Extramural Study Reports/Publications:

Aranyi, C. 1991. Inhalation toxicity of single materials and mixtures:
Phase II - Four-week inhalation toxicity study of a solid particulate aerosol in F344/N rats. Contract Number DAMD17-89-C-9043. Chicago, IL: IIT Research Institute. AD A239009.

Aranyi, C. 1991. Inhalation toxicity of single materials and mixtures:
Phase III - Four-week inhalation toxicity study with aerosol mixtures of fog oil and graphite particles in F344/N rats. Contract Number DAMD17-89-C-9043. Chicago, IL: IIT Research Institute.

FY90

PUBLICATIONS: Health Effects Research Division

Open Literature Publications:

In-House Publications:

Technical Reports

Extramural Study Reports/Publications:

Fort, D.J., B.L. James, and J.A. Bantle. 1989. The developmental toxicity of five compounds with the frog embryo teratogenesis assay-Xenopus (FETAX) and a metabolic activation system. J. Appl. Toxicol. 9:377-88.

In-House Publications:

Memorandum Reports

Technical Reports

Extramural Study Reports/Publications:

Kalkwarf, D.R., R.C. Zanger, and D.L. Springer. 1987. Chemistry and Toxicology of Water Treated with Hypochlorite to Detoxify Chemical Agent VX. Final Report, APO B4PP4858, Battelle Pacific Northwest Laboratory, Richland, WA.

PUBLICATIONS: Field Medical Materiel Development Division

Open Literature Publications:

Perich, M.J., J.T. Rogers, L.R. Boobar, and J.H. Nelson. 1988. Laboratory Evaluation of Formulations of Bacillus thuringiensis var. israelensis combined with Methoprene or a Monomolecular Surface Film Against Anopheles albimanus and An. stephensi. J. Am. Mosquito Control Assoc. 4:198-199.

In-House Publications:
Technical Test/Memorandum Reports

Technical Reports

FY87

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

In-House Publications:

Technical Reports

Technical Test Reports

**Extramural Study Reports/Publications:**

Simbioli, P.B., B. Ho, and D.W. Korte. 1987. The Metabolism of Nitroguanidine and Nitrosoguanidine by Rat Reported Subcellular Fractions. Laboratory Note No. 87-70. Letterman Army Institute of Research, Presidio of San Francisco, CA.

FY86

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

In-House Publications:

Technical Reports

Memorandum Reports

Extramural Study Reports/Publications:

Cameron, B.D. 1986. HMX: Toxicokinetics of 14C-HMX Following Oral Administration to the Rat and Mouse and Intravenous Administration to the Rat. Inveresk International Research Limited, Musselburgh, Scotland.

Carnahan, R.P. 1986. Verification of Industrial Liquid Waste Treatment Plant Model at Holston Army Ammunition Plant. University of South Florida, Tampa, FL.

Newton, G.J., Y-S. Cheng, T.B. Chen, R.L. Hanson, J.D. Sun, and R.F. Henderson. 1986. Aerosol Measurements In the Workplace at a Colored Smoke Munitions Plant. Lovelace Biomedical and Environmental Research Institute, Albuquerque, NM.

Pal, B.C., and M.G. Ryon. 1986. Database Assessment of Pollution Control In the Military Explosives and Propellants Industry. Oak Ridge National Laboratory, Oak Ridge, TN.

Pohland, F.G. 1986. The Fate of Selected Organic Priority Pollutants During Landfill Operations. Georgia Tech Research Institute, Atlanta, GA.

Memorandum Reports

FY84

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

In-House Publications:

Technical Reports

Memorandum Reports

Other Publications:

FY83

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

EG&G Bionomics Aquatic Toxicology Laboratory. 1983. An Assessment of the Suitability of Several Media for Culturing and Testing Daphnia magna. EG&G Contract No. DAMD17-80-C-0011. Bionomics Aquatic Toxicology Laboratory, Wareham, MA.

In-House Publications:

Technical Reports

Small, M.J. Preliminary Pollutant Limit Value Analysis to Target Soil Detection Limits for Potential Residual Chemical Warfare - Related Contaminants at Fort McClellan, Alabama. Technical Report No. 8208. AD B077091L.

Memorandum Reports

Gula, P.R., G.E. Toms, and J.E. Shankle. Steam Vacuum Pulse (SVP) and Ethylene Oxide Sterilization (EOS) Systems - Developmental Test (DTII) Report. Memorandum Report No. 8-83.

FY82

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

In-House Publications:

Technical Reports

Memorandum Reports

Schmidt, M.O. Brine Shrimp Toxicity Testing of Suspect Water. Memorandum Report 4-82.

71

Hodge, J.W., Jr. Tension Test of Load Suspension System for Liquid Dispersal Unit, Helicopter Slung. Memorandum Report 6-82.

FY81

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

**In-House Publications:**

**Technical Reports**

Memorandum Reports

Thayer, C. Evaluation of the West German Gurney. Memorandum Report No. 11-81.

Gula, P.R., G.E. Toms, and J.E. Shankle, High Temperature Test Results for Surgical Scrub Sink. Memorandum Report No. 12-81.

FY80

PUBLICATIONS: Health Effects Research Division/Field Medical Materiel Development Division

Open Literature Publications:

In-House Publications:

Technical Reports

Memorandum Reports

Hodge, J.W. Sanitizer, Portable, Field, Special Forces. Memorandum Report No. 5-80.

Trybus, T. Conversion of Sodium Isopropylmethyl-Phosphonate (NaIMP) to Isopropylmethyl-Phosphonic Acid (IMPA) Followed by Methylation. Memorandum Report No. 11-80.
