References marked with an asterisk (*) are those which are available for loan in the Fort Detrick Technical Library. This bibliography is being kept up-to-date by a file of current references which is available in the library.
This bibliography was first published in 1953 and again in 1956. In the 3rd edition we have endeavored to make a more thorough search of the abstract and journal material covering the years 1930 to Sept. 1959. Sources of the references were:

No attempt has been made to include all case histories or clinical aspects.
