SUMMARY OF COMMENTARY IN PRAVDA ON SUB-SAHARAN AFRICA
(June 22 - July 21, 1981)

August 1981

Prepared by the Federal Research Division of the Library of Congress under an interagency agreement

Analyst: Gerald Cady
PREFACE

This monthly survey compiles articles on sub-Saharan Africa which appear in Pravda. It has been prepared since April 1980. Pravda is the official newspaper of the Central Committee of the Communist Party of the Soviet Union. Items published are presumably authoritative. Articles dealing with Soviet political, military, or economic interests in Africa are entirely translated or extensively excerpted or summarized. News accounts which heavily rely on news services of other countries are simply noted. All entries have been arranged chronologically under general African or country headings. FBIS translations are summarized or annotated for reader reference; duplication is avoided.
Summary of Commentary in Pravda on Sub-Saharan Africa

(22 June - 21 July 1981)*

AFRICA GENERAL

AAPSO and Southern Africa

(Excerpt) Nuri Abdul Razzaq, Secretary General of the Afro-Asian People's Solidarity Organization [front organization founded in 1957 in which both the USSR and Egypt have substantial influence], called for greater unity among the world's progressive organizations that support the patriotic forces fighting for freedom in southern Africa. (22 Jun 81, p. 5)

OAU Condemns US Actions in Middle East

(Excerpt) The Council of Ministers of the Organization of African Unity demanded that the United States halt arms shipments to Israel and termed the recent attack by Israel on Iraq to be a scandalous violation of sovereign territory. (22 Jun 81, p. 5)

Soviet Cable to OAU Session

(Summary) The USSR Supreme Soviet and Council of Ministers sent a cable to the participants at the 18th session of the Assembly of Heads of State and Government of the Organization of African Unity meeting in Nairobi, Kenya stating that the importance of this African forum increases every year on both a pan-African and an international scale. (25 Jun 81, p. 1, and translated in toto by FBIS Soviet Union Daily Report #127, 2 Jul 81, p. J4)

OAU Session Opens

(Excerpt) The 18th Assembly Session of the Organization of African Unity opened in Nairobi, Kenya. Issues to be discussed by the participants include measures to stabilize the situation on the continent in the face of increased imperialist, especially American, interference, the liberation of Namibia, the problem of the Western Sahara, and the regularization of the situation in the Horn of Africa. (25 Jun 81, p. 5)

OAU Summit

(Excerpt) In the capital of Kenya the 18th Assembly Session of the Organization of African Unity continues its work. At the center of attention is the question of liquidating the remains of colonialism and racism on the continent and achieving economic independence. (26 Jun 81, p. 5)

Commentary on OAU Meeting

(Excerpt) The Ethiopian Herald, referring to the Heads of State and Government Session of the Organization of African Unity now taking place, said that its work was made complex due to the present difficult atmosphere in international affairs. Imperialism, the paper reported, viewed Africa as a place to establish military bases and to destabilize progressive governments. (28 Jun 81, p. 5)

*Editions of 29 June and 1, 2, 6, 8, 9, 13, 15, 16, and 20 of July were not received. FBIS translations of articles in Pravda for some of these dates have been included.
Soviet Interests in Africa

[At the 35th Session of the Council on Mutual Economic Assistance (CMEA) meeting in Bulgaria, a declaration was issued declaring, among other things, that the member states would seek to expand in every way their economic relations with Angola, Ethiopia, and Mozambique, with special attention being devoted to assistance that would promote independent economic development in contrast to economic servitude sought by imperialism. (3 Jul 81, p. 4)]

United States Interests in Africa

CIA Activity in Africa

(Summary) The American Central Intelligence Agency is seeking to set up a terror network in Africa. The recent expulsion of espionage agents with diplomatic passports from Zambia, not unlike that which occurred in Mozambique not long ago, gives some indication of the scope and methods of the campaign. In addition, cloak and dagger experts from the United States have been uncovered in Madagascar where they were organizing a web of conspirators to engage in sabotage operations, and in Angola where they support the brigands of UNITA led by Savimbi. In each case, the Americans have worked closely with the racist South Africans. (28 Jun 81, p. 5)

Stealing Namibia's Natural Wealth

Republic of South Africa

Намибия

Namibia

(Hand in hand)  (28 Jun 81, p. 5)
American Hypocrisy and Apartheid

(Excerpts) The United States government now says it will support the United Nations embargo of computers and electronic equipment that can be used by the police or military of the Republic of South Africa. That might be the official position of Washington but, as the Washington Post has uncovered, the past embargo covering the sale of military hardware is an unmitigated farce; in reality the United States has not stood between its businessmen and the profits that await in South Africa. (11 Jul 81, p. 5)

US Relations with South Africa

(Pretoria-Washington Axis)

(Annual trade volume of nearly 3 billion dollars)

(11 Jul 81, p.5)
(Bound hand and foot.)  (14 Jul 81, p. 5)
(The American administration has openly increased its cooperation with the Republic of South Africa by maintaining close political and economic relations.)

(26 Jun 81, p. 1, and translated in toto by FBIS Soviet Union Daily Report # 127, 2 Jul 81, pp. J 3 & 4)

(21 Jun 81, p. 5)

Economic Discussions in Addis Ababa

(Excerpt) An economic meeting was held in Addis Ababa to consider the implementation of the third stage of the national campaign for economic and cultural development that began in 1978. Mengistu Haile Mariam, Chairman of the Provisional Military Council, told the participants that the country had run into difficulties in the industrial, agricultural, and other segments of the economy, but that successes had been achieved in the building of the fundamental economic mechanisms.
