(c) DoD Directive 1342.6, "Department of Defense Dependents Schools (DoDDS)," October 17, 1978 

A. REISSUANCE AND PURPOSE

This Instruction reissues reference (a) to confirm, clarify, and establish objectives, policies, responsibilities, and procedures regarding School Advisory Committees (SACs), Installation Advisory Committees (IACs), Component Command Advisory Councils (CCACs), Theater Education Councils (TECs), and the Dependents Education Council (DEC) for the overseas school system operated by the Department of Defense Dependents Schools (DoDDS), consistent with references (b) and (c).

B. APPLICABILITY

This Instruction applies to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified Commands, the Defense Agencies, and the employees of DoDDS (hereafter referred to collectively as "DoD Components").

C. DEFINITIONS

The terms used in this Instruction are defined in enclosure 1.

D. POLICY

1. It is DoD policy that family and professional school employee participation be encouraged in the formation and operation of local overseas advisory committees to promote the vitality of these committees and to preserve their integrity and independence of action. The establishment of SACs and IACs, in accordance with references (b), as amended, (c), and (d), fosters...
participation in school affairs by members of the school and military communities and provides a coordinated process to address and resolve issues at the lowest practical level.

a. Each school shall operate a SAC, with membership elected from among parents of students, professional school employees, and students, where appropriate, to advise the principal on school matters.

b. When only one school is located on a military installation, the SAC shall also serve as the IAC. In this case, the SAC shall advise both the school principal and the installation commander.

c. When the military installation has more than one school, an IAC shall be established; it shall be composed of two representatives from each of the SACs and, when appropriate, a student from one or more of the SACs.

2. It is DoD policy to encourage the formation and operation of regional overseas advisory councils to promote communication and problem solving among school administrators, military leaders, and local advisory committees.

a. When determined appropriate by the theater commander, a CCAC may be established to review IAC recommendations, to facilitate resolution of regional issues, and to refer broader issues and unresolved problems to appropriate authorities or the TEC.

b. Each theater commander shall establish a TEC to review recommendations from component commands, DoDDs regions, and CCACs (if applicable) within the theater's area of responsibility. The TEC will also discuss any issue that can affect or is affecting the educational environment within the theater. If an issue cannot be resolved within the theater, the TEC shall forward the issue to the appropriate authority for resolution.

3. The DEC is established by DoD Directive 1342.6 (reference (c)). The chairman of the DEC, or designee, shall respond in writing to any recommendation or request forwarded to the DEC by a TEC, Military Department, or an advisory group (SAC, IAC, CCAC) through appropriate command channels.

E. RESPONSIBILITIES

1. Every parent, teacher, sponsor, student, DoDDS administrator, and military commander shall share the responsibility to work collectively in supporting the schools, in enhancing programs, and improving not only the delivery of educational programs and support services to DoDDS students, but also the overall quality of life shared by all personnel in the American overseas communities, of which the schools are an integral part.

2. Crucial to the success of this program is the leadership provided by the elected chairperson of each of the local SACs and IACs within each community. An advisory committee can only be as successful in meeting its responsibilities as the chairperson is committed to ensuring that the committee becomes a vital adjunct to the school, the community it serves, and the installation on which it is located.
3. Responsibilities of various categories of personnel who participate in the advisory committees are delineated in more specific detail in enclosure 2.

4. Chairpersons of CCACs, TECs, and the DEC have the following responsibilities:
   a. Convene the council at least two times a year.
   b. Prepare and distribute an agenda at least 2 weeks in advance of each meeting.
   c. Keep minutes of the proceedings and distribute them to all members, appropriate theater commanders, the DoDDS Director, and the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)).

F. MAINTENANCE OF OPEN CHANNELS OF COMMUNICATION

   1. The ASD(FM&P) shall ensure that this program fosters optimum communication on matters relating to administration of DoDDS at all levels within the DoDDS and the military organizational structures.

   2. Recommendations received by the DoDDS school principal from the SAC that are within the jurisdiction of DoDDS are expected to be acted upon through internal communication within the DoDDS organization, as appropriate, with the district superintendent, the regional director, the DoDDS Director, and the ASD(FM&P). Similarly, recommendations received by the local installation commander from the IAC that are within military jurisdiction are expected to be acted upon through internal communication with the military chain of command, as appropriate, with the intermediate commands (e.g., Corps), component commands, Unified Commands, the Military Departments, or the Office of the Joint Chiefs of Staff, and the Assistant Secretary. Concurrently, DoDDS administrators and military commanders shall fully use the services of the SACs, IACs, CCACs, and TECs to foster communication, facilitate problem solving, and recommend action to appropriate officials.

   3. Recommendations, concerns, and issues regarding local schools shall be solicited jointly by the school principal and local installation commander from parents, sponsors, teachers, and students for review by the SACs and the IACs. The DoDDS district superintendents and intermediate commanders shall maintain regular and open communication on DoDDS administration issues within their geographic areas of responsibility. DoDDS regional directors and the commanders of component commands shall maintain regular and open communication on DoDDS administration issues within their geographic areas of responsibility.

G. INFORMATION REQUIREMENTS

   All personnel specified in this Instruction shall follow the review processes, communication procedures, and reporting requirements in sections E. and F., above, and in enclosure 3. The reporting requirements are exempt from formal approval and licensing in accordance with subsection VII.C. of enclosure 3 to DoD Directive 5000.19 (reference (e), as amended).
H. EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective 60 days after date of publication. Forward two copies of implementing documents to the Assistant Secretary of Defense (Force Management and Personnel) not later than 60 days after the date of publication.

DoD GUIDELINES FOR THE ESTABLISHMENT AND OPERATION
OF LOCAL ADVISORY COMMITTEES

A. FORMATION OF SCHOOL AND INSTALLATION ADVISORY COMMITTEES

1. Election of the SAC

a. Establishment of an Election Planning Committee. Each year the elected chairperson of the SAC shall publish an announcement of the formation of an election planning committee to nominate candidates for election to the SAC and the qualifications necessary for appointment to the planning committee 1 week in advance of the committee's formation. The SAC chairperson shall then form a planning committee and appoint a chairperson to conduct elections for the SAC. (The school principal shall form a planning committee for any newly established school. That committee selects a planning committee chairperson.) The planning committee shall consist of parents of students enrolled in that school, professional employees from that school, the principal (or designee) of that school, the commander (or designee) of the military installation on which the school is located, and, when determined appropriate by the planning committee chairperson, students enrolled in that school. Unless impossible to avoid, members of the existing SAC (except for the chairperson) may not be selected for membership on the planning committee.

b. Responsibilities of the Election Planning Committee. The election planning committee shall:

(1) Publish an announcement of the formation of the election planning committee and solicit candidates who are eligible and willing to serve on the SAC (4 weeks prior to the election).

(2) Publish a subsequent announcement that specifies the election date, hours, location, names of candidates, and voter eligibility (2 weeks prior to the election).

(3) Ensure that all eligible and willing candidates are placed on the ballot, including provisions for write-in candidates on the ballot.

(4) Conduct the election, tabulate and certify the votes, and publish the results (of the election) immediately after the election.

c. Nomination of Candidates. To be eligible for nomination, a person must be:

(1) A parent of a student enrolled in that school. (A parent who is a full-time professional employee in any DoDDS school may not be a candidate for election in this category.)

(2) A full-time professional school employee, other than the principal and assistant principal, assigned to that school, such as a teacher, pupil personnel specialist, special educator, nurse, or library/media specialist. (A substitute teacher, teacher aid, or clerical staff member may not be a candidate for election in this category.)
(3) A student enrolled in that school, if a senior high school, who shall be elected by the student body and appointed by the election planning committee.

d. Family Membership. In order to extend membership among as many families as possible, only one member of a family may serve as parent, full-time professional school employee, or student representatives to SACs. Simultaneous membership by one family on two or more SACs is not permitted.

e. Voter Qualifications. To vote in the SAC election, a person must be of voting age (18 years of age or older) and either:

(1) A parent of a student enrolled in that school (both parents may vote); or

(2) A full-time professional school employee assigned to that school.

f. Voting Procedures

(1) Voting shall be by secret ballot.

(2) A ballot shall be constructed and the candidates' names arranged alphabetically under one of two categories: "Parents" and "Professional School Employees."

(3) A voter may vote for as many candidates in each category as are authorized for membership on the SAC in that category.

(4) A voter may cast fewer than the maximum number of votes authorized; however, any vote cast shall be weighed as one vote.

(5) Any category on the ballot containing votes that exceed the maximum number authorized shall be invalidated. Voters shall be advised of this consequence before they vote.

(6) An election shall be decided by plurality vote. When there is a tie, the membership shall be determined by flipping a coin in the presence of the planning committee.

(7) Candidates who receive an insufficient number of votes to be elected shall be designated as alternate committee members. Such members shall be ranked by category according to the number of votes received and shall be appointed, in that order, by the SAC chairperson to fill the unexpired term of a vacancy in the appropriate category.

g. Election Dates. Functions shall normally be conducted at the end of the school year with the newly elected members taking office on the closing day of the old school year. At the option of the election planning committee, and in consultation with the SAC membership, elections may be conducted at the beginning of the school year, with the newly elected members taking office no later than October 15.
b. Tenure of Members. Elected members shall serve for 2-year terms with half of the membership being elected each year. If determined by the local SAC and incorporated into the SAC bylaws, members may serve for 1-year terms. Members may not serve more than two consecutive terms.

2. Composition of the SAC

a. Committee Size. The minimum size of elected membership shall be in accordance with the school population, as shown below, and contain an equal number of parents of students enrolled in the school and full-time professional employees of the school. A senior high school student enrolled in the school shall be included as an additional voting member. The current enrollment shall be used in determining the committee's size of elected membership. The suggested committee size for schools with 151 or more students may be modified if determined appropriate by the election planning committee.

Election of IAC members shall take place at the first meeting of the SACs and shall be determined by plurality vote. When there is a tie, the
representative shall be determined by flipping a coin in the presence of the SAC. An item not on the published agenda may be discussed, but any committee action may be deferred until the next meeting.

d. Minutes. Minutes shall be kept of the proceedings of each meeting. If the minutes are from a SAC on an installation with only one school, the minutes shall indicate which items are for the attention of the principal and which items are for the attention of the installation commander. Within 2 weeks, the official minutes shall be approved by the committee members and provided to the principal, the installation commander, the DoDDS district superintendent, the DoDDS regional director, and the component commander.

e. Compensation. SAC and IAC members shall serve without pay.

2. Committee Procedures

a. Conduct of Meetings. Each advisory committee shall adopt a set of parliamentary rules (such as Robert's Rules of Order) for conducting regular meetings and shall establish bylaws for governing the committee's internal affairs. Copies of the bylaws shall be provided to the school principal and to the installation commander.

In the absence of the vice chairperson, another elected member may be delegated the responsibility of conducting the meeting.

d. Subcommittees. The advisory committee may formulate regular standing or ad hoc committees and subcommittees to address specific goals and objectives and review specific areas of responsibility.

e. Communication with the Community. Information about the advisory committee shall be disseminated to the community through such channels as student, faculty, school, parent-teacher association, and installation news media; special community bulletins; and posted notices. Links shall be established to ensure that information and advice are received from community groups with interests in educational programs.

a. The SAC may make recommendations and advise the principal on all matters within the jurisdiction of the SAC; these include: (1) school policies toward students and parents, student activities, and administrative procedures affecting students; (2) instructional programs and educational resources within the school; (3) allocation of resources within the school to achieve educational goals; (4) pupil services (health, special education, testing, evaluation, counseling, and extracurricular activities); (5) student standards of conduct and discipline; and (6) policies and standards of the dependents' education system related to the above enumerated matters.

b. The IAC may make recommendations and advise the installation commander regarding support provided by the military services to dependents' schools serving that installation. These committees do not raise funds to procure school equipment and supplies, grant student scholarships, financially support special school events, or engage in any other monetary projects traditionally associated with PTSAs, booster clubs, or other similar organizations.

4. Informal Communication Process. Any SAC or IAC may communicate informally at any time with any DoDDS office and the military command structure. This informal communication does not require an official response, but does serve as a flexible and immediate means of advising various levels of DoDDS and military management of achievements and concerns.

5. Formal SAC Communication Process. This procedure shall be followed by formally communicating SAC recommendations regarding school policies, programs, and resources. The review process terminates at any level when the recommendation is approved or an issue is resolved. A SAC recommendation that cannot be approved or disapproved at any level of review because of lack of sufficient authority or resources shall be referred to the next level of review. Any SAC may appeal a disapproval of a recommendation to the next level of review in DoDDS.

   a. Recommendations made by a SAC to the school principal shall be communicated formally in writing and summarized as part of the minutes of the SAC meeting. The school principal has 2 weeks to respond in writing. Informal discussion of the recommendations between the principal and the SAC representatives is encouraged before the principal formulates a written response.

   b. SAC recommendations that cannot be approved or disapproved by the principal shall be forwarded to the DoDDS district superintendent who supervises the principal. The district superintendent shall respond to the recommendations in writing within 2 weeks after receiving them.

   c. SAC recommendations that cannot be approved or disapproved by the DoDDS district superintendent shall be forwarded to the DoDDS regional director for action. The DoDDS regional director shall respond to the recommendations in writing within 2 weeks after receiving them.

The installation commander has 2 weeks to respond in writing. Informal discussion of the recommendations between the installation commander and the IAC representatives is encouraged before formulation of a written response.

   b.
