2. (c) Intelligence

a. The battalion continues its mission to provide aerial observers for visual reconnaissance in the XUAN LOC area. The area of responsibility is generally limited by the range of the 175mm guns. The average number of missions and hours flown per day is four missions and nine hours respectively. The battalion has two (2) O-1 aircraft allocated on a daily basis utilizing one O-1 in the morning and the other in the afternoon. The battalion has also observed artillery fire on special targets received from IIFFORCEV Arty.

b. The camp perimeter has been reconstructed. The berm was straightened at the north end of the compound and one guard post eliminated. New wire was laid at the north end of the compound. The tall grass between the outer and inner protective fences was cut. 140 new trip flares have been placed at the north end of the compound. Four bunkers have been constructed and relocated for better visibility and coverage.

c. On September 14th, this year, the S2 Section received a semi-annual security inspection by 54th Artillery Group with a rating of satisfactory.
3. (U) Training

e. The scheduling of mandatory subjects for the batteries is accomplished by battalion operations due to the frequent operational commitments of the batteries. While on operations, suitable subjects are integrated into the normal performance of duties. To maintain, improve and expand job skills within the battalion, on the job and cross-training are being given continuous emphasis.

b. During the period 5-9 September, seven members of this unit attended FADAC operator and maintenance technician courses of instruction at BIR CAT. Upon return to their respective batteries, these individuals taught the remainder of their FDC Sections the operation of the FADAC.

c. During September, the Battalion S4 Section conducted classes in PHL procedures and stockage levels to battery PHL clerks and supply personnel.
4. (C) Operations

   a. At the beginning of the reporting period the battalion was deployed and executed missions as follows:

      (1) Headquarters and Headquarters Battery was located at XUAN LOC, grid YT473097, provided normal support to the battalion, and was responsible for base camp defense.

      (2) Service Battery was located at LONG BINH, grid YT056116, and provided normal support to the battalion.

      (3) Battery A was located at grid WS978399, attached to the 9th Infantry Division in General Support of the 9th Infantry Division Artillery during Operation CORONADO II.

      (4) Battery B was located at FS/PB grid YT380265, in Direct Support of the 3d Squadron, 11th Armored Cavalry Regiment, during Operation BMPCRIA II.

      (5) Battery C was located at BIEN HOA FS/PB grid YT024447, in General Support Reinforcing the 1st Infantry Division Artillery.

   b. Battery A departed field location, grid WS978399 on 2 August 1967, was loaded on barges and moved to their base camp at NUI DAT, YT428664, closing on 4 August to assume the mission of General Support IIFFORCEV Artillery Reinforcing the 1st Bn, 83d Artillery.

   c. On 3 August 1967, Battery B displaced to a FS/PB at grid YT580393, further displacing to a FS/PB at YT587042 on 5 August to support a clearing operation along Highway 20 in Long Khanh Province. Battery B deployed to a FS/PB at grid YT389262 on 16 August, returning to XUAN LOC with no change in mission.

   d. On 9 August, Battery A displaced to a field location at YS464779, General Support Reinforcing the 1st Australian Task Force on Operation BALLARAT. Battery A returned to base camp at NUI DAT on 13 August.

   e. On 11 August, Battery C moved from BIEN HOA FS/PB to HOTEL, YT101208, General Support Reinforcing the 1st Infantry Division Artillery and under the operational control of the 7th Battalion 9th Artillery. Battery C returned to BIEN HOA on 16 August.

   f. On 21 August, Battery B made a night road march to be in position at FS/PB at YS357945, to fire the next morning. The battery was in Direct Support of the 3d Squadron, 5th Cavalry Regiment and attached to the 9th Infantry Division. On 25 August, Battery B's mission changed to General Support Reinforcing the 1st Battalion, 11th Artillery and moved to a FS/PB at YS361865 for two days before returning to base camp at XUAN LOC on 27 August, General Support IIFFORCEV Artillery Reinforcing the 18th ARVN Division.
g. On 25 August, Battery A moved from a base camp to a FS/PB at grid YS228803 on Operation HILLY II with the mission of General Support Reinforcing the 1st Battalion, 11th Artillery until 28 August when the mission was changed to Direct Support of the 3d Squadron, 5th Cavalry Regiment. On 2 September, Battery A and Headquarters, 3d Squadron, 5th Cavalry Regiment underwent a mortar attack of 25-30 rounds at their position. Counter mortar, self-illumination and direct fires were fired.

h. On 4 September, Battery B moved from base camp in XUN LOC to a FS/PB at YS228803 to relieve Battery A in place with a mission of Direct Support to the 2d Squadron, 5th Cavalry Regiment. Battery A returned to base camp at MUI DAT, YS428665 with the mission of General Support IIFFORCEV Artillery Reinforcing the 1st Battalion, 83d Artillery.

i. On 9 September, Battery C moved from BIIN HOA FS/PB to a FS/PB at grid YT209127 for Operation QUICKSILVER II with a mission of General Support IIFFORCEV Reinforcing the 18th ARVN Division. A liaison team of one officer, one NCO and one enlisted man was dispatched with the 43d ARVN Regiment, 18th ARVN Division. Battery C returned to its FS/PB at BIIN HOA on 11 September and assumed the mission of General Support Reinforcing the 9th Infantry Division Artillery.

j. On 18 September, Battery A moved from base camp to a FS/PB at YS463779 as General Support Reinforcing the 1st Australian Task Force for Operation AKOF II while Battery B moved from a FS/PB at YS228803 to a FS/PB at YS361865. On 21 September, Battery A returned to its base camp at MUI DAT and assumed a mission of General Support IIFFORCEV Artillery Reinforcing the 1st Battalion, 83d Artillery. Battery B moved to a new FS/PB at YS428665 still in Direct Support of the 3d Squadron, 5th Cavalry Regiment. On 22 September, Battery B deployed to a FS/PB at YS445866 and returned to FS/PB RIVJAY, YS228803 on 23 September with no change in mission.

k. On 25 September, Battery C attached one howitzer and crew to the 1st Battalion, 83d Artillery to participate in the RIVJAY Test.

l. On 25 September, Battery A moved from base camp to FS/PB at YS453779 to provide fires and illumination along route 2 in support of the 1st Brigade, 9th Infantry Division and the 11th Armored Cavalry Regiment on AKOF II. Battery A returned to base camp on 26 September.

m. On 29 September, Battery A moved from base camp to a FS/PB at YS493618 on Operation KINMORE with a mission of General Support IIFFORCEV Reinforcing the 4th Royal Australian Artillery Regiment as the 3d 3d Cavalry Regiment moved along route 23. Battery A returned to base camp on 1 October.

n. On 30 September, Battery C moved from base camp to FS/PB RIVJAY, YS227608, and relieved, in place, Battery B, of its mission of Direct Support of the 3d Squadron, 5th Cavalry Regiment. Battery B moved to BIIN HOA FS/PB and assumed a mission of General Support IIFFORCEV Artillery Reinforcing the 9th Infantry Division Artillery.
CONFIDENTIAL

o. On 14 October, Battery B departed HILN HQA FS/PB to board barges at Newport, XS994, for the trip south to French Fort at RACH CAT, XS534616. Battery B was attached to the 9th Infantry Division and assumed a mission of reinforcing the 2d Battalion 4th Artillery with priority of fires to the 3d Battalion, 39th Infantry on Operation ENTERPRISE.

p. On 25 October, Battery C was released from the 9th Infantry Division and returned to its base camp at HILN HQA, General Support Reinforcing the 9th Infantry Division Artillery. While in base camp, Battery C moved two howitzers and FDC to FS/PB HOTEL, TT02208 on 29 October to support the 9th Infantry Division operations in that area.

CONFIDENTIAL
6. (U) Civic Actions

a. During the period 1 August 1967 to 31 October 1967 the Battalion Civic Action MEDCAP Team concentrated its activities in the assigned sector of Long Khanh Province, with particular emphasis on the village of TAN LAP which consists of five (5) hamlets. Local GVN, RF/PP and civilian leaders worked closely with the team to coordinate activities. All projects were a joint effort, with US Personnel providing material and technical assistance as required.

b. The MEDCAP Team, headed by the Battalion Surgeon, treated 225 patients through visits to TAN LAP. Approximately six of these patients were admitted to the province hospital at XUAN LOC, or required follow up action of some nature. An immunization program for school children was implemented at TAN LAP. 245 children have received DTP and smallpox immunizations. In addition, approximately 50 Vietnamese civilians were treated in the field by battery medics during this period. During this period the Battalion MEDCAP Team began using a helicopter for MEDCAP visits. This method of travel was a great improvement over the previous mode of travel, i.e. armed convoys. It provided greater security, less coordination, and required fewer security personnel.

c. The village of TAN LAP received assistance in the form of fortification material, lumber, cement, school supplies, soap and food items.

d. The Civic Action Team assisted the XUAN LOC Orphanage through the contribution of food items and soap.

7. (U) Communications

a. Telephones used in the battalion restricted areas have been modified to prevent the inadvertent transmission of classified information.

b. One AN/GRC-46, Radio Teletypewriter Set was modified for secure teletype communications.

c. Supply of communications repair parts continues to be extremely limited.

SECTION II
Part I-Observations

1. (U) Personnel and Administration: None

2. (U) Intelligence: None

3. (U) Training and Organization: None

4. (C) Operations:

   a. ITEM: Designed load carrying capability of Cargo Carrier, M548.
b. **DISCUSSION:** Experience has shown that the M548 cannot carry maximum payloads over unfavorable jungle terrain. The cargo carrier was designed to carry 88 full service rounds.

c. **OBSERVATION:** This load causes the M548 fuel system to break down while moving uphill on muddy jungle trails. Alternate loading tests have shown that the M548 is capable of moving in this environment when loaded with only 60 full service rounds.

5. **(U) Logistics:** None
6. **(U) Civic Actions:** None
7. **(C) Communications:**
   a. **ITEM:** AM radio transmitter failures. This item was listed in the previous operational report and continues to be a problem.

b. **DISCUSSION:** Experience has shown that the T-175 transmitter does not last under prolonged use. Deadline rates for this transmitter and repair time have been excessive. Attempts to cool the transmitter by improvised fans and overhead heat shielding have been unsuccessful.

c. **OBSERVATION:** Radio set, AN/GRC-46 is not sufficiently durable for sustained operation in a tropical climate.

**SECTION II**

Part II-Recommendations

1. **(U) Personnel and Administration:** None
2. **(U) Intelligence:** None
3. **(U) Training and Organization:** None
4. **(C) Operations:** Recommend that the M548 carry only 60 full service rounds when operating in unfavorable jungle terrain.
5. **(U) Logistics:** None
6. **(U) Civic Actions:** None
7. **(C) Communications:** Recommend that radio set AN/GRC-46 be replaced with RTT set AN/GRC-142.

1. (U) The quarterly report submitted by 2d Bn, 35th Artillery is considered adequate.

2. (C) Reference Section II, Part I, para 4, Carrying Capability of Cargo Carrier, M548. The 54th Artillery Group concurs with the reduction of the load carrying capacity of the M548 to sixty (60) full service rounds when operating over unfavorable terrain. Immediate steps are being taken to have our units submit an Equipment Improvement Recommendation (EIR) on the inadequate data contained in the M548 Technical Manual.

3. (C) Reference Section II, Part I, para 7, AM Radio Transmitter Failures. This problem was reported in the last ORIL by this headquarters. Headquarters United States Army Vietnam in their indorsement to United States Army Pacific, stated that the AN/G.C-142 and 122 are scheduled for issue starting 1st QTR FY 68. Directives by the 54th Artillery Group have been sent to all subordinate units to minimize down time while awaiting the issue of the new equipment.

4. (C) Reference Section II, Part II, Recommendations. The 54th Artillery Group concurs with all recommendations of the 2d Bn, 35th Artillery.
