A. REISSUANCE AND PURPOSE

This Instruction:

1. Reissues reference (a) to update the requirements for subject reports in accordance with reference (b).

2. Prescribes the procedures for reporting civilian personnel strength and payroll data to meet the requirements of the Office of the Secretary of Defense (OSD) and the Office of Personnel Management (OPM).

B. APPLICABILITY

This Instruction applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Joint Chiefs of Staff (JCS), the Inspector General of the Department of Defense (IG, DoD), the Defense Agencies, the Uniformed Services University of the Health Sciences (USUHS), and DoD Field Activities that are assigned Agency codes by the OPM in enclosure 2 (hereafter referred to as "DoD Components").

C. POLICY

It is DoD policy to provide other Federal Agencies with necessary information when it is required by law or it is in the best interest of the Government and at the same time economically feasible.

D. RESPONSIBILITIES

1. The Secretary of the Army shall prepare the Standard Form (SF) 113-A and Supplement 1, in five parts, as follows:

   a. "Consolidated Army-wide."
   b. "Civil Functions, Corps of Engineers."
   c. "Civil Functions, Cemeterial Expenses."
d. "Military Functions and Military Assistance."

e. "National Guard Technicians."

Each entry in paragraph D.I.a., above, shall be the total corresponding entries in paragraphs D.I.b. through D.I.d., above. National Guard technicians shown in paragraph D.I.e., above, are in paragraphs D.I.a. and D.I.d., above.

2. The Secretary of the Air Force shall footnote the SF 113-A report to show the number of employees in "Wildlife Conservation of Civil Functions." National Guard technicians shall be included in the consolidated Air Force SF 113-A and shall be reported in a separate SF 113-A.

3. The Secretary of the Navy shall include Marine Corps civilian employees in the reports.

4. The Director, Washington Headquarters Services (WHS), shall include combined figures for all DoD Components that receive administrative support from WHS in the reports. The reporting DoD Components or other organizational units listed on the consolidated reports shall be entitled, "OSD and Organizations Serviced by WHS."

5. The Heads of Other DoD Components listed in enclosure 2 shall submit separate reports.

E. PROCEDURES

1. See enclosure 4 for detailed instructions for completion of the SF 113-A.

2. Wages and salaries data on lines 17, 18, and 31 of the SF 113-A shall be rounded to the nearest thousand dollars. Amounts less than $500.00 shall be reported as "zero."

3. Wages and salaries data on the SF 113-A may be estimated if actual expenditures are not available in time to meet the prescribed due date for submission of the SF 113-A report. However, if estimated figures are reported on lines 17, 18, and 31 of the SF 113-A:

   a. They must be clearly identified as "Preliminary."

   b. A subsequent report, labeled "Revised," reflecting the actual dollar amounts, must be submitted no later than NOON of the 15th day of the second month following the reporting month. For example, revised (actual) dollar amounts for the month of March may be submitted by noon of May 15.

4. The following SUPPLEMENTAL DATA shall accompany each SF 113-A:

   Number of indirect hire employees and related payrolls, by country, as specified in enclosure 5.

5. Preparation of reports in subsections D.1. through D.4., above, shall be governed by instructions in the FPM Supplement 298-2 (reference (b)) and related FPM material, as supplemented by this DoD Instruction, and other DoD Instructions that shall be issued, as required. DoD Components shall continue to report "as of" the last calendar day of the month.
a. Before submission, the reporting DoD Component is responsible for ensuring accuracy and cross-balance of reported SF 113-A entries. The edits for entries on the SF 113-A are shown in enclosure 6.

b. The applicable OPM organizational code listed in enclosure 2 shall be entered in the block provided on each of the reports.

c. It is the responsibility of each reporting organization to notify Washington Headquarters Services, Directorate for Information Operations and Reports (WHS, DIOR) when changes occur in the personnel who are responsible for that report, as specified in enclosure 7.

6. Supplemental Report

At the end of each fiscal year (FY), a supplemental report to the SF 113-A is prepared, as follows:

b. Part-time permanent employment included in line 29 of the SF 113-A, as of September 30. "Part-time permanent employees" are defined as those part-time employees with tenure codes 1 and 2 and all part-time Senior Executive Service (SES) employees, except those serving under "limited term" or "limited emergency" appointments.

d. Fractional counting of part-time permanent employment in paragraph E.6.b., above. The procedure for obtaining the fractional count of part-time permanent employment is as follows:

(1) Obtain the total number of hours per week for employees in paragraph E.6.b., above, based on their regularly scheduled work week during the last week of the pay period of the FY. That is not the actual hours those part-time permanent employees worked, but the hours they are regularly scheduled to work.

(2) Divide subparagraph E.6.d.(1), above, by 40 to obtain the adjusted figure for "Part-time permanent employees" in paragraph E.6.d., above.

f. That supplemental report is due the same time as the September SF 113-A report. See enclosure 8 for an example of the supplemental report.

F. INFORMATION REQUIREMENTS

2. **Routing**

SF 113-A reports shall be forwarded in DUPLICATE to:

Washington Headquarters Services (WHS)
Directorate for Information Operations

The DIOR shall forward one copy of the reports in paragraphs D.1.a. through D.6.f., above, together with DoD-wide consolidations, to the OPM, retaining the second copy for internal use and files.

3. **Due Dates**

DETAILED INSTRUCTIONS FOR COMPLETION OF SF 113-A

A. SECTION I, "CURRENT STATUS"

1. General

   a. That section (lines 1 through 16) relates to current employment at
      the end of the month and covers work schedule, type of appointment, position
      occupied, wage system, and citizenship of Federal civilian employees. Employment
      totals shown for lines 1 through 15 of the SF 113-A should reflect employees
      who (as of the report date) have NOT been officially separated from the Agency
      by SF 50 or equivalent personnel action, and who have either:

         (1) Worked for any given period during the report month.

         (2) Are on paid annual, sick, injury, administrative, military,
             or holiday leave.

   b. Employment totals shown for line 16 should reflect employees with
      intermittent work schedules who have not worked during the current reporting
      period, AND as of the report date, have not been officially separated from the
      Agency's workforce. Employees shown in line 16 should NOT be included in lines
      1 through 15.

   c. Exclude from lines 1 through 15 employees on leave without pay
      (LWOP), suspension, or furlough if such actions are scheduled to or actually
      exceed 30 calendar days; report those employees as separations.

   d. Include as appropriate in lines 1 through 16 any seasonal employees
      and on-call in pay status. Seasonal employees are indicated by work schedule
      codes "G" (full-time seasonal), "Q" (part-time seasonal), and "J" (intermittent
      seasonal). On-call employees are indicated by work schedule code "H" (full-time
      on-call) and "R" (part-time on-call). Seasonal and on-call employees in nonpay
      status or scheduled to be in nonpay status for more than 30 days (similar to
      nonseasonal employees who are on LWOP) should not be included in lines 1 through
      16 until they return to pay status. Those seasonal and on-call employees should
      be included as an accession when returning from nonpay status for more than
      30 days and as a separation when they have been in nonpay status or are scheduled
      to be in nonpay status for more than 30 days.

2. Line Definitions of Section I

   a. Line 1, "Total Employment"

      (1) Total employment is full-time, part-time and intermittent
          employees (sum of lines 3, 6, and 8) who, as of the report date, have NOT been
          officially separated from the Agency by SF 50 or equivalent action, and who
          have either:

          (a) Worked for any given period during the report month.

          (b) Are on paid annual, sick, injury, administrative, military, or holiday leave.

          (2) Exclude intermittent employees included in line 16.
(3) Do INCLUDE employees whose separations are effective ON THE REPORT DATE. The separation for actions for such employees should be included in the next month's report.

(4) EXCLUDE from the SF 114-A all persons whose appointments are without compensation.

(5) Special instructions apply to employees on furlough, suspension, and LWOP, and seasonal and on-call employees in nonpay status. Those employees should not be included in line 1 if their leave (or nonpay status) is scheduled to exceed, or actually exceeds, 30 calendar days. Such employees should not be included in total employment until they return to duty. THE EMPLOYEE'S STATUS, AS OF THE REPORT DATE, DETERMINES WHETHER THE EMPLOYEE SHALL OR SHALL NOT BE INCLUDED.

(6) Employees on leave with pay pending separation by either disability or optional retirement should be counted in the "Current Status" (section 1). Employees on leave with pay who receive on-the-job injury or illness are also to be counted in the "Current Status." However, for personnel ceiling-related data, such employees who meet CERTAIN CONDITIONS are excluded from employment ceiling-related data shown in section IV (section D., below).

(7) Personnel on mobility assignments authorized by P.L. 91-648 (reference (c)) shall be reported, as follows:

(a) Employees on LWOP for more than 30 days to State, local, and Indian Tribal Governments, institutions of higher learning, or other eligible organizations shall be reported as "separations."

(b) Conversely, employees who have received Federal appointments (while under mobility assignments to Federal Agencies) shall be shown as new appointments if appointed for more than 30 days.

(c) Federal employees detailed to State, local, and Indian Tribal Governments; institutions of higher learning; or other eligible organizations shall be reported in "Total Employment" only if over 50 percent of their salary is paid by the Federal Agency.

(8) Line 1 also INCLUDES persons in the following programs that are exempted from the President's employment ceilings:

(a) Summer aids appointed under 5 CFR 213.3102(v) (reference (d)).

(b) The Stay-in-School Program, employees appointed under 5 CFR 213.3102(w) (reference (e)).

(c) The Federal Junior Fellowship Program, employees appointed 5 CFR 213.3201(f) (reference (f)).

(d) Persons in the W-TO Program who are in developmental jobs (for a 12-month period from date of appointment) who were selected from the
Worker-Trainee register, appointed under the Veterans Readjustment Appointment (VRA) authority, or appointed under the Worker-Trainee TAPER authorization.

(a) Lines 9 plus 11 should equal line 1 in each column. The total of the figures on lines 3, 6, and 8 should always equal the figure on line 1 in each column. The total of figures on lines 14 and 15 should always equal the figure on line 1 in each column.

b. Line 2, "Total in Permanent Positions"

(1) Show data for employees (regardless of work schedule, status of the employee or the type of appointment held) occupying "permanent positions."

(2) A permanent position is one which is either:

(a) Established without time limitation.

(b) Established for a limited period of 1 year or more.

(c) Occupied for 1 year or more (not necessarily continuously by the same employee), regardless of the intent when it was established.

c. Line 3, "Full-Time"

Full-time employees are those regularly scheduled to work the number of hours and days required by the administrative workweek for their employment group or class. (Most full-time employees have an administrative workweek of 5 days of 8 hours each. Others have administrative workweeks of different hours.)

d. Line 4, "Full-time in Permanent Positions"

(1) Show data for employees reported in line 3 who are in permanent positions, as defined in line 2.

(2) THE NATURE OF THE POSITION RATHER THAN THE STATUS OR TENURE OF THE EMPLOYEE IS CONTROLLING. For example, an employee with a temporary appointment serving full-time in a permanent position is regarded as occupying a permanent position as long as the position is one that has existed, or is expected to exist, for 1 year or more.

(3) The full-time employees in line 3 not reported in line 4, as occupying permanent positions, are full-time employees in "temporary positions."

e. Line 5, "Full-time with Permanent Appointments"

(1) Show data for employees included in line 3 (i.e., "full-time") who meet either one of the following criteria: are in tenure group 1 or 2, as defined below.

(a) Tenure group 1

1 COMPETITIVE SERVICE. Tenure group 1 includes employees serving under career appointments who either have completed initial appointment probation or are not required to serve initial appointment probation.
2 EXCEPTED SERVICE. Tenure group 1 includes employees whose appointment carries no restriction or condition such as conditional, indefinite, or specific time limitation or trial period.

(b) Tenure group 2

1 COMPETITIVE SERVICE. Tenure group 2 includes employees serving under career-conditional appointments, and career employees serving initial appointment probation.

2 EXCEPTED SERVICE.

a Tenure group 2 includes employees who are serving trial periods or whose tenure is equivalent to career-conditional tenure in the competitive service in Agencies, that use that type of appointment system.

b All SES employees except those serving under "limited term" or "limited emergency" appointments.

2) In Section I, "permanent appointments" consist of employees in tenure groups 1 and 2 and all SES employees except those serving under "limited term" or "limited emergency" appointments.

f. Line 6, "Part-Time"

Part-time employees are those who work less than full-time, but for a specific number of hours (usually 16 to 32 hours per administrative workweek) on a prearranged scheduled tour of duty.

g. Line 7, "Part-Time with Permanent Appointments"

Show data for part-time employees included in line 6 who have permanent appointments, as defined in line 5.

h. Line 8, "Intermittent"

(1) Count intermittents who, as of the report date, have NOT been officially separated from the Agency's workforce, and who have worked for any given period during the report month.

(2) Intermittent employees are those who work an irregular number of hours or days for which there is no prearranged scheduled tour of duty. Such employees are paid only for the time actually worked or for service actually rendered. Do NOT include in line 8 intermittents who are reported in line 16.

i. Line 9, "Competitive Service"

Relevant portions of the definition of the competitive service from 5 U.S.C., section 2102 (reference (g)) are reprinted below:

"Section 2102. The Competitive Service

(a) The "competitive service" consists of -
(1) all civil service positions in the executive branch, except -

(A) positions which are specifically excepted from the Competitive service by or under statute;

(B) positions to which appointments are made by nomination for confirmation by the Senate, unless the Senate otherwise directs; and

(C) positions in the Senior Executive Service;

(b) Civil service positions not in the executive branch that are specifically included in the competitive service by statute.

(2) Notwithstanding subparagraph a.(1)(B) of this section (2102), the "competitive service" includes positions to which appointments are made by nomination for confirmation by the Senate when specifically included herein by statute.

(3) As used in other Acts of Congress, "classified civil service" or "classified service" means the "competitive service."

(4) Competitive service includes employees in tenure group 0, 1, 2, or 3 and position occupied code 1.

(5) Lines 9 and 11 should add to line 1 in each column of the SF 113-A.

j. Line 10, "Competitive Service With Permanent Appointments"

Show data for employees occupying positions in the competitive service (position occupied code 1) and who are in tenure group 1 or 2, as defined in line 5.

k. Line 11, "Excepted Service and Senior Executive Service"

The excepted service and the SES consist of those civil service positions not in the competitive service. Include employees in position occupied codes 2, 3, or 4 regardless of tenure group (i.e., tenure group 0 through 3).

l. Line 12, "Excepted Service and Senior Executive Service With Permanent Appointments"

Show data for employees occupying positions in the excepted service (position occupied code 2) and who are in tenure group 1 or 2 and all SES employees (position occupied codes 3 or 4) except those serving under "limited term" or "limited emergency" appointments.

m. Line 13, "Wage Systems"

(1) Wage system employees [included in line 1] are those whose basic rates of pay are fixed and adjusted from time to time, in accordance with locally prevailing rates, by wage boards or similar administrative authority serving the same purposes.
(2) Include WG, WL, WS, WW, and all other pay plans beginning with W, K, T, N, J, or X. Exclude YV and YW pay plans.

n. Line 14, "U.S. Citizens"

(1) Show data for employees who are U.S. citizens, regardless of their place of permanent residence.

(2) A citizen (of the United States) is a person who owes allegiance to the United States and is entitled to full civil service rights either by birth or naturalization.

o. Line 15, "Noncitizens"

(1) Show data for employees who are not U.S. citizens, regardless of their place of permanent residence.

(2) Lines 14 and 15 should equal line 1 in each column.

p. Line 16, "Total Intermittents Not Working"

(1) Those employees who work an irregular number of hours or days for which there is no prearranged scheduled tour of duty, who have not worked during the current reporting period, and as of the report date, have NOT been officially separated from the Agency's workforce.

(2) Those employees are excluded from lines 1 through 15.

B. SECTION II, "PAYROLL"

1. General

a. That section (lines 17 and 18) relates to monthly wages and salaries EARNED by Federal civilian employees and lump sum payments for annual leave to employees who have separated from the Federal Government. While employment totals relate to the "as of" date of the report, payroll data relate to the period that began the day after the immediately preceding "as of" date and ends with the "as of" date of the current reporting period.

b. Payroll figures should be reported to the NEAREST WHOLE THOUSANDS OF DOLLARS.

c. Payroll figures INCLUDE funds chargeable to OMB object classes 11.1, 11.3, and 11.5 under "Personnel Compensation." The definitions of object classes are provided in OMB Circular A-11, Section 35 (reference (h)). Payroll figures do NOT include the Government's share (as employer) of health insurance, term life insurance, Federal retirement, old-age survivors' disability insurance, and retirement costs, which include the Government's payment to cover interest on the unfunded retirement liability.

d. When funds appropriated to one Agency are obligated to another Agency through an allocation or appropriation adjustment transaction to perform service for the first Agency, that part of such funds chargeable to object class 11, "Personnel Compensation," must be reported by the Agency whose employees perform the work and receive the payment. The Agency for
which the service is performed excludes from the total reported on the payroll lines the amount that is chargeable to object class 11.

2. Line definitions of section 11

a. Line 17, "Wages and Salaries Earned-Total"

(1) Show the amount of earnings for all employees (including those who are separated) for workdays and paid holidays for the period being reported.

(2) The amount of wages and salaries shall be reported for the period when the employees actually earned the money and not when the money was actually paid. If an error is detected in reporting the amount of earnings in the proper report period, an amended report should be submitted. The FY total salaries and wages (sum of 12 reports from October through September) should reflect actual wages and salaries earned by Federal employees for the FY period being reported.

(3) Give the total earnings for personal service to the NEAREST WHOLE THOUSANDS OF DOLLARS.

(4) Wages and salaries include gross base pay, overtime, night differential, cost of living allowances, station allowances, holiday pay, and any retroactive pay, but EXCLUDE lump sum payments for annual leave.

(5) Earnings may be estimated on the basis of the number of workdays in the period being reported.

(6) For agencies and employees included in the U.S. budget, the FY total should balance to OMB budget class object funds.

b. Line 18, "Lump Sum Payments"

(1) Show data for total lump sum payments (to the NEAREST WHOLE THOUSANDS OF DOLLARS) for annual leave during the period reported.

(2) The amount of lump sum payments should be reported for the period when the employees actually earned the money (i.e., when separated from the Federal Government), and not when the money was actually paid. If an error is detected in reporting the amount of lump sum payments in the proper report period, an amended report should be submitted. The FY total lump sum payments (sum of 12 reports from October through September) should reflect actual lump sum payments earned by Federal employees for the FY period being reported.

(3) Note that lump sum payment amounts are to be included in that line only and should NOT be added in the total for wages and salaries reported in line 17.

C. SECTION III, "TURNOVER"

1. General

a. That section (lines 19 through 28) covers personnel actions that result in additions to, and losses from, an Agency's workforce. Accessions consist of additions to the Agency's workforce and returns to duty by current
employees who have been in nonpay and/or nonbounty status. The nature of action
codes (NOACs) that are for current employees in the 100 to 200 series are
accessions. Accessions include appointments from civil service registers that
are career or career-conditional appointments, excepted appointments, appoint-
ments to the SES, temporary appointments from registers, temporary appointments
pending the establishment of registers, reappointments, reinstatements, restora-
tions and returns to duty, and transfers. Separations consist of actions that
take employees off the Agency’s workforce and that place current employees in
nonpay and/or nonbounty status. The NOACs that are in the 300 and 400 series are
separations. Separations include discharges, quits, terminations, reductions-
in-force (RIF), removals, transfers, extended LWOP, suspensions, furloughs,
deaths, retirements, and displacements.

b. Each turnover line described in detail, below (lines 19 through
28), is accompanied by a list of NOACs. The list of NOACs for each line is to
be used ONLY as a guide in reporting Federal employees. Some NOACs are included
in several lines; AGENCIES SHOULD REVIEW THE INDIVIDUAL EMPLOYEE’S SITUATION
AND REPORT THE EMPLOYEE IN THE APPROPRIATE LINE(S). The NOACs listed for each
line are taken from FPM Supplement 292-1 (Reference i) and FPM Supplement
296-33 (reference (j)).

c. Turnover data are to reflect accessions and separations having
EFFECTIVE DATES during the period covered.

2. Line Definitions of Section III

a. Line 19, "Total Accessions"

(1) Personnel actions during the period are being reported that
result in additional employees to the Department or Agency's competitive or
excepted services, or SES.

(2) EXCLUDE shifts within the Agency or Department that are between
ANY organizations that are below the Agency or Department level. Such sub-
oranizations will generally be those assigned a Central Personnel Data File
(CPDF) Agency sub-element code by the OPM. Similarly, that exclusion covers
Agency sub-organizations that are not identified in a CPDF; i.e., an Agency
has been assigned an Agency code of XX00, and has four sub-organizations that
have been assigned codes XX01 through XX04. The following exclusions from
reporting turnover apply:

(a) Movement BETWEEN two sub-organizations; e.g., between
XX01 and XX02.

(b) Movement between two units WITHIN a sub-organization;
 i.e., movement WITHIN either XX01, XX02, XX03, or XX04.

(1) INCLUDE employee shifts involving ONLY Agencies and/or Depart-
ments. For example, include shifts between Agency A that has been assigned an
Agency code of XX00 and Agency X that has been assigned an Agency code of XX00.

(4) INCLUDE SHIFTS BETWEEN AGENCIES when reorganizations are
effected by laws or Executive orders that shift groups of employees and the
functions they perform. Please footnote reports when reorganizations occur.

(5) **INCLUDE** returns to duty from nonpay status of more than 30 days.

(6) Total accessions include the following NOACs: 100, 101, 102, 103, 104, 107, 108, 112, 115, 117, 120, 122, 124, 128, 130, 132, 140, 141, 142, 143, 145, 146, 147, 148, 149, 150, 151, 153, 154, 155, 157, 170, 171, 280 (when returning from nonpay status of more than 30 days), and 292 (when returning from nonpay status of more than 30 days).

(2) Include mass transfers of employees between Agencies as a result of transfer of functions. Include NOACs 130, 132, 145, 147, and 157; and 100 and 101 when (both 100 and 101 are used with legal authority code(s)) (LAC(s)) K4M, BKM, BBM, or V8L), and 102 and 103 when (both 102 and 103 are used with the LAC of (JEM), (JGM), or (JJM)).

c. Line 21, "Total New Hires"

(1) Show data for new appointments of individuals who currently are not Federal civilian employees. Include reinstatements based on prior service.

(2) Show data for appointments to positions in the competitive and excepted services and the SES of accessions included in line 19 based on the following NOACs: 100, 101, 102, 103, 104, 107, 108, 112, 115, 117, 120, 122, 124, 128, 140, 141, 142, 143, 146, 148, 149, 150, 151, 153, 154, 155, 170, and 171.

(3) **EXCLUDE** transfers and employees exercising reemployment rights (such as restorations) and returns to duty and placements in pay status (NOAC) 280.

d. Line 22, "Accessions to the Competitive Service"

(1) Show data for personnel actions included in line 19 that result in the addition of employees to the competitive service of the Department or Agency. Include NOACs: 100, 101, 102, 103, 107, 108, 112, 115, 117 (when used with position occupied code 1), 120, 122, 124, 128, 130, (when used with position occupied code 1), 132 (when used with position occupied code 1), 140, 141, 280, and 292 (when returning from nonpay status of more than 30 days and when position occupied code is 1).

(2) **EXCLUDE** accessions to the excepted service and the SES. Note that line 19 minus line 22 should be total accessions to the excepted service and the SES.

e. Line 23, "New Hires to the Competitive Service"
(1) Show data for appointments to positions in the competitive service based on the following NOACs: 100, 101, 102, 103, 107, 108, 112, 115, 117 (when used with position occupied code 1), 120, 122, 124, 128, 140, and 141.

(2) Include employment after competition with others for the same position through a civil service register or under civil service recruiting authority.

(3) Include also reinstatements.

(4) Note that line 23 EXCLUDES conversions, transfers, restorations, reemployments, returns to duty, placements in pay status, new hires and accessions to the excepted service and to the SES. Line 21 minus line 23 should be total new hires to the excepted service and to the SES.

1. Line 24, "U.S. Citizens"

Show data for accessions of persons included in line 19 who are U.S. citizens, regardless of their place of permanent residence.

2. Line 25, "Total Separations"

(1) Show data for personnel actions during the period being reported that result in the loss of employees from the workforce of the Department or Agency.

(2) EXCLUDE shifts within the Agency or Department that are between ANY organizations that are below the Agency or Department level. Such sub-organizations generally will be those assigned a CPDF Agency sub-element code by the OFM. Similarly, that exclusion covers Agency sub-organizations that are not identified in CPDF; i.e., an Agency has been assigned an Agency code of XX00. That Agency has four sub-organizations that have been assigned a code of XX01 through XX04. The following exclusions from reporting turnover apply:

   (a) Movement between two sub-organizations; e.g., between XX01 and XX02.

   (b) Movement between two units WITHIN a sub-organization; i.e., movement WITHIN either XX01, XX02, XX03, or XX04.

(3) INCLUDE employee shifts involving ONLY Agencies and/or Departments. For example, include shifts between Agency A that has been assigned an Agency code of AA00 and Agency X that has been assigned an Agency code of XX00.

(4) INCLUDE SHIFTS BETWEEN AGENCIES when reorganizations are effected by laws or Executive orders that shift groups of employees and the functions they perform. Please footnote reports when such reorganizations occur, giving the authority (law or Executive order), date of change, number of employees lost, and the name of the other Agency or Agencies involved.

(5) INCLUDE placements in nonpay status for more than 30 days.

(6) Count all separations on the day FOLLOWING the effective date of action. Because separation is effective at midnight, an employee is not dropped from the rolls of the Agency until the next day. For example, if an
employee resigns on September 30 and the report date is also September 30, and she remains on the rolls of the Agency through midnight on the 30th. The employee is dropped from the Agency's rolls on the next day, October 1st. The employee in this example would be reported in the appropriate lines of Sections I, II, and IV of the September report and the separation report for the employee would be reported in Section III of the following month's report (October report). Agencies should avoid double counting of the same employee as a separation. For example, if an employee is on extended LWOP and counted as a separation, the employee should NOT be counted again if the employee resigns or is terminated without returning to duty.

(7) Include the following actions as separations for periods scheduled for, or that actually exceed, 30 calendar days; i.e., extended LWOP, suspension, furlough, or placement in nonpay status.

(8) Employees who are on leave with pay pending separation by either disability or optional retirement are to be counted as a separation ONLY when eventually separated by disability or optional retirement.

(9) Transfers require special attention. To safeguard employee rights, the practice is that a "separation" SF 50 is not prepared by an employee who transfers to another Agency until an "accession" SF 50 is received by the losing office that continues to report that person in total employment. Those procedures can result in the employee being reported in both Agencies' total employment for the same month. On the SF 113-A, the losing Agency should exclude transfers from line 1 as soon as they cease to be paid by the losing Agency, even though that Agency may not have received an "accession" SF 50 by the time the SF 113-A report is prepared. Under those procedures for handling transfers, a system check should be built into automated systems to prevent a break in service.

(10) Total separations include the following NOACs: 300, 301, 302, 303, 304, 312, 317, 330, 350, 351, 352, 353, 354, 355, 356, 357, 385, 386, and 473. When in nonpay status for more than 30 days, the following 430, 450, 452, 460, and 472.

h. Line 26, "Transfers-Separations"

Show data for employees who, without a break in service of one full workday, change from a position in one Agency to a position in another Agency. Include mass transfers of employees between Agencies as a result of transfer of functions, NOAC 352, except with the LAC of PZM and ZPM.

i. Line 27, "Quits"

(1) Show data for voluntary resignations by employee or separation by Agency if employee declines new assignment (decision not to accept a new job), abandons position (left the job), joins military, or fails to return from military furlough.

(2) EXCLUDE resignations due to RIF or instead of adverse action.

(3) EXCLUDE retirements and deaths.
(4) Quits include NOAC and/or LAC combinations, as follows: 312/RPR, 312/RWM, 312/RXM, 317/RPM, 317/RUM, 330/C7M, 351, 353, 356/USM, 356/UTM, 356/VAJ, 356/VJH, 356/VJLJ, and 356/V2J.

j. Line 28, "U.S. Citizens"

Show data for separations of persons included in line 25 who are U.S. citizens regardless of their place of permanent residence.

D. SECTION IV, "EMPLOYMENT CEILING DATA"

1. General

a. That section (lines 29 through 31) relates to employment ceiling-related information. The figures reflected in that section shall NOT be used (unless otherwise indicated by the OMB) for controlling employment, but are intended only to reflect headcount of employment related to ceilings. For most Executive branch Agencies, employment control shall be tracked on a work-year basis. Agencies that are not subject to Presidential employment ceiling limitations are to report employment data (in Section IV of the SF 113-A) as if they had been assigned a ceiling; for those latter Agencies, employment, and payroll in that section shall correspond to those reported in Section I lines 1, 5, and the sum of lines 17 and 18, if there are no ceiling exempt employees, as listed in subparagraphs D.1.b.(1) through D.5.f.(2), below.

b. All data in that section EXCLUDE employment and payroll of employees exempt from the President's ceiling control, as listed in subparagraphs D.1.b.(1) through D.1.b.(5), below:

(1) Summer aids appointed under 5 CFR 213.3102(v) (reference (d)).

(2) The Stay-in-School Program, employees appointed under 5 CFR 213.3102(w) (reference (e)).

(3) The Federal Junior Fellowship Program, employees appointed under 5 CFR 213.3201(f) (reference (f)).

(4) Persons in the W-TO Program who are in developmental jobs (for a 12-month period from date of appointment), who were selected from the W-TO register, appointed under the VRA authority, or appointed under the W-TO-TAPER authorization. (See FPM Letter 713-33 (reference (k)), FPM Letter 316-16 (reference (l)), or FPM chapter 720 (reference (m)).

(5) Those employees covered by any official exemptions granted by the OMB.

c. Exclude from the employment and payroll lines employees on LWOP, furlough, or suspension whose absence actually exceeds or is scheduled to exceed 30 calendar days.

d. Exclude also employees on leave with pay pending separation by disability retirement who meet both the following criteria:

(1) Their application for disability retirement has been approved by the OPM.
(2) Their use of sick leave after approval date actually exceeds, or is scheduled to exceed 30 calendar days.

e. Exclude employees on leave with pay pending separation by optional retirement who meet all five of the following criteria:

(1) Employee has to retire because of ill health.

(2) Employee is on sick leave and the employing Agency has received a licensed physician’s certificate covering the entire period for which the employee has requested sick leave.

(3) Employee meets age and service requirements for optional retirement.

(4) SF 2801, "Application for Immediate Retirement," package has been submitted for retirement to become effective when sick leave expires.

(5) The employee's use of sick leave after approval date exceeds or is scheduled to exceed 30 calendar days.

f. Exclude employees who receive on-the-job injury or illness and meet the following criteria:

(1) Approval for worker's compensation has been received from the Department of Labor (DOL).

(2) Use of sick leave after approval date exceeds or is scheduled to exceed 30 calendar days.

2. Line Definitions of Section IV

a. Line 29, "Total Ceiling Employment." Show total number of employees covered by the President's employment ceiling as of the report date; i.e., line 1 excluding persons in nonceiling programs and other OMB-approved exemptions.

b. Line 30, "Full-time with Permanent Appointments"

(1) Those employees related to employment ceilings included in line 29 who are full-time with permanent appointments are in tenure group 1 or 2:

(a) Tenure Group 1

1 COMPETITIVE SERVICE. Tenure group 1 includes employees serving under career appointments who either have completed initial appointment probation or are not required to serve initial appointment probation.

2 EXCEPTED SERVICE. Tenure group 1 includes employees whose appointment carries no restriction or condition such as conditional, indefinite, or specific time limitation or trial period.

(b) Tenure Group 2
1 COMPETITIVE SERVICE. Tenure group 2 includes employees serving under career-conditional appointments, and career employees serving initial appointment probation.

2 EXCEPTED SERVICE. Tenure group 2 includes employees who are serving trial periods, or whose tenure is equivalent to career-conditional tenure in the competitive service in Agencies that use that type of appointment system. Includes all SES employees except those serving under "limited term" or "limited emergency" appointments.

(2) Line 5 minus line 30 therefore gives full-time nonceiling-related employees with permanent appointments.

(3) Under that report only, "permanent appointments" consist of tenure groups 1, 2, and all SES employees except those serving under "limited term" or "limited emergency" appointments. "Temporary and indefinite appointments" consist of all other employees.

c. Line 31, "Total Payroll to Ceiling Employees"

(1) Show the total wages and salaries earned and lump sum payments to all ceiling-related employees (including those who are separated during the report period) for workdays and paid holidays for the period being reported.

(2) The amount of wages and salaries and lump sum payments should be reported for the period when the employees actually earned the money and not when the money was actually paid. If an error is detected in reporting the payroll amount (total wages and salaries and lump sum payments) in the proper report period, an amended report should be submitted. The FY total payroll (sum of 12 reports from October through September) to ceiling-related employees should reflect actual wages and salaries and lump sum payments earned for the FY period being reported.

(3) Show the total payroll figures to NEAREST WHOLE THOUSANDS OF DOLLARS.

(4) Line 31 is a subset of lines 17 and 18. The sum of lines 17 and 18 minus line 31 gives total payroll for nonceiling employees.

Therefore, direct hire nationals overseas should not appear in competitive lines 9, 10, 22, and 23.

78. Line 31 divided by line 29 should give a reasonable average salary per employee for those who are subject to ceiling.

79. Each Agency should check each line of their organizational sub-element (or bureau) reports to make sure each line adds to the Agency summary report for each column.

80. Each Agency should apply additional mechanical and logical edits when possible based on any special workforce characteristics and known sizeable changes.

81. Each automated Agency should establish additional computer edits within its internal system so as to ensure that the data are being reported correctly.
