MILITARY DOCTRINE,
AND
MAXIMS OF NAPOLEON,
A
BIBLIOGRAPHY
OF
PERIODICAL ARTICLES
BY
LESTER L. MILLER, JR.
1 OCTOBER 1984
ACN: 63589
**Title:** Military Doctrine, and Maxims of Napoleon

**Author:** Mr. Lester L. Miller, Jr.

**Controlling Office:** US Army Field Artillery School
Morris Swett Technical Library Division
Fort Sill, OK 73503-0312

**Report Date:** 1 October 1984

**Number of Pages:** 15

**Distribution Statement:** This report is approved for public release; distribution unlimited

**Abstract:**
This number in the library series concentrates on military doctrine: "Those fundamental principles by which the military forces guide their actions in support of objectives... ." (JCS Pub 1). These are elements which comprise national policy and tend to be long-range in scope. This introductory number deals with military periodical coverage for the USA and various foreign countries. Finally, entries which list portions of Napoleon I's maxims (principles or truisms) are indicated.
INSTRUCTIONS FOR PREPARATION OF REPORT DOCUMENTATION PAGE

RESPONSIBILITY. The controlling DoD office will be responsible for completion of the Report Documentation Page, DD Form 1473, in all technical reports prepared by or for DoD organizations.

CLASSIFICATION. Since this Report Documentation Page, DD Form 1473, is used in preparing announcements, bibliographies, and data banks, it should be unclassified if possible. If a classification is required, identify the classified items on the page by the appropriate symbol.

COMPLETION GUIDE

General. Make Blocks 1, 4, 5, 6, 7, 11, 13, 15, and 16 agree with the corresponding information on the report cover. Leave Blocks 2 and 3 blank.

Block 1. Report Number. Enter the unique alphanumeric report number shown on the cover.

Block 2. Government Accession No. Leave blank. This space is for use by the Defense Documentation Center.

Block 3. Recipient's Catalog Number. Leave blank. This space is for the use of the report recipient to assist in future retrieval of the document.

Block 4. Title and Subtitle. Enter the title in all capital letters exactly as it appears on the publication. Titles should be unclassified whenever possible. Write out the English equivalent for Greek letters and mathematical symbols in the title (see "Abstracting Scientific and Technical Reports of Defense-sponsored RDT&E, "AD-667 000). If the report has a subtitle, this subtitle should follow the main title, be separated by a comma or semicolon if appropriate, and be initially capitalized. If a publication has a title in a foreign language, translate the title into English and follow the English translation with the title in the original language. Make every effort to simplify the title before publication.

Block 5. Type of Report and Period Covered. Indicate here whether report is interim, final, etc., and, if applicable, inclusive dates of period covered, such as the life of a contract covered in a final contractor report.

Block 6. Performing Organization Report Number. Only numbers other than the official report number shown in Block 1, such as series numbers for in-house reports or a contractor/grantee number assigned by him, will be placed in this space. If no such numbers are used, leave this space blank.

Block 7. Author(s). Include corresponding information from the report cover. Give the name(s) of the author(s) in conventional order (for example, John R. Doe or, if author prefers, J. Robert Doe). In addition, list the affiliation of an author if it differs from that of the performing organization.

Block 8. Contract or Grant Number(s). For a contractor or grantee report, enter the complete contract or grant number(s) under which the work reported was accomplished. Leave blank in in-house reports.

Block 9. Performing Organization Name and Address. For in-house reports enter the name and address, including office symbol, of the performing organization. For contractor or grantee reports enter the name and address of the contractor or grantee who prepared the report and identify the appropriate corporate division, school, laboratory, etc., of the author. List city, state, and ZIP Code.

Block 10. Program Element, Project, Task Area, and Work Unit Numbers. Enter here the number code from the applicable Department of Defense form, such as the DD Form 1498, "Research and Technology Work Unit Summary" or the DD Form 1634, "Research and Development Planning Summary," which identifies the program element, project, task area, and work unit or equivalent under which the work was authorized.

Block 11. Controlling Office Name and Address. Enter the full, official name and address, including office symbol, of the controlling office (agency funding/sponsoring agency. For definition see DoD Directive 5200.20, "Distribution Statements on Technical Documents.)

Block 12. Report Date. Enter here the day, month, and year or month and year as shown on the cover.

Block 13. Number of Pages. Enter the total number of pages.

Block 14. Monitoring Agency Name and Address (if different from Controlling Office). For use when the controlling or the funding office does not directly administer a project, contract, or grant, but delegates the administrative responsibility to another organization.

Block 15. Security Classification of the Report. Declassification/Downgrading Schedule of the Report. Enter in 15 the highest classification of the report. If appropriate, enter in 15a the declassification/downgrading schedule of the report, using the abbreviations for declassification/downgrading schedules listed in paragraph 4-207 of DoD 5200.1-R.

Block 17. Distribution Statement (of the abstract entered in Block 20, if different from the distribution statement of the report). Insert here the applicable distribution statement of the abstract from DoD Directive 5200.20, "Distribution Statements on Technical Documents."

Block 18. Supplementary Notes. Enter information not included elsewhere but useful, such as: Prepared in cooperation with . . . Translation of (or by) . . . Presented at conference of . . . To be published in . . .

Block 19. Key Words. Select terms or short phrases that identify the principal subjects covered in the report, and are sufficiently specific and precise to be used as index entries for cataloging, conforming to standard terminology. The DoD "Thesaurus of Engineering and Scientific Terms" (TEST), AD-672 000, can be helpful.

Block 20. Abstract. The abstract should be a brief (not to exceed 200 words) factual summary of the most significant information contained in the report. If possible, the abstract of a classified report should be unclassified and the abstract to an unclassified report should consist of publicly-releasable information. If the report contains a significant bibliography or literature survey, mention it here. For information on preparing abstracts see "Abstracting Scientific and Technical Reports of Defense-Sponsored RDT&E," AD-667 000.
FOREWORD

Military doctrine consists of those "Fundamental principles by which the military forces guide their actions in support of objectives . . ." (JCS Pub 1). These are normally long-term in scope and obviously support the interests of a given state. They form the key elements of foreign and domestic policy as distinct from short-term strategy and stratagems.

Part two of this periodicals bibliography presents coverage for various countries, including NATO, with emphasis on ground forces. Part three cites Napoleon's Maxims.

Inclusion of an item, or omission, neither implies USAFAS indorsement, sanction of the compiler's point-of-view, nor does it guarantee accuracy of content. It is important to recognize that this record does not reflect total output as recorded in military/naval periodicals issued by various countries; it is introductory in nature.

Lester L. Miller, Jr.
Supervisor/Reference Librarian
