ETHICS
A SELECTED BIBLIOGRAPHY

US ARMY WAR COLLEGE LIBRARY
MARCH 2000
I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I —
I took the one less traveled by,
And that has made all the difference.

PREFACE

Ethics: A Selected Bibliography, now in its fifth revised edition, was compiled to support the study of ethics, one of the U.S. Army War College's enduring themes. This list, like our earlier ethics bibliographies, focuses on military ethics, as well as other selected contemporary ethical issues.

It contains many of the citations from the last edition in addition to notable materials that were added to the collection since the fourth edition was published in 1997.

All items included in this bibliography are available in the U.S. Army War College Library. To help you find them in our library's collection, we have added call numbers at the end of each entry. Please keep in mind that call numbers may vary from library to library.

This bibliography is also available on the Internet through our Library's home page (http://carlisle-www.army.mil/library/).

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library by sending an e-mail message to libraryr@awc.carlisle.army.mil, or by phoning DSN 242-4280 or Commercial (717) 245-4280.
