the Air Force Reserve, if such action would reduce the WC-130 Weather Reconnaissance mission below the levels funded in this Act: Provided, That the Air Force shall allow the 53rd Weather Reconnaissance Squadron to perform other missions in support of national defense requirements during the non-hurricane season.

SEC. 8082. None of the funds provided in this Act shall be available for integration of foreign intelligence information unless the information has been lawfully collected and processed during the conduct of authorized foreign intelligence activities: Provided, That information pertaining to United States persons shall only be handled in accordance with protections provided in the Fourth Amendment of the United States Constitution as implemented through Executive Order No. 12333.

SEC. 8083. (a) At the time members of reserve components of the Armed Forces are called or ordered to active duty under section 12302(a) of title 10, United States Code, each member shall be notified in writing of the expected period during which the member will be mobilized.

(b) The Secretary of Defense may waive the requirements of subsection (a) in any case in which the Secretary determines that it is necessary to do so to respond to a national security emergency or to meet dire operational requirements of the Armed Forces.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8084. The Secretary of Defense may transfer funds from any available Department of the Navy appropriation to any available Navy ship construction appropriation for the purpose of liquidating necessary changes resulting from inflation, market fluctuations, or rate adjustments for any ship construction program appropriated in law: Provided, That the Secretary may transfer not to exceed \$100,000,000 under the authority provided by this section: Provided further, That the Secretary may not transfer any funds until 30 days after the proposed transfer has been reported to the Committees on Appropriations of the House of Representatives and the Senate, unless a response

from the Committees is received sooner: Provided further, That the transfer authority provided by this section is in addition to any other transfer authority contained elsewhere in this Act.

SEC. 8085. For purposes of section 612 of title 41, United States Code, any subdivision of appropriations made under the heading "Shipbuilding and Conversion, Navy" that is not closed at the time reimbursement is made shall be available to reimburse the Judgment Fund and shall be considered for the same purposes as any subdivision under the heading "Shipbuilding and Conversion, Navy" appropriations in the current fiscal year or any prior fiscal year.

SEC. 8086. (a) None of the funds appropriated by this Act may be used to transfer research and development, acquisition, or other program authority relating to current tactical unmanned aerial vehicles (TUAVs) from the Army.

(b) The Army shall retain responsibility for and operational control of the MQ-1C Sky Warrior Unmanned Aerial Vehicle (UAV) in order to support the Secretary of Defense in matters relating to the employment of unmanned aerial vehicles.

SEC. 8087. Of the funds provided in this Act, \$10,000,000 shall be available for the operations and development of training and technology for the Joint Interagency Training and Education Center and the affiliated Center for National Response at the Memorial Tunnel and for providing homeland defense/security and traditional warfighting training to the Department of Defense, other Federal agencies, and State and local first responder personnel at the Joint Interagency Training and Education Center.

SEC. 8088. Notwithstanding any other provision of law or regulation, the Secretary of Defense may adjust wage rates for civilian employees hired for certain health care occupations as authorized for the Secretary of Veterans Affairs by section 7455 of title 38, United States Code.

SEC. 8089. Up to \$16,000,000 of the funds appropriated under the heading "Operation and Maintenance, Navy" may be made available for the Asia Pacific Regional Initiative Program for the purpose of enabling the Pacific Command to execute Theater Security Cooperation activities such as humanitarian assistance, and payment of incremental and personnel costs of training and exercising with foreign security forces: Provided, That funds made available for this purpose may be used, notwithstanding any other funding authorities for humanitarian assistance, security assistance or combined exercise expenses: Provided further, That funds may not be obligated to provide assistance to any foreign country that is otherwise prohibited from receiving such type of assistance under any other provision of law.

SEC. 8090. None of the funds appropriated by this Act for programs of the Office of the Director of National Intelligence shall remain available for obligation beyond the current fiscal year, except for funds appropriated for research and technology, which shall remain available until September 30, 2011.

SEC. 8091. Notwithstanding any other provision of this Act, to reflect savings from revised economic assumptions, the total amount appropriated in title II of this Act is hereby reduced by \$194,000,000, the total amount appropriated in title III of this Act is hereby reduced by \$322,000,000, the total amount appropriated in title IV of this Act is hereby reduced by \$336,000,000, and the total amount appropriated in title V of this Act is hereby reduced by \$9,000,000: Provided, That the Secretary of Defense shall allocate this reduction proportionally to each budget activity, activity group, sub-activity group, and each program, project, and activity, within each appropriation account.

SEC. 8092. For purposes of section 1553(b) of title 31, United States Code, any subdivision of appropriations made in this Act under the heading "Shipbuilding and Conversion, Navy" shall be considered to be for the same purpose as any

subdivision under the heading "Shipbuilding and Conversion, Navy" appropriations in any prior fiscal year, and the 1 percent limitation shall apply to the total amount of the appropriation.

SEC. 8093. Notwithstanding any other provision of law, that not more than 35 percent of funds provided in this Act for environmental remediation may be obligated under indefinite delivery/indefinite quantity contracts with a total contract value of \$130,000,000 or higher.

SEC. 8094. The Director of National Intelligence shall include the budget exhibits identified in paragraphs (1) and (2) as described in the Department of Defense Financial Management Regulation with the congressional budget justification books.

(1) For procurement programs requesting more than \$20,000,000 in any fiscal year, the P-1, Procurement Program; P-5, Cost Analysis; P-5a, Procurement History and Planning; P-21, Production Schedule; and P-40 Budget Item Justification.

(2) For research, development, test and evaluation projects requesting more than \$10,000,000 in any fiscal year, the R-1, RDT&E Program; R-2, RDT&E Budget Item Justification; R-3, RDT&E Project Cost Analysis; and R-4, RDT&E Program Schedule Profile.

SEC. 8095. None of the funds made available in this Act may be used in contravention of the following laws enacted or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment (done at New York on December 10, 1984):

(1) Section 2340A of title 18, United States Code.

(2) Section 2242 of the Foreign Affairs Reform and Restructuring Act of 1998 (division G of Public Law 105-277; 112 Stat. 2681-822; 8 U.S.C. 1231 note) and regulations prescribed thereto, including regulations under part 208 of title 8, Code of Federal Regulations, and part 95 of title 22, Code of Federal Regulations.

(3) Sections 1002 and 1003 of the Department of Defense, Emergency Supplemental Appropriations to Address Hurricanes in the Gulf of Mexico, and Pandemic Influenza Act, 2006 (Public Law 109-148).

SEC. 8096. (a) Not later than 60 days after enactment of this Act, the Office of the Director of National Intelligence shall submit a report to the congressional intelligence committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2010: Provided, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation by Expenditure Center and project; and

(3) an identification of items of special congressional interest.

(b) None of the funds provided for the National Intelligence Program in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional intelligence committees, unless the Director of National Intelligence certifies in writing to the congressional intelligence committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8097. The Director of National Intelligence shall submit to Congress each year, at or about the time that the President's budget is submitted to Congress that year under section 1105(a) of title 31, United States Code, a future-years intelligence program (including associated annexes) reflecting the estimated expenditures and proposed appropriations included in that budget. Any such future-years intelligence program shall cover the fiscal year with respect to which the budget is submitted and at least the four succeeding fiscal years.

SEC. 8098. For the purposes of this Act, the term “congressional intelligence committees” means the Permanent Select Committee on Intelligence of the House of Representatives, the Select Committee on Intelligence of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.

SEC. 8099. The Department of Defense shall continue to report incremental contingency operations costs for Operation Iraqi Freedom and Operation Enduring Freedom on a monthly basis in the Cost of War Execution Report as prescribed in the Department of Defense Financial Management Regulation Department of Defense Instruction 7000.14, Volume 12, Chapter 23 “Contingency Operations”, Annex 1, dated September 2005.

SEC. 8100. The amounts appropriated in title II of this Act are hereby reduced by \$500,000,000 to reflect excess cash balances in Department of Defense Working Capital Funds, as follows:

From “Operation and Maintenance, Air Force”, \$500,000,000.

SEC. 8101. During the current fiscal year, not to exceed \$10,000,000 from each of the appropriations made in title III of this Act for “Operation and Maintenance, Army”, “Operation and Maintenance, Navy”, and “Operation and Maintenance, Air Force” may be transferred by the military department concerned to its central fund established for Fisher Houses and Suites pursuant to section 2493(d) of title 10, United States Code.

SEC. 8102. Of the funds appropriated in the Intelligence Community Management Account for the Program Manager for the Information Sharing Environment, \$24,000,000 is available for transfer by the Director of National Intelligence to other departments and agencies for purposes of Government-wide information sharing activities: Provided, That funds transferred under this provision are to be merged with and available for the same purposes and time period as the appropriation to which transferred: Provided further, That the Office of Management and Budget must approve any transfers made under this provision.

SEC. 8103. Funds appropriated by this Act for operation and maintenance shall be available for the purpose of making remittances to the Defense Acquisition Workforce Development Fund in accordance with the requirements of section 1705 of title 10, United States Code.

SEC. 8104. (a) REPORT ON GROUND-BASED INTERCEPTOR MISSILES.—Not later than 60 days after the date of the enactment of this Act, the Director of the Missile Defense Agency shall submit to the congressional defense committees a report on the utilization of funds to maintain the production line of Ground-Based Interceptor (GBI) missiles. The report shall include a plan for the utilization of funds for Ground-Based Interceptor missiles made available by this Act for the Midcourse Defense Segment, including—

(1) the number of Ground-based Interceptor missiles proposed to be produced during fiscal year 2010; and

(2) any plans for maintaining production of such missiles and the subsystems and components of such missiles.

(b) REPORT ON GROUND-BASED MIDCOURSE DEFENSE SYSTEM.—Not later than 120 days after the date of the enactment of this Act, the Director of the Missile Defense Agency shall submit to the congressional defense committees a report setting forth the acquisition strategy for the Ground-Based Midcourse Defense (GMD) system during fiscal years 2011 through 2016. The report shall include a description of the plans of the Missile Defense Agency for each of the following:

(1) To maintain the capability for production of Ground-Based Interceptor missiles.

(2) To address modernization and obsolescence of the Ground-Based Midcourse Defense system.

(3) To conduct a robust test program for the Ground-Based Midcourse Defense system.

SEC. 8105. (a) HIGH PRIORITY NATIONAL GUARD COUNTERDRUG PROGRAMS.—Of the amount appropriated or otherwise made available by title VI under the heading “DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES, DEFENSE”, up to \$30,000,000 shall be available for the purpose of High Priority National Guard Counterdrug Programs.

(b) SUPPLEMENT NOT SUPPLANT.—The amount made available by subsection (a) for the purpose specified in that subsection is in addition to any other amounts made available by this Act for that purpose.

APOLOGY TO NATIVE PEOPLES OF THE UNITED STATES

SEC. 8106. (a) ACKNOWLEDGMENT AND APOLOGY.—The United States, acting through Congress—

(1) recognizes the special legal and political relationship Indian tribes have with the United States and the solemn covenant with the land we share;

(2) commends and honors Native Peoples for the thousands of years that they have stewarded and protected this land;

(3) recognizes that there have been years of official deprivations, ill-conceived policies, and the breaking of covenants by the Federal Government regarding Indian tribes;

(4) apologizes on behalf of the people of the United States to all Native Peoples for the many instances of violence, maltreatment, and neglect inflicted on Native Peoples by citizens of the United States;

(5) expresses its regret for the ramifications of former wrongs and its commitment to build on the positive relationships of the past and present to move toward a brighter future where all the people of this land live reconciled as brothers and sisters, and harmoniously steward and protect this land together;

(6) urges the President to acknowledge the wrongs of the United States against Indian tribes in the history of the United States in order to bring healing to this land; and

(7) commends the State governments that have begun reconciliation efforts with recognized Indian tribes located in their boundaries and encourages all State governments similarly to work toward reconciling relationships with Indian tribes within their boundaries.

(b) DISCLAIMER.—Nothing in this section—

(1) authorizes or supports any claim against the United States; or

(2) serves as a settlement of any claim against the United States.

SEC. 8107. (a) REPORT ON USE OF LIVE PRIMATES IN TRAINING RELATING TO CHEMICAL AND BIOLOGICAL AGENTS.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report setting forth a detailed description of the requirements for the use by the Department of Defense of live primates at the United States Army Medical Research Institute of Chemical Defense, and elsewhere, to demonstrate the effects of chemical or biological agents or chemical (such as physostigmine) or biological agent simulants in training programs.

(b) ELEMENTS.—The report required by subsection (a) shall include, at a minimum, the following:

(1) The number of live primates used in the training described in subsection (a).

(2) The average lifespan of primates from the point of introduction into such training programs.

(3) An explanation why the use of primates in such training is more advantageous and realistic than the use of human simulators or other alternatives.

(4) An estimate of the cost of converting from the use of primates to human simulators in such training.

SEC. 8108. (a) FINDINGS.—The Senate makes the following findings:

(1) Real time intelligence, surveillance, and reconnaissance (ISR) is critical to our warfighters in fighting the ongoing wars in Iraq and Afghanistan.

(2) Secretary of Defense Gates and the military leadership of the United States have highlighted the importance of collecting and disseminating critical intelligence and battlefield information to our troops on the ground in Iraq and Afghanistan.

(3) The Chief of Staff of the Air Force, General Norton Schwartz, has stated that the Air Force is “all-in” for the joint fight.

(4) One of the most effective and heavily tasked intelligence, surveillance, and reconnaissance assets operating today is the Air Force’s E-8C Joint Surveillance Target Attack Radar System, also known as Joint STARS.

(5) Commanders in the field rely on Joint STARS to give them a long range view of the battlefield and detect moving targets in all weather conditions as well as tactical support to Brigade Combat Teams, Joint Tactical Air Controllers and Special Operations Forces convoy overwatch.

(6) Joint STARS is a joint platform, flown by a mix of active duty Air Force and Air National Guard personnel and operated by a joint Army, Air Force, and Marine crew, supporting missions for all the Armed Forces.

(7) With a limited number of airframes, Joint STARS has flown over 55,000 combat hours and 900 sorties over Iraq and Afghanistan and directly contributed to the discovery of hundreds of Improvised Explosive Devices.

(8) The current engines greatly limit the performance of Joint STARS aircraft and are the highest cause of maintenance problems and mission aborts.

(9) There is no other current or programmed aircraft or weapon system that can provide the detailed, broad-area ground moving target indicator (GMTI) and airborne battle management support for the warfighter that Joint STARS provides.

(10) With the significant operational savings that new engines will bring to the Joint STARS, re-engining Joint STARS will pay for itself by 2017 due to reduced operations, sustainment, and fuel costs.

(11) In December 2002, a JSTARS re-engining study determined that re-engining provided significant benefits and cost savings. However, delays in executing the re-engining program continue to result in increased costs for the re-engining effort.

(12) The budget request for the Department of Defense for fiscal year 2010 included \$205,000,000 in Aircraft Procurement, Air Force, and \$16,000,000 in Research, Development, Test, and Evaluation, Air Force for Joint STARS re-engining.

(13) On September 22, 2009, the Department of Defense re-affirmed their support for the President’s Budget request for Joint STARS re-engining.

(14) On September 30, 2009, the Undersecretary of Defense (Acquisition, Technology, and Logistics) signed an Acquisition Decision Memorandum directing that the Air Force proceed with the Joint STARS re-engining effort, to include expenditure of procurement and research, development, test, and evaluation funds.

(b) SENSE OF SENATE.—It is the sense of the Senate that—

(1) Funds for re-engining of the E-8C Joint Surveillance Target Attack Radar System (Joint STARS) should be appropriated in the correct appropriations accounts and in the amounts required in fiscal year 2010 to execute the Joint STARS Re-Engining System Design and Development Program; and

(2) the Air Force should proceed with currently planned efforts to re-engine Joint STARS aircraft, to include expending both procurement and research, development, test, and evaluation funds.

SEC. 8109. (a) Notwithstanding any other provision of this Act and except as provided in subsection (b), any report required to be submitted by a Federal agency or department to the Committee on Appropriations of either the Senate or the House of Representatives in this Act shall be posted on the public website of that agency upon receipt by the committee.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains proprietary information.

SEC. 8110. (a) The Secretary of Defense shall conduct a study on defense contracting fraud and submit a report containing the findings of such study to the congressional defense committees.

(b) The report required under subsection (a) shall include—

(1) an assessment of the total value of Department of Defense contracts entered into to with contractors that have been indicted for, settled charges of, been fined by any Federal department or agency for, or been convicted of fraud in connection with any contract or other transaction entered into with the Federal Government; and

(2) recommendations by the Inspector General of the Department of Defense or other appropriate Department of Defense official regarding how to penalize contractors repeatedly involved in fraud in connection with contracts or other transactions entered into with the Federal Government.

SEC. 8111. Of the amount appropriated or otherwise made available by title IV under the heading “RESEARCH, DEVELOPMENT, TEST, AND EVALUATION, ARMY”, \$12,000,000 shall be available for the peer-reviewed Gulf War Illness Research Program of the Army run by Congressionally Directed Medical Research Programs.

SEC. 8112. (a) It is the sense of Congress that—

(1) All of the National Nuclear Security Administration sites, including the Nevada Test Site can play an effective and essential role in developing and demonstrating—

(A) innovative and effective methods for treaty verification and the detection of nuclear weapons and other materials; and

(B) related threat reduction technologies; and

(2) the Administrator for Nuclear Security should expand the mission of the Nevada Test Site to carry out the role described in paragraph (1), including by—

(A) fully utilizing the inherent capabilities and uniquely secure location of the Site;

(B) continuing to support the Nation’s nuclear weapons program and other national security programs; and

(C) renaming the Site to reflect the expanded mission of the Site.

(b) Not later than one year after the date of the enactment of this Act, the Administrator for Nuclear Security shall submit to the congressional defense committees a plan for improving the infrastructure of the Nevada Test Site of the National Nuclear Security Administration and, if the Administrator deems appropriate, all other sites under the jurisdiction of the National Nuclear Security Administration—

(1) to fulfill the expanded mission of the Site described in subsection (a); and

(2) to make the Site available to support the threat reduction programs of the entire national security community, including threat reduction programs of the National Nuclear Security Administration, the Defense Threat Reduction Agency, the Department of Homeland Security, and other agencies as appropriate.

SEC. 8113. Of the amounts appropriated or otherwise made available by title II under the heading “OPERATION AND MAINTENANCE, DEFENSE-WIDE” and available for the Office of the Secretary of Defense, up to \$250,000 may be available to the Under Secretary of Defense for Policy for the declassification of the nuclear

posture review conducted under section 1041 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (as enacted into law by Public Law 106-398; 114 Stat. 1654A-262) upon the release of the nuclear posture review to succeed such nuclear posture review.

SEC. 8114. Of the amount appropriated or otherwise made available by title II under the heading “OPERATION AND MAINTENANCE, DEFENSE-WIDE”, up to \$15,000,000 may be available for the implementation by the Department of Defense of the responsibilities of the Department under the Military and Overseas Voter Empowerment Act and the amendments made by that Act.

SEC. 8115. None of the funds appropriated or otherwise made available by this Act may be used to dispose of claims filed regarding water contamination at Camp Lejeune, North Carolina, until the Agency for Toxic Substances and Disease Registry (ATSDR) fully completes all current, ongoing epidemiological and water modeling studies pending as of the date of the enactment of this Act.

SEC. 8116. (a) LIMITATION ON AVAILABILITY OF FUNDS FOR EXECUTION OF CONTRACTS UNDER LOGCAP.—No later than 90 days after enactment of this Act none of the funds appropriated or otherwise made available by this Act may be obligated or expended for the execution of a contract under the Logistics Civil Augmentation Program (LOGCAP) unless the Secretary of the Army determines that the contract explicitly requires the contractor—

(1) to inspect and immediately correct deficiencies that present an imminent threat of death or serious bodily injury so as to ensure compliance with generally accepted electrical standards as determined by the Secretary of Defense in work under the contract;

(2) monitor and immediately correct deficiencies in the quality of any potable or non-potable water provided under the contract to ensure that safe and sanitary water is provided; and

(3) establish and enforce strict standards for preventing, and immediately addressing and cooperating with the prosecution of, any instances of sexual assault in all of its operations and the operations of its subcontractors.

(b) WAIVER.—The Secretary of the Army may waive the applicability of the limitation in subsection (a) to any contract if the Secretary certifies in writing to Congress that—

(1) the waiver is necessary for the provision of essential services or critical operating facilities for operational missions; or

(2) the work under such contract does not present an imminent threat of death or serious bodily injury.

SEC. 8117. None of the funds appropriated or otherwise made available by this Act may be used by the Secretary of the Army to transfer by sale, lease, loan, or donation government-owned ammunition production equipment or facilities to a private ammunition manufacturer until 60 days after the Secretary submits a certification to the congressional defense committees that the transfer will not increase the cost of ammunition procurement or negatively impact national security, military readiness, government ammunition production or the United States ammunition production industrial base. The certification shall include the Secretary of the Army’s assessment of the following:

(1) A cost-benefit risk analysis for converting government-owned ammunition production equipment or facilities to private ammunition manufacturers, including cost-savings comparisons.

(2) A projection of the impact on the ammunition production industrial base in the United States of converting such equipment or facilities to private ammunition manufacturers.

(3) A projection of the capability to meet current and future ammunition production requirements by both government-owned and private ammunition manufacturers, as well as a combination of the two sources of production assets.

(4) Potential impact on national security and military readiness.

SEC. 8118. (a) None of the funds appropriated or otherwise made available by this Act may be used for any existing or new Federal contract if the contractor or a subcontractor at any tier requires that an employee or independent contractor, as a condition of employment, sign a contract that mandates that the employee or independent contractor performing work under the contract or subcontract resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention.

(b) The prohibition in subsection (a) does not apply with respect to employment contracts that may not be enforced in a court of the United States.

SEC. 8119. (a) LIMITATION ON EARLY RETIREMENT OF TACTICAL AIRCRAFT.—The Secretary of the Air Force may not retire any tactical aircraft as announced in the Combat Air Forces structuring plan announced on May 18, 2009, until the Secretary submits to the congressional defense committees the report described in subsection (b).

(b) REPORT.—The report described in this subsection is a report that sets forth the following:

(1) A detailed plan for how the Secretary of the Air Force will fill the force structure and capability gaps resulting from the retirement of tactical aircraft under the structuring plan described in subsection (a).

(2) A description of the follow-on missions for each base affected by the structuring plan.

(3) An explanation of the criteria used for selecting the bases referred to in paragraph (2) and for the selection of tactical aircraft for retirement under the structuring plan.

(4) A plan for the reassignment of the regular and reserve Air Force personnel affected by the retirement of tactical aircraft under the structuring plan.

(5) An estimate of the cost avoidance to be achieved by the retirement of such tactical aircraft, and a description how such funds would be invested under the period covered by the most current future-years defense program.

SEC. 8120. (a) NATURE OF FULL AND OPEN COMPETITION FOR CONGRESSIONALLY DIRECTED SPENDING ITEMS.—Each congressionally directed spending item specified in this Act or the report accompanying this Act that is intended for award to a for-profit entity shall be subject to acquisition regulations for full and open competition on the same basis as each spending item intended for a for-profit entity that is contained in the budget request of the President.

(b) EXCEPTIONS.—Subsection (a) shall not apply to any contract awarded—

(1) by a means that is required by Federal statute, including for a purchase made under a mandated preferential program;

(2) pursuant to the Small Business Act (15 U.S.C. 631 et seq.); or

(3) in an amount less than the simplified acquisition threshold described in section 302A(a) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 252a(a)).

(c) CONGRESSIONALLY DIRECTED SPENDING ITEM DEFINED.—In this section, the term “congressionally directed spending item” means the following:

(1) A congressionally directed spending item, as defined in Rule XLIV of the Standing Rules of the Senate.

(2) A congressional earmark for purposes of rule XXI of the House of Representatives.

SEC. 8121. (a) FUNDING FOR TWO-STAGE GROUND-BASED INTERCEPTOR MISSILE.—Of the amounts appropriated or otherwise made available by this Act for a long-range missile defense system in Europe, or appropriated or otherwise made available for the Department of Defense

for a long-range missile defense system in Europe from the Consolidated Security Disaster Assistance, and Continuing Appropriations Act of 2009 (Public Law 110-329) and available for obligation, no less than \$50,000,000, and up to \$151,000,000 shall be available for research, development, test, and evaluation of the two-stage ground-based interceptor missile.

(b) PROHIBITION ON DIVERSION OF FUNDS.—Funds appropriated or otherwise made available by this Act for the Missile Defense Agency for the purpose of research, development, and testing of the two-stage ground based interceptor missile shall be utilized solely for that purpose, and may not be reprogrammed or otherwise utilized for any other purpose.

(c) REPORT.—Not later than February 1, 2010, the Director of the Missile Defense Agency shall submit to the congressional defense committees a report setting forth the following:

(1) A comprehensive plan for the continued development and testing of the two-stage ground-based interceptor missile, including a description how the Missile Defense Agency will leverage the development and testing of such missile to modernize the Ground-based Midcourse Defense component of the ballistic missile defense system.

(2) Options for deploying an additional Ground-based Midcourse Defense site in Europe or the United States to provide enhanced defense in response to future long-range missile threats from Iran, and a description of how such a site may be made interoperable with the planned missile defense architecture for Europe and the United States.

SEC. 8122. GENERAL PROVISIONS—THIS TITLE

SEC. 9001. Notwithstanding any other provision of law, funds made available in this title are in addition to amounts appropriated or otherwise made available for the Department of Defense for fiscal year 2010.

(INCLUDING TRANSFER OF FUNDS)

SEC. 9002. Upon the determination of the Secretary of Defense that such action is necessary in the national interest, the Secretary may, with the approval of the Office of Management and Budget, transfer up to \$4,000,000,000 between the appropriations or funds made available to the Department of Defense in this title: Provided, That the Secretary shall notify the Congress promptly of each transfer made pursuant to the authority in this section: Provided further, That the authority provided in this section is in addition to any other transfer authority available to the Department of Defense and is subject to the same terms and conditions as the authority provided in the Department of Defense Appropriations Act, 2010: Provided further, That the amount in this section is designated as being for overseas deployments and other activities pursuant to sections 401(c)(4) and 423(a)(1) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 9003. Supervision and administration costs associated with a construction project funded with appropriations available for operation and maintenance or the "Afghanistan Se-

curity Forces Fund" provided in this Act and executed in direct support of overseas contingency operations in Afghanistan, may be obligated at the time a construction contract is awarded: Provided, That for the purpose of this section, supervision and administration costs include all in-house Government costs.

SEC. 9004. From funds made available in this title, the Secretary of Defense may purchase for use by military and civilian employees of the Department of Defense in Iraq and Afghanistan: (a) passenger motor vehicles up to a limit of \$75,000 per vehicle and (b) heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$250,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

SEC. 9005. Not to exceed \$1,200,000,000 of the amount appropriated in this title under the heading "Operation and Maintenance, Army" may be used, notwithstanding any other provision of law, to fund the Commander's Emergency Response Program, for the purpose of enabling military commanders in Iraq and Afghanistan to respond to urgent humanitarian relief and reconstruction requirements within their areas of responsibility: Provided, That not later than 15 days after the end of each fiscal year quarter, the Secretary of Defense shall submit to the congressional defense committees a report regarding the source of funds and the allocation and use of funds during that quarter that were made available pursuant to the authority provided in this section or under any other provision of law for the purposes described herein.

SEC. 9006. Funds available to the Department of Defense for operation and maintenance may be used, notwithstanding any other provision of law, to provide supplies, services, transportation, including airlift and sealift, and other logistical support to coalition forces supporting military and stability operations in Iraq and Afghanistan: Provided, That the Secretary of Defense shall provide quarterly reports to the congressional defense committees regarding support provided under this section.

SEC. 9007. Each amount in this title is designated as being for overseas deployments and other activities pursuant to section 401(c)(4) and 423(a)(1) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 9008. None of the funds appropriated or otherwise made available by this or any other Act shall be obligated or expended by the United States Government for a purpose as follows:

(1) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Iraq.

(2) To exercise United States control over any oil resource of Iraq.

(3) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Afghanistan.

SEC. 9009. (a) The Director of the Office of Management and Budget, in consultation with the Secretary of Defense; the Commander of the United States Central Command; the Commander, Multi-National Security Transition Command—Iraq; and the Commander, Combined Security Transition Command—Afghanistan, shall submit to the congressional defense committees not later than 45 days after the end of each fiscal quarter a report on the proposed use of all funds appropriated by this or any prior Act under each of the headings "Iraq Security Forces Fund", "Afghanistan Security Forces Fund", and "Pakistan Counterinsurgency Fund" on a project-by-project basis, for which the obligation of funds is anticipated during the 3-month period from such date, including estimates by the commanders referred to in this section of the costs required to complete each such project.

(b) The report required by this subsection shall include the following:

(1) The use of all funds on a project-by-project basis for which funds appropriated under the headings referred to in subsection (a) were obligated prior to the submission of the report, including estimates by the commanders referred to in subsection (a) of the costs to complete each project.

(2) The use of all funds on a project-by-project basis for which funds were appropriated under the headings referred to in subsection (a) in prior appropriations Acts, or for which funds were made available by transfer, reprogramming, or allocation from other headings in prior appropriations Acts, including estimates by the commanders referred to in subsection (a) of the costs to complete each project.

(3) An estimated total cost to train and equip the Iraq, Afghanistan, and Pakistan security forces, disaggregated by major program and subelements by force, arrayed by fiscal year.

(c) The Secretary of Defense shall notify the congressional defense committees of any proposed new projects or transfers of funds between sub-activity groups in excess of \$20,000,000 using funds appropriated by this or any prior Act under the headings "Iraq Security Forces Fund", "Afghanistan Security Forces Fund", and "Pakistan Counterinsurgency Fund".

SEC. 9010. (a) None of the funds appropriated or otherwise made available by this Act or any prior Act may be used to transfer, release, or incarcerate any individual who was detained as of October 1, 2009, at Naval Station, Guantanamo Bay, Cuba, to or within the United States or its territories.

(b) In this section, the term "United States" means the several States and the District of Columbia.

SEC. 9011. In addition to amounts made available elsewhere in this title there is hereby appropriated \$329,000,000 for the purchase of fuel to the following accounts in the specified amounts:

"Operation and Maintenance, Army", \$83,552,000;

"Operation and Maintenance, Navy", \$33,889,000;

"Operation and Maintenance, Marine Corps", \$1,619,000;

"Operation and Maintenance, Air Force", \$179,191,000;

"Operation and Maintenance, Army Reserve", \$8,567,000;

"Operation and Maintenance, Navy Reserve", \$3,007,000;

"Operation and Maintenance, Marine Corps Reserve", \$39,000; and

"Operation and Maintenance, Army National Guard", \$19,136,000.

SEC. 9012. None of the funds made available under this Act may be distributed to the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries.

SEC. 9013. The Secretary of Defense may, in consultation with the Secretary of State and the Administrator of the United States Agency for International Development, continue to support requirements for monthly integrated civilian-military training for civilians deploying to Afghanistan at Camp Atterbury, Indiana, including through the allocation of military and civilian personnel, trainers, and other resources for that purpose.

SEC. 9014. (a) HEARINGS ON STRATEGY AND RESOURCES WITH RESPECT TO AFGHANISTAN AND PAKISTAN.—Appropriate committees of Congress shall hold hearings, in open and closed session, relating to the strategy and resources of the United States with respect to Afghanistan and Pakistan promptly after the decision by the President on those matters is announced.

(b) TESTIMONY.—The hearings described in subsection (a) should include testimony from senior civilian and military officials of the United States, including, but not limited to, the following:

(1) The Secretary of Defense.

(2) The Secretary of State

(3) The Chairman of the Joint Chiefs of Staff.

(4) The Commander of the United States Central Command.

(5) The Commander of the United States European Command and Supreme Allied Commander, Europe.

(6) The Commander of United States Forces-Afghanistan.

(7) The United States Ambassador to Afghanistan.

(8) The United States Ambassador to Pakistan.

SEC. 9015. (a) FUNDING FOR OUTREACH AND REINTEGRATION SERVICES UNDER YELLOW RIBBON REINTEGRATION PROGRAM.—Of the amounts appropriated or otherwise made available by title IX, \$20,000,000 shall be available for outreach and reintegration services under the Yellow Ribbon Reintegration Program under section 582(h) of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181; 122 Stat. 125; 10 U.S.C. 10101 note).

(b) SUPPLEMENT NOT SUPPLANT.—The amount made available by subsection (a) for the services described in that subsection is in addition to any other amounts available in this Act for such services.

This Act may be cited as the "Department of Defense Appropriations Act, 2010".

MOTION OFFERED BY MR. MURTHA

Mr. MURTHA. Madam Speaker, I offer the motion at the desk.

The SPEAKER pro tempore. The Clerk will designate the motion.

The text of the motion is as follows:

Mr. Murtha moves that the House concur in the amendment of the Senate with the amendment printed in House Report 111-380.

The SPEAKER pro tempore. The House amendment to the Senate amendment to the bill H.R. 3326 contains an emergency designation for the purposes of pay-as-you-go principles.

Accordingly, the Chair must put the question of consideration under clause 10(c)(3) of rule XXI.

The question is, Will the House now consider the motion to concur in the Senate amendment with an amendment?

The question of consideration was decided in the affirmative.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to House Resolution 976, the amendment printed in part A of House Report 111-380 and the motion shall be considered as read.

The text of the amendment is as follows:

Amendment:

In lieu of the matter proposed to be inserted by the amendment of the Senate, insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Department of Defense Appropriations Act, 2010".

(INCLUDING TRANSFER OF FUNDS)

For the "Joint Improvised Explosive Device Defeat Fund", \$121,550,000 for Staff and Infrastructure: *Provided*, That such funds shall be available to the Secretary of Defense, notwithstanding any other provision of law, for the purpose of allowing the Director of the Joint Improvised Explosive Device Defeat Organization to investigate, develop and provide equipment, supplies, services, training, facilities, personnel and funds to assist United States forces in the defeat of improvised explosive devices: *Provided further*, That within 60 days of the enactment of this Act, a plan for the intended management and use of the amounts provided under this heading shall be submitted to the congressional defense committees: *Provided further*, That the Secretary of Defense shall submit a report not later than 60 days after the end of each fiscal quarter to the congressional defense committees providing assessments of the evolving threats, individual service requirements to counter the threats, the current strategy for predeployment training of members of the Armed Forces on improvised explosive devices, and details on the execution of the Fund: *Provided further*, That the Secretary of Defense may transfer

funds provided herein to appropriations for operation and maintenance; procurement; research, development, test and evaluation; and defense working capital funds to accomplish the purpose provided herein: *Provided further*, That amounts transferred shall be merged with and available for the same purposes and time period as the appropriations to which transferred: *Provided further*, That this transfer authority is in addition to any other transfer authority available to the Department of Defense: *Provided further*, That the Secretary of Defense shall, not fewer than 15 days prior to making transfers from this appropriation, notify the congressional defense committees in writing of the details of any such transfer.

OFFICE OF THE INSPECTOR GENERAL

For expenses and activities of the Office of the Inspector General in carrying out the provisions of the Inspector General Act of 1978, as amended, \$288,100,000, of which \$287,100,000 shall be for operation and maintenance, of which not to exceed \$700,000 is available for emergencies and extraordinary expenses to be expended on the approval or authority of the Inspector General, and payments may be made on the Inspector General's certificate of necessity for confidential military purposes; and of which \$1,000,000, to remain available until September 30, 2012, shall be for procurement.

TITLE VII RELATED AGENCIES

CENTRAL INTELLIGENCE AGENCY RETIREMENT AND DISABILITY SYSTEM FUND

For payment to the Central Intelligence Agency Retirement and Disability System Fund, to maintain the proper funding level for continuing the operation of the Central Intelligence Agency Retirement and Disability System, \$290,900,000.

INTELLIGENCE COMMUNITY MANAGEMENT ACCOUNT

For necessary expenses of the Intelligence Community Management Account, \$707,912,000.

TITLE VIII GENERAL PROVISIONS

SEC. 8001. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 8002. During the current fiscal year, provisions of law prohibiting the payment of compensation to, or employment of, any person not a citizen of the United States shall not apply to personnel of the Department of Defense: *Provided*, That salary increases granted to direct and indirect hire foreign national employees of the Department of Defense funded by this Act shall not be at a rate in excess of the percentage increase authorized by law for civilian employees of the Department of Defense whose pay is computed under the provisions of section 5332 of title 5, United States Code, or at a rate in excess of the percentage increase provided by the appropriate host nation to its own employees, whichever is higher: *Provided further*, That this section shall not apply to Department of Defense foreign service national employees serving at United States diplomatic missions whose pay is set by the Department of State under the Foreign Service Act of 1980: *Provided further*, That the limitations of this provision shall not apply to foreign national employees of the Department of Defense in the Republic of Turkey.

SEC. 8003. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year, unless expressly so provided herein.

SEC. 8004. No more than 20 percent of the appropriations in this Act which are limited for obligation during the current fiscal year shall be obligated during the last 2 months of the fiscal year: *Provided*, That this section shall not apply to obligations for support of active duty training of reserve components or summer camp training of the Reserve Officers' Training Corps.

(TRANSFER OF FUNDS)

SEC. 8005. Upon determination by the Secretary of Defense that such action is necessary in the national interest, he may, with the approval of the Office of Management and Budget, transfer not to exceed \$4,000,000,000 of working capital funds of the Department of Defense or funds made available in this Act to the Department of Defense for military functions (except military construction) between such appropriations or funds or any subdivision thereof, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: *Provided*, That such authority to transfer may not be used unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: *Provided further*, That the Secretary of Defense shall notify the Congress promptly of all transfers made pursuant to this authority or any other authority in this Act: *Provided further*, That no part of the funds in this Act shall be available to prepare or present a request to the Committees on Appropriations for reprogramming of funds, unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which reprogramming is requested has been denied by the Congress: *Provided further*, That a request for multiple reprogrammings of funds using authority provided in this section shall be made prior to June 30, 2010: *Provided further*, That transfers among military personnel appropriations shall not be taken into account for purposes of the limitation on the amount of funds that may be transferred under this section: *Provided further*, That no obligation of funds may be made pursuant to section 1206 of Public Law 109-163 (or any successor provision) unless the Secretary of Defense has notified the congressional defense committees prior to any such obligation.

SEC. 8006. (a) With regard to the list of specific programs, projects, and activities (and the dollar amounts and adjustments to budget activities corresponding to such programs, projects, and activities) contained in the tables titled "Explanation of Project Level Adjustments" in the explanatory statement regarding this Act, the obligation and expenditure of amounts appropriated or otherwise made available in this Act for those programs, projects, and activities for which the amounts appropriated exceed the amounts requested are hereby required by law to be carried out in the manner provided by such tables to the same extent as if the tables were included in the text of this Act.

(b) Amounts specified in the referenced tables described in subsection (a) shall not be treated as subdivisions of appropriations for purposes of section 8005 of this Act: *Provided*, That section 8005 shall apply when transfers of the amounts described in subsection (a) occur between appropriation accounts.

SEC. 8007. (a) Not later than 60 days after enactment of this Act, the Department of Defense shall submit a report to the congressional defense committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2010: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation both by budget activity and program, project, and activity as detailed in the Budget Appendix; and

(3) an identification of items of special congressional interest.

(b) Notwithstanding section 8005 of this Act, none of the funds provided in this Act

shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional defense committees, unless the Secretary of Defense certifies in writing to the congressional defense committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8008. The Secretaries of the Air Force and the Army are authorized, using funds available under the headings "Operation and Maintenance, Air Force" and "Operation and Maintenance, Army", to complete facility conversions and phased repair projects which may include upgrades and additions to Alaskan range infrastructure and training areas, and improved access to these ranges.

(TRANSFER OF FUNDS)

SEC. 8009. During the current fiscal year, cash balances in working capital funds of the Department of Defense established pursuant to section 2208 of title 10, United States Code, may be maintained in only such amounts as are necessary at any time for cash disbursements to be made from such funds: *Provided*, That transfers may be made between such funds: *Provided further*, That transfers may be made between working capital funds and the "Foreign Currency Fluctuations, Defense" appropriation and the "Operation and Maintenance" appropriation accounts in such amounts as may be determined by the Secretary of Defense, with the approval of the Office of Management and Budget, except that such transfers may not be made unless the Secretary of Defense has notified the Congress of the proposed transfer. Except in amounts equal to the amounts appropriated to working capital funds in this Act, no obligations may be made against a working capital fund to procure or increase the value of war reserve material inventory, unless the Secretary of Defense has notified the Congress prior to any such obligation.

SEC. 8010. Funds appropriated by this Act may not be used to initiate a special access program without prior notification 30 calendar days in advance to the congressional defense committees.

SEC. 8011. None of the funds provided in this Act shall be available to initiate: (1) a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of \$20,000,000; or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year, unless the congressional defense committees have been notified at least 30 days in advance of the proposed contract award: *Provided*, That no part of any appropriation contained in this Act shall be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: *Provided further*, That no part of any appropriation contained in this Act shall be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed \$500,000,000 unless specifically provided in this Act: *Provided further*, That no multiyear procurement contract can be terminated without 10-day prior notification to the congressional defense committees: *Provided further*, That the execution of multiyear authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement: *Provided further*, That none of the funds provided in this Act may be used for a multiyear contract executed after the date of the enactment of this Act unless in the case of any such contract—

(1) the Secretary of Defense has submitted to Congress a report within 30 days of enactment of this Act that certifies full funding of units to be procured through the contract and, in the case of a contract for procurement of aircraft, that includes, for any

aircraft unit to be procured through the contract for which procurement funds are identified in that report for production beyond advance procurement activities in the fiscal year 2010 budget, full funding of procurement of such unit in that fiscal year;

(2) cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract;

(3) the contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units; and

(4) the contract does not provide for a price adjustment based on a failure to award a follow-on contract.

Funds appropriated in title III of this Act may be used for a multiyear procurement contract as follows:

F-18 aircraft variants.

SEC. 8012. Within the funds appropriated for the operation and maintenance of the Armed Forces, funds are hereby appropriated pursuant to section 401 of title 10, United States Code, for humanitarian and civic assistance costs under chapter 20 of title 10, United States Code. Such funds may also be obligated for humanitarian and civic assistance costs incidental to authorized operations and pursuant to authority granted in section 401 of chapter 20 of title 10, United States Code, and these obligations shall be reported as required by section 401(d) of title 10, United States Code: *Provided*, That funds available for operation and maintenance shall be available for providing humanitarian and similar assistance by using Civic Action Teams in the Trust Territories of the Pacific Islands and freely associated states of Micronesia, pursuant to the Compact of Free Association as authorized by Public Law 99-239: *Provided further*, That upon a determination by the Secretary of the Army that such action is beneficial for graduate medical education programs conducted at Army medical facilities located in Hawaii, the Secretary of the Army may authorize the provision of medical services at such facilities and transportation to such facilities, on a nonreimbursable basis, for civilian patients from American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Federated States of Micronesia, Palau, and Guam.

SEC. 8013. (a) During fiscal year 2010, the civilian personnel of the Department of Defense may not be managed on the basis of any end-strength, and the management of such personnel during that fiscal year shall not be subject to any constraint or limitation (known as an end-strength) on the number of such personnel who may be employed on the last day of such fiscal year.

(b) The fiscal year 2011 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2011 Department of Defense budget request shall be prepared and submitted to the Congress as if subsections (a) and (b) of this provision were effective with regard to fiscal year 2011.

(c) Nothing in this section shall be construed to apply to military (civilian) technicians.

SEC. 8014. None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.

SEC. 8015. None of the funds appropriated by this Act shall be available for the basic pay and allowances of any member of the Army participating as a full-time student and receiving benefits paid by the Secretary of Veterans Affairs from the Department of Defense Education Benefits Fund when time spent as a full-time student is credited toward completion of a service commitment: *Provided*, That this section shall not apply to those members who have reenlisted with this

option prior to October 1, 1987: *Provided further*, That this section applies only to active components of the Army.

SEC. 8016. (a) None of the funds appropriated by this Act shall be available to convert to contractor performance an activity or function of the Department of Defense that, on or after the date of the enactment of this Act, is performed by more than 10 Department of Defense civilian employees unless—

(1) the conversion is based on the result of a public-private competition that includes a most efficient and cost effective organization plan developed by such activity or function;

(2) the Competitive Sourcing Official determines that, over all performance periods stated in the solicitation of offers for performance of the activity or function, the cost of performance of the activity or function by a contractor would be less costly to the Department of Defense by an amount that equals or exceeds the lesser of—

(A) 10 percent of the most efficient organization's personnel-related costs for performance of that activity or function by Federal employees; or

(B) \$10,000,000; and

(3) the contractor does not receive an advantage for a proposal that would reduce costs for the Department of Defense by—

(A) not making an employer-sponsored health insurance plan available to the workers who are to be employed in the performance of that activity or function under the contract; or

(B) offering to such workers an employer-sponsored health benefits plan that requires the employer to contribute less towards the premium or subscription share than the amount that is paid by the Department of Defense for health benefits for civilian employees under chapter 89 of title 5, United States Code.

(b)(1) The Department of Defense, without regard to subsection (a) of this section or subsection (a), (b), or (c) of section 2461 of title 10, United States Code, and notwithstanding any administrative regulation, requirement, or policy to the contrary shall have full authority to enter into a contract for the performance of any commercial or industrial type function of the Department of Defense that—

(A) is included on the procurement list established pursuant to section 2 of the Javits-Wagner-O'Day Act (41 U.S.C. 47);

(B) is planned to be converted to performance by a qualified nonprofit agency for the blind or by a qualified nonprofit agency for other severely handicapped individuals in accordance with that Act; or

(C) is planned to be converted to performance by a qualified firm under at least 51 percent ownership by an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)), or a Native Hawaiian Organization, as defined in section 8(a)(15) of the Small Business Act (15 U.S.C. 637(a)(15)).

(2) This section shall not apply to depot contracts or contracts for depot maintenance as provided in sections 2469 and 2474 of title 10, United States Code.

(c) The conversion of any activity or function of the Department of Defense under the authority provided by this section shall be credited toward any competitive or outsourcing goal, target, or measurement that may be established by statute, regulation, or policy and is deemed to be awarded under the authority of, and in compliance with, subsection (h) of section 2304 of title 10, United States Code, for the competition or outsourcing of commercial activities.

(TRANSFER OF FUNDS)

SEC. 8017. Funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protégé Program may be transferred to any other appropriation contained in this

Act solely for the purpose of implementing a Mentor-Protégé Program developmental assistance agreement pursuant to section 831 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 10 U.S.C. 2302 note), as amended, under the authority of this provision or any other transfer authority contained in this Act.

SEC. 8018. None of the funds in this Act may be available for the purchase by the Department of Defense (and its departments and agencies) of welded shipboard anchor and mooring chain 4 inches in diameter and under unless the anchor and mooring chain are manufactured in the United States from components which are substantially manufactured in the United States: *Provided*, That for the purpose of this section, the term "manufactured" shall include cutting, heat treating, quality control, testing of chain and welding (including the forging and shot blasting process): *Provided further*, That for the purpose of this section substantially all of the components of anchor and mooring chain shall be considered to be produced or manufactured in the United States if the aggregate cost of the components produced or manufactured in the United States exceeds the aggregate cost of the components produced or manufactured outside the United States: *Provided further*, That when adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis, the Secretary of the service responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations that such an acquisition must be made in order to acquire capability for national security purposes.

SEC. 8019. None of the funds available to the Department of Defense may be used to demilitarize or dispose of M-1 Carbines, M-1 Garand rifles, M-14 rifles, .22 caliber rifles, .30 caliber rifles, or M-1911 pistols, or to demilitarize or destroy small arms ammunition or ammunition components that are not otherwise prohibited from commercial sale under Federal law, unless the small arms ammunition or ammunition components are certified by the Secretary of the Army or designee as unserviceable or unsafe for further use.

SEC. 8020. No more than \$500,000 of the funds appropriated or made available in this Act shall be used during a single fiscal year for any single relocation of an organization, unit, activity or function of the Department of Defense into or within the National Capital Region: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the congressional defense committees that such a relocation is required in the best interest of the Government.

SEC. 8021. In addition to the funds provided elsewhere in this Act, \$15,000,000 is appropriated only for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544): *Provided*, That a prime contractor or a subcontractor at any tier that makes a subcontract award to any subcontractor or supplier as defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code, shall be considered a contractor for the purposes of being allowed additional compensation under section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544) whenever the prime contract or subcontract amount is over \$500,000 and involves the expenditure of funds appropriated by an Act making Appropriations for the Department of Defense with respect to any fiscal year: *Provided further*, That notwithstanding section 430 of title 41, United States Code, this section shall be applicable to any Department of Defense acquisition of supplies or services, including any

contract and any subcontract at any tier for acquisition of commercial items produced or manufactured, in whole or in part by any subcontractor or supplier defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code.

SEC. 8022. Funds appropriated by this Act for the Defense Media Activity shall not be used for any national or international political or psychological activities.

SEC. 8023. None of the funds appropriated by this Act shall be available to perform any cost study pursuant to the provisions of OMB Circular A-76 if the study being performed exceeds the period permitted by section 322 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84).

SEC. 8024. During the current fiscal year, the Department of Defense is authorized to incur obligations of not to exceed \$350,000,000 for purposes specified in section 2350j(c) of title 10, United States Code, in anticipation of receipt of contributions, only from the Government of Kuwait, under that section: *Provided*, That upon receipt, such contributions from the Government of Kuwait shall be credited to the appropriations or fund which incurred such obligations.

SEC. 8025. (a) Of the funds made available in this Act, not less than \$33,756,000 shall be available for the Civil Air Patrol Corporation, of which—

(1) \$26,433,000 shall be available from “Operation and Maintenance, Air Force” to support Civil Air Patrol Corporation operation and maintenance, readiness, counterdrug activities, and drug demand reduction activities involving youth programs;

(2) \$6,426,000 shall be available from “Air-craft Procurement, Air Force”; and

(3) \$897,000 shall be available from “Other Procurement, Air Force” for vehicle procurement.

(b) The Secretary of the Air Force should waive reimbursement for any funds used by the Civil Air Patrol for counter-drug activities in support of Federal, State, and local government agencies.

SEC. 8026. (a) None of the funds appropriated in this Act are available to establish a new Department of Defense (department) federally funded research and development center (FFRDC), either as a new entity, or as a separate entity administrated by an organization managing another FFRDC, or as a nonprofit membership corporation consisting of a consortium of other FFRDCs and other nonprofit entities.

(b) No member of a Board of Directors, Trustees, Overseers, Advisory Group, Special Issues Panel, Visiting Committee, or any similar entity of a defense FFRDC, and no paid consultant to any defense FFRDC, except when acting in a technical advisory capacity, may be compensated for his or her services as a member of such entity, or as a paid consultant by more than one FFRDC in a fiscal year: *Provided*, That a member of any such entity referred to previously in this subsection shall be allowed travel expenses and per diem as authorized under the Federal Joint Travel Regulations, when engaged in the performance of membership duties.

(c) Notwithstanding any other provision of law, none of the funds available to the department from any source during fiscal year 2010 may be used by a defense FFRDC, through a fee or other payment mechanism, for construction of new buildings, for payment of cost sharing for projects funded by Government grants, for absorption of contract overruns, or for certain charitable contributions, not to include employee participation in community service and/or development.

(d) Notwithstanding any other provision of law, of the funds available to the department

during fiscal year 2010, not more than 5,600 staff years of technical effort (staff years) may be funded for defense FFRDCs: *Provided*, That of the specific amount referred to previously in this subsection, not more than 1,100 staff years may be funded for the defense studies and analysis FFRDCs: *Provided further*, That this subsection shall not apply to staff years funded in the National Intelligence Program (NIP) and the Military Intelligence Program (MIP).

(e) The Secretary of Defense shall, with the submission of the department's fiscal year 2011 budget request, submit a report presenting the specific amounts of staff years of technical effort to be allocated for each defense FFRDC during that fiscal year and the associated budget estimates.

(f) Notwithstanding any other provision of this Act, the total amount appropriated in this Act for FFRDCs is hereby reduced by \$125,200,000.

SEC. 8027. None of the funds appropriated or made available in this Act shall be used to procure carbon, alloy or armor steel plate for use in any Government-owned facility or property under the control of the Department of Defense which were not melted and rolled in the United States or Canada: *Provided*, That these procurement restrictions shall apply to any and all Federal Supply Class 9515, American Society of Testing and Materials (ASTM) or American Iron and Steel Institute (AISI) specifications of carbon, alloy or armor steel plate: *Provided further*, That the Secretary of the military department responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: *Provided further*, That these restrictions shall not apply to contracts which are in being as of the date of the enactment of this Act.

SEC. 8028. For the purposes of this Act, the term “congressional defense committees” means the Armed Services Committee of the House of Representatives, the Armed Services Committee of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the Senate, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.

SEC. 8029. During the current fiscal year, the Department of Defense may acquire the modification, depot maintenance and repair of aircraft, vehicles and vessels as well as the production of components and other Defense-related articles, through competition between Department of Defense depot maintenance activities and private firms: *Provided*, That the Senior Acquisition Executive of the military department or Defense Agency concerned, with power of delegation, shall certify that successful bids include comparable estimates of all direct and indirect costs for both public and private bids: *Provided further*, That Office of Management and Budget Circular A-76 shall not apply to competitions conducted under this section.

SEC. 8030. (a)(1) If the Secretary of Defense, after consultation with the United States Trade Representative, determines that a foreign country which is party to an agreement described in paragraph (2) has violated the terms of the agreement by discriminating against certain types of products produced in the United States that are covered by the agreement, the Secretary of Defense shall rescind the Secretary's blanket waiver of the Buy American Act with respect to such types of products produced in that foreign country.

(2) An agreement referred to in paragraph (1) is any reciprocal defense procurement memorandum of understanding, between the United States and a foreign country pursuant to which the Secretary of Defense has prospectively waived the Buy American Act for certain products in that country.

(b) The Secretary of Defense shall submit to the Congress a report on the amount of Department of Defense purchases from foreign entities in fiscal year 2010. Such report shall separately indicate the dollar value of items for which the Buy American Act was waived pursuant to any agreement described in subsection (a)(2), the Trade Agreement Act of 1979 (19 U.S.C. 2501 et seq.), or any international agreement to which the United States is a party.

(c) For purposes of this section, the term “Buy American Act” means title III of the Act entitled “An Act making appropriations for the Treasury and Post Office Departments for the fiscal year ending June 30, 1934, and for other purposes”, approved March 3, 1933 (41 U.S.C. 10a et seq.).

SEC. 8031. During the current fiscal year, amounts contained in the Department of Defense Overseas Military Facility Investment Recovery Account established by section 2921(c)(1) of the National Defense Authorization Act of 1991 (Public Law 101-510; 10 U.S.C. 2687 note) shall be available until expended for the payments specified by section 2921(c)(2) of that Act.

SEC. 8032. (a) Notwithstanding any other provision of law, the Secretary of the Air Force may convey at no cost to the Air Force, without consideration, to Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, and Minnesota relocatable military housing units located at Grand Forks Air Force Base, Malmstrom Air Force Base, Mountain Home Air Force Base, Ellsworth Air Force Base, and Minot Air Force Base that are excess to the needs of the Air Force.

(b) The Secretary of the Air Force shall convey, at no cost to the Air Force, military housing units under subsection (a) in accordance with the request for such units that are submitted to the Secretary by the Operation Walking Shield Program on behalf of Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, and Minnesota.

(c) The Operation Walking Shield Program shall resolve any conflicts among requests of Indian tribes for housing units under subsection (a) before submitting requests to the Secretary of the Air Force under subsection (b).

(d) In this section, the term “Indian tribe” means any recognized Indian tribe included on the current list published by the Secretary of the Interior under section 104 of the Federally Recognized Indian Tribe Act of 1994 (Public Law 103-454; 108 Stat. 4792; 25 U.S.C. 479a-1).

SEC. 8033. During the current fiscal year, appropriations which are available to the Department of Defense for operation and maintenance may be used to purchase items having an investment item unit cost of not more than \$250,000.

SEC. 8034. (a) During the current fiscal year, none of the appropriations or funds available to the Department of Defense Working Capital Funds shall be used for the purchase of an investment item for the purpose of acquiring a new inventory item for sale or anticipated sale during the current fiscal year or a subsequent fiscal year to customers of the Department of Defense Working Capital Funds if such an item would not have been chargeable to the Department of Defense Business Operations Fund during fiscal year 1994 and if the purchase of such an investment item would be chargeable during

the current fiscal year to appropriations made to the Department of Defense for procurement.

(b) The fiscal year 2011 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2011 Department of Defense budget shall be prepared and submitted to the Congress on the basis that any equipment which was classified as an end item and funded in a procurement appropriation contained in this Act shall be budgeted for in a proposed fiscal year 2011 procurement appropriation and not in the supply management business area or any other area or category of the Department of Defense Working Capital Funds.

SEC. 8035. None of the funds appropriated by this Act for programs of the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year, except for funds appropriated for the Reserve for Contingencies, which shall remain available until September 30, 2011: *Provided*, That funds appropriated, transferred, or otherwise credited to the Central Intelligence Agency Central Services Working Capital Fund during this or any prior or subsequent fiscal year shall remain available until expended: *Provided further*, That any funds appropriated or transferred to the Central Intelligence Agency for advanced research and development acquisition, for agent operations, and for covert action programs authorized by the President under section 503 of the National Security Act of 1947, as amended, shall remain available until September 30, 2011.

SEC. 8036. Notwithstanding any other provision of law, funds made available in this Act for the Defense Intelligence Agency may be used for the design, development, and deployment of General Defense Intelligence Program intelligence communications and intelligence information systems for the Services, the Unified and Specified Commands, and the component commands.

SEC. 8037. Of the funds appropriated to the Department of Defense under the heading "Operation and Maintenance, Defense-Wide", not less than \$12,000,000 shall be made available only for the mitigation of environmental impacts, including training and technical assistance to tribes, related administrative support, the gathering of information, documenting of environmental damage, and developing a system for prioritization of mitigation and cost to complete estimates for mitigation, on Indian lands resulting from Department of Defense activities.

SEC. 8038. (a) None of the funds appropriated in this Act may be expended by an entity of the Department of Defense unless the entity, in expending the funds, complies with the Buy American Act. For purposes of this subsection, the term "Buy American Act" means title III of the Act entitled "An Act making appropriations for the Treasury and Post Office Departments for the fiscal year ending June 30, 1934, and for other purposes", approved March 3, 1933 (41 U.S.C. 10a et seq.).

(b) If the Secretary of Defense determines that a person has been convicted of intentionally affixing a label bearing a "Made in America" inscription to any product sold in or shipped to the United States that is not made in America, the Secretary shall determine, in accordance with section 2410f of title 10, United States Code, whether the person should be debarred from contracting with the Department of Defense.

(c) In the case of any equipment or products purchased with appropriations provided under this Act, it is the sense of the Congress that any entity of the Department of Defense, in expending the appropriation, purchase only American-made equipment and products, provided that American-made

equipment and products are cost-competitive, quality-competitive, and available in a timely fashion.

SEC. 8039. None of the funds appropriated by this Act shall be available for a contract for studies, analysis, or consulting services entered into without competition on the basis of an unsolicited proposal unless the head of the activity responsible for the procurement determines—

(1) as a result of thorough technical evaluation, only one source is found fully qualified to perform the proposed work;

(2) the purpose of the contract is to explore an unsolicited proposal which offers significant scientific or technological promise, represents the product of original thinking, and was submitted in confidence by one source; or

(3) the purpose of the contract is to take advantage of unique and significant industrial accomplishment by a specific concern, or to insure that a new product or idea of a specific concern is given financial support: *Provided*, That this limitation shall not apply to contracts in an amount of less than \$25,000, contracts related to improvements of equipment that is in development or production, or contracts as to which a civilian official of the Department of Defense, who has been confirmed by the Senate, determines that the award of such contract is in the interest of the national defense.

SEC. 8040. (a) Except as provided in subsections (b) and (c), none of the funds made available by this Act may be used—

(1) to establish a field operating agency; or

(2) to pay the basic pay of a member of the Armed Forces or civilian employee of the department who is transferred or reassigned from a headquarters activity if the member or employee's place of duty remains at the location of that headquarters.

(b) The Secretary of Defense or Secretary of a military department may waive the limitations in subsection (a), on a case-by-case basis, if the Secretary determines, and certifies to the Committees on Appropriations of the House of Representatives and Senate that the granting of the waiver will reduce the personnel requirements or the financial requirements of the department.

(c) This section does not apply to—

(1) field operating agencies funded within the National Intelligence Program; or

(2) an Army field operating agency established to eliminate, mitigate, or counter the effects of improvised explosive devices, and, as determined by the Secretary of the Army, other similar threats.

SEC. 8041. The Secretary of Defense, notwithstanding any other provision of law, acting through the Office of Economic Adjustment of the Department of Defense, may use funds made available in this Act under the heading "Operation and Maintenance, Defense-Wide" to make grants and supplement other Federal funds in accordance with the guidance provided in the explanatory statement regarding this Act.

(RESCISSIONS)

"Procurement of Weapons and Tracked Combat Vehicles, Army, 2009/2011", \$41,087,000;

"Other Procurement, Army, 2009/2011", \$138,239,000;

"Other Procurement, Navy, 2009/2011", \$84,844,000;

"Aircraft Procurement, Air Force, 2009/2011", \$628,900,000;

"Missile Procurement, Air Force, 2009/2011", \$60,000,000;

"Other Procurement, Air Force, 2009/2011", \$10,900,000;

"Procurement, Defense-Wide, 2009/2011", \$5,200,000; and

"Procurement, Defense-Wide, 2008/2010", \$2,000,000.

SEC. 8043. None of the funds available in this Act may be used to reduce the authorized positions for military (civilian) technicians of the Army National Guard, Air National Guard, Army Reserve and Air Force Reserve for the purpose of applying any administratively imposed civilian personnel ceiling, freeze, or reduction on military (civilian) technicians, unless such reductions are a direct result of a reduction in military force structure.

SEC. 8044. None of the funds appropriated or otherwise made available in this Act may be obligated or expended for assistance to the Democratic People's Republic of Korea unless specifically appropriated for that purpose.

SEC. 8045. Funds appropriated in this Act for operation and maintenance of the Military Departments, Combatant Commands and Defense Agencies shall be available for reimbursement of pay, allowances and other expenses which would otherwise be incurred against appropriations for the National Guard and Reserve when members of the National Guard and Reserve provide intelligence or counterintelligence support to Combatant Commands, Defense Agencies and Joint Intelligence Activities, including the activities and programs included within the National Intelligence Program and the Military Intelligence Program: *Provided*, That nothing in this section authorizes deviation from established Reserve and National Guard personnel and training procedures.

SEC. 8046. During the current fiscal year, none of the funds appropriated in this Act may be used to reduce the civilian medical and medical support personnel assigned to military treatment facilities below the September 30, 2003, level: *Provided*, That the Service Surgeons General may waive this section by certifying to the congressional defense committees that the beneficiary population is declining in some catchment areas and civilian strength reductions may be consistent with responsible resource stewardship and capitation-based budgeting.

SEC. 8047. (a) None of the funds available to the Department of Defense for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

(b) None of the funds available to the Central Intelligence Agency for any fiscal year for drug interdiction and counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

SEC. 8048. None of the funds appropriated by this Act may be used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin: *Provided*, That the Secretary of the military department responsible for such procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate, that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such

an acquisition must be made in order to acquire capability for national security purposes: *Provided further*, That this restriction shall not apply to the purchase of “commercial items”, as defined by section 4(12) of the Office of Federal Procurement Policy Act, except that the restriction shall apply to ball or roller bearings purchased as end items.

SEC. 8049. None of the funds in this Act may be used to purchase any supercomputer which is not manufactured in the United States, unless the Secretary of Defense certifies to the congressional defense committees that such an acquisition must be made in order to acquire capability for national security purposes that is not available from United States manufacturers.

SEC. 8050. None of the funds made available in this or any other Act may be used to pay the salary of any officer or employee of the Department of Defense who approves or implements the transfer of administrative responsibilities or budgetary resources of any program, project, or activity financed by this Act to the jurisdiction of another Federal agency not financed by this Act without the express authorization of Congress: *Provided*, That this limitation shall not apply to transfers of funds expressly provided for in Defense Appropriations Acts, or provisions of Acts providing supplemental appropriations for the Department of Defense.

SEC. 8051. (a) Notwithstanding any other provision of law, none of the funds available to the Department of Defense for the current fiscal year may be obligated or expended to transfer to another nation or an international organization any defense articles or services (other than intelligence services) for use in the activities described in subsection (b) unless the congressional defense committees, the Committee on Foreign Affairs of the House of Representatives, and the Committee on Foreign Relations of the Senate are notified 15 days in advance of such transfer.

(b) This section applies to—

(1) any international peacekeeping or peace-enforcement operation under the authority of chapter VI or chapter VII of the United Nations Charter under the authority of a United Nations Security Council resolution; and

(2) any other international peacekeeping, peace-enforcement, or humanitarian assistance operation.

(c) A notice under subsection (a) shall include the following—

(1) A description of the equipment, supplies, or services to be transferred.

(2) A statement of the value of the equipment, supplies, or services to be transferred.

(3) In the case of a proposed transfer of equipment or supplies—

(A) a statement of whether the inventory requirements of all elements of the Armed Forces (including the reserve components) for the type of equipment or supplies to be transferred have been met; and

(B) a statement of whether the items proposed to be transferred will have to be replaced and, if so, how the President proposes to provide funds for such replacement.

SEC. 8052. None of the funds available to the Department of Defense under this Act shall be obligated or expended to pay a contractor under a contract with the Department of Defense for costs of any amount paid by the contractor to an employee when—

(1) such costs are for a bonus or otherwise in excess of the normal salary paid by the contractor to the employee; and

(2) such bonus is part of restructuring costs associated with a business combination.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8053. During the current fiscal year, no more than \$30,000,000 of appropriations

made in this Act under the heading “Operation and Maintenance, Defense-Wide” may be transferred to appropriations available for the pay of military personnel, to be merged with, and to be available for the same time period as the appropriations to which transferred, to be used in support of such personnel in connection with support and services for eligible organizations and activities outside the Department of Defense pursuant to section 2012 of title 10, United States Code.

SEC. 8054. During the current fiscal year, in the case of an appropriation account of the Department of Defense for which the period of availability for obligation has expired or which has closed under the provisions of section 1552 of title 31, United States Code, and which has a negative unliquidated or unexpended balance, an obligation or an adjustment of an obligation may be charged to any current appropriation account for the same purpose as the expired or closed account if—

(1) the obligation would have been properly chargeable (except as to amount) to the expired or closed account before the end of the period of availability or closing of that account;

(2) the obligation is not otherwise properly chargeable to any current appropriation account of the Department of Defense; and

(3) in the case of an expired account, the obligation is not chargeable to a current appropriation of the Department of Defense under the provisions of section 1405(b)(8) of the National Defense Authorization Act for Fiscal Year 1991, Public Law 101-510, as amended (31 U.S.C. 1551 note): *Provided*, That in the case of an expired account, if subsequent review or investigation discloses that there was not in fact a negative unliquidated or unexpended balance in the account, any charge to a current account under the authority of this section shall be reversed and recorded against the expired account: *Provided further*, That the total amount charged to a current appropriation under this section may not exceed an amount equal to 1 percent of the total appropriation for that account.

SEC. 8055. (a) IN GENERAL.—Service as a member of the Alaska Territorial Guard during World War II of any individual who was honorably discharged therefrom under section 8147 of the Department of Defense Appropriations Act, 2001 (Public Law 106-259; 114 Stat. 705) shall be treated as active service for purposes of the computation under chapter 61, 71, 371, 571, 871, or 1223 of title 10, United States Code, as applicable, of the retired pay to which such individual may be entitled under title 10, United States Code.

(b) APPLICABILITY.—Subsection (a) shall apply with respect to amounts of retired pay payable under title 10, United States Code, for months beginning on or after the date of the enactment of this Act. No retired pay shall be paid to any individual by reason of subsection (a) for any period before that date.

(c) WORLD WAR II DEFINED.—In this section, the term “World War II” has the meaning given that term in section 101(8) of title 38, United States Code.

SEC. 8056. (a) Notwithstanding any other provision of law, the Chief of the National Guard Bureau may permit the use of equipment of the National Guard Distance Learning Project by any person or entity on a space-available, reimbursable basis. The Chief of the National Guard Bureau shall establish the amount of reimbursement for such use on a case-by-case basis.

(b) Amounts collected under subsection (a) shall be credited to funds available for the National Guard Distance Learning Project and be available to defray the costs associated with the use of equipment of the project under that subsection. Such funds shall be

available for such purposes without fiscal year limitation.

SEC. 8057. Using funds available by this Act or any other Act, the Secretary of the Air Force, pursuant to a determination under section 2690 of title 10, United States Code, may implement cost-effective agreements for required heating facility modernization in the Kaiserslautern Military Community in the Federal Republic of Germany: *Provided*, That in the City of Kaiserslautern such agreements will include the use of United States anthracite as the base load energy for municipal district heat to the United States Defense installations: *Provided further*, That at Landstuhl Army Regional Medical Center and Ramstein Air Base, furnished heat may be obtained from private, regional or municipal services, if provisions are included for the consideration of United States coal as an energy source.

SEC. 8058. None of the funds appropriated in title IV of this Act may be used to procure end-items for delivery to military forces for operational training, operational use or inventory requirements: *Provided*, That this restriction does not apply to end-items used in development, prototyping, and test activities preceding and leading to acceptance for operational use: *Provided further*, That this restriction does not apply to programs funded within the National Intelligence Program: *Provided further*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that it is in the national security interest to do so.

SEC. 8059. None of the funds made available in this Act may be used to approve or license the sale of the F-22A advanced tactical fighter to any foreign government: *Provided*, That the Department of Defense may conduct or participate in studies, research, design and other activities to define and develop a future export version of the F-22A that protects classified and sensitive information, technologies and U.S. warfighting capabilities.

SEC. 8060. (a) The Secretary of Defense may, on a case-by-case basis, waive with respect to a foreign country each limitation on the procurement of defense items from foreign sources provided in law if the Secretary determines that the application of the limitation with respect to that country would invalidate cooperative programs entered into between the Department of Defense and the foreign country, or would invalidate reciprocal trade agreements for the procurement of defense items entered into under section 2531 of title 10, United States Code, and the country does not discriminate against the same or similar defense items produced in the United States for that country.

(b) Subsection (a) applies with respect to—

(1) contracts and subcontracts entered into on or after the date of the enactment of this Act; and

(2) options for the procurement of items that are exercised after such date under contracts that are entered into before such date if the option prices are adjusted for any reason other than the application of a waiver granted under subsection (a).

(c) Subsection (a) does not apply to a limitation regarding construction of public vessels, ball and roller bearings, food, and clothing or textile materials as defined by section 11 (chapters 50-65) of the Harmonized Tariff Schedule and products classified under headings 4010, 4202, 4203, 6401 through 6406, 6505, 7019, 7218 through 7229, 7304.41 through 7304.49, 7306.40, 7502 through 7508, 8105, 8108, 8109, 8211, 8215, and 9404.

SEC. 8061. (a) None of the funds made available by this Act may be used to support any

training program involving a unit of the security forces of a foreign country if the Secretary of Defense has received credible information from the Department of State that the unit has committed a gross violation of human rights, unless all necessary corrective steps have been taken.

(b) The Secretary of Defense, in consultation with the Secretary of State, shall ensure that prior to a decision to conduct any training program referred to in subsection (a), full consideration is given to all credible information available to the Department of State relating to human rights violations by foreign security forces.

(c) The Secretary of Defense, after consultation with the Secretary of State, may waive the prohibition in subsection (a) if he determines that such waiver is required by extraordinary circumstances.

(d) Not more than 15 days after the exercise of any waiver under subsection (c), the Secretary of Defense shall submit a report to the congressional defense committees describing the extraordinary circumstances, the purpose and duration of the training program, the United States forces and the foreign security forces involved in the training program, and the information relating to human rights violations that necessitates the waiver.

SEC. 8062. None of the funds appropriated or made available in this Act to the Department of the Navy shall be used to develop, lease or procure the T-AKE class of ships unless the main propulsion diesel engines and propulsors are manufactured in the United States by a domestically operated entity: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes or there exists a significant cost or quality difference.

SEC. 8063. None of the funds appropriated or otherwise made available by this or other Department of Defense Appropriations Acts may be obligated or expended for the purpose of performing repairs or maintenance to military family housing units of the Department of Defense, including areas in such military family housing units that may be used for the purpose of conducting official Department of Defense business.

SEC. 8064. Notwithstanding any other provision of law, funds appropriated in this Act under the heading "Research, Development, Test and Evaluation, Defense-Wide" for any new start advanced concept technology demonstration project or joint capability demonstration project may only be obligated 30 days after a report, including a description of the project, the planned acquisition and transition strategy and its estimated annual and total cost, has been provided in writing to the congressional defense committees: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying to the congressional defense committees that it is in the national interest to do so.

SEC. 8065. The Secretary of Defense shall provide a classified quarterly report beginning 30 days after enactment of this Act, to the House and Senate Appropriations Committees, Subcommittees on Defense on certain matters as directed in the classified annex accompanying this Act.

SEC. 8066. During the current fiscal year, none of the funds available to the Department of Defense may be used to provide support to another department or agency of the United States if such department or agency

is more than 90 days in arrears in making payment to the Department of Defense for goods or services previously provided to such department or agency on a reimbursable basis: *Provided*, That this restriction shall not apply if the department is authorized by law to provide support to such department or agency on a nonreimbursable basis, and is providing the requested support pursuant to such authority: *Provided further*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that it is in the national security interest to do so.

SEC. 8067. Notwithstanding section 12310(b) of title 10, United States Code, a Reserve who is a member of the National Guard serving on full-time National Guard duty under section 502(f) of title 32, United States Code, may perform duties in support of the ground-based elements of the National Ballistic Missile Defense System.

SEC. 8068. None of the funds provided in this Act may be used to transfer to any non-governmental entity ammunition held by the Department of Defense that has a center-fire cartridge and a United States military nomenclature designation of "armor penetrator", "armor piercing (AP)", "armor piercing incendiary (API)", or "armor-piercing incendiary-tracer (API-T)", except to an entity performing demilitarization services for the Department of Defense under a contract that requires the entity to demonstrate to the satisfaction of the Department of Defense that armor piercing projectiles are either: (1) rendered incapable of reuse by the demilitarization process; or (2) used to manufacture ammunition pursuant to a contract with the Department of Defense or the manufacture of ammunition for export pursuant to a License for Permanent Export of Unclassified Military Articles issued by the Department of State.

SEC. 8069. Notwithstanding any other provision of law, the Chief of the National Guard Bureau, or his designee, may waive payment of all or part of the consideration that otherwise would be required under section 2667 of title 10, United States Code, in the case of a lease of personal property for a period not in excess of 1 year to any organization specified in section 508(d) of title 32, United States Code, or any other youth, social, or fraternal nonprofit organization as may be approved by the Chief of the National Guard Bureau, or his designee, on a case-by-case basis.

SEC. 8070. None of the funds appropriated by this Act shall be used for the support of any nonappropriated funds activity of the Department of Defense that procures malt beverages and wine with nonappropriated funds for resale (including such alcoholic beverages sold by the drink) on a military installation located in the United States unless such malt beverages and wine are procured within that State, or in the case of the District of Columbia, within the District of Columbia, in which the military installation is located: *Provided*, That in a case in which the military installation is located in more than one State, purchases may be made in any State in which the installation is located: *Provided further*, That such local procurement requirements for malt beverages and wine shall apply to all alcoholic beverages only for military installations in States which are not contiguous with another State: *Provided further*, That alcoholic beverages other than wine and malt beverages, in contiguous States and the District of Columbia shall be procured from the most competitive source, price and other factors considered.

SEC. 8071. Funds available to the Department of Defense for the Global Positioning

System during the current fiscal year may be used to fund civil requirements associated with the satellite and ground control segments of such system's modernization program.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8072. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Army", \$106,754,000 shall remain available until expended: *Provided*, That notwithstanding any other provision of law, the Secretary of Defense is authorized to transfer such funds to other activities of the Federal Government: *Provided further*, That the Secretary of Defense is authorized to enter into and carry out contracts for the acquisition of real property, construction, personal services, and operations related to projects carrying out the purposes of this section: *Provided further*, That contracts entered into under the authority of this section may provide for such indemnification as the Secretary determines to be necessary: *Provided further*, That projects authorized by this section shall comply with applicable Federal, State, and local law to the maximum extent consistent with the national security, as determined by the Secretary of Defense.

SEC. 8073. Section 8106 of the Department of Defense Appropriations Act, 1997 (titles I through VIII of the matter under subsection 101(b) of Public Law 104-208; 110 Stat. 3009-111; 10 U.S.C. 113 note) shall continue in effect to apply to disbursements that are made by the Department of Defense in fiscal year 2010.

SEC. 8074. In addition to amounts provided elsewhere in this Act, \$3,750,000 is hereby appropriated to the Department of Defense, to remain available for obligation until expended: *Provided*, That notwithstanding any other provision of law, these funds shall be available only for a grant to the Fisher House Foundation, Inc., only for the construction and furnishing of additional Fisher Houses to meet the needs of military family members when confronted with the illness or hospitalization of an eligible military beneficiary.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8079. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2010 until the enactment of the Intelligence Authorization Act for Fiscal Year 2010.

SEC. 8080. None of the funds provided in this Act shall be available for obligation or expenditure through a reprogramming of funds that creates or initiates a new program, project, or activity unless such program, project, or activity must be undertaken immediately in the interest of national security and only after written prior notification to the congressional defense committees.

SEC. 8081. In addition to funds made available elsewhere in this Act, \$5,500,000 is hereby appropriated and shall remain available until expended to provide assistance, by grant or otherwise (such as the provision of funds for information technology and textbook purchases, professional development for educators, and student transition support) to public schools in states that are considered overseas assignments with unusually high concentrations of special needs military dependents enrolled: *Provided*, That up to 2 percent of the total appropriated funds under this section shall be available for the admin-

istration and execution of the programs and/or events that promote the purpose of this appropriation: *Provided further*, That up to 5 percent of the total appropriated funds under this section shall be available to public schools that have entered into a military partnership: *Provided further*, That \$1,000,000 shall be available for a nonprofit trust fund to assist in the public-private funding of public school repair and maintenance projects: *Provided further*, That \$500,000 shall be available to fund an ongoing special education support program in public schools with unusually high concentrations of active duty military dependents enrolled: *Provided further*, That to the extent a Federal agency provides this assistance by contract, grant, or otherwise, it may accept and expend non-Federal funds in combination with these Federal funds to provide assistance for the authorized purpose.

SEC. 8082. (a) In addition to the amounts provided elsewhere in this Act, \$3,000,000 is hereby appropriated to the Department of Defense for "Operation and Maintenance, Army National Guard". Such amount shall be made available to the Secretary of the Army only to make a grant in the amount of \$3,000,000 to the entity specified in subsection (b) to facilitate access by veterans to opportunities for skilled employment in the construction industry.

(b) The entity referred to in subsection (a) is the Center for Military Recruitment, Assessment and Veterans Employment, a nonprofit labor-management cooperation committee provided for by section 302(c)(9) of the Labor-Management Relations Act, 1947 (29 U.S.C. 186(c)(9)), for the purposes set forth in section 6(b) of the Labor Management Cooperation Act of 1978 (29 U.S.C. 175a note).

SEC. 8083. The budget of the President for fiscal year 2011 submitted to the Congress pursuant to section 1105 of title 31, United States Code, shall include separate budget justification documents for costs of United States Armed Forces' participation in contingency operations for the Military Personnel accounts, the Operation and Maintenance accounts, and the Procurement accounts: *Provided*, That these documents shall include a description of the funding requested for each contingency operation, for each military service, to include all Active and Reserve components, and for each appropriations account: *Provided further*, That these documents shall include estimated costs for each element of expense or object class, a reconciliation of increases and decreases for each contingency operation, and programmatic data including, but not limited to, troop strength for each Active and Reserve component, and estimates of the major weapons systems deployed in support of each contingency: *Provided further*, That these documents shall include budget exhibits OP-5 and OP-32 (as defined in the Department of Defense Financial Management Regulation) for all contingency operations for the budget year and the two preceding fiscal years.

SEC. 8084. None of the funds in this Act may be used for research, development, test, evaluation, procurement or deployment of nuclear armed interceptors of a missile defense system.

SEC. 8085. In addition to the amounts appropriated or otherwise made available elsewhere in this Act, \$110,640,000 is hereby appropriated to the Department of Defense: *Provided*, That the Secretary of Defense shall make grants in the amounts specified as follows: \$15,000,000 to the United Service Organizations; \$22,500,000 to the Red Cross; \$6,000,000 to the SOAR Virtual School District; \$5,000,000 to The Presidio Heritage Center; \$5,000,000 to the Paralympics Military Program; \$3,840,000 to the Arrest Deteriora-

tion of Ford Island Aviation Control Tower, Pearl Harbor, Hawaii; \$1,500,000 to the Go For Broke program; \$800,000 to Our Military Kids; \$3,000,000 to the New Jersey Technology Center; \$1,600,000 to the Women in Military Service for America Memorial; \$500,000 to the Marshall Legacy Institute; \$1,000,000 to the Vietnam Veterans Memorial Fund for Demining Activities; \$18,900,000 to the Edward M. Kennedy Institute for the Senate; \$5,000,000 to the U.S.S. Missouri Memorial Association; \$20,000,000 to the National World War II Museum; and \$1,000,000 for the Riverside General Hospital in Houston, Texas, for the treatment of psychological health issues.

SEC. 8086. None of the funds appropriated or made available in this Act shall be used to reduce or disestablish the operation of the 53rd Weather Reconnaissance Squadron of the Air Force Reserve, if such action would reduce the WC-130 Weather Reconnaissance mission below the levels funded in this Act: *Provided*, That the Air Force shall allow the 53rd Weather Reconnaissance Squadron to perform other missions in support of national defense requirements during the non-hurricane season.

SEC. 8087. None of the funds provided in this Act shall be available for integration of foreign intelligence information unless the information has been lawfully collected and processed during the conduct of authorized foreign intelligence activities: *Provided*, That information pertaining to United States persons shall only be handled in accordance with protections provided in the Fourth Amendment of the United States Constitution as implemented through Executive Order No. 12333.

SEC. 8088. (a) At the time members of reserve components of the Armed Forces are called or ordered to active duty under section 12302(a) of title 10, United States Code, each member shall be notified in writing of the expected period during which the member will be mobilized.

(b) The Secretary of Defense may waive the requirements of subsection (a) in any case in which the Secretary determines that it is necessary to do so to respond to a national security emergency or to meet dire operational requirements of the Armed Forces.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8089. The Secretary of Defense may transfer funds from any available Department of the Navy appropriation to any available Navy ship construction appropriation for the purpose of liquidating necessary changes resulting from inflation, market fluctuations, or rate adjustments for any ship construction program appropriated in law: *Provided*, That the Secretary may transfer not to exceed \$100,000,000 under the authority provided by this section: *Provided further*, That the Secretary may not transfer any funds until 30 days after the proposed transfer has been reported to the Committees on Appropriations of the House of Representatives and the Senate, unless a response from the Committees is received sooner: *Provided further*, That the transfer authority provided by this section is in addition to any other transfer authority contained elsewhere in this Act.

SEC. 8090. For purposes of section 612 of title 41, United States Code, any subdivision of appropriations made under the heading "Shipbuilding and Conversion, Navy" that is not closed at the time reimbursement is made shall be available to reimburse the Judgment Fund and shall be considered for the same purposes as any subdivision under the heading "Shipbuilding and Conversion, Navy" appropriations in the current fiscal year or any prior fiscal year.

SEC. 8091. (a) None of the funds appropriated by this Act may be used to transfer

research and development, acquisition, or other program authority relating to current tactical unmanned aerial vehicles (TUAUVs) from the Army.

(b) The Army shall retain responsibility for and operational control of the MQ-1C Sky Warrior Unmanned Aerial Vehicle (UAV) in order to support the Secretary of Defense in matters relating to the employment of unmanned aerial vehicles.

SEC. 8092. Of the funds provided in this Act, \$10,000,000 shall be available for the operations and development of training and technology for the Joint Interagency Training and Education Center and the affiliated Center for National Response at the Memorial Tunnel and for providing homeland defense/security and traditional warfighting training to the Department of Defense, other Federal agencies, and State and local first responder personnel at the Joint Interagency Training and Education Center.

SEC. 8093. Notwithstanding any other provision of law or regulation, the Secretary of Defense may adjust wage rates for civilian employees hired for certain health care occupations as authorized for the Secretary of Veterans Affairs by section 7455 of title 38, United States Code.

SEC. 8094. Up to \$16,000,000 of the funds appropriated under the heading "Operation and Maintenance, Navy" may be made available for the Asia Pacific Regional Initiative Program for the purpose of enabling the Pacific Command to execute Theater Security Cooperation activities such as humanitarian assistance, and payment of incremental and personnel costs of training and exercising with foreign security forces: *Provided*, That funds made available for this purpose may be used, notwithstanding any other funding authorities for humanitarian assistance, security assistance or combined exercise expenses: *Provided further*, That funds may not be obligated to provide assistance to any foreign country that is otherwise prohibited from receiving such type of assistance under any other provision of law.

SEC. 8095. None of the funds appropriated by this Act for programs of the Office of the Director of National Intelligence shall remain available for obligation beyond the current fiscal year, except for funds appropriated for research and technology, which shall remain available until September 30, 2011.

SEC. 8096. For purposes of section 1553(b) of title 31, United States Code, any subdivision of appropriations made in this Act under the heading "Shipbuilding and Conversion, Navy" shall be considered to be for the same purpose as any subdivision under the heading "Shipbuilding and Conversion, Navy" appropriations in any prior fiscal year, and the 1 percent limitation shall apply to the total amount of the appropriation.

SEC. 8097. Notwithstanding any other provision of this Act, to reflect savings from revised economic assumptions, the total amount appropriated in title II of this Act is hereby reduced by \$194,000,000, the total amount appropriated in title III of this Act is hereby reduced by \$322,000,000, the total amount appropriated in title IV of this Act is hereby reduced by \$336,000,000, and the total amount appropriated in title V of this Act is hereby reduced by \$9,000,000: *Provided*, That the Secretary of Defense shall allocate this reduction proportionally to each budget activity, activity group, subactivity group, and each program, project, and activity, within each appropriation account.

SEC. 8098. Notwithstanding any other provision of law, that not more than 35 percent of funds provided in this Act for environmental remediation may be obligated under indefinite delivery/indefinite quantity contracts with a total contract value of \$130,000,000 or higher.

SEC. 8099. The Secretary of Defense shall create a major force program category for space for the Future Years Defense Program of the Department of Defense. The Secretary of Defense shall designate an official in the Office of the Secretary of Defense to provide overall supervision of the preparation and justification of program recommendations and budget proposals to be included in such major force program category.

SEC. 8100. The Director of National Intelligence shall include the budget exhibits identified in paragraphs (1) and (2) as described in the Department of Defense Financial Management Regulation with the congressional budget justification books.

(1) For procurement programs requesting more than \$20,000,000 in any fiscal year, the P-1, Procurement Program; P-5, Cost Analysis; P-5a, Procurement History and Planning; P-21, Production Schedule; and P-40, Budget Item Justification.

(2) For research, development, test and evaluation projects requesting more than \$10,000,000 in any fiscal year, the R-1, RDT&E Program; R-2, RDT&E Budget Item Justification; R-3, RDT&E Project Cost Analysis; and R-4, RDT&E Program Schedule Profile.

SEC. 8101. Notwithstanding any other provision of law, none of the funds made available in this Act may be used to pay negotiated indirect cost rates on a contract, grant, or cooperative agreement (or similar arrangement) entered into by the Department of Defense and an entity in excess of 35 percent of the total cost of the contract, grant, or agreement (or similar arrangement): *Provided*, That this limitation shall apply only to contracts, grants, or cooperative agreements entered into after the date of enactment of this Act using funds made available in this Act for basic research.

SEC. 8102. The Secretary of Defense shall maintain on the homepage of the Internet website of the Department of Defense a direct link to the Internet website of the Office of Inspector General of the Department of Defense.

SEC. 8103. (a) Not later than 60 days after enactment of this Act, the Office of the Director of National Intelligence shall submit a report to the congressional intelligence committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2010: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation by Expenditure Center and project; and

(3) an identification of items of special congressional interest.

(b) None of the funds provided for the National Intelligence Program in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional intelligence committees, unless the Director of National Intelligence certifies in writing to the congressional intelligence committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8104. The Director of National Intelligence shall submit to Congress each year, at or about the time that the President's budget is submitted to Congress that year under section 1105(a) of title 31, United States Code, a future-years intelligence program (including associated annexes) reflecting the estimated expenditures and proposed appropriations included in that budget. Any such future-years intelligence program shall

cover the fiscal year with respect to which the budget is submitted and at least the four succeeding fiscal years.

SEC. 8105. For the purposes of this Act, the term "congressional intelligence committees" means the Permanent Select Committee on Intelligence of the House of Representatives, the Select Committee on Intelligence of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.

SEC. 8106. The Department of Defense shall continue to report incremental contingency operations costs for Operation Iraqi Freedom and Operation Enduring Freedom on a monthly basis in the Cost of War Execution Report as prescribed in the Department of Defense Financial Management Regulation Department of Defense Instruction 7000.14, Volume 12, Chapter 23 "Contingency Operations", Annex 1, dated September 2005.

SEC. 8107. The amounts appropriated in title II of this Act are hereby reduced by \$400,000,000 to reflect excess cash balances in Department of Defense Working Capital Funds, as follows:

(1) From "Operation and Maintenance, Army", \$150,000,000; and

(2) From "Operation and Maintenance, Air Force", \$250,000,000.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8108. (a) CONTINUATION OF STOP-LOSS SPECIAL PAY.—Funds appropriated by this Act, or made available by the transfer of funds in this Act, shall be made available to the Secretaries of the military departments only to provide special pay during fiscal year 2010 to members of the Army, Navy, Air Force, and Marine Corps, including members of their reserve components, who, at any time during fiscal year 2010, serve on active duty while the members' enlistment or period of obligated service is extended, or whose eligibility for retirement is suspended, pursuant to section 123 or 12305 of title 10, United States Code, or any other provision of law (commonly referred to as a "stop-loss authority") authorizing the President to extend an enlistment or period of obligated service, or suspend an eligibility for retirement, of a member of the uniformed services in time of war or of national emergency declared by Congress or the President.

(b) SPECIAL PAY AMOUNT.—The amount of the special pay paid under subsection (a) to or on behalf of an eligible member shall be \$500 per month for each month or portion of a month during fiscal year 2010 that the member is retained on active duty as a result of application of the stop-loss authority.

(c) TREATMENT OF DECEASED MEMBERS.—If an eligible member described in subsection (a) dies before the payment required by this section is made, the Secretary of the military department concerned shall make the payment in accordance with section 2771 of title 10, United States Code.

(d) CLARIFICATION OF RETROACTIVE STOP-LOSS SPECIAL PAY AUTHORITY.—Section 310 of the Supplemental Appropriations Act, 2009 (Public Law 111-32; 123 Stat. 1870) is amended by adding at the end the following new subsection:

"(i) EFFECT OF SUBSEQUENT REENLISTMENT OF VOLUNTARY EXTENSION OF SERVICE.—Members of the Armed Forces, retired members, and former members otherwise described in subsection (a) are not eligible for a payment under this section if the members—

"(1) voluntarily reenlisted or extended their service after their enlistment or period of obligated service was extended, or after their eligibility for retirement was suspended, pursuant to a stop-loss authority; and

“(2) received a bonus for such reenlistment or extension of service.”

(INCLUDING TRANSFER OF FUNDS)

SEC. 8109. During the current fiscal year, not to exceed \$11,000,000 from each of the appropriations made in title II of this Act for “Operation and Maintenance, Army”, “Operation and Maintenance, Navy”, and “Operation and Maintenance, Air Force” may be transferred by the military department concerned to its central fund established for Fisher Houses and Suites pursuant to section 2493(d) of title 10, United States Code.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8110. Of the funds appropriated in the Intelligence Community Management Account for the Program Manager for the Information Sharing Environment, \$24,000,000 is available for transfer by the Director of National Intelligence to other departments and agencies for purposes of Government-wide information sharing activities: *Provided*, That funds transferred under this provision are to be merged with and available for the same purposes and time period as the appropriation to which transferred: *Provided further*, That the Office of Management and Budget must approve any transfers made under this provision.

SEC. 8111. Funds appropriated by this Act for operation and maintenance may be available for the purpose of making remittances to the Defense Acquisition Workforce Development Fund in accordance with the requirements of section 1705 of title 10, United States Code.

SEC. 8112. (a) HIGH PRIORITY NATIONAL GUARD COUNTERDRUG PROGRAMS.—Of the amount appropriated or otherwise made available by title VI under the heading “Drug Interdiction and Counter-Drug Activities, Defense”, up to \$15,000,000 shall be available for the purpose of High Priority National Guard Counterdrug Programs.

(b) SUPPLEMENT NOT SUPPLANT.—The amount made available by subsection (a) for the purpose specified in that subsection is in addition to any other amounts made available by this Act for that purpose.

APOLOGY TO NATIVE PEOPLES OF THE UNITED STATES

SEC. 8113. (a) ACKNOWLEDGMENT AND APOLOGY.—The United States, acting through Congress—

(1) recognizes the special legal and political relationship Indian tribes have with the United States and the solemn covenant with the land we share;

(2) commends and honors Native Peoples for the thousands of years that they have stewarded and protected this land;

(3) recognizes that there have been years of official depredations, ill-conceived policies, and the breaking of covenants by the Federal Government regarding Indian tribes;

(4) apologizes on behalf of the people of the United States to all Native Peoples for the many instances of violence, maltreatment, and neglect inflicted on Native Peoples by citizens of the United States;

(5) expresses its regret for the ramifications of former wrongs and its commitment to build on the positive relationships of the past and present to move toward a brighter future where all the people of this land live reconciled as brothers and sisters, and harmoniously steward and protect this land together;

(6) urges the President to acknowledge the wrongs of the United States against Indian tribes in the history of the United States in order to bring healing to this land; and

(7) commends the State governments that have begun reconciliation efforts with recognized Indian tribes located in their boundaries and encourages all State governments

similarly to work toward reconciling relationships with Indian tribes within their boundaries.

(b) DISCLAIMER.—Nothing in this section—

(1) authorizes or supports any claim against the United States; or

(2) serves as a settlement of any claim against the United States.

SEC. 8114. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.

SEC. 8115. (a) It is the sense of Congress that—

(1) All of the National Nuclear Security Administration sites, including the Nevada Test Site can play an effective and essential role in developing and demonstrating—

(A) innovative and effective methods for treaty verification and the detection of nuclear weapons and other materials; and

(B) related threat reduction technologies; and

(2) the Administrator for Nuclear Security should expand the mission of the Nevada Test Site to carry out the role described in paragraph (1), including by—

(A) fully utilizing the inherent capabilities and uniquely secure location of the Site;

(B) continuing to support the Nation’s nuclear weapons program and other national security programs; and

(C) renaming the Site to reflect the expanded mission of the Site.

(b) Not later than one year after the date of the enactment of this Act, the Administrator for Nuclear Security shall submit to the congressional defense committees and the Subcommittees on Energy and Water Development of the Committees on Appropriations a plan for improving the infrastructure of the Nevada Test Site of the National Nuclear Security Administration and, if the Administrator deems appropriate, all other sites under the jurisdiction of the National Nuclear Security Administration—

(1) to fulfill the expanded mission of the Site described in subsection (a); and

(2) to make the Site available to support the threat reduction programs of the entire national security community, including threat reduction programs of the National Nuclear Security Administration, the Defense Threat Reduction Agency, the Department of Homeland Security, and other agencies as appropriate.

SEC. 8116. (a) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract for an amount in excess of \$1,000,000 that is awarded more than 60 days after the effective date of this Act, unless the contractor agrees not to:

(1) enter into any agreement with any of its employees or independent contractors that requires, as a condition of employment, that the employee or independent contractor agree to resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or

negligent hiring, supervision, or retention; or

(2) take any action to enforce any provision of an existing agreement with an employee or independent contractor that mandates that the employee or independent contractor resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention.

(b) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract awarded more than 180 days after the effective date of this Act unless the contractor certifies that it requires each covered subcontractor to agree not to enter into, and not to take any action to enforce any provision of, any agreement as described in paragraphs (1) and (2) of subsection (a), with respect to any employee or independent contractor performing work related to such subcontract. For purposes of this subsection, a “covered subcontractor” is an entity that has a subcontract in excess of \$1,000,000 on a contract subject to subsection (a).

(c) The prohibitions in this section do not apply with respect to a contractor’s or subcontractor’s agreements with employees or independent contractors that may not be enforced in a court of the United States.

(d) The Secretary of Defense may waive the application of subsection (a) or (b) to a particular contractor or subcontractor for the purposes of a particular contract or subcontract if the Secretary or the Deputy Secretary personally determines that the waiver is necessary to avoid harm to national security interests of the United States, and that the term of the contract or subcontract is not longer than necessary to avoid such harm. The determination shall set forth with specificity the grounds for the waiver and for the contract or subcontract term selected, and shall state any alternatives considered in lieu of a waiver and the reasons each such alternative would not avoid harm to national security interests of the United States. The Secretary of Defense shall transmit to Congress, and simultaneously make public, any determination under this subsection not less than 15 business days before the contract or subcontract addressed in the determination may be awarded.

SEC. 8117. (a) PROHIBITION ON CONVERSION OF FUNCTIONS PERFORMED BY FEDERAL EMPLOYEES TO CONTRACTOR PERFORMANCE.—None of the funds appropriated or otherwise made available by this Act, or that remain available for obligation for the Department of Defense from the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (Public Law 110-329), the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), and the Supplemental Appropriations Act, 2009 (Public Law 111-32), may be used to begin or announce the competition to award to a contractor or convert to performance by a contractor any functions performed by Federal employees pursuant to a study conducted under Office of Management and Budget (OMB) Circular A-76.

(b) EXCEPTION.—The prohibition in subsection (a) shall not apply to the award of a function to a contractor or the conversion of a function to performance by a contractor pursuant to a study conducted under Office of Management and Budget (OMB) Circular A-76 once all reporting and certifications required by section 325 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84) have been satisfactorily completed.

SEC. 8118. (a)(1) No National Intelligence Program funds appropriated in this Act may

be used for a mission critical or mission essential business management information technology system that is not registered with the Director of National Intelligence. A system shall be considered to be registered with that officer upon the furnishing notice of the system, together with such information concerning the system as the Director of the Business Transformation Office may prescribe.

(2) During the current fiscal year no funds may be obligated or expended for a financial management automated information system, a mixed information system supporting financial and non-financial systems, or a business system improvement of more than \$3,000,000, within the Intelligence Community without the approval of the Business Transformation Investment Review Board.

(b) The Director of the Business Transformation Office shall provide the congressional intelligence committees a semi-annual report of approvals under paragraph (1) no later than March 30 and September 30 of each year. The report shall include the results of the Business Transformation Investment Review Board's semi-annual activities, and each report shall certify that the following steps have been taken for systems approved under paragraph (1):

(1) Business process reengineering.

(2) An analysis of alternatives and an economic analysis that includes a calculation of the return on investment.

(3) Assurance the system is compatible with the enterprise-wide business architecture.

(4) Performance measures.

(5) An information assurance strategy consistent with the Chief Information Officer of the Intelligence Community.

(c) This section shall not apply to any programmatic or analytic systems or programmatic or analytic system improvements.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8119. In addition to funds made available elsewhere in this Act, there is hereby appropriated \$291,715,000, to remain available until transferred: *Provided*, That these funds are appropriated to the "Tanker Replacement Transfer Fund" (referred to as "the Fund" elsewhere in this section): *Provided further*, That the Secretary of the Air Force may transfer amounts in the Fund to "Operation and Maintenance, Air Force", "Air-craft Procurement, Air Force", and "Research, Development, Test and Evaluation, Air Force", only for the purposes of proceeding with a tanker acquisition program: *Provided further*, That funds transferred shall be merged with and be available for the same purposes and for the same time period as the appropriations or fund to which transferred: *Provided further*, That this transfer authority is in addition to any other transfer authority available to the Department of Defense: *Provided further*, That the Secretary of the Air Force shall, not fewer than 15 days prior to making transfers using funds provided in this section, notify the congressional defense committees in writing of the details of any such transfer: *Provided further*, That the Secretary shall submit a report no later than 30 days after the end of each fiscal quarter to the congressional defense committees summarizing the details of the transfer of funds from this appropriation.

SEC. 8120. (a) RESETTLEMENT SUPPORT AND OTHER PUBLIC BENEFITS FOR CERTAIN IRAQI REFUGEES.—Section 1244(g) of the Refugee Crisis in Iraq Act of 2007 (subtitle C of title XII of division A of Public Law 110-181; 122 Stat. 398) is amended by striking "for a period not to exceed eight months" and inserting "to the same extent, and for the same periods of time, as such refugees".

(b) RESETTLEMENT SUPPORT AND OTHER PUBLIC BENEFITS FOR CERTAIN AFGHAN AL-LIES.—Section 602(b)(8) of the Afghan Allies Protection Act of 2009 (title VI of division F of Public Law 111-8; 123 Stat. 809) is amended by striking "for a period not to exceed 8 months" and inserting "to the same extent, and for the same periods of time, as such refugees".

SEC. 8121. (a) Each congressionally directed spending item specified in this Act or the explanatory statement regarding this Act that is also identified in Senate Report 111-74 and intended for award to a for-profit entity shall be subject to acquisition regulations for full and open competition on the same basis as each spending item intended for a for-profit entity that is contained in the budget request of the President.

(b) EXCEPTIONS.—Subsection (a) shall not apply to any contract awarded—

(1) by a means that is required by Federal statute, including for a purchase made under a mandated preferential program;

(2) pursuant to the Small Business Act (15 U.S.C. 631 et seq.); or

(3) in an amount less than the simplified acquisition threshold described in section 302A(a) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 252a(a)).

(c) Any congressionally directed spending item specified in this Act or the explanatory statement regarding this Act that is intended for award to a for-profit entity and is not covered by the competition requirement specified in subsection (a), shall be awarded under full and open competition, except that any contract previously awarded under full and open competition that remains in effect during fiscal year 2010 shall be considered to have satisfied the conditions of full and open competition.

(d) In this section, the term "congressionally directed spending item" means the following:

(1) A congressionally directed spending item, as defined in Rule XLIV of the Standing Rules of the Senate.

(2) A congressional earmark for purposes of rule XXI of the House of Representatives.

SEC. 8122. None of the funds appropriated or otherwise made available by this Act may be used to award to a contractor or convert to performance by a contractor any functions pursuant to a study conducted under Office of Management and Budget (OMB) Circular A-76 or as part of a utility privatization authorized under section 2688 of title 10, United States Code or under any other provision of law, that are performed by Federal employees at the United States Military Academy, West Point, as of the date of enactment of this Act.

SEC. 8123. None of the funds made available under this Act may be distributed to the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries.

SEC. 8124. The explanatory statement regarding this Act printed in the House of Representatives section of the Congressional Record on or about December 16, 2010, by the Chairman of the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives shall have the same effect with respect to the allocation of funds and implementation of this Act as if it were a joint explanatory statement of a committee of conference.

GENERAL PROVISIONS—THIS TITLE

SEC. 9001. Notwithstanding any other provision of law, funds made available in this title are in addition to amounts appropriated or otherwise made available for the Department of Defense for fiscal year 2010.

(INCLUDING TRANSFER OF FUNDS)

SEC. 9002. Upon the determination of the Secretary of Defense that such action is necessary in the national interest, the Secretary may, with the approval of the Office of Management and Budget, transfer up to \$4,000,000,000 between the appropriations or funds made available to the Department of Defense in this title: *Provided*, That the Secretary shall notify the Congress promptly of each transfer made pursuant to the authority in this section: *Provided further*, That the authority provided in this section is in addition to any other transfer authority available to the Department of Defense and is subject to the same terms and conditions as the authority provided in the Department of Defense Appropriations Act, 2010: *Provided further*, That the amount in this section is designated as being for overseas deployments and other activities pursuant to sections 401(c)(4) and 423(a)(1) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 9003. Supervision and administration costs associated with a construction project funded with appropriations available for operation and maintenance and the "Afghanistan Security Forces Fund" provided in this Act and executed in direct support of overseas contingency operations in Afghanistan, may be obligated at the time a construction contract is awarded: *Provided*, That for the purpose of this section, supervision and administration costs include all in-house Government costs.

SEC. 9004. From funds made available in this title, the Secretary of Defense may purchase for use by military and civilian employees of the Department of Defense in Iraq and Afghanistan: (a) passenger motor vehicles up to a limit of \$75,000 per vehicle and (b) heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$250,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

SEC. 9005. Not to exceed \$1,200,000,000 of the amount appropriated in this title under the heading "Operation and Maintenance, Army" may be used, notwithstanding any other provision of law, to fund the Commander's Emergency Response Program, for the purpose of enabling military commanders in Iraq and Afghanistan to respond to urgent humanitarian relief and reconstruction requirements within their areas of responsibility: *Provided*, That not later than 45 days after the end of each fiscal year quarter, the Secretary of Defense shall submit to the congressional defense committees a report regarding the source of funds and the allocation and use of funds during that quarter that were made available pursuant to the authority provided in this section or under any other provision of law for the purposes described herein: *Provided further*, That, of the funds provided, \$500,000,000 shall not be available until 5 days after the Secretary of Defense has completed a thorough review of the Commander's Emergency Response Program and provided a report on his findings to the congressional defense committees.

SEC. 9006. Funds available to the Department of Defense for operation and maintenance

may be used, notwithstanding any other provision of law, to provide supplies, services, transportation, including airlift and sealift, and other logistical support to coalition forces supporting military and stability operations in Iraq and Afghanistan: *Provided*, That the Secretary of Defense shall provide quarterly reports to the congressional defense committees regarding support provided under this section.

SEC. 9007. Each amount in this title is designated as being for overseas deployments and other activities pursuant to section 401(c)(4) and 423(a)(1) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 9008. None of the funds appropriated or otherwise made available by this or any other Act shall be obligated or expended by the United States Government for a purpose as follows:

(1) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Iraq.

(2) To exercise United States control over any oil resource of Iraq.

(3) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Afghanistan.

SEC. 9009. None of the funds made available in this Act may be used in contravention of the following laws enacted or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment (done at New York on December 10, 1984):

(1) Section 2340A of title 18, United States Code.

(2) Section 2242 of the Foreign Affairs Reform and Restructuring Act of 1998 (division G of Public Law 105-277; 112 Stat. 2681-822; 8 U.S.C. 1231 note) and regulations prescribed thereto, including regulations under part 208 of title 8, Code of Federal Regulations, and part 95 of title 22, Code of Federal Regulations.

(3) Sections 1002 and 1003 of the Department of Defense, Emergency Supplemental Appropriations to Address Hurricanes in the Gulf of Mexico, and Pandemic Influenza Act, 2006 (Public Law 109-148).

SEC. 9010. (a) The Director of the Office of Management and Budget, in consultation with the Secretary of Defense; the Commander of the United States Central Command; the Commander, Multi-National Security Transition Command—Iraq; and the Commander, Combined Security Transition Command—Afghanistan, shall submit to the congressional defense committees not later than 45 days after the end of each fiscal quarter a report on the proposed use of all funds appropriated by this or any prior Act under each of the headings "Iraq Security Forces Fund", "Afghanistan Security Forces Fund", and "Pakistan Counterinsurgency Fund" on a project-by-project basis, for which the obligation of funds is anticipated during the 3-month period from such date, including estimates by the commanders referred to in this section of the costs required to complete each such project.

(b) The report required by this subsection shall include the following:

(1) The use of all funds on a project-by-project basis for which funds appropriated under the headings referred to in subsection (a) were obligated prior to the submission of the report, including estimates by the commanders referred to in subsection (a) of the costs to complete each project.

(2) The use of all funds on a project-by-project basis for which funds were appropriated under the headings referred to in subsection (a) in prior appropriations Acts,

or for which funds were made available by transfer, reprogramming, or allocation from other headings in prior appropriations Acts, including estimates by the commanders referred to in subsection (a) of the costs to complete each project.

(3) An estimated total cost to train and equip the Iraq, Afghanistan, and Pakistan security forces, disaggregated by major program and sub-elements by force, arrayed by fiscal year.

(c) The Secretary of Defense shall notify the congressional defense committees of any proposed new projects or transfers of funds between sub-activity groups in excess of \$20,000,000 using funds appropriated by this or any prior Act under the headings "Iraq Security Forces Fund", "Afghanistan Security Forces Fund", and "Pakistan Counterinsurgency Fund".

SEC. 9011. (a) None of the funds made available in this or any other Act may be used to release an individual who is detained, as of June 24, 2009, at Naval Station, Guantanamo Bay, Cuba, into the continental United States, Alaska, Hawaii, or the District of Columbia, into any of the United States territories of Guam, American Samoa (AS), the United States Virgin Islands (USVI), the Commonwealth of Puerto Rico and the Commonwealth of the Northern Mariana Islands (CNMI).

(b) None of the funds made available in this or any other Act may be used to transfer an individual who is detained, as of June 24, 2009, at Naval Station, Guantanamo Bay, Cuba, into the continental United States, Alaska, Hawaii, or the District of Columbia, into any of the United States territories of Guam, American Samoa (AS), the United States Virgin Islands (USVI), the Commonwealth of Puerto Rico and the Commonwealth of the Northern Mariana Islands (CNMI), for the purpose of detention, except as provided in subsection (c).

(c) None of the funds made available in this or any other Act may be used to transfer an individual who is detained, as of June 24, 2009, at Naval Station, Guantanamo Bay, Cuba, into the continental United States, Alaska, Hawaii, or the District of Columbia, into any of the United States territories of Guam, American Samoa (AS), the United States Virgin Islands (USVI), the Commonwealth of Puerto Rico and the Commonwealth of the Northern Mariana Islands (CNMI), for the purposes of prosecuting such individual, or detaining such individual during legal proceedings, until 45 days after the plan described in subsection (d) is received.

(d) The President shall submit to Congress, in classified form, a plan regarding the proposed disposition of any individual covered by subsection (c) who is detained as of June 24, 2009. Such plan shall include, at a minimum, each of the following for each such individual:

(1) A determination of the risk that the individual might instigate an act of terrorism within the continental United States, Alaska, Hawaii, the District of Columbia, or the United States territories if the individual were so transferred.

(2) A determination of the risk that the individual might advocate, coerce, or incite violent extremism, ideologically motivated criminal activity, or acts of terrorism, among inmate populations at incarceration facilities within the continental United States, Alaska, Hawaii, the District of Columbia, or the United States territories if the individual were transferred to such a facility.

(3) The costs associated with transferring the individual in question.

(4) The legal rationale and associated court demands for transfer.

(5) A plan for mitigation of any risks described in paragraphs (1), (2), and (7).

(6) A copy of a notification to the Governor of the State to which the individual will be transferred, to the Mayor of the District of Columbia if the individual will be transferred to the District of Columbia, or to any United States territories with a certification by the Attorney General of the United States in classified form at least 14 days prior to such transfer (together with supporting documentation and justification) that the individual poses little or no security risk to the United States.

(7) An assessment of any risk to the national security of the United States or its citizens, including members of the Armed Services of the United States, that is posed by such transfer and the actions taken to mitigate such risk.

(e) None of the funds made available in this or any other Act may be used to transfer or release an individual detained at Naval Station, Guantanamo Bay, Cuba, as of June 24, 2009, to the country of such individual's nationality or last habitual residence or to any other country other than the United States or to a freely associated State, unless the President submits to the Congress, in classified form, at least 15 days prior to such transfer or release, the following information:

(1) The name of any individual to be transferred or released and the country or the freely associated State to which such individual is to be transferred or released.

(2) An assessment of any risk to the national security of the United States or its citizens, including members of the Armed Services of the United States, that is posed by such transfer or release and the actions taken to mitigate such risk.

(3) The terms of any agreement with the country or the freely associated State for the acceptance of such individual, including the amount of any financial assistance related to such agreement.

(f) In this section, the term "freely associated States" means the Federated States of Micronesia (FSM), the Republic of the Marshall Islands (RMI), and the Republic of Palau.

(g) Prior to the termination of detention operations at Naval Station, Guantanamo Bay, Cuba, the President shall submit to the Congress a report in classified form describing the disposition or legal status of each individual detained at the facility as of the date of enactment of this Act.

SEC. 9012. (a) FUNDING FOR OUTREACH AND REINTEGRATION SERVICES UNDER YELLOW RIBBON REINTEGRATION PROGRAM.—Of the amounts appropriated or otherwise made available by title IX, up to \$20,000,000 may be available for outreach and reintegration services under the Yellow Ribbon Reintegration Program under section 582(h) of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181; 122 Stat. 125; 10 U.S.C. 10101 note).

(b) SUPPLEMENT NOT SUPPLANT.—The amount made available by subsection (a) for the services described in that subsection is in addition to any other amounts available in this Act for such services.

This division may be cited as the "Department of Defense Appropriations Act, 2010".

DIVISION B—OTHER MATTERS

SEC. 1001. There are hereby appropriated such sums as may be necessary, for an additional amount for "Food and Nutrition Service—Supplemental Nutrition Assistance Program" for necessary current year expenses to carry out the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.): *Provided*, That such amount shall be used only in such amounts and at such times as may become necessary to carry out program operations: *Provided further*, That amounts so appro-

riated are designated as emergency requirements and necessary to meet emergency needs pursuant to sections 403 and 423(b) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 1002. (a) IN GENERAL.—For the costs of State administrative expenses associated with administering the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.), there are hereby appropriated \$400,000,000, which shall remain available until September 30, 2011.

(b) ALLOCATION OF FUNDS.—Funds described in subsection (a) shall be made available as grants to State agencies as follows—

(1) 75 percent of the amounts available shall be allocated to States based on the share of each State of households that participate in the supplemental nutrition assistance program as reported to the Department of Agriculture for the most recent 12-month period for which data are available, adjusted by the Secretary (as of the date of enactment) for participation in disaster programs under section 5(h) of the Food and Nutrition Act of 2008 (7 U.S.C. 2014(h));

(2) 25 percent of the amounts available shall be allocated to States based on the increase in the number of households that participate in the supplemental nutrition assistance program as reported to the Department of Agriculture over the most recent 12-month period for which data are available, adjusted by the Secretary (as of the date of enactment) for participation in disaster programs under section 5(h) of the Food and Nutrition Act of 2008 (7 U.S.C. 2014(h)); and

(3) Not later than 60 days after the date of enactment of this Act, the Secretary shall make available to States amounts based on paragraphs (1) and (2) of this subparagraph.

(c) REALLOCATION OF FUNDS.—Funds unobligated at the State level in fiscal year 2010 may be recovered and reallocated to the States in fiscal year 2011.

(d) EMERGENCY DESIGNATION.—Amounts in this section are designated as emergency requirements and necessary to meet emergency needs pursuant to sections 403 and 423(b) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

(4) Section 5 of the Unemployment Compensation Extension Act of 2008 (Public Law 110-449; 26 U.S.C. 3304 note) is amended by striking “May 30, 2010” and inserting “July 31, 2010”.

(b) Section 4004(e)(1) of the Supplemental Appropriations Act, 2008 (Public Law 110-252; 26 U.S.C. 3304 note) is amended by striking “by reason of” and all that follows and inserting the following: “by reason of—

“(A) the amendments made by section 2001(a) of the Assistance for Unemployed Workers and Struggling Families Act;

“(B) the amendments made by sections 2 through 4 of the Worker, Homeownership, and Business Assistance Act of 2009; and

“(C) the amendments made by section 1009 of the Department of Defense Appropriations Act, 2010; and”.

(c) Amounts in this section are designated as emergency requirements and necessary to meet emergency needs pursuant to sections 403 and 423(b) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

SEC. 1010. (a) EXTENSION OF ELIGIBILITY PERIOD.—Subsection (a)(3)(A) of section 3001 of division B of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5) is amended by striking “December 31, 2009” and inserting “February 28, 2010”.

(b) EXTENSION OF MAXIMUM DURATION OF ASSISTANCE.—Subsection (a)(2)(A)(ii)(I) of such section is amended by striking “9 months” and inserting “15 months”.

(c) RULES RELATED TO 2009 EXTENSION.—Subsection (a) of such section is further amended by adding at the end the following:

“(16) RULES RELATED TO 2009 EXTENSION.—

“(A) ELECTION TO PAY PREMIUMS RETROACTIVELY AND MAINTAIN COBRA COVERAGE.—In the case of any premium for a period of coverage during an assistance eligible individual’s transition period, such individual shall be treated for purposes of any COBRA continuation provision as having timely paid the amount of such premium if—

“(i) such individual was covered under the COBRA continuation coverage to which such premium relates for the period of coverage

immediately preceding such transition period, and

“(ii) such individual pays, not later than 60 days after the date of the enactment of this paragraph (or, if later, 30 days after the date of provision of the notification required under subparagraph (D)(ii)), the amount of such premium, after the application of paragraph (1)(A).

“(B) REFUNDS AND CREDITS FOR RETROACTIVE PREMIUM ASSISTANCE ELIGIBILITY.—In the case of an assistance eligible individual who pays, with respect to any period of COBRA continuation coverage during such individual’s transition period, the premium amount for such coverage without regard to paragraph (1)(A), rules similar to the rules of paragraph (12)(E) shall apply.

“(C) TRANSITION PERIOD.—

“(i) IN GENERAL.—For purposes of this paragraph, the term ‘transition period’ means, with respect to any assistance eligible individual, any period of coverage if—

“(I) such period begins before the date of the enactment of this paragraph, and

“(II) paragraph (1)(A) applies to such period by reason of the amendment made by section 1010(b) of the Department of Defense Appropriations Act, 2010.

“(ii) CONSTRUCTION.—Any period during the period described in subclauses (I) and (II) of clause (i) for which the applicable premium has been paid pursuant to subparagraph (A) shall be treated as a period of coverage referred to in such paragraph, irrespective of any failure to timely pay the applicable premium (other than pursuant to subparagraph (A)) for such period.

“(D) NOTIFICATION.—

“(i) IN GENERAL.—In the case of an individual who was an assistance eligible individual at any time on or after October 31, 2009, or experiences a qualifying event (consisting of termination of employment) relating to COBRA continuation coverage on or after such date, the administrator of the group health plan (or other entity) involved shall provide an additional notification with information regarding the amendments made by section 1010 of the Department of Defense Appropriations Act, 2010, within 60 days after the date of the enactment of such Act or, in the case of a qualifying event occurring after such date of enactment, consistent with the timing of notifications under paragraph (7)(A).

“(ii) TO INDIVIDUALS WHO LOST ASSISTANCE.—In the case of an assistance eligible individual described in subparagraph (A)(i) who did not timely pay the premium for any period of coverage during such individual’s transition period or paid the premium for such period without regard to paragraph (1)(A), the administrator of the group health plan (or other entity) involved shall provide to such individual, within the first 60 days of such individual’s transition period, an additional notification with information regarding the amendments made by section 1010 of the Department of Defense Appropriations Act, 2010, including information on the ability under subparagraph (A) to make retroactive premium payments with respect to the transition period of the individual in order to maintain COBRA continuation coverage.

“(iii) APPLICATION OF RULES.—Rules similar to the rules of paragraph (7) shall apply with respect to notifications under this subparagraph.”.

(d) CLARIFICATION THAT ELIGIBILITY AND NOTICE IS BASED ON TIMING OF QUALIFYING EVENT.—Subsection (a) of such section is amended—

(1) in paragraph (3)(A)—

(A) by striking “at any time” and inserting “such qualified beneficiary is eligible for

COBRA continuation coverage related to a qualifying event occurring”; and

(B) by striking “, such qualified beneficiary is eligible for COBRA continuation coverage”; and

(2) in paragraph (7)(A), by striking “become entitled to elect COBRA continuation coverage” and inserting “have a qualifying event relating to COBRA continuation coverage”.

(e) EFFECTIVE DATE.—The amendments made by this section shall take effect as if included in the provisions of section 3001 of division B of the American Recovery and Reinvestment Act of 2009 to which they relate.

(f) EMERGENCY DESIGNATIONS.—

(1) IN GENERAL.—Amounts in this section are designated as emergency requirements and necessary to meet emergency needs pursuant to sections 403 and 423(b) of S. Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal year 2010.

(2) PAYGO.—All applicable provisions in this section are designated as an emergency for purposes of pay-as-you-go principles.

SEC. 1011. (a) IN GENERAL.—Section 1848(d) of the Social Security Act (42 U.S.C. 1395w-4(d)) is amended by adding at the end the following new paragraph:

“(10) UPDATE FOR PORTION OF 2010.—

“(A) IN GENERAL.—Subject to paragraphs (7)(B), (8)(B), and (9)(B), in lieu of the update to the single conversion factor established in paragraph (1)(C) that would otherwise apply for 2010 for the period beginning on January 1, 2010, and ending on February 28, 2010, the update to the single conversion factor shall be 0 percent for 2010.

“(B) NO EFFECT ON COMPUTATION OF CONVERSION FACTOR FOR REMAINING PORTION OF 2010 AND SUBSEQUENT YEARS.—The conversion factor under this subsection shall be computed under paragraph (1)(A) for the period beginning on March 1, 2010, and ending on December 31, 2010, and for 2011 and subsequent years as if subparagraph (A) had never applied.”.

(b) FUNDING FROM MEDICARE IMPROVEMENT FUND.—Section 1898(b)(1) of such Act (42 U.S.C. 1395iii(b)(1)) is amended—

(1) in subparagraph (A)—

(A) by striking “\$22,290,000,000” and inserting “\$20,740,000,000”; and

(B) by striking “and” at the end;

(2) by redesignating subparagraph (B) as subparagraph (C); and

(3) by inserting after subparagraph (A) the following new subparagraph:

“(B) fiscal year 2015, \$550,000,000; and”.

SEC. 1012. Notwithstanding any other provision of law, the Secretary of Health and Human Services shall not publish updated poverty guidelines for 2010 under section 673(2) of the Omnibus Budget Reconciliation Act of 1981 (42 U.S.C. 9902(2)) before March 1, 2010, and the poverty guidelines published under such section on January 23, 2009, shall remain in effect until updated poverty guidelines are published.

SEC. 1013. From the “National Telecommunications and Information Administration—Digital-to-Analog Converter Box Program” in the Department of Commerce, \$128,000,000 is hereby rescinded.

SEC. 1014. The explanatory statement regarding this Act printed in the House of Representatives section of the Congressional Record on or about December 16, 2010, by the Chairman of the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives shall have the same effect with respect to the allocation of funds and implementation of this Act as if it were a joint explanatory statement of a committee of conference.

The SPEAKER pro tempore. The motion shall be debatable for 1 hour

equally divided and controlled by the Chair and ranking minority member of the Committee on Appropriations.

The gentleman from Pennsylvania (Mr. MURTHA) and the gentleman from Florida (Mr. YOUNG) each will control 30 minutes.

The Chair recognizes the gentleman from Pennsylvania.

GENERAL LEAVE

Mr. MURTHA. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include tabular and extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Pennsylvania?

There was no objection.

Mr. MURTHA. I yield myself such time as I may consume.

Madam Speaker, Members of the House, this is the largest appropriations bill that we have ever handled. It was completely bipartisan. We never did anything without working together. It is basically the same bill we voted on before it went to the Senate but with a few minor changes. I am pleased to say that we made some conciliatory changes with the White House and also with the Senate. This, as a matter of fact, is \$625 billion. The House passed \$636 billion. It pays for first-class medical care for military personnel.

I have to say I don't usually talk on any one thing, but having been out at Bethesda in intensive care for 2 days, I have to endorse the money that we have spent on the care at Bethesda. They did a marvelous job, and I am so pleased about the way the money is being handled out there.

Medical research, of course, the committee under my leadership and under the leadership of JERRY LEWIS and BILL YOUNG, has always been in the forefront. There are peer-reviewed programs, which have turned out to be as good as any programs you will find any place. We are supporting military families, operations and maintenance, civilian workforce, and insourcing. We are trying to reduce the contractors, and we are struggling in doing that. The inspector of general oversight, we worked at that for 2 or 3 years. This bill includes the MRAP program and \$526 million for situational awareness.

In other words, this is as good a bill as we could come up with given the amount of money that was apportioned to us.

The Fiscal Year 2010 Defense Appropriations Bill puts troops first, ensuring their readiness, providing them with first class weapons and equipment, and ensuring the availability of care and support for their families.

The bill makes critical investments in the health, well-being and readiness of our armed forces; addressing issues raised by service members, their families, and Department of Defense officials in testimony before the Congress, and discovered through visits to military bases across the United States and overseas. The bill also reins in the use of contractors

and begins to return inherently governmental functions to Department of Defense personnel.

For the first time since the beginning of operations in Iraq, this bill includes funding for Overseas Contingency Operations in Afghanistan and Iraq for the upcoming fiscal year; providing \$128.3 billion to support current operations, and to meet the needs of our troops in the field and their families here at home. The bill does not address the President's new Afghanistan security strategy because the Administration has yet to request funding for that initiative.

[Bill total in billions]

2009 Total Enacted	\$625.3
President's Request	640.1
House Passed	636.3
Senate Passed	636.3
2010 Total Bill	636.3

Military Personnel and Pay: The bill provides a 3.4 percent military pay increase, 0.5 percent above the request. The bill also includes \$1 billion pursuant to an amended budget request in order to increase U.S. Army troop strength.

First Class Medical Care: The bill recommends a total of \$29.2 billion for the Defense Health Program, \$3 billion above fiscal year 2009 and \$1 billion above the 2010 request. The increase includes \$307 million above the request to provide for shortfalls in the TRICARE program. The bill also includes \$300 million above the request for transportation infrastructure issues related to base closure.

To provide quality medical care for service members and their families, and address the serious financial challenges facing the Defense Health Program, the bill recommends the following funding:

HIV Research	\$20,000,000
Wound Care Research	13,000,000
Traumatic Brain Injury and Psychological Health Research (\$372m budget + \$120m over budget)	120,000,000
Global HIV/AIDS Prevention	10,000,000
Peer-Reviewed Medical Research Program	50,000,000
Peer-Reviewed Breast Cancer Research	150,000,000
Peer-Reviewed Ovarian Cancer Research Program	18,750,000
Peer-Reviewed Prostate Cancer Research Program	80,000,000

Supporting Military Families: The bill provides greater support for military families. The bill includes funding for quality child care, job training for spouses, and expanded counseling and outreach to families that have experienced the separation and stress of war. The bill fully funds \$472.4 million for Family Advocacy programs and fully funds Family Support and Yellow Ribbon programs.

Operation and Maintenance: The bill recommends \$154 billion for operation and maintenance, an increase of \$1.3 billion above the fiscal year 2009 enacted level. The recommendation includes funding above the budget request for the following items:

Hybrid Operations Readiness Training (Hybrid—DoD's new terminology for full-spectrum training)	\$43,000,000
Army Helicopter Readiness Training	142,000,000

Navy Aircraft Depot Maintenance	35,000,000
Environmental Restoration	32,500,000

The recommendation rebalances funding from preparing for Cold War-era types of conflicts to the highest priority readiness requirements for the hybrid operations that the military services will be facing for the foreseeable future. The bill also includes adjustments based on trends in DoD budget execution.

Civilian Workforce and In-Sourcing: The bill supports increased funding for DoD civilian personnel to in-source workload. The Department estimates that every position converted from contract to federal civilian saves on average \$44,000 per year. Additionally, the bill includes general provisions to suspend further conversions by the Department of Defense from government functions to contractors.

The bill also includes \$100 million, as requested, to fund further development and training for the DoD acquisition workforce.

Inspector General Oversight: the bill includes \$288 million, \$16 million above the request, for the Inspector General to hire additional investigators to ensure proper oversight of DoD acquisition and contracting.

Procurement Programs: The bill recommends \$104.4 billion for procurement, an increase of \$3.46 billion above the fiscal year 2009 enacted level and a decrease of \$816 million below the 2010 request. The bill includes:

\$6.8 billion, the requested amount, for the procurement of 30 F-35 Lightning Aircraft, 16 Short Take-off and Vertical Landing variants for the Marine Corps, 4 Carrier variants for the Navy, and 10 conventional variants for the Air Force.

\$465 million above the request to continue development and initial procurement of the Alternative Engine for the Joint Strike Fighter.

\$2.5 billion above the request for procurement of 10 additional C-17 aircraft.

The bill also includes: \$6.3 billion for the Mine Resistant Ambush Protected Vehicle Fund, an increase of \$825 million above the request.

\$526 million as requested for Situational Awareness upgrades to 353 Bradley Fighting Vehicles.

\$498 million for the procurement of Family of Medium Tactical Vehicles.

\$613 million for the procurement of Family of Heavy Tactical Vehicles.

\$15 billion, \$120 million above the request, for Navy Shipbuilding and Conversion and the National Defense Sealift Fund for the procurement of 7 Navy ships, including: one DDG-51 Guided Missile Destroyer; one SSN-774 Attack Submarine; two Littoral Combat Ships; and one Intra-theater Connector Ship (joint high speed vessel to move personnel and equipment within theater).

Additionally, this funding provides for the final increments of funding for the CVN-78 Aircraft Carrier, the third DDG-1000 Guided Missile Destroyer, and the tenth LPD-17 Amphibious Transport Dock.

\$30 million, not requested, for the shipbuilding loan guarantee program to assist in stimulating the domestic shipbuilding industry.

\$1.5 billion for the procurement of 18 F/A-18E/F Super Hornet Tactical aircraft, nine above the request.

\$1.6 billion, the requested amount for 22 EA-18G Growler electronic attack aircraft.

\$2.7 billion for the procurement of 30 MV-22 and five CV-22 Osprey aircraft.

\$950 million for National Guard and Reserve Equipment.

Research and Development: The bill recommends \$80.5 billion for research and development, an increase of \$17 million above the fiscal year 2009 enacted level, and a \$2 billion increase over the fiscal year 2010 request. Major funding items include:

\$4 billion for the continued development of the F-35 Lightning Joint Strike Fighter aircraft, \$430 million above the President's request.

\$130 million for Presidential Helicopter, of which \$100 million is for technology capture to recoup investments in research and development of the VH-71, an increase of \$44.8 million above the request.

\$306 million for the development of the Next Generation Aerial Refueling Aircraft.

\$62 million for JSTARS re-engineering research and development, an increase of \$46 million above the request.

\$202 million for the Israeli Cooperative Program (Arrow). The recommendation is \$82.8 million above the President's request.

\$50.5 million, the President's request for Ballistic Missile Defense European Capability.

\$2.2 billion for the continued development of the restructured Future Combat Systems Program.

\$1.2 billion for the continued development of the P-8A Multi-mission Maritime Aircraft.

\$387.5 million, the President's request, starting development of the replacement for the Ohio class ballistic missile submarine.

\$526 million for the continued development of the DDG-1000 Guided Missile Destroyer.

Overseas Contingency Operations: The recommendation addresses a number of policy issues concerning operations in Iraq and Afghanistan including:

A general provision prohibiting the establishment of permanent bases in Iraq or Afghanistan;

A general provision prohibiting the torture of detainees held in U.S. custody;

The bill provides \$1.2 billion, a reduction of \$300 million from the request for the Commanders Emergency Response Program (CERP) authority and fences \$500 million pending a spending plan from the Department of Defense; and

Provides no funds for the closure of the detention facility at Guantanamo Naval base.

EXPLANATORY STATEMENT OF HOUSE AMENDMENT TO THE SENATE AMENDMENT TO H.R. 3326—DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2010

DIVISION A DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, FISCAL YEAR 2010

Following is an explanation of the effects of Division A, which makes appropriations for the Department of Defense for fiscal year 2010. As provided in Section 8124 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this as if it were a joint explanatory statement of a committee of the conference.

The recommendation on the Department of Defense Appropriations Act, 2010, incorporates some of the provisions of both the House and Senate versions of the bill. The language and allocations set forth in House Report 111-230 and Senate Report 111-74 should be complied with unless specifically addressed to the contrary in the accompanying bill and explanatory statement.

The Senate amendment deleted the entire House bill after the enacting clause and inserted new language. The recommendation includes revised language.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY

For the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119) and by the Budget Enforcement Act of 1990 (Public Law 101-508), the term program, project, and activity for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 2010, the related classified annexes and explanatory statements, and the P-1 and R-1 budget justification documents as subsequently modified by congressional action. The following exception to the above definition shall apply: for the military personnel and the operation and maintenance accounts, for which the term "program, project, and activity" is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

At the time the President submits the budget for fiscal year 2011, the Secretary of Defense is directed to transmit to the congressional defense committees budget justification documents to be known as the "M-1" and "0-1" which shall identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and operation and maintenance in any budget request, or amended budget request, for fiscal year 2011.

CLASSIFIED ANNEX

Adjustments to classified programs are addressed in the accompanying classified annex.

CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" are congressional special interest items for purposes of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in these materials.

REPROGRAMMING GUIDANCE

The Department of Defense is directed to follow the reprogramming guidance for acquisition accounts as contained herein under titles III and IV. For operation and maintenance accounts, the Department shall follow the reprogramming guidelines contained herein under title II. The dollar threshold for reprogramming funds shall remain at \$15,000,000 for operation and maintenance; \$20,000,000 for procurement; and \$10,000,000 for research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles I, II, III and IV of this Act. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. The percentage change limitation applies to both the program increases and decreases. Additionally, this percentage change applies to the program base value at the time the below threshold movement of funds is executed. These thresholds are cumulative from the base for reprogramming as made by any adjustment action.

Therefore, if the combined value of transfers into or out of operation and maintenance (0-1), a procurement (P-1) or research, development, test and evaluation (R-1) line exceed the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in these materials.

FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the table.

JOINT SURVEILLANCE-TARGET ATTACK RADAR SYSTEM (JSTARS) PROGRAM

The Department of Defense decision to proceed with the JSTARS re-engineing program is supported in the recommendation. It is noted that the JSTARS program has been used as a source of funds for reprogrammings in the past. The Air Force is encouraged to restore those prior year funds if additional resources are needed. The recommendation provides, \$115,900,000, an increase of \$46,000,000, in the Research, Development, Test and Evaluation funding and provides \$54,000,000 in the Aircraft Procurement, Air Force appropriation.

The recommendation does not include language that restricts the obligation of funds for the JSTARS re-engineing program, as provided in the Senate report.

In addition, the Air Force is not directed to transfer a SYERS-3 sensor to complete the SYERS Demonstration Program. The Air Force should have the sensor for an adequate time, and the necessary financial resources have already been appropriated to ensure completion of the demonstration program. The Secretary of the Air Force is directed to submit a written notification to the congressional defense committees on the status of the demonstration program not later than 60 days after the enactment of this Act.

COMBAT AIR FORCE RESTRUCTURE

The lack of detail and analysis provided to the Congress regarding the Air Force's Combat Air Force restructure plan that would retire 248 legacy F-15, F-16 and A-10 aircraft is concerning. Therefore, it is directed that the reports stipulated in Sec. 1075 of the Conference Report accompanying the National Defense Authorization Act of Fiscal Year 2010 also be transmitted to the Committees on Appropriations of the House and Senate.

Additionally, there is concern with the personnel costs and potential acquisition costs associated with the Air Force proposal to remove the training of F-15 pilots and related personnel from Tyndall Air Force Base. The Secretary of the Air Force is directed to provide a cost-benefit analysis of this proposal regarding Tyndall Air Force Base and Kingsley Field in Klamath Falls which shall include an analysis of factors impacting F-15 training quantity and quality at each location, to include training synergies, airspace access and availability. The report shall identify and explain the justification for where F-15 Basic Crew Chief Training, Air Control Squadron Training and Intelligence Formal Training will be established and maintained. The report shall include analysis on simulator and ancillary training access, expected effect on the quality and experience of the instructor base, future military construction requirements and special considerations and costs required due to the differing training environments and climatology at each base.

Moreover, the Department is requested to identify airfields that share runways for

both Air Force and commercial operations within the continental United States. The Department is requested to include Air Force policy on and analysis of the training and operational mission impacts at bases with shared runways.

Additionally, the Secretary of the Air Force is directed to conduct an independent review by a Federally Funded Research and Development Center (FFRDC) on the impact of the restructure on the Nation's combat air forces. The Secretary of the Air Force is directed to provide the three described reports on April 1, 2010. The Secretary of the Air Force is further directed that no funds may be obligated on executing the Combat Air Force restructure until submission to the congressional defense committees of all directed reports.

CONTRACTING FRAUD

The numerous reports and allegations of defense contractors defrauding the government is concerning. Therefore, the Secretary of Defense is encouraged to strengthen policies and safeguards against such abuse. The Secretary of Defense is directed, in coordination with the Department of Defense Inspector General, to report to the congressional defense committees on contracting fraud. The report shall include an assessment of the total value of Department of Defense contracts entered into with contractors that have been indicted for, settled charges of, been fined by any Federal department or agency for, or been convicted of fraud in connection with any contract or other trans-

action entered into with the Federal Government over the past ten years. The report shall also include recommendations on how to penalize contractors who are repeatedly involved in contract fraud allegations. Finally, the report shall describe the actions taken to strengthen Department policies and safeguards against contractor fraud. The report should be submitted not later than March 15, 2010.

2001 NUCLEAR POSTURE REVIEW

Section 1041(c) of P.L. 106-398, the National Defense Authorization Act for Fiscal Year 2001, required the Secretary of Defense to submit to Congress, in unclassified and classified forms as necessary, a report on the results of the 2001 Nuclear Posture Review. The Secretary of Defense is encouraged to provide the unclassified report of the 2001 Nuclear Posture Review to the congressional defense committees as soon after submission of the 2009 Nuclear Posture Review as is possible.

SENIOR MENTORS PROGRAM

There is deep concern over the Department of Defense's Senior Mentors Program. The Department spends millions of dollars each year to place retired general officers on contract to act as advisors and mentors. It is of concern that the Department uses large defense industry firms as the prime contractor to serve as third party "go betweens." There is also concern that the contracts and task orders appear to be written almost as personal services contracts. Therefore, the Department of Defense Inspector General is di-

rected to review the Senior Mentors Program and report to the congressional defense committees no later than March 31, 2010.

INTELLIGENCE, SURVEILLANCE AND RECONNAISSANCE

Senate Report 111-20 directed the Secretary of Defense to submit a report to the congressional defense committees on the strategy to transition the responsibilities of the Intelligence, Surveillance and Reconnaissance (ISR) Task Force. Although the report was supposed to have been submitted no later than October 1, 2009, the Department has only recently begun to address this reporting requirement.

The recommendation reiterates the concerns leading to the reporting requirement, and the Secretary of Defense is directed to submit the report within 30 days of enactment of this Act.

Furthermore, over the past two years, Congress has approved significant increases in ISR collection, processing, and dissemination in support of overseas contingency operations. The Secretary of Defense is directed to provide a classified report to the congressional defense committees within 90 days of enactment of this Act that describes the deployment of additional ISR capabilities, particularly tactical signals intelligence and full motion video, to support combat operations in Afghanistan. The report should address the adequacy of these capabilities to support troop commitments to Afghanistan as well as the plans to correct any shortfalls.

CASH INCENTIVES

The recommendation supports the services' use of cash incentives to meet the extraordinary recruiting and retention challenges they have faced since September 11, 2001. The services are commended for their successful efforts to grow and maintain the finest fighting force in the world under very difficult circumstances. Because the services are generally meeting or exceeding their recruitment and retention goals, it is the belief

that now is an opportune time to examine whether the use and size of these cash incentives can be reduced to maximize their manning utility while lowering costs. Therefore, the Secretary of Defense is directed to provide a report to the Committee on Appropriations of both the House of Representatives and the Senate that describes these cash incentives, to include the number of cash incentives used for recruiting and retention, the average amount provided for each Military Occupational Specialty (MOS),

and the length of contract when these incentive options are accepted by recruits and those reenlisting. This report shall also include a quantitative analysis of the optimal size of these incentives and an actuarially-based estimate of the impact on recruiting and retention of a 10 percent and a 20 percent reduction of the amounts provided per incentive. This report shall be submitted no later than 120 days after the enactment of this Act.

UNDISTRIBUTED REDUCTIONS BASED ON
HISTORICAL UNDEREXECUTION

Both the House and Senate recommend execution reductions to the operation and maintenance accounts. The House's adjustment is based on the Government Accountability Office's analysis of historical budget execution trends. The Senate's adjustment is based on the historical difference between the request and obligations for restoration and modernization, citing data that the execution of appropriated funds was significantly different than what was requested for certain budget line items. Since the issues behind these recommendations are so similar, the recommendation includes an undistributed reduction to each of the operation and maintenance accounts based on historical underexecution. This reduction shall be applied to any budget line item with the exception of Facilities Sustainment, Restoration and Modernization lines.

FINANCIAL IMPROVEMENT AND AUDIT
READINESS

It is concerning that the Department of Defense is not placing enough emphasis on improving financial management processes, internal controls and audit readiness capability. The Department should continue to develop and implement the Financial Improvement and Audit Readiness (FIAR) plan to correct financial management deficiencies and meet audit readiness objectives. Such actions would likely result in significant programmatic savings, increased efficiencies, and an improved ability to properly spend and account for the Department's critical assets and resources. The recommendation supports the Department of Defense's FIAR planning and financial improvement programs.

OPERATION AND MAINTENANCE
REPROGRAMMINGS

The recommendation includes a provision identical to the provision enacted in fiscal year 2009 that requires the Department to submit the DD Form 1414, Base for Reprogramming Actions, for each of the fiscal year 2010 appropriations accounts within 60 days after the enactment of this Act. This provision prohibits the Department from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and the Senate Committees on Appropriations.

With respect to the Services' operation and maintenance accounts, the Department shall submit prior approval reprogramming requests to the congressional defense committees for proposed transfers of funds in excess of \$15,000,000 to or from the levels specified for budget activities. In addition, the Department shall follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 out of the following budget sub-activities:

Operation and Maintenance, Army:
Land Forces Depot Maintenance
Operation and Maintenance, Navy:
Aircraft Depot Maintenance
Ship Depot Maintenance
Operation and Maintenance, Marine Corps:
Depot Maintenance
Operation and Maintenance, Air Force:
Air Operations Depot Maintenance
Mobility Operations Depot Maintenance
Basic Skills/Training Depot Maintenance
Logistics Operations Depot Maintenance

In addition, the Department shall follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 into the following budget sub-activity:

Operation and Maintenance, Army National Guard:

Other Personnel Support/Recruiting and Advertising

Further, the Department shall provide written notification of cumulative transfers in excess of \$15,000,000 from the following budget sub-activities:

Operation and Maintenance, Army:
Maneuver Units
Modular Support Brigades
Land Forces Operations Support
Force Readiness Operations Support
Base Operations Support
Facilities, Sustainment, Restoration and Modernization
Operation and Maintenance, Navy:
Facilities Sustainment, Restoration and Modernization
Operation and Maintenance, Marine Corps:
Facilities Sustainment, Restoration and Modernization
Operation and Maintenance, Air Force:
Primary Combat Forces
Combat Enhancement Forces
Combat Communications
Facilities Sustainment, Restoration and Modernization

With respect to Operation and Maintenance, Defense-Wide, proposed transfers of funds to or from the levels specified for defense agencies in excess of \$15,000,000 shall be subject to prior approval reprogramming procedures. In addition, the Department shall provide written notification of cumulative transfers in excess of \$15,000,000 or 20 percent, whichever is less, from the following line items identified in the Operation and Maintenance, Defense-Wide project level table contained in this Act:

Defense Legal Services Agency
Office of the Secretary of Defense:
Acquisition, Technology, and Logistics Programs
Personnel and Readiness
Comptroller and Chief Financial Officer
Under Secretary of Defense (Intelligence)
Under Secretary of Defense (Policy)
Director, Program Analysis and Evaluation

Assistant Secretary for Defense (Networks and Information Integration)

A congressional interest item contained in Operation and Maintenance, Defense-Wide is defined only as a specified increase provided in this Act.

OPERATION AND MAINTENANCE BUDGET
EXECUTION DATA

The Secretary of Defense is directed to continue to provide the congressional defense committees with quarterly budget execution data. Such data should be provided not later than 45 days past the close of each quarter for the fiscal year, and shall be provided for each 0-1 budget activity, activity group, and sub-activity group for each of the active, defense-wide, reserve and National Guard components. For each 0-1 budget activity, activity group, and sub-activity group, these reports shall include: the budget request and actual obligations; the Department of Defense distribution of unallocated congressional adjustments to the budget request; all adjustments made in establishing the Base for Reprogramming (DD Form 1414) report; all adjustments resulting from below threshold reprogrammings; and all adjustments resulting from prior approval reprogramming requests.

FEDERAL GOVERNMENT CONTRACTING
PROCEDURES

Section 811 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84) included a provision amending Federal government contracting procedures for 8(a) Native American sole source Federal contracts. The provision requires that any 8(a) Native American contracts in excess of \$20,000,000 will now be subject to an additional level of review through the Justification and Approval process. The effect that

this additional requirement will have on the efficiency of the contracting process and the competitiveness of Native American companies is unknown. Therefore, the Secretary of Defense is directed to submit a report 90 days after the implementation of the new contracting procedures. This report shall detail the impact of the provision on the selection of Native American companies for large dollar contracts; discuss how the provision is affecting the contracting process, whether an excessive administrative burden has been placed on contracting personnel; and provide recommendations for how the provision can be amended to mitigate any unintended negative consequences.

MILITARY TIRES

As part of the Tire Commodity Management Privatization initiative, undertaken in compliance with the Base Realignment and Closure Act of 2005, the Department of Defense shifted responsibility for tire supply, storage, and distribution from the Defense Logistics Agency to a contractor who would be in charge of procuring and distributing all ground and air military tires worldwide for the Department and the military services. It is recognized that the intent of this initiative was to lower costs and streamline the process of getting tires to the warfighter and that the current prime contractor has exceeded expectations. However, having a tire manufacturer as the manager as well as the vendor creates a perception of a lack of competition.

The Secretary of Defense is directed to award new military ground vehicle and aircraft tire management contracts when the existing base contract expires. The new contract should prohibit any tire manufacturer from acting as a prime contractor for the management of the contract. The existing Navy aircraft tire contracts are exempted provided the Department of the Navy certifies that these contracts represent the best value to the government.

INFORMATION OPERATIONS

The Department of Defense must improve both budgetary and policy oversight of its strategic communications and information operations programs. The Department's leadership has only recently become aware of the variety, scope, and magnitude of funding associated with these programs across the services and at all levels within the combatant commands. Fiscal year 2010 Department of Defense budget justification materials provided to the Congress initially indicated the request included nearly one billion dollars across the Department of Defense and within the services for information operations programs. However, after the congressional defense committees made several inquiries during the budget review process, it was determined by the Department that the budget request for these activities was actually \$626,200,000 for fiscal year 2010, \$360,000,000 less than originally indicated.

As part of its own efforts, the Department has improved its ability to account for the vast sums of dollars that have been spent on these programs in the past, and those being requested in the current budget submission. However, throughout the budget review process of the House and Senate Appropriations Committees, repeated questions to the Department about the execution of appropriated funds and the proposed use of requested funding were too often answered with varied responses or admissions of uncertainty. The Congress cannot be expected to continue supporting programs which lack accountability and clear direction.

The Department of Defense should formulate, coordinate, operate and account for its strategic communications and information operations programs within an enterprise-

wide architecture. This should include designating an individual or individuals with authority to ensure that the programs support national security policies and strategies, that they are properly coordinated with other government departments and agencies, and that appropriated dollars are obligated, expended, and accounted for in accordance with the intent justified and communicated to the Congress, and for the purposes appropriated. In this regard, the recommendation concurs with the reporting requirement included in the National Defense Authorization Act for Fiscal Year 2010 regarding the Department's efforts to develop enterprise-wide oversight and coordination mechanisms for military strategic communications and information operations programs. This report should also include an evaluation of proposals to establish or empower an office within the Secretary of Defense with Executive Agent authority over military strategic communications and information operations programs.

The Congress has a need for better budget justification and execution documentation for congressional oversight of information operations program funds. The classified annex to the Supplemental Appropriations Act for Fiscal Year 2009 included a reporting requirement on Department of Defense strategic communications programs. The Department should submit such a report annually with updated informative materials and

data. Accordingly, the Under Secretary of Defense for Policy, in coordination with the Under Secretary of Defense (Comptroller), shall submit a strategic communications and information operations programs report to the congressional defense committees not later than 30 days after the submission of the President's annual budget request to Congress. The report shall include supplemental budget justification materials for strategic communication programs to include information operations, psychological operations, and influence activities of the Department of Defense for which base budget, supplemental, or overseas contingency operation funds have been appropriated or requested over the fiscal year 2007 through 2011 period, including: program strategies, target audiences, goals, and measures of effectiveness; budget exhibits at the appropriations account and sub-activity level; spend plans (including positions and other direct costs and locations). The report shall include an annex for necessary explanatory and supporting classified information. Within this annex the Department should specifically designate, and include a comprehensive explanation of, any programs, activities, or operations where the involvement of the United States Government may be anything less than publicly acknowledged.

Finally, funding requested for United States Central Command (CENTCOM) information operations programs in Afghanistan

has grown from \$39,900,000 in fiscal year 2008, to a request of \$243,800,000 in fiscal year 2010, a 500 percent increase. Of the \$109,700,000 specifically appropriated for United States Forces—Afghanistan (USFOR-A) information operations programs in fiscal year 2009, only \$63,400,000 was obligated. The remaining \$46,300,000 (42 percent of the appropriation) was used by CENTCOM and the Army for other purposes in Afghanistan. The large increase in the funding requested and the ability of CENTCOM to execute this funding based on its prior year execution is of concern. Accordingly, the Under Secretary of Defense (Comptroller) is directed to provide a classified quarterly report to the congressional defense committees on the obligation and expenditure of those funds requested and appropriated in Title IX of this Act, "Operation and Maintenance, Army" for CENTCOM's United States Forces—Afghanistan and External Information Program—Afghanistan information operation programs and activities. The report shall identify any of the funds provided that have been obligated or expended for other than information operation activities, or transferred either above or below the reprogramming threshold notification requirements, and the purposes for which the funds were otherwise used.

The recommendation makes the following reductions to the Department of Defense request for information operations and strategic communications programs:

ARMY AND AIR FORCE EXCHANGE SERVICE

There is deep concern that Army and Air Force Exchange Service (AAFES) decisions to construct new restaurants will negatively impact locally-owned restaurants of the same franchise in the community. Such actions, especially in areas with economic con-

ditions that cannot support multiple restaurants of the same franchise, are harmful to the community. As partners with the community, the Department should consider these implications when making decisions about building new retail, restaurant or concessions services on an installation. Accordingly, the Department is directed to report

to the congressional defense committees within 90 days after enactment of this Act on the decision process to open new AAFES restaurants at Fort Stewart, and what considerations were made to account for the potential impact of such openings on the locally-owned restaurants of the same franchise.

ACCOUNTABILITY OF COMMON ACCESS CARDS

House Report 111-230 on the Department of Defense Appropriations Bill, 2010 noted major problems cited by the Department of Defense Inspector General regarding Common Access Card abuses by contractors. A program has been established to provide secure credentials to contractors and is currently being tested at Fort Belvoir, Virginia. These steps to address the force protection deficiencies cited by the Inspector General are encouraging and the Department should work to continue to improve the process for issuing Common Access Cards and to im-

prove the security of Department of Defense facilities.

JUNIOR RESERVE OFFICERS' TRAINING CORPS

The Junior Reserve Officers' Training Corps (JROTC) helps instill the essential qualities of character, citizenship, and fitness in its participants. The Department is commended for JROTC's proven track record of developing leadership potential, logical thinking and enhanced oral and verbal communication skills. JROTC's valuable role is an outlet through which its participants remain engaged, dedicated and disciplined in

their academic and extracurricular endeavors. JROTC's emphasis on the importance of high school graduation, college attendance, and other advanced educational and employment opportunities which contribute to a successful future is to be applauded. In order to extend and enhance the benefits of this invaluable program, the recommendation provides \$12,000,000 above the budget request only for a pilot program of JROTC units that would expand the scope and availability of this program in localities that desire to participate in such a program.

DEFENSE INFORMATION SYSTEMS AGENCY

Funding for the Senior Leadership Enterprise (SLE), in the amount of \$55,924,000 is restored following a briefing by representatives from the Defense Information Systems Agency (DISA). It is concerning that DISA failed to include any information on SLE in either the classified or unclassified budget justification documents. Further, DISA failed to respond to repeated requests for information on SLE prior to the House markup of the fiscal year 2010 Defense Appropriations bill. Because DISA's request for this new program lacked any budget justification or explanation, the House declined to fund the request. The Director, Defense Information Systems Agency is urged to review the organization's legislative affairs operations to ensure more responsive, effective communications with Congress in the future.

SECURITY AND STABILIZATION ASSISTANCE
(SECTION 1207 AUTHORITY)

The recommendation includes \$97,090,000 for the Security and Stabilization Assistance Program. It is not anticipated that additional Department of Defense resources will be provided to this program in the future. The recommendation is \$100,000,000 below the budget request, which is similar to the amount recommended for the Complex Crises Fund and Transitions Initiatives in the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010. The Complex Crises Fund was recently created to provide the United States Agency for International Development (USAID) and the Department of State with increased resources and flexibility to respond to urgent requirements, in much the same manner and for similar purposes as projects funded under section 207. The establishment of the Complex Crises Fund will enable USAID and the Department of State to meet emergent re-

quirements that fall under their purview without relying on the Department of Defense. The \$97,090,000 recommended for Security and Stabilization Assistance is provided as a bridging mechanism until the Complex Crises Fund is fully implemented. Although future Security and Stabilization Assistance projects should be funded in USAID and Department of State budget requests, the Secretary of Defense, the Director, USAID and the Secretary of State are directed to maintain and strengthen the interagency process created from the section 1207 program when formulating, reviewing, and approving future projects that would have been funded through section 1207.

BRIGADE BASING REMEDIATION

The House report expressed concerns regarding the impact on local communities following a decision by the Secretary of Defense to reverse the planned growth in the number of Army Brigade Combat Teams (BCT) from 45 to 48. The report called for in the House report on efforts by the Department to mitigate the impact of this decision is of great interest, and the Department of Defense is expected to act promptly to prepare this report.

OFFICE OF THE UNDER SECRETARY OF DEFENSE
(COMPTROLLER) AND CHIEF FINANCIAL OFFICER

The recommendation provides \$2,348,000 for the Office of the Under Secretary of Defense (Comptroller) and Chief Financial Officer for the costs associated with the recruitment, hiring, training, retention and pay for additional Federal employees to improve fiscal management and oversight. The Department is strongly urged to exempt the Office of the Under Secretary of Defense (Comptroller) and Chief Financial Officer from internal Department headquarters personnel ceilings if necessary to ensure proper fiscal management and budget oversight.

COMMISSION ON WARTIME CONTRACTING

The recommendation includes an additional \$3,200,000 for the Commission on Wartime Contracting, providing a total of \$12,300,000 for Commission operations in fiscal year 2010.

NATIONAL SECURITY SPACE OFFICE

The recommendation strongly supports an integrated national security space architecture planning function that provides strategic, senior-level decision-making within the Department of Defense with timely and cogent space system architecture alternatives. Therefore, the recommendation provides \$7,000,000 for the National Security Space Office (NSSO) and transfers the management and tasking to the Under Secretary of Defense for Acquisition, Technology, and Logistics (USD (AT&L)), Space and Intelligence Office (SIO). This new arrangement will accomplish the original intent of the office as the Department of Defense's space architecture planning organization. Therefore, the USD(AT&L)/SIO is directed to revise the NSSO charter and provide a roadmap and goals to the congressional defense committees within 180 days of enactment of this Act on how this office will be used in future space system architecture planning.

MILITARY VOTING

A number of new authorities have been established in the National Defense Authorization Act for Fiscal Year 2010 with regard to military voting. The Department of Defense is expected to use the necessary resources to implement these new requirements and to ensure that uniformed servicemembers, their family members, and overseas citizens have the full opportunity to vote, particularly at a time when so many military personnel are serving in combat areas.

**ARMY NATIONAL GUARD RECRUITING AND
ADVERTISING**

The Senate reduced funding to Sub-activity Group 434, Other Personnel Support, based on unjustified growth in recruiting and advertising between fiscal year 2009 and fiscal year 2010. Since the time of that proposed reduction, the Army National Guard has adequately justified the budget request for re-

cruiting and advertising. The reason for the skewed original analysis was attributed to the amount of funding the Army National Guard realigns into Sub-activity Group 434 in the year of execution. In fiscal years 2007–2009, the Army National Guard realigned between \$100,000,000 and \$200,000,000 each year into recruiting and advertising. Because the Army National Guard has had flexibility to

move a large amount of funding in the past, the recommendation includes an undistributed reduction to Operation and Maintenance, Army National Guard due to the migration of funds from other sources into recruiting and advertising. New prior approval reprogramming guidelines for the Army National Guard are addressed in the operation and maintenance overview.

194TH REGIONAL SUPPORT WING

In fiscal year 2010, the Air National Guard had planned to eliminate 98 essential billets from the 194th Regional Support Wing. The National Guard Bureau and the Air National Guard 194th Regional Support Wing are currently in negotiations to resolve the matter but have yet to reach final resolution. For this reason, the Secretary of Defense is directed to retain all of the billets that existed in fiscal year 2009 for the remainder of fiscal year 2010. Additionally, the Chief of the Air National Guard is directed to provide a report on the long term plans for those billets that had been proposed for elimination in fiscal year 2010. The report shall be provided to the House and Senate Committees on Appropriations not later than May 15, 2010. The Committees plan to reexamine this issue as part of the fiscal year 2011 budget consideration and urge both the National Guard Bureau and the 194th Regional Support Wing to make a good faith effort to reach a fair and reasonable solution.

OVERSEAS CONTINGENCY OPERATIONS TRANSFER ACCOUNT

For the Overseas Contingency Operations Transfer Account, no funds are provided for fiscal year 2010.

UNITED STATES COURT OF APPEALS FOR THE ARMED FORCES

For the United States Court of Appeals for the Armed Forces, \$13,932,000 is provided for fiscal year 2010.

ENVIRONMENTAL RESTORATION, ARMY (INCLUDING TRANSFER OF FUNDS)

The recommendation provides \$423,364,000 for Environmental Restoration, Army, instead of \$415,864,000 as proposed by the House and \$430,864,000 as proposed by the Senate.

ENVIRONMENTAL RESTORATION, NAVY (INCLUDING TRANSFER OF FUNDS)

The recommendation provides \$285,869,000 for Environmental Restoration, Navy, as proposed by both the House and the Senate.

ENVIRONMENTAL RESTORATION, AIR FORCE

(INCLUDING TRANSFER OF FUNDS)

The recommendation provides \$494,276,000 for Environmental Restoration, Air Force, as proposed by both the House and the Senate.

The recommendation provides \$292,700,000 for Environmental Restoration, Formerly Used Defense Sites, instead of \$277,700,000 as proposed by the House and \$307,700,000 as proposed by the Senate. The adjustments to the budget for Environmental Restoration, Formerly Used Defense Sites are shown below:

UXO Remediation \$5,000,000
Other Unfunded Requirements 20,000,000

OVERSEAS HUMANITARIAN, DISASTER, AND CIVIC AID

For Overseas, Humanitarian, Disaster, and Civic Aid, \$109,869,000 is provided for fiscal year 2010.

COOPERATIVE THREAT REDUCTION ACCOUNT

For the Cooperation Threat Reduction Account, \$424,093,000 is provided for fiscal year 2010.

DEPARTMENT OF DEFENSE ACQUISITION WORKFORCE DEVELOPMENT FUND

For the Department of Defense Acquisition Workforce Development Fund, \$100,000,000 is provided for fiscal year 2010.

SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” are congressional interest items for purposes of the Base for Reprogramming Department of Defense form (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in these materials.

C-130 AVIONICS MODERNIZATION PROGRAM

The recommendation provides no funding in Aircraft Procurement, Air Force for the C-130 Avionics Modernization Program given that the fiscal year 2009 funds have thus far not been put on contract due to a delayed Milestone C decision. Based on these delays, the funding requested for fiscal year 2010 is early to need. The Under Secretary of Defense (Acquisition, Technology, and Logistics) is strongly encouraged to make a decision on the acquisition strategy and proceed expeditiously with the program of record in order to provide this needed capability to Active, Guard, and Reserve C-130 aircraft.

C-130 FIREFIGHTING CAPABILITY

The Secretary of the Air Force, the Chief of the Air Force Reserve and the Director of the National Guard Bureau, are directed, within 60 days of enactment of this Act, to create an Integrated Working Group (IWG) in conjunction with the United States Department of Agriculture Forest Service (USDAFS) and the Department of the Interior for the purpose of coordinating the joint use of Federal forest firefighting assets, and, within 90 days after formation of the IWG, to submit a report to the congressional defense committees; the House and Senate Committees on Appropriations, Subcommittees on Interior; the House Energy and Commerce Committee and Senate Energy and Natural Resources Committee, detailing the following:

1. The viability of the Air National Guard, the Air Force Reserve, and the USDAFS to jointly operate a fleet of new C-130s procured for the primary purposes of firefighting duties at the request of the USDAFS, and equipped with the latest proven firefighting technology.

2. Any and all prior analyses done in the past ten years by the Department of the Air Force, the National Guard Bureau or the USDAFS concerning the recapitalization of the national firefighting fleet.

3. A new business case analysis which examines the cost and operational effectiveness of procurement of new C-130 aircraft and joint cooperation between the Department of the Air Force, the National Guard Bureau and the USDAFS for the firefighting mission as compared to the present approach

of utilizing the current fleet of aging firefighting aircraft available via commercial operator contracts.

4. Any existing legislative impediments to interagency cooperation and joint operation of a dedicated firefighting fleet by the Department of the Air Force, the National Guard Bureau and the USDAFS.

5. An assessment and accounting of public-private property losses as well as taxpayer expenses spent annually fighting forest and wildfires and how such losses can be mitigated by the described joint firefighting business model with respect to the Department of the Air Force, the National Guard Bureau and the USDAFS.

An interim report shall be submitted to Congress not later than 90 days after enactment of this Act detailing the progress made on the final report.

NON-INTRUSIVE INSPECTION TECHNOLOGIES

Vehicle and cargo-borne threats to U.S. forward operating bases and unmet requests for fielding non-intrusive inspection (NII) technologies for base access control to detect hidden weapons, explosives and personnel, increase the operating risk for our forces. The Secretary of Defense is directed to prioritize the NII technology needs of the 100 highest-risk bases and submit a schedule for NII technology procurement for these bases to the congressional defense committees not later than 30 days after enactment of this Act.

JOINT STRIKE FIGHTER

Concerns persist regarding the progress of the F-35 Joint Strike Fighter (JSF) program. Last year, the Department of Defense established a Joint Estimating Team (JET) to evaluate this program. The JET reported that the program would cost significantly more and take longer to fully develop and test than the Department was then projecting. Although the JET has yet to officially report out for 2009, the initial indications are that cost growth and schedule issues remain. Nevertheless, the Department insists that the program is on track to achieve both the cost and schedule currently reflected in the program of record.

Therefore, the JSF procurement program is provided \$6,840,478,000, and the JSF program is designated as a congressional special interest item. The Secretary of Defense is directed to ensure that all 30 aircraft be procured as requested in the budget. The Under Secretary of Defense for Acquisition, Technology and Logistics is directed to provide the findings of the JET along with recent studies on the test program and causes of cost growth to the congressional defense committees no later than January 15, 2010.

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

It is the intent of Congress that the program baseline for reprogramming funds reflects all approved adjustment actions: the initial appropriation as well as any rescissions, supplemental appropriations and approved Department of Defense 1415 reprogrammings. The Secretary of Defense is directed to ensure that financial management regulations incorporate approved reprogramming actions as an adjustment to the base for reprogramming value.

The Department of Defense is directed to continue to follow the reprogramming guidance specified in the report accompanying the House version of the fiscal year 2006 Department of Defense Appropriations Act (H.R. 109-119). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test, and evaluation. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. The percentage change limitation applies to both program increases and decreases. Additionally, this percentage change applies to the program base value at the time the below threshold movement of funds is executed. These thresholds are cumulative from the base for reprogramming value as modified by any adjustment action. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test, and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming request to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this report. This guidance is effective for fiscal year 2010 and forward.

REPROGRAMMING REPORTING REQUIREMENTS

The Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD1416 reports for service and defense-wide accounts in titles III and IV of this Act as required in the statement of the managers accompanying the conference report on the Department of Defense Appropriations Act, 2006.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the table.

BRADLEY FIGHTING VEHICLE

The various versions of the Bradley Fighting Vehicle family have continued to provide excellent performance in combat operations. The Bradleys have assumed a heavy workload in Iraq and have achieved survivability goals second only to the M1 Abrams Tank. However, there are concerns that the termination of the Future Combat Systems manned ground vehicles has created considerable uncertainty regarding the current Bradley. Congress has been consistent in its strong support for robust Bradley programs, providing \$784,600,000 for Bradley reset and remanufacture in the Supplemental Appropriations Act, 2009. The Army is strongly urged to sustain the Bradley industrial base by accomplishing vehicle restoration and reset efforts to the zero hours, zero miles standard plus survivability upgrades.

The recommendation fully supports the fiscal year 2010 budget request for Bradley modifications of \$526,356,000 in base budget funding, plus \$243,600,000 for overseas contingency operations, for a total of \$769,956,000. The Army is expected to apply the funding to sustain the Bradley industrial base, continue upgrades of Bradley Operation Desert Storm (ODS) variants to the ODS Situational Awareness variant, and reset Bradley

Fighting Vehicles to the zero hours, zero miles standard, plus 963 survivability enhancements. The Army is encouraged to include Bradley Fighting Vehicles from prepositioned equipment sets in the rotation through the reset and remanufacture program.

It is understood that the Army's M-113 divestiture decision will affect approximately 4,100 M-113 type vehicles, including ambulance, mortar, command post and fire support variants. Strong consideration should be given to replacing these vehicles in the Heavy Brigade Combat Teams with a Bradley-based vehicle to leverage the Bradley's track record of proven performance as well as the existing logistics support.

There is a disparity in digital data management between the engineer units in certain Heavy Brigade Combat Teams and the infantry and tank units that they support. The digital brigades have digital Abrams Tanks, matched with digital A3 Bradleys, but the engineers have non-digital Bradley ODS variants, which limits the engineers' ability to be fully integrated into the information network. The Army is urged to procure Bradley A3 variants with digital configuration for engineer units in heavy brigades that have the Bradley A3 and M1A2 System Enhancement Package Abrams tank.

Added survivability enhancements and other improvements have increased the weight of the Bradley Fighting Vehicle and adversely impacted some aspects of performance. The Army is expected to give strong consideration to Space, Weight, and Power improvements with the funds provided in Research, Development, Test and Evaluation, Army and to incorporate these improvements into the fleet at the earliest opportunity.

In addition, the recommendation fully supports the Army's M109 Paladin Howitzer/Field Artillery Ammunition Resupply Vehicle Integrated Management (PIM) program for fiscal year 2010, including a transfer of \$91,500,000 from the procurement request to the Research, Development, Test and Evaluation, Army appropriation. The Vietnam-era M109 Paladin self-propelled howitzer requires major upgrades in mobility, maintainability and reliability and the PIM program, which incorporated an upgraded turret and fire control system with a Bradley Fighting Vehicle chassis, offers vast improvements in mobility and fire support. The Army is urged to move ahead promptly with the Paladin PIM program.

AMMUNITION FACILITIES AND EQUIPMENT

The Army is planning to transfer or consolidate government-owned ammunition assets to private ammunition manufacturers. In order to ensure a comprehensive understanding of these plans, the Secretary of the Army is directed to provide a report to the congressional defense committees not later than 60 days after enactment of this Act on any plans to consolidate government-owned ammunition production assets or to transfer by sale, lease, loan or donation government-owned ammunition production equipment or facilities to a private ammunition manufacturer. The report shall include the Secretary of the Army's assessment of the following: a cost-benefit risk analysis for consolidating or transferring government-owned ammunition production equipment or facilities to private ammunition manufacturers, includ-

ing cost-savings comparisons; a projection of the impact on the ammunition production industrial base in the United States of consolidating or transferring such equipment or facilities to private ammunition manufacturers; a projection of the capability to meet current and future ammunition production requirements by both government-owned and private ammunition manufacturers, as well as a combination of the two sources of production assets; and the potential impact on national security and military readiness.

Furthermore, if additional consolidation or transfers are required during fiscal year 2010 and are not addressed in the report submitted to the congressional defense committees, the Secretary of the Army is directed to certify to the congressional defense committees that the transfer or consolidation will not increase the cost of ammunition

procurement or negatively impact national security, military readiness, government ammunition production or the United States ammunition production industrial base.

Finally, there is an existing contract to operate the Milan and Iowa Army Ammunition Plants (AAP) that would transform, at the contractor's expense, the Iowa AAP into a Joint Munitions Load, Assemble and Pack facility and transform the Milan AAP into a Logistics Center of Excellence/Joint Munitions Storage and Distribution Center by 2011. The Secretary of the Army is directed to notify the congressional defense committees not later than 30 days prior to any modification to this contract. In addition, the Government Accountability Office (GAO) is directed to conduct an audit on the amount and sources of funds used in furtherance of this contract.

ARMY TRUCK PROGRAM

Concerns persist regarding the absence of an overall truck acquisition strategy to guide the Army's plans and programs. It is not clear that the Army has conducted the needed analyses for sound acquisition plans or to reap potential savings. Not later than 180 days after the enactment of this Act, the Secretary of the Army shall provide a report to the congressional defense committees detailing the Army's acquisition strategy for future truck procurement.

NETWORKED COMMUNICATIONS CAPABILITIES

The recommendation continues to support the overall objectives of the Joint Tactical Radio System (JTRS) program, but concerns remain about the technical risk, cost and availability of the JTRS radios. While the JTRS family of radios and waveforms has successfully tested several variants and demonstrated key networking waveforms, full testing objectives have not been realized. The Secretary of Defense is encouraged to examine lower-risk approaches to bridge the networked communications gap while providing interoperability and moving toward a competitive radio business model. Competition is encouraged between legacy and com-

mercially available radios and waveforms that meet the majority of JTRS approved standards until such time as the JTRS radios are fielded. Additionally, the Assistant Secretary of Defense for Networks and Information Integration is encouraged to examine the cost effectiveness of such an approach and to submit a report to the congressional defense committees not later than March 15, 2010, with recommendations for closing any networked communications capability gap with commercially available and legacy radios and waveforms.

MODIFICATION OF IN-SERVICE EQUIPMENT

According to accounting reports, the Army has over \$1,284,000,000 in prior year funding available for Modification of In-Service Equipment, Budget Activity-1. Therefore, the recommendation provides \$2,314,000 for this program in fiscal year 2010, a reduction of \$8,000,000. Additionally, due to the large prior year funding balance, the recommendation includes a reduction of \$195,950,000 in the title IX portion of this program.

RAPID EQUIPPING FORCE

For fiscal year 2010, the recommendation provides \$13,370,000 for Rapid Equipping Force funding, a reduction of \$35,400,000 from

the budget request due to funding available in prior year accounts. There is concern with the Army's demand driven approach in providing Soldier Wearable Acoustic Targeting Systems (SWATS) to soldiers, and a strong belief that the equipment should be made available to all deploying units, not just those units submitting Urgent Needs Statements.

The Supplemental Appropriations Act, 2009 provided \$50,000,000 for SWATS. However, the slow pace of obligating available funding for the life-saving SWATS, and the lack of urgency in establishing a basis of issue plan and making it a Program of Record causes concern. The Army is expected to correct the situation quickly.

The Secretary of the Army has yet to provide a report on the acquisition objective and basis of issue plan for both vehicular and soldier wearable sniper detection equipment as directed in the Joint Explanatory Statement accompanying the Supplemental Appropriations Act, 2009. The report shall be provided to the congressional defense committees not later than 60 days after enactment of this Act.

F-18 AIRCRAFT

The variants of the F-18 aircraft have been the workhorses of the Navy's aviation fleet

for a generation. Consistent with the National Defense Authorization Act for Fiscal Year 2010, a multi-year procurement strategy has been approved to complete the pro-

urement of the F-18E/F/G aircraft as the Navy transitions to the Joint Strike Fighter aircraft.

SHIPBUILDING

The fiscal year 2010 shipbuilding budget request from the Department once again falls short of the quantity of ten ships nominally required to reach and maintain the required fleet size of 313 ships. Further, the Department's revised acquisition strategy for the Littoral Combat Ship, solidified after the submission of the budget, has reduced the requested number of ships from a quantity of eight to a quantity of seven. In an effort to position the Department to request additional ship quantities in fiscal year 2011, the recommendation includes an additional \$170,000,000 of advance procurement funding for the LHA (Replacement) helicopter assault ship and \$250,000,000 of additional advance procurement funding for the DDG-51 Guided Missile Destroyer program.

COMMON HULL FORMS

The Navy has discussed in testimony the use of existing hull forms for the design of future ships in an effort to reduce the cost of these ships. Candidate ships include, but are not limited to the replacement command ship, future dock landing ships, future surface combatant, and hospital ships. Candidate hull forms include, but are not limited to, the LPD-17, T-AKE, National Security Cutter, Patrol Coastal and DDG-51 hull forms all currently in use. This initiative continues to have strong support and the Secretary of the Navy is directed to submit

a report that outlines the benefits of using an existing hull form for future ship construction. The report should include candidate hull forms, candidate ship classes (including survivability requirements), potential cost savings (including under multi-year procurement authority), and the timeframe of when the decision would be made to use an existing hull form for future designs. This report should be submitted to the congressional defense committees not later than March 15th, 2010.

LITTORAL COMBAT SHIP (LCS)

The recommendation includes \$1,080,000,000 for the construction of two Littoral Combat Ships (LCS), a reduction of \$300,000,000 and one ship from the budget request. This adjustment properly prices the program and is consistent with the Navy's revised acquisition strategy for the LCS program which calls for down selecting to a single ship design in fiscal year 2010, versus the two designs that the program has been carrying. The recommendation supports this strategy which should result in reduced program costs as a result of reducing the overhead within the program. Further, the recommendation provides an additional \$60,000,000 to the LCS research and development program for the development of a technical data package that will allow a future second source of the winning LCS design.

Additionally, in compliance with previous congressional direction, the Assistant Secretary of the Navy for Research, Development, and Acquisition (ASN (RDA)) provides the congressional defense committees a monthly progress report on LCS construction costs. Presently, these reports provide cost information only for the first two LCS platforms (LCS-1 and LCS-2). The ASN (RDA) is directed to provide the same monthly cost reports for LCS-3 and LCS-4 upon enactment of this Act.

LEASING OF FOREIGN BUILT SHIPS

There exists strong interest in the impact that the review of future requirements in the Quadrennial Defense Review will have on the Navy's practice of leasing foreign built ships. Therefore, the Secretary of the Navy is directed to update its March 2008 report on the use of such leases and address impacts on American seafarers, sealift capabilities, and naval shipbuilding.

DDG-51 GUIDED MISSILE DESTROYER

The recommendation includes \$578,996,000, an increase of \$250,000,000 above the budget request, for advance procurement of components for the two DDG-51 destroyers planned in fiscal year 2011. The recommendation fully supports re-start of the DDG-51 program and provides additional funding in an effort to re-start the program in a more efficient and cost effective manner.

SHIP SERVICE TURBINE GENERATOR ROTORS

The budget request includes \$3,330,000 for an Ohio-class submarine Ship's Service Turbine Generator (SSTG) rotor. The recommendation provides no funds for the rotor because the procurement does not result in a usable end item in violation of the full funding policy. The Secretary of the Navy is

urged to submit a fiscal year 2010 reprogramming request that fully funds the SSTG rotor in order to support the planned installation schedule.

WEAPONS RANGE SUPPORT EQUIPMENT

Due to carryover of production engineering funding in the weapons range support equip-

ment program, the recommendation reduces the program by \$1,000,000. This reduction is to be applied only against the fiscal year 2010 production engineering funding and shall not reduce funds available for completion of auxiliary systems in support of Magnetic Silencing Facility military construction.

PROCUREMENT, MARINE CORPS

For Procurement, Marine Corps, funds are to be available for fiscal year 2010, as follows:

C-17 GLOBEMASTER III

The recent actions of the Air Force to address and curtail the wide use of undefinitized contract actions (UCA) are encouraging. To further encourage a sense of urgency to reduce the number of UCAs, bill language has been included that limits obligations for modifications until all C-17 UCAs funded with prior year "Aircraft Procurement, Air Force" funds are definitized or certifications of need are made by the Secretary of the Air Force.

The Under Secretary of Defense (Acquisition, Technology and Logistics) (USD(AT&L)) is directed to review contracting procedures within the Air Force and provide a report to the congressional defense committees not later than 90 days after en-

actment of this Act detailing a strategy to reduce current and minimize further undefinitized contracts in the Air Force. Additionally, the USD(AT&L) is directed to provide to the congressional defense committees a consolidated list of undefinitized contracts within the Department of Defense by November 15 and April 15 of each year.

The recommendation provides an additional \$2,500,000,000 for the procurement of ten C-17 aircraft, associated spares, support equipment and training equipment as required.

OPERATIONAL SUPPORT AND VIP SPECIAL AIRLIFT MISSION AIRCRAFT

The recommendation includes \$220,444,000 for operational support and VIP special mission aircraft, which is the amount and quan-

tity requested by the President. The Department of Defense maintains a number of aircraft to provide safe and secure transportation for senior government officials as well as the Combatant Commanders and other senior military leadership. The fleet of aircraft is aging creating maintenance and reliability issues. For example, the Department of Defense grounded the C-9 aircraft within the fleet due to several safety of flight issues. Accordingly, the Secretary of Defense is directed to provide a report on the health of the fleet, inventory requirements and the plans to sustain and upgrade the aircraft in the future to the congressional defense committees, within 90 days after enactment of this Act.

EVOLVED EXPENDABLE LAUNCH VEHICLE

There is concern that the Air Force has not established a robust process for managing content on the Evolved Expendable Launch Vehicle (EELV) Launch Capabilities contract. Therefore, the Secretary of the Air Force is directed to establish a formal systems engineering process which includes the National Reconnaissance Office as the func-

tional manager for space launch for the Intelligence Community, as a voting member, in order to prioritize and manage all efforts encompassed by the EELV Launch Capabilities contract.

MULTI-SATELLITE VEHICLE PROCUREMENT STRATEGIES

The language on multi-satellite vehicle procurement strategy as described in House

Report 111-230 is supported in the recommendation. In addition to the programs listed in House Report 111-230, the five year investment strategy is also directed to consider Wideband Global Satellite and Advanced Extremely High Frequency satellite systems for future multi-vehicle purchases.

BASE INFORMATION INFRASTRUCTURE

The fiscal year 2010 budget request includes \$425,780,000 for the Combat Information Transport System (CITS), an increase of \$88,590,000 from the amount appropriated in fiscal year 2009. This requested increase stemmed from a requirement to modernize

the information transport system at stand-alone Air National Guard (ANG) bases. While there is support for funding the ANG requirement, it is recognized that the CITS program has yet to obligate \$126,700,000 in fiscal year 2008 funding, and, despite reallocating over \$90,000,000 away from CITS, the service has

yet to obligate an additional \$87,500,000 in fiscal year 2009 funding. Therefore, the Base Information Infrastructure request is reduced by \$100,000,000, and the Secretary of the Air Force is directed to allocate no less than \$100,000,000 of the appropriated amount to Air National Guard modernization.

JOINT LIGHT TACTICAL VEHICLE

The budget request includes a total of \$90,099,000 to continue technology development for the Joint Light Tactical Vehicle (JLTV). The acquisition strategy involves competitive prototyping of vehicles from three contractors, followed by a down-select to two vehicles in fiscal year 2011 to proceed into the engineering and manufacturing development phase of the program. The recommendation fully supports this development strategy, which shares a number of elements of the reforms that have been written into law by the Weapon Systems Acquisition Reform Act of 2009. However, the program has yet to demonstrate itself as a model for a successful development program despite the reformed acquisition strategy. The funding profile has not changed despite a four month delay in initiating the program. Deficiencies in billings have resulted in the program falling far behind the financial benchmarks established by the Department of Defense. Program management has been complicated due to the different funding strategies pursued by the Army and the Marine Corps. There is great concern that of the \$217,255,000 Congress has approved for JLTV since fiscal year 2007, only \$53,128,000 had been expended through the end of fiscal year 2009. Despite these challenges, information has been provided that the program is proceeding in accordance with its revised schedule, billing errors are being addressed, budget execution is being corrected and prior year funding will be exhausted in 2010. Based upon these assurances, the recommendation contains full funding for the budget request. Careful oversight of program execution and military requirements will continue to ensure the commitment of the Army and Marine Corps to the success of the program.

EJECTION SEATS

The US16E ejection seat was competitively selected as the ejection seat for the F-35 Joint Strike Fighter. The progress made on this ejection seat is encouraging and the program of record is fully supported.

ENERGETICS

House language noted that the efforts of the military Services as coordinated through the Office of the Secretary of Defense, with the Department of Energy, have led to steady progress in the last decade in advancing the science of energetics and revitalizing the research and development workforce.

However, a report on energetics in the Department of Defense, as directed in House

Report 110-652, and which was to be provided to the congressional defense committees not later than March 1, 2009, was completed June 2009, and was finally delivered September 2, 2009.

House language recommended that the Department of Defense capitalize on best practices within the individual Services to advance the state of the energetics field, and directed that no funds be expended for the creation of a new Executive Agent or Executive Director for Advanced Energetics. The Senate included no similar language.

The recommendation includes no language regarding the use of funds for the creation of a new Executive Agent or Executive Director for Advanced Energetics and directs instead that the Secretary of Defense shall provide a report to the congressional defense committees not later than October 1, 2010, on progress being made on the findings and actions in the June 2009 report.

DOMESTIC ENERGY PRODUCTION

There is concern that a plan has not been presented to fund continued development and risk mitigation of domestic gas centrifuge enrichment technology during fiscal year 2010. Despite that, there is support for efforts to develop domestic gas centrifuge enrichment technology so that it can move to commercial scale uranium enrichment operations and potentially serve as a domestic source of fuel for nuclear power and the enrichment requirements of the defense community. Therefore, the Secretary of Defense, in consultation with the Department of Energy, is urged to explore utilizing all possible existing statutory authority to fund this important activity and to report to the Committees on Appropriations of both the House and Senate no later than 30 days following enactment of this Act regarding funding options.

SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" are congressional interest items for purposes of the Base for Reprogramming Department of Defense form (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in these materials.

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

It is the intent of Congress that the program baseline for reprogramming funds reflects all approved adjustment actions: the

initial appropriation as well as any rescissions, supplemental appropriations and approved Department of Defense 1415 reprogrammings. The Secretary of Defense is directed to ensure that financial management regulations incorporate approved reprogramming actions as an adjustment to the base for reprogramming value.

The Department of Defense is directed to continue to follow the reprogramming guidance specified in the report accompanying the House version of the fiscal year 2006 Department of Defense Appropriations Act (H.R. 109-119). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test, and evaluation. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. The percentage change limitation applies to both program increases and decreases. Additionally, this percentage change applies to the program base value at the time the below threshold movement of funds is executed. These thresholds are cumulative from the base for reprogramming value as modified by any adjustment action. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test, and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming request to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this report. This guidance is effective for fiscal year 2010 and forward.

REPROGRAMMING REPORTING REQUIREMENTS

The Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD 1416 reports for service and defense-wide accounts in titles III and IV of this Act as required in the statement of the managers accompanying the conference report on the Department of Defense Appropriations Act, 2006.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the table.

ENHANCED MEDIUM ALTITUDE
RECONNAISSANCE AND SURVEILLANCE SYSTEM

The fiscal year 2010 budget request includes \$210,035,000 in Research, Development, Test and Evaluation, Army to initiate the restructured Aerial Common Sensor (ACS) program. However, the Department of Defense has advised that the ACS has been terminated as a program of record and established in its place the Enhanced Medium Altitude Reconnaissance and Surveillance System (EMARSS), which provides a fixed-wing, multi-sensor, integrated intelligence, surveillance and reconnaissance capability to the warfighter. Additionally, the fiscal year 2010 Overseas Contingency Operations (OCO) budget request includes \$105,000,000 to procure EMARSS C-12 aircraft and to modify those aircraft with special mission hardware as a quick reaction capability to satisfy theater-based requirements. The Department based its OCO request on the assumption that ACS would not deliver capability to the war fighter for several years. However, with EMARSS selected as a new program of

record in lieu of ACS, the EMARSS quick reaction capability request is duplicative of the program of record, and under current schedules, system deliveries for the program of record are expected shortly after deliveries of the so-called quick reaction capability. Accordingly, the recommendation provides no funding in the OCO title for procurement and modification of C-12 aircraft. In order to establish EMARSS as a program of record while fulfilling urgent theater-based fielding requirements, the recommendation includes \$116,035,000 in Research, Development, Test and Evaluation, Army, to fully fund the new EMARSS program of record and to accelerate its fielding while establishing a standardized, sustainable intelligence, surveillance and reconnaissance program.

REPORT ON THE USE OF LIVE PRIMATES IN
TRAINING RELATING TO CHEMICAL AND BIO-
LOGICAL AGENTS

The Secretary of Defense is directed to submit to the congressional defense commit-

tees, not later than 90 days after the date of the enactment of this Act, a report setting forth a detailed description of the requirements for use by the Department of Defense of live primates at the United States Army Medical Research Institute of Chemical Defense, and elsewhere, to demonstrate the effects of chemical or biological agents or chemical (such as physostigmine) or biological agent simulants in training programs. The report shall include, at a minimum, the following:

- (1) The number of live primates used in the training;
- (2) The average lifespan of primates from the point of introduction into such training programs;
- (3) An explanation as to why the use of primates in such training is more advantageous and realistic than the use of human simulators or other alternatives; and
- (4) An estimate of the cost of converting from the use of primates to human simulators in such training.

PRESIDENTIAL HELICOPTER

The House report directed the Secretary of Defense to report on the use of certain funds for the VH-71 Presidential Helicopter. The Senate report contained no similar language. The recommendation does not retain the House language.

BONE MARROW REGISTRY

The recommendation includes \$31,500,000 for the Department of the Navy, to be administered by the C.W. Bill Young Marrow Donor Recruitment and Research Program, also known as and referred to within the Naval Medical Research Center as the Bone Marrow Registry. Funds appropriated for the

C.W. Bill Young Marrow Donor Recruitment and Research Program shall remain available only for the purposes for which they were appropriated, and may only be obligated for the C.W. Bill Young Marrow Program. This donor center has recruited more than 525,000 Department of Defense volunteers and provides more marrow donors per week than any other donor center in the nation. More than 3,360 servicemembers and other Department volunteers from this donor center have provided marrow to save the lives of patients. The success of this national and international life-saving program for military and civilian patients, which now

includes more than 7,500,000 potential volunteer donors, is admirable. Further, the agencies involved in contingency planning are encouraged to continue to include the C.W. Bill Young Marrow Donor Recruitment and Research Program in the development and testing of their contingency plans. The Department of Defense form (DD Form 1414) shall show this as a congressional interest item. The Department of Defense is further directed to release all the funds appropriated for this purpose to the C.W. Bill Young Marrow Donor Recruitment and Research Program within 60 days of the enactment of this Act.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR FORCE

AERIAL REFUELING TANKER PROGRAM

The recommendation includes \$15,000,000 in Research, Development, Test and Evaluation, Air Force for program management and a general provision providing \$291,715,000 in a Tanker Replacement Transfer Fund.

Not later than 10 days after the release of the final request for proposal soliciting bids for an aerial tanker replacement aircraft, the Secretary of the Air Force is directed to submit a report to the congressional defense committees that includes a description of changes from the draft proposal to the final request for proposal and the rationale for each change.

The Secretary of the Air Force is encouraged to pursue tanker recapitalization at a rate of 36 aircraft per year instead of 12 or 15 aircraft in the current plan. This quantity will recapitalize the fleet in one-third the time and allow for a rapid retirement of the aging KC-135 aircraft. Furthermore, a more accelerated procurement strategy will avoid the large sustainment and modernization costs associated with keeping the legacy KC-135 fleet in the inventory longer.

MODULAR AERIAL SPRAY SYSTEM (MASS)
REPLACEMENT

The modular aerial spray system (MASS) is maintained by the Air Force Reserve and is the only fixed-wing aerial spray capability in the Department of the Defense. The current program is over 20 years old and is becoming increasingly difficult to maintain, leading to increased cost and the inability to conduct required missions. There is presently no recapitalization plan to replace the system. The Secretary of the Air Force is encouraged to pursue a recapitalization program in order to maintain this needed capability.

EVOLVED EXPENDABLE LAUNCH VEHICLE
COMMON UPPER STAGE

The recommendation includes \$20,000,000 to study options and begin research and development to achieve a common upper stage between the Atlas and Delta launch vehicle families. The Air Force is urged to develop a process to modify Delta IV RL-10 upper stage engines to the Atlas V RL-10 configuration to enable more efficient use of the existing RL-10 inventory. The study shall also investigate how to modify the upper stage(s) to enable Centaur and the Delta Cryogenic Second Stage to use a common RL-10 engine and other potential modifications to achieve a truly common upper stage.

EVOLVED EXPENDABLE LAUNCH VEHICLE
SUSTAINMENT PLAN

The Secretary of the Air Force, in consultation with the Director of the National Reconnaissance Office, is directed to submit an Evolved Expendable Launch Vehicle sustainment plan as described in House Report 111-230 to the congressional defense committees with the fiscal year 2011 budget submission.

15-YEAR SPACE SYSTEM INVESTMENT
STRATEGY

The recommendation supports language on a long-term space system investment strategy as described in House Report 111-230. The investment strategy is directed to span 15 years rather than the originally proposed 30 years. In addition, the Under Secretary of Defense (Acquisition, Technology and Logistics) is directed, in coordination with the Secretary of the Air Force and the Under Secretary of Defense (Intelligence), to deliver this Space System Investment Strategy to the congressional defense committees not later than May 1, 2010. As necessary, the report should contain a classified appendix.

NATIONAL POLAR-ORBITING OPERATIONAL
ENVIRONMENTAL SATELLITE SYSTEM

There is concern about the executability and management of the National Polar-orbiting Operational Environmental Satellite System (NPOESS) program. Therefore, it is directed that not more than 50 percent of the funds made available to the Department of Defense for the NPOESS program shall be obligated or expended until the Under Secretary of Defense (Acquisition, Technology and Logistics) certifies in writing to the congressional defense committees that the NPOESS program is being executed in support of the requirements, timelines and acquisition policies needed to meet Department of Defense missions.

The Secretary of Defense is directed, in consultation with the National Oceanic and Atmospheric Administration and the National Aeronautics and Space Administration, to perform an independent cost analysis of all recommended programmatic and acquisition alternatives. This analysis shall be submitted to the Committee on Appropriations, Subcommittees on Defense and Commerce, Justice, Science and Related Agencies, of both the House and Senate, in addition to any other congressional oversight committee before any contract changes are signed and any major documents are revised by the government.

OPERATIONALLY RESPONSIVE SPACE

The Director of the Operationally Responsive Space program office is urged to provide the congressional defense committees with independent cost, schedule and performance estimates prior to initiating any satellite development activity.

DARPA NEW START PROGRAMS

The Defense Advanced Research Projects Agency's (DARPA's) fiscal year 2010 budget request includes \$135,170,000 for new start programs, a significant increase over the \$28,000,000 executed for new starts in fiscal year 2009 and the \$16,000,000 executed for new starts in fiscal year 2008. The recently appointed Director of DARPA did not have an opportunity to adjust DARPA's fiscal year 2010 budget submission to reflect the new administration's priorities. Additionally, management changes instituted to address DARPA's historic budget execution challenges are likely to require some time before taking effect.

Therefore, the recommendation denies all funding for the requested new start programs. Instead, following the receipt of additional information from the new DARPA Director, the recommendation provides \$85,000,000 in multiple program elements, as requested by the Director, for fiscal year 2010 new starts to be selected by the Director in fiscal year 2010. None of these funds may be obligated until the Director provides details to the congressional defense committees on the programs to be initiated, to include descriptions, program objectives, the expected duration of the DARPA effort and associated out-year funding requirements and planned technology readiness levels to be achieved by DARPA and Service transition partners. This is an exception to conventional budgeting procedures and the Director of DARPA is directed to use established budgeting procedures for its fiscal year 2011 budget submission.

RAPID EXPLOITATION OF INNOVATIVE TECHNOLOGIES IN ALL AREAS OF SCIENCE AND TECHNOLOGY

The recommendation provides \$4,500,000 for fiscal year 2010 new starts in Rapid Exploitation of Innovative Technologies (REITS) and directs the Commander, Special Operations Command, to provide quarterly reports to the congressional defense committees on the use of any current fiscal year or prior year funds provided for REITS, to include individual project schedules, cost estimates and transition plans. The Commander, Special Operations Command, is further directed to submit an annual report to the congressional defense committees on the actual cost, schedule to complete and transition to operational use or further development for all projects for which REITS funds were executed.

GROUND-BASED MISSILE DEFENSE

In addition to the reporting requirements contained in Sections 232 and 233 of H.R. 2647, the National Defense Authorization Act for Fiscal Year 2010, the Director of the Missile Defense Agency (MDA) is directed to provide a report on how MDA will utilize the funds in the Ground-based Midcourse Defense (GMD) program in fiscal year 2010 to maintain the Ground-Based Interceptor (GBI) production line. The report shall identify the number of GBIs that are being produced in fiscal year 2010. Furthermore, the report shall include a discussion of MDA's GMD Analysis of Alternatives that was conducted as a result of U.S. Northern Command's Ballistic Missile Defense study that was provided to MDA in October 2008. These reports shall be submitted to the congressional defense committees at the same time the President submits the fiscal year 2011 budget request to Congress.

BALLISTIC MISSILE DEFENSE TEST AND TARGETS

There is strong support for a robust testing program for the Missile Defense Agency (MDA). In December of 2008, the Director of MDA initiated a review of the entire Ballistic Missile Defense test program and developed the Integrated Master Test Plan (IMTP) that was signed in late July 2009, well after the submission of the fiscal year 2010 budget request. The IMTP's primary purpose is to establish and document the executable test baseline program from fiscal year 2010 and out to satisfy critical engagement conditions and empirical measurement events data collection requirements.

Since the plan was submitted, it has become known that some tests scheduled for fiscal year 2010 have slipped to fiscal year 2011 and that target synchronization with the new test plan still needs clarification. Furthermore, the fiscal year 2010 budget requests an increase of \$50,000,000 over last year's funding level. However, MDA has not expended over \$500,000,000 of fiscal year 2009 funds and those funds will be carried over into fiscal year 2010 in the test and target program. Therefore, the recommendation reduces the budget request by \$135,800,000 due to a premature request of funding.

EARLY INTERCEPTOR

The Director of the Missile Defense Agency (MDA) is conducting a 90-day study on the different components of the early interceptor to evaluate how best to incorporate them into the Integrated Master Test Plan and MDA's new focus on early/ascent-phase intercept. The recommendation includes

\$80,000,000 in Line 27, Ballistic Missile Defense Technology, only for the development of the relevant technologies and incorporation of existing technologies to support the early intercept program. Additionally, MDA is urged to use previously appropriated funds in other program elements that would be complimentary or enhance the relevant technologies for early/ascent-phase intercept.

TWO-STAGE GROUND-BASED INTERCEPTOR

The Missile Defense Agency (MDA) is encouraged to continue developing and testing the two-stage ground-based interceptor. It is understood that over \$173,000,000 has already been obligated in prior year funding to support development and testing. MDA is encouraged to provide at least \$50,000,000 in fiscal year 2010 funds to continue the two-stage interceptor program.

Furthermore, the Under Secretary of Defense for Policy is directed to submit a report to the congressional defense committees by June 1, 2010. The report shall include a plan for the continuation of the two-stage ground-based interceptor program as well as how MDA plans to leverage the development and testing of the interceptor to modernize the Ground-based Midcourse Defense system. If the report recommends continuation of the two-stage interceptor program, it shall address any options for basing two-stage interceptors in Europe or the United States to provide enhanced defense in response to future long-range missile threats from Iran. The report shall also include a description of how such a site may be made interoperable with the planned missile defense architecture for Europe and the United States. Finally, the report shall include an independent cost estimate for the two-stage ground-based interceptor plan that is recommended.

GLOBAL SUPPLY CHAIN SECURITY

The national security establishment currently relies on electronic and computer components manufactured predominately overseas. The Department of Defense requires a trusted procurement process to provide classified handling, chain of custody, tracking and vital control of mission critical information technology system components. Accordingly, the Department is urged to provide the necessary resources to establish a Secure Procurement Logistics pilot project within the Cyber Security Initiative to perform secure procurement and logistics support for mission critical information technology.

DEFENSE HEALTH PROGRAM REPROGRAMMING PROCEDURES

There is concern regarding the transfer of funds from Direct (or In-house) Care to pay for contractor-provided medical care. To limit such transfers and continue oversight within the Defense Health Program operation and maintenance account, the explanatory statement includes language which limits the funds available for Private Sector Care under the TRICARE program subject to prior approval reprogramming procedures. The bill language and accompanying recommendation should not be interpreted by the Department as limiting the amount of funds that may be transferred to the Direct Care System from other budget activities within the Defense Health Program. In addition, the Services are not properly budgeting for actual execution levels among the budget activity groups and, therefore, the Direct Care System is continued as a special interest item. Any transfer of funds from the Direct (or In-house) Care budget activity into the Private Sector Care budget activity or any other budget activity will require the Department of Defense to follow prior approval reprogramming procedures.

CARRYOVER

For fiscal year 2010, the recommendation includes a one percent carryover authority for the Defense Health Program. The Assistant Secretary of Defense for Health Affairs is directed to submit a detailed spending plan for any fiscal year 2009 designated carryover funds to the congressional defense committees by January 4, 2010. In addition, the Department shall, not fewer than 30 days prior to executing the carryover funds, notify the congressional defense committees in writing of the details of any such obligation. Finally, to address the continuing funding shortfalls in medical information technology, the Department is directed to use available carryover funds to address this deficit.

MEDICAL INFORMATION TECHNOLOGY

Over the past few years, criticism regarding the Department of Defense and the Department of Veterans Affairs medical information technology has grown. Both Departments developed their current systems and infrastructure independent of one another, primarily using proprietary technology and hardware that is costly, not user-friendly and technologically unsustainable. As such, both Departments have now chosen to modernize their systems and infrastructure to address many of those issues, as well as addressing the issues surrounding interoperability between both Departments and the private sector. These systems must also address new requirements made evident by continuing overseas operations, including the ability to expand based on future technology requirements.

Unfortunately, it appears that both Departments are not sufficiently coordinating their efforts, and that lessons learned are not being used to develop an efficient and cost-effective means for data interoperability and information technology modernization. The recommendation recognizes that each Department has unique system requirements; however, both Departments do have common functions that should result in the development of common technology solutions and architecture. Areas that should be joint business practices include lab work,

pharmacy orders, digital radiology transmittal, third-party collections and patient appointment scheduling. Both Departments are continuing to work on interoperability between their current systems and improving the transmittal of medical records from one system to another. However, there is significant concern that the necessary efforts being made to jointly develop the required future systems are inadequate. Therefore, the Joint Executive Council (JEC) and the Health Executive Council (HEC) are directed to report to the Committees on Appropriations of the House and the Senate not later than January 11, 2010, on a complete and thorough review of the technology requirements of each Department. The report shall detail each requirement, to include those that are deemed unique to each Department, include a justification of why the requirement can or cannot be developed jointly, and identify the path forward to develop such joint technology. In addition, the JEC and the HEC are directed to coordinate this report with the Department of Health and Human Services as it seeks to modernize electronic health records throughout the private sector. If done correctly and efficiently, the efforts of both Departments can be used as an example of how to modernize medical information technology.

MILITARY MEDICAL RESEARCH

The recommendation provides \$120,000,000 for Traumatic Brain Injury (TBI) and Psychological Health research and treatment efforts. The fiscal year 2010 budget submission included \$372,000,000 to address numerous unique military medical areas of concern including TBI and Psychological Health. The Department is encouraged to refer to the language in the House and Senate reports regarding gaps in research that need to be addressed within this funding to close those disparities.

It is understood that the Department of Defense is putting pressure on Health Affairs to obligate these funds in an expedited manner during fiscal year 2010 and as a result, Requests for Information (RFI) on grant proposals for this funding have already been published prior to the completion of the Department of Defense Appropriations Act, 2010. These actions are not supported by this recommendation since funding has not been appropriated and the Committees on Appropriations of the House and Senate were never notified of a new start request. Since the submission of the President's budget request, the Department has been repeatedly asked for a distributable list of medical research capability gaps that will be addressed with the additional \$372,000,000. Therefore, the Secretary of Defense is directed to provide a distributable list of medical research capability gaps that will be addressed using these funds not later than 15 days after enactment of this Act.

PEER-REVIEWED MEDICAL RESEARCH PROGRAM

The recommendation provides \$50,000,000 for a Peer-Reviewed Medical Research Program. The Secretary of Defense, in conjunction with the Service Surgeons General, is directed to select medical research projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are restricted to: Blood Cancer, Chronic Migraine and Post-traumatic headache, Dystonia, Drug Abuse, Epilepsy, Fragile X Syndrome, Inflam-

matory Bowel Disease, Interstitial Cystitis, Kidney Cancer, Lupus, Melanoma, Mesothelioma, Neuroblastoma, Osteoporosis and related bone disease, Padgett's Disease, Pheochromocytoma, Polycystic Kidney Disease, Post Traumatic Osteoarthritis, Scleroderma, Social Work Research, and Tinnitus. The recommendation emphasizes that the additional funding provided under the Peer-Reviewed Medical Research Program shall be devoted only to the purposes listed above.

HYPERBARIC OXYGEN THERAPY

The Secretary of Defense, not later than 60 days after enactment of this Act, shall submit to the congressional defense committees a report on the use of hyperbaric oxygen therapy (HBOT). The report shall include the number of members of the Armed Forces, veterans and civilians being treated with HBOT; the types of conditions being treated and the respective success rate for each condition; the current inventory, location, and rate of use for hyperbaric oxygen chambers; and any plans for expanding the use of HBOT for treatment.

DIRECT HIRE AUTHORITY

The Secretary of Defense is directed to immediately implement Section 1107 of the National Defense Authorization Act, 2008 (Public Law 110-181) which provides adequate authority for the medical specialty hiring needs of the Department of Defense. The Secretary of Defense is further directed that no later than 30 days after enactment of this Act the Department shall notify the congressional defense committees the action has been taken to implement the direct hire authority across the Department, including the civilian entities.

REDUCING SCAR FORMATION

The United States Army Institute of Surgical Research and the Armed Forces Institute of Regenerative Medicine is currently doing research to reduce scarring following battlefield injuries in conjunction with academia. The Surgeon General of the Army is urged to use funds provided for continuation of studies into new methods for wound healing and scar reduction capabilities including proceeding to a clinical study and for further product development.

MEDICAL TRANSPORTATION INFRASTRUCTURE

After reviewing the Base Realignment and Closure (BRAC) Health Systems Advisory Subcommittee's (the Committee) review of the design plans for medical centers, including the responses from the Department of Defense and the Committee, there remains deep concern about the state of the master plan to complete world class medical facilities. Failures to implement the recommendations of this plan may lead to degraded medical care for military personnel, their dependents and retirees.

The recommendation includes \$300,000,000 in the Defense Health Program operation and maintenance account for transportation issues stemming from the realignments associated with the 2005 BRAC. The Secretary of Defense is directed to provide a report to the House and Senate Committees on Appropriations detailing the status of the implementation of the BRAC Health Systems Advisory Subcommittee's plan, and on plans for the recommended funding increase, no later than 90 days after the enactment of this Act.

COUNTER-DRUG BUDGET JUSTIFICATION MATERIALS

There is concern that the budget justification materials submitted do not provide sufficient information for appropriate oversight and understanding of program objectives and metrics. Therefore, the Secretary of Defense is directed that beginning with the fiscal year 2011 budget, the budget justification materials shall ensure that each project code

include, at a minimum: a detailed explanation of program increases and decreases including displays and explanations of program and price growth; a display showing the number of full-time equivalent (FTE) employees; average grade for government employees and number of contractor FTEs; justification of planned equipment buys for items costing more than \$250,000, including quantities and unit costs; and justification and descriptions of research and develop-

ment activities, including anticipated program accomplishments, contract awards and a description of government costs.

The recommendation provides funds in the base budget for the Staff and Infrastructure line of operation. These funds are provided with the same time limitation as traditional operation and maintenance funds.

The reporting requirements directed under the Supplemental Appropriations Act, 2009 (Public Law 111-32), were not adhered to, but efforts are underway to improve that status.

The Director, Joint Improvised Explosive Device Defeat Organization (JIEDDO) is directed to submit monthly commitment, obligation, and expenditure data by line of operation and by year of appropriation to the congressional defense committees. Further, the Director, JIEDDO is directed to submit monthly reports of obligation data on a project-by-project basis by line of operation

to the congressional defense committees. The Director, JIEDDO is also directed to follow standard reprogramming procedures when transferring a cumulative amount of \$20,000,000 or more between lines of operation.

INTELLIGENCE COMMUNITY'S BUSINESS TRANSFORMATION OFFICE

The Director of National Intelligence is directed to submit a report 90 days after the enactment of this Act that: 1) addresses the procurement challenges facing the Business Transformation Office; 2) explains where the most efficient and secure place to store the

Community's business data will be for the foreseeable future; and 3) reviews the process for hiring highly qualified experts and provides recommendations that streamline the current bureaucratic process to one that allows the Director of the Business Transformation Office to efficiently build an effective staff. Finally, the report should provide

a target date when all National Intelligence Program funds will achieve a sustainable unqualified audit opinion.

INTELLIGENCE COMMUNITY EDUCATION AND TRAINING STRATEGIC DESIGN

The lack of a strategic plan for the Intelligence Community training programs and

professional education curriculum is concerning. The current patchwork of courses, language training efforts and schools is the result of multiple programs and initiatives instead of a coherent strategy. The Director of National Intelligence needs to benchmark successful programs such as the Department of Defense's National Defense University, and develop an appropriate educational and professional development strategy for the Community to create an innovative and competitive 21st century professional intelligence workforce. The Director of National Intelligence is encouraged to take steps to establish the Intelligence Community's capstone school in a manner that takes best advantage of opportunities for learning synergies and a transformative learning environment with other national security students. Further, no later than March 1, 2010, the Director of National Intelligence is directed to submit a report to the intelligence oversight committees on the feasibility of evolving the National Defense Intelligence College to a fee-for-service program.

TITLE VIII—GENERAL PROVISIONS

The recommendation incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed follow:

The recommendation modifies a general provision proposed by the House specifying that adjustments to programs, projects, and activities included in the "Explanation of Project Level Adjustments" that are increases above the budget are incorporated into law. Transfers within an appropriation account, among programs, projects and activities do not require general transfer authority as stipulated in Section 8005 of the accompanying Act. However, such transfers are subject to normal prior approval reprogramming procedures if such transfers exceed thresholds described elsewhere in this statement. Transfers between appropriation accounts are subject to the provisions of Section 8005 of the accompanying Act and are also subject to prior congressional approval. The Senate bill contained no similar provision.

The recommendation retains a provision proposed by the Senate that provides for upgrades to military ranges in Alaska. The House bill contained no similar provision.

The recommendation retains a provision proposed by the Senate that provides for limitations on the use and transfer authority of working capital fund cash balances. The House bill contained a similar provision.

The recommendation retains a provision proposed by the House that provides limitations and conditions on the use of funds made available in this Act to initiate multi-year contracts. The Senate bill contained a similar provision.

The recommendation retains a provision proposed by the House that provides for the Department of Defense to purchase anchor and mooring chains manufactured only in the United States. The Senate bill included a similar provision.

The recommendation modifies a provision proposed by both the House and Senate that prohibits funds made available to the Department of Defense from being used to demilitarize or dispose of surplus firearms.

The recommendation modifies a provision proposed by the House and Senate that restricts funds from being used to perform cost studies under OMB Circular A-76.

The recommendation modifies a provision proposed by both the House and Senate which provided funding from various appropriations for the Civil Air Patrol Corporation.

The recommendation modifies a provision proposed by both the House and Senate that

provides for the number of staff years of technical effort that may be funded for defense Federally Funded Research and Development Centers (FFRDC).

The recommendation retains a provision proposed by the Senate which provides for the conveyance, without consideration, of relocatable housing units. The House bill contained a similar provision.

TITLE IX—OVERSEAS CONTINGENCY OPERATIONS

REPORTING REQUIREMENTS

The Secretary of Defense is directed to provide a report to the congressional defense committees within 30 days of the enactment of this Act on the allocation of the funds

within the accounts listed in this title. The Secretary shall submit updated reports 30 days after the end of each fiscal quarter until funds listed in this title are no longer available for obligation. This report shall include: a detailed accounting of obligations and expenditures of appropriations provided in this title by program and sub-activity group for the continuation of military operations in Iraq and Afghanistan; and a listing of equipment procured using funds provided in this title.

Additionally, the Secretary of Defense is directed to continue to report incremental contingency operations costs for Operation Iraqi Freedom and Operation Enduring Freedom on a monthly basis in the Cost of War Execution report as required by Department of Defense Financial Management Regulation, chapter 23, volume 12. Further, the Secretary of Defense is directed to continue to provide the Cost of War reports to the congressional defense committees that include the following information by appropriation: funding appropriated, funding allocated, monthly obligations, monthly disbursements, cumulative fiscal year obligations and cumulative fiscal year disbursements.

In order to meet unanticipated requirements, the Department of Defense may need to transfer funds within these appropriations accounts for purposes other than those specified in this report. The Secretary of Defense is directed to follow normal prior approval reprogramming procedures should it be necessary to transfer funding between different appropriations accounts in this title.

PROGRESS REPORT ON IRAQ

Section 316 of Public Law 111-32, Supplemental Appropriations Act, 2009 directed the Secretary of Defense to submit to Congress on a quarterly basis a report on "Iraq Troop Drawdown Status, Goals and Timetable." Section 316 requires this report to be prepared and submitted every 90 days through September 30, 2010. The recommendation does not repeat section 9010 from the House-passed Department of Defense Appropriations Act, 2010 which repeated this requirement. It is expected that the Department will continue to submit the report as required through September 30, 2010.

BUDGET AMENDMENT

The recommendation fully funds an increase in the Army's end strength, as requested by the Department of Defense in a formal budget amendment submitted on August 13, 2009, after the House had already completed consideration of the Department of Defense Appropriations Act, 2010. The budget amendment, which provides \$1,012,600,000 to recruit, retain and support an additional 15,000 soldiers in fiscal year 2010, has been accepted. It is understood that these additional soldiers, and the 7,000 additional soldiers the Department plans to add in fiscal year 2011, are needed temporarily to allow existing Brigade Combat Teams to deploy at full strength. There is a concern about the strain on the Army imposed by the on-going high operations tempo in Iraq and

the increased demand in Afghanistan. There is also concern about the Department's decision to fund this temporary growth in end-strength by reducing funding for much-needed trucks and tactical vehicles. While it is believed that combat units in the theater of operations are being provided with the required quantity of high-quality tactical vehicles, concern remains that the Department is not requesting adequate funding to reset and replenish damaged and worn-out vehicles or addressing vehicle shortages in the National Guard and the reserve forces. Accordingly, the recommendation provides funding of \$1,063,038,000 for High Mobility Multipurpose Wheeled Vehicles (HMMWV), and \$863,357,000 for the Family of Medium Tactical Vehicles. The recommendation provides much needed trucks for the active Army, the Army National Guard and the Army Reserve.

MI-17 HELICOPTERS

There is concern with the Department's growing reliance on the Mi-17 helicopter to meet critical tactical lift requirements for Afghanistan, Iraq and Pakistan security forces. This platform has exceptionally-high maintenance requirements. Parts and service are not readily available in the theater of operations. Furthermore, the Mi-17 is in high demand by U.S. forces operating in and training for Afghanistan, but there are only two foreign-owned plants producing new aircraft at this time. Therefore, the Secretary of Defense is directed to report to the congressional defense committees not later than sixty days after the enactment of this Act on the Department of Defense's current and anticipated demand for Mi-17s for U.S., Afghanistan, Iraq and Pakistan security forces, the anticipated availability or shortage of additional airframes, the sustainability of the airframes currently slated for use by Afghanistan and Iraq security forces, an analysis of alternative airframes, and the future costs and funding sources available for procuring Mi-17s.

MEDICAL TREATMENT FOR CONTRACTORS

There is concern that American workers are not getting reasonable medical treatment for injuries they have suffered while working in a combat zone. Accordingly, the Department is urged to encourage Federal contractors to provide access to the most effective treatment available for injuries suffered while working outside the United States in support of military operations, including Operation Iraqi Freedom and Operation Enduring Freedom; and encourage Federal contractors performing a Federal contract outside the United States to ensure that American workers performing the contract receive the same benefits for injuries suffered outside the United States that they would receive if they were working within the United States.

COMMANDER'S EMERGENCY RESPONSE
PROGRAM

The recommendation provides \$1,200,000,000 for the Commander's Emergency Response Program (CERP) in fiscal year 2010, \$300,000,000 below the request. Included in this amount is \$1,000,000,000 for CERP in Afghanistan and \$200,000,000 for CERP in Iraq. The amount provided for CERP in Afghanistan effectively doubles what has been committed in Afghanistan for fiscal year 2009. Additionally, with the redeployment from Iraq and withdrawal from the major cities, CERP requirements in that theater of operations will decrease significantly in fiscal year 2010. Of the funds provided for CERP, \$500,000,000 shall be withheld pending completion and submission of the report described below.

The Department of Defense needs to greatly improve its management and oversight of CERP and its justifications of CERP budget requests. Additionally, there is concern that the Department's plan to significantly increase the use of CERP in Afghanistan does not yet include an increase in the number of personnel qualified to conduct proper oversight and management of those funds. Therefore, the Secretary of Defense is directed to conduct a thorough review of CERP and sub-

mit a report to the congressional defense committees not later than 180 days after enactment of this Act. This report shall include: the process by which CERP budget requests are generated and justified; existing management and oversight of CERP funds and contracts by the Department of the Army, the Undersecretary of Defense, Comptroller, and U.S. Central Command; the number of personnel required and the number of personnel currently deployed to Afghanistan with Joint Contracting Command and U.S. Forces—Afghanistan specifically in support of CERP; a separate assessment for Iraq and Afghanistan of the goals, purpose and expected requirement for CERP funds in the coming year; the coordination process of projects with other U.S. government agencies and Non-Governmental Organizations carrying out projects in Iraq and Afghanistan; the requirements for the sustainment of projects carried out under CERP; the procedures for ensuring that projects carried out under CERP are coordinated with the host governments and local community leaders; and the process and systems for tracking projects carried out under CERP. Additionally, the Secretary of Defense is directed, as part of the program review, to report on the advisability of establishing a program office

for CERP to be responsible for the development of budgets, strategic plans, program controls, requirements for program coordination, and standards for training.

The Secretary of the Army is directed to submit monthly commitment, obligation and expenditure data for CERP in Iraq and Afghanistan to the congressional defense committees not later than 30 days after each month. Finally, the Secretary of Defense is directed to submit the required quarterly report in a searchable database form in addition to the paper report.

CIVILIAN-MILITARY TRAINING

The Secretary of Defense is directed, in conjunction with the Secretary of State and the Administrator of the United States Agency for International Development, to continue to support the requirements for monthly integrated civilian-military training for civilians deploying to Afghanistan at Camp Atterbury, Indiana, including through the allocation of military and civilian personnel, trainers, and other resources for that purpose.

UP ARMORED HMMWVS

The fiscal year 2010 budget request for Overseas Contingency Operations includes funding for the procurement of up-armored HMMWVs. At the request of the Marine Corps, Congress appropriated \$177,200,000 in fiscal year 2009 supplemental funding for the procurement of Frag Kit 4 underbody armor protection for M1114 vehicles in theater. However, it is understood that the Marine Corps has rescinded that requirement due to technical difficulties and will not procure any Frag Kit 4 kits. Therefore, the Commandant of the Marine Corps is directed to apply the funds previously appropriated for the procurement of Frag Kit 4 kits for the procurement of up-armored HMMWVs for contingency operations instead.

FAMILY OF HEAVY TACTICAL VEHICLES

The recommendation includes \$803,230,000 for the Family of Heavy Tactical Vehicles. The funding provides for the purchase of a variety of heavy trucks, tractors and trailers including Heavy Expanded Mobility Tactical Trucks; Heavy Equipment Transporter Tractors; Heavy Equipment Transporter Trailers; and other heavy transport systems to support line haul, local haul, unit resupply and other missions. These trucks and trailers provide critical support to units in the field. The Army is expected to promptly procure these heavy trucks and trailers as described in budget justification materials.

COMMON REMOTELY OPERATED WEAPONS STATION

The recommendation provides \$495,000,000 for Common Remotely Operated Weapons Stations (CROWS), which includes the \$235,000,000 in the budget request, a transfer of \$360,000,000 from Other Procurement, Army, and a program reduction of \$100,000,000. Although there is strong support for the CROWS program, this reduction will avoid funding ahead of need. It is understood

that funding for CROWS systems is available in the funding lines for other weapons systems and tactical vehicles. Should additional CROWS funding be required in fiscal year 2010, the Army should reprogram internally to meet the demand. The Army is encouraged to make the CROWS System a Program of Record.

MINE RESISTANT AMBUSH PROTECTED (MRAP) AND MINE RESISTANT AMBUSH PROTECTED ALL TERRAIN VEHICLES (M-ATVs)

The recommendation provides \$6,281,000,000, an increase of \$825,000,000 over the request to address additional M-ATV vehicle requirements, as identified by the Department. The Department shall continue to adhere to the execution and reporting requirements contained in section 8122 of Public Law 110-116.

TRAINING DEVICES FOR MINE RESISTANT AMBUSH PROTECTED (MRAP) AND MINE RESISTANT AMBUSH PROTECTED ALL TERRAIN VEHICLES (M-ATVs)

In response to the threat of Improvised Explosive Devices (IEDs) to Forces in theater, the Department of Defense has procured more than 16,000 MRAPs, and recently validated a requirement of more than 6,000 light-weight MRAPs, M-ATVs, for operations in Afghanistan.

Due to the weight of the heavy armor and high center of gravity, the driving characteristics of both the MRAP and M-ATV are considerably different from other vehicles that are in use by the military. Aggressive safety training helps avoid casualties due to roll-overs and other types of accidents. Emergency egress training, including the emergency operation of the heavy armored doors is essential. It is understood that MRAP vehicles and virtual trainers have been provided to home station training facilities for active component, National Guard and Reserve units to prepare service members to

operate and maintain these vehicles, which they will receive upon their arrival in the combat theaters. The military services are encouraged to take maximum advantage of these training devices to prepare servicemembers for operations in and around MRAPs and M-ATVs. The Department is expected to use funds available in this Act to procure additional training devices, including virtual vehicle trainers if required.

NATIONAL GUARD AND RESERVE EQUIPMENT

The recommendation provides \$950,000,000 for the National Guard and Reserve Equipment Account. Of that amount, \$575,000,000 is for the Army National Guard; \$135,000,000 for the Air National Guard; \$85,000,000 for the U.S. Army Reserve; \$55,000,000 for the Navy Reserve; \$45,000,000 for the Marine Corps Reserve; and \$55,000,000 for the Air Force Reserve to meet urgent equipment needs that may arise this fiscal year.

This funding will allow the Guard and reserve components to procure high priority equipment that will complement the combined State and Federal missions.

MODERNIZATION PRIORITIES

Each National Guard and reserve component Chief shall submit to the congressional defense committees a detailed assessment of that component's modernization priorities not later than 30 days after enactment of this Act. The National Guard and reserve component Chiefs should exercise control of the funds provided in this account, to better ensure that the most urgent National Guard and reserve equipment modernization priorities are addressed with the funding provided in this appropriation.

SABER FOCUS

The Saber Focus demonstration program is envisioned to provide a much needed capability to the warfighter. The Congress has provided over \$200,000,000 for this effort, funded entirely outside the normal bud-

eting process. The Department has been given numerous opportunities to fund this potentially game-changing program in its base budget but has chosen not to do so, largely due to schedule slips with the actual demonstration. The demonstration is currently scheduled in fiscal year 2010 and will

utilize funding carried over from fiscal year 2009. Therefore, the recommendation provides \$16,900,000 for the Saber Focus program, a reduction of \$35,000,000, which should be sufficient to finally transition the program to a Program of Record.

For the Office of the Inspector General, \$8,876,000 is provided for fiscal year 2010.

TITLE IX—GENERAL PROVISIONS

The recommendation incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed follow:

The recommendation retains a provision proposed by the Senate that provides for special transfer authority for this title. The House bill contained a similar provision.

The recommendation retains a provision proposed by the Senate that provides authority for the supervisory and administrative costs associated with construction projects in Afghanistan funded with operation and maintenance funds, that may be obligated when the contract is awarded. The House bill contained a similar provision.

The recommendation retains a provision proposed by the Senate that provides for the procurement of passenger motor vehicles for the physical security of personnel. The House bill contained a similar provision.

The recommendation modifies a provision proposed by the House and the Senate which

provides funding under “Operation and Maintenance, Army” to fund the Commander’s Emergency Response Program (CERP) and requires quarterly reports to the congressional defense committees.

The recommendation does not retain a provision proposed by the House that provides for a transfer from the Defense Cooperation Account. The Senate bill contained no similar provision.

The recommendation retains a provision proposed by the Senate that designates funds in this title for overseas deployments and other activities. The House bill contained a similar provision.

The recommendation retains a provision proposed by the House that prohibits the use of funds made available in this Act to contravene laws enacted or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment. The Senate bill contained the same provision in Title VIII.

The recommendation does not retain a provision proposed by the House that requires a report on the timetable for Iraq troop draw down. The Senate bill contained no similar provision. The issue is addressed elsewhere in this statement.

The recommendation retains a provision proposed by the Senate that provides reporting requirements and reprogramming thresholds for Iraq and Afghanistan Security Forces Funds and Pakistan Counterinsurgency Fund. The House bill contained no similar provision.

The recommendation includes a provision that restricts the transfer or release into the United States of any individual who was detained at Naval Station, Guantanamo Bay, Cuba.

The recommendation does not retain a provision proposed by the Senate that provides

funding for fuel requirements. The House bill contained no similar provision.

The recommendation retains a provision proposed by the Senate that prohibits funding of the Association Community Organizations for Reform Now. The House bill contained no similar provision. The issue is addressed in Title VIII.

The recommendation does not retain a provision proposed by the Senate that provides for the support of certain civilian-military training for citizens deploying to Afghanistan. The House bill contained no similar provision. This issue is addressed elsewhere in the statement.

The recommendation does not retain a provision proposed by the Senate to hold open and closed hearings on strategy and resources of the United States with respect to Afghanistan and Pakistan. The House bill contained no similar provision.

The recommendation modifies a provision proposed by the Senate that makes available funding for outreach and reintegration services under the Yellow Ribbon Reintegration Program. The House bill contained no similar provision.

TITLE X—GENERAL PROVISIONS

The recommendation incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed follow:

The recommendation does not retain a provision proposed by the House concerning hyperbaric chambers for treatment of traumatic brain injury. The Senate bill contained no similar provision. The issue is addressed elsewhere in the statement.

DIVISION B—OTHER MATTERS

Section 1001 provides such sums as are necessary for the Supplemental Nutrition Assistance Program (SNAP), to be held in reserve for use in such amounts and at such times as may be necessary to carry out the program. The fiscal year 2010 appropriation for SNAP was based on the latest official projection available to Congress at that time—the Office of Management and Budget’s Mid-Session Review—and can support a large increase in participation over fiscal year 2009. However, increases in participation levels in the latter part of fiscal year 2009 were very high. If those rates of increase continue, the current appropriation level would not be sufficient to meet program participation.

Section 1002 provides \$400,000,000 in additional funding for state administrative expenses under the Supplemental Nutrition Assistance Program, to assist states in dealing with high program participation levels, designated as an emergency requirement.

Section 1003 extends the authorization for compulsory copyright license used by satellite television providers to February 28, 2010. Funding is fully offset.

Section 1004 provides extension to certain provisions of the USA PATRIOT Improvement and Reauthorization Act of 2005 and the Intelligence Reform and Terrorism Prevention Act of 2004 until February 28, 2010.

Section 1005 extends the National Flood Insurance Program through February 28, 2010.

Section 1006 provides \$125,000,000 to the Small Business Administration (SBA), to continue two temporary enhancements to SBA loan guarantee programs made by the American Recovery and Reinvestment Act of

2009 and which are nearly out of funding. One of the enhancements being extended allows the SBA to guarantee 90 percent of certain small business loans, instead of the 75 percent allowed under permanent law (or 85 percent for small loans), thereby encouraging banks to make these loans by reducing the amount they have at risk and the reserves they must hold. The other reduces fees paid by lenders and borrowers. The funding provided in the bill is estimated to be sufficient to continue both items through February 28, 2010. The bill also extends the expiration date of the authorization for the 90 percent loan guarantees from February 17 to February 28, 2010. Funding is fully offset.

Section 1007 will release upon enactment to Swain County, North Carolina \$4,000,000 of previously appropriated funds, with the remaining \$8,800,000 to be made available 120 days after the County, the state of North Carolina, the Interior Department and the Tennessee Valley Authority reach a settlement.

Section 1008 extends the authorization for the highway, transit, highway safety and motor carrier safety programs of the Department of Transportation until February 28, 2010.

Section 1009 provides an extension of expiring UI benefit provisions that were established or continued in the American Recovery and Reinvestment Act, including the Emergency Unemployment Compensation program, 100 percent Federal funding for the Extended Benefits program, and the extra \$25 weekly UI benefit through February 28, 2010.

Section 1010 extends the 65 percent COBRA health insurance subsidy from nine to 15 months for individuals who have lost their

jobs. The job lost eligibility date is extended in the provision through February 28, 2010.

Section 1011 delays a scheduled 21.2 percent reduction in Medicare’s 2010 physician payments through February 28, 2010.

Section 1012 includes a provision to freeze the Department of Health and Human Services poverty guidelines at 2009 levels in order to prevent a reduction in eligibility for certain means-tested programs, including Medicaid, Supplemental Nutrition Assistance Program (SNAP), and child nutrition, through March 1, 2010.

Section 1013 rescinds funds from the digital television conversion coupon program.

Section 1014 provides that explanatory statement submitted by the Chairman of the Defense Subcommittee shall have the same effect as a joint explanatory statement.

DISCLOSURE OF CONGRESSIONAL EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the amended bill or the explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the amended bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules.

Though clause 9(b) of rule XXI of the Rules of the House of Representatives technically only applies to conference reports, the following is a list of congressional earmarks,

limited tax benefits, or limited tariff benefits that were neither (1) included in the House bill or Senate amendment on H.R. 3326, nor (2) in a report of a committee of ei-

ther House on this bill or on a companion measure.

I reserve the balance of my time. Mr. YOUNG of Florida. I yield myself such time as I may consume.

Madam Speaker, I want to congratulate all of the members of the subcommittee for having worked so hard all year long to get this product to where we finally have final passage on the issue.

The House passed this bill 4½ months ago. The Senate passed it in September. It has been a bit of a painful process along the way because a lot of suggestions and a lot of ideas were raised of which we could agree to some and could not agree to others.

Anyway, we have produced what I think is a good package. I may not be as enthusiastic about this one as I have been for many others in the past, but it is a good bill. It does provide what our soldiers, what our sailors, what our marines, and what our airmen need in order to do their jobs and to protect themselves while they're at it.

I would have said "Coast Guard," but we don't have the jurisdiction in this subcommittee for the Coast Guard. Yet we recognize the importance of the United States Coast Guard as well.

The bill is not too much different from the House bill that we passed 4½ months ago. There has had to be some negotiation, obviously, but I think we provided what our soldiers need and what our country needs. There is a 3.4 percent pay raise for the members of our military. It wasn't quite that big when it came to us, but we increased it to give a little more of a substantial pay raise to the members of our military.

There is one point that I was questioned about which I need to make

clear: There is no money in this bill to move detainees from Guantanamo or to buy or build new facilities in the United States for detaining Guantanamo detainees. So there is no money in this bill for that purpose.

All in all, it's a good bill and one that I can support enthusiastically. As I think most of the Members know, Madam Speaker, a number of other temporary issues have been added to this bill at the leadership level, and we do not object to that. We think that that is perfectly acceptable. In fact, I think it's a good idea in some of the cases.

I yield to the ranking member on the full committee, who chaired this subcommittee for quite a few years, the gentleman from California (Mr. LEWIS), who has been a major player in our Defense appropriations for years.

Mr. LEWIS of California. I very much appreciate my colleague for yielding.

Madam Speaker, my friend, Mr. MURTHA, has spent some time at Bethesda, and I would like to recognize the contributions that he has made to this bill and to the work he has done with Mr. YOUNG.

Madam Speaker, it has taken months to get to this point but I'm pleased to see that we are finally considering a Defense Appropriations bill to provide funds for the men and women of our armed forces and the national security needs of our country.

We should have been on the House floor months ago—months ago—passing a clean Defense funding bill. Like many Members, I questioned the priorities of the Democrat leadership in moving this year's funding bills, particularly the decision to send the President the Legislative Branch conference report as our first completed bill. It sent an unmistakable

signal that the House majority was putting the needs of Congress first and placing the needs of our troops at the end of the line.

I know there has been great temptation to use the Defense bill as the vehicle to carry many unrelated legislative items that could not and would not muster enough support to pass on their own. And while this package before us is far from clean, it's a streamlined version of what was, just a few days ago, shaping up to be the mother of all Christmas tree bills.

It was Chairman OBEY who, on December 18th, 2005 said, and I quote, "The defense bill ought to be about delivering equipment and supporting our troops. There is something especially outrageous and callous about the willingness of the majority party leadership to allow the Defense Department bill in a time of war to be held hostage to totally unrelated legislative items."

But that is precisely what we are doing by including a variety of non-defense related legislative provisions in this package. Some items like COBRA, food stamps, and so-called "poverty guidelines" have been manipulated in a way to suit the Chairman's purposes for redistributing income in America but do not reflect the agreement reached to garner bipartisan support on this bill.

We are also designating as emergency spending an additional \$20 billion worth of program extensions. I'm not arguing that some of these are unworthy but merely pointing out that they should have no place in a defense spending bill. At the very least, we should pay for them honestly rather than continuing to add to our mountain of debt.

More curious to me is the fact that buried within this legislation is an airdropped Member project in the form of bill language authorizing the payment of nearly \$13 million to a county in North Carolina. I can only assume that this project meets all of the necessary requirements for congressional projects. No one

seems to know how or why this project was included in this package but it's there in black and white for the world to see.

Also disconcerting is the fact that the underlying defense spending bill fails to include funding needed for additional MRAPS to support the 30,000 troop surge in Afghanistan. My understanding is that the House and Senate majority and minority were in full agreement to funding an additional 4,000 MRAPS—and yet a decision was made at another level—perhaps even at a staff level—to leave this vital funding out of this package. Again, it's a decision like this that causes me to scratch my head and question the priorities of this majority leadership.

At the end of the day, this legislation is far from perfect; I would vote against Division B if given the opportunity. But it is a vast improvement over the massive train wreck that was heading our way earlier this week. I strongly support the underlying defense portion of this package and ask our colleagues to support our troops who are defending freedom at home and abroad.

Mr. CONYERS. Madam Speaker, I rise in opposition to H.R. 3326, the Fiscal Year 2010 Department of Defense Appropriations Act.

The President's announcement last week came as no surprise to me and many of my colleagues; he has consistently stated throughout the Presidential campaign and during his first year in office that he is committed to shifting military resources from Iraq into Afghanistan. Nonetheless, I am disappointed the President has moved ahead with, what I believe to be, an incorrect course of action.

As we move forward in this process, it is imperative that the House consider all options about how to best succeed in Afghanistan. It is in this spirit today that I want to announce the creation of a new "Peace and Progress in Afghanistan Caucus" that will give Democrats and Republicans a place to organize and advocate for a new strategy that recognizes the need to redeploy our troops, while strengthening our civilian and diplomatic approaches.

The presence of military troops in Afghanistan is having a detrimental effect on our efforts to secure a lasting peace in the region and diffuse the threat of international terrorism. Our military presence only inflames anti-American resentment.

Only by pursuing a wide-ranging policy that focuses on reorienting the United States' commitment to the Afghan government and people by emphasizing indigenous reconciliation and reconstruction strategies, rigorous regional diplomacy, and swift redeployment of the US military, will we ultimately succeed in Afghanistan."

I was extremely heartened that two of the three prongs of the President's new strategy focus on a civilian surge and on diplomacy with Pakistan. It is a shame that the funding in this bill will not support these worthy approaches. The President believes that the United States can transform resentment into hope by working with our humanitarian and local government partners on the ground to give the Afghan people access to education, strong civic institutions, and a sustainable, legitimate source of income.

I believe that a new focus on a civilian surge should also empower local NGOs and initiatives that directly benefit the Afghan people, like the highly successful National Solidarity Project, an Afghan-run community development program.

Similarly, if the Pakistani people understand that we are committed to helping secure their safety and prosperity, they will step up their efforts to combat terrorism within their borders. Additionally, I believe we must expand our thinking beyond Pakistan to include other actors and countries that affect the greater region. One of the least discussed aspects of this conflict is the role India must play in promoting regional peace. For years, the Pakistani military and intelligence services have been hesitant to crack down on Taliban militants operating in the tribal regions because they fear the establishment of an Afghan government that would be susceptible to Indian influence. Such a worst case scenario, in their view, would give one of their traditional regional foes a foothold on both their northern and southern borders.

In order to secure a long-term regional peace, the President must engage India and Pakistan to seek a final political agreement on Kashmir. Only when Pakistan feels secure in the south, will the Pakistani army be able to focus its efforts on defeating the Taliban who dwell along the Afghan border.

I look forward to working with the President to promote and expand these critical approaches to securing victory.

The President has committed to ending the war in a responsible manner. Although we disagree on the means being employed to reach that laudable goal at the moment, I believe that I and other pro-peace, pro-national security Members of Congress can help him can craft a successful policy that will bring our troops home as soon as possible.

In the meantime, I will continue to oppose funding a war that emphasizes a heavy military footprint. No amount of additional troops can bring a war with no military solution to an end.

Mr. BLUMENAUER. Madam Speaker, as we enter the final days of 2009, I'm pleased to join my colleagues in Congress to pass a series of bills that will protect jobs, spur employment, and strengthen the ability of families to make it through economic hardship. Among these measures is H.R. 3326, the "Fiscal Year 2010 Department of Defense Appropriations Act." Although I remain extremely frustrated by large portions of this bill that spend too much on the wrong things, I voted for it to provide resources for our troops, including hundreds of Oregonians stationed abroad, and for Oregon's economy.

The bill includes a number of hard-fought provisions that will make a difference for Oregon's economy. Universities like Portland State, Oregon, and Oregon State, local companies like Precision Castparts and our regional manufacturing initiative, the Manufacturing 21 Coalition, will see needed investment in programs to treat traumatic brain injury and develop a skilled workforce. These are the right investments—targeted and timely. Spending billions of dollars on items that the Pentagon doesn't need and the President didn't want takes resources away from addressing the deficit, or from critical investments like our own people.

This bill is also a vehicle for making sure that millions of people can bridge this economic downturn. This legislation ensures that ordinary Americans do not lose unemployment benefits, that the unemployed have access to health care, that doctors in Oregon and around the country are not subjected to the

egregious Medicare reimbursement cuts. These efforts demand support.

I look forward to swift enactment of these much-needed provisions. Grinding the legislative process to a halt only short-changes honest Americans. It is my sincere wish that in the New Year we renew a spirit of cooperation in the Senate and across the aisle.

Mr. BRALEY of Iowa. Madam Speaker, I rise today to express my support for the Defense Appropriations Act for FY10 and am glad that it includes extensions of several laws that are set to expire, such as extending unemployment benefits and COBRA health insurance. I am also pleased that it includes important items such as a delay of the scheduled 21 percent cut in Medicare payments to doctors and an extension of highway programs.

I am disappointed, however, that several tax extenders that were passed by the House last week as part of the Tax Extenders Act will not be considered before the end of the year, such as the biodiesel tax credit. Although there has been some discussion to pass these extenders retroactively early next year, Congress' failure to extend the current credit before the end of the year could cause harm to the biodiesel facilities in my District. Unlike other tax extenders, the biodiesel tax credit is liquid and a retroactive tax bill is still not as effective as ensuring the tax credit continues uninterrupted. We not only need to get this extended in the short-term, but we need to come up with a longer-term plan to provide more security for investment in biodiesel which is good for the economy, the environment, and energy security.

I am also concerned that Congress has failed to extend the 1.0 Floor on the Work Geographic Practice Cost Index (GPCI) under Medicare Part B, which expires at the end of this year. This is exactly why we need to address these unfair GPCIs once and for all, which only serve to penalize Iowa medical providers who choose to accept Medicare patients. I have called for a permanent extension of the 1.0 Floor, and I have secured language in the Health Care Reform bill to address geographic disparities in Medicare. However, the current floor is still set to expire at the end of this year. I will continue to urge my colleagues to address this problem through a retroactive fix as soon as possible next year, and through a permanent fix of the unfair geographic adjusters under Medicare.

To help Iowa's farmers, it is also essential to extend the five-year depreciation for farming business machinery and equipment, as well as extensions of provisions encouraging farmers to set aside land for conservation. As we continue to work our way out of the harshest economic climate since the Great Depression, these tax credits will play a tremendous role in encouraging job creation and strengthening Iowa's middle class families. We also need to extend the Research and Development tax credit. By renewing this credit, we are taking meaningful steps to encourage companies to hire Iowa's educated and experienced workers for good-paying 21st century jobs that can't be outsourced.

Thanks again, Madam Speaker, for your leadership. We have gotten a lot accomplished this year, but it is critical that we make the tax extenders package a high priority item. I encourage you to work with the Senate to get this passed into law so that we don't lose

jobs in the industries that rely on these credits at the same time that we are working so hard to create them.

Mr. VAN HOLLEN. Madam Speaker, I rise in support of the 2010 Department of Defense Appropriations Act.

This measure represents Congress's commitment to the millions of dedicated men and women, in and out of uniform, throughout the Department of Defense, who work to address the national security challenges of the country. This bill also expresses our commitment to their families, whose service to the country is recognized and greatly appreciated.

In total, the act appropriates \$636.3 billion for DoD programs, operations and troop support. This represents a 2 percent increase of current funding levels, and while not including funding for the President's proposed troop increase in Afghanistan, includes \$128.2 billion for military operations in Iraq and Afghanistan.

The bill contains funds to meet the logistical needs of our military including new and updated equipment, combat vehicles and battle gear. The measure also includes funding for military pay raises, military health care benefits and quality of life improvements for the troops and their families.

Since first clearing this chamber in July, there have been important add-ons made to the bill. These add-ons include a number of non-defense provisions—such as an extension of certain emergency unemployment insurance benefits; an extension of a 65 percent premium subsidy for COBRA health insurance, allowing recipients to obtain the subsidized insurance coverage for six additional months; a delay, until February, of a scheduled 21 percent cut in Medicare payments to doctors; funding for nutrition assistance; and \$400 million for state administrative expenses.

Additionally, I am especially pleased that today's DoD Appropriations bill includes an unprecedented fund of \$300 million set aside for the purpose of mitigating BRAC-related transportation and community impacts at the new Walter Reed National Military Medical Center and Fort Belvoir. Congress is committed to building world class facilities for our wounded warriors in the national capital region, and these funds are an integral part of that effort. I want to thank Congressman MORAN, Chairman MURTHA, and Chairman OBEY, as well as Senator MIKULSKI and Senator CARDIN, for their partnership on this initiative. I look forward to working with our Senate colleagues, the Department of Defense, and other stakeholders to make these funds available for their intended purpose at the soonest possible date.

Madam Speaker, as the country prepares to ask even more of our service members, it is our responsibility to do all we can to honor our commitments to them and their families—While we can never fully repay the debt we owe them, we can work to ensure that they have the resources they need to do their jobs abroad and the resources they need to meet their obligations here at home.

I encourage my colleagues join me in support of the bill.

Mr. YOUNG of Alaska. Madam Speaker, I rise to discuss the \$2.4 million that was included at my request in the FY10 Defense Appropriations Bill for Synthetic Liquid Fuels.

Considering the large amounts of potential CO₂ emissions produced by a coal or a natural gas-to-liquids facility, technologies will

have to be developed to ascertain the feasibility of sequestering the CO₂.

Recent investigations by the U.S. Department of Energy have shown that between 8 and 12 billion barrels of additional oil can be recovered from the existing Alaska North Slope oil fields with using CO₂ enhanced oil recovery technology. Alaska North Slope oil reservoirs present a potentially large target or "sink" for sequestering the CO₂ generated in a Fairbanks-based coal-to-liquids or a coal/gas-to-liquids plant, thereby enhancing conventional oil recovery as a by-product. However, very little practical study of CO₂ sequestration has directly addressed the Alaska North Slope area. Moreover, in the present case, effective CO₂ sequestration is highly dependent on the technologically and economically-feasible transportation of CO₂ from the Fairbanks source to the Alaska North Slope. Additionally, for the Alaska Natural Gas Pipeline proposed to bring the Alaska North Slope natural gas to world markets, to be successful, accommodation for the handling of about 480 mmscf CO₂/day, assuming 4 bscf/day of natural gas, from the Prudhoe Bay Unit must be considered.

The study paid for by these monies would investigate the feasibility of gathering, delivering and utilizing the resultant CO₂ from the plant for enhanced oil recovery on the North Slope of Alaska, thereby simultaneously sequestering CO₂ and increasing domestic oil production. If this proves feasible, the construction of the proposed would supply the U.S. military with domestically produced synthetic fuel and greatly increase U.S. oil production from existing oil fields.

Mr. MICA. Madam Speaker, although I voted "yes" in support of H.R. 3326, the Defense Appropriations Bill, and consider myself a strong advocate for those in military service to our nation, I want to express my opposition to funds appropriated in this measure to move and house Terrorists from Guantanamo to Illinois. Having personally visited Guantanamo I can attest that prisoners and detainees have accommodations for better than many seniors, veterans and law-abiding Americans. These terrorists are enemy combatants who committed international acts of war and terror and should not be entitled to our civil or criminal system of justice.

Furthermore after spending nearly half a billion dollars on the Guantanamo facility to now waste a half a billion dollars more on that scum of the earth is a horrible insult to all Americans and every taxpayer. When you think that this administration cannot possibly come up with another dramatic waste of public funds it seems today in this rarified air in Washington one never ceases to be stunned and annoyed.

Unfortunately, the wasteful action and insult relating to Guantanamo is only one of a number of unacceptable provisions that have been tucked into the Defense Appropriations Bill.

Mr. FRELINGHUYSEN. Madam Speaker, I want to echo the comments of my Ranking Members, Mr. YOUNG and Mr. LEWIS. This is a good bill, thanks to the hard work of our Chairman JACK MURTHA, his Ranking Member BILL YOUNG and their capable staffs.

Clearly, had I written the bill, I would have written it differently in certain areas. (I certainly would not have tacked on a record increase in the debt limit!)

My major regret is that we should have done more.

This bill started out \$3.5 billion short of the President's request— despite the fact that we are engaged in two, hard-fought wars.

And now, we have a larger mission in Afghanistan involving more soldiers and Marines and a more complex and expensive operations to support and resupply them.

At a time when this Congress has found the 'will and the wallet' to throw billions of borrowed dollars at every domestic program under the sun, our leaders are finding ways to cut defense—sometimes subtle, sometimes blatant.

I tell my Colleagues who have pledged to support a strong national defense, that this bill is the high water mark. It's all downhill from here.

With that said, Madam Speaker, there is much to like in the base bill.

I support reform of our military acquisition processes.

I support Secretary Gates' program to re-examine our national security priorities in light of the new irregular challenges and threats that are proliferating well beyond Iraq and Afghanistan.

I support funding in the bill for: a 3.4 percent pay raise for our troops (all volunteers); over \$29 billion to provide first class medical care through our Defense Health program; \$15 billion to allow the Navy to build seven ships; funding for more F/A-18 aircraft. We also set the stage for a future multi-year procurement of the F-18 aircraft to begin to close the Navy's "fighter gap;" \$6.3 billion for 6,600 more lightweight MRAPs for Afghanistan. These vehicles are badly needed as IED's have proliferated;

However, I wish we could find a way to restore the cuts to missile defense and ensure that the F-22 assembly line keeps rolling.

In this context, Madam Speaker, I worry that this Administration is not making the investments today to ensure that we will be prepared to defend our interests against all threats in the years to come.

I must also add that I am very concerned about the Majority's insistence on using this bill, and our troops, to pass unrelated, and sometimes controversial provisions. For example, this bill should not be the vehicle to legislate Medicare doctor's payments, COBRA, Satellite television, nutrition assistance reauthorization, the PATRIOT Act and other provisions.

In closing, I thank Chairman MURTHA and Ranking Member YOUNG for their leadership.

Ms. RICHARDSON. Madam Speaker, I rise in strong support of H.R. 3326, the FY2010 Defense Appropriations Act," which provides \$636.3 billion in defense funding. This bill keeps faith with our troops and provides the funding needed to ensure they are the best trained, best prepared, best equipped, and best cared for fighting force in the history of the world. That is the least we can do for those who willingly risk their lives to keep us safe.

Madam Speaker, I also support the bill because it makes the needed investments to keep our nation strong, safe, and respected in the world. One of the most important investments is the \$2.5 billion in funding provided to build and maintain 10 C-17 Air Force cargo aircraft, which is assembled in my district but serves the nation and helps protect the peace the world over.

I want to thank Chairman MURTHA and Chairman OBEY for working with me to secure

this funding and also for masterly shepherding this legislation to the floor.

Madam Speaker, in my remaining time let me briefly explain why I fight so hard for the C-17, as Chairman MURTHA can attest: Airlift is the enabler of global reach, global power, and global vigilance. This is what makes us a superpower.

The C-17 is the best airlift aircraft in the world because of its ability to fly long distances and land in remote airfields in rough, land-locked regions.

The C-17 is the premier transporter for military, humanitarian and peacekeeping missions because it can:

Take off from a 7,600-ft. airfield, carry a payload of 160,000 pounds, fly 2,400 nautical miles, refuel while in flight and land in 3,000 ft. or less on a small unpaved or paved airfield in day or night.

In addition to the wars in Afghanistan and Iraq, the C-17 has proved its mettle in humanitarian missions to Darfur, Myanmar, China, and Georgia in the former Soviet Union.

The men and women who design and build the C-17 represent a critical component of our nation's industrial base and a workforce that is second to none.

At a time when we are adding to our troop strength in the Army and Marine Corps overall, and expanding our deployment to Afghanistan, it only makes sense to continue production of the C-17, the only program that provides for strategic airlift over the long term.

For California alone, the C-17 program at Long Beach contributes almost 14,000 direct jobs and an economic impact of \$2 billion.

In conclusion, Madam Speaker, I support this bill because it restores and enhances the readiness of our troops, equipment, and defense infrastructure. It takes care of our military personnel and their families. And it authorizes the needed investments to keep our nation strong, safe, and respected in the world.

I urge my colleagues to join me in voting for the bill on final passage.

Mr. HOLT. Madam Speaker, I rise in support of this important bill.

To help support our troops and their families, this bill provides a much-deserved 3.4 percent military pay increase, as well as \$472.4 million for Family Advocacy programs and full funding for Family Support and Yellow Ribbon to provide support to military families, including quality child care, job training for spouses, and expanded counseling and outreach to families experiencing the separation and stress of war. Additionally, H.R. 3326 provides \$29.2 billion (\$3 billion above the 2009 level) for the Defense Health Program to provide quality medical care for servicemembers and their including \$120 million for Traumatic Brain Injury and Psychological Health Research.

Regarding the Defense Department's operations, I'm pleased that the bill provides \$5 billion to allow defense personnel, not contractors, to perform critical department functions. The Department estimates that every position that is converted from contract to federal civilian saves on average \$44,000 per year. Additionally, the bill reduces contracted advisory and assistance services by \$51 million, and includes general provisions to stop further conversions by the Department of Defense from government functions to contractors. The bill also contains important policy provisions I sup-

port, including a bar on the establishment of permanent bases in Iraq or Afghanistan, and the continuation of a general requirement prohibiting the torture of detainees held in U.S. custody.

I am disappointed that we were forced to include in this bill a 60 day extension of three expiring Patriot Act authorities. The very good Patriot Act reform bill reported out of the Judiciary Committee eliminates over-broad surveillance authorities, tightens requirements for the issuance of national security letters, and contains important oversight requirements that will help us protect our people from both potential terrorists and an out-of-control executive branch. That bill should be passed by the House in January 2010 and the Senate should adopt it.

Some non-defense policy items are also attached to this bill, including expanded unemployment benefits, including increased payouts and longer duration of benefits, through February 28, 2010. The bill also extends from nine to 15 months (to February 28, 2010) the 65 percent COBRA health insurance subsidy for individuals who have lost their jobs. The COBRA subsidy extension would help New Jersey families between jobs immediately, as without this subsidy the average New Jersey family would pay \$1,156 a month for COBRA coverage, which would consume over two-thirds of their unemployment benefits.

Overall, this bill meets important national security and domestic policy needs, and I urge my colleagues to join me in supporting this bill.

Mr. BOYD. Madam Speaker, I want to thank Chairman MURTHA and Ranking Member YOUNG for their work on the Fiscal Year 2010 Defense Appropriations Act. This bill will ensure that our military members have the equipment, training and resources they need to continue to defend our great nation, particularly in light of the continuing engagements in Iraq and Afghanistan. As a Vietnam veteran, I understand the sacrifices our troops are making and they are never far from my mind in the work I do here.

I specifically want to highlight the section in the bill under consideration today regarding the Combat Air Force restructure plan and thank the Chairman for his work with me on this provision to delay the early retirement of F-15s from Tyndall Air Force Base. I also want to acknowledge and thank the Secretary of the Air Force and the Chief of Staff for their incredible dedication and willingness to resolve this tough issue with me.

This six month delay of the Combat Air Force restructure plan stipulated in H.R. 3326 represents a tremendous legislative victory for Bay County and is the result of a year's worth of efforts by our community. Working together, we have put Tyndall in a strategic position to be a key component of the Air Force's next generation fighter infrastructure. It has been made clear from the very highest levels of the Air Force, from the Chief and Secretary, that Tyndall is a national jewel that plays, and will continue to play, a valuable role in our country's defense.

I also want to thank the people of Bay County, particularly the Bay Defense Alliance, who have been partners with me as we worked together to protect the economic interest of our community and security interests of our country. It is no secret from the halls of Congress to the halls of the Pentagon that the

community supporting Tyndall Air Force Base is top notch.

Additionally, I look forward to the results of the reporting requirements in this bill that will help us all better understand the Air Force's fighter requirements and the impact that the drawdown would have on our nation's combat air forces and the communities that support them.

In summary, this bill will make sure that our nation remains the strongest military in the world and I strongly support it.

Mr. ETHERIDGE. Madam Speaker, I am pleased once again to rise in support of H.R. 3326 the Fiscal Year 2010 Defense Appropriations Act. In addition to making important investments to keep the American people safe, strengthen our military, and support our troops, this amended bill makes sure that the American economy is safe, strengthens our recovery, and supports those in need.

As a veteran of the U.S. Army, and the representative of Fort Bragg and Pope Air Force Base, I am proud of our troops who serve our country, and pleased that we are completing our work on funding their efforts in Iraq and Afghanistan, meeting their equipment needs at home, and fulfilling our commitment to our troops and their families. I spoke about many of those provisions when this bill first passed in July.

This amended bill also keeps our commitment to the working men and women of America who deserve support in this economic downturn. As the representative of a state with one of the highest unemployment rates in the nation, I am proud that this bill will provide a degree of economic security for workers who are struggling during this holiday season. Extending benefits for folks who are having trouble finding a job is the right thing to do for families and our recovering economy. The temporary support in this bill will help North Carolinians maintain health care coverage and pay their bills while they get back on their feet and find their next job opportunity.

This bill continues our efforts to get the economy back on track and create jobs. The families who receive extended benefits will be putting money right back into our local economy—buying groceries, filling their cars with gas, and making their mortgage payments on time. The bill also extends improvements to Small Business Administration guaranteed loans so that small businesses can secure the financing they need in these tight economic times. Small business are a major engine of our economy, and are responsible for almost all year-over-year job growth. We must make sure they can get the funding they need to create jobs so we can reduce unemployment and restore our economy.

Madam Speaker, this bill already made sure our Armed forces have the support they need to protect the American people. The amendments we are voting on today also make sure we preserve our economic safety net and promote American prosperity.

I urge my colleagues to join me in support of H.R. 3326.

Mrs. BACHMANN. Madam Speaker, I rise today in support of H.R. 3326, the Fiscal Year 2010 Department of Defense Appropriations Act, as amended by the Senate. However, while I applaud the hard work of House leadership in bringing this much needed legislation to the floor, I regret that an opportunity to more fully address the threat posed by suspected terrorists currently under detention by

the United States government has been missed.

The United States military is responsible for keeping Americans safe. And in light of the challenge that we face in Iraq and Afghanistan, the Federal Government's commitment to our soldiers has never been more important. As such, I'm pleased we're working to ensure that the promises we've made to those who serve in our Armed Forces are kept. Whether it's the 3.4 percent military pay increase or the \$104 billion to improve military equipment, I believe we must ensure our troops receive the support they deserve for the great sacrifice they have made by serving our country, and clearly this bill represents a strong show of that support.

However, while H.R. 3326, as passed, is a strong bill, I was disappointed that one of the most troubling issues of the day was not addressed. Critical to ensuring individual Americans' safety is the future treatment of the dangerous enemy combatants housed at the Guantanamo detention facility. Rather than allowing Khalid Sheikh Mohammed to be tried in New York City through our civilian court system and transporting Guantanamo detainees to Thomson Correctional Institution in Illinois, Congress should unequivocally restrict enemy combatants to trial by military commission and permanently deny funding to transport them into our country.

Madam Speaker, we are at a critical juncture in our nation's history. However, as we work to bolster a strong national defense, we cannot ignore the ever-present threat posed by those rogue agents who wish to do us harm. I believe a cornerstone of addressing this threat is to remove the current legal ambiguity with regard to detainee treatment. By trying these detainees in a civilian setting, we are allowing them to exploit our judicial system for personal gain and undermine the work of our military commissions, which have served our nation for centuries.

So while I am pleased to be here on the floor today supporting our troops, it is my sincere hope that the questions surrounding America's prosecution of enemy combatants will be answered in a way that best ensures our national security.

Mr. TIAHRT. Madam Speaker, the base bill of H.R. 3326, the FY2010 Defense Appropriations bill, effectively meets the needs of our men and women in uniform. Although not perfect, H.R. 3326 takes important steps to invest in the people and equipment of the United States Armed Forces. Sadly, Democrat leadership has once again decided to use this vital and non-partisan piece of legislation to enact controversial measures, such as bringing terrorists to U.S. soil.

The United States military is the strongest in the world due to our people, training and equipment. I am happy to say that each of those is strongly supported in this legislation.

Our military men and women are patriots and the world's finest soldiers, sailors, airmen and Marines. Congress has a moral obligation to offer them our thanks and unwavering support. Although we can never fully repay their sacrifice and commitment, H.R. 3326 at least provides a pay raise. The bill provides a 3.4 percent pay raise for all servicemembers, which is 0.5% higher than that proposed by the Obama administration.

Our military and their families deserve the world's finest medical care. H.R. 3326 makes

a \$30 billion investment to care for sick and wounded servicemembers and their families. This includes \$370 million for medical research and \$120 million for Traumatic Brain Injury and psychological health research.

The legislation also provides \$500 million for family advocacy programs that support military families. With so many servicemen and women deployed overseas, our military families are under particular strain. Whether at Fort Riley or McConnell Air Force Base, Kansas families need this extra assistance when their loved ones are deployed. The bill makes the right investments to ensure they are protected and supported.

Given the diverse roles our military performs—from safeguarding nuclear weapons to fighting terrorists in the jungles of the Philippines—rigorous training is essential to ensure our troops are ready for action and come home safely when the job is done. To achieve this objective, H.R. 3326 provides \$154 billion for operations and maintenance accounts. During the 1990s, our nation had a “hollow military”—filled with people and equipment, but lacking the necessary training and readiness to be successful. We must never allow this to occur again.

Ensuring that our military has the finest equipment available is essential, and H.R. 3326 makes some necessary investments. With funding for the Next Generation Aerial Refueling Aircraft replacement, the Navy's Multi-mission Maritime Aircraft, and additional C-17 aircraft, among many other programs, our troops will have the most advanced equipment to effectively carry out the will of this nation and return home safely. These programs also create high-paying Kansas jobs that we so desperately need.

While this legislation makes the right investments in our fighting men and women and their families, it also includes a dangerous provision for our nation: allowing terrorists detainees currently held at Guantanamo Bay to be brought to the United States.

Terrorists do not belong in the streets or prisons of America. Following the dangerous decision to house unrepentant terrorists in the Midwest, this legislation does nothing to restrict the president's obsession with closing the detention facility at Guantanamo Bay and bringing terrorists to the United States. We have the most secure, state-of-the-art detention and interrogation facility in the world at Guantanamo Bay. That is where the terrorists should remain. They should never be brought to the United States.

Although Democrats continue to play politics with this spending bill, I cannot do the same. Our men and women in uniform deserve the resources to carry out the will of this nation, and this bill provides those. Therefore, I intend to vote for H.R. 3326 and I encourage my colleagues to do the same.

Mr. STARK. Madam Speaker, I rise to oppose yet another increase in war and defense spending. I have never voted for a Defense Appropriations bill. I will not start today. Throwing more money toward a war in Iraq that should never have been started and a war in Afghanistan that should be over diminishes our ability to address the real issues impacting families.

War spending already swallows over 50 percent of our discretionary budget. This bill will add \$11 billion to an already bloated Defense budget, as President Obama eyes billions more for a troop increase in Afghanistan.

There are good things in this bill. I helped write provisions that will extend COBRA subsidies and prevent pay-cuts to Medicare physicians. The bill also extends unemployment benefits at a time when Americans are struggling to find jobs. While I support these provisions, I cannot support a bill where the good provisions are dwarfed by the \$636.3 billion outlay for defense.

The right priorities for Congress are addressed in another bill we will consider today, the Jobs for Main Street Act (H.R. 2847). This legislation would put people to work rebuilding our country. It would invest in building schools, improving our transit systems, and upgrading our water infrastructure. It would prevent the lay-offs of teachers, police, and firefighters.

The Jobs for Main Street Act also would provide better protections for laid-off workers than the provisions in the Defense bill. It would extend emergency unemployment insurance benefits for an additional six months, and allow millions to maintain health care by expanding the COBRA subsidy to 15 months and extending the eligibility period to June 30th. This is the type of escalation our country needs.

Congress should not be giving more money to the Pentagon to wage war. We should be focused on creating jobs, providing health care for all Americans, and improving our education system. That is why I am voting for the Jobs for Main Street Act and against the wasteful Defense Appropriations bill.

Ms. JACKSON-LEE of Texas. Madam Speaker, I rise as a Member of the Foreign Affairs Committee to support House passage H.R. 3326, making appropriations for the Department of Defense for the fiscal year ending September 30, 2010. I urge the Congress to support the President's initiatives to terminate or reduce programs that fund narrowly focused activities, duplicate existing programs, or that have outlived their usefulness, specifically including the Kinetic Energy Interceptor program. The Congress is encouraged to adopt proposals made by the administration that would better target scarce resources and redirect funds to programs with greater potential for results.

I believe in a strong procurement approach that takes advantage of the efficiencies associated with an award to a single contractor.

I look forward to working with the Congress to address concerns regarding statutory direction to re-organize certain offices within the Office of the Director of National Intelligence (ODNI), reductions to cyber security programs, and cuts to classified activities in ODNI.

The measure provides more funding for equipment depleted by the wars in Iraq and Afghanistan, special pay raises, and quality of life improvements for the troops and their families. It partially offsets these increases by cutting funding from current levels for missile defense and futuristic programs like the Future Combat System of new vehicles. I support the President in adding more money into the budget for our military families. I am disappointed that this bill appropriates no funds for the closure of the prison at Guantanamo, and blocks the transfer of prisoners. The bill references a detailed plan for the disposition of the detainees to be submitted and I look forward to seeing this plan. It also provides a 3.4% pay increase for military personnel, and a 2% pay raise for civilian federal employees which is vital in maintaining the morale of the

troops and the federal law enforcement personnel that help secure America.

Finally, this bill prohibits the use of funds in the bill to establish permanent military bases in Iraq or U.S. control of Iraqi oil resources.

The bill also continues the prohibition on the use of funds provided for the Iraq Security Forces for the construction of facilities for the Iraqi government.

I support all provisions that require the Defense secretary to report to Congress on troop drawdown status and goals relating to the withdrawal of U.S. forces from Iraq by the end of 2011. The report, which is due 90 days after enactment and every 90 days thereafter, must include the following:

A detailed, month-by-month description of the transition of U.S. military forces and equipment out of Iraq;

A detailed, month-by-month description of the transition of U.S. contractors out of Iraq; and

How the Iraqi government is assuming the responsibility for reconciliation initiatives as the U.S. role transitions.

It is absolutely imperative that the U.S. Congress and the President agree on an eventual drawdown and removal of our forces from Iraq.

I am proud of the support to the military and their children that the FY 2010 Defense Appropriations bill provides. Congress approved a 3.4 percent increase in military pay, 0.5 percent above the Department of Defense request. This bill includes \$29.2 billion for medical care for the Defense Health Program, which provides medical care for members of the armed services and their families. Included in the health care funding are \$372 million for military medical research and \$120 million for Traumatic Brain Injury and Psychological Health Research.

The FY10 Defense Appropriations bill included \$472.4 million for Family Advocacy programs including Family Support and Yellow Ribbon. These programs include quality child care, job training for spouses, and an expansion of counseling services. For the families that experience the daily heartache of having a loved one far away, these programs reach out and provide support. I want to thank Chairman MURTHA for his untiring support of our troops and their families.

I want to stress that none of these funds will go toward the administration's plan to send 30,000 additional troops to Afghanistan, and I will continue to scrutinize the economic, military and social impacts of the administration's request. I am concerned about the cost of sending additional troops, as well as the effect that a larger presence in Afghanistan will have on troop morale. The White House estimates that it will cost \$1 million per year for each additional soldier deployed, and I believe that \$30 billion would be better spent on developing new jobs, and fixing our broken healthcare system, as well as in using "smart power" to peacefully work on the Afghan cease-fire.

The cost and the long-term commitment were given renewed significance on Tuesday, December 9, 2009 when Afghan President Hamid Karzai said, as reported in the New York Times, that "Afghanistan would not be able to pay for its own security until at least 2024." Secretary Robert Gates echoed that sentiment when he said that "For another 15 to 20 years, Afghanistan will not be able to

sustain a force of that nature and capacity with its own resources." If our strategy is to use \$50 billion to build up Afghanistan's police and military forces as well as a decades-long commitment, I am not sure that the American people will support such an effort.

Yet, no matter your opinion on their role in conflict, it is important that our troops are prepared for the current combat environment. As such, the Defense appropriations bill includes \$154 billion to increase the readiness of our armed forces, helping to refocus our military away from the Cold-War era type of conflict.

A bill of this magnitude must include safeguards against waste, abuse, and fraud. Not only does this bill increase the resources at the disposal of the Department of Defense (DOD) Inspector General, it also enhances the focus on taking inherently governmental functions out of the hands of contractors.

Finally, it will be a great celebration in Houston with the establishment of the Riverside General Hospital Post Traumatic Stress Disorder Center with a \$1 million grant. Additionally, I have received over \$4 million in green job, technology, and medical research funding. These dollars will work for the 18th Congressional District and the American people.

Mr. YOUNG of Florida. Madam Speaker, I yield back the balance of my time.

Mr. MURTHA. I yield back the balance of my time, Madam Speaker.

The SPEAKER pro tempore. Pursuant to House Resolution 976, the previous question is ordered.

The question is on the motion offered by the gentleman from Pennsylvania (Mr. MURTHA).

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. YOUNG of Florida. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, this 15-minute vote on adoption of the motion will be followed by a 5-minute vote on the motion to suspend the rules with regard to H.R. 1110, if ordered.

The vote was taken by electronic device, and there were—yeas 395, nays 34, not voting 5, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1400

Messrs. COSTELLO, SHIMKUS, CHAFFETZ, LEWIS of Georgia, KAGEN, Ms. VELÁZQUEZ, Messrs. PAYNE, TOWNS, and Ms. CLARKE changed their vote from “yea” to “nay.”

Messrs. TURNER and RYAN of Wisconsin changed their vote from “nay” to “yea.”

So the motion was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Ms. ESHOO. Madam Speaker. I was not present during rollcall vote No. 985 on December 16, 2009 because I was in a secure room for a restricted briefing.

On rollcall vote No. 985, I would have voted “yea.”

Stated against:

Mr. CONYERS. Madam Speaker, today, I inadvertently cast a “yea” vote during rollcall vote 985. My intention was to cast a “nay” vote on H.R. 3326, a bill making appropriations for the Department of Defense for the fiscal year ending September 30, 2010, and for other purposes.

PHONE ACT OF 2009

The SPEAKER pro tempore. The unfinished business is the question on suspending the rules and passing the bill, H.R. 1110, as amended.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Michigan (Mr. CONYERS) that the House suspend the rules and pass the bill, H.R. 1110, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

RECORDED VOTE

Mr. TIM MURPHY of Pennsylvania. Madam Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. This will be a 5-minute vote.

The vote was taken by electronic device, and there were—ayes 418, noes 1, not voting 15, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Members have 2 minutes remaining in this vote.

□ 1407

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. RADANOVICH. Madam Speaker, I was unable to make today's votes on the House floor due to a family illness. Had I been present I would have voted as follows:

“Yea” on rollcall vote No. 985, on the motion to concur in the Senate Amendment with a House Amendment to H.R. 3326, the Department of Defense Appropriations Act of 2010.

“Aye” on rollcall vote No. 986, to suspend the rules and adopt H.R. 1110, the PHONE Act of 2009.
