REVISION TO DoD 4160.21-M

Chapter VIII, Paragraph B63, Magnetic Media

Paragraph B63 is revised at subparagraphs "b" and "c" as follows:

"b. At time of turn-in to a DRMO, all AE tapes/ribbons, hard disks, personal computers, and other magnetic media must be accompanied by a certificate which certifies one of the following:

"(1) If the information has been classified, that the media is now unclassified or has been declassified under the procedures contained in DoD 5200.28-M, ADP Security Manual, Section VII, 1973, and NCSC TG-025 Version-2, Sep 91, "A Guide to Understanding Data Remanence in Automated Information Systems"; that anonymity has been maintained by disposing of any record indicating the previous classification level; and the certificate is signed by the Information System Security Officer (ISSO); or

"(2) If information is exempted by the Freedom of Information Act (for example, proprietary, criminal investigation reports), that the information has been removed from the media; that no personal information remains; and the certificate is signed by the Privacy Act Officer, the Employee Medical Information File System Manager, or similar responsible officer.

"NOTE: Disk packs, and all other AE media intended for the purpose of data storage shall be accompanied by a similar certificate.

"c. AE media shall be subjected to local area screening. If not needed, it may be sold. A copy of the certificate(s) (subparagraph B63b) shall accompany all referrals of declassified or former privacy act media submitted to the DRMS NSO."
