RETHINKING NATIONAL SECURITY
The Air Force Academy Political Science Department will host the 33rd Air Force Academy Assembly entitled "Rethinking National Security" from 11-16 March 1981. To assist participants, the Air Force Academy Library Reference Department prepared this highly selective bibliography. Citations include books, journal articles, and government publications. The books have copyright dates no earlier than 1980, and, with a few exceptions, journals and government publications have copyright dates no earlier than 1989. Citations exclude newspaper articles and report literature.

Compiler of this bibliography was Frances Scott, who used the Pro-Cite Bibliographic software package to prepare the manuscript for the printer.
