NOTICE: When government or other drawings, specifications or other data are used for any purpose other than in connection with a definitely related government procurement operation, the U. S. Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use or sell any patented invention that may in any way be related thereto.
THE MICROBIOLOGICAL DETERIORATION OF HYDROCARBONS AND THE RELATED DEGRADATION
OF EQUIPMENT USED FOR THE STORAGE, DISTRIBUTION AND
HANDLING OF PETROLEUM PRODUCTS
A SELECTED BIBLIOGRAPHY

by
Donald O. Birkholz
Morris R. Rogers
and
Arthur H. Kaplan
Fungicides and Germicides Branch

Project Reference:
'7-65-01-003

June 1961
CONTENTS

I. Microbiological Deterioration of Hydrocarbons and Related Organic Compounds 1

II. Microbiological Problems Involving Storage and Use of Fuels 5

III. Microbiological Deterioration and Related Corrosion Problems in Industry 7

A. Petroleum Production and Refining 7
B. Metal-Cutting Fluids 8
C. Miscellaneous 10

IV. The Relationship Between Sulphate-Reducing Bacteria and Corrosion 11

V. Progress in the Inhibition of Microbially Induced Deterioration and Corrosion 14

VI. Laboratory Procedures Used in Petroleum Microbiology 17
