

Whole-of-Government PRT Lessons Learned Project

- **Integrated, interagency effort to capture OILs from Afghan and Iraqi PRTs**
 - Under the auspices of the interagency Reconstruction and Stabilization Best Practices Working Group
 - Builds upon previous collection initiatives and studies about PRTs
 - Merged NEA-I project on Iraq and military Afghan project
 - **Seek to identify lessons:**
 - With immediate operational and tactical relevance
 - Inform future reconstruction and stabilization operations
- **Intended to:**
 - Inform the establishment of a standing interagency lessons learned capacity at CCO
 - Last for the duration of the Afghanistan and Iraq PRT programs

Whole-of-Government PRT Lessons Learned Project

Key Aspects of the Project:

- **Interview and survey methodology developed jointly by representatives of all partner Agencies**
- **Joint white papers and reports on lessons learned**
- **Agencies or their respective components may issue their own products**
- **Civilian agency PRT members interviews via USIP contract**
- **Military interviews responsibility of own service**
