USE OF THE MILITARY POSTAL SERVICE

A. Policy Guidance on Use of the Military Postal Service (MPS)

1. The U.S. Postal Service (USPS) has a statutory obligation to provide prompt, reliable, and efficient postal service to the entire population of the United States, its territories, and possessions. The MPS is an extension of the USPS beyond the boundaries of U.S. sovereignty and must provide full postal services, as nearly as practicable, for all DoD personnel overseas where there is no USPS available. Organizations and personnel authorized the use of the MPS will not serve as intermediaries for any person or organization not specifically authorized such service. Military postal operations are the responsibility of the Department of Defense.

2. The Secretaries of the Military Departments will furnish postal support to DoD agencies and individuals designated herein, within the limitations described. Actions which would result in the total loss of the MPS to U.S. military personnel must be coordinated with the ASD (MRA&L) after mutual agreement among the Military Departments.

3. International agreements made to permit the establishment of military postal facilities usually provide for the use of those facilities by the U.S. Armed Forces and certain supporting civilian agencies within the host country. Therefore, an MPS facility established in a foreign country pursuant to this Directive may service U.S. Armed Forces and other authorized organizations and personnel outside the host country only in the absence of objection by the host country.

B. Postal Service Users

1. Service for DoD Personnel and Organizations. The following organizations and personnel outside CONUS are authorized the use of the MPS:

   a. DoD organizations, units of the Armed Forces of the United States, members of the Armed Forces (on active duty) and their accompanying dependents.

   b. U.S. citizen employees of DoD organizations and their accompanying dependents, only where there is no USPS service available.

   c. Dependents of U.S. military sponsors when the dependents have elected to live in a particular foreign country while the sponsor is serving an unaccompanied tour elsewhere overseas, provided such use is not precluded by the host government.

       (1) Dependent high school children of personnel authorized use of military postal services overseas, who are separated from their
sponsors in order to attend high school overseas, are authorized the same MPS use they would be authorized if accompanying their sponsor. This privilege is granted, provided the U.S. Government cannot provide schooling for them at their sponsor's duty station and in the absence of objection by the host governments concerned.

(2) The Dependent Mail Section, established to serve Philippine citizens who are residing in the Philippines and who are dependents of U.S. military personnel stationed outside the Philippines, is limited by agreement with the Philippine Government to the sending and the receipt of letter mail, books, newspapers, and magazines. No parcel of any class may be mailed to the Dependent Mail Section.

2. Service for Related Organizations. DoD-related organizations, which support a DoD mission, their U.S. citizen employees, and accompanying dependents are authorized the use of the MPS outside the CONUS only where there is no USPS.

a. DoD nonappropriated fund activities.

b. DoD-operated dependent schools.

c. The American Red Cross, when established under the provisions of DoD Directive 1330.5 (reference (g)).

d. United Service Organizations, Inc., when established under the provisions of DoD Directive 1330.12 (reference (h)).

e. Overseas military banking facilities and DoD overseas credit unions, as designated by the Assistant Secretary of Defense (Comptroller) under DoD Directives 1000.10 and 1000.11 (references (i) and (j), respectively). The use of the MPS shall be limited to those transactions emanating from official operations for the benefit of the military installations and their personnel. All such mail entered into the MPS shall bear appropriate postage.

f. International military commands and agencies of the North Atlantic Treaty Organization, as specified in DoD Instruction 2010.1 (reference (k)), for official mail only.

g. Masters and civilian crews of Military Sealift Command nucleus fleet ships; and merchant ships operating for the account of the Military Sealift Command, including contract-operated, time-chartered, consecutive-voyage-chartered, and General Agency Agreement vessels, under conditions prescribed by the Military Departments.

h. U.S. citizen correspondents and public information agencies who have been accredited by the Assistant Secretary of Defense (Public Affairs) (ASD(PA)) and approved by the overseas unified commander, or
by the overseas unified commander when an ASD(PA) accreditation program is not in operation.

1. Foreign military nationals on duty or training with a U.S. military organization or unit. These individuals may utilize the military postal facilities for purchase of stamps. Receipt and dispatch of mail to and from their home country will be addressed the same as if they were in their home country.

3. Service for overseas Reserve Units, Members of Overseas Reserve Units and Individual Ready Reservists. Use of the MPS by subject individuals and units will be limited to official correspondence between the Reservists and Reserve units, their CONUS headquarters, and Service schools. The use of official indicia will be required for all correspondence. This extension of MPS will be granted only in the absence of objection by host countries.

4. Service for Retired Military Personnel. Retired personnel of the U.S. Armed Forces and their accompanying dependents are authorized the use of the MPS only where there is no USPS, provided such use is not precluded by the host government and the inclusion of this category will not overburden the MPO facility and its manpower capability. Parcel mail privileges are limited to those parcels weighing less than 1 pound. Once such service is granted, it may be withdrawn only with the concurrence of military postal authorities at departmental level. Military Postal Service mailing privileges for legally blind retirees will be identical to those provided for the legally blind in part 135 of United States Postal Service Domestic Mail Manual (reference (1)).

5. Service for Other U.S. Government Agencies. Such organizations and their U.S. citizen employees and accompanying dependents may be authorized the privileges of the MPS, from existing MPOs, outside CONUS where there is no USPS, when the facilities and manpower are available to perform the additional workload and in the absence of objection by the host government. When authorized, the department or agency concerned will reimburse the appropriate Military Department with transportation costs incident to providing these services for or in care of that department or agency, based on criteria developed by the Office of the Secretary of Defense and administered by the Military Departments in accordance with DoD Directive 4000.19 (reference (m)).

6. Service for Contractors. Contractors may be authorized the privilege of MPS in support of U.S. Forces and DoD activities outside CONUS only where there is no USPS, as follows:

a. U.S. contractors providing goods or services in direct support of DoD activities, their U.S. citizen employees, and accompanying dependents. Postal support will be limited to the country in which the contractor is performing and to the extent set forth in the contract. Contracting agencies must limit the extent of postal support to that
which meets the approval of the appropriate major overseas commander and the Military Department concerned. The provisions for postal support in such contracts will be reviewed and approved by the Military Department concerned prior to the establishment of the service, following the specific recommendation of the overseas commander.

b. U.S. contractors providing goods or services to a foreign government through the Department of Defense under the provisions of Foreign Military Sales (FMS) agreements, their U.S. citizen employees and accompanying dependents. MPS service will be provided only when the appropriate major overseas commander determines, and the appropriate Military Department concurs, that the local civil postal service has a detrimental effect on the ability of the contractor to fulfill the contract. MPS will be fully reimbursable by the host country or the contractor; will be provided only when the service will not increase the MPS manpower and facility requirements; and will be limited to the country in which the contractor is performing and to the extent set forth in the contract. Contracting agencies will submit the foregoing information to the appropriate overseas commander for concurrence and recommendation to the appropriate Military Department Headquarters, prior to executing the contract. Existing contracts will be subject to this provision, when scheduled for renewal, by appropriate DoD authorities or within 1 year of the date of this Directive, whichever is earlier.

7. Service for Other Organizations/Individuals. The following organizations and personnel may be authorized the privileges of MPS outside the CONUS only where there is no USPS, to the extent that existing MPS facilities and personnel of the command permit, provided the major overseas commander determines, and the appropriate Military Department concurs, that local civil postal service is inadequate and in the absence of objection by the host government.

a. United Seamen's Service and their U.S. citizen employees, when established in overseas areas, under the provisions of DoD Directive 1330.16 (reference (n)).

f. U.S. celebrities and entertainers, athletic clinic instructors, and representatives of educational institutions or other social agencies, whose purpose is to provide a service to the U.S. Armed Forces, provided such individuals have been officially invited to travel overseas, and their accompanying dependents, under provisions of DoD Instruction 1330.13 (reference (p)).

8. Service for Foreign Organizations

   a. Upon request of the foreign government concerned, foreign military units serving with the U.S. Armed Forces may be authorized to transmit closed mail to and from the foreign country concerned through U.S. Military Postal channels when international postal facilities are inadequate, provided the mail is transported at the requesting country's expense.

   b. Personnel on vessels under U.S. Navy operational control being transferred to foreign governments under military assistance programs may be authorized to use the MPS while enroute to their home country.

   c. Other allied warships participating in U.S. naval maneuvers or operating in U.S. waters may be authorized to use the facilities of the Navy Postal Service for receiving closed mail on request, provided that the mail is transported at the requesting country's expense to or from the appropriate Fleet Post Office.

9. Privileges During Hostilities. In the event of national emergency, hostilities, or occupation, all U.S. citizens in the overseas area affected may be authorized use of the MPS by the Military Department concerned, after coordination with the other Military Departments and with the concurrence of the ASD(MRA&L), under the following conditions:

   a. The cognizant major overseas commander of the Military Service concerned must determine that international postal service is not available in the affected area, or is inadequate.

   b. The service must be limited to letter mail, including postcards and voice recordings having the character of personal correspondence.

   c. The privilege must be withdrawn as soon as the emergency or hostilities cease and adequate international mail service again becomes available.
10. Exceptions to User Policies. Requests for authority for persons and organizations, not enumerated above, to use the MPS in time of peace, or requests for exceptions to the above, must be submitted to the appropriate Military Department Headquarters. The Military Department concerned will recommend approval or disapproval of each request and provide an overall assessment of impact to the ASD(MRA&L). Each of the following criteria must be met for an exception to be granted.

a. It will assist substantially or is essential to the accomplishment of the U.S. Government mission in the areas served by the MPS concerned.

b. It is not precluded by the terms of any agreement between the United States and host governments.

c. It will not place the privileges and immunities of the U.S. Forces in jeopardy.

d. It will not increase the manpower or facilities requirements of the MPO concerned. In the case of non-DoD Federal agencies to be served on a reimbursable basis, MPS support may be provided if the additional manpower and facilities required are readily available. Subsequent growth of service requirements, or reduction, or closing of the MPS facility, is cause to limit or terminate the privilege.

e. There is no USPS facility available, as determined by the appropriate military departmental headquarters, in the area in which the applicant for service is located.

f. It will not result in the U.S. Government assuming costs which are the responsibility of the host country, a non-U.S. Government agency, or individuals, except when full reimbursement is made by the beneficiaries or when it is necessary to the health of U.S. citizens under emergency conditions, as determined by the major overseas commander in the area.

g. It will not adversely impact on the quality of service provided to DoD activities, active duty military personnel, or U.S.-citizen employees of DoD organizations or related activities and their accompanying dependents.

11. Unauthorized MPS Users. The following organizations and individuals are among those that will not be provided use of the MPS:

a. The Peace Corps or its personnel. (This prohibition was requested by the Director of the Peace Corps.)

b. Concessionaires of nonappropriated fund activities.
c. Political organizations. This does not prohibit direct-mailing of political campaign material to individuals authorized the use of MPS, provided it is not material for distribution on or off the military installation.

d. Non-DoD tuition-fee schools.

e. Nonappropriated fund activities of non-DoD agencies, such as employee cooperatives.

f. Non-DoD contractors.

g. Individuals, whether otherwise entitled to such service or not, for business or commercial purposes.

Note: Existing military postal service to any individual or organization listed above will be terminated within 180 days from the date of this Directive.

12. Withdrawal of Limitations on Service

a. At least 90 days' advance notice of withdrawal of service, incident to review of postal operations, will normally be given to authorized organizations and individuals, except when MPS privileges are withdrawn by the host government or because of other conditions beyond the control of the Department of Defense.

b. Limitations on service to authorized organizations and individuals may be made by installation commanders, following coordination with appropriate postal authorities of the Military Department concerned, based upon a review of facility and manpower limitations and provided at least 90 days' advance notice is given to those affected.

c. Installation commanders may limit, suspend, or revoke MPS to non-DoD organizations or individuals for intentional or persistent abuse of postal privileges only after appropriate coordination with the Military Department concerned. Appropriate disciplinary measures will be used to control such abuses on the part of DoD personnel and their dependents.

d. Postal privileges for dependents of all categories of authorized MPS users normally will be withdrawn 90 days subsequent to the departure of the sponsor when the dependent remains outside the U.S., its territories or possessions, or when sponsorship is terminated for any other reason.
