# Exercise Planning & Participation

DEFENSE CONTRACT MANAGEMENT AGENCY

- Plans are coordinated with UCCs, Battle Command Training Program [BCTP], Logistics Civil Augmentation Program [LOGCAP], Combined Arms Support Command [CASCOM] and 1<sup>st</sup> U.S. Army
- The need for contingency contracting scenarios, as dictated by the overall exercise requirement, determines DCMA participation
- For FY11, DCMA has participated in 8 exercises as follows:
  - 3 with Military Services (Army/USMC: MRXs/CPXs )
  - 4 JCS-sponsored exercises, spanning the Unified Geographical Commands (UGCs) as follows:
    - PACOM – Terminal Fury (20-25 May 11)
    - EUCOM – Austere Challenge (18 April – 6 May 11)
    - CENTCOM – Unified Endeavor-11 (13 -25 Jun 11), Unified Endeavor-12 (MSEL Conf, 18-22 Jul 11)
    - SOUTHCOM – Panamax (15-26 Aug11)
- DCMA Value Added: Increased COCOM understanding of DCMA's CCAS role as a mission support force multiplier-contributor to the COCOM's overall mission-readiness.
