Revised Sep 2001
FOREWORD

HOW TO USE THIS CATALOG

Go to chapter 1, paragraph 1–7, for guidance on how to enroll in courses administered by the Army Institute for Professional Development (AIPD) (listed in chapter 2) or individual subcourses (chapter 3). If you are enrolling in a course listed in chapter 4, follow the instructions specified in the course description. In any case, make sure you are eligible for enrollment and meet any prerequisites.

If you have selected a course administered by AIPD, go to chapter 3 for a description of the individual subcourses within the course. The description includes the number of credit hours awarded for completion of each subcourse.

Telephone extensions and e-mail addresses for student services teams at AIPD are provided in the preface of this publication.
Schools

Army Correspondence Course Program Catalog

By Order of the Secretary of the Army:

ERIC K. SHINSEKI
General, United States Army
Chief of Staff

History. This is a revised publication. Because the publication has been extensively revised, the changed portions have not been highlighted.

Summary. The Army Correspondence Course Program is the formal nonresident extension of the U.S. Army Training and Doctrine Command service schools’ curricula that are centrally administered by the Army Institute for Professional Development. The Army Institute for Professional Development is accredited by the Distance Education and Training Council. This accreditation signifies the achievement of the Distance Education and Training Council’s standards involving the development, production, and administration of home study programs.

Applicability. This pamphlet applies to active duty military of all branches, foreign military, Army National Guard of the United States, Reserve personnel, and Department of Defense civilians. During mobilization, procedures in this publication may be modified by the proponent.

Proponent and exception authority. The proponent for this pamphlet is the Commanding General, U.S. Army Training and Doctrine Command. The proponent has the authority to approve exceptions to this pamphlet that are consistent with controlling law and regulation. The proponent may delegate this approval authority, in writing, to a division chief in the proponent agency in the grade of colonel or the civilian equivalent.

Suggested Improvements. Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to Commander, U.S. Army Training Support Center, ATTN: ATIC–DLC–D, Fort Eustis, VA 23604–5166.

Distribution. Distribution of this publication is available in electronic media only and is intended for command levels A, B, C, D, and E for Active Army, Army National Guard of the U.S., and U.S. Army Reserve.

Contents (Listed by paragraph and page number)

Chapter 1
Introduction, page 1

Section I
General, page 1
Purpose • 1–1, page 1
References • 1–2, page 1
Explanation of abbreviations and terms • 1–3, page 1
Programs administered by the Army Institute for Professional Development (consolidated ACCP) • 1–4, page 1
Correspondence course programs offered by other activities (not administered by AIPD) • 1–5, page 2

Section II
Enrollment, page 2
Eligibility • 1–6, page 2

*This pamphlet supersedes DA Pam 350–59, dated 1 October 2000.
Contents—Continued

Enrollment • 1–7, page 2
Rate of subcourse issue • 1–8, page 3
Transcripts and copies of records • 1–9, page 3
Voluntary withdrawal • 1–10, page 3
Cancellation of enrollment • 1–11, page 3
Reinstatement • 1–12, page 3

Section III
 Administrative Terms, page 3
 Subcourse • 1–13, page 3
 Course • 1–14, page 3
 Credit hour • 1–15, page 3
 Methods of completing examinations • 1–16, page 3
 ATSC Form 157 (Data Mailer) • 1–17, page 3
 Exempt credit • 1–18, page 4
 Promotion points • 1–19, page 4
 Enrollment year • 1–20, page 4
 Retirement point • 1–21, page 4
 Subcourse completion notice • 1–22, page 4
 Phase completion notice • 1–23, page 4
 Course completion notice • 1–24, page 4
 Certificate of Completion • 1–25, page 4
 Diplomas • 1–26, page 4

Section IV
 Administrative Procedures for Programs Administered by AIPD, page 4
 Required progress • 1–27, page 4
 Grading system and reexamination • 1–28, page 5
 Certifying your work • 1–29, page 5
 Award of MOS/branch qualification • 1–30, page 5
 Student records • 1–31, page 5
 Change of address • 1–32, page 5
 Communication with AIPD • 1–33, page 5
 ACCP catalog availability • 1–34, page 5

Chapter 2
 Consolidated Army Correspondence Course Program (ACCP), page 6

Section I
 Adjutant General School (U.S. Army Soldier Support Institute), page 6
 RC Adjutant General Officer Advanced Course (AOC 42) (Course Number: 805C A11) • 2–1, page 6
 S1/Personnel Officer Course (Course Number: 805C Q19) • 2–2, page 6
 Personnel Staff Officer Course (Course Number: 805C Q21) • 2–3, page 6
 Military Personnel Officer Course (Course Number: 805C D23) • 2–4, page 6
 Advanced Level Sustainment Training Technical Course • 2–5, page 7
 Basic Level Sustainment Training Technical Course • 2–6, page 7
 Administrative Course (MOS 71L20) (Course Number: 805C M15) • 2–7, page 7
 Personnel Administration Course (MOS 75B20) (Course Number: 805C M17) • 2–8, page 7
 Personnel Services Specialist Course (MOS 75H20) (Course Number: 805C M25) • 2–9, page 7

Section II
 U.S. Army Air Defense Artillery School, page 8
 RC ADA Officer Advanced Course (Course Number: 441 A11) • 2–10, page 8
 RC SHORAD Officer Reclassification Course (Course Number: 441 Q21) • 2–11, page 8
 RC WOAC Air Defense Systems Technician (MOS 140A) (Course Number: 441 W31) • 2–12, page 8
Contents—Continued

Common Military Subjects for Skill Level 4 (all ADA MOSs) (Course Number: 441 D17) • 2–13, page 8
Common Military Subjects for Skill Level 3 (all ADA MOSs) (Course Number: 441 D15) • 2–14, page 8
Common Military Subjects for Skill Level 2 (all ADA MOSs) (Course Number: 441 D13) • 2–15, page 9
Common Military Subjects for Skill Level 1 (all ADA MOSs) (Course Number: 441 D11) • 2–16, page 9
Operations and Intelligence Assistant (Course Number: 441 M15) • 2–17, page 9
Patriot Fire Control Enhanced Operator/Maintainer Course (MOS 14E) (Course Number: 441 M33) • 2–18, page 9
Patriot Launching Station Enhanced Operator/Maintainer Course (MOS 14T) (Course Number: 441 M35) • 2–19, page 9
MANPAD System Training (MOS 14S/14M) (Course Number: 441 M23) • 2–20, page 9
ADA Senior Sergeant (MOS 14Z) (Course Number: 441 M51) • 2–21, page 9
ADA Command and Control System AN/TSQ–73 Missile Minder (MOS 14L) (Course Number: 441 M31) • 2–22, page 10

Section III
U.S. Army Armor School, page 10
Requirements for branch transfer • 2–23, page 10
Armor Captains Career Course • 2–24, page 10
Maintenance Leader Course (MLC) (Course Number: 171 Q12) • 2–25, page 11

Section IV
U.S. Army Aviation Center, page 11
Aviation Accident Prevention Management Course (Course Number: 011 D21) • 2–26, page 11
Aviation Logistics Manager Course (Course Number: 011 Q13) • 2–27, page 11
Aviation Safety Officer Course (Course Number: 011 Q11) • 2–28, page 11
Avionic Mechanic (MOS 68N) (Course Number: 011 M10) • 2–29, page 12
Air Traffic Control Operator Course (MOS 93C) (Course Number: 011 M20) • 2–30, page 12
Air Traffic Control Preparatory Course (Course Number: 011 D11) • 2–31, page 12
Aviation Operations Specialist Course (MOS 93P) (Course Number: 011 M24) • 2–32, page 12
Aviation Survival Course (Course Number: 011 D23) • 2–33, page 12
Special Course for Safety Management (Basic) (Course Number: 011 D13) • 2–34, page 12

Section V
U.S. Army Aviation Logistics School, page 12
Aviation Maintenance Management Course (Course Number: 552 D11) • 2–35, page 12
Basic Aircraft Maintenance Course (Course Number: 552 D13) • 2–36, page 13
Aircraft Structural Maintenance Technician (Course Number: CDC 2A 753) • 2–37, page 13

Section VI
U.S. Army Chaplain Center and School, page 13
RC Chaplain Officer Advanced Course (Course Number: 805D A11) • 2–38, page 13
RC Chaplain Officer Basic Course (Course Number: 805D B11) • 2–39, page 13
Chaplain Assistant Senior Supervisor Sustainment Training Course (MOS 56M50) (Course Number: 805D M51) • 2–40, page 14
Chaplain Assistant Advanced Sustainment Training Course (MOS 56M40) (Course Number: 805D M41) • 2–41, page 14
Chaplain Assistant Reserve Component Reclassification Course (MOS 56M10) (Course Number: 805D M35) • 2–42, page 14
Chaplain Assistant Initial Sustainment Training Course (MOS 56M) (Course Number: 805D M31) • 2–43, page 14

Section VII
U.S. Army Chemical School, page 15
RC Chemical Officer Advanced Course (Course Number: 031 A11) • 2–44, page 15
RC Chemical Senior Leader Qualification Course (Course Number: 031 Q11) • 2–45, page 15
Unit NBC Defense Officer/NCO Refresher Course (Course Number: 031 F11) • 2–46, page 15
Chemical Advanced Refresher Course (Course Number: 031 D11) • 2–47, page 15
Chemical Specialist Refresher Course (MOS 54B30) (Course Number: 031 M30) • 2–48, page 16
Contents—Continued

Decontamination Course (Course Number: 031 M32) • 2–49, page 16
Smoke Course (Course Number: 031 M34) • 2–50, page 16

Section VIII
Combat Lifesaver Course (U.S. Army Medical Department Center and School), page 16
Combat Lifesaver Correspondence Course (Course Number: 081 F11) • 2–51, page 16

Section IX
Defense Language Institute, page 17
Russian Proficiency Improvement Course (Course Number: 215 F11) • 2–53, page 17
Polish Proficiency Improvement Course (Course Number: 215 F21) • 2–54, page 17
Czech Proficiency Improvement Course (Course Number: 215 F31) • 2–55, page 17

Section X
U.S. Army Engineer School, page 17
Courses for officers • 2–56, page 17
RC Engineer Officer Advanced Course (Course Number: 052 A11) • 2–57, page 18
RC WOAC Utilities Operations and Maintenance Technician (MOS 210A) (Course Number: 052 W31) • 2–58, page 18
RC WOAC Engineer Equipment Repair Technician (MOS 919A) (Course Number: 052 W33) • 2–59, page 19
RC WOBC Utilities Operations and Maintenance Technician (MOS 210A) (Course Number: 052 W11) • 2–60, page 19
RC WOBC Engineer Equipment Repair Technician (MOS 919A) (Course Number: 052 W13) • 2–61, page 19
Terrain Analysis Technician Refresher Course (MOS 215D) (Course Number: 052 W37) • 2–62, page 20
Combat Engineering Advanced Refresher Course (CMF 12) (Course Number: 052 D11) • 2–63, page 20
Combat Engineering Basic Refresher Course (CMF 12) • 2–64, page 20
Combat Engineer Course (MOS 12B) (Course Number: 052 M17) • 2–65, page 20
Bridge Crewman Course (MOS 12C) (Course Number: 052 M19) • 2–66, page 20
General Engineering Advanced Refresher Course (CMF 51) (Course Number: 052 D13) • 2–67, page 21
General Engineering Basic Refresher Course (CMF 51) • 2–68, page 21
Diver General Engineering Course (MOS 00B) (Course Number: 052 M38) • 2–69, page 21
Carpentry and Masonry Specialist Course (MOS 51B) (Course Number: 052 M40) • 2–70, page 21
Construction Engineer Supervisor Course (MOS 51H) (Course Number: 052 M42) • 2–71, page 21
Plumber Course (MOS 51K) (Course Number: 052 M44) • 2–72, page 21
Electrician Course (MOS 51R) (Course Number: 052 M46) • 2–73, page 22
Construction Equipment Repair Course (MOS 62B) (Course Number: 052 M50) • 2–74, page 22
Cartographer Course (MOS 81T) (Course Number: 052 M52) • 2–75, page 22
Topographic Surveyor Course (MOS 82D) (Course Number: 052 M56) • 2–76, page 22
Engineer Construction Course (Course Number: 052 D55) • 2–77, page 22
Engineer Combat Support Course (Course Number: 052 D57) • 2–78, page 22

Section XI
U.S. Army Field Artillery School, page 22
Senior Officer Field Artillery Refresher Course (Course Number: 061 Q11) • 2–79, page 22

RC Non-Communications Interceptor/Analyst Course (MOS 98J10-RC) (Course Number: 301 M35) • 2–147, page 36
Non-Morse Interceptor Analyst Course (MOS 98K) (Course Number: 301 M37) • 2–148, page 37
Journeyman Signals Intelligence Analyst Course • 2–149, page 37
Master Signals Intelligence Analyst Course • 2–150, page 37

Section XV
The Judge Advocate General’s School, page 37
Equivalent and constructive credit • 2–151, page 37
Reserve Component Judge Advocate Officer Basic Course (55A) (Course Number: 181 B11) • 2–152, page 38
Reserve Component Judge Advocate Officer Advanced Course (55A) (Course Number: 181 A11) • 2–153, page 38
Army Legal Administrators Pre-Appointment Course (MOS 71D) (Course Number: 181 M10) • 2–154, page 39
Pre-Advanced Noncommissioned Officer Course (MOS 71D) (Course Number: 181 M30) • 2–155, page 39
Pre-Basic Noncommissioned Officer Course (MOS 71D) (Course Number: 181 M20) • 2–156, page 39
Phase I Reserve Component Advanced Individual Training Course (MOS 71D) • 2–157, page 39

Section XVI
U.S. Army Logistics Management College, page 39
General • 2–158, page 39
Army Maintenance Management Course (Course Number: 907 D21) • 2–159, page 40
Associate Logistics Executive Development Course (Course Number: 907 D25) • 2–160, page 40
Defense Hazardous Materials/Waste Handling Course (Course Number: 907 D17) • 2–161, page 41
Defense Reutilization and Marketing System—an Introduction (Course Number: 907 D15) • 2–162, page 41
Defense Distribution Management Course (Course Number: 907 D23) • 2–163, page 41
Introduction to Defense Financial Management (Course Number: 907 D11) • 2–164, page 42
Introduction to Operations Research Systems Analysis Course (Course Number: 907 D13) • 2–165, page 42
Logistics Management Development Course (Course Number: 907 D19) • 2–166, page 42
Support Operations Course (Phase I) (Course Number: 907 F23) • 2–167, page 42

Section XVII
School of Military Packaging Technology, page 43
Administrative information • 2–168, page 43
Packaging and Handling of Electrostatic Discharge Sensitive (ESDS) Items Course (Course Number: 908 F60)  
  • 2–169, page 43
Contents—Continued

Defense Basic Preservation and Packing Course (Course Number: 908 F13) • 2–170, page 43
Defense Marking for Shipment and Storage Course (Course Number: 908 F32) • 2–171, page 43
Defense Packaging Data Systems Course (Course Number: 908 F40) • 2–172, page 43
Hazardous Materials Handling Course (Course Number: 908 F50) • 2–173, page 43

Section XVIII
U.S. Army Military Police School, page 44
Advanced Military Police Branch Orientation Course (Course Number: 191 Q11) • 2–174, page 44
Basic Military Police Branch Orientation Course (Course Number: 191 Q13) • 2–175, page 44
CID Warrant Officer Refresher Course (Course Number: 191 W11) • 2–176, page 44
Enemy Prisoner of War/Civilian Internee Refresher Course (Course Number: 191 D11) • 2–177, page 44
Advanced NCO Refresher Course (MOS 95B) (Course Number: 191 M11) • 2–178, page 44
Basic NCO Refresher Course (CMF 95) (Course Number: 191 M15) • 2–179, page 44
Internment/Resettlement Specialist Course (Conversion) (Course Number: 191 M31) • 2–180, page 45
RC Apprentice Criminal Investigation Division (CID) Special Agent Course (MOS 95D) (Course Number: 191 M21)
• 2–181, page 45
Physical Security Course (Course Number: 191 G11) • 2–182, page 45
Civil Disturbance Course (Course Number: 191 G13) • 2–183, page 46

Section XIX
Ordnance Branch Courses (Combined Arms Support Command), page 46
RC Ordnance Officer Advanced Course (Course Number: 091 A11) • 2–184, page 46
RC WOAC Repair Technician Course (MOS 913A/914A) (Course Number: 091 W31) • 2–185, page 46
RC WOAC Unit Maintenance Technician (Heavy) Course (MOS 915D) (Course Number: 091 W33) • 2–186, page 46
RC WOAC Support Maintenance Technician Course (MOS 915E) (Course Number: 091 W35) • 2–187, page 47
RC WOBC Armament Repair Technician Course (MOS 913A) (Course Number: 091 W11) • 2–188, page 47
RC WOBC Repair Shop Technician Course (MOS 914A) (Course Number: 091 W13) • 2–189, page 47
RC WOBC Unit Maintenance Technician (Light) Course (MOS 915A) (Course Number: 091 W15) • 2–190, page 47
NCO Mechanical Maintenance Common Core Course (Course Number: 091 D11) • 2–191, page 48
Mechanical Maintenance Senior NCO Course (Course Number: 091 D15) • 2–192, page 48
Metal Worker Course (MOS 44B) (Course Number: 091 M13) • 2–193, page 48
Machinist Course (MOS 44E) (Course Number: 091 M11) • 2–194, page 48
Small Arms Repairer Course (MOS 45B) (Course Number: 091 M15) • 2–195, page 48
Self-Propelled Field Artillery Turret Mechanic Course (MOS 45D) (Course Number: 091 M17) • 2–196, page 48
Fire Control Systems Repairer Course (MOS 45G) (Course Number: 091 M19) • 2–197, page 49
Tank Turret Repairer Course (MOS 45K) (Course Number: 091 M21) • 2–198, page 49
Bradley Fighting Vehicle System Turret Mechanic Course (MOS 45T) (Course Number: 091 M25) • 2–199, page 49
Utility Equipment Repairer Course (MOS 52C) (Course Number: 091 M27) • 2–200, page 49
Light Wheel Vehicle Mechanic Course (MOS 63B) (Course Number: 091 M31) • 2–201, page 49
Self-Propelled Artillery System Mechanic Course (MOS 63D) (Course Number: 091 M33) • 2–202, page 49
M1 Abrams Tank Systems Mechanic Course (MOS 63E) (Course Number: 091 M35) • 2–203, page 49
Track Vehicle Repairer Course (MOS 63H) (Course Number: 091 M37) • 2–204, page 50
Quartermaster and Chemical Equipment Repairer Course (MOS 63I) (Course Number: 091 M39) • 2–205, page 50
Heavy Wheel Vehicle Mechanic Course (MOS 63S) (Course Number: 091 M43) • 2–206, page 50
Bradley Fighting Vehicle System Mechanic Course (MOS 63T) (Course Number: 091 M45) • 2–207, page 50
Wheel Vehicle Repairer Course (MOS 63W) (Course Number: 091 M47) • 2–208, page 50
Track Vehicle Mechanic Course (MOS 63Y) (Course Number: 091 M49) • 2–209, page 50

Section XX
Ordnance Missile and Munitions Branch Courses (Combined Arms Support Command), page 51
RC Munitions Materiel Management Officer Advanced Course (AOC 91D) (Course Number: 093 A11) • 2–210, page 51
RC WOBC Ammunition Technician (MOS 910A) (Course Number: 093 W11) • 2–211, page 51

Glossary
Chapter 1

Introduction

Section I

General

1–1. Purpose
This pamphlet explains policies and procedures for enrolling in Army correspondence courses. It lists all correspondence courses developed and administered by the Army and certain other Government agencies.

1–2. References
Related publications and prescribed and referenced forms are listed in appendix A.

1–3. Explanation of abbreviations and terms
The glossary explains abbreviations used in this regulation.

1–4. Programs administered by the Army Institute for Professional Development (consolidated ACCP)

a. The consolidated Army Correspondence Course Program (ACCP) is administered by the Army Institute for Professional Development (AIPD), U.S. Army Training Support Center, Fort Eustis, VA.

b. The various proponents determine correspondence course offerings and specific eligibility requirements. They develop correspondence course materials and examinations and are responsible for the technical accuracy of the material presented.

c. Address administrative questions concerning grades, change of address, current course status, and enrollment extensions, and so forth to AIPD. Mailing address is Army Institute for Professional Development, U.S. Army Training Support Center, Newport News VA 23628–0001. E-mail addresses and phone numbers are listed in thePreface to this catalog. Internet Web site is http://www.atsc.army.mil/accp/aipd.htm.

d. Send questions concerning enrollment eligibility waivers, current course configurations, or problems with specific subcourses content to the appropriate proponent school.

e. The schools and agencies listed below are part of the consolidated ACCP. Their courses are administered by AIPD and are listed in chapter 2.

   (1) U.S. Army Air Defense Artillery School, Fort Bliss, TX 79916–0002 (school code 441).
   (2) U.S. Army Armor School, Fort Knox, KY 40121–5200 (school code 171).
   (3) U.S. Army Aviation Center, Fort Rucker, AL 36362–5163 (school code 011).
   (4) U.S. Army Aviation Logistics School, Fort Eustis, VA 23604–5361 (school code 552).
   (5) U.S. Army Chaplain Center and School, Fort Jackson, SC 29207–7035 (school code 805D).
   (6) U.S. Army Chemical School, Fort Leonard Wood 65473–8929 (school code 031).
   (7) Combined Arms Support Command, Fort Lee, VA 23801–6000—Ordnance program (school code 091), Ordnance Missile and Munition program (school code 093), Quartermaster program (school code 101), Transportation program (school code 551).
   (8) Defense Language Institute, Presidio of Monterey, CA 93944–5006 (school code 215).
   (9) U.S. Army Engineer School, Fort Leonard Wood, MO 65473–5000 (school code 052).
   (10) U.S. Army Field Artillery School, Fort Sill, OK 73503–5600 (school code 061).
   (12) U.S. Army Intelligence Center and Fort Huachuca, AZ 85613–7000 (school code 301).
   (13) U.S. Army Judge Advocate Generals School of the Army, Charlottesville, VA 22903–1781 (school code 181).
   (14) U.S. Army Logistics Management College, Fort Lee, VA 23801–6042 (school code 907).
   (15) U.S. Army Medical Department Center and School, Fort Sam Houston, TX 78234–6100—Combat Lifesaver Course (school code 081).
   (16) School of Military Packaging Technology, Aberdeen Proving Ground, MD 21005–5001 (school code 908).
   (18) U.S. Army Public Affairs Center, Fort George G. Meade, MD 20755–5650 (school code 212).
   (20) U.S. Army Research Laboratory, Human Research and Engineering Directorate, Picatinny Arsenal, NJ 07806–5000 (school code 887).
   (21) U.S. Army Signal Center and School, Fort Gordon, GA 30905–5070 (school code 113).
   (22) U.S. Army Soldier Support Institute, Fort Jackson, SC 29207–7025—Adjutant General School (school code 805C), Finance School (school code 805A), School of Music (school code 514), Recruiting and Retention School (school code 805B).
1–5. Correspondence course programs offered by other activities (not administered by AIPD)

The activities listed below administer their own correspondence course programs. See the individual activities listed in chapter 4 for specific information concerning enrollment and course offerings. Do not mail applications to AIPD.

a. U.S. Army Medical Department Center and School.

b. U.S. Army Command and General Staff College.

e. Army Materiel Command

f. National Cryptologic School

g. The United Nations Institute for Training and Research.

h. U.S. Army War College.

i. U.S. Army Warrant Officer Career Center.

Section II
Enrollment

1–6. Eligibility

a. General.

(1) The Army Correspondence Course Program is available to U.S. Active and Reserve military officers, warrant officers, and enlisted personnel; Reserve Officers’ Training Corps, National Guard Officer Candidate School; West Point cadets; and authorized Federal civilian employees. Non-U.S. citizens employed by the Department of Defense (DOD) are eligible but must contact AIPD to obtain a student identification number before enrolling. Foreign military enroll through the procedure described in paragraph b.

(2) Military personnel must have enough time remaining in service to complete the course or subcourse(s) in which they are requesting enrollment. Reserve Component officers on active duty as warrant officers or enlisted personnel who want to enroll in an officer advanced course must enroll in their Reserve Component grade and status.

Note. To avoid mis-shipment of material, do not request enrollment if permanent change of station is within 90 days.

(3) Individual course descriptions include eligibility requirements or prerequisites that must be met before enrolling.

b. Foreign governments. Foreign governments must submit requests for correspondence course materials listed in this pamphlet to the Security Assistance Training Field Activity, ATTN: ATFA–R, Fort Monroe, VA 23651–5267. Requests are processed under the Foreign Military Sales Program, which provides reimbursement to our Government.

1–7. Enrollment

To apply, select the course or subcourses in which you want to enroll. Make sure you are eligible for enrollment and that you meet all course or subcourse prerequisites. The subject matter of the selected course or subcourse(s) should relate to your present or prospective duty assignment or training need. Use one of the following methods to enroll.

a. Internet registration and enrollment procedures. Students register and enroll through AIPD’s Web site, http://www.atsc.army.mil/accp/aipd.htm. You must provide a user ID and password. Currently or previously enrolled students experiencing problems with the process should verify that they are using their name exactly as it appears on those enrollments. If there are still problems, please contact your student services team at (757) 878–3322, 5715, or 2169.

b. Electronic enrollment through Army Training Requirements and Resources System (ATRRS).

(1) Use the ATRRS Main Option List and at Display Desired, key in LS (Course List Selection Parameters (LS)) and press enter key. The LS display appears, key in 01 in Fiscal Year (FY), arrow down to School Code and key in 553, arrow down to Select Code and key in BK, and press enter key. The Selected Course List (LS1) display will appear listing all ACCP courses available for electronic enrollment for that FY. Select Code BH indicates Army Correspondence Courses, and BK indicates available for electronic enrollment.

(2) ATRRS transfers student enrollments each day to AIPD for processing. Each day after a successful enrollment cycle has run, AIPD transfers to ATRRS student course, phase, and subcourse information (completed within a course), information. Quota source managers can access student information using the Reservations by Student (RS) display. Student subcourse information can be displayed by using the Correspondence/Subcourse by Student (RT) display.

(3) If you need more information on the ATRRS enrollment process, call AIPD at (757) 878–5532 or Defense Switched Network (DSN) 927–5532.

c. Group enrollment. Available for Combat Lifesaver Course only. See chapter 2, section VIII, for procedures.
1–8. Rate of subcourse issue
When you enroll in a course or multiple subcourses, you will receive the first two available subcourses. Upon successful completion of one of those subcourses, we will mail additional subcourses.

1–9. Transcripts and copies of records
a. Transcripts. Official transcripts list only those courses which are included in the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services. Upon written request, we will send an official transcript to colleges or universities you designate and an information copy to you. In your request include your complete name, address, and social security number (SSN); the schools in which you were enrolled; the dates you completed the courses; and the name and address of the institution to which you want the transcript sent.

b. Copies of records. Students can print a copy of their records to verify completed subcourses and courses through the AIPD Web site: http://www.atsc.army.mil/accp/aipd.htm.

1–10. Voluntary withdrawal
You may cancel your enrollment in the Army Correspondence Course Program at any time by calling your student services team at (757) 878-3322, 5715, or 2169.

1–11. Cancellation of enrollment
Enrollment will be canceled by AIPD for the following reasons:
   a. Completion of course or subcourse(s).
   b. Failure to satisfy the annual minimum requirements (see para 1–27).
   c. Student request.

1–12. Reinstatement
To be reinstated in the Army Correspondence Course Program, contact your student services team.

Section III
Administrative Terms

1–13. Subcourse
The subcourse is the basic instructional unit of the Army Correspondence Course Program. A subcourse usually covers one subject area and consists of one or more lessons plus an examination. Completion of a subcourse results in a subcourse completion notice (see para 1–22).

1–14. Course
A course consists of one or more subcourses designed to support a specific professional field, skill qualification development, or military occupational specialty (MOS)–related tasks. Subcourses are issued in the sequence listed in each course. If a subcourse is out of stock, the next available one is sent. Completion of a course results in receipt of a course completion notice (see para 1–24).

1–15. Credit hour
The credit hour is the basic work unit for correspondence course work. The number of credit hours assigned to a subcourse is the estimated time required for an average student to read the material and complete all exercises and the examination. Credit hours are awarded upon successful completion of the subcourse.

1–16. Methods of completing examinations
   a. Subcourse including examination on-line. The subcourses which are available electronically have examinations as part of the presentation. Students must complete these examinations on-line.

   b. Additional on-line examination completion. For some subcourses, the complete examination is online; for others, there is a blank answer sheet available on the AIPD Web site. Students may access examinations only for those subcourses in which they are enrolled.

   c. Paper. Some subcourses include an examination response sheet, TSC Form 59 (ACCP Examination Response Sheet), for recording examination answers and a pre-addressed envelope for returning the response sheet to AIPD for grading. The sheet is preprinted with the student’s name, social security number, school in which enrolled, and subcourse number and edition. To be sure you have the correct response sheet, verify your SSN, then check to see that the subcourse number and edition on the response sheet match those on the subcourse. If there is a discrepancy, contact the AIPD team assigned to your school. Please do not submit a response sheet issued to another student.

1–17. ATSC Form 157 (Data Mailer)
This multipurpose form is used by AIPD to notify students of any of the following: exemption, subcourse completion,
phase completion, course completion, or cancellation of enrollment. When possible, these notices are sent to students electronically.

1–18. Exempt credit
   a. Exempt credit is given when our records show that a subcourse was completed within 4 years before the new enrollment. The credit hours for an exempted subcourse are not added to the student’s accumulated credit hours for the current enrollment.
   b. To receive exempt credit for an entire course that you completed through individual subcourse enrollments, you must meet the eligibility requirements for the course, then enroll in the course. Subcourses previously completed will automatically be exempted from your enrollment.

1–19. Promotion points
Enlisted personnel in grades E4 and E5 earn one promotion point for every 5 correspondence credit hours completed (per AR 600–8–19). Students are responsible to see that copies of completion notices are placed in their DA Form 201 (Military Personnel Records Jacket, US Army).

1–20. Enrollment year
The enrollment year begins on the date the application is processed through the AIPD computer and ends 12 months later. The enrollment year ending date appears on data mailers as (EYE).

1–21. Retirement point
Unit of measure used to determine retirement eligibility for Reserve Component and National Guard personnel. One retirement point is earned for every 3 credit hours of correspondence study completed (per AR 140–1 and AR 140–185).

1–22. Subcourse completion notice
A subcourse completion notice is issued upon completion of a subcourse. This is the only record a student will have to show subcourse credit hours completed. The notice is also proof of subcourse completion when exempt credit is requested. (Even though a student may complete all the subcourses that make up a course, if he or she is not enrolled in that specific course, a course completion notice will not be issued.)

1–23. Phase completion notice
Some courses consist of multiple phases. A phase completion notice is issued upon completion of a phase. Most nonresident and resident courses require students to present a correspondence phase completion notice when reporting for resident training. See individual course listings for specific requirements.

1–24. Course completion notice
A course completion notice is issued to the student upon completion of a course. (Even though you may complete all the individual subcourses that make up a course, you must be enrolled in the course itself to receive a course completion notice.)

1–25. Certificate of Completion
An AIPD Certificate of Completion is mailed to students upon completion of most courses. However, for those phased courses with resident requirements as part of the course, the proponent awards the course completion certificate. Combat Lifesaver Course instructors award their students a course completion certificate.

1–26. Diplomas
A diploma is issued upon completion of certain correspondence courses. The proponent school or agency designates courses for which a diploma is awarded.

Section IV
Administrative Procedures for Programs Administered by AIPD

1–27. Required progress
All students must meet yearly requirements as shown below to remain enrolled:
   a. Students enrolled in a single subcourse must complete the subcourse within 1 year from date of enrollment.
   b. Students enrolled in more than one subcourse, but not in a course, must complete all of those subcourses or at least 30 credit hours within each enrollment year.
   c. Students enrolled in courses or phases of courses must complete at least 60 credit hours each enrollment year (unless otherwise noted in the course description).
1–28. Grading system and reexamination
   a. Subcourse grades indicate the weighted percentage of correct responses. The minimum passing grade is 70 percent unless otherwise noted in the course description. If you fail a subcourse examination, you will be sent a second examination response sheet.
   b. If you are enrolled in a single subcourse, your enrollment will be canceled after two failures of that subcourse. You must re-enroll if you wish to complete the subcourse.
   c. If you are enrolled in more than one subcourse, the second failure will be treated the same as if you were enrolled in a course (see next para).
   d. If you are enrolled in a course and you have failed a subcourse twice, contact the AIPD team assigned to your school program. Failing a subcourse does not affect your continued enrollment in a course; however, all subcourses within a course must be completed (or exempted) to receive a course completion notice.

1–29. Certifying your work
When you submit an examination response sheet for grading, you must click on the certification button if testing online or sign the statement on the response sheet to certify that the answers submitted are the result of your own work and that you have not had access to copies of answer sheets or solutions from others. This does not imply that you are prevented from discussing subject content with others who may be able to help with problems. However, students are required to use their own work when submitting solutions for grading. Students are subject to Uniform Code of Military Justice (UCMJ), articles 107, 132, and 134.

1–30. Award of MOS/branch qualification
   a. MOSs are not automatically awarded on the basis of Army correspondence course completion.
   b. Branch qualification for commissioned officers of the Reserve Components requires some resident training. See specific schools’ academic offerings for requirements for branch qualification.

1–31. Student records
   a. The AIPD maintains records for each student. Students can view records through the AIPD Web site. Each record contains administrative information about the student’s status in the program and provides information on the following:
      (1) Course or Subcourse enrollment.
      (2) Subcourses issued to the student.
      (3) Subcourses completed.
   b. It is important that you update your record to reflect changes in your address, name, or rank.

1–32. Change of address
If you move, change your address through the AIPD Web site as soon as you have a permanent address. Subcourses are mailed fourth class and are not automatically forwarded by the U.S. Postal Service. If you are enrolled in courses administered by other activities, notify those agencies also.

1–33. Communication with AIPD
Student services counselors at AIPD can help with any administrative questions you may have. Questions concerning doctrine or subcourse content should be directed to the proponent school or agency at the address identified within the subcourse. You can communicate with AIPD using any of the following methods:
   a. By mail. Be sure to put your name, social security number, and school code (found in left-hand portion of each examination response sheet) on each page of correspondence you send to AIPD. See sample below:

      John Doe
      SSN: 999–99–9999
      School Code: 011

   b. By phone. See the preface of this publication for phone numbers of the team that handles your records. You must provide your name, social security number, and school code before your records can be accessed.
   c. By electronic mail. E-mail addresses for student services teams are shown on the preface page in this publication. Provide the same basic personal information you would if you were writing or calling.

1–34. ACCP catalog availability
Chapter 2
Consolidated Army Correspondence Course Program (ACCP)
The courses listed in this chapter are administered by the Army Institute for Professional Development (AIPD).
Note. Visit the General Dennis J. Reimer Training & Doctrine Library at http://www.adtdl.army.mil to view courses that are available only in electronic format.

Section I
Adjutant General School (U.S. Army Soldier Support Institute)

2–1. RC Adjutant General Officer Advanced Course (AOC 42) (Course Number: 805C A11)
   a. Objective. To prepare RC commissioned officers for company-level command and branch staff duties at battalion through division or comparable level in both divisional and nondivisional units.

   b. Eligibility. This course is open to U.S. Army Reserve Components (RC) commissioned officers, not on an extended tour of active duty, in the rank of first lieutenant or captain, who are assigned, or pending assignment, to an AOC 42 position or organization. Students must have completed an officer basic course before enrollment.

   c. Curriculum. 2 phases. Phase I (correspondence) provides AG and common task foundational knowledge and technical task skills required for completion of phase II (resident) instruction. A completion certificate for phase I will be required as a prerequisite for attending phase II AG OAC–RC.
   (1) Phase I. Correspondence.
      (a) 26 subcourses.
      (b) Subcourses. IS0788, IS7045, IS1801, IS1802, IS7006, IS7038, QM3513, QM3519, QM3601, AG1062, AG1074, AG1082, AG1076, AG1004, IS1203, AG1086, IS8720, AG0010, AG0200, AG0222, AG0554, AG1012, AG1050, AG1064, AG1054, IS1460.
   (2) Phase II. 2 weeks of resident training. Phase II integrates phase I training culminating in a command post exercise highlighting AG wartime functions.

2–2. S1/Personnel Officer Course (Course Number: 805C Q19)
   a. Objective. To prepare officers (especially FA41) and noncommissioned officers (NCOs) to perform S1/Adjutant duties, develop critical wartime personnel skills, and perform unit administration.

   b. Eligibility. FA41 officers and other officers and NCOs who are assigned to, or projected for, an S1 position. Branch is immaterial. (FA41 officers should complete this course as captains). Also open to DA civilians GS-4 and above (GS204, GS205) requiring training for a military personnel management position, or any grade who has three or more years of experience in military personnel management.

   c. Curriculum. 29 subcourses.
   d. Subcourses. AG1050, FI0175, IS1202, AG1054, AG0200, AG1070, AG1086, AG0619, MP1032, AG1052, IS1703, AG1062, AG1060, AG0404, AG0586, AG0602, AG0034, AG0104, AG0522, AG0510, AG0018, AG0301, AG1074, AG0534, AG1064, RR0003, AG0558, AG1058, AG0542.

2–3. Personnel Staff Officer Course (Course Number: 805C Q21)
   a. Objective. To provide training and a working knowledge of personnel programs as a qualifying course for commissioned officers desiring Functional Area 41, Personnel Programs Management.

   b. Eligibility. Open to all commissioned officers seeking initial training or cross-training in FA41. Also open to DA civilians GS-4 and above (GS204, GS205) requiring training for a military personnel management position, or any grade who has three or more years of experience in military personnel management.

   c. Curriculum. 10 subcourses.
   d. Subcourses. AG1070, AG1086, AG1012, AG0301, AG0018, IS1202, AG1074, FI2030, FI0708, IS1203.

2–4. Military Personnel Officer Course (Course Number: 805C D23)
   a. Objective. To provide specialized training for commissioned and warrant officers in the principles, functions, and procedures of Army military personnel operations.

   b. Eligibility. This course is open to commissioned officers, warrant officers, and DA civilians GS-7 and above (GS204, GS205) requiring training for a military personnel management position, or any grade who has five or more years of experience in military personnel management.

   c. Curriculum. 33 subcourses.
   d. Subcourses. AG0034, AG0018, AG1001, AG0301, IS1203, AG0606, AG0534, AG0550, AG0010, IS1202,
2–5. Advanced Level Sustainment Training Technical Course
   a. Objective. To provide AG Corps (career management field (CMF) 71) soldiers with a working knowledge of the duties required to perform as NCOs in the rank of sergeant first class (SFC) or master sergeant (MSG). This course may be used to prepare for resident Advanced Noncommissioned Officer Course (ANCOC) or as a transition or sustainment course for developing and maintaining technical proficiency.
   b. Eligibility. This course is open to Active Army and RC NCOs in the rank of staff sergeant (SSG) and above in CMF 71.
      (1) MOS 75H (Course Number: 805C M45).
         (a) 17 subcourses.
         (b) Subcourses. AG0609, AG0516, AG0542, AG0532, AG0522, AG0530, AG0034, AG0510, AG0544, AG0520, AG0536, AG0619, AG0554, AG0552, AG0018, AG0534, AG0606.
      (2) MOS 71L (Course Number: 805C M43).
         (a) 4 subcourses.
         (b) Subcourses. AG0404, AG0622, AG0623, IS1460.

2–6. Basic Level Sustainment Training Technical Course
   a. Objective. To provide AG Corps (CMF 71) soldiers with a working knowledge of the duties required to perform as NCOs in the rank of sergeant (SGT) through sergeant first class (SFC). This course may also be used to prepare for resident Basic Noncommissioned Officer Course (BNCOC) or as a transition or sustainment course for developing and maintaining technical proficiency.
   b. Eligibility. This course is open to Active Army and RC NCOs in the rank of SGT and above in CMF 71.
      (1) MOS 71L (Course Number: 805C M33).
         (a) 4 subcourses.
         (b) Subcourses. AG0404, AG0623, AG0101, AG0622.
      (2) MOS 75B (Course Number: 805C M35).
         (a) 9 subcourses.
         (b) Subcourses. AG0404, AG0514, AG0530, AG0609, AG0510, AG0558, AG0516, AG1086, IS1460.
      (3) MOS 75H (Course Number: 805C M37).
         (a) 17 subcourses.
         (b) Subcourses. AG0530, AG0301, AG0608, AG0522, AG0532, AG0534, AG0536, AG0606, AG0541, AG0034, AG0542, AG0544, AG0550, AG0552, AG0556, AG0558, AG0404.

2–7. Administrative Course (MOS 71L20) (Course Number: 805C M15)
   a. Objective. To provide selected enlisted personnel with the knowledge to increase their ability to perform effectively as administrative specialists.
   b. Eligibility. This course is open to enlisted soldiers in the ranks of PVT through SGT who currently hold MOS 71L or who are scheduled to be assigned to a 71L position, and to DA civilians whose duties require this training.
   c. Curriculum. 9 subcourses.
      d. Subcourses. AG0218, AG0101, AG0109, AG0222, AG0622, AG0623, AG0104, AG0409, IS1460.

2–8. Personnel Administration Course (MOS 75B20) (Course Number: 805C M17)
   a. Objective. To provide students with a working knowledge of personnel and administrative functions in support of a company, troop, battery, detachment, or similar level organization.
   b. Eligibility. This course is open to enlisted soldiers in the rank of SGT and below assigned to a 75-series MOS or assigned to a duty position in a 75-series MOS, and to DA civilians whose duties require this training.
   c. Curriculum. 10 subcourses.
      d. Subcourses. AG0034, AG0218, AG0301, AG0541, AG0520, AG0522, AG0532, AG1054, AG0606, IS1460.

2–9. Personnel Services Specialist Course (MOS 75H20) (Course Number: 805C M25)
   a. Objective. To provide students with an introduction to the fundamentals, procedures, and techniques of personnel services and the ability to function as personnel services specialists in a personnel service company, battalion, or division.
   b. Eligibility. This course is open to enlisted soldiers in the rank of SGT and below assigned to a 75-series MOS or assigned to a duty position in a 75-series MOS, and to DA civilians whose duties require this training.
Section II
U.S. Army Air Defense Artillery School

2–10. RC ADA Officer Advanced Course (Course Number: 441 A11)
   a. Objective. To prepare RC ADA officers for battery command, battalion staff positions, or such other duty
      considered most critical to their specialties at the rank of captain.
   b. Eligibility. Reserve commissioned officers of the rank of first lieutenant or higher who have completed an officer
      basic course.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence.
      (a) 23 subcourses.
      (b) Subcourses. IS1801, IS1802, IS7006, IS7038, IS7045, IS8720, IS4400, AD0699, AD0700, AD0717, IN0503,
          IN0504, IN0515, IN0710, IN0764, IT0462, OD0960, OD0961, IS7004, IS7033, IS8718, IS8719, AD0575.
      (2) Phase II. 2 weeks resident training.

2–11. RC SHORAD Officer Reclassification Course (Course Number: 441 Q21)
   a. Objective. To reclassify Reserve Component officers to AOC 14B for duty assignment with a short-range air
      defense (SHORAD) battery or battalion. The training consists of a combination of correspondence and residence
      training phases.
   b. Eligibility. RC officers of the rank of first lieutenant to lieutenant colonel who have completed an officer basic
      course.
   c. Curriculum. 2 phases. Phase I must be completed before attending phase II.
      (1) Phase I. Correspondence.
      (a) 12 subcourses.
      (b) Subcourses. AD0699, AD0700, AD0717, IN0503, IN0504, IN0515, IN0710, IN0764, IT0462, IS4400, IS7006,
          AD0575.
      (2) Phase II. 2 weeks resident training. Soldiers must present a phase I completion certificate during inprocessing
          for resident training.

2–12. RC WOAC Air Defense Systems Technician (MOS 140A) (Course Number: 441 W31)
   a. Objective. To provide senior-level training for CW2 in MOS 140A (ADA Command and Control/System
      Integrator).
   b. Eligibility. Completion of an ADA Warrant Officer System Maintenance Course, USA Air Defense Artillery
      School, Fort Bliss, TX, resident or nonresident, or completion of 140A/140E Warrant Officer Basic Course.
   c. Curriculum. 5 subcourses.
   d. Subcourses. AD0699, AD0717, IS4400, AD5901, AD0575.

2–13. Common Military Subjects for Skill Level 4 (all ADA MOSs) (Course Number: 441 D17)
   a. Objective. To provide training to help ADA enlisted personnel improve their general military knowledge and
      professional skills.
   b. Eligibility. All ADA enlisted personnel in skill level 4. Skill level 3 personnel who have completed the common
      military subjects course for skill level 3 personnel.
   c. Curriculum. 17 subcourses.
   d. Subcourses. IS0788, FA4025, IS1100, IS0821, CM2506, AD0717, IS7034, IS7035, AG0586, IS8710, IS8711,
      IS1703, IS1804, RR0003, IS1460, AD0575, AD5901.

2–14. Common Military Subjects for Skill Level 3 (all ADA MOSs) (Course Number: 441 D15)
   a. Objective. To provide training to help ADA enlisted personnel improve their general military knowledge and
      professional skills.
   b. Eligibility. All ADA enlisted personnel in skill level 3. Skill level 2 personnel who have completed the common
      military subjects course for skill level 2 personnel.
   c. Curriculum. 13 subcourses.
   d. Subcourses. IS0788, IS1100, IS0821, IS0345, IS7034, IS7035, IS8701, IS1703, IS1803, AG0622, AG0516,
      AD0575, AD5901.
2–15. Common Military Subjects for Skill Level 2 (all ADA MOSs) (Course Number: 441 D13)
   a. Objective. To provide training to help ADA enlisted personnel improve their general military knowledge and professional skill.
   b. Eligibility. All ADA enlisted personnel in skill level 2. Skill level 1 personnel who have completed the common military subjects course for skill level 1 personnel.
   c. Curriculum. 14 subcourses.
   d. Subcourses. IS0788, IS0821, IS0344, IS7034, IS7035, IS1703, IS8711, IN1013, IN0201, IN0202, AG0622, AG0516, AD0575, AD5901.

2–16. Common Military Subjects for Skill Level 1 (all ADA MOSs) (Course Number: 441 D11)
   a. Objective. To provide training to help ADA enlisted personnel improve their general military knowledge and professional skills. All ADA skill level 1 personnel are encouraged to complete this course before enrolling in any other ADA courses.
   b. Eligibility. All ADA enlisted personnel in skill level 1.
   c. Curriculum. 6 subcourses.
   d. Subcourses. IS0788, IS4401, IS0821, IS0347, IS0344, AD0575.

2–17. Operations and Intelligence Assistant (Course Number: 441 M15)
   a. Objective. To provide training to improve enlisted personnel job knowledge and performance. All ADA enlisted personnel are encouraged to complete the ADA common core course for their skill level before enrolling in any other ADA course.
   b. Eligibility. Enlisted personnel whose primary or secondary duties are operations and intelligence, or personnel who are assigned to a position requiring qualification in operations and intelligence tasks within the Intelligence Officer/Operations and Training Officer, Assistant Chief of Staff,(Intelligence)/Assistant Chief of Staff,(Operations and Plans) (S2/S3), (G2/G3) sections.
   c. Curriculum. 7 subcourses.
   d. Subcourses. IS1100, SS0725, IS3002, IT0553, IN0515, IS7008, AD0575.

2–18. Patriot Fire Control Enhanced Operator/Maintainer Course (MOS 14E) (Course Number: 441 M33)
   a. Objective. To provide training for enlisted personnel in MOS 14E and improve their job performance and expand their knowledge, while assisting them to qualify for promotion.
   b. Eligibility. Enlisted personnel whose primary or secondary MOS is 14E.
   c. Curriculum. 27 subcourses.
   d. Subcourses. AD0415, AD0402, AD0400, AD0416, AD0406, AD0407, AD0423, AD0401, AD0424, AD0425, AD0426, AD0437, AD0439, AD0418, AD0419, AD0438, AD0448, AD0441, AD0449, AD0447, AD0440, AD0473, AD0471, AD0470, AD0472, AD0497, AD0575.

2–19. Patriot Launching Station Enhanced Operator/Maintainer Course (MOS 14T) (Course Number: 441 M35)
   a. Objective. To provide training for enlisted personnel in MOS 14T and improve their job performance and expand their knowledge, while assisting them to qualify for promotion.
   b. Eligibility. Enlisted personnel whose primary or secondary MOS is 14T.
   c. Curriculum. 13 subcourses.
   d. Subcourses. AD0415, AD0402, AD0400, AD0417, AD0421, AD0406, AD0403, AD0442, AD0443, AD0444, AD0449, AD0404, AD0575.

2–20. MANPAD System Training (MOS 14S/14M) (Course Number: 441 M23)
   a. Objective. To prepare officers and NCOs for duty as platoon leader and section sergeant, respectively, of an Avenger/Stinger air defense platoon/section.
   b. Eligibility. Commissioned officers or enlisted personnel of any component whose duties require qualification in MOS 14S/14M or as an Avenger/Stinger platoon leader or section sergeant.
   c. Curriculum. 6 subcourses.
   d. Subcourses. AD0575, AD0717, AD5901, AD5903, IS4400, IS4401.

2–21. ADA Senior Sergeant (MOS 14Z) (Course Number: 441 M51)
   a. Objective. To provide training to improve enlisted personnel job knowledge and performance.
   b. Eligibility. ADA enlisted personnel in the rank of SSG or higher.
   c. Curriculum. 16 subcourses.
d. Subcourses. AD0699, AD0700, IS0788, AD0717, IN1008, IS1202, AG0404, AG0101, IS1804, IS7035, IS8700, AD0575, AD5901.

2–22. ADA Command and Control System AN/TSQ–73 Missile Minder (MOS 14L) (Course Number: 441 M31)

a. Objective. To provide training to improve enlisted personnel job knowledge and performances. All ADA enlisted personnel are encouraged to complete the ADA common core course for their skill level before enrolling in any other ADA course.

b. Eligibility. Enlisted personnel whose primary or secondary MOS is 14L.

c. Curriculum. 2 subcourses.

d. Subcourses. AD0520, AD0700.

Section III

U.S. Army Armor School

2–23. Requirements for branch transfer

RC officers must meet educational and job requirements as described below:

a. Infantry officers. Must be branch qualified in grade. Branch qualification is defined as completion of Infantry or Armor Advanced Course and a successful company level command. Majors must complete a successful executive officer (XO) or S3 assignment and have a baccalaureate degree. Infantry branch qualified officers are fully qualified to branch transfer to Armor. Grades above major will require an Academic Review Board.

b. All other branch officers. Must first branch qualify in Armor to be considered for branch transfer. Branch qualification is defined as completion of the Armor Officer Advanced Course, TATS M1/M1A1 Tank Commander Certification Course, and a successful company command for company grade officers. For majors, branch qualification is defined as successful company command as a captain, successful assignment as an S3/XO of a maneuver battalion, completion of the Armor Officer Advanced Course, completion of the TATS M1/M1A1 Tank Commander Certification Course, and completion of the Combined Arms and Services Staff School. Majors must also have a baccalaureate degree. Grades above major will require Command and General Staff College (CGSC) and an Academic Review Board.

c. To request branch transfer to Armor branch send request to Commander, U.S. Army Armor Center (USAARMC) and Fort Knox, ATTN: ATZK–AR, Fort Knox, KY 40121–5000.

d. Table 2–1 recap RC branch transfer requirements:

<table>
<thead>
<tr>
<th>RC branch transfer requirements</th>
<th>CPT</th>
<th>MAJ</th>
<th>LTC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Education requirements</td>
<td>Infantry or Armor Advanced Course, TATS M1/M1A1 TC3</td>
<td>Infantry or Armor Advanced Course, CAS3, TATS M1/M1A1 TC3, 50% of CGSC</td>
<td>Academic Review Board Required</td>
</tr>
</tbody>
</table>

Notes:
Graduates of Infantry or Armor Advanced Course (IOAC) are equivalent to AOAC. All other branches must complete AOAC and Gunny.

2–24. Armor Captains Career Course

a. Objective. To provide Reserve Component company grade combat arms officers, not serving on active duty, with the skills and knowledge to successfully command Armor and other combined arms units at company level and to serve as assistant operations officers at brigade and battalion level. The program provides training in military decision making processes and in doctrine and tactics at brigade through company team level for offensive and defensive operations. In addition, the program provides training in common core tasks and in the administration and training of a combined arms company level unit.

b. Eligibility. Officers of an Army Reserve Component (ARNG and USAR) or Marine Reserve Component in the rank of first lieutenant or captain who have completed an officer basic course.

(1) Officers in branches other than Armor attending for the purpose of transferring to Armor should apply in writing for a determination of their individual education and qualifications to the Commander, U.S. Army Armor Center and Fort Knox, ATTN: ATZK–AR, Fort Knox, KY 40121–5000.
(2) Soldiers who have not had gunnery training are strongly encouraged to attend the TATS M1/M1A1 Tank Commander Certification Course.

c. **Curriculum.** Two phases - Internet (Asynchronous & Synchronous) and resident. Course trains brigade and battalion level operations and command for Armor and other combined arms units at company level.

d. **Administration.**

(1) **Phase Ia.** Training is conducted over the Internet. Students must have access to a computer connected to the Internet. Registration is through the Army Training Requirements and Resources System (ATRRS).

(2) **Phase Ib.** Training is conducted over the Internet. This training is 12 hours per weekend for seven weekends. Students must have access to a computer connected to the Internet. Students must successfully complete phase I prior to starting phase II. Registration is through ATRRS.

(3) **Phase II.** Resident training (2 weeks) conducted at the U.S. Army Armor School. Students must successfully complete phase I prior to starting Phase II. Registration is through ATRRS. Students must also submit, and have approved, an application for active duty within their chain of command.

2–25. **Maintenance Leader Course (MLC) (Course Number: 171 Q12)**

a. **Objective.** To prepare company grade officers, warrant officers, and noncommissioned officers for assignment to positions which have direct related maintenance responsibilities at the unit level (battalion/squadron and below) with emphasis on management and supervision of battalion/squadron maintenance operations.

b. **Eligibility.** Active Army, Reserve Component, National Guard Noncommissioned Officer (E–5 or above), Commissioned Officers and Warrant Officers of any grade who desire to take the course for self development or self motivational training especially those being assigned to a Maintenance Management position.

c. **Curriculum.** 10 subcourses.

d. **Subcourse.** AR0001, AR0002, AR0003, AR0004, AR0005, AR0006, AR0007, AR0008, AR0009, AR0010.

Section IV
U.S. Army Aviation Center

2–26. **Aviation Accident Prevention Management Course (Course Number: 011 D21)**

a. **Objective.** To provide training in aviation accident prevention management. This course includes the fundamentals of the pre-accident plan, accident surveys, human factors, aircraft structures, aircraft accident reporting, and investigations. It familiarizes the student with the organization and structure of the Army Aviation Accident Prevention Program and emphasizes the duties and responsibilities of the unit safety officer and noncommissioned officer.

b. **Eligibility.** Commissioned or noncommissioned officers of the Active Army or a Reserve Component whose present duty assignments are in the 67 career series or MOS 93P, or personnel assigned to the Mobilization table of distribution and allowances (TDA) for the Wartime Army Safety Program (eligible for enrollment in the entire course). Soldiers of the Active Army or a Reserve Component or civilian employees of the Federal Government (GS–018/1815 Safety Specialist/Air Safety Specialist) whose assignments require knowledge of aviation safety (eligible for enrollment in specific subcourses).

c. **Curriculum.** 6 subcourses.

d. **Subcourses.** AV0567, AV0568, AV0569, AV0570, AV0534, AV0574.

2–27. **Aviation Logistics Manager Course (Course Number: 011 Q13)**

a. **Objective.** To provide training for officers and warrant officers holding or desiring to prepare for an Aviation Maintenance Management or Logistics area of concentration or skill. An AOC will not be awarded from correspondence study alone; however, these subcourses teach essential theory or principles and provide critical information and background helpful in logistics functional preparation.

b. **Eligibility.** All officers and warrant officers of the Active Army and Reserve Components.

c. **Curriculum.** 22 subcourses.

d. **Subcourses.** AV0181, AL9002, AL9006, AL9001, QM3801, FI3084, FI3044, AL9000, QM2900, AV0550, AL9003, AV1525, AV0567, AV0568, AV0587, AV0574, AV0570, OD1403, QM2903, OD0968, OD0969, IS7038.

2–28. **Aviation Safety Officer Course (Course Number: 011 Q11)**

a. **Objective.** To provide information and training necessary for certification of aviation safety officers in the phase II resident training.

b. **Eligibility.** This course is open to rated aviators who are members of the U.S. Army Reserve, the U.S. Army National Guard, or Active Army and DOD civilians who are either 803 Safety Engineers or 018 Safety Specialists.

c. **Curriculum.** 2 phases.

(1) **Phase I.** Correspondence.

(a) 13 subcourses.
2–29. Avionic Mechanic (MOS 68N) (Course Number: 011 M10)
   a. Objective. To provide enlisted personnel and DA civilians with the skills and knowledge to perform aviation unit maintenance on communications, navigation, flight control, and intercommunications systems installed in Army aircraft.
   b. Eligibility. Students must have a duty assignment or MOS in the career field.
   c. Curriculum. 10 subcourses.
   d. Subcourses. MM0308, MM0309, IT0335, IT0336, IT0337, IT0338, IT0333, IT0349, SS0713, MM0651.

2–30. Air Traffic Control Operator Course (MOS 93C) (Course Number: 011 M20)
   a. Objective. To provide the basic information necessary for an apprentice level knowledge of MOS 93C, skill level 1.
   b. Eligibility. Enlisted and other personnel of Active Army or Reserve Components and civilian employees of the Federal Government whose assignments require a knowledge of Air Traffic Control Operations.
   c. Curriculum. 25 subcourses.

2–31. Air Traffic Control Preparatory Course (Course Number: 011 D11)
   a. Objective. To provide students with a basic knowledge of rules, regulations, and procedures for the Army air traffic controller.
   b. Eligibility. Enlisted and other personnel of the Active Army or Reserve Components whose aptitude area scores meet the prerequisites for Advanced Individual Training (AIT) for MOS 93C and require advance initial training for personnel considering MOS reclassification to MOS 93C.
   c. Curriculum. 6 subcourses. These subcourses must be taken in the sequence that appears below. Individual enrollment in any of the listed subcourses is not authorized.
   d. Subcourses. AV0986, AV0987, AV0988, AV0991, AV0992.

2–32. Aviation Operations Specialist Course (MOS 93P) (Course Number: 011 M24)
   a. Objective. To provide the basic knowledge necessary for flight operations coordination.
   b. Eligibility. Enlisted and other personnel of the Active Army or Reserve Components of the Army and civilian employees of the Federal Government whose assignments require a knowledge of airfield operations.
   c. Curriculum. 14 subcourses.
   d. Subcourses. AV0653, AV0603, AV0961, AV0900, AV0950, AV0960, AV0652, AV2408, AV0975, AG0404, SS0002, IS1100, AV0981, AV0982.

2–33. Aviation Survival Course (Course Number: 011 D23)
   a. Objective. To provide survival training for personnel in aviation related MOSs.
   b. Eligibility. All personnel of the Active Army and Reserve Components in aviation related assignments.
   c. Curriculum. 4 subcourses.
   d. Subcourses. AV0661, AV0662, AV0663, AV0664.

2–34. Special Course for Safety Management (Basic) (Course Number: 011 D13)
   a. Objective. To provide specialized technical skill and general managerial development for safety careerists and military personnel who manage a safety and accident prevention program.
   b. Eligibility. Members of Active Army or Reserve Components or civilian employees of the Federal Government whose assignments require knowledge of safety.
   c. Curriculum. 10 subcourses.
   d. Subcourses. AV0587, FI2030, IS1460, IS1703, FI0921, AV0582, AV0584, AV0585, AV0586, FI0950.

Section V
U.S. Army Aviation Logistics School

2–35. Aviation Maintenance Management Course (Course Number: 552 D11)
   a. Objective. To provide training for enlisted personnel holding or desiring to prepare for an Aviation Maintenance
Management MOS. An MOS cannot be awarded for CMF 67 (see DA Pam 611–21) from correspondence study. Some of these subcourses teach theory and principles essential to aviation specialties, and some give general information and background helpful in MOS preparation.

b. Eligibility. Enlisted personnel assigned to a duty position in CMF 67 and civilian employees of the Federal Government whose assignments require knowledge of aviation maintenance management.

c. Curriculum. 6 subcourses.

d. Subcourses. AL9001, AL9002, AL9003, AL9006, AL9007, AV0181.

2–36. Basic Aircraft Maintenance Course (Course Number: 552 D13)

a. Objective. To provide training for enlisted personnel holding or desiring to prepare for resident training in an aircraft maintenance MOS. An MOS cannot be awarded from correspondence study for CMF 67. Some of these subcourses teach theory and principles essential to aviation specialties, and some provide background and information helpful in MOS preparation.

b. Eligibility. Enlisted personnel assigned to a duty position in CMF 67 and civilian employees of the Federal Government whose assignments require knowledge of basic aircraft maintenance.

c. Curriculum. 12 subcourses.

d. Subcourses. AL0907, AL0917, AL0926, AL0966, AL0992, AL0993, AL9000, AL9004, AL9005, AL9107, AL9108, AV0181.

2–37. Aircraft Structural Maintenance Technician (Course Number: CDC 2A 753)

a. Objective. To provide training in corrosion control theory, prevention, inspection techniques, identification, and control of corrosion.

b. Eligibility. NCOs holding MOS 68G or working in an aircraft structural repair duty position.

c. Curriculum. This course is an Air Force Career Development Course (CDC 2A 753) consisting of four volumes totaling 30 study hours. Volume one coverage range from use of basic hand tools through specialized tools. Volume two covers publications through damage assessment and control. Volume three is in two parts and covers aircraft metals, layout techniques, aircraft fastener types, prerepair procedures, damage removal and fastener layout, fabrication and installation of repair parts, special repair situations, aircraft cables, and aircraft tubing. Volume four covers types of composites and repair, fiberglass structures, metal bonded honeycombed structures, and advanced composites.

d. How to Enroll. Use ECI Form 23 (ECI Enrollment Application Air Force) to enroll in this course. Enrollment forms may be obtained from the local education center or from the Air University Registrar (DSN: 596–4900/4536. Forms should be completed in accordance with the instructions and mailed or faxed to: OAS/EIOR, 50 South Turner, Maxwell AFB, Gunter Annex, Alabama 36118–5643. FAX number is DSN: 596–4679.

Section VI
U.S. Army Chaplain Center and School

Additional information about Chaplain School courses may be found at the Web site http://www.usachcs.army.mil. For information about course content, contact the school by e-mail at dlspt@usachcs.army.mil or by phone at (803) 751–8249 or DSN 734–8249.

2–38. RC Chaplain Officer Advanced Course (Course Number: 805D A11)

Completion of this course provides Reserve Component chaplains with educational qualification for promotion to major. Phase I includes brigade-level common core instruction which will be provided by the Chaplain Center and School.

a. Objective. To prepare ARNG/USAR chaplains, not on active duty, in the skills and knowledge necessary to provide religious support and perform brigade chaplain duties.

b. Eligibility. RC chaplains in the rank of captain who have completed the Chaplain Officer Basic Course and Basic Chaplain Sustainment Training. Eligible chaplains may choose either to take the entire course in residence or through the following resident/nonresident process:

c. Curriculum. 2 phases.

(1) Phase I. Correspondence.

(a) Common core training provided by the U.S. Army Chaplain Center and School and 11 subcourses.

(b) Subcourses. CH0583, CH0584, CH0585, CH0813, CH0825, CH0815, CH0586, CH0838, CH0826, CH0809, CH0811.

(2) Phase II. Resident only. Must complete phase I before attending phase II.

2–39. RC Chaplain Officer Basic Course (Course Number: 805D B11)

a. Objective. To provide training for newly commissioned ARNG/USAR chaplains and chaplain candidates.

b. Eligibility.
(1) Commissioned officers whose assignment is to the Chaplain Corps and whose first assignment will be in the ARNG or USAR.

(2) Completion of Chaplain Officer Basic (Common Core). Chaplains or chaplain candidates who have completed Army Reserve Officers’ Training Corps (ROTC), Officer Candidate School (OCS), or U.S. Military Academy (USMA) may apply for a waiver by writing to the above address.

c. Curriculum. 3 phases.
   (1) Phase 1. Phase I may be completed by either of the following options.
      (a) 2 weeks resident training at the U.S. Army Chaplain Center and School or—
      (b) Correspondence subcourses. IS7008, IS8700, IS3005, IN0830, IS7038, IS7034, CH0812, IS7032, IS1460.
   (2) Phase 2. 3 weeks resident training at the U.S. Army Chaplain Center and School.
   (3) Phase 3. 3 weeks resident training at the U.S. Army Chaplain Center and School.

2–40. Chaplain Assistant Senior Supervisor Sustainment Training Course (MOS 56M50) (Course Number: 805D M51)
   a. Objective. To provide personnel with skills and knowledge of those duties required for performance as Master Unit Ministry Team (UMT) NCO and Chief UMT NCO in the rank of MSG or sergeant major (SGM).
   b. Eligibility. Members of the Active Army or Reserve Components in MOS 56M40 whose assignments require the skills and knowledge available through this course.
   c. Curriculum. 6 subcourses.
      d. Subcourses. FI2030, CH0826, CH0827, CH0828, AG0010, IS1460.

2–41. Chaplain Assistant Advanced Sustainment Training Course (MOS 56M40) (Course Number: 805D M41)
   a. Objective. To provide skills and knowledge needed to serve as a Senior UMT NCO at division staff chaplain section level in the rank of SFC.
   b. Eligibility. Members of the Active Army or Reserve Components in MOS 56M30 whose assignments require the skills and knowledge available through this course.
   c. Curriculum. 14 subcourses.
      d. Subcourses. CH0607, CH4106, IS1703, IS8700, IS8701, IS8711, IS8710, AG0034, IS1804, IS1705, IS0788, IS3003, IS3005, IS1600.

2–42. Chaplain Assistant Reserve Component Reclassification Course (MOS 56M10) (Course Number: 805D M35)
   a. Objective. To provide reclassifying enlisted RC personnel with the skills and technical ability to perform or provide religious support necessary to accomplish the Unit Ministry Team (UMT) mission during mobilization, deployment, and combat.
   b. Eligibility. Must be an RC soldier, hold a primary MOS (PMOS), and be recommended by your commander for reclassification into the chaplain assistant MOS. Must meet the qualifications for the MOS 56M10 as outlined in AR 611–201. For information contact the Chief UMT NCO at the CONUSA (numbered armies in the continental United States) Staff Chaplain’s office responsible for your area or the Chaplain School at the address listed above.
   c. Curriculum. 2 phases.
      (1) Phase I. Inactive duty for training (IDT) phase.
         (a) 11 subcourses.
         (b) Subcourses. CH0605, CH0816, CH0820, CH0817, CH0818, CH0819, CH0823, CH0824, CH1312, CH1313, CH1315.
      (2) Phase II. Active duty for training (ADT) phase. 2 weeks resident training conducted by Reserve Component Training Institutions.

2–43. Chaplain Assistant Initial Sustainment Training Course (MOS 56M) (Course Number: 805D M31)
   a. Objective. To provide refresher and upgrade training in branch specific and other duty position areas for Active Duty and Reserve Components chaplain assistants who have completed either Chaplain Assistant Advanced Individual Training or the Chaplain Assistant Reserve Components Reclassification Course.
   b. Eligibility. Any soldier who has completed Chaplain Assistant Advanced Individual Training or the Chaplain Assistant Reclassification Course is eligible to take this course.
   c. Curriculum. 14 subcourses.
      d. Subcourses. CH0816, CH0820, CH0817, CH0818, CH0819, CH0821, CH0823, CH0824, CH1311, CH1312, CH1313, CH1315, CH0605, AG0404.
Section VII
U.S. Army Chemical School

2–44. RC Chemical Officer Advanced Course (Course Number: 031 A11)

a. Objective. To prepare RC commissioned officers at the rank of first lieutenant through major for company/detachment command and staff duties at battalion through division or comparable level.

b. Eligibility.
(1) Commissioned officers, first lieutenant through major, who are members of the Reserve Component and have not received credit for the Chemical Officer Advanced Course. Must have completed an officer basic course and meet the U.S. Army height and weight standards.
(2) DOD civilians, GS–7 and above, who have a need for advanced chemical training.

c. Administrative Instructions.
(1) Chemical Branch commissioned officers must complete phases I and III only. Phase I must be completed before beginning phase III.
(2) Commissioned officers branch transferring to Chemical Corps and DOD civilians must complete phases I, II and III. Phases I and II must be completed before beginning phase III. Phase I is not a prerequisite to phase II.

d. Curriculum. 2 or 3 phases.
(1) Phase I. Correspondence.
(a) 17 subcourses.
(b) Subcourses. IS0346, IS1801, IS1802, IS7006, IS7038, IS7045, IS8720, CM1303, CM2300, CM2306, CM2307, CM2308, CM2402, CM3401, CM3404, CM5206, CM7116.

(2) Phase II. Branch transfer phase (resident training). Officers not CM OB qualified must attend and complete the Unit NBC Defense Officer/NCO Course conducted at RC training institutions or installation schools. Credit will not be given for completion of this course by correspondence.

(3) Phase III. 2 weeks resident training conducted at the Chemical School.

2–45. RC Chemical Senior Leader Qualification Course (Course Number: 031 Q11)

a. Objective. To provide senior leaders of the Reserve Component, who are not Chemical qualified and are serving in a branch code 74 capacity, an opportunity for branch qualification through combined correspondence and resident study.

b. Eligibility. MAJ(P) and above who have completed Command and General Staff College and are serving in a branch code 74 capacity and need to become branch qualified. Verification of Command and General Staff College completion and duty position is required. No waiver will be given for previous completion of the subcourses.

c. Curriculum. 2 phases, not sequential.
(1) Phase I. Correspondence.
(a) 15 subcourses.
(b) Subcourses. IS0341, IS0342, CM1203, CM1303, CM2300, CM2306, CM2307, CM2308, CM2506, CM3300, CM3401, CM3404, CM5206, CM7106, CM7116.

(2) Phase II. Resident training Joint Senior Leader/Chemical Officer Course at Fort Leonard Wood, MO (3 days).

2–46. Unit NBC Defense Officer/NCO Refresher Course (Course Number: 031 F11)

a. Objective. To provide officers and enlisted personnel who are assigned as unit NBC Defense personnel with a knowledge of all areas of NBC Defense and NBC Defense training.

b. Eligibility. PFC or above assigned to additional duty as an NBC Defense Officer or NCO who have previously completed the resident NBC Defense Officer/NCO Course. This course should not be taken by personnel trying to obtain a chemical MOS or enter the chemical career field. Personnel enrolling in this course must have completed the resident NBC Defense Officer/NCO Course.

c. Curriculum. 17 subcourses.

2–47. Chemical Advanced Refresher Course (Course Number: 031 D11)

a. Objective. To train enlisted personnel to plan, coordinate, and supervise NBC training and operations of chemical units for brigade or higher level staffs at skill level 4, CMF 54.

b. Eligibility. SSG and above in MOS 54B.

c. Curriculum. 19 subcourses.

2–44. RC Chemical Officer Advanced Course (Course Number: 031 A11)

a. Objective. To prepare RC commissioned officers at the rank of first lieutenant through major for company/detachment command and staff duties at battalion through division or comparable level.

b. Eligibility.
(1) Commissioned officers, first lieutenant through major, who are members of the Reserve Component and have not received credit for the Chemical Officer Advanced Course. Must have completed an officer basic course and meet the U.S. Army height and weight standards.
(2) DOD civilians, GS–7 and above, who have a need for advanced chemical training.

c. Administrative Instructions.
(1) Chemical Branch commissioned officers must complete phases I and III only. Phase I must be completed before beginning phase III.
(2) Commissioned officers branch transferring to Chemical Corps and DOD civilians must complete phases I, II and III. Phases I and II must be completed before beginning phase III. Phase I is not a prerequisite to phase II.

2–44. RC Chemical Officer Advanced Course (Course Number: 031 A11)

a. Objective. To prepare RC commissioned officers at the rank of first lieutenant through major for company/detachment command and staff duties at battalion through division or comparable level.

b. Eligibility.
(1) Commissioned officers, first lieutenant through major, who are members of the Reserve Component and have not received credit for the Chemical Officer Advanced Course. Must have completed an officer basic course and meet the U.S. Army height and weight standards.
(2) DOD civilians, GS–7 and above, who have a need for advanced chemical training.

c. Administrative Instructions.
(1) Chemical Branch commissioned officers must complete phases I and III only. Phase I must be completed before beginning phase III.
(2) Commissioned officers branch transferring to Chemical Corps and DOD civilians must complete phases I, II and III. Phases I and II must be completed before beginning phase III. Phase I is not a prerequisite to phase II.

2–44. RC Chemical Officer Advanced Course (Course Number: 031 A11)

a. Objective. To prepare RC commissioned officers at the rank of first lieutenant through major for company/detachment command and staff duties at battalion through division or comparable level.

b. Eligibility.
(1) Commissioned officers, first lieutenant through major, who are members of the Reserve Component and have not received credit for the Chemical Officer Advanced Course. Must have completed an officer basic course and meet the U.S. Army height and weight standards.
(2) DOD civilians, GS–7 and above, who have a need for advanced chemical training.

c. Administrative Instructions.
(1) Chemical Branch commissioned officers must complete phases I and III only. Phase I must be completed before beginning phase III.
(2) Commissioned officers branch transferring to Chemical Corps and DOD civilians must complete phases I, II and III. Phases I and II must be completed before beginning phase III. Phase I is not a prerequisite to phase II.

2–44. RC Chemical Officer Advanced Course (Course Number: 031 A11)

a. Objective. To prepare RC commissioned officers at the rank of first lieutenant through major for company/detachment command and staff duties at battalion through division or comparable level.

b. Eligibility.
(1) Commissioned officers, first lieutenant through major, who are members of the Reserve Component and have not received credit for the Chemical Officer Advanced Course. Must have completed an officer basic course and meet the U.S. Army height and weight standards.
(2) DOD civilians, GS–7 and above, who have a need for advanced chemical training.

c. Administrative Instructions.
(1) Chemical Branch commissioned officers must complete phases I and III only. Phase I must be completed before beginning phase III.
(2) Commissioned officers branch transferring to Chemical Corps and DOD civilians must complete phases I, II and III. Phases I and II must be completed before beginning phase III. Phase I is not a prerequisite to phase II.
2–48. Chemical Specialist Refresher Course (MOS 54B30) (Course Number: 031 M30)
   a. Objective. To provide a means for personnel to continue their education and training and to progress to higher skill levels in their career fields.
   b. Eligibility. Must be MOS 54B20 or above, except for reclassified personnel.
   c. Curriculum. 24 subcourses.
   d. Subcourses. MM0651, SS0713, MM0308, MM0309, MM0320, MM0323, MM0324, SS0002, SS0732, SS0016, SS0345, SS0344, MM0750, MM0327, SS9782, SS9783, SS0328, SS0329, SS0330, SS0333, SS0332, SS0334, SS0031, SS0042.

2–49. Decontamination Course (Course Number: 031 M32)
   a. Objective. To provide personnel with MOS specific refresher training. Subcourses may be taken separately or as part of a course.
   b. Eligibility. Personnel in MOS 54B.
   c. Curriculum. 11 subcourses.

2–50. Smoke Course (Course Number: 031 M34)
   a. Objective. To provide personnel with MOS refresher training. Subcourses may be taken separately or as part of a course.
   b. Eligibility. Personnel in MOS 54B.
   c. Curriculum. 7 subcourses.
   d. Subcourses. CM3201, CM3204, CM3208, CM3209, CM3300, CM3305, CM7112.

Section VIII
Combat Lifesaver Course (U.S. Army Medical Department Center and School)

2–51. Combat Lifesaver Correspondence Course (Course Number: 081 F11)
   a. General information.
      (1) The Combat Lifesaver Correspondence Course is available through group enrollment. To establish this group enrollment, AIPD must receive the following:
         (a) A cover letter signed by the battalion commander or a lieutenant colonel or higher. The cover letter should identify the primary instructor (group leader). All instructors of the Combat Lifesaver Course must meet the following criteria: either hold primary MOS 91W or 18D or be a licensed paramedic (state or national), registered nurse, physician assistant or physician. These requirements reflect the level of expertise necessary to resolve medical emergencies associated with the tasks taught.
         (b) One DA Form 145 (Army Correspondence Course Enrollment Application) enrolling the primary instructor in IS0826, along with a list of assistant instructors, if any. The DA Form 145 should be signed by a responsible official who has the authority to requisition or acquire the necessary medical supplies to support this training.
         (c) A roster of students enrolling in IS0824 and IS0825. The roster must include each student’s full name, rank, SSN, and component code. Ideally, no more than 15 to 20 students should be assigned to each group.
      (2) Once the group enrollment processes, if a student is unable to attend class, but can be rescheduled within 1 year, his or her enrollment should not be canceled. The instructor should keep all the material for the student until he or she can attend the class. For students who cannot be rescheduled, a request must be submitted to cancel their enrollment. The group leader may cancel an enrollment by writing “CANCEL” across the student’s scan sheet and returning it to AIPD or send a memo identifying which student enrollments should be cancelled. Group leaders must also ensure that soldiers completing this training promptly receive their completion notices (ATSC Form 157). For further information on group study, see paragraph 1–7c.
      (3) When contacting AIPD, you must provide the group enrollment number that is found on your enrollment notice, ATSC Form 157.
   b. Objective. To provide the training required for a soldier to be awarded the combat lifesaver designation.
   c. Eligibility. Students will be selected by their unit to attend the group study program.
   d. Curriculum. 2 subcourses and examination booklet (shipped in one box), 40 credit hours.
      (1) Includes self-study materials and approximately 3 days of classroom instruction and testing. Testing includes both proctored multiple-choice and performance examinations. One examination response sheet (coded IS0827) for each student is returned to AIPD for grading upon completion of the examinations for IS0824 and IS0825. This is a GO or NO/GO course.
      (2) Subcourses. IS0824, IS0825. (IS0826 is only available to the instructor and assistant instructors.)
e. **Recertification.** Do not reenroll soldiers requiring recertification. Recertification can be accomplished by unit instructors. The instructor manual includes an examination for recertification. The examination can be reproduced.

f. **Additional information.** For additional information, write to Distance Learning Support Division at the Army Institute for Professional Development, U.S. Army Training Support Center, Newport News, VA 23628–0001, or call DSN 927–3322/2127 or commercial 757–878–3322/2127.

**Section IX**

**Defense Language Institute**

**2–52. General**

Each Defense Language Institute proficiency improvement course consists of two correspondence phases of ten subcourses each. The Reading subcourses each contain a workbook. The Listening subcourses each contain a workbook and a cassette tape. The following objectives and eligibility requirements apply to all courses listed in this section:

a. **Objective.** To provide language training to DOD linguists, regardless of occupational specialty, at proficiency level 1 or 1+ in Reading and Listening. The goal is to attain a proficiency of level 2. Proficiency levels are based on the Defense Language Institute, Foreign Language Center, Language Skill Level Descriptions as measured by the Defense Language Proficiency Test III/IV (DLPT III/IV).

b. **Eligibility.** Officers and enlisted soldiers of all components and DOD civilian employees. Must have a qualifying proficiency level of 1 or 1+ on the DLPT III/IV.

c. **Administrative instructions.** You may enroll in the Listening phase only, the Reading phase only, or both.

**2–53. Russian Proficiency Improvement Course (Course Number: 215 F11)**

Curriculum contains 2 phases. Specify in which phase or phases you wish to enroll.

a. **Phase I.** Reading.
   (1) 10 subcourses.
   (2) **Subcourses.** DL1101, DL1102, DL1103, DL1104, DL1105, DL1106, DL1107, DL1108, DL1109, DL1110.

b. **Phase II.** Listening.
   (1) 10 subcourses.
   (2) **Subcourses.** DL1201, DL1202, DL1203, DL1204, DL1205, DL1206, DL1207, DL1208, DL1209, DL1210.

**2–54. Polish Proficiency Improvement Course (Course Number: 215 F21)**

Curriculum contains 2 phases. Specify in which phase or phases you wish to enroll.

a. **Phase I.** Reading.
   (1) 10 subcourses.
   (2) **Subcourses.** DL2101, DL2102, DL2103, DL2104, DL2105, DL2106, DL2107, DL2108, DL2109, DL2110.

b. **Phase II.** Listening.
   (1) 10 subcourses.

**2–55. Czech Proficiency Improvement Course (Course Number: 215 F31)**

Curriculum contains 2 phases. Specify in which phase or phases you wish to enroll.

a. **Phase I.** Reading.
   (1) 10 subcourses.
   (2) **Subcourses.** DL3101, DL3102, DL3103, DL3104, DL3105, DL3106, DL3107, DL3108, DL3109, DL3110.

b. **Phase II.** Listening.
   (1) 10 subcourses.
   (2) **Subcourses.** DL3201, DL3202, DL3203, DL3204, DL3205, DL3206, DL3207, DL3208, DL3209, DL3210.

**Section X**

**U.S. Army Engineer School**

**2–56. Courses for officers**

The military educational guidelines in table 2–2 have been established for engineer officers and officers transferring to the Corps of Engineers. Branch qualifications can be acquired or maintained by completing the applicable instruction below.
Table 2–2
Military educational guidelines for engineer officers

<table>

2–57. RC Engineer Officer Advanced Course (Course Number: 052 A11)

a. **Objective.** To train selected Reserve Component officers to perform effectively in engineer company grade assignments such as company commander, battalion/brigade staff, brigade engineer, and assistant division engineer.

b. **Eligibility.** RC commissioned officers in the grade of first lieutenant or above assigned a primary specialty in branch code 21 or combat arms/combat support. Must have completed the Engineer or other officer basic course.

c. **Curriculum.** 2 phases. Phase I must be completed before enrollment in phase II.

(1) Phase I. Correspondence.

(a) 24 subcourses

(b) Subcourses. IS1801, IS1802, IS7006, IS7038, IS7045, IS8720, EN5479, EN5480, EN5481, EN5482, EN5483, EN5484, EN5485, EN0064, EN0353, EN0365, EN5458, EN5459, EN0375, EN5462, EN5465, EN5466, EN5478, EN5704.

(2) Phase II. 2 weeks resident training.

2–58. RC WOAC Utilities Operations and Maintenance Technician (MOS 210A) (Course Number: 052 W31)

a. **Objective.** To provide senior-level training for CW2(P) and CW3 Utilities Operation and Maintenance Technicians (MOS 210A).

b. **Eligibility.** RC warrant officers qualified in MOS 210A. USAR warrant officers must be CW2(P) or CW3 in a senior warrant officer position. National Guard warrant officers must be CW2 or CW3 with at least 3 years time in grade.

c. **Administration.** Phase I must be completed before starting phase II. A phase completion notice will be issued upon completing phases I, II, and III and a diploma upon completion of phase IV. Resident phases are taught at U.S. Army Engineer Center, Fort Leonard Wood, MO 65473.

d. **Curriculum.** 4 phases.

(1) Phase I. Correspondence.

(a) 11 subcourses.

(b) Subcourses. IS1460, IS1802, IS1803, IS1804, IS7032, IT0469, IT0468, IS0103, IS7006, IS8720, IS0345.

(2) Phase II. 2 weeks resident training.
2–59. RC WOAC Engineer Equipment Repair Technician (MOS 919A) (Course Number: 052 W33)

a. **Objective.** To provide senior-level training for CW2(P) and CW3 Engineer Equipment Repair Technicians (MOS 919A).

b. **Eligibility.** RC warrant officers qualified in MOS 919A. USAR warrant officers must be CW2(P) or CW3 in a senior warrant officer position. National Guard warrant officers must be CW2 or CW3 with at least 3 years time in grade.

c. **Administration.** Phase I must be completed before starting phase II, and phase III must be completed before starting phase IV. Phase completion notices will be issued upon completing phases I, II, and III; and a diploma upon completion of phase IV. Resident phases are taught at U.S. Army Engineer Center, Fort Leonard Wood, MO 65473.

d. **Curriculum.** 4 phases.

(1) **Phase I.** Correspondence.

(a) 12 subcourses.

(b) **Subcourses.** IS1460, IS1802, IS1803, IS1804, IS7032, IS8718, IS8719, IT0469, IS3003, IT0468, IS0342, IS0103.

(2) **Phase II.** 2 weeks resident training.

(3) **Phase III.** Correspondence.

(a) 12 subcourses.

(b) **Subcourses.** OD0453, OD0454, OD0960, OD0961, OD0962, OD0967, OD0966, QM3602, OD0969, QM3801, QM3805, EN5704.

(4) **Phase IV.** 2 weeks resident training.

2–60. RC WOBC Utilities Operations and Maintenance Technician (MOS 210A) (Course Number: 052 W11)

a. **Objective.** To train and certify RC warrant officers for appointment and initial assignment as utilities operations and maintenance technicians, MOS 210A.

b. **Eligibility.**

(1) Reserve Component warrant officers who have completed the Warrant Officer Candidate School (resident only).

(2) Must meet height/weight standards and pass Army physical readiness test (APRT).

c. **Administration.** Phase I must be completed before starting phase II, and phase III must be completed before starting phase IV. A phase completion notice will be issued upon completing phases I, II, and III; and a diploma upon completion of phase IV. Resident phases are taught at U.S. Army Engineer Center, Fort Leonard Wood, MO 65473.

d. **Curriculum.** 4 phases.

(1) **Phase I.** Correspondence.

(a) 11 subcourses.

(b) **Subcourses.** QM3601, OD0451, EN5261, AV0587, OD1009, OD0450, OD0454, EN5702, OD1633, OD1622, EN5708.

(2) **Phase II.** 2 weeks resident training (114 hours).

(3) **Phase III.** Correspondence.

(a) 14 subcourses.

(b) **Subcourses.** EN5155, EN5156, EN5157, EN5110, EN0158, EN0389, MM0308, IS0345, IS0823, EN5480, OD1747, OD1749, EN5144, EN5263.

(4) **Phase IV.** 2 weeks resident training (103 hours).

2–61. RC WOBC Engineer Equipment Repair Technician (MOS 919A) (Course Number: 052 W13)

a. **Objective.** To train and certify RC warrant officers for appointment and initial assignment as engineer equipment repair technicians, MOS 919A.

b. **Eligibility.**

(1) Reserve Component warrant officers who have completed the Warrant Officer Candidate School (resident only).

(2) Must meet height/weight standards and pass APRT.

c. **Administration.** Phase I must be completed before starting phase II, and phase III must be completed before starting phase IV. Phase completion notices will be issued upon completing phases I, II, and III; and a diploma upon completion of phase IV. Resident phases are taught at U.S. Army Engineer Center, Fort Leonard Wood, MO 65473.

d. **Curriculum.** 4 phases.
(1) Phase I. Correspondence.
(a) 13 subcourses.
(b) Subcourses. QM3601, OD1403, EN5261, OD0451, OD1009, MM0308, OD1622, EN5702, IS1803, OD0450, OD0452, OD0453, OD0454.
(2) Phase II. 2 weeks resident training (120 hours).
(3) Phase III. Correspondence.
(a) 14 subcourses.
(b) Subcourses. EN5259, EN5260, OD1006, OD1007, OD1002, OD1003, OD1008, OD1650, OD1651, OD1654, OD0455, OD1619, OD1004, OD1633.
(4) Phase IV. 2 weeks resident training (120 hours).

2–62. Terrain Analysis Technician Refresher Course (MOS 215D) (Course Number: 052 W37)
   a. Objective. To provide senior-level refresher training for CW2 and above terrain analysis technicians (MOS 215D).
   b. Eligibility. CW2 and above who have successfully functioned as 215D, Terrain Analysis Technicians, and who hold 215D as a primary or secondary MOS.
   c. Curriculum. 9 subcourses.
   d. Subcourses. IS1460, IS7008, IS1703, EN0591, EN0592, EN0593, EN0594, IS1803, IS8701.

2–63. Combat Engineering Advanced Refresher Course (CMF 12) (Course Number: 052 D11)
   a. Objective. To provide enlisted personnel with working knowledge of those duties required to perform in the rank of SFC.
   b. Eligibility. SSGs and SFCs of the Active Army or the Reserve Components.
   c. Curriculum. 32 subcourses.
   d. Subcourses. IS1203, IS1804, MP1004, MP1005, IS1202, AD0700, IS1460, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, EN5501, EN5503, IS0788, IS8700, IS8701, IS8711, IS8710, EN5157, EN0069, EN0375, EN5453, EN5478, EN0053, EN5581, EN0353, EN0508, EN5622, EN5704, EN5708.

2–64. Combat Engineering Basic Refresher Course (CMF 12)
   a. Objective. To provide selected enlisted personnel with a working knowledge of those duties required to perform in the rank of SSG in their MOS.
   b. Eligibility. Members of the Active Army or a Reserve Component in the rank of SSG or below.
   c. Curriculum. The number of subcourses and length are dependent on the student’s MOS. Students applying for this course must specify their MOS and skill level when enrolling.
   1) MOS 12B (Course Number: 052 M11).
      (a) 35 subcourses.
      (b) Subcourses. IS7034, IS7035, IS0821, IS8700, IS1803, IS1202, IS0343, IS0345, IS0902, OD0960, OD0961, IN1013, IN0201, IN0202, IS0788, IN1008, IN0498, IN0493, IS3003, IN0500, IN0497, IN0528, IN0531, QM0113, QM0114, QM0115, QM0116, QM0117, QM0118, EN0054, EN0053, EN5501, EN5503, EN0065, EN0501, EN5622, EN5700.
   2) MOS 12C (Course Number: 052 M13).
      (a) 34 subcourses.
      (b) Subcourses. IS7034, IS7035, IS0821, IS8700, IS1803, IS1202, IS0343, IS0345, IS0902, IN1013, IN0201, IN0202, IS0788, IN1008, IN0498, IN0493, IS3003, IN0500, IN0497, IN0528, IN0531, QM0113, QM0114, QM0115, QM0116, QM0117, QM0118, EN0054, EN0053, EN5501, EN5503, EN0065, EN0501, EN5622, EN5700.

2–65. Combat Engineer Course (MOS 12B) (Course Number: 052 M17)
   a. Objective. To provide soldiers in MOS 12B a review and refresher course.
   b. Eligibility. Soldiers in MOS 12B who have not attended the resident course within the past 4 years.
   c. Curriculum. 6 subcourses.
   d. Subcourses. EN0501, EN0065, EN0053, EN5581, EN5621, EN5700.

2–66. Bridge Crewman Course (MOS 12C) (Course Number: 052 M19)
   a. Objective. To provide enlisted personnel in MOS 12C a review and refresher course.
   b. Eligibility. Soldiers in MOS 12C who have not attended the resident course within the past 4 years.
   c. Curriculum. 8 subcourses.
   d. Subcourses. EN0501, EN0353, EN0508, EN0065, EN0053, EN5581, EN5700, EN5708.
2–67. General Engineering Advanced Refresher Course (CMF 51) (Course Number: 052 D13)

a. Objective. To provide enlisted personnel with a working knowledge of those duties required to perform in the rank of SFC.

b. Eligibility. Members of the Active Army or a Reserve Component in the rank of SGT, SSG, or SFC.

c. Curriculum. 34 subcourses.

d. Subcourses. IS1203, IS1804, MP1004, MP1005, IS1202, AD0700, IS1460, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, EN5501, EN5503, IS8700, IS8701, IS8711, IS8710, EN5157, EN0069, EN0375, EN5453, EN5466, EN5458, EN5459, EN5463, EN5464, EN0064, EN0389, EN0353, EN0508, EN5702, EN5708.

2–68. General Engineering Basic Refresher Course (CMF 51)

a. Objective. To provide selected enlisted personnel with a working knowledge of the duties required to perform in the rank of SSG.

b. Eligibility. Members of the Active Army or a Reserve Component in the rank of SP, SGT, or SSG.

c. Curriculum. The number of subcourses and length are dependent on the student’s MOS. Students applying for this course must specify their MOS and skill level when enrolling.

(1) MOS 51B/M/R and 52E (Course Number: 052 M31).

(a) 27 subcourses.

(b) Subcourses. IS1203, IS1803, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, IS7036, IS1460, OD0960, OD0961, EN0054, EN0053, EN5581, EN5501, EN5503, IS0788, EN0158, EN0113, EN0353, EN5478, EN5700, EN0389, EN5140, QM3502, EN5708.

(2) MOS 62E/F/G/H/J (Course Number: 052 M33).

(a) 20 subcourses.

(b) Subcourses. IS1203, IS1803, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, IS7036, IS1460, EN0054, EN0053, EN5581, EN5501, EN5503, IS0788, EN5463, EN5478, EN5700, EN5708.

(3) MOS 51T (Course Number: 052 M35).

(a) 30 subcourses.

(b) Subcourses. IS1203, IS1803, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, IS7036, IS1460, EN0054, EN0053, EN5581, EN5501, EN5503, IS0788, EN5463, EN5478, EN5700, EN5708.

(4) MOS 62B (Course Number: 052 M37).

(a) 18 subcourses.

(b) Subcourses. IS1203, IS1803, QM0113, QM0114, QM0115, QM0116, IS7034, IS7035, IS7036, IS1460, EN0054, EN0053, EN5581, EN5501, EN5503, EN5700, EN5708.

2–69. Diver General Engineering Course (MOS 00B) (Course Number: 052 M38)

a. Objective. To provide enlisted personnel with a working knowledge of the general engineering skills required to perform in their MOS.

b. Eligibility. Members of the Active Army or the Reserve Component who currently hold MOS 00B.

c. Curriculum. 25 subcourses.

d. Subcourses. QM0113, QM0114, QM0115, QM0116, EN0053, EN0054, EN0069, EN5151, EN5152, EN5153, EN5155, EN5156, EN5460, EN5481, EN5482, EN5485, EN5581, EN5503, EN0113, EN0158, EN0591, EN0592, EN0594, EN5700, OD1651, SS0573, SS0507, EN5466, OD1654.

2–70. Carpentry and Masonry Specialist Course (MOS 51B) (Course Number: 052 M40)

a. Objective. To provide soldiers in MOS 51B and DA civilians working in this field a review and refresher course.

b. Eligibility. Soldiers in MOS 51B who have not attended the resident course within the past 4 years and DA civilians working in the WG–4600 or WG–3600 job series.

c. Curriculum. 8 subcourses.

d. Subcourses. EN5155, EN5156, EN0533, EN5157, EN0562, EN0563, EN0113, EN5160.

2–71. Construction Engineer Supervisor Course (MOS 51H) (Course Number: 052 M42)

a. Objective. To provide soldiers in MOS 51H a review and refresher course.

b. Eligibility. NCOs in MOS 51H.

c. Curriculum. 11 subcourses.

d. Subcourses. EN5151, EN5152, EN5153, EN5154, EN5161, EN0069, EN0375, EN0533, EN5160, EN5466.

2–72. Plumber Course (MOS 51K) (Course Number: 052 M44)

a. Objective. To provide soldiers in MOS 51K and DA civilians working in this field a review and refresher course.
b. Eligibility. Soldiers in MOS 51K who have not attended the resident course within the past 4 years and DA civilians working in the WG–4200 series.
c. Curriculum. 9 subcourses.
d. Subcourses. EN5110, EN5111, EN5112, EN5113, EN5114, EN5115, EN0113, EN0158, EN0389.

2–73. Electrician Course (MOS 51R) (Course Number: 052 M46)
a. Objective. To provide soldiers in MOS 51R and DA civilians working in this field a review and refresher course.
b. Eligibility. Soldiers in MOS 51R who have not attended the resident course within the past 4 years and DA civilians working in the WG–2800 series.
c. Curriculum. 10 subcourses.
d. Subcourses. EN5140, EN5141, EN5142, EN5143, EN5144, EN5145, EN5146, EN0113, EN0158, EN0389.

2–74. Construction Equipment Repair Course (MOS 62B) (Course Number: 052 M50)
a. Objective. To provide soldiers in 62B a review and refresher course.
b. Eligibility. Soldiers in MOS 62B, warrant officer candidates or warrant officer applicants for MOS 919A, and civilians in job series 1670.
c. Curriculum. 9 subcourses.
d. Subcourses. EN5258, EN5259, EN5260, EN5261, EN5262, EN5263, EN5264, EN5266, EN5702.

2–75. Cartographer Course (MOS 81T) (Course Number: 052 M52)
a. Objective. To provide soldiers in MOS 81T and DA civilians working in this field a review and refresher course.
b. Eligibility. Soldiers in MOS 81T who have not attended the resident course within the past 4 years and DA civilians working in the GS–1370 series.
c. Curriculum. 9 subcourses.
d. Subcourses. EN5301, EN5302, EN5303, EN5307, EN5308, EN5309, EN5341, EN5316, EN5319.

2–76. Topographic Surveyor Course (MOS 82D) (Course Number: 052 M56)
a. Objective. To provide soldiers in MOS 82D and DA civilians working in this field a review and refresher course.
b. Eligibility. Soldiers in MOS 82D who have not attended the resident course within the past 4 years and DA civilians working in the GS–817 series.
c. Curriculum. 3 subcourses.
d. Subcourses. EN0591, EN0592, EN0593.

2–77. Engineer Construction Course (Course Number: 052 D55)
a. Objective. To provide practical instruction in the general field of military construction. The scope is broad yet sufficiently technical to assist engineer construction unit commanders, engineer staff officers, and qualified NCOs in construction planning and operations.
b. Eligibility. Unit commanders and staff officers. NCOs in MOS 51H.
c. Curriculum. 21 subcourses.
d. Subcourses. EN5453, EN5465, EN5466, EN5458, EN5459, EN5463, EN5464, EN0365, EN0390, EN0069, EN0375, EN5478, EN0389, EN0113, EN5460, EN0391, EN5462, EN5160, EN5341, EN5702, EN5704.

2–78. Engineer Combat Support Course (Course Number: 052 D57)
a. Objective. To provide instruction in tactics and techniques of leadership and command for combat engineer troop commanders and staffs. The combat role of the engineer unit and its operations in support of other combat units is emphasized.
b. Eligibility. Combat troop commanders and staffs.
c. Curriculum. 8 subcourses.
d. Subcourses. IS3002, EN5501, EN5503, EN0065, EN5479, EN5482, EN5702, EN5704.

Section XI
U.S. Army Field Artillery School

2–79. Senior Officer Field Artillery Refresher Course (Course Number: 061 Q11)
a. Objective. To provide refresher training for Combat Arms Advanced Course graduates.
b. Eligibility. Field-grade officers who have completed one of the combat arms officer advanced courses 3 or more years before enrollment. Security clearance required: none.
c. Curriculum. 10 subcourses.
2–80. RC Field Artillery Officer Advanced Course (Course Number: 061 A11)

a. Objective. To prepare Reserve Component field artillery officers for branch command and staff duties at battalion and brigade or comparable levels in both divisional and nondivisional units.

b. Eligibility. RC commissioned officers in the rank of first lieutenant or above who have completed the Field Artillery Officer Basic Course.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence. Must be completed before enrolling in phase II. No waiver will be granted.

(a) 17 subcourses.

(2) Phase II. 2 weeks resident training.

2–81. RC Field Artillery Officer Advanced Course for Branch Transfers (Course Number: 061 A12)

a. Objective. To prepare Reserve Component branch transfer officers for field artillery branch command and staff duties at battalion and brigade or comparable levels in both divisional and nondivisional units.

b. Eligibility. RC commissioned officers in the rank of first lieutenant or above who have completed an officer basic course.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence. Must be completed before enrolling in phase II. No waiver will be granted.

(a) 26 subcourses.

(2) Phase II. 2 weeks resident training.

2–82. Field Artillery Officer Preparatory Advanced Course (Course Number: 061 Q13)

a. Objective. To prepare individuals for attendance at the resident officer advanced course at the U.S. Army Field Artillery School.

b. Eligibility. Commissioned officers eligible to attend the resident advanced field artillery career development course. Must have completed an officer basic course. Security clearance required: None.

c. Curriculum. 18 subcourses. These subcourses are not prerequisites for resident instruction. They do, however, cover subject areas in which resident students frequently experience difficulty. Prospective students need not enroll for the entire course but may select those subcourses they need.

d. Subcourses. FA3146, FA3147, FA3149, FA8075, IT0469, IN0515, IS0341, IS0345, IS8700, FA8151, FA8160, FA8175, FA6171, FA6172, FA6173, FA8000, FA8001, FA8016.

2–83. FA Officer Branch Orientation Course (Course Number: 061 Q23)

a. Objective. To provide training in the duties of fire support team (FIST) chief, firing battery officer, and cannon artillery battalion staff officer for career enhancement.

b. Eligibility. Commissioned officers, other than field artillery officers, of any grade who require basic field artillery training. Commissioned officers of Allied Nations who desire basic field artillery training, warrant officers and enlisted personnel who have completed the Army Precommission Correspondence Course, the Basic Skills Preparatory Course, or an advanced NCO course, and civilians who require this training.

c. Curriculum. 59 subcourses.

d. Subcourses. FA8151, IN0497, IN0499, IS0788, SS0014, MM0324, SS0652, SS0002, MM0323, IS1132, FA4201, FA3117, FA6001, FA9000, FA9001, FA9002, FA9003, FA9004, FA9005, FA9006, FA9007, FA9010, FA9011, FA9012, FA3074, FA3117, FA3143, FA3420, FA3427, FA6005, FA8000, FA8001.

(2) Phase II. 2 weeks resident training.

2–84. RC WOBC Field Artillery Targeting Technician Course (MOS 131A) (Course Number: 061 W11)

a. Objective. To train and certify RC warrant officers for initial assignment as field artillery targeting technicians.

b. Eligibility. (1) Reserve Component warrant officers who have completed the Warrant Officer Candidate School at Fort Rucker, AL.

(2) Must meet height/weight standards, pass APFT, and have a SECRET security clearance.

c. Curriculum. 4 phases.
(1) **Phase I.** Correspondence.
   (a) 30 subcourses.
   (b) **Subcourses.** OD0454, OD0973, FA6005, FA3074, FA6171, FA6151, FA6186, FA6154, FA6155, FA6156, FA6157, FA6152, FA6153, FA6163, FA6160, FA6158, FA6051, SS0713, MM0702, MM0703, MM0704, IT0332, IT0339, OD1725, IT0338, MM0707, OD0465, OD1402, AV5000, FA6164.

(2) **Phase II.** Resident training. Phase I must be completed before attending phase II. No waivers will be granted.

(3) **Phase III.** Correspondence.
   (a) 26 subcourses.
   (b) **Subcourses.** IS7004, IN0710, IS7008, EN5481, IN0831, IN0832, IT0462, FA8151, FA8160, FA6173, FA6195, FA3117, FA3119, FA4203, FA8015, FA9011, IS7006, IN0813, IS0102, IS3001, IT0503, IT0671, SS0117, FA6172, IN0801, IN0802.

(4) **Phase IV.** Resident. Phase III must be completed before attending phase IV. No waivers will be granted.

---

**2–85. Field Artillery Senior NCO Targeting Course (Course Number: 061 M50)**

- **Objective.** To provide an overview of targeting fundamentals to NCO with current or anticipated assignment to target production section.
- **Eligibility.** NCOs of the AC or RC qualified in MOS 13R or 13F. Waiver upon approval from the FA School. Send requests for waiver to Commandant, U.S. Army Field Artillery School, ATTN: ATSF–DM, Fort Sill, OK 73503–5600.
- **Curriculum.** 31 subcourses.

---

**2–86. Field Artillery Cannon Advanced Studies**

- **Objective.** To prepare selected individuals to perform cannon firing battery fire direction and fire support element supervisor duties in the rank of SFC.
- **Eligibility.** SSG or SFC qualified in MOS 13B or 13F. Security clearance required: None.
- **Curriculum.** Common core plus a track. Specify track when enrolling.
   (1) **Common core.**
      (a) 29 subcourses.
      (b) **Subcourses.** IS1703, IS1460, IT0469, IS7034, IS7035, IS7036, FA8015, IS1202, AG0522, AG0516, IS0341, IS0342, IS0343, IS0344, IS0345, IS8700, IS8701, IS8711, IS8710, MP2011, AV0587, IS1803, IS1804, AG0586, IS0788, IS8718, IS8719, FA3314.
   (2) **MOS 13B (Course Number: 061 M41).**
      (a) 34 subcourses.
      (b) **Subcourses.** FA8151, FA3117, FA3119, FA3147, FA3149, FA8000, FA8001, FA3422, FA3424, FA3311, FA3351, FA3420, FA3143, FA6010, FA6001, FA6005, FA3074, FA9000, FA9001, FA9002, FA9003, FA9004, FA9005, FA9006, FA9007, FA9008, FA8151, FA8160, FA6173, FA3117, FA3119, FA4202, FA4203, FA8015, IS0102, IS3001, SS0117, FA6172, IN0801, IN0802.
   (3) **MOS 13F (Course Number: 061 M45).**
      (a) 14 subcourses.
      (b) **Subcourses.** FA8014, FA8151, FA4203, FA6171, FA6172, FA6173, FA8160, FA8175, SS0002, FA8056, FA8075, FA4224, FA3428, FA3429.

---

**2–87. Field Artillery Cannon Basic Studies**

- **Objective.** To prepare selected individuals to perform duties as cannoneers, fire direction specialists, and fire support specialists, in the rank of SSG or SGT.
- **Eligibility.** SSG or SGT qualified in MOS 13B or 13F. Security clearance required: None.
- **Curriculum.** Common core plus a track. Specify track desired when enrolling.
   (1) **Common core.**
      (a) 14 subcourses.
      (b) **Subcourses.** IS7034, IS7035, AG0522, AG0516, IS0343, IS0344, IS0347, IS0788, IS8700, IS8701, IS8711, IT0469, IS1802, FA3314.
   (2) **MOS 13B (Course Number: 061 M11).**
      (a) 13 subcourses.
      (b) **Subcourses.** FA8000, FA8001, FA3147, FA3149, FA3311, FA3312, FA3313, FA3420, FA3117, FA3119, FA3422, FA3330, FA3350.
   (3) **MOS 13F (Course Number: 061 M15).**
2–88. Radar Repairer Course (MOS 39M) (Course Number: 061 M80)
   a. Objective. To provide refresher training for enlisted personnel to improve their job skills and to provide
      familiarization for personnel whose duties require a working knowledge of surveillance radar repair.
   b. Eligibility. Enlisted personnel whose primary or secondary MOS is 39C, obtained through resident training, and
      personnel whose duties require familiarization with combat area surveillance radar repair.
   c. Curriculum. 8 subcourses.
   d. Subcourses. IS3005, IS0344, MM0702, FA6050, MM0703, MM0704, IT0527, FA6133.

2–89. Cannon Firing Battery Course (MOS 13B/E) (Course Number: 061 M70)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Enlisted personnel qualified or assigned to a duty position in MOS 13B or 13E.
   c. Curriculum. 30 subcourses.
   d. Subcourses. FA3003, FA3117, FA3119, FA3147, FA3149, FA3311, FA3312, FA8000, FA3173, FA3143,
      FA8001, FA3310, FA3330, FA3350, FA3351, FA3420, FA3422, FA3424, FA3074, FA3313, IS0788, FA6001,
      FA6010, FA6005, FA9000, FA9001, FA9002, FA9003, FA3175, FA3314.

2–90. Field Artillery Meteorology Course (MOS 93F) (Course Number: 061 M84)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Enlisted personnel qualified or assigned to a duty position in MOS 93F.
   c. Curriculum. 8 subcourses.

2–91. Field Artillery Radar Crew Member Course (Course Number: 061 M76)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Personnel qualified in or assigned to a duty position in 13R or 131A. Waiver may be requested from
      the Field Artillery School.
   c. Curriculum. 13 subcourses.

2–92. Field Artillery Surveyor Course, Level I (MOS 82C) (Course Number: 061 M78)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Enlisted personnel qualified or assigned to a duty position in MOS 82C.
   c. Curriculum. 5 subcourses.
   d. Subcourses. FA6001, FA6010, IS0788, FA6006, FA6031.

2–93. Fire Direction Course, Level I (MOS 13E) (Course Number: 061 M82)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Enlisted personnel qualified or assigned to a duty position in MOS 13E.
   c. Curriculum. 7 subcourses.
   d. Subcourses. FA6010, FA9000, FA9001, FA9002, FA9003, FA9004, FA9006.

2–94. Fire Support Team (FIST) Chief/Member Course (MOS 13F) (Course Number: 061 G11)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. SGTs (E5) qualified or assigned to a duty position in MOS 13F.
   c. Curriculum. 17 subcourses.
   d. Subcourses. IS0788, FA8151, FA4201, FA4202, FA4215, FA4225, FA4230, FA4231, FA4234, FA4236, FA8160,
      IN0491, FA8014, SS0002, FA8056, IS1132, FA4203.

2–95. Fire Support Element (FSE) Member Course (MOS 13F) (Course Number: 061 D11)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Enlisted personnel qualified or assigned to a duty position in MOS 13F.
   c. Curriculum. 13 subcourses.
2–96. Division Artillery Tactical Operations Center Course (Course Number: 061 D13)
   a. Objective. To provide job-related instruction in field artillery subjects.
   b. Eligibility. Active or Reserve Component commissioned officers and ROTC members who are assigned to the Field Artillery Branch. Waiver may be requested from the Field Artillery School.
   c. Curriculum. 12 subcourses.
   d. Subcourses. IS0788, FA8151, FA8014, FA4203, FA8160, FA8175, SS0002, FA8056, IS1132, FA8075, FA4201, FA4202.

Section XII
Finance School (U.S. Army Soldier Support Institute)

2–97. RC Finance Officer Advanced Course (AOC 44) (Course Number: 805A A11)
   a. Objective. To provide a working knowledge/specialty training in the duties and responsibilities of Finance Corps (FC) officers (AOC 44), and to provide a means whereby FC officers of the Reserve Components may satisfy the minimum educational requirements for promotion or retention.
   b. Eligibility. All commissioned officers in the rank of first lieutenant or above who have completed the Finance Officer Basic Course or the Finance Officer Branch Qualification Course.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence. Students must successfully complete all phase I subcourses prior to enrollment in phase II.
       (a) 13 subcourses.
       (b) Subcourses. FI2034, FI0712, FI0758, FI0759, FI0790, FI0791, IS8720, IS1801, IS1802, IS1803, IS7038, IS7006, IS7045.
      (2) Phase II. 2 weeks resident training. This training encompasses leadership, brigade fight concepts, finance doctrine, current systems and procedures, and training management within the finance force structure. Battle analysis and practical application of training to date in a command post exercise and field training exercise are also included in this phase.
      (3) Phaseout. The Total Army Training System Finance Captain’s Career Course will replace the RC Finance Officer Advanced Course by fiscal year 2003.

2–98. Finance Officer Branch Qualification Course (Course Number: 805A Q11)
   a. Objective. To branch qualify finance officers who have completed another officer basic course and have completed the branch detail program, or to branch qualify officers from other branches who were approved for branch transfer pending completion of this course.
   b. Eligibility. This course is open to commissioned officers who have completed an officer basic course in another branch. Civilians GS–7 and above, who are assigned to or pending assignment to positions which require basic knowledge of finance officer operations, may also enroll.
   c. Curriculum. 25 subcourses.
   d. Subcourses. FI0732, FI0711, FI0824, FI0700, FI0705, FI0172, FI0843, FI0844, FI0758, FI0759, FI0704, FI0739, FI0752, FI0174, FI0175, FI0176, FI0184, FI0185, FI0186, FI0842, FI0806, FI0807, FI0808, FI0809, FI0811.

2–99. Nonappropriated Funds Management Course (previously Central Accounting Officer Course) (Course Number: 805A Q13)
   a. Objective. To provide training in financial activities related to nonappropriated fund instrumentalities (NAFI). Individual areas include funding support, categories of NAFI, key personnel recording individual financial transactions, and analyzing financial statements.
   b. Eligibility. This course is opened to individuals whose duties require this training.
   c. Curriculum. 7 subcourses.
   e. Phaseout. This course may not be offered as a correspondence course after FY 2003.

2–100. Advanced Level Sustainment Training Technical Course (MOS 73C40/73D40) (Course Number: 805A M27)
   a. Objective. To provide select personnel with a working knowledge of the duties required to perform as NCOs in the rank of SFC or MSG. This course may be used to prepare for resident ANCOC or as a transition or sustainment course for developing and maintaining technical proficiency.
   b. Eligibility. This course is open to Active Army and RC NCOs in the rank of SSG and above.
c. Curriculum. 6 subcourses.
d. Subcourses. FI0712, FI2034, FI0758, FI0759, FI2028, IS8720.
e. Revision. Subcourses will undergo revision following implementation of Total Army Training System (TATS).

2–101. Basic Level Sustainment Training Technical Course (MOS 73C/73D) (Course Number: 805A M25)
a. Objective. To provide select personnel with a working knowledge of the duties required to perform as NCOs in the rank of SGT or SSG. This course may be used to prepare for resident BNCOC or as a transition or sustainment course for developing and maintaining technical proficiency.
b. Eligibility. This course is open to Active Army and RC NCOs in the rank of SGT and above.
c. Curriculum. 7 subcourses.
d. Subcourses. FI0842, FI0732, FI0752, FI0824, FI0173, FI0843, FI0844.
e. Revision. Subcourses will undergo revision following implementation of Total Army Training System (TATS).

2–102. Military Accounting Supervisor/Technician Course (Course Number: 805A D22)
a. Objective. To provide a working knowledge of the principles, rules, procedures, and reporting requirements of the military accounting system and the Standard Financial System.
b. Eligibility. Officers, civilians, and enlisted personnel whose duties require this training.
c. Curriculum. 17 subcourses.
d. Subcourses. FI0752, FI0824, FI0758, FI0759, FI0747, FI0748, FI0754, FI0755, FI0756, FI0757, FI0710, FI0177, FI0178, FI0179, FI0180, FI0181, FI0182.

2–103. Disbursing Operations Management Course (Course Number: 805A D15)
a. Objective. To provide DOD personnel with a working knowledge of the principles, procedures, and techniques of disbursing operations.
b. Eligibility. This course is open to personnel whose duties require this training.
c. Curriculum. 3 subcourses.
d. Subcourses. FI0842, FI0843, FI0844.

2–104. Planning, Programing, Budgeting, and Execution System Course (Course Number: 805A D52)
a. Objective. To provide Army officers, civilians, and enlisted personnel an introduction to the policies and procedures related to budget resourcing, formulation, execution, and review.
b. Eligibility. This course is open to commissioned and warrant officers, noncommissioned officers, and civilians requiring training for a resource management position.
c. Curriculum. 17 subcourses.
d. Subcourses. FI0752, FI2026, FI2028, FI2032, FI0934, FI3020, FI3022, FI3024, FI3026, FI3028, FI3030, FI3032, FI3034, FI0758, FI0759, FI2030, FI2034.

2–105. Resource Management Budget Course (Course Number: 805A D50)
a. Objective. To provide Army officers, civilians, and enlisted personnel an introduction to resource management policies, processes, and procedures, including budget formulation and execution, budget analysis, internal controls, and fund control.
b. Eligibility. This course is open to commissioned and warrant officers, noncommissioned officers, and civilians requiring training for a resource management position, who have completed subcourses FI2026, and FI2028 in a previous enrollment.
c. Curriculum. 17 subcourses.
d. Subcourses. FI3000, FI0921, FI0950, FI0177, FI0178, FI0752, FI0790, FI0791, FI3044, FI2038, FI3040, FI3042, FI3046, FI3048, FI3050, FI3084, FI3086.

2–106. Military Pay Introductory Finance Course (Course Number: 805A D24)
a. Objective. To provide selected enlisted personnel and DOD civilians with a working knowledge of the principles of military pay and the procedures involved in computing pay and entering data into the DJMS pay system.
b. Eligibility. This course is open to any military personnel or DOD civilians whose duties require this training.
c. Curriculum. 13 subcourses.
d. Subcourses. FI0172, FI0174, FI0175, FI0176, FI0184, FI0185, FI0186, FI0752, FI0806, FI0807, FI0808, FI0809, FI0811.
Section XIII
U.S. Army Infantry School

2–107. Infantry Field Grade Officer Refresher Training Course (Course Number: 071 Q11)

a. Objective. To provide refresher training for field grade officers.

b. Eligibility. Field grade officers of any branch or infantry captains who have completed the Infantry Officer Advanced Course more than 3 years ago and who require refresher training in selected subcourses.

c. Curriculum. 12 subcourses.

d. Subcourses. IN0801, IN0802, IN0821, IN0822, IN0800, IT0462, IT0468, IN0813, IS0823, IN0830, IN0831, IN0832.

2–108. RC Infantry Officer Advanced Course (Course Number: 071 A11)

a. Objective. To prepare commissioned officers of the Reserve Component who are not on active duty to command at company level.

b. Eligibility. RC commissioned officers of the rank first lieutenant or higher who have completed an officer basic course and whose branch is infantry or are on orders for an infantry assignment.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence. Must be completed before attending phase II.

(a) 24 subcourses.

(b) Subcourses. IS1801, IS1802, IS7006, IS7038, IS7045, IS8720, IN0821, IN0822, IN0504, IN0764, IN0760, IS3003, IT0462, EN5485, IN0766, IN0768, IN0721, IN0753, IN0754, IN0769, IN0810, IN0531, IN0772, IN0710.

(2) Phase II. 2 weeks resident training conducted at the Infantry School.

2–109. Primary Leadership Development Preparatory Course (Course Number: 071 D21)

a. Objective. To prepare soldiers in the rank of specialist/corporal and private first class for the Primary Leadership Development Course (PLDC). The resident course cannot be waived.

b. Eligibility. Soldiers in the rank of specialist/corporal and private first class.

c. Curriculum. 2 phases.

(1) Phase I.

(a) 10 subcourses.

(b) Subcourses. PD2201, PD2202, IS0345, IS1100, IS1460, IS7034, IS7035, IS7036, IS8700, IS8701.

(2) Phase II. After satisfactory completion of both phases, the student will receive a diploma from AIPD.

(a) 12 subcourses.

(b) Subcourses. IN0201, IN0202, IN0482, IN0487, IN0534, IN1008, IN1010, IN1012, IN1013, IN1015, IN1016, IS0788.

2–110. Basic Leadership Preparatory Course (Course Number: 071 D23)

a. Objective. To provide tactical skills and knowledge required by NCOs and junior officers. Successful completion of this course and additional training will enable soldiers to function tactically as NCOs and junior officers in any branch of the U.S. Army.

b. Eligibility. Warrant officers, enlisted personnel, sergeant and above (not waiverable), NG OCS candidates, and ROTC cadets.

c. Curriculum. 2 phases.

(1) Phase I.

(a) 8 subcourses.

(b) Subcourses. IS1100, IS1460, IS3002, IS7032, IS8718, IS8719, MP1023, QM3300.

(2) Phase II. After satisfactory completion of both phases, the student will receive a diploma from AIPD.

(a) 10 subcourses.

(b) Subcourses. EN5480, EN5485, IN0201, IN0497, IN0500, IN0551, IN1015, IS0788, IS0706.

2–111. RC Long-Range Surveillance Leader Course (LRSLC) (Course Number: 071 F11)

a. Objective. To prepare Reserve Component personnel in the rank of PVT through CPT to attend the LRSLC resident course. RC personnel taking this course must have a need to know this information with anticipation of being assigned to a position requiring the use of these subjects.

b. Eligibility. RC personnel in the rank of PVT through CPT.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence.

(a) 21 subcourses.

(b) Subcourses. IS0788, IN0484, IT0113, IT0421, IT0471, IN0551, *IT0637, IS0821, IS1143, SS0042, IT0468,
Note. *Completion of IT0637 requires a stereoscope, tube magnifier or magnifying glass, and a PI scale or inch ruler/centimeter scale.

(2) Phase II. Resident training. See DA Pam 351-4, U.S. Army Formal Schools Catalog, for information pertaining to the resident phase.

2–112. Battalion Intelligence and Operation Sergeant’s Course (Course Number: 071 F13)
   a. Objective. To prepare NCOs to perform the duties of a battalion intelligence and operation sergeant.
   b. Eligibility. NCOs in the rank of SSG through SGM. Must have completed basic or advanced refresher training or BNCOC or ANCOC.
   c. Curriculum. 16 subcourses.
   d. Subcourses. AG0101, IS3001, IS3005, IT0588, IS0788, IN0710, IS1100, IN0515, IN0813, IN0831, IN0832, IS3003, IN0534, IN0535, IN0531, IS4400.

2–113. Infantry Advanced Refresher Training Course (MOS 11B) (Course Number: 071 M50)
   a. Objective. To prepare personnel in MOS 11B in the rank of SSG and SFC to perform the duties and responsibilities of a platoon sergeant.
   b. Eligibility. SSG or SFC in MOS 11B.
   c. Curriculum. 21 subcourses.
   d. Subcourses. IN0531, IN0800, IN0551, IN0497, IN0498, IN0500, IN0501, IS7006, IN0503, IN0758, IN0515, EN0053, IN0528, IS8710, IS8718, IS8720, IS8701, IS8711, EN5480, EN5482, EN5485.

2–114. Infantry Advanced Refresher Training Course (MOS 11C) (Course Number: 071 M52)
   a. Objective. To prepare personnel in MOS 11C in the rank of SSG or higher to train and lead an infantry mortar platoon.
   b. Eligibility. SSG or higher in MOS 11C.
   c. Curriculum. 18 subcourses.
   d. Subcourses. IN0758, EN0053, IN0485, IN0531, IN0491, IS7006, IN0503, IN0500, IN0800, IN0515, IN0524, IN0526, IN0528, IN0511, EN5480, EN5482, EN5485.

2–115. Infantry Advanced Refresher Training Course (MOS 11H) (Course Number: 071 M54)
   a. Objective. To prepare personnel in MOS 11H in the rank of SSG or higher to train and lead a heavy antiarmor weapons platoon.
   b. Eligibility. SSG or higher in MOS 11H.
   c. Curriculum. 18 subcourses.
   d. Subcourses. IN0534, IN0503, IS3003, IN0541, IN0542, IN0543, IN0551, IN0726, IN0753, IN0501, IN0754, IN1010, IS8700, IS8701, IS8710, IS8718, IS8719, IS8720.

2–116. Infantry Advanced Refresher Training Course (MOS 11M) (Course Number: 071 M56)
   a. Objective. To prepare personnel in MOS 11M in the rank of SSG or SFC to train and lead an infantry fighting vehicle platoon.
   b. Eligibility. SSG or SFC in MOS 11M.
   c. Curriculum. 24 subcourses.
   d. Subcourses. IN0503, IS3003, IN0534, IN0479, IN0539, IN0500, IN0759, IN0501, IN0540, IS8700, IS8701, IN0551, IN0528, IN0754, IS8710, IS8718, IS8719, IS8720, IN0544, IN0545, IN0499, IN0478, EN5480, EN5485.

2–117. Infantry Basic NCO Common Core Subjects (Course Number: 071 D13)
   a. Objective. To provide instruction to increase the technical and tactical proficiency of soldiers in the performance of basic CMF 11 tasks.
   b. Eligibility. SSG or below in CMF 11.
   c. Curriculum. 20 subcourses.
   d. Subcourses. IN0493, IS3003, IN0726, IN0736, IN0752, IN0766, IN0800, IS0341, IS0343, IS0344, QM3601, IS0345, IS0347, IS7035, IS1100, IS3007, IS3002, IN0534, IN0535, EN5482.

2–118. Infantry Basic Refresher Training Course (MOS 11B) (Course Number: 071 M20)
   a. Objective. To prepare personnel in the rank of PVT through SSG to perform the duties of an infantry squad leader.
   b. Eligibility. SSG and below in MOS 11B.
   c. Curriculum. 15 subcourses.
2–119. Infantry Basic Refresher Training Course (MOS 11C) (Course Number: 071 M22)
   a. Objective. To prepare soldiers in the rank of PVT through SSG to perform the duties of an infantry mortar squad leader or fire direction center computer.
   b. Eligibility. SSG and below in MOS 11C.
   c. Curriculum. 16 subcourses.
   d. Subcourses. IN1008, IN1009, IN1010, IN1014, IN1015, IN1016, IN0201, IN0202, IN1012, IN1013, IN0511, IS0788, IN0487, IN0485, IN0493, IN1008, IN1009, IN1010, IN1014.

2–120. Infantry Basic Refresher Training Course (MOS 11H) (Course Number: 071 M24)
   a. Objective. To prepare soldiers in the rank of PVT through SSG to perform the duties of an antiarmor weapons section leader.
   b. Eligibility. SSG and below in MOS 11H.
   c. Curriculum. 17 subcourses.
   d. Subcourses. IN1010, IN0546, IN0547, IN1072, IN0541, IN0542, IN1008, IN1009, IN1013, IN1015, IN0487, IN0493, IS0788, IN0201, IN0202, IN0503, IN0511.

2–121. Infantry Basic Refresher Training Course (MOS 11M) (Course Number: 071 M26)
   a. Objective. To prepare soldiers in the rank of PVT through SSG to perform the duties of a Bradley Fighting Vehicle (BFV) squad leader.
   b. Eligibility. SSG and below in MOS 11M or 14R.
   c. Curriculum. 21 subcourses.
   d. Subcourses. IN1013, IN1015, IN1016, IN0201, IN0202, IN0539, IN0540, IS0788, IN0757, IN0487, IN0493, IN0503, IN0552, EN0053, IN0544, IN0545, IN1074, IN1075, IN1014, EN5480, EN5485.

2–122. TOW Unit Training Course (MOS 11H) (Course Number: 071 D15)
   a. Objective. To prepare personnel to function in an antiarmor section.
   b. Eligibility. Infantry branch officers and enlisted personnel in MOS 11H/19D.
   c. Curriculum. 9 subcourses.
   d. Subcourses. IN0547, IN0511, IN1072, IN0546, IN0534, IN0535, IN0541, IN0542, IN0543.

2–123. RC Military Observer Controller Course (Course Number: 071 F15)
   a. Objective. To provide RC officers and NCOs a working knowledge and skills required to perform as observer controller.
   b. Eligibility. RC officers and NCOs assigned to maneuver area commands, maneuver exercise commands, maneuver training commands, and infantry divisions.
   c. Curriculum. 8 subcourses.
   d. Subcourses. IS7004, FA8015, IN0822, IN0760, IN0832, IN0821, IN0831, IN0830.

Section XIV
U.S. Army Intelligence Center and Fort Huachuca

2–124. Total Army Training System (TATS) Military Intelligence Officer Transition Course (MIOTC) (Course Number: 301 T23)
   a. Objective. To provide branch training and a working knowledge of the duties and responsibilities of military intelligence (MI) officers at echelons division and below through one distance learning (correspondence) phase and one resident phase. This course is a prerequisite for Reserve Component branch transfers into MI and must be completed prior to enrollment in the MI Officer Advanced Course (MIOAC). This course will assign an Area of Concentration (AOC) of 35D, Tactical All-Source Intelligence Officer.
   b. Eligibility. RC commissioned officers, second lieutenant through captain, who are graduates of any officer basic course other than MIOBC who have submitted a branch transfer request to the MI branch or who require acquisition of AOC 35D for assignment purposes.
   c. Security clearance. All course materials are UNCLASSIFIED. Attendance at phase II, ADT, requires a final SECRET clearance with a special background investigation packet submitted. Students should verify eligibility requirements through their unit training officer or personnel management officer.
   d. Administration. Students must complete this course within 1 year of their initial enrollment date. Address request for exception to Commander, U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–RA, Fort Huachuca, AZ 85613–6000.
e. **Curriculum.** The course consists of two phases. Phase I is the distance learning (DL) phase. Phase II is a 2-week ADT session. Phases must be taken in sequence.
   
   (1) **Phase I.** Distance learning (correspondence).
      
      (a) 3 subcourses, total of 29 hours.
      
      (b) **Subcourses.** IS3010, IS3011, IS3003.
   
   (2) **Phase II.** ADT, resident training. 2 weeks (106.5 academic hours) of instruction presented by the 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT) at Fort Huachuca, AZ.

**2–125. RC Military Intelligence Career Captain’s Course (RC–MICC) (Course Number: 301 A12)**

a. **Objective.** To train military intelligence (MI) officers for duties as company commander, battalion/brigade S2, and MI staff officer at division, corps and joint task level, and to manage intelligence and electronic warfare (IEW) systems.

b. **Eligibility.** Reserve Component officers, first lieutenant through major, who are graduates of the MI Officer Basic Course or the MI Officer Transition Course.

c. **Security clearance.** Phase I does not require a security clearance. Attendance at both AT/ADT resident phases of this course requires a TOP SECRET clearance. Interim Security Clearances are authorized. Students must verify requirement through their unit training officer or personnel management officer.

d. **Administration.** Students must complete this course within 2 years of their initial enrollment dates. A 1–year extension can be granted upon written request with justification. Address requests for extensions to Commander, U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–RA, Fort Huachuca, AZ 85613–6000.

e. **Curriculum.** 4 phases. Phase I is a correspondence phase that provides the prerequisite knowledge students need before they can attend phase II. This phase provides practical applications of knowledge acquired in phase I; therefore, phase I must be accomplished before phase II is taken in residency. All four phases must be taken in sequence.
   
   (1) **Phase I.** Correspondence.
      
      (a) 16 subcourses.
      
      (b) **Subcourses.** IT0462, IT0421, IT0431, IT0432, IT0433, IT0503, IT0560, IT0661, IT0427, IT0478, IN0504, IT0466, IN0764, IT0565, IT0566, IT0583.
   
   (2) **Phase II.** Resident. 2 weeks resident (120 hours) instruction.

   (3) **Phase III.** Correspondence.
      
      (a) 11 subcourses.
      
      (b) **Subcourses.** IS3010, IS3011, IS7006, IS1801, IT0480, IT0468, IT0471, IT0464, IS3008, IT0550, IT0648.
   
   (c) 80 hours of U.S. Army Training and Doctrine Command (TRADOC) mandated common core subjects.
   
   (4) **Phase IV.** Resident. 2 weeks resident (112 hours) instruction at USAIC&FH, Fort Huachuca, AZ 85613–6000.

**2–126. RC Imagery Exploitation Course (AOC 35C) (Course Number: 301 Q13)**

a. **Objective.** To train selected Reserve Component and National Guard officers to perform the duties and responsibilities of an imagery exploitation officer.

b. **Eligibility.** RC officers, first lieutenant or above, and graduates of MI Officer Basic Course (MIOBC). Non-MIOBC graduates must be graduates of the RC MI Officer Transition Course or the RC MI Officer Advanced Course. Officers must meet selection criteria contained in applicable Army regulations. Attendance in this AOC is assignment driven, and officers must be on orders to a 35C assignment or already in a 35C position. Students must complete all 35C course phases in sequence. They must also complete all phases of this course within 2 years of phase II completion.

c. **Administration.** Students must complete this course within 3 years of their initial enrollment dates. A 1-year extension can be granted upon written request with justification. Address request for extension to Commander, U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–RA, Fort Huachuca, AZ 85613–6000.

d. **Curriculum.** 3 phases.

   (1) **Phase I.** Correspondence.
      
      (a) 15 subcourses.
      
      (b) **Subcourses.** AG0622, IS0788, IT0458, IT0644, IT0646, IT0652, IT0653, IT0654, IT0661, IT0667, IT0674, IT0677, IT0685, IT0687.
   
   (2) **Phases II and III.** Resident. Reserve Component will attend the Active Component course at USAIC&FH Huachuca. For information about these courses refer to the Fort Huachuca homepage at http://huachuca-usaic.army.mil. Proof of completion of correspondence phase is required prior to attending resident phases.

**Note.**

1. The 35G Electronic Warfare/Cryptology AOC course will attend the Active Component course at USAIC&FH Huachuca. The subcourse TA–103, Basic Traffic Analysis, is now required prior to RC–35G, SIGINT/EW Officer Course. TA–103 is distributed training available through your Test Control Officer from the National Security Agency, ATTN: E121L–C, Fort Meade, MD 20755-6000. Request must be made in memorandum, letter, or message format (this material cannot be ordered on DA Form 145). Call (410) 859-6618 or DSN 235-0111, FANX EXT 6618 for additional information. In addition to TA–103, a read-ahead packet.
consisting of SUPR TBEDIP, 'Signals Intelligence/Electronic Warfare Reference,' available from the 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT), Fort Huachuca, AZ 85613–0569, is now required. A diagnostic test on the material contained in the SUPR will be given at the beginning of the 35G course.

2. There is no specific AOC course for branch code 35D Tactical Intelligence Officer. The 35D AOC is awarded upon completion of the RC–MICC or the RC–MIOTC or MIOBC.

3. The 35E RC Counterintelligence Officer AOC consists of three phases. Phase I is an inactive duty training phase of 107 hours. Phases II and III will attend the Active Component course at USAIC&Ft.Huachuca. No correspondence subcourses are required for this AOC.

2–127. CI Familiarization Course (Course Number: 301 Q19)

a. Objective. To provide counterintelligence (CI) familiarization training to commissioned officers, warrant officers, and enlisted personnel who require a knowledge of CI in the performance of their duties.

b. Eligibility. Officers in specialty code 35 who have completed the MI MIOBC, warrant officers in MOS 350 (series) who have completed a warrant officer entry course, and enlisted personnel whose field is military intelligence and have completed an MI MOS–producing course.

c. Curriculum. 18 subcourses.

d. Subcourses. IT0759, IT0777, IT0753, IT0743, IT0776, IT0110, IT0771, IT0772, IT0468, IS1801, IT0425, IT0427, IT0606, IT0464, IT0466, IS3005, IT0469, IT0421.

2–128. Tactical Intelligence Familiarization Course (Course Number: 301 Q21)

a. Objective. To provide tactical intelligence familiarization training to commissioned officers, warrant officers, and enlisted personnel who require this knowledge in the performance of their duties.

b. Eligibility. Officers in specialty code 35 who have completed the MI MIOBC, warrant officers in MOS 350 (series) who have completed a warrant officer entry course, and enlisted personnel whose field is military intelligence and have completed an MI MOS–producing course.

c. Curriculum. 19 subcourses.

d. Subcourses. IS3001, IS3003, IS3002, IS3004, IS3005, IT0423, IT0425, IT0427, IT0606, IT0583, IT0480, IT0421, IT0464, IT0471, IT0469, IS3007, IT0478, IS3008.

2–129. Advanced Imagery Analyst Course (96D/350D/35C) (Course Number: 301 D11)

a. Objective. To provide a course of study for the Imagery Exploitation Officer, the Imagery Intelligence Technician, and the Imagery Analyst.

b. Eligibility. Officers with a specialty code of 35C, warrant officers with MOS 350D, and enlisted personnel with MOS 96D. Special equipment is required for some of these subcourses.

c. Curriculum. 27 subcourses.

d. Subcourses. IT0651, IT0655, IT0638, IT0669, IT0670, IT0680, IT0682, IT0689, IT0688, IT0676, IT0685, IT0664, IT0637, IT0641, IT0672, IT0673, IT0674, IT0675, IT0659, IT0661, IT0677, IT0678, IT0645, IT0652, IS3008, IS3009, IT0697.

(1) Special equipment is not required for the following subcourses: IT0659, IT0677, IT0661, IT0678, IS3008, IS3009.

(2) A coordinate scale (and protractor) (GTA 5–212)) is required for IT0641.

(3) A stereoscope, tube magnifier, or magnifying glass is required for the following subcourses: IT0637, IT0638, IT0641, IT0645, IT0651, IT0652, IT0655, IT0664, IT0669, IT0670, IT0672, IT0673, IT0675, IT0674, IT0676, IT0680, IT0682, IT0685, IT0688, IT0689.

Note. IT0637 also requires a PI scale or inch ruler/centimeter scale.

2–130. Basic Imagery Analyst Course (96D/350D/35C) (Course Number: 301 D13)

a. Objective. To provide a course of study for those newly commissioned military intelligence officers for their first imagery exploitation duty assignment. To refresh the Imagery Exploitation Officer, the Imagery Intelligence Technician, and the Imagery Analyst.

b. Eligibility. Officers with a specialty code of 35C, warrant officers with MOS 350D, and enlisted personnel with MOS 96D. Special equipment and supervisor action is required for some of these subcourses.

c. Curriculum. 18 subcourses.

d. Subcourses. IT0458, IT0658, IT0649, IT0660, IT0640, IT0644, IT0654, IT0653, IT0646, IT0643, IT0639, IT0662, IT0671, IT0665, IT0687, IT0667, IT0648, IT0696.

(1) Special equipment is not required for the following: IT0588, IT0665, IT0640, IT0667, IT0648, IT0671, IT0658, IT0687, IT0662.

(2) A stereoscope, tube magnifier, or magnifying glass is required for the following: IT0458, IT0646, IT0639, IT0649, IT0643, IT0653, IT0644, IT0654, IT0660.
(a) IT0639 also requires rubber cement or paper glue, sandpaper, orange grease pencil, razor blade, masking tape, and cutting board. Subcourse requires supervisor approval.
(b) IT0643 also requires rubber cement or paper glue, masking tape, cardboard for mounting, and a piece of 1/8-inch black tape. Subcourse requires supervisor approval.
(c) IT0644 also requires a photo interpretation (PI) scale and a PI slide rule or calculator.
(d) IT0646 also requires a PI scale, a PI slide rule or calculator, and a plotting template.

2–131. RC Military Intelligence Warrant Officer Reclassification Course (Course Number: 301 W10)

a. Objective. To reclassify USAR and ARNG Military Intelligence (MI) warrant officers to one of the following MOS: 350B (All-Source Analysis Technician), 350D (Imagery Interpretation Technician), 351B (Counterintelligence Technician), or 351E (Interrogation Technician).

b. Eligibility.

(1) USAR and ARNG MI warrant officers, not on active duty, who are assigned to MI units that have undergone or are scheduled to undergo reorganization that eliminates position requirements for their current MOS.

(2) Eligibility and justification for reclassification training must be submitted by the unit commander through the appropriate Army command to CONUSA and U.S. Army Forces Command (FORSCOM), or the state Adjutant General, to the U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–MI, Fort Huachuca, AZ 85613–6000. Applicants must receive a letter of approval from the Military Intelligence Proponent prior to beginning any reclassification training. This letter will indicate what training and experience must be obtained prior to receiving certification in the new MOS. Applicants should directly contact the Office of the Chief of Military Intelligence, ATZS–FD–MI, USAIC&FH, Fort Huachuca, AZ 85613–6000.

c. Curriculum. 3 phases.

(1) Phase I. Resident training. For reclassification into:

(a) MOS 350B. Completion of the MOS 96B resident enlisted AIT course at USAIC&FH, 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT), Fort Huachuca, AZ, or selected USARF School.

(b) MOS 350D. Completion of the 96D resident enlisted AIT course at USAIC&FH, 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT), Fort Huachuca, AZ, or selected USARF School.

(c) MOS 351B. Completion of the 97B resident enlisted AIT course at USAIC&FH, 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT), Fort Huachuca, AZ, or selected USARF School.

(d) MOS 351E. Completion of the 97E resident enlisted AIT course at USAIC&FH, 5th Bn (MI), 104th Regiment, 3rd Bde, 104th Div (IT), Fort Huachuca, AZ, or selected USARF School. For 351E, a rating of R2/S2/L2 in one foreign language is required, as verified by a current DA Form 330 (Language Proficiency Questionnaire), dated within 1 year of application for reclassification training, and validated by a DLPT III upon the start of phase III resident training.

(2) Phase II. Correspondence. Warrant officers being reclassified into the Military Intelligence Branch are required to complete phase I of the RC Warrant Officer Basic Course (WOBC) or the MI WOBC Common Core in residence. RC MI warrant officers who already hold one MI MOS and are reclassifying to another MI MOS who completed this requirement as a part of their original MOS certification do not need to repeat it.

(3) Phase III. Completion of the 350B, 350D, 351B, or 351E Warrant Officer Technical and Tactical Certification Course, also referred to as the 'MOS Track Course.' The prerequisite for the course is the WOBC Common Core in residence or the equivalent, phase I of the RC WOBC nonresident course.

2–132. RC WOBC Military Intelligence (MOS 350D/B, 351B/E, 352C/D/G/H/J/K and 353A) (Course Number: 301 W11)

b. Eligibility. Reserve Component warrant officers who have completed the Warrant Officer Candidate School at Fort Rucker, AL, or Fort McCoy, WI.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence.

(a) 16 subcourses.

(b) Subcourses. IS3003, IS3001, IS3005, IT0421, IT0458, IT0464, IT0772, IT0468, IT0735, IT0423, IT0425, IT0427, IT0469, IT0552, IS3007, IT0583.

(c) Additional reading: Although not required for completion of phase II, students are encouraged to enroll in IT0480, IT0560, IT0588.

(2) Phase II. Completion of the appropriate Warrant Officer Technical Tactical Certification Course (WOFTCC). Table 2–3 gives details.

2–133. Advanced Intelligence Analyst Course (AOC 35D/MOS 350B/D/L and 96B) (Course Number: 301 D17)
   a. Objective. To provide training to assist personnel in improving their job knowledge and performance.
   b. Eligibility. Commissioned officers, warrant officers, or enlisted personnel whose primary or secondary field or assigned duty position is AOC 35D, MOS 350B/D/L, or MOS 96B.
   c. Curriculum. 9 subcourses.
   d. Subcourses. IT0478, IT0480, IT0583, IT0559, IT0560, IT0425, IT0471, IS3003, IS3007.

2–134. Basic Intelligence Analyst Course (AOC 35D/MOS 350B/D/L and 96B) (Course Number: 301 D15)
   a. Objective. To provide training to assist personnel in improving their job knowledge and performance.
   b. Eligibility. Commissioned officers, warrant officers, or enlisted personnel whose primary or secondary field or assigned duty position is AOC 35D, MOS 350B/D/L, or MOS 96B.
   c. Curriculum. 11 subcourses.
   d. Subcourses. IT0426, IT0464, IT0462, IT0565, IT0566, IT0550, IT0552, IT0423, IT0113, IS3001, IS3002.

2–135. RC Imagery Analyst Interim Total Army Training System (TATS) Course (MOS 96D10) (Course Number 301 T20)
   a. Objective. To provide reclassification training to Reserve Component soldiers in MOS 96D10.
   b. Eligibility. Reserve Component enlisted personnel in the grades E–1 through E–7 who have been recommended for training by their unit commander, who are assigned to a 96D position requiring the knowledge and skills related to the analysis and exploitation of imagery intelligence, and who meet all the requirements listed in AR 611–201.
   c. Administration. Both components of phase I must be completed before the student can begin phase II. To facilitate phase II inprocessing, students should bring their phase completion certificates to the resident training site.
   d. Curriculum. This course consists of four phases. Phases I and III are correspondence and distance learning. Phases II and IV are both 2-week resident phases.
      (1) Phase I. Correspondence and distance learning.
          (a) 8 subcourses, totaling 34 hours.
          (b) Subcourses. IS3005, IT0662, IS0788, IT0644, IT0671, IT0685, IT0642, IT0641.
          Note. Phase I has a paper-based distance learning component associated with it. To obtain the materials that support this component, students must request the materials through their units. Send the request to Commander, 111th Military Intelligence Brigade, ATTN: ATZS–TP (Reserve Component Cell), Fort Huachuca, AZ 85613–6000.
      (2) Phase II. Two weeks resident training at the 5th Battalion (MI), 104th Regiment, 3rd Brigade, 104th Division (IT), Fort Huachuca, AZ.
          (3) Phase III. Correspondence and distance learning.
              (a) 2 subcourses, totaling 9 hours.
              (b) Subcourses. IT0645, IT0648.
              Note. Phase III also has a paper-based distance learning component associated with it. To obtain the material, refer to address in the above note.
      (4) Phase IV. Two weeks resident training at same location as phase II training.

2–136. Aerial Sensor Specialist Course (MOS 96H) (Course Number: 301 M11)
   a. Objective. To provide training to assist enlisted personnel in improving their job knowledge and performance.
   b. Eligibility. Enlisted personnel whose primary, secondary, or additional MOS is 96H.
   c. Curriculum. 4 subcourses.
   d. Subcourses. IS3005, IS0788, IT0626, IT0619.
2–137. **Ground Surveillance Radar Systems Operator Refresher Course (MOS 96R)** (Course Number: 301 M13)

a. **Objective.** To provide a course of study for primary and secondary MOS 96R personnel wishing to maintain or increase their job proficiency.

b. **Eligibility.** Enlisted personnel of the Reserve or Active Component of the U.S. Army or other Services whose primary or secondary MOS is 96R or its equivalent. Equipment: Portions of this course of study are supervised on-the-job training (SOJT) subcourses. When taking these portions of the course, you must have, or be able to obtain, access to the following equipment: 1 complete AN/PPS–5(SERIES) radar set (TM 11–5480–298–12, figs 1–1, 1–1.1, and 1–1.2); PP–4127/U battery charger (TM 11–6130–381–14, fig 1–1); multimeter TS–352B/U (TM 11–6625–366–15, fig 1–1), lensatic compass, radar surveillance card and plotter (SCAP) (GTA 30–1–22); coordinate scale and protractor (GTA 5–2–12); face shield; hard bristle nylon brush; rubber apron, rubber gloves; distilled water; and complete AN/PPS–15A(V)1 radar set (TM 11–5480–347–13, fig 1–1 and 1–1.1). If you do not have access to this equipment, you will not be able to complete the course of study. You may request individual subcourses by number; however, you cannot complete the following subcourses unless you have access to specific equipment: IT0502, IT0507, IT0508, IT0523, IT0524, IT0525, and IT0527.

c. **Curriculum.** 28 subcourses.

d. **Subcourses.** IS0788, IS3005, IS3003, IT0471, IT0560, IT0552, IT0302, IT0462, IT0421, IS3004, IT0523, IT0508, IT0520, IT0524, IT0525, IT0527, IT0506, IT0507, IT0513, IT0515, IT0503, IT0504, IT0505, IT0509, IS8700, IT0510, IT0511, IT0514.

2–138. **RC Ground Surveillance Systems Operator Total Army Training System (TATS) Course (MOS 96R10)** (Course Number 301 T10)

a. **Objective.** To provide reclassification training to Reserve Component soldiers in MOS 96R10.

b. **Eligibility.** Reserve Component enlisted personnel in the grades E–1 through E–8 who meet the prerequisites outlined in AR 611–201.

c. **Administration.** Phases I and II must be completed before the student can begin Phase III. To facilitate Phase III inprocessing, students should bring their Phase II completion certificate to the resident training site.

d. **Curriculum.** This course consists of three phases. Phases I and II are distance learning phases. Phase III is a 2-week resident training phase.

(1) **Phase I.** Distance learning (Web-based instruction).

(2) **Phase II.** Distance learning(correspondence).

(a) 4 subcourses, totaling 38 hours.

(b) **Subcourses.** IS0788, IT0507, SS0754, SS0755.

Note. This phase can also be taught at a Total Army School System (TASS) Military Intelligence (MI) Battalion during Inactive Duty Training (IDT) should the student population geographically exist to support such training. Therefore, before enrolling in this phase, it is imperative that students obtain clearance to do so from the TASS MI Battalion at which they will attend resident instruction.

(3) **Phase III.** Two weeks resident training at a TASS MI Battalion.

2–139. **Advanced Unmanned Aerial Vehicle (UAV) Operator Course (MOS 96U)** (Course Number 301 M42)

a. **Objective.** To provide training for enlisted personnel in MOS 96U to improve their job knowledge and performance, and to qualify for promotion.

b. **Eligibility.** Enlisted personnel whose primary, secondary, or additional MOS is 96U. NCOs being assigned to battalion or higher operations sections are required to complete this course.

c. **Administration.** Students must complete the Basic UAV operators course before enrolling in this course. Completion of this course is a prerequisite for attendance at BNCOC.

d. **Curriculum.** 10 subcourses.

e. **Subcourses.** IT0503, IT0113, IT0557, IS3001, AV1504, AV0950, AV0568, AV0695, IS3002, IT0560.

2–140. **Basic Unmanned Aerial Vehicle (UAV) Operator Course (MOS 96U)** (Course Number 301 M40)

a. **Objective.** To provide training for enlisted personnel in MOS 96U to improve their job knowledge and performance, and to qualify for promotion.

b. **Eligibility.** Enlisted personnel whose primary, secondary, or additional MOS is 96U. NCOs being assigned to battalion or higher operations sections are required to complete this course.

c. **Administration.** Students must complete this basic course before enrolling in the Advanced UAV Operators Course.

d. **Curriculum.** 4 subcourses.

e. **Subcourses.** IT0649, OD1009, AV0567, AL9005.
2–141. Counterintelligence Agent Course (MOS 97B) (Course Number: 301 M15)
   a. Objective. To provide refresher training for enlisted personnel in improving their job skills and to provide
      familiarization to personnel whose current duties or assignment requires a working knowledge of counterintelligence
      functions.
   b. Eligibility. Commissioned officers, warrant officers, or enlisted personnel whose primary or secondary field or
      assigned duty position is AOC 35E, MOS 351E/B, or MOS 97B.
   c. Curriculum. 16 subcourses.
      d. Subcourses. IS3005, IT0743, IT0735, IT0771, IT0772, IT0749, IT0753, IT0759, IT0466, IT0421, IT0464,
         IT0468, IS3007, IT0777, IT0776, IT0110.

2–142. Human Intelligence Collector Course (MOS 97E) (Course Number: 301 M27)
   a. Objective. To provide nonresident training to personnel holding MOS 97E as their primary or secondary MOS to
      enhance their overall job knowledge.
   b. Eligibility. Commissioned officers, warrant officers, or enlisted personnel whose primary or secondary field or
      assigned duty position is AOC 35E, MOS 351E/B, or MOS 97E.
   c. Curriculum. 21 subcourses.
      d. Subcourses. IS0788, SS0002, IT0471, IT0560, IT0421, IS3001, IT0462, IS1802, IT0606, IT0598, IT0597,
         IT0604, IT0599, IT0601, IT0596, IT0600, IT0583, IT0425, IS8700, IT0602, IT0603.
   Note. This course was formerly known as the Interrogator Course (M17).

2–143. Basic Electricity and Electronics Special Course (CMF 33) (Course Number: 301 D19)
   a. Objective. To provide personnel with basic theory and problem-solving skills in electricity, electronics, and
      supporting mathematics.
   b. Eligibility. Primarily for enlisted personnel in CMF 33 or related MOS requiring a knowledge of electricity and
      electronics theory. One year of high school algebra is strongly recommended.
   c. Curriculum. 18 subcourses.
      d. Subcourses. IT0332, IT0333, IT0334, IT0335, IT0336, IT0337, IT0338, IT0339, IT0340, IT0341, IT0342,
         SA0718, IT0348, IT0349, IT0350, IT0351, SA0746, IT0353.

2–144. RC IEW/Intercept Systems Repairer (MOS 33W10–RC) (Course Number: 301 M23)
   a. Objective. To provide USAR personnel with training requiring this knowledge in their duties as MOS 33W10.
   b. Eligibility. Enlisted soldiers of the Reserve Components who are assigned to USAR troop program units and
      serve as IEW systems repairers.
   c. Curriculum. 27 subcourses.
      d. Subcourses. SS0713, IT0332, IT0333, IT0334, IT0335, IT0336, IT0337, IT0338, IT0339, IT0340, IT0341, IT0342,
         IT0343, IT0344, IT0345, IT0346, IT0348, IT0349, IT0351, IT0353, MM0308, MM0309, MM0320, IS1143,
         MM0327, IT0302, MM0474.

2–145. Basic Cryptanalysis Course (MOS 98C) (Course Number: 301 M25)
   a. Objective. To train the student in basic cryptanalysis techniques. The course materials are FOR OFFICIAL USE
      ONLY. The course includes intensive problem-solving exercises and examinations.
   b. Eligibility. Officers with AOC 35 and warrant officers in MOS 350–series. Enlisted personnel in MOS 98C or
      SGTs and above in CMF 98. DOD civilian employees whose duties require training in cryptanalysis.
   c. Curriculum. 3 subcourses.
      d. Subcourses. IS3005, IT0310, IT0312.

2–146. Communications Interceptor/Locator Course (MOS 98H) (Course Number: 301 M33)
   a. Objective. To provide the student with skills and knowledge related to communications intercept/locator
      operations.
   b. Eligibility. Enlisted personnel in CMF 98.
   c. Curriculum. 9 subcourses.
      d. Subcourses. IS3005, IT0300, IT0301, IT0302, IT0303, IT0305, IT0306, IT0307, IT0309.

2–147. RC Non-Communications Interceptor/Analyst Course (MOS 98J10–RC) (Course Number: 301 M35)
   a. Objective. To provide USAR enlisted personnel with the training required for award of MOS 98J10.
   b. Eligibility. Enlisted soldiers of Reserve Components in CMF 98.
   c. Curriculum. 5 subcourses.
d. Subcourses. IS3003, IS0788, IS1143, IS3005, IS3001.

2–148. Non-Morse Interceptor Analyst Course (MOS 98K) (Course Number: 301 M37)

a. Objective. To provide the student with skill and knowledge related to teletypewriter intercept and radio transmission activities. This course will not attempt to teach Morse code or intercept operations.

b. Eligibility. Enlisted personnel in CMF 98.

c. Curriculum. 17 subcourses.

d. Subcourses. IT0300, IT0469, IS3005, IS0788, IT0560, IT0552, IT0113, IS3007, IT0421, IT0464, IT0840, IT0771, IT0763, IT0841, IT0842, IT0843, IT0772.

2–149. Journeyman Signals Intelligence Analyst Course

a. Objective. To train junior enlisted soldiers and warrant officers in the skills and knowledges required to perform duties as a Journeyman Signals Intelligence Analyst.

b. Eligibility. Active and Reserve Component personnel in MOS 98C in grades specialist (SP) and SGT.

c. Security clearance. TOP SECRET and indoctrinated for Special Intelligence.

d. Administration. Students must complete the course within 2 years of their initial enrollment date. For a one-year extension, students must submit a written request with supporting justification to Commander, U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–RA, Fort Huachuca, AZ 85613–6000.

e. Curriculum. Three modules, nine subcourses. Module 1 provides journeyman-level multi-mode anlytic skills and knowledges. Module 2 builds apprentice-level skills associated with collective management at strategic and tactical echelons. Although not required, it is recommended that students complete Module 1 and Module 2 before starting Module 3.

1) Module 1. Analysis, 5 subcourses: EA030 National Cryptologic School (NCS), IT001 (NCS), ND170 (NCS), TA090 (NCS), FA6173.

2) Module 2. Reporting, 2 subcourses: IS11F (NCS), TA181 (NCS).

f. How to enroll. Students must enroll in ATRRS. To obtain subcourses FA6173 and IT0560, enroll electronically through AIPD’s Web site. Request National Cryptologic School courses through the unit Test Control Officer from one of the following addresses. Mail: S331 IL–C, National Security Agency, 9800 Savage Road STE 6804, Fort Meade, MD 20755–6804; Message: NSA/CSS/S33IIIL–C INFO (Appropriate Command HQ); e-mail: E124FLD@NSA.

2–150. Master Signals Intelligence Analyst Course

a. Objective. To train NCOs and warrant officers in the skills and knowledges required to perform duties as a Master Signals Intelligence Analyst.

b. Eligibility. Active and Reserve Component personnel in MOS 98C, grades SSG and SFC, and MOS 352C warrant officers in grades WO1 and CW2.

c. Security clearance. TOP SECRET and indoctrinated for Special Intelligence.

d. Administration. Students must complete the course within 2 years of their enrollment date. For a one-year extension, students must submit a written justification to Commander, U.S. Army Intelligence Center and Fort Huachuca, ATTN: ATZS–RA, Fort Huachuca, AZ 85613–6000.

e. Curriculum. Three modules, six subcourses. Module 1 expands the master-level knowledge required to conduct network analysis and support information operations. Module 2 trains the skills and knowledge needed to develop competent reports capable of effectively communicating intelligence. Module 3 provides the master-level management skills needed to successfully execute collection management in a dynamic operational environment.

1) Module 1. Analysis, 2 subcourses: EA190 (National Cryptologic School (NCS)), GN101 (NCS).

2) Module 2. Reporting, 2 subcourses: MG384 (NCS), TM203 (NCS).

f. How to enroll. Students must enroll in ATRRS and request National Cryptologic School courses through their unit Test Control Officer from one of the following addresses. Mail: S331 IL–C, National Security Agency, 9800 Savage Road STE 6804, Fort Meade, MD 20755–6804; Message: NSA/CSS/S33IIIL–C INFO (Appropriate Command HQ); e-mail: E124FLD@NSA.

Section XV
The Judge Advocate General's School

2–151. Equivalent and constructive credit

a. Equivalent credit for specific subcourses will be granted upon successful completion of essentially the same instruction at another institution or as part of another correspondence course. The equivalent instruction must have been completed not more than 4 years prior to enrollment in the course for which the student wishes to apply the equivalent credit.

b. Resident credit for each of the subcourses listed below is given for completion of the resident courses shown.
Table 2–4
Resident courses at the Judge Advocate General’s School

<table>
<thead>

</table>

c. There will be no equivalent credit granted for writing exercises.

d. Awards of resident credit for resident courses will apply toward the annual enrollment requirements for the enrollment year in which the award is made. Awards of constructive and equivalent credit do not count toward annual credit hour requirements.

e. Written applications for constructive or equivalent credit may be submitted to: Commandant, The Judge Advocate General’s School, U.S. Army, ATTN: JAGS–ODC, Charlottesville, VA 22903–1781.

2–152. Reserve Component Judge Advocate Officer Basic Course (55A) (Course Number: 181 B11)

a. Scope. This course provides basic branch orientation and training for Reserve Component officers who have received a commission in the Judge Advocate General’s Corps without concurrent orders to active duty. The course serves as a branch qualification course for Reserve Component officers.

b. Prerequisites. Attorneys who have been appointed in a Reserve Component to the Judge Advocate General’s Corps. A copy of the appointment must accompany the request for enrollment.

c. Academic requirements. Students must complete the entire correspondence course within 2 years of enrollment.

d. Curriculum. Two phases.

(1) Phase I. Resident Military Instruction. Phase I is conducted as a resident military orientation course at Fort Lee, Virginia. Officers appointed as Reserve Component judge advocates normally complete this 2-week program as their first Annual Training after receiving their appointment. Before a diploma will be issued for completion of the Basic Correspondence Course, students must furnish proof of completion of phase I or receive equivalent credit (for example, by previously completing another branch basic course).

(2) Phase II. Nonresident Legal Military Subjects.

(a) 20 subcourses.

(3) Phase II. Resident Legal Military Instruction. Phase II is a 2-week resident course of instruction at The Judge Advocate General’s School, and will further develop and apply the knowledge learned in phase I. Officers appointed as Reserve Component judge advocates normally complete this program as their Annual Training. 84 credit hours.

2–153. Reserve Component Judge Advocate Officer Advanced Course (55A) (Course Number: 181 A11)

a. Scope. This course provides a working knowledge of the duties and responsibilities of field grade Judge Advocate General’s Corps officers. This course was completely revised effective 1 October 1992. A 2-week resident phase (phase II) is now required.

b. Prerequisites. Individuals who—

(1) are commissioned officers assigned to the Judge Advocate General’s Corps (or another Service’s equivalent legal branch), and

(2) have completed or received credit for the Judge Advocate Officer Basic Course (or another Service’s equivalent course). Active duty Army judge advocates must obtain approval of the Personnel, Plans, and Training Office, OTJAG, before enrolling in the Judge Advocate Officer Advanced Course (JAOAC).

c. Academic requirements. Students must complete a minimum of 60 credit hours each enrollment year and must complete the entire correspondence course within 2 years. Students must complete phase I before they are eligible to attend phase II.

d. Curriculum. Two phases.

(1) Phase IA. Nonresident Legal Subjects.

(a) 20 subcourses.

(b) Subcourses. JA0112, JA0121, JA0122, JA0123, JA0124, JAA125, JAB125, JA0126, JA0127, JA0128, JA0129, JA0130, JA0131, JA0132, JA0133, JA0134, JA0135, JA0136, JA0137, JA0142, JA0151.

(2) Phase IB. Nonresident Military (Common Core) Subjects.

(a) 4 subcourses.

(b) Subcourses. IS7006, IS7038, IS7045, IS8720.

(3) Phase II. Resident Legal Military Instruction. Phase II is a 2-week resident course of instruction at The Judge Advocate General’s School, and will further develop and apply the knowledge learned in phase I. Officers appointed as Reserve Component judge advocates normally complete this program as their Annual Training. 84 credit hours.
2–154. **Army Legal Administrators Pre-Appointment Course (MOS 71D) (Course Number: 181 M10)**
   a. **Scope.** This course prepares legal noncommissioned officers for appointment as legal administrators.
   b. **Prerequisites.** Military personnel in the rank of SPC(P) or above who have a primary MOS of 71D or equivalent specialties. Civilian employees and other military personnel who meet the minimum grade requirements and are working in a military legal office are also eligible to enroll.
   c. **Academic requirements.** Students must complete a minimum of 60 credit hours each enrollment year and must complete the entire course in 2 years.
   d. **Curriculum.** 15 subcourses.
   e. **Subcourses.** AG0516, FI2026, FI2028, FI3046, IS0103, IS3005, IS7008, IT0110, JA0002, JA0012, JA0023, JA0043, JA0058, JAA125, JAA151.

2–155. **Pre-Advanced Noncommissioned Officer Course (MOS 71D) (Course Number: 181 M30)**
   a. **Scope.** This course prepares Army personnel to perform duties as senior legal noncommissioned officers in a paralegal capacity. The course provides mandatory prerequisite nonresident instruction for attendance at the resident phase of the Advanced Noncommissioned Officer Course.
   b. **Prerequisites.** Military personnel must have completed resident 71D Basic Noncommissioned Officer Course.
   c. **Academic requirements.** Students must complete the entire course within 1 year of enrollment.
   d. **Curriculum.** 6 subcourses.
   e. **Subcourses.** IS1801, IS7006, IS7036, IS7038, JA0133, JAA151.

2–156. **Pre-Basic Noncommissioned Officer Course (MOS 71D) (Course Number: 181 M20)**
   a. **Scope.** This course prepares Army personnel to perform duties as legal noncommissioned officers in a paralegal capacity. The course provides mandatory prerequisite nonresident instruction for attendance at the resident phase of the Basic Noncommissioned Officer Course.
   b. **Prerequisites.** Student must have completed 71D AIT.
   c. **Academic requirements.** Students must complete the entire course within 1 year of enrollment.
   d. **Curriculum.** 7 subcourses.
   e. **Subcourses.** IS7034, IS7035, IS1460, JA0026, JA0030, JA0058, JAE161.

2–157. **Phase I Reserve Component Advanced Individual Training Course (MOS 71D)**
   a. **Scope.** This course serves as the first phase of MOS qualification for Reserve Component soldiers reclassifying into MOS 71D.
   b. **Prerequisites.** Soldiers must be non-promotable SSG (E6) or below and must meet all other prerequisites as stated in AR 611–201. Upon arrival at the resident phase II, soldiers will be administered a typing test. Soldiers must type 30 net words per minute to enter phase II. Failure to meet the typing requirement will result in disenrollment from phase II.
   c. **Academic requirements.** This course is now offered as a web based course. Go to the JAGCNet web site at http://www.jagcnet.army.mil/. Select JAG University from the menu. At the next screen select new registration. Complete the registration. You will receive verification of enrollment via email. You then access JAG University using your user name and password. Select Education Center from the menu and then select Legal Specialist Courseware. At the next screen select Legal Specialist Advanced Individual Training Course (Phase I).
   d. **Curriculum.** 7 subcourses.
   e. **Subcourses.** JA202, JA306, JA307, JA308, JA309, JA310, JA902.

**Section XVI**
**U.S. Army Logistics Management College**

2–158. **General.** The U.S. Army Logistics Management College (ALMC) correspondence courses are designed to develop management skills in individuals with current or potential assignment to positions of responsibility in the Department of Defense (DOD) logistics systems. For a complete list of ALMC courses and descriptions, visit the ALMC Web site at www.almc.army.mil.

   a. **Purpose.** You must meet specific prerequisites shown in the course synopses. If you are from a non-DOD federal agency or private industry, you must attach a check or money order to your application and send it to: Cmndt, USA Logistics Management College, ATTN: ATCL-RQA, 2401 Quarters Rd, Ft Lee VA 23801-1705. Payment should be made to the Treasurer of the United States. The current charge is $40.00 per equivalent day and is subject to change. Equivalent day is defined as: credit hours per subcourse divided by 8 hrs=equivalent day (e.g. 110 credit hours/8=13.75x$40.00=$550.00 tuition). The ALMC Budget point of contact can be reached at DSN 539-4105 or (804)765-4105.

   b. **Enrollment prerequisites.** The American Council on Education (ACE) has examined ALMC correspondence
courses and has recommended undergraduate and graduate-level credit which may be granted by civilian educational institutions. When applicable, the number of recommended semester hours of credit is given under the course description. A transcript of courses you have completed will be forwarded to civilian institutions upon your request. Requests must be in writing and sent to the Army Institute for Professional Development, U.S. Army Training Support Center, ATTN; ATIC IPS Student Services, Wilson Dr, Building 3306, Newport News, VA 23628–0001.

d. Testing for ALMC courses. Tests are administered in two ways. Some courses contain exams and answer sheets; these tests do not require a test monitor and you may take them after you finish studying the course materials. Other courses that do not include test materials require you to designate a Test Control Officer (TCO) to administer the exam. This person should be an education center TCO whenever possible. Those individuals who do not have access to an education center may request an exception to policy and name a commissioned officer of a higher rank than the student to act as TCO. Your exam will be mailed to the TCO. You should contact your TCO for an appointment to take the exam. Depending on the course, you may have from 2 to 8 hours to complete the exam.

e. Failing scores. If you are enrolled in a single-subcourse or a course with multiple-subcourses and your examination score for subcourse is less than 70 percent, you will be allowed to retest after waiting 30 days. Credit hours are earned only when examination scores are 70 percent or above. After retesting, if your score remains less than 70 percent, your enrollment will be cancelled and you must wait 3 months to reenroll.

f. Completion of course. You will be sent a computer generated certificate when you complete a course consisting of only one subcourse. For courses containing multiple subcourses, you will be issued a diploma or certificate.

2–159. Army Maintenance Management Course (Course Number: 907 D21)

a. Objective/Scope. To provide students with knowledge of AMC maintenance development and support role as an integral part of the Army logistics system. It addresses the relationship of maintenance to other logistic functions, the development and satisfaction of materiel requirements, maintenance engineering, and maintenance operations.

b. Eligibility. Nominees should be SSG–SGM, WO1–CW4, 2LT–LTC, or GS–7 or above. Commissioned and Warrant Officers should have 2 years of active duty remaining after course completion, and should be assigned, or on orders, to a position requiring knowledge of the Army maintenance management responsibilities. Civilians should hold, or anticipate holding, positions requiring knowledge of Army maintenance management responsibilities, and should have, or demonstrate potential for, supervisory duties.

c. Curriculum. 2 subcourses. LM0048 (52 credit hours) and LM0049 (55 credit hours).

d. Course length. 1 year.

e. Recommended academic credit. 4 semester hours undergraduate.

2–160. Associate Logistics Executive Development Course (Course Number: 907 D25)

a. Objective/Scope. The ALEDC serves as the Army’s senior logistics course for Reserve Component officers, active duty military, and civilian managers, preparing them for executive and policy-making mobilization assignments. The course provides insights into the multifunctional areas of logistics and their integration within DOD. Students gain a fuller understanding of the interface between the Army in the field, DOD’s logistics structure, and industry. The course expands and enhances fundamental management skills. Course completion meets officer education requirements and qualifies an RC officer for promotion to lieutenant colonel as stipulated in AR 135–155.

b. Eligibility. This course is open to active duty military, civilian, and reserve component officers as outlined below:

(1) Military Active Duty. CPT or above; must have not less than 8 years and not more than 15 years of commissioned service. Must have an MOS/specialty requirement of 15D, 51A, 53A, MSC 70 series, 88, 90, 91, 92, or 97A. U.S. Army officers must have completed or been awarded constructive credit for branch career courses and must have 3 years of anticipated active duty service remaining after completion of the course.

(2) Civilians. Civilian personnel must have career status, GS–11 or above, with at least 5 years cumulative experience in military logistics, or closely related industrial experience and anticipate at least 5 years of service remaining after course completion.

(3) Reserve Component. Reserve Component officers who have a primary or secondary specialty code in the logistics field, have reached the grade of CPT or above, and have completed the Branch Officer Advanced Course. Completion of CGSOC is desirable. Nominees must be able to complete the course with at least 3 years service remaining before their basic date of mandatory removal and must meet height and weight standards listed in AR 600–9. Reserve Component officers should contact their respective professional management officers for enrollment procedures.

(4) Warrant Officers. Warrant Officers must be W2(P), must have completed the Warrant Officer Advanced Course, must not exceed 22 years active WO service, and must have a bachelor’s degree.

c. Curriculum. 5 phases. A student must pass all five phases of ALEDC to be awarded a diploma.

(1) Phase I, Theater Combat Logistics Part I. 1 subcourse, LM0270 (86 credit hours). Students should note that CSS Field Manuals for this subcourse will be issued on CD–ROM. This phase is designed to provide senior captains and field grade officers in multifunctional CSS positions with the background knowledge to arm, fuel, fix, move, protect, and sustain soldiers and their systems in combat. Phase I is a prerequisite to phase V. Students who have
successfully completed the Reserve Components Multifunctional Combat Service Support Course (RCMCSS) must request a waiver of ALEDC Phase 1.

Note. Phase I and RCMCSS satisfy educational prerequisites for awarding FA 90A. See DA Pam 600–3 for additional information.

(2) Phase II, Acquisition Process. 1 subcourse, LM0272 (72 credit hours). The life cycle model is the common denominator for all subjects in this phase. This phase introduces the student to requirements generation acquisition logistics planning, research and development, testing, project management, acquisition and contract management.

(3) Phase III, Materiel Readiness. 2 subcourses, LM0074 (51 credit hours) and LM0075 (44 credit hours). This phase provides an understanding of requirements determination for and management of major and secondary items and the relationship and significance of maintenance, transportation, distribution, and disposal.

(4) Phase IV, Decision Sciences. 1 subcourse, LM0140 (180 credit hours). (You must return the commercial text received with this subcourse before you can be issued a phase completion notice.) This phase provides a general knowledge of economics, statistics, and operations research, with applications to logistics-related problems. Due to the difficulty of this phase, it should be taken in residence if possible.

(5) Phase V, Theater Combat Logistics Part II. 1 subcourse, LM0278 (80 credit hours). Students should note that CSS Field Manuals for this subcourse will be issued on CD–ROM. This phase builds upon the knowledge gained in phase I. It takes the student through mobilization, deployment, and redeployment associated with Corps and Theater contingency operation. Completion of phase I or RCMCSS is required for enrollment in phase V.

d. Course length. Students are required to complete the ALEDC program in a 4-year timeframe. Disenrollment will be automatic at the end of the fourth year, and students then will be required to re-enroll in the entire program. ALEDC consists of five phases.

e. Recommended academic credit. 14 semester hours undergraduate; 3 semester hours graduate. Note that in addition to the stated ACE recommendation of academic credit, the Florida Institute of Technology and ALMC are preparing an MOU to identify graduate credit that would be awarded for successful completion of some resident ALEDC phases. A total of 6–9 hours being discussed.

f. Failing scores.

(1) Students must pass (with a grade of 70 percent or better) all phases and subcourses within a phase of ALEDC.

(2) Students will be allowed to retest twice on any phase or sub-course of a phase failed. Failure to pass after original and two retests will result in disenrollment from the phase.

(3) Students disenrolled due to phase or sub-course failure must wait 3 months before applying for reenrollment.

(4) Upon reenrollment, credit may be granted for any ALEDC phase(s) successfully completed. The award of this credit will be made after an evaluation of the student’s records.

a. Objective/Scope. To provide students with the knowledge to identify and classify hazardous materials and hazardous wastes; covers health effects and personal safety; packaging, labeling, handling, storage, and transportation procedures; contingency planning and release responses; and hazardous materials and hazardous waste laws, regulations, and policies.

b. Eligibility. Nominees must be military or civilian personnel (or supervisors of personnel) who package, handle, store, transport, or manage hazardous materials or wastes.

c. Curriculum. 1 subcourse, LM0045 (24 credit hours).

d. Course length. 6 months.

2–162. Defense Reutilization and Marketing System—an Introduction (Course Number: 907 D15)

a. Objective/Scope. To provide students an overview of the DOD Reutilization and Marketing System. Emphasis is placed upon the organization and policies and procedures established to obtain program objectives. Primary areas of study include excess turn-in procedures and the reutilization screening and withdrawal process. The course also covers other special programs including demilitarization, precious metals recovery, environmental concerns, donation and marketing of surplus personal property.

b. Eligibility. Open to anyone eligible for enrollment in the Army Correspondence Course Program.

c. Curriculum. 1 subcourse, LM0080 (20 credit hours).

d. Course length. 6 months.

2–163. Defense Distribution Management Course (Course Number: 907 D23)

a. Objective/Scope. To provide students with knowledge of management and operational aspects of the DOD wholesale supply and distribution systems, with emphasis on the major depot functions of receipt, storage, care, distribution, and control of materiel. The relationship of these functions to other logistical functions is considered for application to, and association with, the integrated wholesale logistics system.

b. Eligibility. Enlisted, E5(P) or above, and officers and warrant officers having 2 years of active duty remaining after course completion (reservists must have 2 years remaining before reaching their mandatory removal date after
course completion); they should presently be in, or on orders to, a position requiring knowledge of wholesale supply and distribution management. Civilians should be WG–5 or above or GS–7 or above assigned or anticipating assignment within the logistics management field requiring a knowledge of wholesale supply and distribution management and having supervisory or demonstrated potential for supervisory responsibility. Management trainees should anticipate having 1 year of government service remaining after completing this course; this is applicable to interns assigned to depots regardless of career field.

c. **Curriculum.** 2 subcourses, LM0034 (79 credit hours) and LM0035 (79 credit hours).

d. **Course length.** 1 year.

e. **Recommended academic credit.** 4 semester hours undergraduate.

2–164. **Introduction to Defense Financial Management (Course Number: 907 D11)**

a. **Objective/Scope.** To increase the managerial skills and efficiency of DOD personnel by providing an overview of financial systems, statutory controls, and programs. This course encompasses defense financial systems and controls to include: financial laws; Planning, Programming, and Budgeting System; defense appropriations; working capital funds; review and analysis; accounting; audit; and productivity programs.

b. **Eligibility.** Commissioned officers; warrant officers; NCOs, SSG and above; and civilians, GS–7 and above. Waiver requests will be considered on a case-by-case basis.

c. **Curriculum.** 1 subcourse, LM0002 (40 credit hours).

d. **Course length.** 6 months.

2–165. **Introduction to Operations Research Systems Analysis Course (Course Number: 907 D13)**

Two textbooks must be purchased or provided by the student’s organization prior to acceptance into the course. Please visit ALMC’s Web page at http://www.almc.army.mil or call AIPD at (804) 757-878-2169/3335 for textbook titles.

a. **Objective/Scope.** To provide students an overview of the quantitative methodologies used in analysis. The course contains an introduction to probability theory, descriptive statistics, confidence intervals, hypothesis testing, and regression analysis that are the basic statistical tools used to analyze data. The Operations Research techniques discussed include math programming, queuing theory, inventory theory, simulation and decision analysis. Attention is focused on understanding the assumptions, power, and limitations of the various ORSA tools and models available to the analyst.

b. **Eligibility.** Nominees should be commissioned officers, warrant officers, enlisted personnel SGT or higher, or civilians in grades GS–7 or higher. A statement indicating possession of the required textbooks must accompany the application.

c. **Curriculum.** 1 subcourse, LM0046 (80 credit hours).

d. **Course length.** 1 year.

e. **Recommended academic credit.** 2 semester hours undergraduate credit.

2–166. **Logistics Management Development Course (Course Number: 907 D19)**

a. **Objective/Scope.** To provide students an overview of the Army logistics system. The life-cycle management model is the common thread of the course and is used to highlight the more significant considerations of research, development, test and evaluation, procurement, inventory management, maintenance, and disposal of Army materiel. Instruction is oriented toward improving the decision-making abilities of the students by providing knowledge of the techniques and considerations involved in logistics management.

b. **Eligibility.** Military personnel should be commissioned or warrant officers who have completed or are enrolled in a branch career course. Senior NCOs (E5(P)–E9) are eligible. Civilians should be GS–7 or above with functional experience in the logistics management, data processing, or financial management fields and should have completed one functional course in that field. Waivers will be considered for personnel in training programs that lead to logistics assignments.

c. **Curriculum.** 3 subcourses, LM0052 (52 credit hours), LM0053 (55 credit hours), and LM0054 (36 credit hours).

d. **Course length.** 1 year.

e. **Recommended academic credit.** 4 semester hours undergraduate.

2–167. **Support Operations Course (Phase I) (Course Number: 907 F23)**

a. **Objective/Scope.** To provide students with an overview of tactical logistics in the combat zone with a concentration on the support requirements for a brigade combat team from corps and divisional support units. Phase I presents Army doctrine on the key combat service support sustainment imperatives which includes supply, maintenance, transportation and combat health support operations. Phase I also includes a chapter on Force XXI logistics operations. Phase I is designed to bring students to a common level of understanding before phase II (resident only) challenges them to integrate what they have learned to develop logistical support plans for a tactical scenario at the forward, main, and corps support battalion levels.
b. **Eligibility.** Warrant officers or officers, 1LT(P) or above. NCO nominees must be SFC or above and be graduates of ANCOC.

c. **Curriculum.**

(1) **Phase I.** Phase I is correspondence via the Internet. It consists of one subcourse, LM0026 (40 credit hours). Phase I must be completed before attending phase II.

(2) **Phase II.** Phase II is a 2-week resident course. It is also offered on site to locations that have ten or more people requesting phase II.

d. **Course Length.** Students enrolled in phase I have 6 months to complete the phase. It is recommended that students complete SOC Phase I within 2 years of attendance at SOC Phase II to ensure currency with emerging tactical logistics doctrine.

**Section XVII**

**School of Military Packaging Technology**

2–168. **Administrative Information**

a. **Introduction.** The correspondence course program of the School of Military Packaging Technology (SMPT) is designed to parallel, insofar as practicable, the resident courses offered by the School at Aberdeen Proving Ground, MD. The correspondence courses offered will enable individuals who are denied the opportunity to attend the resident courses to further their education in the increasingly important field of military preservation and packing. Any questions or comments related to the technical content of the SMPT correspondence course program should be addressed to the following: Dean, School of Military Packaging Technology, ATTN: ATSL–MPT, 360 Lanyard Road, Aberdeen Proving Ground, MD 21005–5003. Telephone number is (410) 278–4970 or DSN 298–4970/4770.

b. **Return of Texts and Materials.** Some of the texts and materials furnished to correspondence course students are provided on a loan basis and must be returned before a record of training will be issued. These items are identified by the word 'loaned' on the cover sheet.

2–169. **Packaging and Handling of Electrostatic Discharge Sensitive (ESDS) Items Course (Course Number: 908 F60)**

a. **Curriculum.** Subcourse PT6000. Five lessons and exam; 7 credit hours.

b. **Scope.** This course consists of such subjects as the basic theory of static electricity, the triboelectric effect, electromagnetic induction, definitions, isolating the ESD work area, ESD measures, protective materials and equipment, correct procedures for handling static sensitive components, protective packaging, and ESDS marking and labeling.

2–170. **Defense Basic Preservation and Packing Course (Course Number: 908 F13)**

a. **Curriculum.** Subcourse PT1300. Twenty-two lessons and exam; 64 credit hours.

b. **Scope.** This course is oriented toward DOD packaging policies, specifications and standards, cleaning and drying, preservation, cushioning and blocking, packing for shipment, marking, unit pack construction and unitization of cargo.

2–171. **Defense Marking for Shipment and Storage Course (Course Number: 908 F32)**

a. **Curriculum.** Subcourse PT3200. Eleven lessons and exam; 24 credit hours.

b. **Scope.** An overview is given of the DOD Logistic Systems along with general and detailed marking requirements of MIL–STD–129 and MIL–HDBK–129. Written practical exercises and a final examination are required.

2–172. **Defense Packaging Data Systems Course (Course Number: 908 F40)**

a. **Curriculum.** Subcourse PT4000. Eight lessons and exam; 16 credit hours.

b. **Scope.** Unavailable at time of publication. Refer to chapter 3 alphabetical listing to review PT4000 synopsis.

2–173. **Hazardous Materials Handling Course (Course Number: 908 F50)**

a. **Curriculum.** Subcourse PT5000. Five lessons and exam; 7 credit hours.

b. **Scope.** This course will address the following topics: recognition of material handling markings; recognition of hazard class labels and the results that may happen if a hazardous material is accidentally released; segregation of various classes of hazards according to the published compatibility charts for loading in trucks, rail cars, and aircraft; emergency measures in case of minor incidents; and the recognition and proper disposition of damaged hazardous material containers.
2–174. Advanced Military Police Branch Orientation Course (Course Number: 191 Q11)

a. Objective. To provide the non-MP officer who has completed an officer advanced course other than MP with sufficient training to qualify for an assignment as an MP officer.

b. Eligibility. Commissioned officers of any branch of the Army who are assigned to the MP Corps, or whose duties require a working knowledge of MP subjects, and who have completed an officer advanced course other than military police. (Members of other military services must include their specialty code when enrolling.)

c. Curriculum. 21 subcourses.

2–175. Basic Military Police Branch Orientation Course (Course Number: 191 Q13)

a. Objective. To provide non-MP lieutenants sufficient training to qualify for an assignment as an MP officer.

b. Eligibility. Commissioned officers of any branch of the Army who are assigned to the MP Corps, or whose duties require a working knowledge of MP subjects, and who have completed a basic officer course other than MP and who have not completed an OAC. (Members of other military services must include their specialty code when enrolling.)

c. Curriculum. 28 subcourses.

2–176. CID Warrant Officer Refresher Course (Course Number: 191 W11)

a. Objective. This course is designed to provide refresher training for CID warrant officers.

b. Eligibility. Active and Reserve Component warrant officers with the MOS 311A.

c. Curriculum. 16 subcourses.

d. Subcourses. AG0010, IS1460, IS0103, EN5309, FA4202, FI0934, SS0002, EN5480, EN5485, IN0497, IS0788, IS1801, IS1804, IT0671, MP2010, SA0718.

2–177. Enemy Prisoner of War/Civilian Internee Refresher Course (Course Number: 191 D11)

a. Objective. To provide CMF 95 personnel with refresher training in Enemy Prisoner of War/Civilian Internee (EPW/CI).

b. Eligibility. Primarily for those reserve component 95C personnel who are, or will be, assigned to an Internment/Resettlement unit and require refresher training in EPW Operations. Other MOSs in CMF 95 may enroll as their missions dictate.

c. Curriculum. 2 subcourses.

2–178. Advanced NCO Refresher Course (MOS 95B) (Course Number: 191 M11)

a. Objective. To provide selected SSGs and above with the technical, tactical, and leadership qualities necessary to be successful in Army operations as platoon sergeants and operations sergeants. Completion of this course does not satisfy Noncommissioned Officer Education System training requirements.

b. Eligibility. SSG and above qualified in CMF 95 who have completed BNCOC. Grade is not waiverable. (Members of other military services must include their specialty code when enrolling.)

c. Curriculum. 37 subcourses.

d. Subcourses. IS1460, IS1203, IS1703, IS1705, IS1801, IS1802, IS0788, IS0710, IN0515, IN0498, IN0500, IN0501, IN0497, IN0499, IN0511, IS1100, FA4202, IS0347, CM1203, CM1301, MP1005, MP1017, MP1018, MP1019, MP1020, MP1021, MP1022, MP1023, MP1028, MP1029, MP1030, MP1031, MP1032, MP1033, MP2007, EN5621, EN5700.

2–179. Basic NCO Refresher Course (CMF 95) (Course Number: 191 M15)

a. Objective. To provide selected specialists with the technical, tactical, and leadership qualities necessary to be successful in Army operations as a squad leader or a team leader in the MOS 95B/C/D.

b. Eligibility. Specialist, SGT, or SSG qualified in CMF 95. Specialists must provide proof of PLDC completion. (Members of other military services must include their specialty code when enrolling.)

c. Curriculum. 21 subcourses.

d. Subcourses. IS7034, IS7035, IS8700, IS8701, IS8711, IS8710, IS3003, IS1802, MP1005, MP1006, MP1007, MP1008, IS0347, AG0619, IS1460, IS0345, IS1703, IS1705, IN0710, IN0515, IS7036.
2–180. Internment/Resettlement Specialist Course (Conversion) (Course Number: 191 M31)

a. Objective. To provide military police officers and enlisted personnel with general knowledge of duties performed by the corrections specialist in a correctional/confinement facility. The duties of the corrections specialist include custody and control procedures, prisoner administration services, and the Army Corrections System. Completion of this course does not satisfy training requirements for award of MOS 95C (IAW DA Pam 611–201). This course is for 95B soldiers in the rank of E8 and above, in EPW/CI or Confinement Units, whose unit is being converted to an Internment/Resettlement (I/R) unit. You will be ‘grandfathered’ into the MOS 95C after you have completed the following:

   (1) Successfully complete this course and receive your certificate (surface mail only from the Army Training Support Center).
   (2) Present your certificate to a TASS battalion and take the proctored exit exam.
   (3) Successfully complete the exam and receive your diploma certifying that you have completed all required training.
   (4) Submit a copy of the diploma and a DA Form 4187 (Personnel Action) to your serving MILPO for the awarding of the MOS 95C.

b. Eligibility. Members of the Armed Forces (Active and Reserve Components) and DOD civilians who desire a knowledge of corrections.

c. Curriculum. 3 subcourses.

d. Subcourses. MP1025, MP1026, MP1027.

2–181. RC Apprentice Criminal Investigation Division (CID) Special Agent Course (MOS 95D) (Course Number: 191 M21)

a. Objective. To provide selected personnel with a working knowledge of the investigation of crimes believed to have been committed by or against individuals subject to U.S. military jurisdiction or crimes involving U.S. military property.

b. Eligibility. In order to complete all four phases of the course, a student must be an enlisted member of an RC unit, not on extended active duty, whose assignment is to a CID special agent position in a Reserve or National Guard CID unit. Must have been declared eligible for acceptance into the CID Program by the Commander, USACIDC, per AR 135–51 and AR 195–3. Must provide proof of acceptance with application. (Members of other military services must have written approval from the U.S. Army Military Policy School to enroll in this course.)

c. Administration.

   (1) Students attending the resident phases of the course must present proof of completion of the applicable correspondence phases before reporting for the resident phase. Students must complete phase I before attending phase II, and phase III before attending phase IV.
   (2) Students will be issued a phase completion notice upon completing phases I and III. A course completion notice cannot be earned by completing the correspondence phases.
   (3) Employees of U.S. Government, military or civilians, whose duties require a working knowledge of criminal investigation methods and procedures may enroll in individual subcourses. To enroll in MP1009 through MP1015, applicants will submit DA Form 145 and a memorandum signed by their commander, provost marshal, chief of security, or similar authority stating specific duties requiring knowledge of CID method and procedures. Enrollment strictly for career enhancement cannot be authorized.
   (4) Active component personnel can only qualify for MOS 95D by attending the 15-week resident course after acceptance into the CID Program by the Commander, USACIDC.

d. Curriculum. 4 phases.

   (1) Phase I. Correspondence.
      (a) 10 subcourses.
      (b) Subcourses. MP1009, MP1010, MP1011, MP1012, MP1013, MP1017, MP1018, MP1020, MP1021, MP1019.
   (2) Phase II. 2 weeks resident training. Must have completed phase I.
   (3) Phase III. Correspondence.
      (a) 4 subcourses.
      (b) Subcourses. MP1014, MP1015, MP1016, MP1022.
   (4) Phase IV. 2 weeks resident training. Must have completed phases I, II, and III.

2–182. Physical Security Course (Course Number: 191 G11)

a. Objective. To provide military police/corrections officers, enlisted personnel, and DOD civilians with general knowledge of physical security to include physical security planning, installation security, area security, and materiel control. Completion of this course does not meet educational requirements for award of ASI H3.

b. Eligibility. PVT and above in any component of the Armed Forces requiring a working knowledge of physical security. DOD civilians in grade GS–5 and above whose official duties require a knowledge of physical security.
2–183. Civil Disturbance Course (Course Number: 191 G13)

a. Objective. To provide military police/corrections officers and enlisted personnel with sufficient knowledge and skills to perform duties when deployed during a civil disturbance including behavioral aspects of control forces and dissidents; general policies and legal aspects concerning military operations during civil disturbances; community/news media relationship; interrelationship of local, state and federal authorities; supervision of crowd control formations; use of force; use and operation of riot control agent dispersers; and personnel, logistical and operational planning to control civil disturbances.

b. Eligibility. Members of the Armed Forces and DOD civilians whose duties require a knowledge of civil disturbance control.

c. Curriculum. 2 subcourses.

d. Subcourses. MP1004, MP1005.

Section XIX

Ordnance Branch Courses (Combined Arms Support Command)

2–184. RC Ordnance Officer Advanced Course (Course Number: 091 A11)

a. Objective. To prepare Reserve Component ordnance officers for command and staff duties at battalion through brigade or comparable levels in both divisional and nondivisional units, with emphasis on the exercise of command at battalion level.

b. Eligibility. (1) Reserve Component commissioned officers in the rank of first lieutenant or above, whose actual or anticipated assignments are in ordnance, or their duties, actual or anticipated, require a working knowledge of ordnance. (2) Must not have received equivalent credit for the ordnance career or advanced course. (3) Must have completed the Ordnance Officer Basic Course or an officer basic course of another service school. (4) Reserve Component ordnance officers must have completed the Ordnance Officer Advanced Course before assuming command of an ordnance branch company.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence.

(a) 20 subcourses.

(b) Subcourses. IS1802, IS1803, IS7004, IS7008, IS7038, IS7045, IS8720, OD0450, OD0451, OD0960, OD0961, OD0967, OD0968, OD0969, OD0971, OD0973, QM0197, QM2063, QM2064, QM3519.

(2) Phase II. 2 weeks resident training.

2–185. RC WOAC Repair Technician Course (MOS 913A/914A) (Course Number: 091 W31)

a. Objective. To provide RC warrant officers with the knowledge and skills required to perform their management duties as repair technicians (MOS 913A/914A).

b. Eligibility. RC warrant officers who have completed the WOBC.

c. Curriculum. 2 phases.

(1) Phase I. Correspondence.

(a) 4 subcourses.

(b) Subcourses. IT0469, IS0342, IS1803, IS1460.

(2) Phase II. 2 weeks resident training.

2–186. RC WOAC Unit Maintenance Technician (Heavy) Course (MOS 915D) (Course Number: 091 W33)

a. Objective. To provide RC warrant officers with the knowledge and skills required to perform their management duties as unit maintenance technicians (MOS 915D).

b. Eligibility. RC warrant officers who have completed the WOBC.

c. Curriculum. 4 phases.

(1) Phase I. Correspondence.

(a) 6 subcourses.

(b) Subcourses. IN0710, IT0468, IT0469, IS1460, OD0466, OD1622.

(2) Phase II. 2 weeks resident training.

(3) Phase III. Correspondence. (Must have completed phase I.)

(a) 16 subcourses.
2–187. RC WOAC Support Maintenance Technician Course (MOS 915E) (Course Number: 091 W35)
   a. Objective. To provide RC warrant officers with the knowledge and skills required to perform their management duties as support maintenance technicians (MOS 915E).
   b. Eligibility. RC warrant officers who have completed the WOBC.
   c. Curriculum. 4 phases.
      (1) Phase I. Correspondence.
         (a) 9 subcourses.
         (b) Subcourses. IN0710, IT0468, OD0971, OD1642, OD1644, OD1645, OD1651, OD1620, OD0010.
      (2) Phase II. 2 weeks resident training.
      (3) Phase III. Correspondence. (Must have completed phase I.)
         (a) 6 subcourses.
         (b) Subcourses. IT0469, IS1803, IS1460, OD0456, IT0421, IT0464.
      (4) Phase IV. 2 weeks resident training. (Must have completed all other phases before attending phase IV.)

2–188. RC WOBC Armament Repair Technician Course (MOS 913A) (Course Number: 091 W11)
   a. Objective. To provide RC warrant officers with the knowledge and skills required to become warrant officer armament repair technicians (MOS 913A).
   b. Eligibility. RC warrant officers who have completed the Warrant Officer Candidate Course and have an interim SECRET security clearance.
   c. Curriculum. 4 phases.
      (1) Phase I. Correspondence.
         (a) 14 subcourses.
         (b) Subcourses. OD0606, IS1703, OD1630, OD1632, OD0450, OD0451, OD0452, OD0453, OD0966, OD0967, QM3300, QM3601, QM7068, AL0926.
      (2) Phase II. 2 weeks resident training. Phase I must be completed before attending phase II.
      (3) Phase III. Correspondence. (Must have completed phase I.)
         (a) 13 subcourses.
         (b) Subcourses. OD0463, OD0472, OD0475, OD0968, OD0969, OD1501, OD1502, OD1503, OD1505, OD1506, OD1508, OD1512, OD1618.
      (4) Phase IV. 2 weeks resident training. (Must have completed all other phases before attending phase IV.)

2–189. RC WOBC Repair Shop Technician Course (MOS 914A) (Course Number: 091 W13)
   a. Objective. To provide RC warrant officers with the knowledge and skills required to become warrant officer repair shop technicians (MOS 914A).
   b. Eligibility. RC warrant officers who have completed the Warrant Officer Candidate Course and have an interim SECRET security clearance.
   c. Curriculum. 4 phases.
      (1) Phase I. Correspondence.
         (a) 10 subcourses.
         (b) Subcourses. OD0606, OD0450, OD0451, OD0452, OD0453, OD0966, OD0967, OD1640, OD1641, MM0651.
      (2) Phase II. 2 weeks resident training. Phase I must be completed before attending phase II.
      (3) Phase III. Correspondence.
         (a) 12 subcourses.
         (b) Subcourses. IS1703, OD0971, OD1501, OD1503, OD1505, OD1622, OD1646, OD1653, OD1672, QM3300, QM3601, QM7068.
      (4) Phase IV. 2 weeks resident training. (Must have completed all other phases before attending phase IV.)

2–190. RC WOBC Unit Maintenance Technician (Light) Course (MOS 915A) (Course Number: 091 W15)
   a. Objective. To provide RC warrant officers with the knowledge and skills required to become warrant officer unit maintenance technicians (light) (MOS 915A).
   b. Eligibility. RC warrant officers who have completed the Warrant Officer Candidate Course and have an interim SECRET security clearance.
   c. Curriculum. 4 phases.
(1) Phase I. Correspondence.
   (a) 14 subcourses.
   (b) Subcourses. OD0450, OD0451, OD0452, OD0453, OD0454, OD0966, OD1002, OD1003, OD1005, OD1006, OD1007, OD1008, OD1620, OD1622.

(2) Phase II. 2 weeks resident training. Phase I must be completed before attending phase II.

(3) Phase III. Correspondence.
   (a) 7 subcourses.
   (b) Subcourses. OD0606, OD0462, OD0463, OD1501, OD1503, OD1512, OD1672.

(4) Phase IV. 2 weeks resident training. (Must have completed all other phases before attending phase IV.)

2–191. NCO Mechanical Maintenance Common Core Course (Course Number: 091 D11)
   a. Objective. To provide enlisted personnel with a working knowledge of the duties associated with supervisory positions and prepare them to perform as NCOs at skill level 3 in CMF 63.
   b. Eligibility. SGTs and above assigned to CMF 63.
   c. Curriculum. 9 subcourses.
   d. Subcourses. IS7034, IS7035, IS7036, IS1703, IS1802, IS1803, IS3002, IS3004, OD1009.

2–192. Mechanical Maintenance Senior NCO Course (Course Number: 091 D15)
   a. Objective. To provide selected enlisted personnel with a working knowledge of duties associated with senior NCO positions and to prepare them to perform as NCOs in the rank of MSG or SGM.
   b. Eligibility. SSGs and above assigned to CMF 63.
   c. Curriculum. 17 subcourses.
   d. Subcourses. OD0450, OD0451, OD0452, OD0453, MM0499, IS7034, IS7035, IS7036, IS1705, QM2004, IS1460, OD1403, IS7006, IT0661, IS8718, IS8719, IS1803.

2–193. Metal Worker Course (MOS 44B) (Course Number: 091 M13)
   a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties associated with the metal worker.
   b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the metal worker.
   c. Curriculum. 5 subcourses.
   d. Subcourses. OD1643, OD1650, OD1651, OD1653, OD1654.

2–194. Machinist Course (MOS 44E) (Course Number: 091 M11)
   a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a machinist.
   b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the machinist.
   c. Curriculum. 8 subcourses.
   d. Subcourses. OD1640, OD1621, OD1641, OD1642, OD1643, OD1644, OD1645, OD1646.

2–195. Small Arms Repairer Course (MOS 45B) (Course Number: 091 M15)
   a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a small arms repairer.
   b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of small arms repair.
   c. Curriculum. 17 subcourses.
   d. Subcourses. OD0462, OD0463, OD1401, OD1403, OD1501, OD1502, OD1503, OD1505, OD1506, OD1508, OD1621, FA3150, FA3313, IT0505, MM0703, IT0332, IT0333.

2–196. Self-Propelled Field Artillery Turret Mechanic Course (MOS 45D) (Course Number: 091 M17)
   a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a self-propelled field artillery turret mechanic.
   b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the SP field artillery turret mechanic.
   c. Curriculum. 14 subcourses.
   d. Subcourses. OD1403, OD1621, OD1622, OD1632, OD1633, OD0462, OD1009, OD1401, OD0455, OD0463, OD1508, OD1512, OD1631, OD1725
2–197. Fire Control Systems Repairer Course (MOS 45G) (Course Number: 091 M19)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a fire control systems repairer.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of fire control systems repair.
   c. **Curriculum.** 22 subcourses.
   d. **Subcourses.** OD0461, OD0465, OD0466, OD0468, OD0470, OD0472, OD0483, OD0485, OD1401, OD1402, OD1403, OD1621, OD1630, OD1631, OD1632, OD1633, OD1647, MM0702, MM0703, IT0332, IT0333, MM0308.

2–198. Tank Turret Repairer Course (MOS 45K) (Course Number: 091 M21)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a tank turret repairer.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of tank turret repair.
   c. **Curriculum.** 15 subcourses.
   d. **Subcourses.** OD1401, OD1402, OD1403, OD1501, OD1502, OD1503, OD1505, OD1506, OD1508, OD1512, OD1630, OD1631, OD1632, OD1633, MM0309.

2–199. Bradley Fighting Vehicle System Turret Mechanic Course (MOS 45T) (Course Number: 091 M25)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a Bradley Fighting Vehicle system turret mechanic.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of a BFVS mechanic.
   c. **Curriculum.** 21 subcourses.
   d. **Subcourses.** MM3688, MM4807, MM4811, MM4812, MM4813, MM4814, OD0469, OD1506, OD1608, OD1609, IT0332, IT0333, IT0334, OD0463, OD1401, OD1403, OD1610, OD1621, OD1633, OD1725, OD0455.

2–200. Utility Equipment Repairer Course (MOS 52C) (Course Number: 091 M27)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a utility equipment repairer.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of utility equipment repair.
   c. **Curriculum.** 4 subcourses.
   d. **Subcourses.** OD1747, OD1748, OD1749, OD1750.

2–201. Light Wheel Vehicle Mechanic Course (MOS 63B) (Course Number: 091 M31)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a light wheel vehicle mechanic.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the light wheel vehicle mechanic.
   c. **Curriculum.** 14 subcourses.
   d. **Subcourses.** IS0902, OD1001, OD1002, OD1003, OD1004, OD1005, OD1006, OD1007, OD1008, OD1009, OD1615, OD1616, OD1617, OD1621.

2–202. Self-Propelled Artillery System Mechanic Course (MOS 63D) (Course Number: 091 M33)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a self-propelled field artillery system mechanic.
   b. **Eligibility.** Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the SP field artillery system mechanic.
   c. **Curriculum.** 23 subcourses.
   d. **Subcourses.** OD0463, OD0610, OD0611, EN5259, FA3151, OD0455, OD1619, OD1601, OD1620, OD1621, OD1622, OD1672, FA8001, AL0907, EN5263, OD1700, OD1702, OD1703, OD1725, OD1009, OD1403, OD1633, OD1737.

2–203. M1 Abrams Tank Systems Mechanic Course (MOS 63E) (Course Number: 091 M35)
   a. **Objective.** To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a M1 Abrams tank systems mechanic.
b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the M1 Abrams tank systems mechanic.

c. Curriculum. 26 subcourses.

d. Subcourses. OD0470, OD0474, OD0475, OD0476, OD0477, OD0478, OD0479, OD0480, OD0483, OD0484, OD0485, OD0486, OD0487, OD0488, OD0489, OD0491, OD0455, OD0460, OD0610, OD0611, OD1403, OD1705, OD1706, OD1709, OD1710, OD1711.

2–204. Track Vehicle Repairer Course (MOS 63H) (Course Number: 091 M37)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a track vehicle repairer.

b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require the knowledge and skills of the track vehicle repairer.

c. Curriculum. 36 subcourses.

d. Subcourses. OD0010, OD0011, OD0017, OD0455, OD0456, OD0460, OD0461, OD0470, OD0471, OD0475, OD0476, OD0477, OD0478, OD0479, OD0484, OD0485, OD0486, OD0487, OD0488, OD1619, OD1601, OD1604, OD1605, OD1606, OD1607, OD1705, OD1706, OD1707, OD1708, OD1709, OD1710, OD1711, OD1712, OD1713, OD1714, OD1715.

2–205. Quartermaster and Chemical Equipment Repairer Course (MOS 63J) (Course Number: 091 M39)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a quartermaster and chemical equipment repairer.

b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require knowledge and skills of the quartermaster and chemical equipment repairer.

c. Curriculum. 6 subcourses.

d. Subcourses. CM1205, CM1207, CM2506, CM3201, CM3208, QM4129.

2–206. Heavy Wheel Vehicle Mechanic Course (MOS 63S) (Course Number: 091 M43)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a heavy wheel vehicle mechanic.

b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require knowledge and skills of the heavy wheel vehicle mechanic.

c. Curriculum. 12 subcourses.

d. Subcourses. OD1001, OD1002, OD1003, OD1004, OD1005, OD1006, OD1007, OD1008, OD1009, OD1403, OD0610, OD0611.

2–207. Bradley Fighting Vehicle System Mechanic Course (MOS 63T) (Course Number: 091 M45)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a Bradley Fighting Vehicle System mechanic.

b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require knowledge and skills of the Bradley Fighting Vehicle System mechanic.

c. Curriculum. 24 subcourses.

d. Subcourses. IS0902, OD0455, OD1403, OD1601, OD1603, OD1604, OD1606, OD1610, OD1618, OD1619, OD1620, OD1621, OD1633, OD1647, OD1672, OD0456, OD0610, OD0611, OD1605, OD1607, OD1622, OD1725, OD0463, OD1512.

2–208. Wheel Vehicle Repairer Course (MOS 63W) (Course Number: 091 M47)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a wheel vehicle repairer.

b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require knowledge and skills of the wheel vehicle repairer.

c. Curriculum. 23 subcourses.

d. Subcourses. OD1619, OD1620, OD0610, MM0703, MM0704, OD0611, EN5263, OD0455, OD1621, OD1403, MM0651, IT0332, IT0333, IT0335, IT0338, EN5259, EN5260, IN0511, OD1005, OD1006, OD1007, OD1008, OD1622.

2–209. Track Vehicle Mechanic Course (MOS 63Y) (Course Number: 091 M49)

a. Objective. To provide enlisted personnel in CMF 63 with a working knowledge of the duties of a track vehicle mechanic.
b. Eligibility. Enlisted personnel qualified in or assigned to a duty position in CMF 63 whose duties require knowledge and skills of the track vehicle mechanic.

c. Curriculum. 4 subcourses.

d. Subcourses. OD0610, OD0611, OD1601, OD1672.

Section XX
Ordnance Missile and Munitions Branch Courses (Combined Arms Support Command)

2–210. RC Munitions Materiel Management Officer Advanced Course (AOC 91D) (Course Number: 093 A11)

a. Objective.

   (1) To prepare RC munitions materiel management officer for munitions combat service support command and staff positions from battalion to Materiel Management Center (MMC) levels.
   
   (2) To meet RC officers’ educational requirements for promotion and qualification for further education at the U.S. Army Command and General Staff College.

b. Eligibility. Commissioned officers, first lieutenant or above, of any of the Reserve Components of the Army whose duties require a working knowledge of munitions materiel management. Applicants must have completed an Officer Basic Course. If enrollment is for purposes of branch transfer, applicant must first complete 91D Branch Transfer Course. Security clearance required is SECRET.

c. Curriculum. 2 phases.

   (1) Phase I. Correspondence.
   
      (a) 13 subcourses.
   
      (b) Subcourses. IS1801, IS7006, IS7038, IS7045, IS8720, MM0166, MM0167, MM0168, MM0169, MM0170, MM0171, MM0175, MM0176.

   (2) Phase II. 2 weeks resident training.

2–211. RC WOBC Ammunition Technician (MOS 910A) (Course Number: 093 W11)

a. Objective. To train and certify RC warrant officers for appointment and initial assignment as ammunition technicians (MOS 910A).

b. Eligibility. Reserve Component warrant officers who have completed the Warrant Officer Candidate School (resident only).

c. Administration. Phase I must be completed before entering phase II. Phase III must be completed before starting phase IV. The candidate will be tested on phase I material upon entering phase II, and phase III material upon entering phase IV. A diploma will be issued when all four phases are completed.

d. Curriculum. 4 phases.

   (1) Phase I. Correspondence.
   
      (a) 16 subcourses.
   
      (b) Subcourses. IS0344, CM1301, CM2506, CM3404, MM2597, MM2598, MM2599, MM2600, MM2601, MM2605, MM2608, MM4618, MM4620, MM4628, MM4630, MM4632.

   (2) Phase II. 2 weeks, 1 day of resident training (116 hours). Extension Training Material provided by USAOM-MCS will be furnished to the student upon completion of phase II.

   (3) Phase III. Extension training material issued by USAOMMCS.

   (4) Phase IV. 1 week, 4 days resident training (90 hours).

2–212. Radar Set AN/FPN–40 Refresher Course (MOS 35D) (Course Number: 093 M24)

a. Objective. To provide a basic review and refresher training for the Radar Set AN/FPN–40.

b. Eligibility. Enlisted personnel qualified in MOS 35D and DA civilians responsible for maintaining the AN/FPN–40 radar set.

c. Curriculum. 14 subcourses. Subcourse numbers marked with an asterisk require specific equipment to complete. See subcourse descriptions in chapter 3 for details on what equipment is needed. Do not enroll in this course unless you have access to the equipment necessary to work all the subcourses.

2–213. Radio/COMSEC Repairer Course (MOS 35E10) (Course Number: 093 M35)

a. Objective. To provide personnel with the knowledge of basic electronics, repair of radio COMSEC devices and associated equipment, general maintenance and communications security (COMSEC) procedures.

b. Eligibility. A student must have a duty assignment in CMF 35 and access to equipment.

c. Curriculum. 27 subcourses.

2–214. Special Electronic Devices Repairer Course (MOS 35F10) (Course Number: 093 M05)

a. Objective. To provide enlisted personnel the skills and knowledge necessary to repair special electronic devices through general support maintenance. Repair such devices as night vision systems, mine detectors and mine scattering systems, electronic position and azimuth determining systems, battlefield illumination systems, electronic azimuth orientation system, nuclear biological and chemical warning and measuring systems.

b. Eligibility. Must have a duty assignment in the career field.

c. Curriculum. 12 subcourses.

d. Subcourses. MM0099, MM0270, MM0309, OD0465, MM0321, MM0322, MM0323, MM0324, MM0327, MM0320, IS3005, IT0351, IT0336, MM0651, MM0750, IT0346, IT0349, IT0332, IT0333, IT0354, IT0335, IT0342, IT0343, IT0344, IT0345

a. Objective. To provide enlisted personnel and DOD civilians with skills to perform calibration and DS/GS maintenance on selected calibration standards and TMDE.

b. Eligibility. Enlisted personnel of the Active Army or an RC with duties in MOS 35H10. Civilian employees of the Federal Government in GS series 802, 856, 2602, or WG series 3412 requiring skill and knowledge in the maintenance support of calibration standards and test, measurement and diagnostic equipment.

c. Curriculum. 35 subcourses.

d. Subcourses. MM0099, IT0332, EN5700, EN5702, IT0333, IT0334, IT0335, IT0339, IT0340, IT0342, IT0343, MM0440, MM0455, MM0707, MM0702, MM0703, IT0351, IT0353, MM0705, MM0706, MM0390, MM0709, SA0746, MM5000, MM0706, MM0456, MM0474, MM0478, MM0479, MM0483, MM0486, MM0487, MM0499, MM0462, IT0338

2–216. Electronic Technology Course (Course Number: 093 D19)

a. Objective. To provide a general knowledge of electronics fundamentals that is essential for advanced study in the electronics field.

b. Eligibility. AC and RC personnel holding MOS 35H or an MOS in CMF 35. Officers, warrant officers, and DA civilians whose duties require a working knowledge of electronics.

c. Curriculum. 6 subcourses. These subcourses should be completed in the listed sequence.

d. Subcourses. MM0702, MM0703, MM0704, MM0705, MM0706, MM0707.

2–217. Computer Automation Systems Repairer Course (MOS 35J10) (Course Number: 093 M37)

a. Objective. To train military personnel in DS/GS repair and maintenance of computerized telecommunications terminal devices and commercial off-the-shelf (COTS) personal computers and peripheral devices.

b. Eligibility. Soldiers assigned to MOS 35J.

c. Administration. Specify whether you wish to enroll in only one phase or the entire course.

d. Curriculum. 2 phases.

(1) Phase I. Correspondence. (Support training in the unit.)

(a) 2 subcourses.

(b) Subcourses. MM0398, MM0396.

(2) Phase II. Correspondence. (Parallels resident POI.)

(a) 2 subcourses.

(b) Subcourses. MM0651, OD0465.

2–218. Avionics Communications Equipment Repairer (MOS 35L) (Course Number: 093 M12)

a. Objective. To provide enlisted personnel and DA civilians with the skills and knowledge to perform aviation intermediate maintenance on aircraft communications equipment to include intercommunications systems, FM, AM, and SSB communications systems.

b. Eligibility. Students must have a duty assignment or MOS in the career field.

c. Curriculum. 38 subcourses. Subcourse numbers marked with an asterisk require specific equipment to complete. See subcourse descriptions in chapter 3 for details on what equipment is needed. Do not enroll in this course unless you have access to the equipment necessary to work all the subcourses.

d. Subcourses. MM0702, MM0703, MM0704, MM0705, MM0706, MM0309, IT0300, IT0332, IT0333, IT0334, IT0335, IT0336, IT0337, IT0338, IT0339, IT0340, IT0341, IT0342, IT0343, IT0344, IT0345, IT0346, IT0350, IT0351,
2–219. Wire Systems Equipment Repair Course (MOS 35N10) (Course Number: 093 M39)

a. Objective. This course provides skills and knowledge necessary to troubleshoot, repair and maintain tactical field telephones; manual, semiautomatic and automatic transportable telephone central office systems; and apply the fundamentals of telephony.

b. Eligibility. A student must have a duty assignment in the MOS career field.

c. Curriculum. 6 subcourses. (Subcourse numbers marked with an asterisk (*) require specific equipment to complete. Do not enroll in this course unless you have the necessary equipment to complete all the subcourses.)

2–220. Avionic Systems Repairer (MOS 35R) (Course Number: 093 M16)

a. Objective. To provide enlisted personnel and DA civilians with the skills and knowledge to perform aviation intermediate maintenance on aircraft survivability equipment, radar, altimeters, night vision goggles, transponders, navigation systems, and other equipment.

b. Eligibility. Students must have a duty assignment or MOS in the career field.

c. Curriculum. 40 subcourses. Subcourse numbers marked with an asterisk require specific equipment to complete. See subcourse descriptions in chapter 3 for details on what equipment is needed. Do not enroll in this course unless you have access to the equipment necessary to work all the subcourses.

d. Subcourses. MM0702, MM0703, MM0704, MM0705, MM0706, MM0309, IT0300, IT0332, IT0333, IT0334, IT0335, IT0336, IT0337, IT0338, IT0339, IT0340, IT0341, IT0342, IT0343, IT0344, IT0345, IT0346, IT0350, IT0351, SA0746, IT0353, MM0322, MM5000, MM0324, MM5005, MM5012, MM5024, SS0713, IS1143, MM0327, MM0651, *AV5020, *AV5021, *AV5022, *MM5031.

2–221. RC Ammunition Specialist BNCOC (Consolidated) Course (MOS 55B30) (Course Number: 093 M28)

a. Objective. To provide basic leadership skill and military subjects required by the section/squad leader to train and lead in the AirLand Battle environment. This course covers ammunition compatibility and quantity distance standards, ammunition storage, rewarehousing, segregation operations and safe handling procedures. Also covered are chemical munitions storage and leak detection procedures, ammunition inspection procedures and using and maintaining precision measuring instruments. This course parallels the Active Component course and consolidates the former critical tasks of MOS 55B30, 55R30, and 55X30 into this special configured course.

b. Eligibility. This course is available only to Reserve Components in the rank of SSG or SGT. Student must be qualified in MOS 55B.

c. Curriculum. 3 phases.

(1) Phase I. Inactive duty training. Common leader training (47 hours)

(2) Phase II. Correspondence.

(a) 23 subcourses.

(b) Subcourses. MM4623, MM4674, MM4675, MM4676, MM2598, MM2600, MM2603, MM3667, MM3670, MM3671, MM3673, MM3674, MM3675, MM3676, MM3677, MM3679, MM3680, MM3682, MM3684, MM3685, MM3688, MM3689, MM3690.

(3) Phase III. 2 weeks resident training. Applications for the resident phase should be made through command channels after completing 50 percent of phase II (12 subcourses); however, all subcourses in phase II must be completed before actually attending phase III. Please bring your phase II completion notice when attending phase III. Phase III consists of MOS specific ‘hands on’ training and is trained either at the USAOMMCS, Redstone Arsenal, AL, or approved Reserve Component training institutions.

2–222. Explosive Ordnance Disposal (EOD) Course (MOS 55D) (Course Number: 093 M40)

a. Objective. To provide EOD soldiers with a working knowledge of those duties required to perform in MOS 55D and to increase the technical, tactical, and administrative proficiency of soldiers in MOS 55D.

b. Eligibility. This course is available to primary MOS 55D soldiers of the Active and Reserve Components in all ranks. MOS 55D qualification must be current at the time of enrollment.

c. Curriculum. 23 subcourses.

d. Subcourses. AG0101, AG0516, AG0404, CM1301, CM2302, IS0343, EN0053, IS7035, SS0002, IS0788, IN1008, IN0551, IS1803, IS0821, MM2598, MM2601, MM2602, MM2605, MM4610, IS8701, IS8711, IT0332, IT0334.
2–223. RC WOBC Band Commander Course (420C) (Course Number: 514 W13)

a. Objective. To train and certify RC warrant officers for appointment and initial assignment as RC band commanders (MOS 420C).

b. Eligibility.
   (1) Reserve Component warrant officers who have completed the Warrant Officer Candidate School (resident only).
   (2) Must meet height and weight standards and pass the APFT.

c. Administration. Phase I of this course must be completed before attending phase II. A diploma will be issued upon completion of phases I and II.

d. Curriculum. 2 phases.
   (1) Phase I. Correspondence.
      (a) 18 subcourses.
      (b) Subcourses. MU0010, MU1300, MU1305, MU1709, MU1715, MU3200, MU3210, MU3310, MU3314, MU3320, MU3322, MU3323, MU4100, MU4200, MU4214, MU4344, MU6210, MU6357.
   (2) Phase II. Thirty-two hour resident training/certification at U.S. Army Element School of Music, 1420 Gator Blvd, Norfolk, VA 23521–5170.

2–224. Band Commander Sustainment Training Course (Course Number: 514 F11)

a. Objective. To provide sustainment training for band commanders.

b. Eligibility. This course is open to commissioned officers in FA 42C and warrant officers in MOS 420C currently assigned to Active Army and RC bands. This course is also available to officers prior to assignment to MOS 42C and Active Army and RC SGTs and SSGs serving in CMF 97 in preparation for band commander training.

c. Curriculum. 18 subcourses.

2–225. RC Advanced Noncommissioned Officers Course (MOS 02B—02U) (Course Number: 514 M03)

a. Objective. To provide selected enlisted personnel with a working knowledge of the duties required to perform as an Army band ensemble leader.

b. Eligibility. RC NCOs in the ranks of SSG and SFC in CMF 97.

c. Administration. Phases I and II must be completed before attending phase III. A diploma will be issued upon completion of all phases.

2–226. RC Basic Noncommissioned Officer Course (MOS 02B—02U) (Course Number: 514 M01)

a. Objective. To provide selected enlisted personnel with a working knowledge of the duties required to perform as an Army band section leader.

b. Eligibility. RC enlisted personnel in the ranks of SPC/CPL (promotable) through SSG in CMF 97 and who are performing in or assigned to an SSG position.

c. Administration. Phases I and II must be completed before attending phase III. A diploma will be issued upon completion of all phases.
2–227. Advanced Enlisted Professional Development Course (MOS 02B—02U) (Course Number: 514 M07)
   a. Objective. To provide selected enlisted personnel in CMF 97 with a working knowledge of the duties required to perform as senior NCOs. This course may be used to prepare for resident ANCOC or as a sustainment course for resident ANCOC graduates.
   b. Eligibility. SSG and above in CMF 97. Must have completed either the Basic Enlisted Professional Development Course or the School of Music resident BNCOC.
   c. Curriculum. 19 subcourses.
   d. Subcourses. MU1715, MU3314, MU3322, MU3323, MU4200, MU4344, MU6210, MU6357, AG1086, IS7000, IS8701, IS8711, IS8710, OD0960, IS7034, IS7035, MP1031, AG0516, AG0034.

2–228. Basic Enlisted Professional Development Course (MOS 02B—02U) (Course Number: 514 M05)
   a. Objective. To provide enlisted personnel in CMF 97 with a working knowledge of the duties required to perform as SGTs and SSGs. This course may be used to prepare for resident BNCOC or as sustainment training for resident BNCOC graduates.
   b. Eligibility. Specialist and above in CMF 97.
   c. Curriculum. 17 subcourses.
   d. Subcourses. MU0010, MU3200, MU3210, MU3310, MU3320, MU3322, MU4100, MU4214, IS8701, IS8711, IS8710, IT0469, IS7034, IS7035, MP1031, AG0516, AG0034.

2–229. RC Public Affairs Officer Qualification Course (Course Number: 212 Q11)
   a. Objective. To provide an opportunity for officers in the Reserve Component who are serving in, or anticipate serving in, a public affairs slot, and are not public affairs-qualified, to achieve functional area qualification. The course is conducted in two phases, consisting of a nonresident correspondence phase and a 2-week resident phase at the Defense Information School.
   b. Eligibility. RC commissioned officers who are assigned or on orders for a public affairs assignment.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence. Must be completed before attending phase II.
         (a) 20 subcourses.
         (b) Subcourses. PA0100, PA0110, PA0120, DI0130, MP1024, DI0140, DI0200, DI0210, DI0220, DI0230, DI0250, DI0251, DI0260, DI0300, DI0310, DI0350, DI0351, DI0410, DI0500, IS8720.
      (2) Phase II. Resident training. Public affairs officer training at Defense Information School.

2–230. RC Basic Journalist MOS Qualification Course (MOS 46Q10) (Course Number: 212 M11)
   a. Objective. To provide a means for Army RC enlisted soldiers to pursue award of MOS 46Q (Basic Journalist). Soldiers must complete the MOS 46Q course before they can be considered qualified for 46Q by the appropriate MOS–granting authority.
   b. Eligibility. RC (USAR and NG) enlisted soldiers who have completed Initial Entry Training and Advanced Individual Training in another MOS. Must be in or programmed to occupy a PA specialist position. AGR soldiers are not eligible. RC enlisted soldiers must meet the following criteria:
      (1) Be PFC through SFC.
      (2) Be high school graduate or have equivalency certificate.
      (3) A minimum GT score of 110.
      (4) Must have completed 2 years high school English documented by official transcript.
      (5) Type a minimum of 20 words per minute.
      (6) Must have a secret security clearance before being awarded the MOS.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence. Must be completed before attending phase II.
         (a) 15 subcourses.
         (b) Subcourses. PA0100, PA0110, PA0120, DI0130, DI0140, DI0200, DI0210, DI0220, DI0230, DI0240, DI0250, DI0251, DI0252, DI0253, DI0260.
      (2) Phase II. Resident training. Basic Journalism Course-RC at Defense Information School, Ft Meade, MD 20755.

2–231. RC Basic Broadcaster MOS Qualification Course (MOS 46R10) (Course Number: 212 M13)
   a. Objective. To provide a means for Army RC enlisted soldiers to pursue award of MOS 46R (Basic Broadcaster).
Soldiers must complete the MOS 46R course before they can be considered qualified for 46R by the appropriate MOS-granting authority.

b. Eligibility. Must comply with eligibility requirements listed under 2-229 MOS 46Q10 and...

   (1) Mandatory voice audition tape from a script provided by the Defense Information School (DINFOS) must be submitted and approved prior to enlistment and reservation in ATRRS. Approval is a prerequisite to screen candidates with non-trainable voice deficiencies. Mandatory voice audition will be administered by U.S. Army Recruiting Command or other military personnel, and evaluated by DINFOS, ATTN: BWAS, 6500 Mapes Road, Fort Meade, MD 20755-5620, 301-677-4373. This course is mandatory for prior service ARNG and USAR soldiers to be awarded MOS 46R.

   (2) Must have a valid vehicle operator license.

c. Curriculum. 3 phases.

   (2) Phase II. Correspondence. Must be completed before attending phase III.

      (a) 15 subcourses.

      (b) Subcourses. PA0100, PA0110, PA0120, DI0130, DI0140, DI0300, DI0310, DI0320, DI0330, DI0340, DI0345, DI0350, DI0351, DI0370, DI0390.

   (3) Phase III. Resident. Electronic Journalism Course at Defense Information School.

Section XXIII
Quartermaster Branch Courses (Combined Arms Support Command)

2–232. RC Quartermaster Officer Advanced Course (Course Number: 101 A11)

   a. Objective. To prepare Quartermaster Officers of Reserve Components of the Army for branch command and staff duties at battalion through brigade or comparable levels in both divisional and nondivisional units.

   b. Eligibility. RC officers, first lieutenant and above, who have completed an officer basic course. Completion of this course or completion of the 5-week resident Supply Management Course qualifies non-branch RC officers for Quartermaster branch transfer.

   c. Curriculum. 2 phases.

      (1) Phase I. Correspondence. Must complete phase I before attending phase II.

      (a) 26 subcourses.

      (b) Subcourses. IS1801, IS7006, IS7038, IS7045, IS8720, QM0197, QM3300, QM3502, QM3503, QM3504, QM3505, QM3506, QM3507, QM3508, QM3509, QM3510, QM3511, QM3512, QM3513, QM3514, QM3515, QM3516, QM3517, QM3518, QM3519, QM3520.

   (2) Phase II. 2 weeks resident training taught by the academic departments of the Quartermaster School.

2–233. Petroleum Officer Course (Course Number: 101 Q15)

   a. Objective. To provide an overall working knowledge of the policies, principles, and procedures necessary to perform as a petroleum officer.

   b. Eligibility. Commissioned officers who have completed an Officer Advanced Course.

   c. Curriculum. 5 subcourses.

   d. Subcourses. QM5200, QM5201, QM5202, QM5203, QM5204.

2–234. Food Service Officer (Course Number: 101 Q17)

   a. Objective. To train newly appointed food service officers in the skills and knowledge needed to perform as a food service officer.

   b. Eligibility. All commissioned and noncommissioned officers and DA civilians.

   c. Curriculum. 17 subcourses.

   d. Subcourses. QM0333, QM0433, QM0453, QM6083, QM6117, QM6140, QM6190, QM6194, QM6198, QM6200, QM6202, QM6205, QM6207, QM6217, QM6251, QM6252, QM6253.

2–235. Food Service Management Course (Course Number: 101 F11)

   a. Objective. To provide overall working knowledge of the policies, principles, technology, techniques, and procedures necessary to perform as a brigade level food adviser or brigade or division level food service supervisor.

   b. Eligibility. Commissioned officers, warrant officers with MOS 922A, enlisted personnel in MOS 92G in the rank of SSG (promotable) or above, and DA civilians.

   c. Curriculum. 21 subcourses.

   d. Subcourses. QM6250, QM3840, QM3841, QM3842, QM6234, QM6232, QM6194, QM6251, QM6252, QM6253, IS0345, IS7000, IS7003, IS7008, IS7036, IS8711, IS8718, IS8719, QM6084, QM6082, IS1460.
2–236. RC WOAC Property Accounting Technician (MOS 920A) (Course Number: 101 W31)
   a. Objective. To provide advanced training for CW2 and above (MOS 920A).
   b. Eligibility. RC warrant officers who have completed the MOS 920A Warrant Officer Basic Course or Supply Management Officer Course, resident or nonresident.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence.
         (a) 12 subcourses.
         (b) Subcourses. IS1460, FI0181, FI0182, QM3809, IT0468, IS0788, QM0197, QM3602, QM3800, QM2064, QM3100, QM2063.
      (2) Phase II. 2 weeks resident training. Phase I must be completed before attending phase II.

2–237. RC WOAC Supply Systems Technician (MOS 920B) (Course Number: 101 W33)
   a. Objective. To provide advanced training for CW2 and above (MOS 920B).
   b. Eligibility. RC warrant officers who have completed the 920B Warrant Officer Basic Course or Supply Management Officer Course, Fort Lee, VA, resident or nonresident.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence.
         (a) 11 subcourses.
         (b) Subcourses. IS1460, FI0181, FI0182, QM3809, IT0468, IS0788, QM0197, QM3602, QM3100, QM3401, QM3402.
      (2) Phase II. 2 weeks resident training. Phase I must be completed before attending phase II.

2–238. RC WOAC Food Service Technician (MOS 922A) (Course Number: 101 W35)
   a. Objective. To provide senior level training for Food Service Warrant Officers (MOS 922A).
   b. Eligibility. RC warrant officers who have completed the 922A Warrant Officer Basic Course, the Food Service Management Course, or the RC Food Service Management Course.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence
         (a) 16 subcourses.
         (b) Subcourses. QM0197, QM0311, QM0312, QM0327, QM3054, QM3083, QM3317, QM3318, QM3809, QM3840, QM3841, QM3842, QM6195, QM6201, QM6213, IS7004, QM6254.
      (2) Phase II. Resident training. Phase I must be completed before attending phase II.

2–239. RC WOBC Property Accounting Technician Course (920A) (Course Number: 101 W11)
   a. Objective. To train entry level RC warrant officers in the skills and knowledge needed to perform as property accounting technicians (920A).
   b. Eligibility. Newly appointed RC warrant officers who have completed the Warrant Officer Candidate Course and RC warrant officers being reclassified into MOS 920A.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence
         (a) 19 subcourses.
         (b) Subcourses. QM0311, QM0197, QM2002, QM2003, QM3317, QM0327, QM3301, QM2350, QM3809, FI0177, FI0178, FI0179, FI0180, QM2900, QM2901, QM2912, QM2919, QM2921.
      (2) Phase II. Resident Training. Phase I must be completed before attending phase II.

2–240. RC WOBC Supply Systems Technician Course (920B) (Course Number: 101 W13)
   a. Objective. To train entry level RC warrant officers in the skills needed to perform as supply systems technicians (MOS 920B).
   b. Eligibility. Newly appointed RC warrant officers who have completed the Warrant Officer Candidate Course and RC warrant officers being reclassified into MOS 920B.
   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence
         (a) 23 subcourses.
         (b) Subcourses. QM0311, QM0197, QM2002, QM2003, QM3317, QM3079, QM3602, QM3600, QM3800, QM3805, QM3801, QM3809, QM3807, QM3806, FI0177, FI0178, FI0179, FI0180, QM2900, QM2901, QM2912, QM2919, QM2921.
      (2) Phase II. Resident training. Phase I must be completed before attending phase II.
2–241. RC WOBC Food Service Technician Course (922A) (Course Number: 101 W15)

   a. Objective. To train newly appointed and reclassified RC warrant officers in the skills needed to perform as food technicians (MOS 922A).

   b. Eligibility. Newly appointed RC warrant officers who have completed the Warrant Officer Candidate Course and RC warrant officers being reclassified into MOS 922A.

   c. Curriculum. 2 phases.
      (1) Phase I. Correspondence.
         (a) 30 subcourses.
         (b) Subcourses. QM0453, QM3100, QM3611, QM3843, QM3844, QM3845, QM3846, QM3849, QM3851, QM3852, QM3853, QM3854, QM3855, QM3856, QM3858, QM3859, QM3860, QM3861, QM6165, QM6194, QM6200, QM6202, QM6203, QM6207, QM6251, QM6252, QM6253, IS1460, IS7008, QM6250.

   (2) Phase II. Resident training. Phase I must be completed before attending phase II.

2–242. Troop Issue Subsistence Activity (TISA) Management Course (Course Number: 101 F13)

   a. Objective. To provide all Active Army and Reserve Components soldiers and DA civilians with comprehensive knowledge of the procedures and responsibilities related to the operation of TISAs.

   b. Eligibility. All military and DA civilian personnel working in or pending assignment to TISAs.

   c. Curriculum. 17 subcourses.

   d. Subcourses. QM6020, QM6042, QM6043, QM6044, QM6045, QM6048, QM6055, QM6056, QM6060, QM6070, QM6071, QM6073, QM6074, QM6075, QM6076, QM6077, QM6082.

2–243. Fabric Repair Specialist Course (MOS 43M20) (Course Number: 101 M01)

   a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.

   b. Eligibility. PVT or above with duty assignment in MOS 43M.

   c. Curriculum. 6 subcourses.

   d. Subcourses. QM4101, QM4103, QM4129, QM4127, QM4132, QM4150.

2–244. Laundry and Shower Specialist Course (MOS 57E20) (Course Number: 101 M03)

   a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.

   b. Eligibility. PVT or above with duty assignment in MOS 57E.

   c. Curriculum. 4 subcourses.

   d. Subcourses. QM4224, QM4250, QM4253, QM4258.

2–245. Mortuary Affairs Specialist Course (MOS 92M40) (Course Number: 101 M14)

   a. Objective. To provide enlisted personnel with the knowledge and skill required to perform as NCO in the rank of SFC.

   b. Eligibility. SSGs and above in MOS 92M or assigned to a duty position in MOS 92M.

   c. Curriculum. 3 subcourses.

   d. Subcourses. QM4378, QM4381, QM4382.

2–246. Mortuary Affairs Specialist Course (MOS 92M30) (Course Number: 101 M13)

   a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SSG.

   b. Eligibility. SGTs and above in MOS 92M or assigned to a duty position in MOS 92M.

   c. Curriculum. 2 subcourses.

   d. Subcourses. QM4350, QM4355.

2–247. Mortuary Affairs Specialist Course (MOS 92M20) (Course Number: 101 M12)

   a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.

   b. Eligibility. Specialist and above in MOS 92M or assigned to a duty position in MOS 92M.

   c. Curriculum. 9 subcourses.

   d. Subcourses. QM4303, QM4308, QM4310, QM4311, QM4315, QM4317, QM4320, QM4323, QM4326.

2–248. Petroleum Supply Specialist Course (MOS 77F50) (Course Number: 101 M50)

   a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as senior NCOs in the rank of MSG.
b. Eligibility. SGT or above with duty assignment in MOS 77F.
c. Curriculum. 6 subcourses.
d. Subcourses. QM5085, QM5086, QM5087, QM5088, QM5091, QM5093.

2–249. Petroleum And Water Specialist Total Army Training System (TATS) ANCOC Course (MOS 77F40)(Course Number: 101 T40)
a. Objective. To provide NCOs with the knowledge and skills required to perform petroleum supply, petroleum laboratory, water treatment operations, safety and environmental stewardship protection considerations.
b. Eligibility. Soldier who has been selected for promotion to SFC or who are performing in or being assigned to positions for which training is designed.
c. Curriculum. 12 subcourses.
d. Subcourses. QM4922, QM4923, QM4924, QM5097, QM5098, QM5099, QM5183, QM5184, QM6300, QM6301, QM6302, QM6303.

2–250. Petroleum Supply Specialist Course (MOS 77F30) (Course Number: 101 M05)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.
b. Eligibility. Specialist or above with duty assignment in MOS 77F.
c. Curriculum. 4 subcourses.
d. Subcourses. QM5092, QM5094, QM5095, QM5096.
Note. Above subcourses must be completed prior to attending the active duty phase for the 77F30 TATS course. Subcourses are also available individually.

2–251. Petroleum Laboratory Specialist Course (MOS 77L40) (Course Number: 101 M52)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SFC.
b. Eligibility. SGT or above with duty assignment in MOS 77L.
c. Curriculum. 2 subcourses.
d. Subcourses. QM5183, QM5184.

2–252. Petroleum Laboratory Specialist Course (MOS 77L30) (Course Number: 101 M51)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SSG.
b. Eligibility. Specialist or above with duty assignment in MOS 77L.
c. Curriculum. 3 subcourses.
d. Subcourses. QM5180, QM5181, QM5182.
Note. Above subcourses must be completed prior to attending the active duty phase for the 77L30 TATS course. Subcourses are also available individually.

2–253. Water Treatment Specialist Course (MOS 77W40) (Course Number: 101 M26)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SFC.
b. Eligibility. SGT or above with duty assignment in MOS 77W.
c. Curriculum. 3 subcourses.
d. Subcourses. QM4922, QM4923, QM4924.

2–254. Water Treatment Specialist Course (MOS 77W30) (Course Number: 101 M25)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SSG.
b. Eligibility. Specialist or above with duty assignment in MOS 77W.
c. Curriculum. 4 subcourses.
d. Subcourses. QM4917, QM4919, QM4918, QM4916.
Note. Above subcourses must be completed prior to attending the active duty phase for the 77W30 TATS course. Subcourses are also available individually.

2–255. Water Treatment Specialist Course (MOS 77W20) (Course Number: 101 M24)
a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.
b. Eligibility. PVT or above with duty assignment in MOS 77W.
c. Curriculum. 4 subcourses.
  d. Subcourses. QM4913, QM4910, QM4911, QM4912.

2–256. Automated Logistical Specialist (MOS 92A50) (Course Number: 101 M31)
  a. Objective. To provide senior enlisted logistics personnel with the necessary skills and knowledge to enable them to perform effectively in company battalion administration and maintenance operations and in logistics staff and management positions in echelons above battalion.
  b. Eligibility. SFC or above with duty assignment in MOS 92A.
  c. Curriculum. 3 subcourses.
  d. Subcourses. QM2900, QM2902, QM2903.

2–257. Automated Logistical Specialist (MOS 92A40) (Course Number: 101 M30)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as noncommissioned officers in the rank of sergeant first class.
  b. Eligibility. SGT or above with duty assignment in MOS 92A.
  c. Curriculum. 2 subcourses.
  d. Subcourses. QM2907, QM2908.

2–258. Automated Logistical Specialist (MOS 92A30) (Course Number: 101 M29)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as noncommissioned officers in the rank of SSG.
  b. Eligibility. Specialist or above with duty assignment in MOS 92A.
  c. Curriculum. 3 subcourses.
  d. Subcourses. QM2911, QM2912, QM2913.

2–259. Automated Logistical Specialist (MOS 92A10/20) (Course Number: 101 M28)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as noncommissioned officers in the rank of SGT.
  b. Eligibility. PVT or above with duty assignment in MOS 92A.
  c. Curriculum. 4 subcourses.
  d. Subcourses. QM2918, QM2919, QM2920, QM2921.

2–260. Unit Supply Specialist Course (MOS 92Y40) (Course Number: 101 M42)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SFC.
  b. Eligibility. SGT or above with duty assignment in MOS 92Y.
  c. Curriculum. 4 subcourses.
  d. Subcourses. QM2021, IS7034, IS7035, IS1202.

2–261. Unit Supply Specialist Course (MOS 92Y30) (Course Number: 101 M41)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SSG.
  b. Eligibility. Specialist or above with duty assignment in MOS 92Y.
  c. Curriculum. 5 subcourses.

2–262. Unit Supply Specialist Course (MOS 92Y20) (Course Number: 101 M40)
  a. Objective. To provide enlisted personnel with the knowledge and skills required to perform as NCOs in the rank of SGT.
  b. Eligibility. PVT or above with duty assignment in MOS 92Y.
  c. Curriculum. 2 subcourses.
  d. Subcourses. QM2063, QM2064.

2–263. Food Service Specialist Course (MOS 92G40) (Course Number: 101 M34)
  a. Objective. To provide enlisted personnel with knowledge and skills required to perform as Food Service Specialist in the rank of SFC.
  b. Eligibility. SGT or above with duty assignment in MOS 92G.
  c. Curriculum. 18 subcourses.
d. **Subcourses.** QM6165, QM6190, QM6198, QM6199, QM6230, QM6140, QM6137, IS1460, IS1705, IS7035, IS7032, IS8700, IS7001, IS6252, QM6253, QM6196, QM6197, QM6250.

2–264. **Food Service Specialist Course (MOS 92G30) (Course Number: 101 M33)**

a. **Objective.** To provide enlisted personnel with the knowledge and skills required to perform as food service specialists in the rank of SSG.

b. **Eligibility.** Specialist or above with duty assignment in MOS 92G.

c. **Curriculum.** 17 subcourses.

d. **Subcourses.** QM6138, QM6195, QM6165, QM6166, QM6230, QM6231, QM6232, QM6233, IS0345, IS0788, IS0821, IS1460, IS1703, IS3007, IS7034, QM6139, IS7035.

2–265. **Food Service Specialist Course (MOS 92G20) (Course Number: 101 M32)**

a. **Objective.** To provide enlisted personnel with the knowledge and skills required to perform as food service specialists in the rank of SGT.

b. **Eligibility.** PVT or above with duty assignment in MOS 92G.

c. **Curriculum.** 15 subcourses.

d. **Subcourses.** QM0333, QM0453, QM0454, QM6196, QM0456, QM0471, QM6117, QM6118, QM6119, QM6128, QM6134, QM6136, QM6137, QM6235, IS0347.

Section XXIV

**U.S. Army Recruiting Command**

2–266. **Delayed Entry Program Correspondence Course (Course Number: 553E D11)**

a. **Objective.** To provide soldiers in the Delayed Entry Program (DEP), Delayed Training Program (DTP), and the Delayed Military Service Obligation (DMSO) Program with common skills training and instruction on U.S. Army programs to prepare them for service in the U.S. Army.

b. **Eligibility.** SPCs and below who are actively participating in either the DEP, DTP, or the DMSO Program.

c. **Administration.** Student requests for enrollment must be electronically processed at a U.S. Army recruiting station.

d. **Curriculum.** 5 subcourses.

e. **Subcourses.** IS0788, IN0482, IS0821, IS0344, IS1460.

Section XXV

**Recruiting and Retention School (U.S. Army Soldier Support Institute)**

2–267. **Reenlistment NCO Course (Course Number: 805B F11)**

a. **Objective.** To provide personnel an introduction to retention for all components of the Army. Included are several areas such as eligibility, options, and benefits that impact on the retention process for both Active and Reserve Components. Completion of this course does not qualify personnel for award of MOS 79D or MOS 79S.

b. **Eligibility.** This course is open to NCOs, SGT and above, who are currently assigned to or scheduled for assignment in a reenlistment NCO position.

c. **Curriculum.** 3 subcourses.

d. **Subcourses.** RR0003, IS1203, AG0301.

Section XXVI

**U.S. Army Research Laboratory, Human Research and Engineering Directorate**

2–268. **Human Factors Engineering Course (Course Number: 887 G11)**

a. **General information.**

(1) **Definition.** Human factors engineering (HFE) is the designing and laying out of equipment and workspace with the abilities and limitations of the human operator in mind. Human factors practitioners apply, in a systematic way, the knowledge and techniques of such fields as psychology, physiology, and engineering. They aim to design equipment that can be operated easily, quickly, accurately, and safely.

(2) **Course description.** The course contains a student supplement and 40 self-paced lessons each designed to be completed in 45 to 60 minutes over a period not to exceed 1 year. A 50–item, multiple-choice post-test is included. In order to receive credit (40 hours), the student must correctly score a minimum of 70 percent.

b. **Objective.** This course is not meant to make students HFE experts; it is meant to familiarize them with a
discipline that is closely allied to the design process and to the equipment user. The course covers operator/equipment interface and the need for inclusion of an HFE practitioner as a member of the equipment design team.

c. Eligibility.
   (1) The HFE course may be completed by military and civilian members of both active and RC of the Army, the other uniform services, and Federal agencies.
   (2) It is strongly recommended that students have 2 years of high school mathematics.

d. Curriculum. 8 subcourses and three conjunctive components shipped as one package. 40 credit hours.
e. Subcourse. HE0101.

Section XXVII
U.S. Army Signal Center and School

Several of the courses in this section contain subcourses which require specific equipment to complete. Those subcourse numbers are marked with an asterisk (*). See subcourse descriptions in chapter 3 for details on what equipment is needed. Do not enroll in these courses unless you have access to the equipment necessary to work all the subcourses.

2–269. Visual Information Officer Course (Skill 5B) (Course Number: 113 Q11)
   a. Objective. To prepare the signal officer to manage an element of the Training and Audiovisual Support Center (TASC). Provides knowledge in photogenic operations, television fundamentals, television studio equipment and personnel operations.
   b. Eligibility. Commissioned officers who have completed an officer advanced or officer basic course.
   c. Curriculum. 8 subcourses.
   d. Subcourses. IS8700, IS8711, SS0105, SS0517, SS0519, SS0507, SS0513.

2–270. RC Signal Officer Advanced Course (Course Number: 113 A11)
   a. Objective. To prepare Signal Corps company grade RC officers for assignment to company level command with primary emphasis on signal operations. Area of Concentration for which trained: SC 25A (Signal).
   b. Eligibility. RC commissioned officers in the rank of first lieutenant or captain who have successfully completed an Officer Basic Branch Course or Officer Advanced Branch Course.
   c. Curriculum. 2 phases which must be completed in sequence.
      (1) Phase I. Correspondence.
         (a) 28 subcourses.
         (b) Subcourses. IS7038, IS8720, IS7006, IS7045, IS1801, IS1802, SS0117, SS0118, SS0119, SS0120, SS0121, SS0122, SS0123, SS0124, SS0125, SS0029, SS0030, SS0031, SS0073, SS0130, SS0131, SS0133, SS0134, SS0135, SS0136, SS0137, SS0132, SS0139.
      (2) Phase II. 120 hours of resident training.

2–271. Visual Information Advanced Refresher Course (CMF 25) (Course Number: 113 D11)
   a. Objective. To train NCOs in advanced technical and leadership skills and knowledge of military subjects required to train and lead other soldiers at the platoon level.
   b. Eligibility. Enlisted personnel must be in the rank of SSG and above and must have a duty assignment in any one of the MOSs of CMF 25 (25M/R/V/Z).
   c. Curriculum. 17 subcourses.
   d. Subcourses. IS1460, IS1202, IS1703, IS8700, IS8711, AG0404, IS3005, SS0105, IS1802, IS1804, IS0821, IS7034, IS7035, IS0788, FA4025, AG0010, AG0552.

2–272. Multimedia Illustrator Course (MOS 25M) (Course Number: 113 M14)
   a. Objective. To teach lettering, fundamentals of drawing, visual communication, preparation of overlays, basic geometry, freehand drawing and television artwork.
   b. Eligibility. Personnel in the rank of PVT and above with a duty assignment in any one of the CMF 25 MOS career fields (25M/R/V/Z). (MOS 25Q was redesignated MOS 25M.)
   c. Curriculum. 5 subcourses.
   d. Subcourses. SS0525, SS0526, SS0530, SS0529, SS0531.

   a. Objective. To provide basic fundamental skills and knowledge for radio and television systems specialist equipment repair.
b. **Eligibility.** Personnel in the rank of PVT and above with a duty assignment in any one of the CMF 25 MOS career fields (25M/R/V/Z).

c. **Curriculum.** 31 subcourses.

d. **Subcourses.** IT0332, MM0702, MM0703, MM0704, IT0340, SA0747, IT0351, SA0746, MM0705, MM0706, AV5000, SS0311, MM0309, SS0344, IT0338, IT0339, IT0342, IT0343, IT0344, IT0345, IT0346, SA0718, SS0391, SS0602, SS0601, SS0600, SS0603, SS0604, SS0605, SS0606, SS0607.

2–274. **Combat Documentation/Production Specialist (MOS 25V) (Course Number: 113 M25)**

a. **Objective.** To provide training to qualified enlisted soldiers to document, process, and print color and black and white photographs; operate still digital cameras, audio, motion picture and video equipment; transmit electronic images, maintain quality control, conduct general and combat camera photographic and video operations; and perform operator maintenance of visual information equipment.

b. **Eligibility.** Personnel in the rank of PVT and above with a duty assignment in any one of the CMF 25 MOS career fields (25M/R/V/Z). (Effective 1 October 1993, MOS 25P/S merged to become MOS 25V.)

c. **Curriculum.** 2 phases. Students must complete all phases to receive a course completion.

(1) **Phase I.** Correspondence. Track A (MOS 25S).

(a) 17 subcourses.

(b) **Subcourses.** SS0507, SS0509, SS0514, SS0515, SS0522, SS0510, SS0511, SS0512, SS0513, SS0572, SS0573, SS0574, SS0516, SS0517, SS0520, SS0508, SS0523.

(2) **Phase II.** Correspondence. Track B (MOS 25P).

(a) 10 subcourses.

(b) **Subcourses.** SS0535, SS0536, SS0524, DI0370, SS0549, SS0546, SS0547, SS0548, SS0549, SS0550, SS0551.

2–275. **RC Signal NCO Advanced Refresher Course (CMF 31) (Course Number: 113 D19)**

a. **Objective.** To provide NCOs in CMF 31 with the skills and knowledge needed to plan, supervise, and direct the installation operation and maintenance of signal nodes and communications equipment and systems at division and corps level.

b. **Eligibility.** RC enlisted personnel must be in the rank of SSG and must have an assignment in the career field. Active Army soldiers will be selected to attend the resident course, but may also enroll to refresh or sustain their knowledge.

c. **Curriculum.** 21 subcourses.

d. **Subcourses.** IS1202, IS1703, IS1143, SS0042, IS1100, SS0018, SS0652, SS0725, SS0016, SS0732, SS0328, SS0329, SS0332, SS0009, IS0788, FA4025, IS7008, AG0404, SS0002, SS0014, SS0344.

2–276. **Single Channel Radio Operator Course (MOS 31C20) (Course Number: 113 M40)**

a. **Objective.** To provide enlisted personnel with the skills and knowledge necessary to direct the installation, operation and maintenance of tactical single channel radio and radio teletype equipment.

b. **Eligibility.** The student must be qualified in MOS 31C10 or be assigned to a 31C10 duty position.

c. **Curriculum.** 13 subcourses.

d. **Subcourses.** IS0788, FA4025, MM0308, MM0320, SS0002, IS1143, IS1703, SS0653, SS0655, SS0656, SS0657, SS0710, SS0716.

2–277. **Radio Operator Maintainer Course (MOS 31C10) (Course Number: 113 M36)**

a. **Objective.** This course is designed to provide the knowledge necessary to install, operate, and perform PMCS and unit level maintenance of single-channel radio, radio systems, COMSEC devices and associated equipment, and manual and automated systems to include radio teletypewriter assemblages.

b. **Eligibility.** A student must be qualified in MOS 31C or be assigned to a 31C duty position.

c. **Curriculum.** 14 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)

d. **Subcourses.** IS3005, IS1100, SS0018, SS0014, SS0713, *SS9455, SS0652, SS0657, SS0710, SS0711, IS1143, SS0754, SS0755, SS0002.

2–278. **Network Switching Systems Operator Maintainer Course (MOS 31F10) (Course Number: 113 M09)**

a. **Objective.** This course is designed to provide enlisted personnel with a working knowledge to install, operate, and maintain the AN/TTC-41(V2) and SB–3614A(V)/TT.

b. **Eligibility.** Students must have a duty assignment in MOS 31F.

c. **Curriculum.** 6 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)
2–279. Antenna Installation Course (MOS 31L ASI F2) (Course Number: 113 Q13)
   a. Objective. This course is designed to provide knowledge to perform basic procedures and techniques involved in the installation and maintenance of pole and steel tower antennas.
   b. Eligibility. A student must have a duty assignment in CMF 31.
   c. Curriculum. 12 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)

2–280. Cable Splicing Course (MOS 31L ASI F6) (Course Number: 113 M48)
   a. Objective. Course provides knowledge to prepare, test and join insulated conductors in multiple-conductor cables.
   b. Eligibility. A student must have a duty assignment in CMF 31.
   c. Curriculum. 10 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)

2–281. Wire Systems Installer Course (MOS 31L30/31W40) (Course Number: 113 M50)
   a. Objective. This course is designed to provide knowledge necessary to supervise subordinates; prepare technical and administrative reports; coordinate and supervise organizational training and technical operating activities of the unit.
   b. Eligibility. A student must be an SSG or above and be qualified in MOS 31L30 and 31W40 or any MOS holder who has been promoted or reclassified in MOS 31L and 31W.
   c. Curriculum. 9 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)

2–282. Cable Systems Installer/Maintainer Course (MOS 31L10) (Course Number: 113 M01)
   a. Objective. This course is designed to provide knowledge necessary to install, maintain troubleshoot and recover field cable and field wire systems.
   b. Eligibility. A student must have a duty assignment in CMF 31.
   c. Curriculum. 14 subcourses. (For explanation of * next to subcourse numbers, see note at the beginning of this section.)

2–283. Microwave Systems Operator/Maintainer Course (MOS 31P) (Course Number: 113 M30)
   a. Objective. To train personnel to configure, align, and perform maintenance on telecommunications and technical control equipment and associated COMSEC devices. Monitors, fault isolates, and restores telecommunications systems/circuits and associated interface equipment. Maintains system/circuit and station records and reports. Operates and performs preventive maintenance checks and services on telecommunications equipment, vehicles, and power generators.
   b. Eligibility. Student must be assigned as a microwave systems operator/repairer (formerly MOS 29V10) or communications systems/circuit controller (formerly MOS 31N10).
   c. Curriculum. 24 subcourses
   (d) Subcourses. MM0651, SS0713, MM0308, MM0309, MM0320, MM0323, MM0324, SS0002, SS0732, SS0016, SS0345, SS0344, MM0750, MM0327, *SS9782, *SS9783, SS0328, SS0329, SS0330, SS0333, SS0332, SS0334, SS0031, SS0042.

Note. This course reflects realignment training of MOS 31N and MOS 29V which became MOS 31P in June 1994.

2–284. Circuit Conditioning Course (MOS 31P) (Course Number: 113 G15)
   a. Objective. To introduce the student to the theories and principles involved in circuit conditioning.
   b. Eligibility. Any student who meets the basic qualifications for correspondence study.
   c. Curriculum. 6 subcourses.
   d. Subcourses. SS0330, SS0328, SS0329, SS0332, SS0333, SS0334.

   a. Objective. This course is designed to provide the knowledge necessary to install, operate and perform operator
maintenance on low and medium capacity pulse code modulation equipment and communications security devices and to develop the manual proficiency required to attain the skill level of a journeyman multichannel equipment operator for the transmitters, receivers, multiplexers, repeaters, converters, carrier terminals, generators, antennas, and communications security devices in the multichannel systems.

b. Eligibility. Student must have a duty assignment in MOS 31R.

c. Curriculum. (Parallels resident POI.) 5 subcourses.

d. Subcourses. SS0018, SS0732, SS0344, SS0345, SS0098.

2 phases.

a. Objective. To provide the Tactical Communications Chief with the skills and knowledge necessary to plan, supervise and direct the installation, operation, and maintenance of tactical communication equipment and systems.

b. Eligibility. Student must have an assignment in MOS 31U and be SGT or above. See below for track eligibility requirements.

c. 16 subcourses.

d. Subcourses. SS9457, SS0713, IT0332, OD1633, IT0335, SS0710, SS9736, SS0719, SS0721, SS0725, SS0711, SS0717, SS0014, SS0728, SS0754, SS0755.

2–287. Signal Leadership Course (Course Number: 113 D23)

a. Objective. To provide selected enlisted personnel with a working knowledge and the skills required to perform basic leadership tasks.

b. Eligibility. Enlisted personnel must be in the rank of specialist through SGT and qualified in a signal MOS.

c. Curriculum. 9 subcourses.

d. Subcourses. IS1600, IN1013, IN0201, IN0202, IS3005, IS0788, SS0713, IS1100, IS1203.

Section XXVIII
U.S. Army Training and Doctrine Command, Office of the Deputy Chief of Staff for Training

2–288. Supervisor Development Course (SDC) (Course Number 131 F21)

Note. Replaces Course Number 131 F11 (ST 5000) which is now obsolete.

a. Objective. To provide training in basic supervisory and human resources skills to newly appointed (first time) supervisors.

b. Eligibility. Per AR 690-400, chapter 410, newly appointed DA civilian or military supervisors who supervise DA civilians must complete this course. Also open to any applicant eligible to enroll in the Army Correspondence Course Program.

d. Curriculum. Two subcourses. To receive credit for completing the SDC, the student must take both subcourses.

(1) ST 5001, Managing and Leading. Twelve lessons, 21 credit hours. Provides techniques for managing work and leading people. Covers management and leadership processes including planning, organizing, coordinating, directing, and controlling. Also includes lessons on delegating authority, problem solving, communicating effectively, and ethics.

(2) ST 5002, Human Resources Management. Eleven lessons, 18 credit hours. Provides training to enable a supervisor to use personnel management and training procedures to ensure mission accomplishment and subordinates’ professional growth. Includes lessons on position classification, staffing, human resources development, performance management, awards, discipline, and labor relations.

2–289. Manager Development Course (MDC). (Course Number 131 F31)

a. Objective. To introduce new managers to the skills necessary to perform managerial duties at a high level in a diverse organization.

b. Eligibility. Per AR 690-400, chapter 410, newly appointed DA civilian managers whose responsibilities include managing the work of subordinate supervisors must complete this course. Also open to any applicant eligible to enroll in the Army Correspondence Course Program.

d. Curriculum. One subcourse. ST 6000, Manager. Nine lessons, 12 credit hours. Provides techniques for managing work and leading people. Covers management processes including organizational culture, budgeting, management control, managing change, strategic planning, and professional ethics.
2–290. Action Officer Development Course (AODC). (Course Number 131 F41)

a. **Objective.** To enable action officers and other staff members to acquire basic staff and communication skills at any level of an organization.

b. **Eligibility.** Per AR 690–400, chapter 410, DA interns and newly appointed journeymen must complete this course. Warrant Officers. Mandatory prerequisite for attending the resident phase of the Warrant Officer Advanced Course (WOAC). WO candidates must complete this course before attending resident WOAC training. Also open to any applicant eligible to enroll in the Army Correspondence Course Program.

c. **Administration.** The AODC is available as an interactive, online presentation. Enroll through AIPD’s Web site, http://www.atsc.army.mil/accp/aipd.htm

d. **Curriculum.** One subcourses. ST 7000, *Action Officer*. Eleven lessons and five appendices, 21 credit hours. Lessons cover management techniques and communication skills including preparing documents for staffing, meetings and interviews, problem solving, writing, coordinating, briefings, and ethics. Appendices are job aids for preparing documents, managing time, and creating ideas.

**Section XXIX**

U.S. Army Training Support Center

2–291. NCO Primary Leadership Subjects Course (Course Number: 553B D21)

a. **Objective.** To provide selected skills and knowledge needed to succeed in the first duty assignment as a noncommissioned officer. Soldiers intending to enroll in this course should do so prior to attending PLDC.

b. **Eligibility.** Soldiers in the rank E4 (SPC/CPL) and below.

c. **Curriculum.** 3 subcourses.

d. **Subcourses.** PD2201, PD2202, PD2203.

2–292. NCO Basic Leadership Subjects Course (Course Number: 553B D31)

a. **Objective.** To provide selected skills and knowledge needed to succeed in leadership positions in the rank of SSG. Soldiers intending to enroll in this course should do so prior to attending BNCOC.

b. **Eligibility.** Soldiers in the rank of E5 and above.

c. **Curriculum.** 3 subcourses.

d. **Subcourses.** PD2301, PD2302, PD2303.

2–293. Standards in Weapons Training Course (Course Number: 553C F13)

a. **Objective.** To provide instruction on combat arms branch organizations and missions, as well as knowledge essential for familiarization with the STRAC process.

b. **Eligibility.** Officers or NCOs (SSG and above) assigned to duties associated with training plans or operations.

c. **Curriculum.** 11 subcourses.

d. **Subcourses.** IS0500, IN0503, IN0478, IN0479, FA8151, EN0053, MM2599, MM4632, MM4646, PD2203, PD2303.

**Section XXX**

Transportation Branch Courses (Combined Arms Support Command)

2–294. RC Transportation Officer Advanced Course (Course Number: 551 A11)

a. **Objective.** To prepare Transportation Corps officers for command at unit level and for staff assignments at battalion or comparable levels. The primary focus is on company operations in the environment of the battalion, brigade, or other appropriate echelon.

b. **Eligibility.** RC commissioned officers of the Army (minimum grade first lieutenant) not on extended active duty.

Must have completed an officer basic course. Students must meet the standards of AR 600–9, AR 140–1 and AR 350–15 upon enrollment and for the duration of the course.

c. **Curriculum.** 2 phases.

   1. **Phase I.** Correspondence. Must complete phase I before attending phase II.

   2. **Phase II.** 2 weeks resident training taught by the academic departments of the Transportation School.

2–295. Locomotive Repairer (MOS 88P) (Course Number: 551 M18)

a. **Objective.** To provide training for enlisted personnel holding or desiring to prepare for this MOS. An MOS
cannot be attained by correspondence study alone; however, some of these subcourses teach theory and principles essential to the specialties, and some give general information and background helpful in MOS preparation.

b. Eligibility. This course is open to soldiers possessing MOS 88P or assigned to an MOS 88P position.

c. Curriculum. 9 subcourses.

d. Subcourses. OD1650, OD1651, OD1654, QM0113, QM0114, QM0115, TR0655, TR0656, TR0675.

2–296. Track Maintainer (MOS 88T) (Course Number: 551 M24)

a. Objective. To provide training for enlisted personnel holding or desiring to prepare for this MOS. An MOS cannot be attained by correspondence study alone; however, some of these subcourses teach theory and principles essential to the specialties, and some give general information and background helpful in MOS preparation.

b. Eligibility. This course is open to soldiers possessing MOS 88T or assigned to an MOS 88T position.

c. Curriculum. 2 subcourses.

d. Subcourses. TR0670, TR0671.

2–297. Train Crew Member (MOS 88U) (Course Number: 551 M26)

a. Objective. To provide training for enlisted personnel holding or desiring to prepare for this MOS. An MOS cannot be attained by correspondence study alone; however, some of these subcourses teach theory and principles essential to the specialties, and some give general information and background helpful in MOS preparation.

b. Eligibility. This course is open to soldiers possessing MOS 88U or assigned to an MOS 88U position.

c. Curriculum. 7 subcourses.

Chapter 3
Subcourse Listings for Consolidated ACCP

3–1. Individual subcourse enrollment information

For each subcourse you complete, you will receive a subcourse completion notice. Course completion notices cannot be earned through individual subcourse enrollment. Even though you may complete all subcourses that make up a course, you must be enrolled in the course itself to receive a course completion notice.

3–2. Subcourse listings

Tables 3–1 through 3–28 list subcourse numbers, titles, and descriptions for the consolidated ACCP proponents’ subcourses.

3–3. Electronic Subcourses

Visit the General Dennis J. Reimer Training & Doctrine Digital Library at http://www.adtdl.army.mil to view subcourses that are available only in electronic format.

</table>

Subcourse: AD0404
<table>
<thead>
<tr>
<th>Subcourse</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>AD0406</td>
<td>Patriot Missile Reload and Crane Operations.</td>
<td>Basic procedures involved with the Patriot missile reload and crane operations. (Prerequisites: AD0415 and AD0421.) MOS: 14T. Crd hrs: 6.</td>
</tr>
<tr>
<td>AD0407</td>
<td>Denial and Destruction of Patriot Equipment.</td>
<td>Explains the denial and destruction methods used to render Patriot system equipment useless to the enemy. MOS: 14E/14T. Crd hrs: 5.</td>
</tr>
<tr>
<td>AD0408</td>
<td>Patriot Launching Station (LS) Preventive Maintenance Checks and Services (PMCS) and Guided Missile Canister (GMC) Corrective Maintenance</td>
<td>Procedures involved with PMCS on the LS and the GMC. Procedures for corrective maintenance on the GMC. (Prerequisites: AD0415, AD0402, AD0400, AD0417, AD0421, and AD0404.) MOS: 14T. Crd hrs: 5.</td>
</tr>
<tr>
<td>AD0416</td>
<td>Patriot Engagement Control Station (ESC) Operations.</td>
<td>Basic procedures involved with the ECS initialization. Deactivation and activation of a fire platoon and the engagement of targets at the ECS. (Prerequisite: AD0419.) MOS: 14E. Crd hrs: 11.</td>
</tr>
<tr>
<td>AD0417</td>
<td>Patriot System and Missile Safety.</td>
<td>Basic concepts associated with the personal dangers of a Patriot Firing Battery. Information on radio frequency hazards, radar safety, noise hazards, electrical safety, and missile safety. (Prerequisites: AD0415, AD0402, and AD0400.) MOS: 14E/14T. Crd hrs: 5.</td>
</tr>
<tr>
<td>AD0418</td>
<td>Corrective Maintenance of the Engagement Control Station (ECS) and Information and Coordination Central (ICC).</td>
<td>Identifies and describes the corrective maintenance procedures for the ECS and the ICC. (Prerequisite: AD0449.) MOS: 14E. Crd hrs: 24.</td>
</tr>
<tr>
<td>AD0419</td>
<td>Emplacement and March Order Procedures for the Patriot Engagement Control Station (ECS) and the Information and Coordination Central (ICC).</td>
<td>Basic procedures involved with ECS and ICC emplacement and march order. (Prerequisites: AD0415, AD0402, AD0448, AD0417, and AD0400.) MOS: 14E. Crd hrs: 8.</td>
</tr>
<tr>
<td>AD0422</td>
<td>Introduction to the Patriot Radar Set (RS).</td>
<td>Familiarization with the RS major components and their operation. Operator/maintainer preventive maintenance checks and services. (Prerequisites: AD0415, AD0402, AD0417, AD0448, and AD0400.) MOS: 14E. Crd hrs: 10.</td>
</tr>
<tr>
<td>AD0423</td>
<td>Corrective Maintenance of the Patriot Radar Set (RS), Part II.</td>
<td>Corrective maintenance of the RS power distribution and control, control unit group, shelter environment control, and radar antenna system group. (Prerequisite: AD0401.) MOS: 14E. Crd hrs: 8.</td>
</tr>
<tr>
<td>AD0424</td>
<td>Corrective Maintenance of the Patriot Radar Set (RS), Part III.</td>
<td>Corrective maintenance procedures of the RS radar receiver group: input/output control unit, waveform generator, pulse expansion, and front ends. (Prerequisites: AD0401 and AD0424.) MOS: 14E. Crd hrs: 8.</td>
</tr>
<tr>
<td>AD0425</td>
<td>Corrective Maintenance of the Patriot Radar Set (RS), Part IV.</td>
<td>Title: Corrective Maintenance of the Patriot Radar Set (RS). Part IV. Description: Corrective maintenance procedures of the RS radar receiver group: input/output control unit, waveform generator, pulse expansion, and front ends. (Prerequisites: AD0401 and AD0424.) MOS: 14E. Crd hrs: 8.</td>
</tr>
</tbody>
</table>

Table 3–1
Air Defense Artillery subcourses (AD)—Continued

**Description:** How to emplace and march order the battalion tactical operations center, prepare a Surface-to-Air Missile Status Report (SAMREP), and collect and process information from subordinate, adjacent, supported units and higher echelons. (Prerequisites: AD0415, AD0402, and AD0448.) MOS: 14E/14T. Crd hrs: 6.

**Subcourse:** AD0472
**Title:** Emplacement and March Orders Procedures of the Electric Power Unit II (EPU II).
**Description:** Basic procedures involved with emplacement, march order, and operator level PMCS of the EPU II. (Prerequisite: AD0440.) MOS: 14E/31F/31M/31R. Crd hrs: 4.

**Subcourse:** AD0473
**Title:** Patriot Information and Coordination Central (ICC) Operations.
**Description:** Basic procedures involved with initialization and data modem operations at the ICC. PMCS for the ICC and engagement control station shelters. (Prerequisite: AD0416.) MOS: 14E. Crd hrs: 10.

**Subcourse:** AD0497
**Title:** Deploy Mast Group Hydraulic-Pneumatic OA–9054(V)4/G (Patriot Communications System).
**Description:** Enables the soldier, along with two additional crew members, to perform march order, emplacement, operations, and deployment of the antenna mast group. MOS: 14E/31F/31M/31R. Crd hrs: 8.

**Subcourse:** AD0520
**Title:** The Aiming Circle.
**Description:** The use and care of the M2 aiming circle. MOS: 14E/14T. Crd hrs: 1.

**Subcourse:** AD0575
**Title:** Introduction to MANPAD (14S/14M) System Stinger.
**Description:** System description and operation; preventive maintenance checks and services; training devices and procedures; organization, drill, and engagement. MOS: 14S (SL 1–4). Crd hrs: 8.

**Subcourse:** AD0699
**Title:** History of Air Defense Weapon Systems.
**Description:** The origins and development of Air Defense Artillery (ADA); description of current ADA weapons systems; and a look at future ADA weapons systems. MOS: 14Z. AOC: 14E/14B. Crd hrs: 6.

**Subcourse:** AD0700
**Title:** Army Air Defense Operations.
**Description:** Addresses the history of U.S. Army Air Defense. Presents the air defense capabilities of our ADA weapon systems, their operations, and the organizations of those systems. MOS: 14E/14M. Crd hrs: 10.

**Subcourse:** AD0717
**Title:** RSOP, Cover and Deception for ADA Units.
**Description:** Purpose, methods, and planning sequence of reconnaissance, selection, and occupation of position (RSOP). Position reconnaissance and displacement planning; occupation of position; composition and duties of the RSOP party; and special RSOP considerations. MOS: 14E/14T/14J. Crd hrs: 3.

**Subcourse:** AD5901
**Title:** IFF Programmer/Battery Charger.
**Description:** Procedures used in maintaining and operating the identification, friend or foe (IFF) Programmer/Battery Charger used with the Stinger and Chaparral weapon systems. MOS: 14S/14M. Crd hrs: 6.

**Subcourse:** AD5903
**Title:** Conduct MANPAD System Training Using Moving Target Simulator.
**Description:** Procedures and equipment used to train and evaluate Stinger and Redeye gunners by simulating aircraft engagements. Covers operation of the moving target simulator and the tracking head trainers for the Stinger and Redeye. MOS: 14S/14M. Crd hrs: 6.

Table 3–2
Adjutant General subcourses (AG)

**Subcourse:** AG0010
**Title:** Fundamentals, Procedures, and Techniques of Personnel Management.
**Description:** Describes the objectives, principles, and methods of implementing personnel management including the commander’s role in personnel management; the types, interpretation, and administration of Army personnel tests; the techniques of interviewing and counseling; and the qualifications of interviewers. Crd hrs: 9.

**Subcourse:** AG0018
<table>
<thead>
<tr>
<th>Table 3–2</th>

<tr>
<td><strong>Description:</strong> Purpose of officer accessions, utilization, and attendance at military schools and how the Army effects officer accessions, utilization, and attendance at military schools. Crd hrs: 3.</td>
<td></td>
</tr>
</tbody>
</table>

**Subcourse:** AG0034

**Title:** Authorized and Unauthorized Absences.

**Description:** Policy on leaves of absence, purposes and types of leave and computation of leave. Also, administrative procedures taken for absence without leave and desertion. Crd hrs: 6.

**Subcourse:** AG0101

**Title:** Classified Documents Procedures.

**Description:** Instruction on how to inventory, downgrade and declassify, and destroy classified documents. Crd hrs: 4.

**Subcourse:** AG0104

**Title:** Administering the Forms Management Program.

**Description:** How to review requests for new and revised forms, research form files, and approve or disapprove requests by using the proper review form. Crd hrs: 2.

**Subcourse:** AG0109

**Title:** Establish/Review Distribution and Mail Routing Guide Procedures.

**Description:** How to establish and review a distribution formula, establish and update the correspondence/mail routing guide, and review the routing of incoming correspondence. Crd hrs: 5.

**Subcourse:** AG0200

**Title:** Preparing Casualty Feeder Report, DA Form 1156 (Casualty Feeder Report).

**Description:** Instruction on the preparation of the DA Form 1156. Crd hrs: 2.

**Subcourse:** AG0218

**Title:** Using Military Publications and Establishing Files.

**Description:** Describes the basic structure and organization used in Army publications, procedures for determining the current editions of publications, and the elements of correctly established Army files. Crd hrs: 8.

**Subcourse:** AG0222

**Title:** Preparing Special Purpose Memorandums and Letters.

**Description:** How to format and prepare special purpose memorandums and letters. Crd hrs: 4.

**Subcourse:** AG0301

**Title:** The Enlisted Military Occupational Specialty (MOS) System.

**Description:** The enlisted grade structure; the composition and uses of MOS titles and codes; and the organization and use of AR 611–201, Enlisted Career Management Fields and Military Occupational Specialties. Crd hrs: 8.

**Subcourse:** AG0340

**Title:** Adjudicating Personal Property Claims: Part I.

**Description:** How to adjudicate a personal property claim by determining if the claim is cognizable or within the jurisdiction of chapter 11, AR 27–20; determine if the types, quantities, and ownership of the properties are payable or not payable; ascertain whether the claimant had supplemental protection; verify that the claim was presented in the proper form and within the time limits; and verify that items claimed are properly substantiated, evaluated, adjudicated, and settled. Crd hrs: 7.

**Subcourse:** AG0342

**Title:** Adjudicating Personal Property Claims: Part II.

**Description:** Procedures for determining if the claim is cognizable; determining if the types, quantities, and ownership of the properties are payable; ascertaining whether the claimant had supplemental protection; verifying that the claim was presented in the proper form and within the time limitations; and verifying that items claimed are properly substantiated, evaluated, adjudicated, and settled. Crd hrs: 7.

**Subcourse:** AG0344

**Title:** Reviewing and Processing Claims.

**Description:** How to verify and process claims under Article 139, Uniform Code of Military Justice, and how to verify and process claim payment vouchers SF 1034 (Public Voucher for Purchases and Services Other than Personal). Crd hrs: 8.

**Subcourse:** AG0346

**Title:** Reviewing Record of Nonjudicial Punishment Proceedings.

**Description:** How to review a DA Form 2627 (Record of Proceedings Under Article 15, UCMJ) and a DA Form 2627–2 (Record of Supplementary Action Under Article 15, UCMJ). Crd hrs: 8.
Table 3–2

Adjutant General subcourses (AG)—Continued

| Title: Reviewing Courts-Martial Convening Orders and Courts-Martial Orders. |
| Description: How to review a court-martial convening order and review an initial court-martial promulgating order. Crd hrs: 8. |

Subcourse: AG0350
Title: Reviewing Article 32 Investigations and Chapter 10 Discharges.
Description: How to review an endorsement appointing an Article 32 Investigating Officer and verify that all correspondence and forms are prepared correctly and completely. Crd hrs: 7.

Subcourse: AG0352
Title: Maintaining a Law Library.
Description: How to identify and maintain accountable and nonaccountable materials, prepare receiving vouchers, prepare shelf list cards, and identify information needed to properly mark library materials. Crd hrs: 7.

Subcourse: AG0353
Title: Researching Federal Statutes Using the United States Code Annotated.

Subcourse: AG0354
Title: Researching Court Decisions: Part I.
Description: How to research various digests of courts-martial case appeal decisions and prepare and submit reports on those decisions. Crd hrs: 7.

Subcourse: AG0356
Title: Researching Court Decisions: Part II.
Description: How to research and report on appellate court decisions using the National Reporter System. (Prerequisite: AG0354.) Crd hrs: 7.

Subcourse: AG0404
Title: The Modern Army Recordkeeping System (MARKS).
Description: Covers principles, concepts, and program management; disposition and labeling procedures; filing procedures and retrieval; records transfer and retirement; and Records Holding Areas and Records Centers. Crd hrs: 8.

Subcourse: AG0409
Title: Freedom of Information and Privacy Acts.

Subcourse: AG0510
Title: Personnel Actions: Administrative Discharges.
Description: How to review a recommendation for separation based on unsatisfactory performance and on misconduct. Also covers review of the application for hardship/dependency separation. Crd hrs: 2.

Subcourse: AG0514
Title: Maintaining and Controlling Log Books.
Description: How to review a DA Form 4809–R (Meal Card Control Register) and a DA Form 4179–R (Leave Control Log). Crd hrs: 5.

Subcourse: AG0516
Title: The Noncommissioned Officer Evaluation Reporting System (NCOERS).
Description: Introduces preparation of Noncommissioned Officer Evaluation Reports which includes the actions required of the rated NCO and the responsibilities of all the rating officials in the completion of DA Forms 2166–7 (Noncommissioned Officer Evaluation Report) and 2166–7–1 (NCO Counseling Checklist/Record). This subcourse emphasizes the need for counseling and coaching by the rater. Crd hrs: 5.

Subcourse: AG0520
Title: Personnel Actions: Deferment/Reassignment Requests.
Description: How to review sections II and III of DA Form 4187 (Personnel Action), Request for Deferment from Overseas Assignment at Unit Level, and Request for Reassignment at Unit Level. Crd hrs: 8.

Subcourse: AG0522
Title: Processing Enlisted Advancements/Establishing Promotion Boards.
Description: How to review the Enlisted Promotion Report (CO1), and to establish and review promotion board proceedings. Crd hrs: 5.

Subcourse: AG0530
Title: Review Classification and Utilization of Military Personnel.
<table>
<thead>
<tr>
<th>Subcourse: AG0532</th>
<th>Description: How to review MOS classification and reclassification actions and how to review the Unit Manning Report. Crd hrs: 8.</th>
</tr>
</thead>

<table>
<thead>
<tr>
<th>Subcourse</th>
<th>Title</th>
<th>Description</th>
<th>Crd hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>AG0608</td>
<td>Assigning Military Personnel.</td>
<td>How to determine and recommend the unit of assignment for enlisted personnel in the rank of private through master sergeant/first sergeant.</td>
<td>3</td>
</tr>
<tr>
<td>AG0609</td>
<td>Using the Unit Manning Report (UMR).</td>
<td>How to identify malassignments of personnel using the Unit Manning Report.</td>
<td>3</td>
</tr>
<tr>
<td>AG0610</td>
<td>Recommending Disposition of Reclassification Actions.</td>
<td>How to recommend the disposition of MOS reclassification actions.</td>
<td>3</td>
</tr>
<tr>
<td>AG0613</td>
<td>Certify Enlisted Retirement Applications.</td>
<td>How to verify retirement eligibility, identify errors in the DA Form 2339 (Application for Voluntary Retirement), and identify appropriate approval procedures.</td>
<td>2</td>
</tr>
<tr>
<td>AG0619</td>
<td>Certifying Casualty Reports.</td>
<td>How to certify a casualty message, DD Form 173/1 (Joint Message Form) (peacetime and wartime); and how to review a Sympathy/Condolence Letter.</td>
<td>3</td>
</tr>
<tr>
<td>AG0622</td>
<td>Handling Classified Documents.</td>
<td>Basic procedures for handling classified documents within a U.S. Army activity. How to receipt for classified documents, inventory a classified documents account, and prepare an Emergency Destruction Plan for classified documents.</td>
<td>6</td>
</tr>
<tr>
<td>AG0623</td>
<td>Editing a Command Publication.</td>
<td>How to review a proposed local command publication prior to publication.</td>
<td>4</td>
</tr>
<tr>
<td>AG0624</td>
<td>Processing Military Orders.</td>
<td>Fundamentals of the review of military orders or requests for orders and review of the preparation and authentication of DD Form 1610 (Request and Authorization for TDY Travel of DOD Personnel).</td>
<td>3</td>
</tr>
<tr>
<td>AG1001</td>
<td>Certifying Officer Requisitions.</td>
<td>How to identify officer requisitions and to review a subordinate’s requisition determinations. How to certify officer requisitions by the use of documents: Unit Manning Report (AAC–C07) and Officer Distribution Plan. The requisition cycle (2 months) and regulations AR 614–185 and DA Pam 600–8 are also used.</td>
<td>3</td>
</tr>
<tr>
<td>AG1004</td>
<td>Managing the Separations Program.</td>
<td>Basic types of separations for officers and enlisted personnel including resignation, discharge, dropped from rolls, release or transfer, sole surviving son or daughter, fraudulent entry, misconduct, personality disorder and retirement. Procedures used for separation including boards, rights of respondent, presentation of evidence, and exceptional circumstances. Types of discharge including general, honorable, and those under other than honorable conditions.</td>
<td>8</td>
</tr>
<tr>
<td>AG1012</td>
<td>Manning the Force.</td>
<td>Instruction on the military classification system; the major features of the Standard Installation/Division Personnel System (SIDPERS); the Unit Manning System; and the Personnel Proponency System.</td>
<td>5</td>
</tr>
<tr>
<td>AG1050</td>
<td>The Role of the S1.</td>
<td>Presents a general description of the role of the S1. Describes the S1’s duties and responsibilities, position, and staff relationships. The focus of this subcourse is directed at the battalion level.</td>
<td>5</td>
</tr>
<tr>
<td>AG1052</td>
<td>Preparing the Personnel Estimate.</td>
<td>Addresses the role the S1 plays in preparing the estimate. Contains information describing the problem-solving process and its use in military decision making.</td>
<td>4</td>
</tr>
</tbody>
</table>
Table 3–2
Adjutant General subcourses (AG)—Continued

Subcourse: AG1054
Title: Battalion S1 Section Operations.
Description: Operation of a battalion S1 section to include its mission, objectives, structure, organization, staffing, staff responsibilities, and standing operating procedures. Also describes selected section operations, how the Freedom of Information Act, Privacy Act, and official inquiries affect section operations, and office automation. Crd hrs: 5.

Subcourse: AG1058
Title: Battalion S1: Monitoring Line of Duty Investigations.
Description: The procedures and information necessary for the battalion level adjutant to monitor and review line of duty investigations in support of the battalion commander. Crd hrs: 5.

Subcourse: AG1060
Title: Battalion S1: Unit Authorization Documents.
Description: Basic procedures for developing and using unit authorization documents. Process for determining and documenting Army requirements through the Table of Organization and Equipment System and the conversion of those requirements into authorizations through the Army Authorization Documents System. Crd hrs: 6.

Subcourse: AG1062
Title: Reporting Personnel Strength Using the Unit Status Report.
Description: Explains basic procedures for preparation of the unit status report (USR) by an S1 officer at the battalion level. Also contains instructions for preparing the USR, documents who is responsible for that preparation, and how it is used by echelons above the battalion level. Crd hrs: 5.

Subcourse: AG1064
Title: Soldier Readiness Processing (SRP).
Description: Discussion and description of soldier readiness processing in anticipation of overseas movement, and the relationship between the SRP and unit readiness. Crd hrs: 5.

Subcourse: AG1070
Title: Personnel Overview.
Description: Basic procedures involved with the organization, location, and mission of personnel support activities on the battlefield. Crd hrs: 3.

Subcourse: AG1074
Title: Managing Personnel Assignments.
Description: Presents the policies and procedures a personnel officer uses to manage officer and enlisted assignment operations as well as those the Army uses to assign qualified officer and enlisted soldiers to organizational units. Crd hrs: 3.

Subcourse: AG1076
Title: Managing the Enlisted Reclassification Program.
Description: Policies and procedures personnel managers use to initiate, execute, and manage both voluntary and mandatory reclassification actions. Crd hrs: 3.

Subcourse: AG1082
Title: Manage the Noncommissioned Officer Evaluation Report Program.

Subcourse: AG1086
Title: Critical Personnel Functions.
Description: Presents the critical functions personnel officers perform during wartime. Includes the flow of battlefield replacements, casualty reporting, strength reporting, and battlefield postal operations. Also details the personnel officer’s responsibilities regarding morale, welfare and recreation operations. Crd hrs: 4.

Table 3–3
Aviation Logistics subcourses (AL)

Subcourse: AL0907
Title: Basic Hydraulics and Hydraulic Plumbing.
Description: Instruction on the science of hydraulics; explanation of hydraulic principles; study of the fluids used in aircraft hydraulic systems. Crd hrs: 4.
<table>
<thead>
<tr>
<th>Subcourse: AL0917</th>
<th>Title: Nondestructive Testing.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Dye penetrant and magnetic particle nondestructive tests; and principles involved in performing radiography, ultrasonic, and eddy inspections. MOS: 151A, CMF 67. Crd hrs: 2.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL0926</th>
<th>Title: Basic Hydraulic Systems and Components.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Instruction on the concept and operation of the basic components of the hydraulic system. Explains flow control, actuating and discharge devices, and pressure-limiting, controlling, and sensing devices. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL0966</th>
<th>Title: Basic Aerodynamics.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> How and why an aircraft flies and what effect the atmosphere and flight controls have on flight. MOS: 151A. Crd hrs: 2.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL0992</th>
<th>Title: Basic Airframe Repair.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Provides a general familiarization of the airframe of today’s aircraft and repair procedures. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL0993</th>
<th>Title: Army Aircraft Gas Turbine Engines.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Theory and principles of gas turbine engines; major sections of gas turbine engines; fuel and oil systems; testing procedures, inspection, maintenance, and storage of aircraft gas turbine engines; and T53, T55, Solar T62, T63, T74, and T700 engines. MOS: 151A, CMF 67. Crd hrs: 19.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9000</th>
<th>Title: Supply Management for Aviation Maintenance.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Supervisory skills and knowledge needed to effectively supervise supply management procedures and policies for aviation maintenance. MOS: 67T. Crd hrs: 8.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9001</th>
<th>Title: Aviation Maintenance Files.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Maintaining aviation maintenance files in accordance with MARKS and establishing a technical library. CMF: 67. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9002</th>
<th>Title: Production Control.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Supervisory skills and knowledge needed to effectively supervise the maintenance of proper forms and the management of cannibalization and controlled exchange of aircraft parts. CMF: 67. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9003</th>
<th>Title: Unit Moves.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Supervisory knowledge required to maintain rapid deployment capability at the unit level, to conduct convoy operations, and to select sites and set up aviation maintenance operations in the field. CMF: 67. Crd hrs: 5.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9004</th>
<th>Title: Control Calibration.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Structure of the calibration program to include the calibration requirements for test, measurement, and diagnostic equipment. CMF: 67. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9005</th>
<th>Title: Preventive Maintenance Checks and Services.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Supervisory skills and knowledge needed to effectively supervise and organize a preventive maintenance checks and services program. CMF: 67. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9006</th>
<th>Title: Maintenance Operations in Unusual Environments.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> How to supervise aviation maintenance under adverse conditions and to ensure that personnel are properly prepared to operate in arctic, desert, jungle and mountain environments. CMF: 67. Crd hrs: 5.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9007</th>
<th>Title: Direct Preparation of Aircraft for Weighing.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Definitions of the terms used during aircraft weight and balance operations. How to prepare an aircraft for weighing and identify the Chart A entries required to complete a pre-weighing inventory. Crd hrs: 2.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9107</th>
<th>Title: Supervise Maintenance of T-62 Series Engines.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> How to supervise repair tasks on the auxiliary power unit for the CH-47 (Chinook). MOS: 68B. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AL9108</th>
<th>Title: DYE T-62 SERIES ENGINES.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Explains how to supervise repair tasks on the auxiliary power unit for the CH-47 (Chinook). MOS: 68B. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>
Title: Supervise Inspections, Checks, and Accessory Replacement on T700 Series Engines.
Description: How to supervise inspections, checks and accessory replacement tasks on the powerplant for the UH–60 (Blackhawk). MOS: 68B. Crd hrs: 4.

<table>
<thead>
<tr>
<th>Table 3–4 Armor subcourses (AR)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Subcourse:</strong> AR0001</td>
</tr>
<tr>
<td><strong>Title:</strong> Maintenance Management.</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on the proper methods for managing a maintenance facility. It includes instruction in Unit Maintenance Operations, Unit Maintenance Safety Program, Environmental Protection Policies, and Battlefield Maintenance. Crd hrs: 4. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0002</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Database Maintenance.</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on database maintenance in the Unit Level Logistics System - Ground (ULLS-G). It contains information on software and hardware requirements. It also contains information on establishing parameters for a unit, maintaining the maintenance catalog, uploading and maintaining the Master Maintenance Data File, and maintaining unit maintenance files in ULLS-G. Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0003</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> System Security.</td>
</tr>
<tr>
<td><strong>Description:</strong> Details the system used by the Unit Level Logistics System - Ground (ULLS-G) to control a combination of user and group access rights to ULLS-G database information. Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0004</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Sage Database Inquiry (SDI).</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on creating additional reports using the ad hoc report system provided within the Unit Level Logistics System - Ground (ULLS-G). Upon completion, the soldier will be able to create useful maintenance management reports, which would otherwise be unavailable from ULLS-G. Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0005</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Daily Preventive Maintenance Checks and Services (PMCS).</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on basic PMCS procedures. Upon completion, the soldier will be able to properly complete and interpret maintenance forms produced by the Unit Level Logistics System - Ground (ULLS-G). Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0006</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Scheduled Maintenance.</td>
</tr>
<tr>
<td><strong>Description:</strong> Covers critical Unit Level Logistics System - Ground (ULLS-G) maintenance reports and provides assessment tools for the maintenance leader to use in establishing and maintaining a unit scheduled maintenance program. Upon completion of this subcourse, the student should be familiar with the management tools necessary to establish and maintain an effective scheduled maintenance program. Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0007</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Evaluate Class IX Procedures.</td>
</tr>
<tr>
<td><strong>Description:</strong> Discusses various reports generated and maintained in the Unit Level Logistics System - Ground (ULLS-G) which directly relate to Class IX management procedures. Reports covered are the document Control Register, Commander’s Exception Report, Financial Transaction Listing, and the Exception Status Report. Upon completion, the student will be able to inspect documents, identify inconsistencies in supply transaction entries, and take corrective action to eliminate inconsistencies. Crd hrs: 3. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0008</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Manage Prescribed Load List (PLL).</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on the proper methods for managing a unit Prescribed Load List (PLL). Upon completion, the student will be able to effectively manage a PLL utilizing the PLL Inventory Report, Excess Management Report, Daily Management Report, and Demand Analysis Report. Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0009</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Licensing And Dispatch Program.</td>
</tr>
<tr>
<td><strong>Description:</strong> Provides information on the proper methods for managing a unit Driver Training and Dispatch program. It covers manual and automated procedures for licensing Army motor vehicle operators and covers accident forms. Upon completion, the student will be able to implement fundamentals learned in this lesson to supplement or establish the driver training program in the unit Crd hrs: 2. (No individual subcourse enrollments.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: AR0010</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Army Materiel Status System (AMSS).</td>
</tr>
</tbody>
</table>
| **Description:** Provides information on the proper methods for evaluating a unit’s operational readiness posture utilizing the Army Materiel Status System (AMSS) within the Unit Level Logistics System - Ground (ULLS-G). Upon completion, the student will be able to identify
inaccurate AMSS data as well as maintenance trends which cause a unit's operational readiness rate to fall below the Department of the Army goal. Crd hrs: 2. (No individual subcourse enrollments.)

<table>
<thead>
<tr>
<th>Table 3–5</th>
<th>Aviation subcourses (AV)</th>
</tr>
</thead>
</table>

**Subcourse:** AV0181  
**Title:** Aviation Maintenance Management and Operations.  
**Description:** Policies, maintenance structure, preventive maintenance and inspections, maintenance indicators, repair parts supply operations, and materiel readiness reporting for aviation maintenance management. Crd hrs: 6.

**Subcourse:** AV0534  
**Title:** Human Factors in Aircraft Accident Prevention.  
**Description:** Role of abnormal behavior in aircraft accidents to include learning, memory, and intelligence; motivation; emotions, psychomotor skills; physiological factors of noise; temperature stress; respiration and circulation; nutrition; and toxic substances in aviation. Crd hrs: 11.

**Subcourse:** AV0550  
**Title:** Aviation Petroleum, Oils, and Lubricants (POL), Operation, Maintenance and Safety.  
**Description:** Provides safety officers with an understanding of criticality of fuel handling, aircraft dangers, and POL storage. Crd hrs: 4.

**Subcourse:** AV0551  
**Title:** Aviation Safety.  
**Description:** Goals, objectives, and policies of the Army Safety Program and how is implemented in aviation units; aviation accident prevention plan, causation analysis, gunnery and laser safety, duties and responsibilities of commanders, staff, and individuals. Crd hrs: 6.

**Subcourse:** AV0567  
**Title:** Introduction to Aircraft Accident Prevention.  
**Description:** Goals, objectives, and policies of the Army Safety Program; responsibilities of the U.S. Army Safety Center; Commander's Aviation Accident Prevention. Crd hrs: 5.

**Subcourse:** AV0568  
**Title:** Aviation Accident Prevention.  
**Description:** U.S. Army causation model for safety program; regulations pertaining to safety practices and procedures; command and individual responsibilities toward safety. Crd hrs: 9.

**Subcourse:** AV0569  
**Title:** Crash Safety Concepts.  
**Description:** Kinetic energy, stopping distance and decelerative force, human tolerance to abrupt accelerations, occupant restraint; design for crash survival, timely evacuation. Crd hrs: 5.

**Subcourse:** AV0570  
**Title:** Aviation Shop and Flight Line Safety.  
**Description:** Safety standards and practices for maintenance operations within the hangar, allied shops, and on the flight line. Crd hrs: 2.

**Subcourse:** AV0574  
**Title:** Aircraft Accident Investigation and Reports.  
**Description:** Explains Army accidents and aircraft mishap terms and reporting requirements; describes the purpose and procedure for conducting an aircraft accident investigation. Crd hrs: 5.

**Subcourse:** AV0582  
**Title:** Safety Office Administration.  
**Description:** Administrative functions needed to support an aviation safety program including preparing and reviewing written policies, conducting safety training and maintaining records. Crd hrs: 5.

**Subcourse:** AV0583  
**Title:** Armament Safety.  
**Description:** Provides aviation safety personnel with information for review of standing operating procedures required for gunnery operations; basic characteristics of weapons systems and free-flight projectiles; regulations for live-fire and laser training and safety considerations for transportation and storage of ammunition. Crd hrs: 3.

**Subcourse:** AV0584  
**Title:** Safety Programs.  
**Description:** Explains the Army safety and accident prevention programs, including occupational health and safety, hazard identification, safety training, safety awards, and the alcohol and drug abuse programs. Crd hrs: 8.

**Subcourse:** AV0585  
**Title:** Measuring Safety.

Table 3–5
Aviation subcourses (AV)—Continued

Description: Basic airport traffic control procedures; eligibility, knowledge, and skill required to obtain a control tower operator certificate. (No individual subcourse enrollments; to take this subcourse, enroll in an Air Traffic Control Course.) MOS: 93C. Crd hrs: 1.
### Table 3–5

**Aviation subcourses (AV)—Continued**

- **Subcourse:** AV2406  
  **Title:** Flight Following Services.  
  **Description:** Procedures to initiate and maintain current data on FAA Form 7230–21 (Flight Progress Strip); maintain and issue information and advisories to arriving, departing, and en route aircraft; assist in search and rescue procedures. MOS: 93C, Skill Level 1. Crd hrs: 5.

- **Subcourse:** AV2408  
  **Title:** Radio and Interphone Procedures.  
  **Description:** Procedures to initiate and maintain current data on FAA Form 7230–21 (Flight Progress Strip); maintain and issue information and advisories to arriving, departing, and en route aircraft; assist in search and rescue procedures. MOS: 93C, Skill Level 1. Crd hrs: 5.  

- **Subcourse:** AV2410  
  **Title:** Operate and Maintain the AN/TSQ–71B.  
  **Description:** Description of equipment, function of controls, indicators, and switches; turn-on, alignment, and turn-off; preventive maintenance checks and services. Crd hrs: 10.

- **Subcourse:** AV5004 (Proponent: Combined Arms Support Command)  
  **Title:** Level Radar, Adjust Power Supply and Center Current and Synchronize Precision Sweep.  
  **Description:** Troubleshoot and repair radar set AN/FPN–40. Crd hrs: 4.

- **Subcourse:** AV5020 (Proponent: Combined Arms Support Command)  
  **Title:** Bench Test Weather Radar Indicator IP–1376/APN–215(V)1.  
  **Description:** Bench test the IP–1376/APN–215(V)1 to determine if it is serviceable. Student must have access to the equipment. Crd hrs: 2.

- **Subcourse:** AV5021 (Proponent: Combined Arms Support Command)  
  **Title:** Bench Test Weather Radar Receiver-Transmitter RT–1352/APN–215(V)1.  
  **Description:** Bench test the RT–1352 to determine if it is serviceable. Student must have access to the equipment. Crd hrs: 3.

- **Subcourse:** AV5022 (Proponent: Combined Arms Support Command)  
  **Title:** Bench Test Weather Radar Antenna AS–3451/APN–215(V)1.  
  **Description:** Bench test the AS–3451/APN–215(V)1 to determine if it is serviceable. Student must have access to the equipment. Crd hrs: 2.

- **Subcourse:** AV5036 (Proponent: Combined Arms Support Command)  
  **Title:** Troubleshoot Radio Set AN/ARC–51BX.  
  **Description:** Troubleshooting Radio Set AN/ARC–51BX. Crd hrs: 10.

- **Subcourse:** AV5039 (Proponent: Combined Arms Support Command)  
  **Title:** Troubleshoot and Repair Communications System Control C–6533/ARC.  
  **Description:** Troubleshoot and repair the communications system control C–6533/ARC. You must have access to this equipment to complete this subcourse. Crd hrs: 6.

- **Subcourse:** AV5041 (Proponent: Combined Arms Support Command)  
  **Title:** Direct Support Maintenance of RT–1167/AN/ARC–164(V) (SOJT).  
  **Description:** How to perform direct support maintenance on the RT–1167/AN/ARC–164(V). You must have access to this equipment to complete this subcourse. MOS: 35L. Crd hrs: 12.

- **Subcourse:** AV5044 (Proponent: Combined Arms Support Command)  
  **Title:** Align AN/FPN–40 Azimuth Cursor.  
  **Description:** How to perform an azimuth cursor alignment on Radar Set AN/FPN–40. You must have access to this equipment to complete this subcourse. Crd hrs: 3.

---

### Table 3–6

**Chaplain subcourses (CH)**

- **Subcourse:** CH0583  
  **Title:** Nonappropriated Chaplains’ Fund Management 2.  
  **Description:** Brigade-level management and control of nonappropriated chaplains’ funds. Crd hrs: 8.

- **Subcourse:** CH0584  
  **Title:** Appropriated Funds for Chaplain Use.  
  **Description:** Teaches the advanced chaplain knowledge and skills needed to manage appropriated funds. Crd hrs: 8.
<table>
<thead>
<tr>
<th>Subcourse: CH0585</th>
<th>Title: Managing Brigade-Level Chaplain Logistics.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Teaches the advanced chaplain the knowledge and skills needed to apply logistics regulations and guidelines to brigade level case studies. Crd hrs: 8.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0586</th>
<th>Title: Military Pastoral Ministry 1 (Spiritual &amp; Professional Development).</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Teaches the knowledge and skills necessary to develop a personal spiritual and professional development plan. Crd hrs: 10.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0605</th>
<th>Title: Chaplain Assistants Support to Military Parish Program.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides chaplain assistants with sustainment training on conducting religious retreats, selecting and procuring religious education materials, and providing publicity on religious programs. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0607</th>
<th>Title: Unit Ministry Team Leadership.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides the senior chaplain assistant with instruction on the application of Army leadership doctrine to the unit ministry team and reviews those characteristics and traits of leaders that will enable the chaplain assistant to effectively perform as a leader. Crd hrs: 3.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0809</th>
<th>Title: Mobilization and Deployment Ministry.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Introduces the chaplain to the trauma and stress of preparing soldiers and their families for mobilization and deployment. Also identifies some of the issues legal, emotional, and health that are critical to educating soldiers’ families during pre-deployment and to the development of a family support plan. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0811</th>
<th>Title: Ministry on the Battlefield.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Introduces the chaplain to those areas that are critical to the demonstration of an ability to provide worship opportunities and leadership during combat. Covers planning, preparing for, and coordinating worship opportunities in a field environment. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0812</th>
<th>Title: Develop a Battalion Religious Program and Perform Ministry with other Chaplains.</th>

</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides training on the steps necessary to develop a Religious Support Plan and on the skills necessary to provide pastoral care with and to other chaplains. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0813</th>
<th>Title: Advanced Chaplain Values Training I.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides training on chaplain applications of the Army leadership framework and the Ethical Decision Making Model as it applies to brigade chaplain operations. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0815</th>
<th>Title: Advising the Commander on World Religions.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides instruction on analyzing the religious climate indigenous to an area of operations and identifying factors which may impact on military operations in order to recommend courses of action to the commander. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0816</th>
<th>Title: Physical Setup for Religious Services in Garrison I.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Instruction on setting up a garrison chapel for a catholic mass, a collective Protestant service, a collective Protestant communion service and returning the chapel to a neutral setting. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0817</th>
<th>Title: The Unit Ministry Team’s Role in Suicide Prevention.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Provides training on identifying potential suicides and on implementing the actions necessary to deal effectively with potential suicide situations. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0818</th>
<th>Title: Unit Ministry Team Strategies for Soldier Visitation Program.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Instruction on unit ministry team (UMT) procedures for hospital visitation and for soldiers in grief or crisis. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: CH0819</th>
<th>Title: Religious Items and Terms in Military Ministry.</th>

Chaplain subcourses (CH)—Continued

<table>
<thead>
<tr>
<th>Description: Instruction on setting up a garrison chapel for a Jewish service, an orthodox service, and a baptism. Crd hrs: 5.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subcourse: CH0821</td>
</tr>
<tr>
<td>Title: Physical Setup for Field Religious Services.</td>
</tr>
<tr>
<td>Description: Instruction on the basic steps required to prepare for religious services in a field environment using Protestant, catholic, orthodox, and Jewish field kits. (Prerequisite: CH0819.) Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0823</td>
</tr>
<tr>
<td>Title: Unit Ministry Team Supply and Equipment Requirements.</td>
</tr>
<tr>
<td>Description: Instruction on the equipment used to complete the UMT mission and on procedures to acquire and keep track of equipment. Crd hrs: 6.</td>
</tr>
<tr>
<td>Subcourse: CH0824</td>
</tr>
<tr>
<td>Title: Safeguard an Offering.</td>
</tr>
<tr>
<td>Description: Instruction on procedures for preparing for an offering, safeguarding monies collected, and recording the collection. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0825</td>
</tr>
<tr>
<td>Title: Advising the Commander on Accommodating Religious Practices.</td>
</tr>
<tr>
<td>Description: Instruction on the constitutional, policy, and doctrinal issues impacting on the free exercise of religion in the Army and on identifying the leadership and staff procedures required to accommodate religious practices in the Army. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0826</td>
</tr>
<tr>
<td>Title: Army Doctrine for Unit Ministry Team Operations.</td>
</tr>
<tr>
<td>Description: Instruction on the major doctrinal issues which impact on the chaplain and chaplain assistant’s wartime role of providing religious support. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0827</td>
</tr>
<tr>
<td>Title: Unit Ministry Team Mobilization Planning I.</td>
</tr>
<tr>
<td>Description: Provides general information on mobilization planning and how to identify chaplain assets and shortfalls. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0828</td>
</tr>
<tr>
<td>Title: Unit Ministry Team Mobilization Planning II.</td>
</tr>
<tr>
<td>Description: Provides training on developing UMT mobilization plans and annexes. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: CH0838</td>
</tr>
<tr>
<td>Title: Practice of Ministry Paper.</td>
</tr>
<tr>
<td>Description: Assigns a Practice of Ministry Paper to RC Chaplain OAC students. Enrollment restricted to chaplains and chaplain candidates only. Crd hrs: 12.</td>
</tr>
<tr>
<td>Subcourse: CH1311</td>
</tr>
<tr>
<td>Title: Chaplain Support Activities: the Chaplain Assistant’s Role.</td>
</tr>
<tr>
<td>Description: Provides chaplain assistants with basic information on topics common to chaplain support activities programs throughout the Army. MOS: 71M. Crd hrs: 4.</td>
</tr>
<tr>
<td>Subcourse: CH1312</td>
</tr>
<tr>
<td>Title: Accommodating Religious Practices for the Chaplain Assistant.</td>
</tr>
<tr>
<td>Description: Brief overview of the religious diversity present in the United States Army and an introduction to Army policy and procedures on accommodating religious practices. Crd hrs: 4.</td>
</tr>
<tr>
<td>Subcourse: CH1313</td>
</tr>
<tr>
<td>Title: Unit Ministry Team Crisis Counseling: the Chaplain Assistant’s Role.</td>
</tr>
<tr>
<td>Description: Introduction to garrison and combat pastoral counseling in the unit environment. Distinguishes between chaplain and chaplain assistant roles. MOS: 71M. Crd hrs: 4.</td>
</tr>
<tr>
<td>Subcourse: CH1315</td>
</tr>
<tr>
<td>Title: Support Religious Education Activities.</td>
</tr>
<tr>
<td>Description: Introduction to the various missions involved in providing support to a unit religious education program including record keeping, ordering texts and supplies, and providing audiovisual services. MOS: 71M. Crd hrs: 4.</td>
</tr>
<tr>
<td>Subcourse: CH4106</td>
</tr>
<tr>
<td>Title: Training the Unit Ministry Team.</td>
</tr>
<tr>
<td>Description: Deals with leadership and management concerns. Orient the noncommissioned student on training responsibilities. Introduces the student to the arena of the Chaplain Management Officer System. Crd hrs: 10.</td>
</tr>
</tbody>

Table 3–7
Chemical subcourses (CM)—Continued

| Title: Nuclear Warning and Reporting. |
| Description: Prepare and use the reports associated with nuclear warning and reporting. Prepare wind vector plots and effective downwind messages. Use nuclear burst information to calculate nuclear burst yield and determine the location of ground zero. Prepare simplified and detailed fallout predictions and plot reported contamination areas. A review of map reading is provided. Crd hrs: 16. |

| Subcourse: CM5206 |
| Title: Nuclear Weapons Effects. |
| Description: Concerned primarily with the quantity of radiation in any radiological situation. Includes procedures for identification and determination of nuclear burst parameters for field estimation; proper nuclear burst reporting procedures; reporting methods; procedures for conversion of upper air wind data for use in the nuclear, biological, and chemical element (NBCE); and preparation of a fallout wind vector plot. MOS: 54B/AOC: 74A. Crd hrs: 16. |

| Subcourse: CM7105 |
| Title: Operation and Maintenance of the M8A1 Automatic Chemical Agent Alarm System. |
| Description: Components of the M8A1 automatic chemical agent alarm system; how to operate the system, how to shut it down, and how to plan for and supervise the positioning of a system setup. Crd hrs: 8. |

| Subcourse: CM7106 |
| Title: NBC Logistics. |
| Description: Aspects of NBC logistics applicable to duties of the NBC defense officer and NCO; fundamentals of NBC logistics; establishing an NBC equipment maintenance program; organizing and monitoring a radiac equipment calibration/certification program; preparing NBC equipment status charts, conducting equipment inventory and requisitioning NBC supplies and logistical services. MOS: 54B/AOC: 74A. Crd hrs: 6. |

| Subcourse: CM7112 |
| Title: Smoke Pots. |
| Description: Purpose of smoke screen operations and the various types of smoke pots that are used at the company level; effect of weather and terrain on smoke screens, smoke pots spacing requirements, and the technique used for emplacing smoke pots; procedures for calculating the number of smoke pots required and procedures for igniting smoke pots. Crd hrs: 6. |

| Subcourse: CM7114 |
| Title: Chemical and Biological Operations. |
| Description: Supervising the marking of chemical and biological contamination; providing technical advice on biological defense; assessing wind and temperature effects on chemical agents. Crd hrs: 11. |

| Subcourse: CM7116 |
| Title: Radiological Monitoring and Survey. |
| Description: Conducting radiological monitoring and surveys, preparing and submitting NBC–4 Nuclear Reports; computing transmission and correlation factors; detecting, measuring, and reporting radiation contamination caused by fallout and neutron-induced radiation. Crd hrs: 6. |

Table 3–8
Public Affairs Subcourses (DI)

| Subcourse: DI0130 |
| Title: Introduction to Community Relations. |
| Description: Presents many of the community relations programs practiced both in CONUS and overseas. Also presents the basics of community relations, understanding the local community power structure, planning and conducting special events and operating a speakers’ bureau. MOS: 46Q/R. Crd hrs: 8. |

| Subcourse: DI0140 |
| Title: Public Affairs and the Law. |
| Description: Overview of legal concepts and procedures used in public affairs programs. Structure of law in the United States and the content of key laws affecting public affairs activities. MOS: 46Q/R. Crd hrs: 7. |

| Subcourse: DI0200 |
| Title: Introduction to Journalism. |
| Description: Elements of journalism both in the civilian world and, specifically, within the military. Covers news gathering and interviewing techniques commonly practiced by journalists today. MOS: 46Q. Crd hrs: 4. |

| Subcourse: DI0210 |
| Title: Fundamentals of News Writing. |
| Description: The differences between literary and newspaper English, the inverted pyramid style of presenting information, objective news...

Subcourse: DI0220  
Title: Copy Editing.  
Description: Teaches entry-level journalists the fundamentals of editing their own and other journalists' writing. Covers basic English grammar and common errors that occur in Army publications. Also fundamentals of reviewing copy for security, accuracy, propriety, and policy. MOS: 46Q. Crd hrs: 10.

Subcourse: DI0230  
Title: Writing Headlines.  
Description: Basic procedures involved with newspaper design as it relates to headlines. Specific information is provided on headline types, headline styles, word usage, punctuation and how to count characters in headlines to make them fit the design of the page. MOS: 46Q. Crd hrs: 5.

Subcourse: DI0240  
Title: Feature Writing and Editorials.  
Description: Basic procedures and tasks related to writing feature stories and editorials. MOS: 46Q. Crd hrs: 10.

Subcourse: DI0250  
Title: Still Photography for Journalists.  
Description: Provides general knowledge and understanding of using a 35mm camera, film and exposure, controlling light, film development and making prints. MOS: 46Q. Crd hrs: 10.

Subcourse: DI0251  
Title: Photojournalism I.  
Description: Provides understanding of photojournalism, knowledge of obtaining, recording and writing a photo cut-line, cropping and scaling a photograph, and establishing a field photographic darkroom. MOS: 46Q. Crd hrs: 5.

Subcourse: DI0252  
Title: Photojournalism II.  
Description: Advanced information for the trained photojournalist. Provides an understanding of photojournalism, preparing a shooting script, shooting a picture story and producing a 35mm color slide presentation. Crd hrs: 5.

Subcourse: DI0253  
Title: Photojournalism III.  
Description: Advanced information for the trained photojournalist. Provides an understanding of photojournalism, shooting a spot news photograph and shooting a personality feature photograph. Crd hrs: 5.

Subcourse: DI0260  
Title: Newspaper Design and Layout.  
Description: Basic procedures involved with the design and layout of a newspaper. Instruction on flags, mastheads, folios, headlines, typeset copy, photographs and line art, measurements, types of layouts, advertising, copy logs, dummy layout sheets, and field-expedient production techniques. MOS: 46Q. Crd hrs: 15.

Subcourse: DI0300  
Title: Introduction to Broadcasting.  
Description: Provides entry-level understanding of broadcast history, the operational structure of a broadcast station and how military public affairs practitioners should approach the civilian broadcast media to help accomplish their information goals. Includes information on the military broadcast chain of command, mission, operation, and history. MOS: 46R. Crd hrs: 5.

Subcourse: DI0310  
Title: Techniques of Broadcast Journalism.  
Description: As part of the broadcast journalist MOS qualification course, this subcourse provides an entry level understanding of the techniques for writing effective broadcast news and sports, feature and spot announcement copy, rewriting and editing broadcast copy and print releases for electronic media, administering traffic and continuity, and using public affairs files. MOS: 46R. Crd hrs: 10.

Subcourse: DI0320  
Title: Basic Announcing Skills.  
Description: Gives an entry level understanding of radio and television announcing. MOS: 46R. Crd hrs: 5.

Subcourse: DI0330  
Title: Radio and Television Interviewing.  
Description: Provides entry level understanding of interviewing techniques in radio and television. Offers in depth study of the various types of broadcast interviews. Also covers methods, preparation, formulating questions, and the techniques used for both the radio and television interviews. MOS: 46R. Crd hrs: 5.
Title: Radio Broadcasting Techniques.
Description: Provides broadcasters with an entry level understanding of the performance of a radio music program, audio production techniques and the production of a radio news insert. Also teaches how to compile a newscast and sportscast. MOS: 46R. Crd hrs: 10.

Subcourse: DI0345
Title: Radio II.
Description: Maintaining radio program materials, operating audio control room equipment and editing audio tape. Crd hrs: 5.

Subcourse: DI0350
Title: Electronic Journalism.
Description: As part of the MOS qualification course, this subcourse introduces the entry level broadcaster to electronic news gathering (ENG) and electronic field equipment, lighting for ENG, framing and composition, video script writing and electronic editing. MOS: 46R. Crd hrs: 10.

Subcourse: DI0351
Title: Electronic Journalism II.
Description: Provides an entry level understanding of the operation of electronic news gathering (ENG) and electronic field production equipment; the selection and set up of microphones; the preparation and performance of TV news inserts; videotape editing; and the responsibilities and functions of an ENG team chief. MOS: 46R10. Crd hrs: 10.

Subcourse: DI0370
Title: Television Lighting, Audio, and Scenery.
Description: The basic concepts and principles of lighting, providing proper audio, and furnishing a television production set with the proper scenery described in detail. MOS: 46R. Crd hrs: 10.

Subcourse: DI0390
Title: Television Graphics for Broadcast Journalists.
Description: Entry level understanding of television graphics. MOS: 46R. Crd hrs: 3.

Subcourse: DI0401
Title: Advanced Public Affairs.
Description: Provides the trained journalist with information on advanced public affairs operations. Crd hrs: 5.

Subcourse: DI0405
Title: Newsgathering Systems and Print Selection.
Description: Provides the trained journalist with advanced information in newsgathering systems and print selection. Provides an understanding of organizing and operating a newsgathering system and selecting prints for publication and release. Crd hrs: 5.

Subcourse: DI0410
Title: Advanced Public Information.
Description: How to escort a news media representative, supervise a Hometown News Release Program, and assess markets for public information products. Crd hrs: 5.

Subcourse: DI0420
Title: Advanced Command Information.
Description: Gives the trained journalist information on how to advise the printer selection committee on contract specifications to produce the publication desired by the commander, how to conduct a newspaper readership survey, and how to assess a command information program. MOS: 46Q20. Crd hrs: 5.

Subcourse: DI0430
Title: Advanced Broadcasting.
Description: Introduces broadcasters to an advanced level of understanding when producing radio features, conducting audience surveys and determining radio music formats. Broadcasters should have a basic knowledge of military broadcasting before taking this subcourse. MOS: 46R20. Crd hrs: 5.

Subcourse: DI0440
Title: Managing and Reviewing Radio Television Products.
Description: Gives the senior broadcaster tools necessary to manage and review radio/television products. Provides general knowledge and understanding of Armed Forces Radio and Television (AFRTS) Broadcast Center, AFRTS program packages and how to review materials prior to broadcast. Crd hrs: 5.

Subcourse: DI0450
Title: Perform As Chief Radio Announcer/Maintain Broadcast SOP.
Description: Gives the senior broadcaster tools necessary to perform as chief radio announcer. Provides general knowledge and understanding of radio formats, critiques, announcing broadcast copy, locally produced spot announcements and features, preproduction process, managing traffic and continuity, the record library, the audience survey, radio remotes, managing an AFRTS radio program package, maintenance, supplies and establishing a broadcast SOP. Crd hrs: 5.
Subcourse: DI0460
Title: Plan and Produce an Electronic Field Production/TV Spot Announcement.
Description: Provides the senior broadcaster a general knowledge and understanding of how to plan and produce television spot announcements and electronic field productions. Crd hrs: 5.

Subcourse: DI0500
Title: Senior Public Affairs.
Description: Learn how to participate in crisis management team operations, coordinate and evaluate a news conference/briefing, provide input to the public affairs annex of contingency OPLANS/MOPLANS, and establish a satellite public affairs activity. MOS: 46Q30/40, 46R30/40. Crd hrs: 5.

Table 3–9
Defense Language subcourses (DL)

Subcourse: DL1101—DL1110
Title: Russian Reading.
Description: This series contains authentic Russian newspaper clippings as text. Includes photos with captions, weather reports, and short articles on military topics. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Subcourse: DL1201—DL1210
Title: Russian Listening.
Description: This series contains recordings from the Soviet media including announcements, weather reports, news about the space program, elections and natural disasters. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Subcourse: DL2101—DL2110
Title: Polish Reading.
Description: This series contains authentic Polish newspaper clippings as text. Articles include maps, notices, advertisements, and short items concerning the military. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Subcourse: DL2201—DL2210
Title: Polish Listening.
Description: This series contains recordings from the Polish media including weather reports, program schedules, news bulletins, announcements, commentaries, and interviews. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Subcourse: DL3101—DL3110
Title: Czech Reading.
Description: This series contains articles from Czech newspapers and magazines as text. Includes authentic tables of contents, maps, weather reports and classified advertisements. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Subcourse: DL3201—DL3210
Title: Czech Listening.
Description: This series contains recordings from Czechoslovak media including information about military service, aviation, world events, and civil defense. Crd hrs: 10 for each subcourse; 100 total. (No individual subcourse enrollments.)

Table 3–10
Engineer subcourses (EN)

Subcourse: EN0053
Title: Explosives and Demolitions.
Description: Demolition materials; firing systems; calculation and placement of charges; construction demolitions; cratering and land clearing; safety, transportation, storage, and destruction of explosives. MOS: 12B/C. Crd hrs: 8.

Subcourse: EN0054
Title: Engineer Intelligence and Reconnaissance.
Description: Gathering, producing, and using engineer intelligence; planning, conducting and reporting engineer reconnaissance; preparation of reconnaissance reports. (Programmed format.) MOS: 12B/C. Crd hrs: 12.

Subcourse: EN0064
Title: Roads and Airfields I.
Description: Provides minimum essential knowledge needed in planning, construction, and maintaining military roads, Army airfields, and heliports. Includes nomenclature, design criteria, reconnaissance, location, layout, staking, and field methods of alignment; expedient methods of earthwork estimation; construction tasks such as clearing, earthwork, drainage, surfacing, and maintenance. (Programmed format.) Crd hrs: 12.

Subcourse: EN0065
Title: Field Fortifications.
Table 3–10
Engineer subcourses (EN)—Continued

Subcourse: EN0069
Title: Frame Structures.
Description: Nomenclature of frame building members; construction print reading; layout of structures; characteristics of wood; materials and labor estimating; methods of in-place and precut construction; use of standard plans under Army Facilities Systems for theater of operations construction. Crd hrs: 14.

Subcourse: EN0113
Title: Construction Print Reading.
Description: Principles and methods, types and parts of prints, alphabet of lines, projections, and views; architectural drawings, working drawings, framing, concrete, masonry, riveting and welding; utilities drawings of water supply and distribution, plumbing, sewerage systems, and electrical distribution and wiring; heating and ventilating, bills of materials. Crd hrs: 10.

Subcourse: EN0158
Title: Utilities I.
Description: Layout and functions of simple water distribution systems; layout and operation of sewerage systems; plumbing installations; electrical systems; refrigeration; and organization and operation of utilities teams. MOS: 52C. Crd hrs: 20.

Subcourse: EN0353
Title: Nonstandard Military Bridges.
Description: Fixed bridges—principles of reconnaissance, site selection, surveying and planning for bridge construction operations; the bridge and vehicle classification of highway and railroad bridges; design of nonstandard fixed bridge superstructures and substructures; design of semipermanent fixed railroad bridges; how to make connections; how to reinforce and repair existing bridge; and the Engineer Functional Components Systems. Crd hrs: 20.

Subcourse: EN0365
Title: Roads and Airfields II.
Description: Specifications for planning and supervising design and construction of military roads, airfields and heliports; design specifications and site selection; design of horizontal and vertical curves; drainage computations, preparation and use of the mass diagram; subcourse, base course, surface course; design, maintenance and rehabilitation. Crd hrs: 21.

Subcourse: EN0375
Title: Construction Management.
Description: Management of military construction in the theater of operations including project analysis, planning, and scheduling techniques by the critical path method; estimating and control techniques; and theater of operations installation. Crd hrs: 19.

Subcourse: EN0389
Title: Utilities II.
Description: Design principles, construction, operation and maintenance of utilities systems for large, semipermanent installations in the theater of operations, including electrical power and distribution systems, water distribution systems, sewage collection and disposal systems. Crd hrs: 8.

Subcourse: EN0390
Title: Military Railroads.
Description: Teaches the nomenclature, functions, and rehabilitation techniques used in railroad operations. Crd hrs: 3.

Subcourse: EN0391
Title: Land Clearing.
Description: Planning steps and considerations for employment of land clearing operations; familiarization with clearing methods and techniques; planning considerations for logistic support during land clearing operations and convoy maintenance operations; safety pointers gained from experience. Crd hrs: 7.

Subcourse: EN0501
Title: Combat Engineer.
Description: Engineer reconnaissance and intelligence; handtools and rigging; engineer equipment; construction planning; soils in construction; roads and culverts; bridges and expedient stream crossing. MOS: 12B/C. Crd hrs: 22.

Subcourse: EN0508
Title: Bridge Specialist, Part 2.
Description: Concept of river crossing operations; light and heavy floating equipment; characteristics and employment of M4T6, Class 60 and mobile assault bridge; anchorage systems; armored vehicle launched bridge; and expedient river crossing devices. MOS: 12C. Crd hrs: 24.
Table 3–10  
Engineer subcourses (EN)—Continued

Subcourse: EN0533  
Title: Carpentry III.  
Description: Cabinetworks; special woods; wood grain direction; joints; prefabricated frame and metal buildings; construction for temperate, tropic and arctic regions; heavy timber construction; warehouse loading docks; maintenance problems; waterfront structures; repairs. MOS: 51B. Crd hrs: 11.

Subcourse: EN0562  
Title: Painting I.  
Description: Selection and mixing of paints, operation and maintenance of paint equipment, proper storage of paint supplies, identification of metals and detection and prevention of corrosion, safety. MOS: 51B. Crd hrs: 10.

Subcourse: EN0563  
Title: Painting II.  
Description: Preparation of wood, masonry and metal surfaces; estimating paint requirements; fundamentals of work inspection and acceptable standards. MOS: 51B. Crd hrs: 12.

Subcourse: EN0591  
Title: Surveying I (Mathematics and Survey Principles).  
Description: General survey principles; mathematics including geometry, trigonometry, and logarithms; care, use, and operation of the common surveying instruments and equipment; and general field work procedures. MOS: 82B/D. Crd hrs: 20.

Subcourse: EN0592  
Title: Surveying II (Plane and Surveying Operations).  
Description: Survey traverses, the stadia method, plane table surveys, triangulation, and leveling operations. MOS: 82B/D. Crd hrs: 17.

Subcourse: EN0593  
Title: Surveying III (Topographic and Geodetic Surveys).  
Description: Precise topographic surveying based upon geodetic survey methods including astronomic observations and electronic measuring systems. MOS: 82D. Crd hrs: 22.

Subcourse: EN0594  
Title: Surveying IV (Construction Surveys).  
Description: Construction survey operations including recording of survey data, plotting, and calculations. MOS: 82B. Crd hrs: 12.

Subcourse: EN5110  
Title: Prepare a Plumbing Takeoff List (Plumbing I).  
Description: Instructions for preparing a plumbing takeoff list, extracting information from a construction drawing legend, identifying plumbing symbols, and listing plumbing materials. MOS: 51K. Crd hrs: 12.

Subcourse: EN5111  
Title: Water Supply (Plumbing II).  
Description: Instructions for installing plumbing water supply pipe systems to include tubing, pipes, and fixtures; welding and soldering; and testing system for leaks. MOS: 51K. Crd hrs: 11.

Subcourse: EN5112  
Title: Waste Systems (Plumbing III).  
Description: Instructions for preparing, connecting, and installing pipes in a waste system. Information on waste system materials and rough-in procedures. MOS: 51K. Crd hrs: 11.

Subcourse: EN5113  
Title: Plumbing Fixtures (Plumbing IV).  
Description: Description of the procedures and equipment used to install lavatories and sinks; water closets with tanks; and urinals including tests for mechanical operations and leaks. MOS: 51K. Crd hrs: 12.

Subcourse: EN5114  
Title: Repair Valve and Fixture Control Devices (Plumbing V).  
Description: Instructions on the identification and repair of valves and on the repair of fixture control devices including disassembly and troubleshooting procedures. MOS: 51K. Crd hrs: 11.

Subcourse: EN5115  
Title: Clear Waste System Stoppages (Plumbing VI).  
Description: Instructions on clearing stoppage in plumbing fixtures and waste drain lines, and identifying and using different plumbing tools. MOS: 51K. Crd hrs: 7.

DA PAM 350–59 • 26 October 2001

93
| Subcourse: EN5160  
Title: Prefabricated Structures.  
Description: How to interpret assembly instructions and procedures and construction drawing for a prefabricated metal building. MOS: 51H. Crd hrs: 2. |
| Subcourse: EN5161  
Title: Mats and Membranes.  
| Subcourse: EN5258  
Title: Brake Systems.  
Description: Perform tasks related to troubleshooting, adjusting, and repairing brake systems found on items of engineer construction equipment. Hydraulics, air, and air-over-hydraulic brake systems; adjustment of winch brake found on a D7F crawler tractor. MOS: 62B. Crd hrs: 7. |
| Subcourse: EN5259  
Title: Diesel Fuel Systems.  
Description: How to perform tasks related to the adjustment, repair, or replacement of components of diesel fuel systems found on items of engineer construction equipment. MOS: 62B. Crd hrs: 10. |
| Subcourse: EN5260  
Title: Hydraulic Systems.  
Description: How to adjust and repair hydraulic pumps and valves used on construction equipment. Information on positive displacement hydraulic pumps and the procedures required to disassemble, repair, and reassemble them. Also, construction, operation, and repair of hydraulic control valves. MOS: 62B. Crd hrs: 4. |
| Subcourse: EN5261  
Title: Establish and Maintain a Technical Reference Library.  
Description: How to perform tasks related to establishing and maintaining a technical reference library. MOS: 62B. Crd hrs: 5. |
| Subcourse: EN5262  
Title: Engineer Construction Equipment-Steering System.  
Description: How to diagnose malfunctions, make adjustments, and repair a clutch and brake steering system and power steering system. MOS: 62B. Crd hrs: 4. |
| Subcourse: EN5263  
Title: Schematic.  
Description: Teaches the skills and knowledge necessary to read electrical wiring and hydraulic circuit diagrams which are used by mechanics to troubleshoot electrical and hydraulic systems. Terminal learning objective is interpreting schematics used in troubleshooting procedures for engineer construction equipment. MOS: 62B. Crd hrs: 8. |
| Subcourse: EN5264  
Title: Engineer Construction Equipment Test, Measuring and Diagnostic Equipment.  
Description: How to properly use the various test, measuring, and diagnostic equipment needed to perform various tasks related to the repair of engineer construction equipment. MOS: 62B. Crd hrs: 12. |
| Subcourse: EN5266  
Title: Engineer Construction Equipment Maintenance Concepts and Operations.  
Description: Teaches tasks relating to the administration and management of a maintenance activity at unit level. MOS: 62B. Crd hrs: 9. |
| Subcourse: EN5301  
Title: Map Mathematics (Cartography I).  
Description: Basic skill (or refresher) in map mathematics including basic algebra, decimals and the metric system; engineer metric and inbar scales in cartography. MOS: 81C. Crd hrs: 6. |
| Subcourse: EN5302  
Title: Grid Construction Plotting and Projection Griticules (Cartography II).  
Description: Instruction and hands-on training in preparing a map base to include universal transverse mercator grid construction, transverse mercator projection plotting, and plotting geodetic controls. MOS: 81C. Crd hrs: 20. |

Table 3–10  
Engineer subcourses (EN)—Continued

Description: Instructions on selecting mortar materials and mixing mortar, constructing a concrete block wall and constructing a brick wall. MOS: 51C. Crd hrs: 6.
Title: Aerial Photography (Cartography III).
Description: Instructions for identifying aerial photographic imagery using a pocket stereoscope; preparing an aerial photographic line index; and establishing supplementary control. MOS: 81C. Crd hrs: 5.

Subcourse: EN5307
Title: Color Separation (Cartography VII).
Description: Instructions on color separating maps. Discusses the color separation process in multicolor printing. MOS: 81C. Crd hrs: 8.

Subcourse: EN5308
Title: Map Editing (Cartography VIII).
Description: How to perform section quality control checks and edits during map production. MOS: 81C. Crd hrs: 6.

Subcourse: EN5309
Title: Map Overlays (Cartography IX).
Description: Instructions on preparing map overlays. Discusses techniques, materials, equipment, and uses of map overlays. MOS: 81C. Crd hrs: 6.

Subcourse: EN5316
Title: Estimating Time and Materials For A Lithographic Project.
Description: Instructions for estimating the amount of time and material required for a printing project. Includes information on production time, operating time production guidelines, and materials guidelines. MOS: 83F. Crd hrs: 6.

Subcourse: EN5319
Title: US Army Lithographer.
Description: Instructions on planning a printing project. Covers scheduling reproduction projects and preparing production control charts. MOS: 83F. Crd hrs: 2.

Subcourse: EN5341
Title: Geology and Surface Material Analysis.
Description: Instruction on how to identify elements of the basic geology and soils. MOS: 81Q. Crd hrs: 9.

Subcourse: EN5453
Title: Soils Engineering.
Description: Instruction on determining soil strength of swelling, nonswelling, and free-draining soils using California Bearing Ratio; determining after soil emplacement, field density and moisture content; using test data to determine stabilizing agents, the quantities required, and the construction sequence for given soils; and directing a deliberate soil survey. Crd hrs: 10.

Subcourse: EN5458
Title: Flexible Pavement Structures.
Description: Design considerations of subgrade, base, and surface for roads, airfields, and heliports in the theater of operation; design flexible airfield pavement; design flexible pavement for frost conditions; and construct Theater of Operations flexible pavements. Crd hrs: 9.

Subcourse: EN5459
Title: Bituminous Pavements.
Description: Components and classification of bituminous pavements; estimating materials required; planning and managing the placement; estimating the time required; determining required aggregate gradation specifications; managing operation of a hot mix plant; and supervising maintenance of bituminous surfaces. (Prerequisite: EN5458.) Crd hrs: 9.

Subcourse: EN5460
Title: LOTS and Ports.
Description: Characteristics of logistics over-the-shore (LOTS) and Ports, how each operation develops, and how the Army engineers support these operations. Crd hrs: 4.

Subcourse: EN5462
Title: Geology.
Description: Identifying rock types from written descriptions and line drawings; identifying engineering properties of rocks in terms of construction use. Information on rock types and properties, geological structures; surficial features and construction materials, and water well production and supply. Crd hrs: 7.

Subcourse: EN5463
Title: Quarry Operations I.
Description: Instruction for identifying procedures to select a quarry site; developing a layout and an operation plan for a quarry. Crd hrs: 4.

Subcourse: EN5464
Title: Quarry Operations II.
Table 3–10
Engineer subcourses (EN)—Continued

**Description:** Instruction on analyzing rock crushing requirements, selecting proper equipment, choosing a site and planning a layout for a rock crusher complex, evaluating the operation of a complex, and estimating production rates for quarrying and rock crushing equipment. Crd hrs: 4.

**Subcourse:** EN5465
**Title:** Drainage Engineering.
**Description:** Instruction on describing and using hydrology; identifying characteristics of runoff and erosion; designing and placing open and closed culverts; calculating runoff using the strip method and the rational method; and describing methods for controlling erosion. Crd hrs: 10.

**Subcourse:** EN5466
**Title:** Concrete Engineering.
**Description:** Characteristics and properties of the components of concrete; ways to design concrete mixes; determining quantities of concrete needed for specific construction projects; form-work design; mixing, placing, and curing of concrete; and physical plants used in the production of concrete. Crd hrs: 9.

**Subcourse:** EN5478
**Title:** Equipment Utilization.
**Description:** Selecting and planning the employment of earthmoving, compaction and ditching, and lifting and loading equipment. Estimating production rates for this construction equipment. Crd hrs: 10.

**Subcourse:** EN5479
**Title:** Tactical Planning and the Engineer Estimate.
**Description:** Addresses the relationship between the engineer estimate and the command estimate. The engineer estimate is an extension of the command estimate. The staff engineer conducts the engineer estimate concurrently with the corresponding step of the command estimate. The engineer estimate uses information from the command estimate and converts it into facts, assumptions, and planning factors. The staff engineer uses these as he analyzes the mission and plans for combat. Crd hrs: 6.

**Subcourse:** EN5480
**Title:** The Engineer in Defense.
**Description:** Addresses the basic doctrinal principles of engineer missions in support of defensive operations. Identifies how engineer support differs in two defensive patterns, and application of mobility, countermobility and survivability to defensive operations. Crd hrs: 9.

**Subcourse:** EN5481
**Title:** Armored Battalion/Task Force Attack Planning.
**Description:** Overview of the AirLand operations and offensive operations; structures of infantry, armor, and combat engineer battalions and how they organize for the offense; mechanics of offensive planning as they apply to an armored battalion/task force; planning a deliberate attack; engineer considerations in the armored battalion/task force deliberate attack. Crd hrs: 9.

**Subcourse:** EN5482
**Title:** Introduction to Planning River Crossing Operations.
**Description:** Fundamentals of maneuver brigade river crossing operations and engineer support of the crossings. Describes how a maneuver brigade executes a river crossing; discusses engineer planning requirements for river crossing operations and the integration of these requirements with the maneuver brigade planning process. Crd hrs: 6.

**Subcourse:** EN5483
**Title:** Direct the Employment of Engineers.
**Description:** Addresses how the engineer staff officer/commander directs the employment of engineers in support of a maneuver force engaged in combat operations. Crd hrs: 6.

**Subcourse:** EN5484
**Title:** The Engineer Company As Infantry.
**Description:** Describes reorganization and employment considerations and procedures when engineers must fight as infantry; explains the authority to reorganize engineers as infantry and considerations for committing engineers as infantry; outlines the conditions requiring engineers to fight as infantry, missions for engineers committed as infantry, and unit standing operating procedures for reorganization as infantry; addresses small unit defense using a fictional narrative, "The Defence of Duffer’s Drift." Crd hrs: 6.

**Subcourse:** EN5485
**Title:** Obstacles and Survivability Operations.
**Description:** Doctrinal principles of countermobility operations. Basic principles for planning, execution, and destruction of obstacles; plan and integrate obstacles; make accurate denial operations recommendations to the maneuver commander. Crd hrs: 9.

**Subcourse:** EN5501
**Title:** Landmine Warfare, Part I.
<table>

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>EN5503</td>
<td>Landmine Warfare, Part II.</td>
<td>Instructions on directing the work of minefield parties, and the operation of a one-gallon chemical mine and a hasty minefield breach and emplacement. MOS: 12B. Crd hrs: 7.</td>
</tr>
<tr>
<td>EN5621</td>
<td>Conduct Reconnaissance Part I.</td>
<td>How to perform tasks relating to recording, reporting, and documenting information regarding hasty or deliberate route reconnaissance. How to prepare a route reconnaissance overlay and classify a route using route classification formula. MOS: 12B. Crd hrs: 4.</td>
</tr>
<tr>
<td>EN5622</td>
<td>Conduct Reconnaissance Part II.</td>
<td>How to conduct a route reconnaissance report and record the information gathered on route reconnaissance report forms in accordance with FM 5-36, STP 5–12B24 SM–TG, and other applicable publications. MOS: 12B. Crd hrs: 3.</td>
</tr>
<tr>
<td>EN5700</td>
<td>Junior Enlisted Environmental Awareness Training.</td>
<td>This training will provide an awareness of soldiers’ responsibilities concerning the laws, regulations, policies, and procedures associated with the environmental program. Subcourse includes a video tape. Crd hrs: 5.</td>
</tr>
<tr>
<td>EN5702</td>
<td>Small Unit Leaders Environmental Awareness Training.</td>
<td>Discusses the four components of an installation environmental program; describes how environmental laws affect U.S. Army policy; reveals the points of contact on an installation for clarification of environmental regulations, laws, and policies; and discusses penalties. Includes a video tape. Crd hrs: 10.</td>
</tr>
<tr>
<td>EN5704</td>
<td>Senior Leaders Environmental Awareness Training.</td>
<td>Discusses the membership and responsibilities of the Environmental Quality Control Committee. Also discusses things that can be done to meet the U.S. Army’s seven Environmental Quality goals. Crd hrs: 12.</td>
</tr>
<tr>
<td>EN5707</td>
<td>Comply with Host-Nation, Federal, State, and Local Environmental Laws and Regulations.</td>
<td>Discusses the Army’s mission and environmental strategy into the next century; sources of environmental laws and regulations that impact the Army; the Army’s comprehensive approach to environmental management and training. Crd hrs: 5.</td>
</tr>
<tr>
<td>EN5708</td>
<td>Supervise Platoon Compliance with Host-Nation, Federal, State, and Local Environmental Laws and Regulations.</td>
<td>Provides platoon leaders with the knowledge, skills, and abilities necessary to supervise compliance with host-nation, federal, state, and local environmental laws and regulations. Crd hrs: 5.</td>
</tr>
<tr>
<td>EN6005</td>
<td>Assistant Division Engineer.</td>
<td>The material presented in this subcourse will help you identify the organization, functions, and responsibilities of the Assistant Division Engineer in a Tactical environment. Crd hrs: 40.</td>

Table 3–11
Field Artillery subcourses (FA)—Continued

**Title:** Maintenance Supervision 105mm Howitzer, M101A1, Towed.
**Description:** General and specific characteristics of the 105mm howitzer M101A1; description, function, and maintenance requirements of the recoil mechanism to include the pneumatic respirator. Adjusting respirator and establishing correct recoil oil pressure. Barrel and breech assembly components, function, and maintenance requirements. Prefire check procedure. General maintenance and lubrication procedures and inspection checks. MOS: 13B. Crd hrs: 6.

**Subcourse:** FA3147
**Title:** Maintenance Supervision of The M102 Howitzer.
**Description:** General characteristics, nomenclature, and functioning of the main assemblies of the M102 howitzer. Prefire checks, scheduled maintenance checks, and tests and adjustments of fire control instruments. Scheduled crew and organizational lubrication service. MOS: 13B. Crd hrs: 10.

**Subcourse:** FA3149
**Title:** Maintenance Supervision 155mm Howitzer M109/M109A1–A3 Self–Propelled.
**Description:** Maintenance responsibilities; inspection standards and techniques; prefire checks and alignment tests. Electrical and hydraulic systems, traverse mechanisms, loader rammer. Operation under unusual conditions. After-operation checks and maintenance. MOS: 13B. Crd hrs: 3.

**Subcourse:** FA3150
**Title:** Maintenance Supervision of M198 Howitzer.
**Description:** Trains officers and NCO's in verifying charging and purging the fire control equipment, monitoring assembly and disassembly of the breech and firing mechanism, verifying services on the recoil mechanism, breech, counterbalance, equilibrators, and M17 and M18 fire control quadrants. MOS: 13B. Crd hrs: 3.

**Subcourse:** FA3151
**Title:** Maintain DA Form 2408–4.
**Description:** Terms, definitions, form entries, and disposition of DA Form 2408–4 (Weapon Record Data). MOS: 13B. Crd hrs: 3.

**Subcourse:** FA3330
**Title:** Use and Operation of the Gunner's Quadrant.
**Description:** Includes the micrometer and end-for-end tests, laying for quadrant elevation and measuring the quadrant with the gunner's quadrant. MOS: 13B. Crd hrs: 3.

**Subcourse:** FA3331
**Title:** Maintain DA Form 2408–4.
**Description:** Terms, definitions, form entries, and disposition of DA Form 2408–4 (Weapon Record Data). MOS: 13B. Crd hrs: 3.
Table 3–11
Field Artillery subcourses (FA)—Continued

Title: Boresighting the M–109 Series Howitzer.
Description: Boresight the direct fire telescope using the distant aiming point (DAP); test target; boresight the panoramic telescope using a DAP; use of the M–140 alignment device to verify boresight. MOS: 13B. Crd hrs: 3.
Subcourse: FA3350
Title: Duties During Boresighting the 155mm M198 Towed Howitzer.
Description: Boresighting the direct fire telescope using a distant aiming point to an accuracy of 0 mils to ensure parallel alignment with the howitzer tube. Also discusses how to check boresight of the panoramic telescope with the M139 alignment device (M198). MOS: 13B. Crd hrs: 3.
Subcourse: FA3351
Title: Perform Fire Control Alignment Test on the 155mm M198 Towed Howitzer.
Description: How to perform and verify fire control alignment test on the 155mm M198 howitzer using on-carriage fire control equipment, gunners quadrant, M139 alignment device, and the weapon technical manual. MOS: 13B. Crd hrs: 3.
Subcourse: FA3372
Title: Perform Fire Control Alignment Test on the 105mm M101A1 Towed Howitzer.
Description: How to perform and verify fire control alignment test on the 105mm M101A1 Towed Howitzer using on-carriage fire control equipment, plumb live weight in liquid, testing target and the weapon technical manual. MOS: 13B. Crd hrs: 3.
Subcourse: FA3381
Title: Boresighting the 105mm M101A1 Towed Howitzer.
Description: Boresight the direct fire telescope using either a distant aiming point or a testing target. Sight on a target with the direct fire telescope. MOS: 13B. Crd hrs: 2.
Subcourse: FA3420
Title: Primary and Alternate Method of Laying the Firing Battery and Measuring the Azimuth and Orienting Angle.
Description: Tasks related to laying the firing battery/platoon, including laying by orienting angle method, laying by grid azimuth, laying by M2 compass, laying by aiming point and deflection method and laying by howitzer back-lay method. MOS: 13B. Crd hrs: 5.
Subcourse: FA3421
Title: Laying and Verifying the Lay of the 105mm M101A1 Towed Howitzer.
Description: Laying and verifying the lay of the 105mm M101A1 towed howitzer for quadrant using the range quadrant, and sighting on a target using the direct fire telescope. MOS: 13B. Crd hrs: 3.
Subcourse: FA3422
Title: Perform the Duties for Laying the 105mm M102 Howitzer.
Description: Teaches laying and verifying the lay of the 105mm M101A2 towed howitzer for quadrant using the range quadrant, and sighting on a target using the direct fire telescope. MOS: 13B. Crd hrs: 2.
Subcourse: FA3424
Title: Laying and Verifying the Lay of the 155mm M198 Towed Howitzer for Quadrant Using the Range Quadrant.
Description: How to set and lay the howitzer for quadrant with the range quadrant (M198), measure the quadrant with the range quadrant (M198), and sight on a target with the direct fire telescope (M198). MOS: 13B. Crd hrs: 3.
Subcourse: FA3427
Title: Calibration and Muzzle Velocity Management.
Description: Direct and evaluate calibration procedures and identify the proper procedures for determining a subsequent lot inference. Crd hrs: 6.
Subcourse: FA3428
Title: Field Artillery Communications Systems Architecture.
Description: Describes the internal and external communications requirements for various artillery organizations (platoon level through corps) and discusses coordination considerations for the employment of communications systems. Crd hrs: 9.
Subcourse: FA3429
Title: Field Artillery Combat Service Support Operations.
Description: Field artillery battalion trains concepts, duties of combat service support (CSS) personnel and how CSS operations are conducted. Crd hrs: 5.
Subcourse: FA4025
Title: Field Artillery Map Reading.
Description: Map symbols and features, using the marginal information and topographic symbols, recognizing various land-forms and irregularities of the earth surface; military grid reference system using the universal transverse mercator and unipolar stereographic grids, 100,000 meter square identification, and the exact location to the point; determining direction and location; using a protractor to measure

Table 3–11
Field Artillery subcourses (FA)—Continued
Table 3–11
Field Artillery subcourses (FA)—Continued

Subcourse: FA6151
Title: Introduction to the Radar Sets AN/TPQ–36 and –37.

Subcourse: FA6152
Title: Emplace the AN/TPQ–36/37 Radar Sets.
Description: Emplace the AN/TPQ–36/37 radar sets. MOS: 13R. Crd hrs: 2.

Subcourse: FA6153
Title: Startup/Shutdown Procedures of the AN/TPQ–36/37 Radar Sets.
Description: Perform the radar set AN/TPQ–36 startup and shutdown procedures including adjusting the B–Scope display, remove and install the magnetic cassette tape, remove power and high voltage, rewind the cassette tape, stow the antenna; perform the radar set AN/TPQ–37 startup and shutdown procedures including setting the trailer power distribution controls and switches, erecting the antenna electrically, turning the system on and off, and stowing the antenna manually without electrical power. MOS: 13R. Crd hrs: 4.

Subcourse: FA6154
Title: Initialization of AN/TPQ–36 and –37 Radar Sets (Part I).
Description: Boresight the AN/TPQ–36/37 antennas; load paper into the line printer; install a new map on the weapons location unit map drum; load the digital terrain map. MOS: 13R. Crd hrs: 4.

Subcourse: FA6155
Title: Operation of the AN/TPQ–36 and –37 Radar Sets (Part I).
Description: Enter and delete zones with an operational AN/TPQ–36 or –37; recall and delete hostile weapons locations with an operational AN/TPQ–36 or –37 with the programmed operator proficiency trainer loaded. (Prerequisites: FA6153, FA6154, and FA6155.) MOS: 13R. Crd hrs: 6.

Subcourse: FA6156
Title: Operation of the AN/TPQ–36 and –37 Radar Sets (Part II).
Description: How to operate radar set AN/TPQ–36/37 in hostile and friendly modes; load the operational program; enter new hostile search parameters; press the radiate on switch lamp; process the hostile weapons locations; initiate the TACFIRE message; enter friendly fire search parameters; select friendly fire mode; process the friendly fire targets. (Prerequisites: FA6153, FA6154, FA6155, and FA6156.) MOS: 13R. Crd hrs: 10.

Subcourse: FA6157
Title: Preventive Maintenance Checks and Services on the Radar Systems AN/TPQ–36 and –37.
Description: Perform operator PMCS on the AN/TPQ–36 and –37 shelter and trailer including the computer and cartridge printer tests; perform the before, during, and after operation checks on the 60kW generator and the power plant electric AN/MJQ–25. (Prerequisites: FA6153, FA6155, FA6162, and FA6163.) MOS: 13R. Crd hrs: 4.

Subcourse: FA6160
Title: Prepare Radar Sets AN/TPQ–36 and –37 for Movement.
Description: The steps taken to prepare the radar set AN/TPQ–36 for movement by truck and helicopter, inspect the shelter equipment, lift and trailer lift slings for proper installation, the steps taken to prepare the AN/TPQ–37 for movement by truck and aircraft, perform a final inspection to insure all lifting equipment has been properly installed. MOS: 13R. Crd hrs: 5.

Subcourse: FA6163
Title: Interpret System Faults for Radar Sets AN/TPQ–36 and AN/TPQ–37.
Description: Interpreting system faults for radar sets AN/TPQ–36–37 on the weapons location unit and indicator lamps; interpreting on-line messages on the B–scope or line printer; clear channel sensing for the AN/TPQ–37; trailer test status monitor routine messages for the AN/TPQ–37. (Prerequisites: FA6153, FA6156, and FA6158.) MOS: 13R. Crd hrs: 8.

Subcourse: FA6164
Title: Power System for the Radar Set AN/TPQ–36/37.
Description: Proper emplacement and march order of the electric power plant MJQ–25 trailer; the pre-start, start, operational and stopping procedures for the 10kW and 60kW generators sets; 60kW load bank operation and shutdown procedures. (Prerequisites: FA6153, FA6154, FA6155, FA6156, FA6158, FA6162, and FA6163.) MOS: 13R. Crd hrs: 3.

Subcourse: FA6171
Title: The Field Artillery Target Acquisition System.
Table 3–11
Field Artillery subcourses (FA)—Continued

Description: Instruction on the roles, systems, organizations, and command and control of field artillery target acquisition assets. Crd hrs: 7.

Subcourse: FA6172
Title: Targeting Procedures in the Division Artillery Tactical Operations Center and the Field Artillery Brigade Headquarters.
Description: Function and organization of a DivArty, brigade, and manual tactical operations center; duties, organization, and targeting terminology and tools of the target production section; duties, organization, and tools of the order-of-battle section; duties, organization, target information flow, attack guidance, and immediate counterfire responsibilities of the fire control element. (Prerequisite: FA6171.) MOS: 13B/C/E/F. Crd hrs: 6.

Subcourse: FA6173
Title: The Targeting Process.
Description: Describe the field artillery fire planning process; identify the fire support coordination structure at Corps, Division, and Brigade levels; target acquisition and attack systems at Corps, Division, and Brigade levels, how spread sheets, target sheets, high payoff target matrix, attack guidance matrix, target selection standards matrix, doctrinal template, situation template, event template, and decision support templates are used in targeting; the use of TACFIRE in conjunction with the targeting matrices. (Prerequisites: FA6171 and FA6172.) MOS: 13B/E/R, 17B, 82C, 93F. Crd hrs: 6.

Subcourse: FA6186
Title: Select a Site and Construct Visibility Profile and Visibility Diagram for Field Artillery Radar Sets.
Description: Selecting a site for field artillery radar sets, measuring and recording the mask angle for AN/TPQ-36/37, measuring and recording the start and end azimuths, constructing a visibility profile and a visibility diagram. (Prerequisites: IS0788 and FA6151.) MOS: 13R. Crd hrs: 2.

Subcourse: FA6188
Title: Alignment of the Radar Set AN/TPQ–37 (Part I).
Description: Perform the azimuth encoder alignment for the Q–37, perform azimuth limit switch alignment, perform elevation limit switch alignment, perform telescope reticle illuminator adjustment, perform tilt sensor alignment, perform azimuth drive assembly, brake release adjustment, and perform meter switch card alignment. MOS: 13R. Crd hrs: 4.

Subcourse: FA6189
Title: Shelter Alignment for Radar Sets AN/TPQ–36/37.
Description: Align the analog-to-digital converter card and the weapons Location Unit Map drum for the common shelter of Radar Set AN/TPQ–36/37. MOS: 13RX5. Crd hrs: 3.

Subcourse: FA6193
Title: Power Supply Adjustment for Radar Set AN/TPQ–37.
Description: How to perform tasks related to adjusting the power supply for Radar Set AN/TPQ–37. (Prerequisite: FA6164.) Crd hrs: 2.

Subcourse: FA6195
Title: Tacfire/Non-Tacfire Operations.
Description: Describes tacfire and non-tacfire situations and presents techniques for solving interface problems inherent in tacfire and non-tacfire operations. MOS: 13C. Crd hrs: 3.

Subcourse: FA6196
Title: Trailer Alignment for Radar Set AN/TPQ–36.
Description: Perform unit level trailer alignment for Radar Set AN/TPQ–36. (Prerequisite: FA6164.) Crd hrs: 2.

Subcourse: FA8000
Title: Field Artillery Battery RSOP, Advance Party Security Sweep, and Marches.
Description: Tasks related to the reconnaissance, selection, and occupation of a battery or platoon position (RSOP). Stresses the role of the battery commander in 3x6 organizations (battalions with three firing units, each equipped with six howitzers per unit) and gunnery sergeant in 3x8 configurations. Regardless of the unit configuration the fundamental RSOP tasks remain the same and are presented in four lessons. MOS: 13B. Crd hrs: 5.

Subcourse: FA8001
Title: Defense of the Field Artillery Battery.
Description: How to develop a field artillery battery or platoon defense plan; identify characteristics of a successful defense plan; and select appropriate defensive courses of action based upon a tactical scenario. (Prerequisite: FA8000.) MOS: 13B. Crd hrs: 6.

Subcourse: FA8014
Title: Crater Analysis and Shell Reports.
Description: Perform crater analysis and prepare and submit shell reports, bombing reports, and rocket reports. MOS: 13E/F/N/R, 82C, 93F. Crd hrs: 3.

Subcourse: FA8015
<table>
<thead>
<tr>
<th>Title:</th>
<th>Overlay Techniques.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Description:</td>
<td>Basic concepts concerning overlays, lines, unit size indicators, color representation, equipment symbols, vehicles, unit and installation symbols; task organization for combat, defensive and offensive overlays, forms of maneuver, types of offensive operations, maneuver control measures. (Prerequisite: IS0788.) MOS: 13E/F/L/N/R, 17B, 82C, 93F. Crd hrs: 4.</td>
</tr>
</tbody>
</table>

Subcourse: FA8016  
Title: Field Artillery Battalion RSOP and Military Motor Movement.  
Description: Positioning FA battalions; commander’s sequence of action from receipt of movement orders through reconnaissance, selection, and occupation of new position area; occupation of a position area without prior reconnaissance; selection of unit and installation locations; occupation and organization considerations; rules for military motor movement; scheduling unit movements; NATO road and bridge classification; march security considerations. (Prerequisites: FA8000 and FA8001.) MOS: 13B/E/F/N/R, 15E, 17B/C, 82C, 93F. Crd hrs: 9.

Subcourse: FA8017  
Title: Field Artillery Split Battery RSOP and Marches.  
Description: Reconnaissance and establishment of an advance party; supporting an advance guard; organization and preparation of a position; types of artillery positions including day and night, hasty and emergency; field artillery march methods, preparations and orders, march control, communications, discipline, contingencies and security, and sustaining actions. MOS: 13E. Crd hrs: 10.

Subcourse: FA8056  
Title: Wire Communications.  
Description: Wire communication equipment and wire communication in the field artillery battery. (Prerequisite: SS0003.) MOS: 13B/E/F/N/R, 15E, 17B, 82C, 93F. Crd hrs: 2.

Subcourse: FA8075  
Title: Communication System of a DS/GS Battalion (DIGITAL).  
Description: General and direct support battalion communications requirement for fire support coordination, administrative orders, and intelligence traffic. Configuration of a tactical fire and non-tactical fire battalion and digital communications between units. Crd hrs: 5.

Subcourse: FA8151  
Title: Field Artillery Organizations and Missions.  
Description: FA weapon systems, mission of the field artillery, classification of weapons, organizations of FA units; organization for combat and tactical missions. MOS: All combat support MOSs. Crd hrs: 6.

Subcourse: FA8160  
Title: Field Artillery Fire Planning for Offensive and Defensive Operations.  
Description: Four classes of defensive fires, defensive actions, forms and echelon of defense, and tactical considerations in planning fires to support defensive operations; tactical considerations in planning fires to support offensive operations. MOS: 13E/F. Crd hrs: 6.

Subcourse: FA8175  
Title: Fire Support for Military Operations in Urban Terrain.  
Description: Fire support considerations in urban terrain such as population, buildings, and communications networks, the two distinct forms of military operations in urban terrain, fire support tasks, planning, and coordination in urban combat. Crd hrs: 3.

Subcourse: FA9000  
Title: Fire Direction Kit.  
Description: No lessons. This kit contains all training aids needed for completion of fire direction subcourses. MOS: 13E. Crd hrs: 0.

Subcourse: FA9001  
Title: Firing Charts.  
Description: Preparing a surveyed firing chart. You must have the fire direction kit (FA9000) to complete this subcourse. MOS: 13E. Crd hrs: 14.

Subcourse: FA9002  
Title: Site.  
Description: Determining vertical interval, compute and announce site, angle of site, and vertical angle. You must have the fire direction kit (FA9000) to complete this subcourse. MOS:3E. Crd hrs: 4.

Subcourse: FA9003  
Title: Fire Mission Procedures.  
Description: Performing tasks related to fire mission procedures, determining firing data, fire commands, and message to observer. You must have the fire direction kit (FA9000) to complete this subcourse. (Prerequisites: FA9001 and FA9002.) MOS: 13E. Crd hrs: 12.

Subcourse: FA9004

<td>Determining Entitlements, Part II.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Description: Basic procedures for determining and computing rates for special and incentive pays: their purpose, eligibility requirements, pay rates and computations, and authorization documentation. (Prerequisite: FI0175.) Crd hrs: 5.

Subcourse: FI0177
Title: Army Stock Fund Accounting, Part I.
Description: Provides instruction on the purpose of the Army stock fund and its revolving fund concept, and on the concepts of unit cost resourcing and how they affect the stock fund. It also describes the procedures used to develop the stock fund equation and post financial transactions to it. Crd hrs: 5.

Subcourse: FI0178
Title: Army Stock Fund Accounting, Part II.
Description: Presents the Standard Army Intermediate-Level Supply System (SAILS), the Standard Army Financial Inventory Accounting and Reporting System (STARFIARS), the Standard Financial System (STANFINS), and the Military Standard Requisitioning and Issue Procedures (MILSTRIP). Identifies the major files found in SAILS and STARFIARS. Identifies the documents and the concept behind MILSTRIP, including those procedures that deal with interfund transactions. (Prerequisite: FI0177.) Crd hrs: 5.

Subcourse: FI0179
Title: Army Stock Fund Accounting, Part III.
Description: Basic procedures for analyzing Army Stock Fund (ASF) federal procurement documents and recording general ledger and subsidiary ledger effects, if applicable. How to determine the nature of the transaction and the stage of the procurement transaction as represented by the document; recording general ledger and subsidiary ledger effects that would result in accordance with the stock fund pro-forma. (Prerequisites: FI0177 and FI0178.) Crd hrs: 5.

Subcourse: FI0180
Title: Army Stock Fund Accounting, Part IV.
Description: Basic procedures for analyzing Army stock fund (ASF) local procurement documents and recording general ledger and subsidiary ledger effects, if applicable. How to determine the nature of the transaction and the stage of the procurement transaction as represented by the document; recording general ledger and subsidiary ledger effects that would result in accordance with the stock fund pro-forma. (Prerequisites: FI0177, FI0178, and FI0179.) Crd hrs: 5.

Subcourse: FI0181
Title: Army Stock Fund Accounting, Part V.
Description: Basic procedures for analyzing Army stock fund (ASF) reimbursement documents and miscellaneous inventory transactions, and recording the general ledger and subsidiary ledger effects, if applicable. How to determine the nature of the transaction, what stage of the reimbursement transaction is represented by the document, and record the general ledger and subsidiary ledger effects that would result in accordance with the stock fund pro-forma. (Prerequisites: FI0177, FI0178, FI0179, and FI0180.) Crd hrs: 5.

Subcourse: FI0182
Title: Army Stock Fund Accounting, Part VI.
Description: Basic procedures for analyzing Army stock fund (ASF) Open transaction History listings, and determining the correct financial adjustment required. Contains instruction on how to determine the correct financial adjustment required to correct the listing. You will also be required to reconcile and verify month-end STARFIARS reports. (Prerequisites: FI0177, FI0178, FI0179, FI0180, and FI0181.) Crd hrs: 5.

Subcourse: FI0184
Title: Document Flow Processing, Part I.
Description: Procedures to receive, verify validity, sort, suspend for company code and general research, code, verify, and upload documents. Crd hrs: 5.

Subcourse: FI0185
Title: Document Flow Processing, Part II.
Description: Procedures to download documents, to match documents to reports, to annotate reports and documents, to forward reports with attached documents, to file documents, to distribute reports, and to mail documents to the Defense Finance and Accounting Service—Indianapolis Center (DFAS–IN). (Prerequisite: FI0184.) Crd hrs: 5.

Subcourse: FI0186
Title: Master Military Pay Account (MMPA).
Description: Purpose, terms, various parts, and information contained in the MMPA. Crd hrs: 5.

Subcourse: FI0700
Title: Disbursing Activity Activation/Inactivation.
Description: Procedures involved when activating and deactivating a finance disbursing activity, when preparing documents for the appointment of deputy disbursing officers, and when reporting a change in the status of the finance and accounting officer. Crd hrs: 5.

Subcourse: FI0704
Title: Conducting Finance Operations under Special Conditions.
Description: Covers planning for contingency payrolls, preparing both check and cash payrolls, pay procedures during high and low
### Subcourse: FI0705
**Title:** Safeguarding Public Funds.
**Description:** How to prepare and administer a finance office physical security plan, safeguard public funds and related documents, and establish contingency payment procedures. Crd hrs: 3.

### Subcourse: FI0706
**Title:** Maintaining Public Funds.
**Description:** Basic functions of the Disbursing Division in a non-integrated finance office. Includes procedures for determining cash holdings, obtaining funds for disbursement, depositing and safeguarding of funds, and resolving account irregularities in the finance and accounting office. Crd hrs: 8.

### Subcourse: FI0708
**Title:** Introduction to Nonappropriated Funds and Central Accounting Office Operations.
**Description:** Describes the nonappropriated fund system and the financial management responsibilities of each level of associated command. Crd hrs: 6.

### Subcourse: FI0710
**Title:** Basic NAF Accounting.
**Description:** The basic double entry accounting systems with emphasis on the general principles of recording, classifying, summarizing, and interpreting individual financial transactions. Crd hrs: 21.

### Subcourse: FI0711
**Title:** Coordinating Finance Support.
**Description:** Teaches the organizational structure of finance units and how finance support is provided and coordinated as the level of conflict changes. Crd hrs: 3.

### Subcourse: FI0712
**Title:** Reviewing Disbursing Operations.
**Description:** Procedures used to review the operations of a Disbursing Division to ensure command policies, directives and regulations are being followed. Crd hrs: 7.

### Subcourse: FI0714
**Title:** Maintaining Designated Depository Checking Activities.
**Description:** Basic procedures for establishing, maintaining, transferring to a successor, and closing a designated depositary account. Crd hrs: 6.

### Subcourse: FI0715
**Title:** Conducting Financial Operations in Foreign Currency.
**Description:** How to conduct financial operations using foreign currency. Crd hrs: 2.

### Subcourse: FI0716
**Title:** Conducting Cashier Operations.
**Description:** How to appoint cashiers, certify collection vouchers, and direct cashier operations. Crd hrs: 2.

### Subcourse: FI0717
**Title:** Conducting Agent Officer Operations.
**Description:** How to draft paying agent instructions; advance funds to an agent officer, a forward support team or a branch office; verify returns from an agent officer, a forward support team or a branch office; and examine vouchers paid by a disbursing agent, a branch office or a forward support team for accuracy of computation, correct format, and adequacy of supporting documents. Crd hrs: 8.

### Subcourse: FI0720
**Title:** Administering Uncollectible Checks Program.
**Description:** How to establish procedures for exchange of cash for negotiable instruments, process uncollectible checks, and monitor the bad check program. Crd hrs: 3.

### Subcourse: FI0721
**Title:** Delivering and Reconciling Treasury Checks.
**Description:** How to spot-check delivery of treasury checks to payee, certify schedule of cancelled checks, and use appropriated documents to reconcile and certify SF 1038 (Schedule of Cancelled Checks). Crd hrs: 3.

### Subcourse: FI0722
**Title:** Reviewing Check Issue Records for Treasury Checks.
**Description:** Procedures for reviewing postings to check registers, reviewing reports of checks issued, and reviewing check-issue adjustments. Crd hrs: 3.

### Subcourse: FI0723
**Title:** Replacing Damaged Treasury Checks  
**Description:** Procedures for issuing U.S. Treasury checks, processing claims for Treasury checks which have been lost, stolen, not received, or mutilated; and maintaining certain Check and Bond Branch records. Crd hrs: 7.

**Subcourse:** FI0725  
**Title:** Controlling Checks and Bonds.  
**Description:** Various fundamentals of controlling checks and bonds. Instruction is divided into four areas: reviewing orders for replenishment of stock of blank checks and bonds, controlling checks and bonds, reviewing and validating U.S. Saving Bonds issued, and reviewing U.S. Savings Bonds reports. Crd hrs: 6.

**Subcourse:** FI0732  
**Title:** Audit Completed Travel Vouchers.  
**Description:** How to audit travel vouchers for permanent change of station and temporary duty. Crd hrs: 6.

**Subcourse:** FI0739  
**Title:** American Military History/Finance Corps History.  
**Description:** Characteristics of the Army as a profession; growth of the Army in general and the officer corps in particular from founding of the nation through the World Wars, Korea, and Vietnam, to the present; and significant trends, people, and events. Crd hrs: 10.

**Subcourse:** FI0747  
**Title:** Expenditure Accounting, Part I.  
**Description:** How to determine the proper method of recording the expenditure accounting transaction and the stage of a given transaction and how to code the 80–card column entries for input into the STANFINS. (Prerequisites: FI0752, FI0758, and FI0759.) Crd hrs: 8.

**Subcourse:** FI0748  
**Title:** Expenditure Accounting, Part II.  
**Description:** How to identify and explain the purposes of the various STANFINS basic records, master files, and control measures. (Prerequisites: FI0747, FI0752, FI0758, and FI0759.) Crd hrs: 8.

**Subcourse:** FI0752  
**Title:** Army Fiscal Code.  
**Description:** Presents the expenditure accounting classifications and the collection accounting classifications that are used in the Army Management Structure. Also presents the statuses of appropriations. Crd hrs: 5.

**Subcourse:** FI0754  
**Title:** Reimbursement Accounting: Part I.  
**Description:** Concepts and basic procedures of the Installation Reimbursement Program, stages of reimbursement accounting, purpose and use of reimbursement files, listings, and reports. (Prerequisite: FI0752.) Crd hrs: 5.

**Subcourse:** FI0755  
**Title:** Reimbursement Accounting: Part II.  
**Description:** Presents the automatic reimbursement activities of an installation, explains the basic procedures of the activities, and describes how basic automatic reimbursement concepts apply to each activity. (Prerequisites: FI0752 and FI0754.) Crd hrs: 8.

**Subcourse:** FI0756  
**Title:** Reimbursement Accounting: Part III.  
**Description:** Presents the funded reimbursement transactions of a laundry and dry cleaning facility in an installation; defines absent activities and explains the accounting situations and different methods of financing absent activities; and explains the accounting transactions involving funded reimbursement activities and their effect on some general ledger accounts. (Prerequisites: FI0752, FI0754, and FI0755.) Crd hrs: 6.

**Subcourse:** FI0757  
**Title:** Reimbursement Accounting: Part IV.  
**Description:** Describes the Army Family Housing (AFH) appropriation which finances the family housing activity in an installation; describes the accounting procedures for each type of AFH expense; explains the process created accounting transactions that occur in the Operation and Maintenance, Army (OMA) (2020) and Operation and Maintenance, AFH (7025) relationship; describes the Type/Action codes and input formats for recording AFH/OMA transactions and the general ledger effects of such transactions. (Prerequisites: FI0752, FI0754, FI0755, and FI0756.) Crd hrs: 6.

**Subcourse:** FI0758  
**Title:** General Fund Accounting: Part I.  
**Description:** Teaches the fundamentals of general fund accounting; deals with topics in governmental accounting. (Prerequisite: FI0752.) Crd hrs: 7.

**Subcourse:** FI0759  
**Title:** General Fund Accounting: Part II.
Description: Presents obligation principles and rules in expenditure accounting at the Army installation level. (Prerequisites: FI0752 and FI0758.) Crd hrs: 5.

Subcourse: FI0790
Title: Accounting for Resource Managers: Part I.
Description: The principles, concepts, and basic procedures of reimbursement accounting as they apply to resource management, types, stages, and entries of reimbursement transactions on accounting and resource management records; funded and unfunded expenses and direct and indirect costs as they apply to resource management; and how to apply funding absent activity concepts to specific documents. (Prerequisites: FI0758 and FI0759.) Crd hrs: 8.

Subcourse: FI0791
Title: Accounting for Resource Managers: Part II.
Description: Basic procedures of decentralized fund control. How to maintain fund control records, extract necessary information from the STANFINS automated listings, apply that information to the fund control records, and make the required adjustments. (Prerequisite: FI0790.) Crd hrs: 6.

Subcourse: FI0806
Title: Military Pay: Establishing a Pay Account and Items of Pay.
Description: Procedures used to sign onto and input data into the Joint Uniform Military Pay System-Active Component/Joint Service Software (JUMPS–AC/JSS). Explains the documents needed to substantiate payments made under the automated system and how to make the appropriate entries to the JUMPS Data Collection, Version III (JDC III) coding system. (Prerequisites: FI0175 and FI0176.) Crd hrs: 5.

Subcourse: FI0807
Title: Military Pay Inputs to JSS–Other Pays, Allowances, and Allotments.
Description: Pay and allowance entitlements; transactions required to input the appropriate data into JUMPS–AC/JSS; entitlement to other special and incentive pays and the transactions required to input into JUMPS–AC/JSS via JDC III; process and determine the validity of allotment authorizations. (Prerequisites: FI0175, FI0176, and FI0806.) Crd hrs: 6.

Subcourse: FI0808
Title: Military Pay: Collections, Adjustments, and Absences.
Description: Coding procedures to input certain transactions through the JUMPS–AC/JSS; input-transaction procedures necessary to adjust the soldier’s master military pay account to reflect courts-martial fines and forfeitures, duty status changes, and miscellaneous collections, deductions, and corrections. (Prerequisites: FI0175, FI0176, FI0806, and FI0807.) Crd hrs: 5.

Subcourse: FI0809
Title: Military Pay: Miscellaneous Actions and Procedures, Part I.
Description: Presents the procedures to use to compute and to verify the amount of the transition payment, to verify the bonus payment, and to input accrued leave entitlements. (Prerequisites: FI0806, FI0807, and FI0808.) Crd hrs: 5.

Subcourse: FI0811
Title: Military Pay: Miscellaneous Actions and Procedures, Part II.
Description: Presents the procedures to use to compute a casual payment and to prepare a military pay voucher for a casual payment. Also presents the procedures to use to compute an advance of pay and to prepare an MPV for an advance of pay. (Prerequisite: FI0809.) Crd hrs: 5.

Subcourse: FI0824
Title: Accounts Payable.
Description: Duties of an accounting technician or voucher examiner in the accounts payable branch of a finance and accounting office. Instruction on following the laws, rules, and regulations governing the procurement of and payment for supplies and nonpersonal services. Crd hrs: 10.

Subcourse: FI0842
Title: Disbursing Operations: Part I.
Description: Duties performed within the Disbursing Division, responsibilities and functions of the cashier, and requirements for maintaining the DD Form 2657 (Daily Statement of Accountability). Crd hrs: 12.

Subcourse: FI0843
Title: Disbursing Operations: Part II.
Description: Information on the duties, responsibilities, and cash management procedures of Paying Agents and Disbursing Agents; procedures relating to usage, control, and preparation of U.S. Treasury checks in check branch operations; and the types of losses in a finance officer’s account, reporting and processing requirements, and how to preclude such losses. (Prerequisite: FI0842.) Crd hrs: 12.

Subcourse: FI0844
Title: Disbursing Operations: Part III.
Description: Information on the accounts branch operations: cash book transaction; concept of Total Accountability and the cash control officer’s processing of documents. Also, month-end procedures and reports: closing disbursing records, statement of accountability, and
transmittal of money account papers. In addition, procedures for designated depositary accounts are included. (Prerequisites: FI0842 and FI0843.) Crd hrs: 12.

**Subcourse:** FI0921  
**Title:** Basic Statistics.  
**Description:** Covers percentages, index numbers, measures of central tendency and of dispersion, and the properties of the normal curve. Crd hrs: 13.

**Subcourse:** FI0934  
**Title:** Review and Analysis.  
**Description:** Department of the Army review and analysis process, the comptroller’s and major activity director’s staff responsibility for program review and analysis. Includes basic procedures for progress and statistical reporting and analysis and determining and applying the various kinds of analytical processes. Crd hrs: 8.

**Subcourse:** FI0950  
**Title:** Management Survey.  
**Description:** The general concept of a management survey, plus certain management information systems and automatic data processing considerations. Includes a method for successful design and implementation. Crd hrs: 4.

**Subcourse:** FI2000  
**Title:** Preparing NAF Financial Statements.  
**Description:** The income statement and the balance sheet. Identifies the format and the items used in an income statement and balance sheet, what accounts you can list under different parts of both, and how to prepare both documents. (Prerequisite: FI2024.) Crd hrs: 8.

**Subcourse:** FI2002  
**Title:** Analyzing NAF Financial Statements.  
**Description:** The financial analysis of Nonappropriated Fund Instrumentality operations using income statements, balance sheets, and governing regulations. Calculations involved include comparative percentages and ratios related to inventory turnover, net income, sales, cost of goods sold, and expenses. (Prerequisites: FI2024 and FI2000.) Crd hrs: 8.

**Subcourse:** FI2003  
**Title:** Preparing Written and Oral Financial Statement Analyses.  
**Description:** How to prepare a written narrative and an oral briefing discussing the financial trends implied by the statements. Crd hrs: 7.

**Subcourse:** FI2004  
**Title:** Budgeting for Morale Welfare and Recreation Operations.  
**Description:** Policies for preparing, submitting, and using various types of budgets that can be generated from the Installation Morale Welfare and Recreation Fund (IMWRF). Describes the various budgets prepared by the IMWRF and documents required for their support. (Prerequisites: FI2024, FI2000, and FI2002.) Crd hrs: 8.

**Subcourse:** FI2024  
**Title:** Controlling Central Accounting Division Operations.  
**Description:** The interrelationships of the basics of Nonappropriated Fund (NAF) programs with financial management. Topics discussed include categories of NAF activities, integrated management concept, principal budgets, Central Accounting Division structure and functions, and duties of the Central Accounting Officer. Crd hrs: 8.

**Subcourse:** FI2026  
**Title:** Comptrollership in the Army.  
**Description:** The evolution of comptrollership and its organization within the DOD, DA, and Standard Installation Organization. Also includes the comptroller responsibilities within the Army management system and discusses various functions of the comptroller. Crd hrs: 8.

**Subcourse:** FI2028  
**Title:** Planning, Programming, Budgeting, and Execution System.  
**Description:** The Army’s formal management system. Examines phases of the Army’s Planning, Programming, Budgeting, and Execution System (PPBES) from the standpoint of purpose, personnel involved, stages within phases, and the different documents which flow from each phase. Also discusses the program budget cycles, that is, the ‘mechanics’ of PPBES. (Prerequisite: FI2028.) Crd hrs: 8.

**Subcourse:** FI2030  
**Title:** Manpower Management.  
**Description:** Analytical methods used to address manpower funding problems, manpower management, PPBES, and use of the manpower staffing standard system (MS–3). Crd hrs: 8.

**Subcourse:** FI2032  
**Title:** Activity/Major Activity Budgeting.  
**Description:** How to prepare an activity budget schedule. Identifies the roles of key individuals involved with budgeting and discusses budget manpower guidance and the command operating budget. (Prerequisites: FI0752, FI2026 and FI2028.) Crd hrs: 8.

**Subcourse:** FI2034

</table>
Subcourse: FI3046  
Title: Program and Budget Advisory Committee.  
Description: Identifies and describes the purpose and responsibilities of the Program and Budget Advisory Committee (PBAC) at the installation level; the responsibilities of the PBAC members and major activity directors in preparing for and conducting PBAC functions; and the relationship of PBAC to resource management. (Prerequisites: FI0740 and FI2028.) Crd hrs: 5.

Subcourse: FI3048  
Title: Budget Administration.  
Description: How to identify and describe the procedures used to effectively administer an activity's budget using an unfinanced requirements list, year-end procedures, obligation reports, Standard Army Finance reports, commitment ledgers, and other data. (Prerequisite: FI3040.) Crd hrs: 6.

Subcourse: FI3050  
Title: Resource Management: Year-End Procedures and Recoveries.  
Description: Covers resource management functions and procedures associated with year-end closeout, deobligation of funds, and prior year recoveries. (Prerequisite: FI2028.) Crd hrs: 5.

Subcourse: FI3084  
Title: The Unit Supply Funding Process.  
Description: Teaches the fundamentals of the Army supply system and how the supply and financial systems interface. Describes the classes of supply, the flow of requisitions, the funding process, and the role of the resource manager in this process. Crd hrs: 7.

Subcourse: FI3086  
Title: Budgeting for a JCS–Level Exercise.  
Description: How to identify and describe the elements and procedures used to prepare a Joint Chiefs of Staff (JCS) exercise budget estimate. (Prerequisite: FI2028.) Crd hrs: 6.

Table 3–13  
Infantry subcourses (IN)

Subcourse: IN0201  
Title: Infantry Squad Operations.  
Description: Overview of organization, fundamentals, and squad and platoon level operations. Details command, control, and security. Explains offensive, defensive, and other squad operations. Covers fire support, combat service support, armored vehicle support, and obstacles. Also covers nuclear, biological, and chemical, in addition to observation posts, techniques of fire, and limited visibility techniques. Includes battle Drills 1 through 8. Crd hrs: 8.

Subcourse: IN0202  
Title: Mechanized Infantry Squad Operations.  
Description: Overview of organization, fundamentals, and squad and platoon level operations. Details command, control, and security. Explains offensive, defensive, and other squad operations. Covers fire support, combat service support, armored vehicle support, and obstacles. Also covers nuclear, biological, and chemical, in addition to observation posts, techniques of fire, and limited visibility techniques. Includes battle drills 1 through 8 and crew drills 1 through 16. Crd hrs: 8.

Subcourse: IN0478  
Title: Bradley Fighting Vehicle Commander (Offense).  
Description: Identifies the organization of the mechanized infantry platoon equipped with the BFV, the movement formations employed by the BFV platoon during mounted operations, the movement concepts and formations employed by the BFV platoon during dismounted operations, and identifies the movement techniques employed by the BFV platoon during mounted and dismounted operations. Also identifies actions taken by the BFV platoon during initial contact with Threat forces, criteria for determining whether BFV platoon should conduct a deliberate attack or a hasty attack while mounted or dismounted, actions taken to consolidate an objective and reorganize the BFV platoon after seizing an enemy position, and identifies special techniques used to control the BFV platoon during limited visibility operations. MOS: 11M. Crd hrs: 7.

Subcourse: IN0479  
Title: Bradley Fighting Vehicle Commander (Defense).  
Description: Identifies task priorities used in preparing the Bradley platoon for defensive operations, fire planning considerations, fire distribution and control procedures, and defensive tactics and techniques. Also identifies techniques used by the Bradley platoon for planning and conducting defensive operations in limited visibility, air defense operations, disengagement operations, and delay withdrawal operations from a defensive position. Crd hrs: 5.

Subcourse: IN0482  
Title: Drill and Command/Rifle-Bayonet Fighting Techniques.  
Description: Identifies types of commands and the use of the command voice, the procedures for conducting individual drill without weapons, the procedures for conducting squad, platoon, and company drill, and identifies the basic attack and rest positions for rifle-bayonet fighting, the basic and attack movements for rifle-bayonet fighting, and the defensive and modified movements for rifle-bayonet fighting. Crd hrs: 5.
<table>
<thead>
<tr>
<th>Subcourse: IN0484</th>
<th>Title: Long-Range Surveillance Unit (LRSU) Operations.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong></td>
<td>Objective, organization, and fundamentals of LRSU operations. Identification of operational environments, characteristics of LRSU missions, execution and phases. Identification of the combat support and combat service which may be available for LRSU operations and the communications and electronic warfare capabilities, characteristics, and techniques used in LRSU operations. Identification of the LRSU team Standing Operating Procedure briefback, and debriefing formats. Crd hrs: 5.</td>
</tr>
<tr>
<td>Subcourse: IN0485</td>
<td>Title: Mortars.</td>
</tr>
<tr>
<td><strong>Description:</strong></td>
<td>Overview of the different organizations and types of mortar squads, sections, and platoons. Details how to operate and maintain the 60mm, 81mm, 4.2 inch and 120mm mortars. Includes operation and maintenance of sighting and fire control equipment and procedures and conduct of fire without a fire direction center. Crd hrs: 8.</td>
</tr>
<tr>
<td>Subcourse: IN0486</td>

<td>Title: Mortar Ballistics Computer—Part III.</td>
</tr>
</tbody>
</table>
| Description: How to prepare a Mortar Ballistics Computer (MBC) for computing fire mission data by conducting an MBC self-test, initializing the MBC, and programming safety data in the MBC. Also, how to compute data for traversing, searching, zone, coordinated illumination,
Table 3–13

Infantry subcourses (IN)—Continued

simultaneous, split section, final protective fire, quick smoke, immediate smoke, resection, intersection, and traverse missions. (Prerequisites: IN0524 and IN0525.) MOS: 11C. Crd hrs: 5.

Subcourse: IN0528
Title: Defensive and Retrograde Operations.
Description: Basic and advanced information concerning defensive and retrograde operations for NCOs. Crd hrs: 5.

Subcourse: IN0531
Title: Combat In Built-up Areas.
Description: Principles of guiding combat in built-up areas and military operations on urbanized terrain. Offensive and defensive operations of potential adversaries to include our own concepts of battalion task force, company, and platoon attacks on defended built-up areas. Characteristics of built-up areas, and defensive operation at the battalion, company, and platoon levels. Crd hrs: 8.

Subcourse: IN0534
Title: Vehicle Recognition (Threat Armor).
Description: Recognize and identify THREAT heavy and light armored vehicles and their capabilities. Crd hrs: 5.

Subcourse: IN0535
Title: Vehicle Recognition (Friendly Armor).
Description: Identifies, provides characteristics, distinguishing recognition features, and the employment of friendly armored vehicles and their capabilities. Crd hrs: 5.

Subcourse: IN0539
Title: Bradley Fighting Vehicle (Weapons Systems—Control and Function), Part I.
Description: How to operate the turret and 25mm main weapon system on the BFV. Also how to perform function checks, load, unload, zero, boresight, perform misfire procedures and engage targets with the weapons, systems, control and how they function on the BFV. MOS: 11M. Crd hrs: 5.

Subcourse: IN0540
Title: Bradley Fighting Vehicle (Weapons Systems—Control and Function), Part II.
Description: How to identify procedures used to operate the coaxial machine gun, TOW missile launcher, and smoke grenade launcher on the Bradley Fighting Vehicle. (Prerequisite: IN0539.) MOS: 11M. Crd hrs: 5.

Subcourse: IN0541
Title: Basic Tactics (TOW)—Part I.
Description: Prepare and issue an oral operation order; issue a warning order; issue a fragmentary order; select a terrain route and direct a driver over the route; react to direct and indirect fire mounted; use visual signaling techniques while mounted; select primary, alternate, and supplementary TOW weapon positions; and conduct the occupation of an M220 launcher firing positions. MOS: 11H. Crd hrs: 5.

Subcourse: IN0542
Title: Basic Tactics (TOW)—Part II.
Description: Supervise the preparation of a mounted M220 launcher firing position; supervise the construction and camouflage of a dismounted fighting position; plan and control TOW section fires; inspect an antiarmor range card; determine the method of movement (TOW); recommend the employment of TOWs; consolidate and reorganize a TOW section following enemy contact; and recover a tracked vehicle using field expedients. Crd hrs: 5.

Subcourse: IN0543
Title: Antiarmor Organization and Tactics.
Description: Identify the organization and elements of an antiarmor battalion; identify and engage targets; plan and prepare for offensive and defensive operation; identify special missions and missions on the battlefield; top operate in an NBC environment; and identify the types and characteristics of TOW missiles. Crd hrs: 5.

Subcourse: IN0544
Title: Bradley Fighting Vehicle Battlefield Damage Assessment and Repair, Part I.
Description: Identify and effectively perform battlefield damage assessment and repair of the BFV to rapidly return disabled combat vehicles to the operational commander by expeditiously fixing, bypassing, or jury-rigging BFV components to restore the maximum essential system required to support a specific combat mission or to enable the vehicle to self-recovery. MOS: 11M. Crd hrs: 5.

Subcourse: IN0545
Title: Bradley Fighting Vehicle Battlefield Damage Assessment and Repair, Part II.
Description: Identify and effectively perform battlefield damage assessment and repair of the BFV to rapidly return disabled combat vehicles to the operational commander by expeditiously fixing, bypassing, or jury-rigging BFV components to restore the maximum essential system required to support a specific combat mission or to enable the vehicle to self-recovery. (Prerequisite: IN0544.) MOS: 11M. Crd hrs: 5.

Table 3–13
Infantry subcourses (IN)—Continued

operation orders, planning for defensive operations, threat offensive doctrine, types of defense, reserve operations, and other defensive operations and techniques. Crd hrs: 5.

Subcourse: IN1008
Title: Individual Combat Techniques—Part I.
Description: Perform individual combat techniques to include: moving under direct fire; moving over, through, or around obstacles (except minefields); Reacting to indirect fire and flares; construct a fighting position; cover, concealment, and camouflage; practicing noise, light, and litter discipline, and know your rights and obligations as a prisoner of war. MOS: 11B/C/H/M. Crd hrs: 6.

Subcourse: IN1009
Title: Individual Combat Techniques—Part II.
Description: Teaches combat techniques using visual signals to control movement (dismounted), moving as a member of a fire/dismount team and patrol, using hand grenades and moving a casualty from the immediate battle area. Wheeled and track vehicle recovery techniques: recovering a wheeled vehicle, removing/installing track shoe(s) on a tracked vehicle, and recovering a track vehicle using field expedients. MOS: 11B/C/H/M. Crd hrs: 8.

Subcourse: IN1010
Title: Individual Combat Techniques—Part III.

Subcourse: IN1012
Title: Individual Combat Techniques—Part IV.
Description: Putting on, wearing and removing your M17–Series, M24, M25 or M25A1 protective mask with hood and storing your M17–Series protective mask and hood in carrier; maintaining your M17–Series, M24, M25 or M25A1 protective mask with hood and replacing filters in your M17–Series protective mask; decontaminating your skin and personal equipment, putting on and wearing protective clothing, and drinking, using the latrine, and observing sleeping soldiers and MOPP4; reacting to nuclear hazard and recognizing and reacting to chemical or biological hazard; using M8 and M9 detector paper to detect chemical agent; decontaminating equipment using ABC M11 decontaminating apparatus; and marking NBC contaminated area. MOS: 11B/C/H/M. Crd hrs: 6.

Subcourse: IN1013
Title: Infantry Fire Team Leader Techniques—Part I.
Description: Using a map overlay and processing known or suspected enemy personnel, documents and equipment. Supervise and evaluate construction of a fighting position and emplace/recover field expedient warning devices and pyrotechnic early warning devices and install/recover a mechanical ambush. Use visual signaling techniques (mounted and request aeromedical evacuation. Prepare and submit NBC–4 report and supervise the fitting of protective masks. MOS: 11B/C/H. Crd hrs: 5.

Subcourse: IN1014
Title: Infantry Fire Team Leader Techniques—Part II.
Description: Direct a fire team's defensive operations. Supervise the operation of a platoon early warning system, and control a fire team's defensive fire. Direct a fire team's offensive operations. Direct a fire team's movement. Control a fire team's offensive fire and movement. MOS: 11B/M. Crd hrs: 5.

Subcourse: IN1015
Title: Infantry Squad Leader Techniques—Part I.
Description: Lead a squad on a tactical mission, direct a squad threatened by nuclear, biological, and chemical (NBC) attack. MOS: 11B/C/H/M. Crd hrs: 6.

Subcourse: IN1016
Title: Infantry Squad Leader Techniques—Part II.
Description: Issue a warning order, fragmentary order, and an oral squad operation order. Supervise combat loading of the M2/M3 Bradley personnel and equipment. Ensure operational security of an M2/M3 Bradley squad. Control the employment of a squad's M72A2 LAWs. MOS: 11B/H/M. Crd hrs: 5.

Subcourse: IN1055
Title: Mortar Section Leader Tasks.
Description: Declinate an M2 aiming circle. Establish a declination station and decline an M2 aiming circle. Assist the unit commander by making target recommendation, define terms used in fire planning, and prepare a recommended target list. Prepare a target list, target overlay and fire plan. Prepare a fire direction center order for the 60mm, 81mm, and 4.2 inch mortars. MOS: 11C. Crd hrs: 5.

Subcourse: IN1056
Table 3–13
Infantry subcourses (IN)—Continued

Title: Infantry Mortar Field Techniques.
Description: Describe the mortar field techniques. Move as a member of dismounted mortar squad (60mm/81mm Mortar), construct and camouflage a mortar firing position, construct a mortar position in a military operation in urban terrain environment, and determine an azimuth using an M2 compass. Prepare an M2 aiming circle for operation. Orient an M2 aiming circle and lay mortars for direction, boresight a mortar for deflection using an M2 aiming circle, lay a mortar for direction, use an M2 compass (ground mounted) and (carrier mounted), and boresight a mortar for elevation using an M2 compass. Supervise a squad during the occupation of a firing position, storage of ammunition and using mortar firing tables (60mm, 81mm, 4.2 inch). MOS: 11C. Crd hrs: 6.

Subcourse: IN1072
Title: M966 HMMWV TOW (Light).
Description: Prepare an M966 HMMWV for firing; perform a system checkout; determine launcher firing limitation; load an M220A2 launcher; take immediate action to correct malfunction; prepare the M966 HMMWV for extended travel; and mount and remount an M220A2 launcher system on an M966 HMMWV. MOS: 11H. Crd hrs: 5.

Subcourse: IN1074
Title: Infantry Squad Leader Techniques (Bradley Fighting Vehicle), Part I.
Description: Issue a warning and fragmentary order; use visual signaling techniques while mounted; navigate from one point on the ground to another point, mounted; direct a driver over a terrain route; select overwatch positions; guide a helicopter to a landing point; control organic fires; supervise the use of night vision devices; operate a thermal viewer AN/PAS–7; prepare a range card for a BFV; conduct the maneuver of an M2 BFV rifle team; prepare the platoon early warning system AN/TRS–2 for operation; install and monitor a platoon early warning system AN/TRS–2. MOS: 11H. Crd hrs: 5.

Subcourse: IN1075
Title: Infantry Squad Leader Techniques (Bradley Fighting Vehicle), Part II.
Description: Conduct troop leading procedures for an operation; issue an oral operation order; conduct the maneuver of a squad; designate primary, alternate and supplementary fighting positions for key weapons; conduct movement techniques by an M2 BFV dismounted element; plan the employment of field expedient and pyrotechnic early warning devices; conduct a leader’s reconnaissance; and conduct movement techniques by an M2 BFV platoon while mounted. (Prerequisite: IN1074.) MOS: 11M. Crd hrs: 5.

Table 3–14
Interschool subcourses (IS)

Subcourse: IS0102 (Proponent: Aviation Center)
Title: Introduction to the Tactical Employment of Army Aviation.
Description: Major divisional aviation organizations; special staff responsibilities, command and support relationships, terrain flight operations; types of tactical missions. Crd hrs: 4.

Subcourse: IS0103 (Proponent: Aviation Center)
Title: History of the Warrant Officer.
Description: Significant events pertaining to the authorization, duties, and responsibilities of the warrant officer per DA Pam 600–11 and the Total Warrant Officer Study. Crd hrs: 1.

Subcourse: IS0341 (Proponent: Chemical School)
Title: Chemical and Biological Reporting.
Description: Basic procedures for preparing messages and reports related to chemical biological attacks. How to prepare the following: Chemical Downwind Message which provides weather data critical in an NBC environment; NBC 2 (Chemical/Biological) Report which provides evaluated data; NBC 3 (Chemical/Biological) Report which provides immediate warning of expected contamination; NBC 5 (Chemical/Biological) Report which provides detailed summary information on attacks; chemical warning (CHEMWARN) message which provides warning of a friendly chemical attack. Information is also provided on the NBC 1 (Chemical/Biological) Report which provides initial attack data from unit observers and the NBC 4 (Chemical/Biological) Report which provides results of monitoring, reconnaissance and surveys. Crd hrs: 8.

Subcourse: IS0342 (Proponent: Chemical School)
Title: NBC Intelligence.
Description: Purposes, limitations, elements, and sources of NBC intelligence; identify Soviet NBC weapons, detection, protective, and decontamination equipment; describe Soviet NBC organization and training; procedures for evaluating and analyzing enemy information and captured material in terms of NBC capability. Crd hrs: 6.

Subcourse: IS0343 (Proponent: Chemical School)
Title: NBC First Aid.
Description: Fundamentals of NBC first aid; effects of chemical agents on personnel; restoring breathing to a chemical agent casualty;
Table 3–14
Interschool subcourses (IS)—Continued

Subcourse: IS0344 (Proponent: Chemical School)
Title: Use and Maintenance of Protective Masks and Clothing.
Description: Proper use of items of protective equipment; fundamentals of surviving in an NBC environment; use and maintenance of standard protective mask and clothing; drinking, using the latrine, and sleeping while wearing protective masks and clothing. Crd hrs: 9.

Subcourse: IS0345 (Proponent: Chemical School)
Title: Operations in an NBC Environment.
Description: Actions a unit must take to control casualties while operating in an NBC environment. Purpose and fundamentals of mission-oriented protective posture including other protective measures to take when crossing a contaminated area. Measures for protecting personnel, equipment, and supplies from an NBC attack and how to advise the commander on the current NBC situation. Crd hrs: 8.

Subcourse: IS0346 (Proponent: Chemical School)
Title: Chemical Detection and Decontamination.
Description: Fundamentals of survival in an NBC environment; detection and identification procedures; and decontamination in an NBC environment. Crd hrs: 7.

Subcourse: IS0347 (Proponent: Chemical School)
Title: Individual Survival in an NBC Environment.
Description: How to decontaminate your skin, clothing, and equipment using decontamination kits or field expedients. Crd hrs: 3.

Subcourse: IS0500 (Proponent: Chemical School)
Title: Standards in Weapons Training.
Description: Provides information to assist commanders and unit trainers in the planning and executive of live-fire, sub-caliber and Training Aids, Devices Simulators and Simulation (TADSS) based training events. Crd hrs: 3.

Subcourse: IS0788 (Proponent: Infantry School)
Title: Land Navigation.
Description: Map reading and map-terrain association skills and how to apply these skills to land navigation. Crd hrs: 8.

Subcourse: IS0821 (Proponent: U.S. Army Medical Department)
Title: Self-Aid/Buddy Aid.
Description: Instructions for performing the 16 self-aid/buddy-aid (first aid) tasks that all soldiers are required to know. Includes restoring breathing, stopping bleeding, splinting fractures, treating wounds and shock, treating nerve agent poisoning, treating heat and cold injuries, transporting casualties, and protecting self from disease. Crd hrs: 15.

Subcourse: IS0823 (Proponent: U.S. Army Medical Department)
Title: Health Service Support of Combat Operations (Advanced).
Description: Integrated medical support system organic to the Army division with emphasis on the health service support for brigade and lower unit operations. Crd hrs: 5.

Subcourse: IS0824 (Proponent: U.S. Army Medical Department)
Title: Buddy Aid Tasks.
Description: Phase 1 of the Combat Lifesaver Course. Includes restoring respiration, stopping bleeding, controlling shock, and splinting fractures. (Available only through the Combat Lifesaver Correspondence Course.)

Subcourse: IS0825 (Proponent: U.S. Army Medical Department)
Title: Medical Tasks.
Description: Phase 2 of the Combat Lifesaver Course. Includes intravenous infusions, chemical agents, and combat stress. (Available only through the Combat Lifesaver Correspondence Course.)

Subcourse: IS0826 (Proponent: U.S. Army Medical Department)
Title: Combat Lifesaver Instructors Manual.
Description: Contains lesson plans and solutions to examinations for subcourses IS0824 and IS0825. (Available only to an instructor of the Combat Lifesaver Correspondence Course.)

Subcourse: IS0902 (Proponent: Combined Arms Support Command)
Title: Introduction to Wheeled Vehicles.
Description: Common automotive terms and classifications; the types, purposes, and characteristics of military wheeled vehicles. MOS: 63B. Crd hrs: 5.

Subcourse: IS1100 (Proponent: Signal Center)
Title: Signal Operation Instructions (SOI).
<table>
<thead>
<tr>
<th>Subcourse</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>IS1133</td>
<td>Operation of Radio Set AN/PRC–77 (SOJT).</td>
<td>Inspection, operational checks, and presetting frequencies in Radio Set AN/PRC–77. This subcourse was converted from three audiovisual TEC lessons. Access to the following equipment is required to perform the SOJT tasks: Radio Set AN/PRC–77 with accessories and cleaning material. MOS: 31K. Crd hrs: 6.</td>
</tr>
<tr>
<td>IS1203</td>
<td>Service Benefits and Retirements.</td>
<td>Teaches how to manage a personal affairs program and provide the personnel services necessary to administer such a program. Includes the study of legal affairs and benefits authorized soldiers and veterans (including military retirees), their dependents and survivors and discusses estate planning, dependents’ medical health programs, pensions, compensation, social security, and the Survivor Benefit Plan. Crd hrs: 10.</td>
</tr>
<tr>
<td>IS1460</td>
<td>Effective Army Writing.</td>
<td>Includes principles and standards of critical reasoning and creative thinking, the rules of Army writing, the steps to effective writing, and some practical guidance on issues from selecting words and phrases to preparing a staff study. Crd hrs: 10.</td>
</tr>
<tr>
<td>IS1600</td>
<td>Chaplain Support Activities (Basic).</td>
<td>The role of the chaplain in developing programs to assist the commander in dealing with human relations problems. Focuses on the leadership in matters of morals, morale, and ethics that the chaplain provides as a special staff officer. Crd hrs: 1.</td>
</tr>
<tr>
<td>IS1703</td>
<td>Methods of Instruction (Effective Speaking).</td>
<td>Methods and techniques of military instruction with emphasis on oral presentation techniques including military briefings and small group discussions. Crd hrs: 3.</td>
</tr>
<tr>
<td>IS1705</td>
<td>Safety Management for the Supervisor.</td>
<td>How accidents happen, the steps the Army takes to prevent them, and the responsibilities of the safety management supervisor. Crd hrs: 9.</td>
</tr>
<tr>
<td>IS1801</td>
<td>Legal Aspects of Internal Armed Conflict, Review of the Law of War.</td>
<td>Nature of international law, recognition of internal law in the Constitution; the presence of American forces in host countries based on invitation plus agreement; typical Status of Forces, Military Assistance Advisory Group, and mission agreements; civil action type agreements; the country team; civil wars in international law, the nature of belligerency and insurgency; the status of participants in insurgency type civil wars. Crd hrs: 4.</td>
</tr>
<tr>
<td>IS1802</td>
<td>Basic Course on Geneva/Hague Conventions.</td>
<td>The principles, spirit, and intent of the conventions including the prohibition against unnecessary destruction; humane treatment of prisoners of war, other captured and detained personnel, and civilians; the obligation not to commit war crimes and to report those committed; and the concept of criminal orders. Crd hrs: 4.</td>

<tr>
<td>-----------</td>
<td>-------</td>
<td>-------------</td>
</tr>
<tr>
<td>IS1804</td>
<td>Basic Principles of Military Justice</td>
<td>Teaches junior company grade officers basic principles of the military justice system. Covers disposition of offenses including disposition by court-martial, nonjudicial punishment under Article 15, administrative action, soldiers' constitutional protections against unreasonable searches and seizures, and self-incrimination.</td>
</tr>
<tr>
<td>IS3001</td>
<td>Advanced Principles of Military Justice</td>
<td>A history of the American military legal system and a discussion of the philosophical concepts basic to that system. Focuses on the court-martial process, court-martial jurisdiction over persons and offenses, the commander's role in the administration of the court-martial, application of the constitutional protections to the military, and the duties and responsibilities of court-martial members. This subcourse is oriented to the needs of the military commander.</td>
</tr>
<tr>
<td>IS3002</td>
<td>Introduction to Order of Battle</td>
<td>Define Order of Battle (OB) and describe OB factors, organize and maintain a system of sorting and holding of OB information, organize and maintain intelligence files, determine information/intelligence requirements, and identify intelligence analysis techniques and the types of reports used to disseminate information and intelligence.</td>
</tr>
<tr>
<td>IS3003</td>
<td>Intelligence Fundamentals</td>
<td>Describes the major elements of combat intelligence and the intelligence cycle including phases of the intelligence cycle, processing of captured documents and personnel, counterintelligence, collection methods, intelligence and training, safeguarding defense information, and military intelligence organization.</td>
</tr>
<tr>
<td>IS3004</td>
<td>Soviet Armed Forces</td>
<td>Familiarizes you with the Soviet Armed Forces doctrine, tactics, organization, and equipment in relation to tactical operations and employment of forces. Discusses the threat posed to the U.S. armed forces by the growth and power of Soviet armed forces, Soviet offensive formations and types of maneuver emphasizing tactical offensive operations, defensive doctrine emphasizing hasty and prepared defenses, and special operations emphasizing airborne, air assault, airmobile. Military transport aviation and naval infantry forces.</td>
</tr>
<tr>
<td>IS3005</td>
<td>Ground Surveillance Assets</td>
<td>Explains ground surveillance assets and their use in Military Intelligence battalions and companies, and intelligence and surveillance companies. Only unit organic equipment is discussed, to include the remotely monitored battlefield sensor system (REMBASS). Suggested supplemental reading: IT0503, IT0504, and IT0515. MOS: 96R.</td>
</tr>
<tr>
<td>IS3006</td>
<td>Safeguarding Defense Information</td>
<td>Procedures for marking, handling, storing, and destroying classified material, and implementing a unit security education program.</td>
</tr>
<tr>
<td>IS3007</td>
<td>Electronic Warfare</td>
<td>Explains the basic types of electronic warfare (EW) support available and how they are incorporated into the combined arms team. Contains instruction on components of EW, the staff responsibilities for EW, and EW planning, management, and control.</td>
</tr>
<tr>
<td>IS3008</td>
<td>Southwest Asia I</td>
<td>History, weather, terrain, lines of communication, and the military capabilities of Iran, Iraq, Kuwait, and Saudi Arabia.</td>
</tr>
<tr>
<td>IS3009</td>
<td>Southwest Asia II</td>
<td>How to recognize the general characteristics and historical perspectives of Southwest Asia and the strategic significance of the regions. Instruction on military capabilities, history, weather, terrain, and lines of communications of Bahrain, Israel, Jordan, Lebanon, Oman, Qatar, Syria, United Arab Emirates, and Yemen.</td>
</tr>
<tr>
<td>IS3010</td>
<td>Northeast Africa, South and Southwest Asia Military Equipment Identification I</td>
<td>Includes major military equipment of Afghanistan, Bahrain, Djibouti, Egypt, Ethiopia, India, Iran, Iraq, Israel, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, Somalia, Sudan, Syria, United Arab Emirates, and Yemen. Equipment encompasses characteristics, recognition, origin, and user countries of tanks, reconnaissance and scout vehicles, armored personnel carriers, infantry fighting vehicles, self-propelled and towed artillery, mortars, antiaircraft guns, and antitank guided missiles.</td>
</tr>

</tbody>
</table>

| Subcourse: IS3012 (Proponent: Chemical School) |
| Title: North Korean Armed Forces. |
| Description: Familiarizes you with North Korean Armed Forces doctrine, tactics, organization, and equipment in relation to tactical operations and employment of forces. Crd hrs: 4. |

| Subcourse: IS4400 (Proponent: Air Defense Artillery School) |
| Title: Visual Aircraft Recognition. |
| Description: Conduct of visual aircraft recognition training programs and familiarization with the distinguishing features and silhouettes of various types of aircraft. Crd hrs: 3. |

| Subcourse: IS4401 (Proponent: Air Defense Artillery School) |
| Title: Small Arms Defense against Air Attack. |
| Description: Present procedures and techniques for small arms self-defense against air attack to keep a unit functioning so it can continue to perform its mission. Crd hrs: 2. |

| Subcourse: IS7000 (Proponent: Command and General Staff College) |
| Title: Operational Concepts. |
| Description: Describe the basic tenets of AirLand Battle Doctrine, identify levels of war, describe the elements of combat power, and identify imperatives. Crd hrs: 2. |

| Subcourse: IS7003 (Proponent: Command and General Staff College) |
| Title: Army Organization and Equipment. |
| Description: Identify Army organization, equipment, and missions in U.S. Army division, identify the organization, capabilities, and limitations of U.S. Army heavy, airborne, air assault, infantry, and light infantry divisions. Crd hrs: 4. |

| Subcourse: IS7004 (Proponent: Command and General Staff College) |
| Title: Plans, Orders, Annexes, and Symbolology. |
| Description: Describes the plans, orders, annexes, and symbology available to the commander, the operation plan and order, and the techniques and considerations used to prepare an operation plan or order. Identifies the types of combat orders, the purpose and the format used in the preparation of selected annexes and appendices to operation plans and orders. Military symbols, graphics, and appropriate overlay techniques used to support military plans and orders, and depict military symbols and graphics. Crd hrs: 3. |

| Subcourse: IS7006 (Proponent: Command and General Staff College) |
| Title: Military Operations Other than War. |
| Description: Trains company grade officers in the concepts of operations other than war. Gives information on support for insurgency and counterinsurgency, combating terrorism, peacekeeping operations, contingency operations short of war, and DOD’s support for counter drug operations. Crd hrs: 4. |

| Subcourse: IS7008 (Proponent: Command and General Staff College) |
| Title: Staff Procedures, Organization and Functions. |
| Description: Describe the organization, functions, and command post of brigades, battalions, and divisions. Describe the organization and functions and brigade and battalion level staffs. Describe brigade, battalion, and division command and control on the battlefield. Describe the executive officer’s role and relationship with the commander and staff. Describe the relationship between the commander and the staff groups. Identify the functions of the Special Staff Group. Describe the principles of command and control systems. Describe tactical communications systems which support command and control. Crd hrs: 5. |

| Subcourse: IS7032 (Proponent: Command and General Staff College) |
| Title: Military History. |
| Description: Defines the basic terms and concepts of combined arms warfare. Describes the evaluation of combined arms warfare during the 20th Century. Identifies and explains major trends and principles in the evolution of combined arms warfare during the 20th Century. Crd hrs: 4. |

<p>| Subcourse: IS7033 (Proponent: Command and General Staff College) |
| Title: Battle Analysis. |
| Description: Covers the role, categories and major elements of military history as it relates to professional development. Analyzes historical military operations using the Army’s battle analysis methodology. Analyzes the strategic significance of the Lorraine Campaign, the Moselle River crossing and the Foret de Gremecay. Crd hrs: 5. |</p>

Table 3–14
Interschool subcourses (IS)—Continued

**Subcourse:** IS8720 (Proponent: Combined Arms Command Training)
**Title:** Explain Leader Training Responsibilities.
**Description:** Describes the roles and responsibilities of commanders and leaders in battle focused training including Mission Essential Task List (METL) development, long-range planning, short-range planning, near-term planning, training execution and assessment. The material presented is based on FM 25–101 and MQS II Task S1–8951.00–8956. Crd hrs: 1.

Table 3–15
Intelligence subcourses (IT)

**Subcourse:** IT0110
**Title:** Personnel Security Program.
**Description:** Instructions on how to determine the need, initiation procedures, administrative functions, and revocation of security clearances; why a Personnel Security Program (PSP) is vital to national defense; nomenclature associated with a PSP; and differences in degree of security clearances based on duties or position. Crd hrs: 5.

**Subcourse:** IT0113
**Title:** Reporting and Disseminating Intelligence Information.
**Description:** Suggested format and time frame for eight intelligence reports, the most common types produced in the Army today. Also, approved means of distributing these reports. Crd hrs: 10.

**Subcourse:** IT0300
**Title:** Elementary Signal Theory.
**Description:** Introduction to radio waves; their characteristics; and elementary wave propagation concepts. MOS: 98K. Crd hrs: 4.

**Subcourse:** IT0301
**Title:** Basic Communications Information.
**Description:** Gives basic facts about military radio communications and radio operations in general. How to identify the various types of radio nets, structures, and operations. MOS: 98H. Crd hrs: 4.

**Subcourse:** IT0302
**Title:** Introduction to Radio Direction Finding.
**Description:** Basic concepts and minimum equipment requirements of radio direction finding (DF) as it is practiced in the Army today. The applications of DF are varied, with each application having its own requirements. This subcourses introduces the basic terms and concepts of DF necessary to understand its application to other specialists or to prepare for the complete DF course. Crd hrs: 5.

**Subcourse:** IT0303
**Title:** Direction Finding Analysis.
**Description:** How to prepare a direction finding check bearing log and the knowledge necessary for computing systematic error and standard deviation. Crd hrs: 5.

**Subcourse:** IT0305
**Title:** Direction Finding Plotting Requirements.
**Description:** Methods of evaluating direction finding results; terms and types of plotting and their uses; requirements for a direction plotting section. Crd hrs: 5.

**Subcourse:** IT0306
**Title:** Border Coordinates.
**Description:** Construction of a direction finding plotting facility using border coordinate tables. Crd hrs: 4.

**Subcourse:** IT0307
**Title:** Prepare a COMSEC Account-Daily Shift Inventory.
**Description:** How to prepare a communication security (COMSEC) account-daily shift inventory, DA Form 2653-R (COMSEC Account - Daily Shift Inventory) and to inventory COMSEC material. Crd hrs: 2.

**Subcourse:** IT0309
**Title:** Single Station Location (SSL) Operations.
**Description:** How to identify the characteristics of radio wave propagation, the ionosphere, electromagnetic environmental effects (E3), and basis theory of SSL technology. Crd hrs: 4.

**Subcourse:** IT0310
**Title:** Introduction to Cryptanalysis.
**Description:** Basic types of cryptographic systems, factors which affect system selection and system security in military usage, and how the cryptanalyst approaches solution of a cryptographic system. Crd hrs: 4.
<table>
<thead>
<tr>
<th>Subcourse: IT0312</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Uniliteral Substitution Systems Using Mixed Cipher Alphabets and Recovery of Mixed Cipher Alphabets.</td>
</tr>
<tr>
<td><strong>Description:</strong> How to construct and use mixed cipher alphabets unilateral systems and to solve cryptograms using known mixed sequences. Categories and methods of producing mixed cipher alphabets and techniques used in the recovery of mixed cipher alphabets. (Prerequisite: IT0310.) MOS: 98C. Crd hrs: 10.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0332</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Powers of Ten and Conversion of Electrical Units.</td>
</tr>
<tr>
<td><strong>Description:</strong> How to use scientific notation, powers of ten, and common number prefixes which denote powers of ten. This knowledge is needed throughout the subcourses on electronics. CMF: 33. Crd hrs: 2.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0333</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> OHM's Law.</td>
</tr>
<tr>
<td><strong>Description:</strong> How to solve simple circuits using Ohm's Law and to calculate values in series-parallel circuits. (Prerequisite: IT0332.) CMF: 33. Crd hrs: 2.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0334</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Circuits.</td>
</tr>
<tr>
<td><strong>Description:</strong> How to calculate values to DC series circuits and solve for unknown values of voltage, current, and resistance in series-parallel circuits. CMF: 33. Crd hrs: 4.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0335</th>
</tr>
</thead>

<tr>
<td><strong>Title:</strong> Introduction to Cells and Batteries.</td>
</tr>
<tr>
<td><strong>Description:</strong> The characteristics of cells and batteries and their effects in simple circuits. CMF: 33. Crd hrs: 2.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0336</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Elements of Electrical Physics Statics.</td>
</tr>
<tr>
<td><strong>Description:</strong> Concepts of static electricity including the physical basis for electricity, electrical charge, and thermal effects based on the atomic and molecular structure of matter. CMF: 33. Crd hrs: 3.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0337</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Elements of Electrical Physics, Dynamic Electricity.</td>
</tr>
<tr>
<td><strong>Description:</strong> Physical properties of electricity in motion, the three conditions necessary for electron movement, and the units of measurement assigned to these necessities. (Prerequisites: IT0332 through IT0336.) CMF: 33. Crd hrs: 3.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0338</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Introduction to Logical Troubleshooting.</td>
</tr>
<tr>
<td><strong>Description:</strong> Teaches concepts of troubleshooting electronic equipment. Crd hrs: 2.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0339</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Digital Numbering System.</td>
</tr>
<tr>
<td><strong>Description:</strong> How to identify and utilize different numbering systems used in the troubleshooting of computer equipment. Crd hrs: 2.</td>
</tr>
</tbody>

<tr>
<td>Title: RC MIOAC, Part II.</td>
</tr>
<tr>
<td>Description: Basic procedures for directing collection management and the intelligence preparation of the battlefield process. Describes how the close combat-heavy brigade fights, the intelligence support role, how intelligence facilitates the Command Estimate Process, how to develop an intelligence and electronic warfare (IEW) scheme of maneuver, and the IEW structure at division level. No individual subcourse enrollment. Crd hrs: 14.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0433</th>
</tr>
</thead>
<tbody>
<tr>
<td>Title: RC MIOAC, Part III.</td>
</tr>
<tr>
<td>Description: Basic procedures for directing intelligence and electronic warfare (IEW) asset management and the development of reconnaissance and surveillance plans at battalion and brigade. Describes how to plan the employment of IEW assets and conduct IEW support element operations. Also describes how to direct the processing and disseminating phases of the intelligence cycle and how to produce finished intelligence products from all-source information. No individual subcourse enrollment. Crd hrs: 8.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0458</th>
</tr>
</thead>
<tbody>
<tr>
<td>Title: Introduction to Imagery Analysis.</td>
</tr>
<tr>
<td>Description: Describes the composition of military intelligence organizations and their functions and basic imagery analysis procedures, techniques, and reports used by imagery analysts. MOS: 96D. Crd hrs: 8.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0462</th>
</tr>
</thead>
<tbody>
<tr>
<td>Title: Intelligence Preparation of the Battlefield.</td>
</tr>
<tr>
<td>Description: Instructions on the intelligence preparation of the battlefield (IPB) concept of war, threat evaluation, areas of both operation and interest, weather and terrain analysis, threat integration, and the preparation and utilization of IPB products to include situation, event, and decision support templates. Crd hrs: 12.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0464</th>
</tr>
</thead>
<tbody>
<tr>
<td>Title: Operations Security.</td>
</tr>
<tr>
<td>Description: Basic procedures for implementing the U.S. Army’s Operations Security (OPSEC) Program; instructions on the OPSEC planning sequence; why OPSEC must be practiced by all members of the Army to include Department of the Army civilians and contractors; and how the success or failure of OPSEC directly influences the accomplishment of the unit’s mission. Crd hrs: 5.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: IT0466</th>
</tr>
</thead>
<tbody>
<tr>
<td>Title: Military Intelligence Law.</td>

Table 3–15
Intelligence subcourses (IT)—Continued

intelligence SITMAP overlay, describe various intelligence reports, and plot intelligence information from intelligence reports on a SITMAP overlay. Crd hrs: 10.

Subcourse: IT0590
Title: Prepare Intelligence Documents for Dissemination.
Description: How to prepare, edit, proofread, and affix appropriate classification and downgrading/declassification markings to documents for dissemination in support of mission requirements. How to determine correct classification and downgrading markings, extract information from all sources, and draft intelligence reports and studies for dissemination. MOS: 96B. Crd hrs: 3.

Subcourse: IT0596
Title: Terminate an Interrogation.
Description: How to determine when it is necessary to terminate an interrogation and how to terminate the interrogation completely and correctly. MOS: 97E. Crd hrs: 2.

Subcourse: IT0597
Title: Captured Document Handling.
Description: How to properly process and exploit captured enemy documents including accounting for, screening, translating, evacuating procedures for, and disposition of documents captured with a prisoner. (Non-MOS personnel should complete IT0600 and IT0606 before taking this subcourse.) MOS: 97E. Crd hrs: 3.

Subcourse: IT0599
Title: Approaches.
Description: Teaches the interrogator how to ‘break’ the enemy prisoner of war (EPW) by using the proper approach techniques. Suggested supplemental reading: IT0596, IT0597, IT0602, and IT0604. Crd hrs: 4.

Subcourse: IT0600
Title: Supervise Interrogation, Interpretation, and Translation Operations.
Description: Teaches the necessary skills to supervise interrogation, interpretation, and translation operations. (Non-MOS personnel should complete IT0606 before taking this subcourse.) MOS: 97E. Crd hrs: 3.

Subcourse: IT0601
Title: Questioning Techniques.
Description: Proper use of questioning techniques during an interrogation in order to gain the maximum amount of enemy prisoner of war (EPW)/detainee information in the minimum amount of time. How to effectively lead the EPW/detainee through his memory to obtain enemy dispositions. (Non-MOS personnel should complete IT0606 before taking this subcourse.) MOS: 97E. Crd hrs: 2.

Subcourse: IT0602
Title: Interrogation Plan Preparation.
Description: Enables the interrogator to prepare a complete and viable interrogation plan by extracting and recording pertinent enemy prisoner of war information and knowledgeability to answer collection requirements. Crd hrs: 3.

Subcourse: IT0603
Title: Tactical Interrogation Reports.
Description: How to prepare three reports important to the interrogation process: tactical interrogation, translation, and spot. MOS: 97E. (Prerequisites for non-MOS personnel: IT0597 and IT0601.) Crd hrs: 3.

Subcourse: IT0604
Title: Screening Operations.
Description: Using an interrogation element’s overall objective statement, collecting information for screening preparation, screening questioning, and assigning enemy prisoner of war/civilian detainees screening categories. MOS: 97E. Crd hrs: 4.

Subcourse: IT0606
Title: Interrogation Operations.
Description: Interrogator duties and functions, the interrogator’s place in the overall intelligence collection effort, and interrogator capabilities and limitations. Crd hrs: 3.

Subcourse: IT0619
Title: Operate and Maintain the AN/AKT–18B Transmitting Set.
Description: Basic procedures for operating and maintaining the AN/AKT–18B transmitting set. Crd hrs: 2.
<table>

<tr>
<td><strong>Title:</strong> Identifying NATO Units on Aerial Imagery.</td>
</tr>
</tbody>
</table>
| **Description:** Identify NATO units by size and type on aerial imagery. These techniques will help the imagery analyst (IA) to perform imagery analysis of NATO ground forces and produce order of battle information for use by intelligence analysts and commanders. Tables of organization and equipment (TOE) for other than U.S. Forces used in this subcourse are not the most current; however, by using those TOE,
Table 3–15
Intelligence subcourses (IT)—Continued

Wide unclassified distribution is possible. The information in this subcourse will enable the IA to differentiate friendly units versus threat units. MOS: 96D. Crd hrs: 4.

Subcourse: IT0646
Title: Plot Vertical Aerial Photos and Master Cover Trace.
Description: Instructions on how to plot vertical aerial photos and master cover trace. MOS: 96D. Crd hrs: 3.

Subcourse: IT0648
Title: Extracting Order of Battle Information from Intelligence Reference Material.
Description: Basic procedures involved with order of battle (OB) principles and using imagery analysis reference material. Describes the intelligence cycle, OB elements, references, records, reports, files, and the Soviet field forces organization. MOS: 96D. Crd hrs: 5.

Subcourse: IT0649
Title: Detect Camouflage and Analyze Defensive Measures on Aerial Imagery.
Description: Basic procedures for detecting camouflage and analyzing defensive measures on aerial imagery. MOS: 96D. Crd hrs: 4.

Subcourse: IT0651
Title: Analyze Synthetic Aperture Radar Imagery.
Description: Principles of Synthetic Aperture Radar (SAR) theory, its deployment and exploitation of its imagery. Describe SAR principles, systems and platform capabilities and interpretation procedures and techniques. Crd hrs: 5.

Subcourse: IT0652
Title: Analyze Side-Looking Airborne Radar Imagery.
Description: Basic procedures involved with the side-looking airborne radar (SLAR) theory and the SLAR system; analyzing the moving target indicator and the fixed target indicator portions of SLAR; and preparing a SLAR imagery plot and a radar report. MOS: 96D. Crd hrs: 5.

Subcourse: IT0653
Title: Infrared Imagery.
Description: Basic infrared (IR) theory and how to interpret, analyze, and plot IR imagery. MOS: 96D. Crd hrs: 3.

Subcourse: IT0654
Title: Identify Towed Artillery on Aerial Imagery.
Description: Basic procedures for identifying towed artillery on aerial imagery using basic imagery analysis principles and techniques. Artillery support means, descriptions, and characteristics of towed guns, howitzers, antitank guns, mortars, recoilless guns and rifles, and antiaircraft artillery. MOS: 96D. Crd hrs: 6.

Subcourse: IT0655
Title: Identify Tanks and Self-Propelled Artillery on Aerial Imagery.
Description: Basic procedures for identifying tanks, self-propelled artillery (SP Arty), self-propelled antiaircraft artillery (SP AAA), and self-propelled (SP) mortars on aerial imagery. Descriptions and characteristics of tanks, SP Arty, and SP AAA, and SP mortars and how to use the elimination process to identify them. MOS: 96D. Crd hrs: 6.

Subcourse: IT0658
Title: Conduct Target Analysis and Prepare Target Folders.
Description: How to prepare and maintain target folders and conduct target analysis, bomb damage assessment, and repair studies. MOS: 96D. Crd hrs: 4.

Subcourse: IT0659
Title: Analyze Military Activities and Installations on Aerial Imagery.
Description: Instructions on how to identify military and civilian installations and a combination thereof, and how to analyze military activities and installations. MOS: 96D. Crd hrs: 3.

Subcourse: IT0660
Title: R&S Managing, Requesting, Monitoring, and Communications.
Description: Basic procedures involved with collection management, reconnaissance and surveillance (R&S requests, mission control assets, and communications. Crd hrs: 4.

Subcourse: IT0662
Title: Convert UTM/GEO Coordinates.

Intelligence subcourses (IT)—Continued

Title: Identify River Crossing Equipment on Aerial Imagery.
Description: How to identify river crossing equipment using the elimination process; included are mechanized floating and non-floating bridges, portable bridges and roadways, power boats, and amphibious vehicles. MOS: 96D. Crd hrs: 8.

Subcourse: IT0682
Title: Identify Rocket Launchers and Guided Missiles on Aerial Imagery.
Description: Basic procedures on identifying rocket launchers and guided missiles on aerial imagery using the elimination process. MOS: 96D. Crd hrs: 6.

Subcourse: IT0685
Title: Analyze Ports, Harbors, Inland Waterways, and Vessels on Aerial Imagery.
Description: Contains descriptions of ports, harbors, inland waterways, and naval and merchant vessels. MOS: 96D. Crd hrs: 7.

Subcourse: IT0687
Title: Imagery Analysis Reports in STANAG Format.
Description: Basic procedures for preparing imagery intelligence (IMINT) reports in Standardization Agreement (STANAG) and automated data processing system (ADPS) formats. Describes STANAG and ADPS reports and how to prepare them. MOS: 96D. Crd hrs: 7.

Subcourse: IT0688
Title: Identify Aircraft on Aerial Imagery.
Description: Basic procedures for identifying fixed and swing aircraft on aerial imagery. Contains descriptions and characteristics of aircraft and basic aircraft identification terminology and procedures. MOS: 96D. Crd hrs: 10.

Subcourse: IT0689
Title: Identify Helicopters on Aerial Imagery.
Description: Basic procedures for identifying helicopters using basic imagery and analysis principles and techniques. Contains photos, characteristics, and line drawings of types of helicopters. MOS: 96D. Crd hrs: 5.

Subcourse: IT0696
Title: Introduction to the Limited Procurement Urgent (LPU) System.
Description: Brief description and history of the LPU system and basic procedures for preparing the LPU system before, during, and after deployment. Crd hrs: 8.

Subcourse: IT0697
Title: Operating the Limited Procurement Urgent (LPU) System.
Description: How to initialize the LPU, operate the communications equipment, perform pre- and post-mission activities, create graphics, and read, write, and send messages. Also includes instruction on target development, intelligence preparation of the battlefield, route and terrain analysis and offset, Tactical Fire Direction System/Advance Field Artillery Data Systems, tasking, and imagery display concepts. Crd hrs: 8.

Subcourse: IT0735
Title: Counterintelligence Investigations.
Description: Teaches the counterintelligence (CI) Special Agent the rationale and doctrine concerning the authority, jurisdiction, and scope for initiating all CI cases; the proper procedures for the conduct of selected CI investigations; and the recommended techniques for the handling of physical evidence. MOS: 97B. Crd hrs: 6.

Subcourse: IT0743
Title: Counterintelligence Investigative Interviews I.
Description: Basic procedures for the proper conduct of personnel security investigations to include determining all lead sheet requirements; administering both the Privacy Act and Freedom of Information Act advisements; executing a Right Warning Statement for those who incriminate themselves; and preparing properly formatted agent reports. MOS: 97B. Crd hrs: 5.

Subcourse: IT0749
Title: Records Checks.
Description: Basic procedures involved with the conduct of a records check at the local, regional, and national level. Instruction on how to plan, conduct, and prepare properly formatted reports for a records check. MOS: 97B. Crd hrs: 2.

Subcourse: IT0753
Title: Counterintelligence Investigative Reports.

Subcourse: IT0759
Title: Counterintelligence Interviews III.

<thead>
<tr>
<th>Subcourse</th>
<th>Title</th>
<th>Description</th>
<th>Crd hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>IT0763</td>
<td>Legal Aspects of COMSEC Monitoring and Monitoring Equipment.</td>
<td>Provides knowledge required to understand the legal basis for communication security (COMSEC) monitoring and the restrictions placed on monitoring and eavesdropping activities. Describes the equipment used in COMSEC monitoring. MOS: 97B.</td>
<td>4</td>
</tr>
<tr>
<td>IT0771</td>
<td>Security Services: CI/OPSEC Plan.</td>
<td>Basic procedures on the proper conduct of an operations security (OPSEC) survey. Provide assistance to support commands in the development of an OPSEC plan, and provide special assistance for the U.S. Army Nuclear Surety Program and for Special Weapons Units. MOS: 97B.</td>
<td>4</td>
</tr>
<tr>
<td>IT0772</td>
<td>Computer Security.</td>
<td>Basic procedures for protecting computers and the information processed on them. Instruction on the fundamental theory underlying computer security, the accreditation process, and the implementation of computer security countermeasures.</td>
<td>7</td>
</tr>
<tr>
<td>IT0776</td>
<td>Counterintelligence Interviews II.</td>
<td>How to plan, prepare, and conduct a U.S. Army suspect interview and subsequent Investigation Memorandum for the Record, sworn statement, administrative forms, and applicable exhibits based on results of the interview.</td>
<td>4</td>
</tr>
<tr>
<td>IT0777</td>
<td>Counterintelligence Liaison Activities.</td>
<td>Instructions on liaison priorities, establishing liaison, and preparing liaison contact reports. MOS: 97B.</td>
<td>4</td>
</tr>
<tr>
<td>IT0840</td>
<td>Counter-Signals Intelligence (C–SIGINT) Operations.</td>
<td>Provides information on the commanders and military intelligence personnel responsibilities to know and understand how the C–SIGINT concept is applied and its relationship with counterintelligence on the modern battlefield. Also includes terminology as it relates to operations security, signal security, essential elements of friendly information, and C–SIGINT. MOS: 97G.</td>
<td>2</td>
</tr>
<tr>
<td>IT0841</td>
<td>C–SIGINT Vulnerability Assessment.</td>
<td>Radio wave propagation and theory, compiling friendly communications-electronics characteristics, determine friendly forces profile, identifying susceptibilities, determine indicators of the friendly courses of action, and ranking vulnerabilities. (Prerequisite for non-MOS personnel: IT0840.)</td>
<td>4</td>
</tr>
<tr>
<td>IT0842</td>
<td>Threat Assessment.</td>
<td>Provides information for the C–SIGINT specialist to perform threat assessment for the supported command.</td>
<td>2</td>
</tr>
<tr>
<td>IT0843</td>
<td>Countermeasures Development.</td>
<td>Basic procedures which must be implemented in order to develop countermeasures. Contains six lessons which are directly related to the six steps in the countermeasures development process. Countermeasures development is the third of the four-step cyclic C–SIGINT process. (Prerequisites for non-MOS 97G personnel: IT0840 and IT0841.)</td>
<td>3</td>
</tr>
<tr>
<td>IT0844</td>
<td>Data Base Development.</td>
<td>Basic procedures for C–SIGINT data base development. Contains instructions on the types of fields required in the C–SIGINT data base and how to set it up in a manual mode. The developer is responsible, when converting to an automated data base, to use the same fields, techniques, and information. Suggested supplemental reading: IT0843 and IS3005.</td>

<tbody>
<tr>
<td><strong>Title:</strong> The Law of Land Warfare.</td>
</tr>
</tbody>
</table>
| **Description:** Covers basic rules and principles of the law of land warfare; commencement of hostilities; forbidden conduct with respect to persons; forbidden means of waging warfare; bombardments, assaults, sieges, and stratagems; treatment of property during combat;
remedies for violation of international law; treatment of prisoners of war, the wounded and sick, civilian persons, and internees; information bureaus, central agencies, and relief societies. Crd hrs: 6.

**Subcourse:** JA0058  
**Title:** Staff Judge Advocate Operations.  
**Description:** Focuses on the Staff Judge Advocate and relations with the commander and staff; organization and function of a staff judge advocate section; responsibilities of the Staff Judge Advocate. Crd hrs: 9.

**Subcourse:** JA0112  
**Title:** Government Contract Law.  
**Description:** Provides an introduction to the general principles of government contract law; funding and fund limitations; contract types; contracting methods, sealed bidding, and negotiations; remedies of unsuccessful offerors; contract attorney responsibilities; contract modifications; contract termination for default; termination for convenience; inspection, acceptance, and warranties; disputes and remedies; selected labor standards; socioeconomic policies; and nonappropriated funds. Crd hrs: 12.

**Subcourse:** JA0121  
**Title:** Law of Military Installations.  
**Description:** Presents a study of the scope of command authority of military installations, addressing sources of command authority, legislative jurisdiction, substantive civil and criminal laws applicable at installations, law enforcement, and the constitutional limitations on command under the First, Fourth, and Fifth Amendments. Crd hrs: 4.

**Subcourse:** JA0122  
**Title:** Legal Basis of Command: Military Aid to Law Enforcement.  
**Description:** Examines the Posse Comitatus Act and its application; “exceptions” to the Posse Comitatus Act; consequences of violation of the act; military assistance to civil authorities authorized by statute; legal problems involved in civil disturbance operations. Crd hrs: 2.

**Subcourse:** JA0123  
**Title:** Legal Basis of Command: Environmental Law.  
**Description:** Focuses on the National Environmental Policy Act of 1969; the environmental consideration process; environmental impact statements; the Clean Air Amendments of 1970; the Federal Water Pollution Control Act Amendment of 1972; the Comprehensive Environmental Response, Compensation and Liability Act; the Resource Conservation and Recovery Act; the Toxic Substances Control Act; and federal facilities compliance requirements. Crd hrs: 4.

**Subcourse:** JA0124  
**Title:** Legal Basis of Command: Nonappropriated Fund Instrumentalities.  
**Description:** Discusses the different types of nonappropriated fund instrumentalities; their status as instrumentalities; authority to establish nonappropriated fund instrumentalities; operation and control of nonappropriated fund instrumentalities; and nonappropriated fund employees. Crd hrs: 2.

**Subcourse:** JAA125  
**Title:** Law of Federal Employment.  
**Description:** Covers employment criteria and preference; classification of service and appointment in the Federal service; employee discipline-authority and procedure; substantive reasons for removal; political activities; reductions-in-force and employee grievances; administrative and judicial review; and equal employment opportunity in the federal government. Crd hrs: 5.

**Subcourse:** JAB125  
**Title:** Law of Federal Labor-Management Relations.  
**Description:** Covers the representation process; scope of collective bargaining; impasse resolution; unfair labor practices; and grievances and arbitration. Crd hrs: 6.

**Subcourse:** JA0126  
**Title:** Government Information Practices.  
**Description:** Provides an analysis of the Freedom of Information Act, the Privacy Act, the relationship between them, and how they are implemented by the Department of the Army. Crd hrs: 5.

**Subcourse:** JA0127  
**Title:** Military Personnel Law and Boards of Officers.  
**Description:** Reviews the substantive and procedural aspects of military personnel law to include emphasis in the areas of military status, administrative separations, and military administrative remedies. Crd hrs: 2.

**Subcourse:** JA0128  
**Title:** Federal Tort Claims Act.  
**Description:** Provides an introduction to the Federal Tort Claims Act (FTCA); its jurisdictional and procedural requirements; proper claimants
The Judge Advocate General subcourses (JA)—Continued

under the FTCA; the FTCA cause of action; exceptions to government liability; and individual liability of government employees. The course also includes an introduction to the Foreign Claims Act and Personnel Claims. Crd hrs: 4.

**Subcourse:** JA0129
**Title:** Legal Assistance.
**Description:** Presents an analysis of the organization and administration of military legal assistance programs and military aspects of the following selected substantive areas: family law; state taxation of income and property; Soldiers’ and Sailors’ Civil Relief Act; personal finance and consumer affairs; and estate planning and survivors’ benefits. Crd hrs: 6.

**Subcourse:** JA0130
**Title:** Nonjudicial Punishment.
**Description:** Examines the source and extent of commander’s nonjudicial punishment authority and the rights of the individual soldier who is offered nonjudicial punishment. Crd hrs: 2.

**Subcourse:** JA0131
**Title:** Court-Martial Evidence.
**Description:** Examines the Fourth Amendment: searches and seizures, inspections, inventories, and the exclusionary rule; the Fifth Amendment and Article 31: theories of self-incrimination, involuntary confessions, unwarned confessions, and related procedural issues; the Sixth Amendment: eyewitness identification, confrontation, and compulsory process. Crd hrs: 6.

**Subcourse:** JA0132
**Title:** Constitutional Evidence.
**Description:** Examines the Fourth Amendment: searches and seizures, inspections, inventories, and the exclusionary rule; the Fifth Amendment and Article 31: theories of self-incrimination, involuntary confessions, unwarned confessions, and related procedural issues; the Sixth Amendment: eyewitness identification, confrontation, and compulsory process. Crd hrs: 6.

**Subcourse:** JA0133
**Title:** Pretrial Procedure.
**Description:** Covers jurisdiction, pretrial confinement, and court-martial personnel; preparation and drafting of charges and specifications; disposition of charges; Article 32 investigation and pretrial advice; and command influence and pretrial agreements. Crd hrs: 4.

**Subcourse:** JA0134
**Title:** Trial Procedure.
**Description:** Covers Article 39(a) sessions; challenges; arraignment; motions and pleas; former jeopardy; findings; presentencing procedure; instructions; and sentencing. Crd hrs: 4.

**Subcourse:** JA0135
**Title:** Post Trial Procedure.
**Description:** Discusses the rationale for the military corrections system and disposition of offenders; post-trial responsibilities and actions; appellate review under the UCMJ; extraordinary writs and their application to the military system. Crd hrs: 1.

**Subcourse:** JA0137
**Title:** Crimes and Defenses.
**Description:** Examines inchoate crimes, fraternization, common law crimes, offenses against military authority, absence without leave, defenses, and the law of mental responsibility. Crd hrs: 3.

**Subcourse:** JA0142
**Title:** The Law of War.
**Description:** Discusses the law of war in its various settings in international and internal conflicts; the evolution of this law into its modern day concept; conflict management and the role of various international organizations with respect to the use of force and intervention; the legality of tactical operations and weapons employed; and the application of the Hague and Geneva Conventions to hostilities. Crd hrs: 9.

**Subcourse:** JA0151
**Title:** Fundamentals of Military Legal Writing.
**Description:** Deals with drafting typical items of correspondence encountered in the military legal office. The requirements include preparing an officer evaluation report, writing a recommendation for an award, and drafting several short items of correspondence such as forwarding endorsements, information papers, memoranda, and military letters. The source materials will be provided. The student should not need to do independent research. Crd hrs: 15.

**Subcourse:** JAA151
**Title:** Fundamentals of Military Legal Writing for the Legal NCO.
**Description:** Deals with preparation of typical items of correspondence encountered by legal NCOs in the military legal office. The requirements include preparing a memorandum of reprimand, recommendation for an award, and an information memorandum. Source materials such as regulations and blank forms can be found at the United States Army Publications Agency (USAPA) Web site, http://www.usapa.army.mil. Crd hrs: 15.

**Title:** Professional Responsibility.  
**Description:** Deals with the application of the Rules of Professional Conduct for Lawyers to the military lawyer. Crd hrs: 3.

---

**Subcourse:** JAE161  
**Title:** Reports of Survey.  
**Description:** Discusses the authority to assess pecuniary liability and the principles and procedures that are used to determine pecuniary liability. The responsibilities of the appointing authority, survey officer, approval authority, appeal authority, and judge advocate will be reviewed. Crd hrs: 3.

---

**Subcourse:** JAE162  
**Title:** Civil Rights.  
**Description:** Presents the basic regulations and statutes devoted to civil rights and the equal opportunity program. Crd hrs: 3.

---

**Subcourse:** MM0099  
**Title:** Basic Mathematics.  
**Description:** This subcourse gives the student two self-tutor texts instead of the usual subcourse lessons. It covers addition, subtraction, division, and multiplication of whole numbers; common fractions and decimal fractions; square root; metric numbers, number prefixes, and conversion; and use of formulas. CMF 35. Crd hrs: 3.

---

**Subcourse:** MM0142  
**Title:** Introduction to the Ammunition Field.  
**Description:** Discusses how the ammunition career field is organized from Headquarters, Department of the Army level to the theater ammunition support level. Crd hrs: 4.

---

**Subcourse:** MM0143  
**Title:** Ammunition Publications.  
**Description:** Subject areas include general ammunition, safety, storage, receipt and issue, logistics, accountability, transportation, and destruction reference documents. Crd hrs: 3.

---

**Subcourse:** MM0144  
**Title:** Fundamentals of Ammunition.  
**Description:** Teaches commissioned officers in the conventional ammunition field a basic knowledge of ammunition and explosives. Traces the development of explosives, munitions, and weapons through history. Discusses basic ballistics, explosives applications, ammunition terminology, and chemical fillers and weapons. Crd hrs: 3.

---

**Subcourse:** MM0145  
**Title:** Identification of Ammunition.  
**Description:** Provides background information on ammunition markings and color codes and ammunition items that may be encountered in the field. Crd hrs: 10.

---

**Subcourse:** MM0146  
**Title:** The Ammunition Logistics System.  
**Description:** Describes supply categories, levels of support, the role of the Single Manager for Conventional Ammunition, and the organizations responsible for ammunition logistics. Also covers the typical life cycle of an ammunition item, the ammunition production base, and the wholesale and retail ammunition supply systems. Crd hrs: 3.

---

**Subcourse:** MM0148  
**Title:** Magazine Storage Areas.  
**Description:** Fundamental standards of ammunition and explosive storage, including types of ammunition storage magazines, operational regulations for magazine storage, and quantity-distance terms. Crd hrs: 2.

---

**Subcourse:** MM0149  
**Title:** Magazine Storage Area Safety.  
**Description:** Conduct, evaluate, or update the magazine storage area (MSA) safety plan for your unit. Review or develop the MSA SOP to ensure that all safety considerations are addressed. Learn fire safety, lightning protection systems, operational safety, personnel safety, and materiel handling equipment safety. Crd hrs: 2.

---

**Subcourse:** MM0150  
**Title:** Magazine Storage Area Quantity-Distance and Compatibility.
### Table 3–17
Missile and Munitions subcourses (MM)—Continued

**Description:** Information and procedures required to determine the quantity-distance requirements and storage compatibility for Class V items to be stored in the magazine storage area. Crd hrs: 3.

Table 3–17
Missile and Munitions subcourses (MM)—Continued

**Description:** Inspecting and maintaining packing materials ammunition boxes and fiber containers. Also, procedures for inspecting and maintaining semi-fixed and separate-loading ammunition. AOC: 91D; MOS: 55B. Crd hrs: 4.

**Subcourse:** MM2605

**Title:** Demolition Firing Systems.

**Description:** Covers safety precautions and preparing the electric and nonelectric firing systems and the detonating cord system for demolition operations. Crd hrs: 3.

**Subcourse:** MM2608

**Title:** Destroying Ammunition and Decontaminating Explosives.

**Description:** Procedures for destroying unserviceable ammunition generated at the ammunition supply point (ASP) and performing explosive decontamination under controlled conditions, and performing emergency destruction of an ASP under combat conditions. Crd hrs: 3.

**Subcourse:** MM3667

**Title:** Introduction to Ammunition Inspection Records.

**Description:** Covers the preparation of DA Form 3151–R (Ammunition Stores Slip) and DA Form 4508 (Ammunition Transfer Record) to record condition code changes involving ammunition and the procedures for updating DD Form 1650 (Ammunition Data Card) due to an ammunition item being renovated. Also covers the preparation of an Ammunition Surveillance Inspection Report, preparation and posting of DA Form 3022–R (Army Depot Surveillance Record), and posting of the information required on DA Form 2064 (Document Register for Supply Actions). MOS: 55B. Crd hrs: 7.

**Subcourse:** MM3670

**Title:** Inspection of Motor Vehicles Used to Carry Ammunition.

**Description:** Prepare DD Form 836 (Dangerous Goods Shipping Paper/Declaration and Emergency Response Information of Hazardous Materials Transported by Government Vehicles/Containers/Vessels), giving any special instructions to the driver of a vehicle transporting munitions over public roads. Perform inspection of motor vehicle loaded with ammunition. Select and use ammunition loading drawings. MOS: 55B. Crd hrs: 5.

**Subcourse:** MM3671

**Title:** Inspection of Ammunition Railcars, MILVANs, and Air Shipments.

**Description:** How to inspect a railcar, MILVAN, hazardous material for air shipment. MOS: 55B. Crd hrs: 4.

**Subcourse:** MM3673

**Title:** Inspecting Ammunition Facilities.

**Description:** Inspection of ammunition storage buildings, both loaded and empty, outdoor storage sites, and ammunition maintenance facilities. MOS: 55B. Crd hrs: 4.

**Subcourse:** MM3674

**Title:** Ammunition Inspection Procedures.

**Description:** Procedures to be performed prior to actual inspection of an ammunition item and the selection of samples of ammunition to send to a test facility. MOS: 55B. Crd hrs: 3.

**Subcourse:** MM3675

**Title:** Inspecting Conventional Ammunition—Part I.

**Description:** Inspection of small arms ammunition, artillery ammunition, hand grenades, and 40mm grenade cartridge, mines, and military pyrotechnics. MOS: 55B. Crd hrs: 6.

**Subcourse:** MM3676

**Title:** Inspecting Conventional Ammunition—Part II.

**Description:** Inspection of demolition materials and artillery ammunition propelling charges and their containers. MOS: 55B. Crd hrs: 4.

**Subcourse:** MM3677

**Title:** Inspecting and Testing Rockets.

**Description:** Leads you through a visual inspection of one of the Army rockets and its packaging, shows how to perform a serviceability check of the ALINCO tester and then how to make a continuity check of the Army rocket. MOS: 55B. Crd hrs: 3.

**Subcourse:** MM3679

**Title:** TOW GM and Its Container.

**Description:** Teaches the surveillance aspects of the TOW Guided Missile (GM) and its container to include the visual inspection of the missile. MOS: 55B. Crd hrs: 2.

**Subcourse:** MM3680

**Title:** Inspect Salvage Material.

<tr>
<td>Description:</td>
<td>How to name the different types of records and reports required for operational or nonoperational equipment; how to prepare a DA Form 5203 (DODIC Master/Lot Locator Record) to be used as a DODIC master record and another DA Form 5203 to be used as a lot locator record and be able to post a receipt transaction to both of these records; describe the cycles and files associated with the worldwide ammunition reporting system at the SAAS-3 level, how to input data into the system, and how to output Worldwide Ammunition Reporting</td>
</tr>
</tbody>
</table>
System feeder reports from the system; report a packaging discrepancy and shipping-type discrepancy by completing a SF 364 (Report of Discrepancy); prepare a DD Form 805 (Storage Space Management Report). CMF 55. Crd hrs: 10.

**Subcourse:** MM4619  
**Title:** Preparing a Storage Plan.  
**Description:** How to compute tonnages, select the best storage system to use, determine quantity distance requirements, determine field storage categories and prepare a storage plan. Crd hrs: 2.

**Subcourse:** MM4620  
**Title:** Ammunition Receiving and Shipping Operations.  
**Description:** How to describe the steps to take upon receiving a notice of shipment, how to choose a storage location, use a planigraph, determine personnel and equipment requirements, and describe how to plan shipping operations to include how to determine ammunition availability and locations, shipping, transportation requirements, compatibility requirements, personnel and equipment requirements, and to what location items to be shipped will come. CMF 55. Crd hrs: 2.

**Subcourse:** MM4621  
**Title:** Inspecting the Maintenance of Storage Area and Facilities.  
**Description:** Inspect the magazine storage area, the outdoor storage area, roads, fences and gates, and complete the inspection. Crd hrs: 2.

**Subcourse:** MM4622  
**Title:** Planning for the Care and Preservation of Ammunition.  
**Description:** Reason for maintenance and maintenance levels, what the forms of maintenance authorization are, how to fill out an ammunition process flow sheet, how to lay out ammunition maintenance lines, what makes up a maintenance plan, who approves the plan, and how to prepare an SOP maintenance operations. Crd hrs: 2.

**Subcourse:** MM4623  
**Title:** Inventorying and Rewarehousing Operations.  
**Description:** Steps used to perform an ammunition inventory and complete inventory forms and the most effective procedure used when rewarehousing ammunition to include completing the documentation. Crd hrs: 2.

**Subcourse:** MM4624  
**Title:** Planning Ammunition Disposal Operations.  
**Description:** How to select a disposal site, determine if the site needs maintenance, decide the method of disposal, determine what personnel protection is required what transportation assets are required, and coordinate disposal requirements with the Explosive Ordnance (EOD) Support Detachment. Crd hrs: 2.

**Subcourse:** MM4628  
**Title:** Surveillance Operation and Ammo Explosive Storage Standards.  
**Description:** List the three major programs that make up the Ammo Stockpile Reliability Program and how surveillance operations are used in administering the program to maintain ammo and explosives in a serviceable condition. List the safety, storage, and quantity distance requirements that provide a safe environment for the storage of ammo and explosives. CMF 55. Crd hrs: 6.

**Subcourse:** MM4629  
**Title:** Understanding Chemical and Nuclear Surety.  
**Description:** Describe the policies and responsibilities of maintaining programs, how a soldier is screened and evaluated, what disqualifications and qualifications are, and how they are handled. CMF 55. Crd hrs: 1.

**Subcourse:** MM4630  
**Title:** Transportation of Class V Material.  
**Description:** Describe the types of transporter requirements, liaison made with transportation agencies and planning requirements; the hazards associated with Class V materials and identify labeling and placarding requirements; the outloading drawing requirements for a specific line item of Class V material on various modes of transportation and what must be done to inspect an empty motor vehicle and see that the inspection is recorded on DD Form 626 (Motor Vehicle Inspection), and to prepare DD Form 836 (Dangerous Goods Shipping Paper/Declaration and Emergency Response Information of Hazardous Materials Transported by Government Vehicles/Containers/Vessels); describe the acceptance and rejection criterion for railcars used to transport munitions, to select the proper placards and post them, and to fill out the forms used to verify your inspection; the procedures followed for inspecting munitions to be loaded on a vessel, identify the different classes of ammo that can be stowed together on a vessel by using compatibility charts and the classification handling and stowage charts; describe what must be done to inspect ammo prepared for air shipment, to approve or disapprove the shipment, and to complete the Hazardous Material Air Shipment Inspection Report and the necessary tags and labels. Crd hrs: 7.

**Subcourse:** MM4631  
**Title:** Division Ammunition Office Operations.  
**Description:** Functions, responsibilities, and operations and staff relationships of Division Material Management Center’s Class V Section,
Table 3–17
Missile and Munitions subcourses (MM)—Continued

commonly known as Division Ammunition Office Operations (DAO). Contains descriptions of the various elements that make up the DAO as well as agencies with a peripheral support function. Crd hrs: 1.

Subcourse: MM4632
Title: Compute Authorized Levels of Ammunition.
Description: State the authorized ammunition requirement categories along with their purpose and use; compute authorized levels of ammunition for the requirement categories; compute a required supply rate for a weapon; determine from on-hand assets, known due-ins; established ammunition stockage objectives, and known requirements if there is a need for a controlled supply rate. Crd hrs: 6.

Subcourse: MM4633
Title: Plan Shipping Operations.
Description: Explains transportation considerations and constraints and what military traffic managers do to help move ammunition along its way. Includes information on materiel release orders, posting XBT transactions, selecting ammunition to ship, and transportation preparations. Crd hrs: 3.

Subcourse: MM4634
Title: Prepare Storage Space Management Report.
Description: How to prepare and submit DD Form 805 in accordance with AR 740–1. Includes reporting requirements for installations, computation of storage space, and report preparation. Crd hrs: 4.

Subcourse: MM4636
Title: Supervise Manual Stock Accounting.
Description: How to identify the procedures for supervising personnel in the performance of manual stock accounting in accordance with DA Pam 710–2–2. Includes reviews on DA Form 2064, DA Form 3151–R (Ammunition Stores Slip), DA Form 5203 (DODIC Master/Lot Locator Record), DA Form 5204 (Serial Number Record), DA Form 1298 (Due Out Record), and DA Form 4999 (Due In Record). Crd hrs: 4.

Subcourse: MM4638
Title: Supervise the Preparation of a SF Form 364.
Description: Requirements and procedures for preparing and submitting a ROD, including the methods used and conditions under which shipping-type (item) discrepancies and packaging discrepancies are reported. Crd hrs: 2.

Subcourse: MM4639
Title: Supervise Selection of Stocks for Issue.
Description: How to supervise the selection of serviceable ammunition for issue to using units. Includes editing of DA Form 581 (Request for Issue and Turn-in of Ammunition), use of DA Form 1687 (Notice of Delegation of Authority/Receipt for Supplies), and procedures to ensure proper posting of the DA Form 581 to stock records and the document register. Crd hrs: 3.

Subcourse: MM4640
Title: Supervise Turn-In Documentation.
Description: Teaches the Ammunition Specialist (MOS 55B40) the proper procedures for returning live ammunition and salvageable ammunition materials to the Ammunition Supply Point (ASP)/Supply Support Activity (SSA). Includes procedures for preparing the correct documentation for turning in live ammunition, ASP/SSA procedures for reconciling the turn-in against the original issue documentation, and posting the turn-in to the stock records. Crd hrs: 3.

Subcourse: MM4641
Title: Plan Routine Disposal Operations.
Description: Routine disposal planning procedures for unserviceable ammunition/explosives. Ensure proper disposal of ammunition, maximum safety for personnel and efficient use of personnel and equipment. Includes authorization documentation, safety requirements, site selection factors, types of ignition systems, temporary storage requirements, explosive limits, demolition material, approval authority, and SOP development. Crd hrs: 3.

Subcourse: MM4642
Title: Supervise the Preparation of Guided Missile and Large Rocket Report (GMLR).
Description: Teaches soldiers in the position of stock control section NCOIC to supervise the preparation of the GMLR report. Contains information on manual processing of DA Form 5210–R (XBT Record), DA Form 5211–R (XAM Record), and instructions on processing the GMLR Report using the Tactical Army Combat Service Support Computer System. Crd hrs: 5.

Subcourse: MM4643
Title: Supervise Outgoing Shipment Documentation.
Description: How to supervise the preparation of required shipping documentation in accordance with DA Pam 710–2–2. Contains prepared copies of DD Form 1348-1A (Issue Release/Receipt Document) or DD Form 1348–2 (DOD Issue/Receipt Document with Address Label) and DD Form 1384 (Transportation Control and Movement Document). Crd hrs: 3.

Subcourse: MM4646
Title: Manage Training Ammunition Management Information System (TAMIS).

(TSS), identify the TOW subsystem support equipment (TSS–SE), and describe maintenance of the TOW subsystem in general terms; locate and identify components of the turret of the Bradley Fighting Vehicle including the commander’s turret controls and the gunner’s turret controls; describe the component characteristics and operations of the TSS and the TSS–SE; identify the controls on the test, measurement, and diagnostic equipment used to maintain the TSS–TS; describe the preventive maintenance checks and services used when performing maintenance on TSS–SE; and describe the procedures used to perform the TOW subsystem 180–day verification test. CMF 35, 918. Crd hrs: 8.

Subcourse: MM4810
Title: Dragon Weapon System.

Subcourse: MM4811
Title: TOW-2 Weapon System.
Description: Characteristics, purpose, and functional operation of the major assemblies and subassemblies of the TOW–2 Weapon System. Includes introduction; functional theory; test, measurement, and diagnostic equipment; TOW–2 training set; and maintenance concept. Instructions for the overall operation of the TOW–2 System. CMF 35, 918. Crd hrs: 8.

Subcourse: MM4812
Title: Night Sight (AN/TAS–4A).
Description: Characteristics, purpose and functional operation of the major assemblies and subassemblies of the AN/TAS–4A Night Sight. Includes introduction, functional theory, and test equipment and maintenance, for an understanding of overall operation. CMF 35, 918. Crd hrs: 4.

Subcourse: MM4813
Title: TOW Field Test Set.
Description: Overview of the TOW Field Test Set (TFTS). Includes information on the purposes and functions of the major assemblies and the maintenance concept of the TFTS. CMF 35, 918. Crd hrs: 4.

Subcourse: MM4814
Title: Bradley Fighting Vehicle TOW.
Description: Overview of the Bradley Fighting Vehicle, the TOW subsystem, and the TOW subsystem support equipment. Contains instructions on all assemblies and subassemblies to ensure understanding of the overall operation of the Bradley Fighting Vehicle. CMF 35, 918. Crd hrs: 8.

Subcourse: MM5000
Title: Timing Circuits.
Description: Introduction to timers; basic operating principles of timing systems; block diagram and function of each element in a basic timing system; analysis of timing waveforms; basic theory and detailed study of differentiating and integrating circuits. CMF 35, 918. Crd hrs: 5.

Subcourse: MM5005
Title: Radar Transmitter.

Subcourse: MM5006
Title: Alignment and Adjustment of AN/FPN–40.
Description: Make alignments and adjustments; troubleshoot and repair the radar set. MOS: 35D. Crd hrs: 3.

Subcourse: MM5007
Title: Adjustment of PPI, IFF and Precision Display, and PPI Delay Control.
Description: Troubleshoot and repair radar set AN/FPN–40. MOS: 35D. Crd hrs: 3.

Subcourse: MM5012
Title: Troubleshoot Lightweight Doppler Navigation Set AN/ASN–128 (SOJT).
Description: Outlines the procedures for test operating, identifying, and replacing faulty components to troubleshoot. Establishes practice exercises for the student to experience 'real world' troubleshooting problems. Student must have access to this equipment plus components, tool kit and cleaning materials. MOS: 35K. Crd hrs: 20.

Subcourse: MM5024
Title: Direct Support Maintenance of Direction Finder Set AN/ARN–89 (SOJT).
Description: Troubleshoot and repair the AN/ARN–89() system. Student must have access to the equipment. CMF 35, 918. Crd hrs: 20.

Subcourse: MM5031
### Table 3–17
**Missile and Munitions subcourses (MM)—Continued**

**Title:** Alignment Receiver Section of Radio Receiver R–1388/ARN–82 (SOJT).
**Description:** Align the receiver section of Radio Receiver R–1388/ARN–82. Student must have access to this equipment and components.

**Subcourse:** MM5037
**Title:** Troubleshooting SLAE Radio Set AN/ARC–114, AN/ARC–115, and AN/ARC–116.

**Subcourse:** MM9714
**Title:** Receiver–Transmitter Radio RT–246/VRC and/or RT–524/VRC (SOJT).
**Description:** Troubleshooting the RT–246/VRC and the RT–524/VRC, with practice exercises on troubleshooting problems. The test equipment (or equivalent) and tools must be available for use. (Prerequisite: SS9713.) MOS: 35E. Crd hrs: 10.

### Table 3–18
**Military Police subcourses (MP)**

**Subcourse:** MP0018
**Title:** Military Police Investigations.
**Description:** Principles and techniques of police interviews and interrogations; the protection and processing of crime scenes; the preparation and evaluation of military police investigation reports; testifying in court. Provides training in the following skill level 3 tasks: coordinate military police investigative activities; supervise protection of a crime scene; supervise the collection and processing of evidence; supervise the investigation of an incident. MOS: 95B. Crd hrs: 9.

**Subcourse:** MP0100
**Title:** Reserve Component MPI Supplemental Materials.
**Description:** Observation, identification and description, collection and preservation of physical evidence; sources of police information; surveillance techniques; raids; apprehension and search techniques; black market activities; drug abuse; and evidence depository procedures. MOS: 95B/D. Crd hrs: 10.

**Subcourse:** MP1000
**Title:** Physical Security Planning.
**Description:** Introduction to physical security planning and management. Purpose of physical security inspections and surveys; review of a physical security plan; role and responsibilities of supervisors and security force members; purpose and organization of physical security education programs. MOS: 95B/D. Crd hrs: 5.

**Subcourse:** MP1001
**Title:** Physical Security.
**Description:** Provides knowledge in the functional area of physical security. Installation security on the types of threats to security and countermeasures; employment of perimeter barriers and protective lighting; the use of military police working dogs; and in-transit security for ports, motor, and railway transit. MOS: 95B/D. Crd hrs: 5.

**Subcourse:** MP1002
**Title:** Area Security.
**Description:** Provides skill and knowledge in the area of physical security to include operations security; personnel identification and control procedures; bomb threat contingency planning and employment of intrusion detection systems. MOS: 95B/D. Crd hrs: 5.

**Subcourse:** MP1003
**Title:** Materiel Control.
**Description:** Provides training in the functional area of physical security which includes packages, materiel, and vehicle control measures; an evaluation of physical security explosives storage rooms and areas; evaluation of requirements for aircraft and components, motor pools and parks; and petroleum, oil and lubricants areas. MOS: 95B/D. Crd hrs: 5.

**Subcourse:** MP1004
**Title:** Civil Disturbance Planning.
**Description:** Provides knowledge in the Military Police functional area of civil disturbance (confrontation management) planning. General policies and legal aspects concerning military operations during civil disturbances; behavioral aspects of control forces and dissidents; community/news media relationship; and the interrelationship of local, state, and federal authorities. MOS: 95B/D. Crd hrs: 6.

**Subcourse:** MP1005
**Title:** Civil Disturbance Operations.
**Description:** Provides training in the supervision of crowd control formation; use of force during civil disturbances; use and operation of riot control agent dispersers and personnel, logistical and operational planning to control civil disturbance. MOS: 95B/D. Crd hrs: 6.

**Subcourse:** MP1006

Table 3–18
Military Police subcourses (MP)—Continued

Discusses prisoner status, prisoner rights, punitive discharges, emergency plans and procedures, military leadership, attitudinal development, and the correctional supervisor, thus enabling the corrections NCOs to understand the philosophy and structure of the Army Correction System. Crd hrs: 4.

Subcourse: MP1026
Title: Custody and Confinement Procedures.
Description: Duties and responsibilities of the corrections NCO in correction and confinement facilities. Includes admission procedures, counseling procedures, transfer, disposition and movement of prisoners, clemency policies and general release procedures. Crd hrs: 4.

Subcourse: MP1027
Title: Prisoner Administration and Programs.
Description: Focuses on sentence computation, prisoner strength accountability, recreational, and welfare programs for prisoners. Discusses prisoner mail, visits and communication privileges, prisoner funds, and prisoner work-training programs. Crd hrs: 4.

Subcourse: MP1028
Title: Battlefield Circulation Control: Hasty Route Reconnaissance.
Description: Discusses the principles employed by a military police supervisor in planning and conducting a hasty route reconnaissance. Discusses actions the supervisor must accomplish to monitor a hasty route reconnaissance and report its results. Covers the overall organization and function of the highway system in the theater of operation. Crd hrs: 4.

Subcourse: MP1029
Title: Battlefield Circulation Control: Traffic Control Posts.
Description: How to plan, establish and operate military police traffic control posts, holding areas, and defiles. Includes establishment and supervision of checkpoints and roadblocks and how to plan and supervise straggler control operations. Crd hrs: 4.

Subcourse: MP1030
Title: River Crossing Operations.
Description: Discusses the role of the military police in planning, organizing, and coordinating support for a river-crossing operation. Crd hrs: 4.

Subcourse: MP1031
Title: Area Security Operations.
Description: Introduces selected aspects of area security operations which the military police often performs concurrently with other MP missions or as a primary mission. Included are how to plan and implement security of the division command post, convoy security, and the use of night vision devices. Crd hrs: 4.

Subcourse: MP1032
Title: Enemy Prisoner of War (EPW) and Civilian Internee (CI) Operations.
Description: Discusses military police responsibilities involved in EPW and CI operations. Includes how to supervise the planning, processing, movement, security, and control activities of EPW/CIs. Crd hrs: 4.

Subcourse: MP1033 (for NCO)
Title: MP Station Operations.
Description: Introduces selected aspects of the military police law and order mission. Covers planning for traffic control, preparing a patrol distribution plan for an installation, planning for the handling of domestic disturbances, and establishing liaison for the sensitive handling of rape victims. Crd hrs: 4.

Subcourse: MP2000
Title: Military Police Operations and Traffic Enforcement.
Description: Presents knowledge and skills required to plan crime prevention programs, analyze crime data, prepare a patrol distribution plan, plan the employment of traffic law enforcement personnel assets, and establish emergency traffic control procedures. Crd hrs: 5.

Subcourse: MP2001
Title: Special Military Police Operations.
Description: Provides the knowledge to provide protective services, perform bomb threat contingency planning, and counter terrorist activities on a military installation. Crd hrs: 5.

Subcourse: MP2002
Title: Search, Seizure, and Temporary Storage of Evidence and Contraband.
Description: Information on identifying the procedures for conducting a legal search and seizure, handling evidence properly and establishing a temporary evidence storage facility. Crd hrs: 4.
### Table 3–18
Military Police subcourses (MP)—Continued

**Description:** How to review military police forms and reports as the assigned provost marshals operations (PMO) officer. Procedures the PMO uses to oversee military police desk and station operations. Crd hrs: 5.

**Subcourse:** MP2004  
**Title:** Direct Personnel Conducting Investigations.  
**Description:** How to direct personnel who are conducting the investigations of an offense. The test covers the supervision of crime scenes, and how to direct, monitor, and review crime prevention surveys. Crd hrs: 4.

**Subcourse:** MP2005  
**Title:** Apprehension, Investigation and Interviews.  
**Description:** Policies; procedures, and techniques of supervising a Military Police Investigation (MPI) section activities, conducting interviews and interrogations of witnesses, victims, suspects, and accused persons; conducting apprehensions and searches incidental to apprehension and directing MPI section personnel through the policies and procedures of returning absent service members to military control. Crd hrs: 6.

**Subcourse:** MP2006  
**Title:** AirLand Battle: Area Security Operations.  
**Description:** How to provide security for a command post, designated persons, a convoy and lines of communication. Also, how to perform a cordon and search mission. Crd hrs: 5.

**Subcourse:** MP2007  
**Title:** Military Police Organization and Employment on the AirLand Battlefields.  
**Description:** Introduction of the four battlefield missions of the military police. A review of the MP table of organization and equipment is presented since the success on the battlefield will depend largely upon understanding the fundamentals of MP organization and employment within the theater of operation. Crd hrs: 4.

**Subcourse:** MP2008  
**Title:** Military Police Table of Organization and Equipment (TOE).  
**Description:** How to read the TOE and provide officers with information on the method by which the personnel and equipment requirements for a combat, combat support, and combat service support units are structured and documented. Crd hrs: 4.

**Subcourse:** MP2009  
**Title:** Battlefield Circulation Control Operations.  
**Description:** How to supervise the battlefield circulation control (BCC) mission during an armed conflict. How to plan and manage the BCC operations of route reconnaissance, main supply route regulation, straggler and refugee control, and information gathering and dissemination. Also covers the military police role in support of river crossing operations. Crd hrs: 5.

**Subcourse:** MP2010  
**Title:** AirLand Battle: Rear Operations.  
**Description:** How to determine the composition/tactics of levels I, II, and III of the Soviet Forces. Discusses the concepts of rear operations, area damage control, and organization of the rear area. Also, how to identify the command and control elements responsible for planning and coordinating rear operation, base and defense operations and how to evaluate passive security measures in the rear area. Crd hrs: 5.

**Subcourse:** MP2011  
**Title:** EPW/CI Policy and Procedures.  
**Description:** Overview of MP doctrine for collecting, evacuating, and interning enemy prisoners of war (EWP) and civilian internees (CI). The doctrine in this subcourse may be applied to all levels of conflict including contingency operations. Crd hrs: 5.

### Table 3–19  
School of Music subcourses (MU)

**Subcourse:** MU0010  
**Title:** A History of U.S. Army Bands.  
**Description:** History, mission, and functions of Army Bands. Crd hrs: 3.

**Subcourse:** MU1300  
**Title:** Scales and Key Signatures.  
**Description:** Identify and write major and minor scales and their key signatures. Crd hrs: 9.

**Subcourse:** MU1305  
**Title:** Intervals and Triads.  
**Description:** Identify and write intervals and triads; identify and write harmonic and melodic intervals, simple and compound intervals, chromatic intervals, enharmonic intervals, identify and write triads, form diatonic triads on major and minor scales. Crd hrs: 9.
Subcourse: MU1709
Title: Musical Terms.
Description: What most musical terms mean and how they are constructed. Crd hrs: 3.

Subcourse: MU1715
Title: Nonharmonic Tones.
Description: Identify and write nonharmonic tones. (Prerequisites: MU1300 and MU1305.) Crd hrs: 7.

Subcourse: MU3200
Title: Section Rehearsal Techniques.
Description: Prepare for a section rehearsal, set up a rehearsal area, initiate a section rehearsal using count-offs, time-beating patterns, and swing rhythms, and rehearse a section. Crd hrs: 8.

Subcourse: MU3210
Title: Drum Majoring.
Description: Stationary movements and the manual of instruments for band members, the manual of the mace, the sequence of events for various military ceremonies, and the actions and mace signals required to perform as a drum major in ceremonies. Crd hrs: 12.

Subcourse: MU3310
Title: Traditional Harmony 1: Primary Triads and the Dominant Seventh Chord.
Description: Construction of four-voice chords; basic part writing for primary triads and the dominant seventh chord in traditional style. Crd hrs: 29.

Subcourse: MU3314
Title: Traditional Harmony II: Secondary Triads.
Description: How secondary triads are constructed and connected in the traditional style. Instruction on the basic skills of part writing secondary triads. (Prerequisite: MU3310.) Crd hrs: 18.

Subcourse: MU3320
Title: Jazz Harmony I.
Description: Teaches chords, chord extensions, and chord symbols; information on triads, sixth chords, seventh chords, ninth chords, eleventh chords, thirteenth chords, and less common chords. Also contains information on the chord symbols for each type of chord. Crd hrs: 8.

Subcourse: MU3322
Title: Jazz Harmony II: Chord Progression.
Description: Analyzing chord progressions. Instruction on basic chord analysis and notation, jazz harmony terminology, chord function substitution, and chord patterns. Crd hrs: 19.

Subcourse: MU3323
Title: Jazz Harmony III: Chord Scales.
Description: Identify and construct chord scales. Apply chord scales that correspond to given chord symbols in harmonic progressions. Crd hrs: 13.

Subcourse: MU4100
Title: Band Operations.
Description: Teaches the proper methods of operating a band operations shop. Contains information on resources, regulations, and forms to be used. Crd hrs: 3.

Subcourse: MU4200
Title: Basic Baton Techniques.
Description: Conductor’s positions and stance, baton grip and movements, basic beat patterns, and how to start and stop the ensemble. Crd hrs: 9.

Subcourse: MU4214
Title: Form I.
Description: Basic song forms. Information on motives, phrases, periods, and double periods; common two and three part song forms; and the basic march form. Crd hrs: 8.

Subcourse: MU4344
Title: Traditional Harmony III (Alternative Voice Leading Principles).
Description: Teaches alternative principles of traditional harmony. Contains information on chord progression, alternative principles of triadic voice leading, secondary dominant chords, secondary leading tone chords, and common chord modulation. Crd hrs: 12.

Subcourse: MU6210

Table 3–20
Ordnance subcourses (OD)—Continued

Description: The Army’s depot level maintenance operations and the organization, mission, and functions of the depot system. MOS: 91A, 63Z. Crd hrs: 9.

Subcourse: OD0968
Title: Tactical Operations, I.
Description: Command and control of a maintenance unit in a tactical environment. MOS: 91A, 63Z. Crd hrs: 6.

Subcourse: OD0969
Title: Tactical Operations, II.
Description: Rear operations, tactical considerations necessary to provide maintenance support, Battlefield Damage Assessment and Repair, and reconstitution responsibilities, planning, and execution. (Prerequisite: OD0968.) MOS: 91A, 63Z. Crd hrs: 5.

Subcourse: OD0971
Title: Service Section.
Description: The mission and duties of service section personnel, the use of service section equipment, and safety precautions required when operating service section equipment. MOS: 91A, 63Z. Crd hrs: 8.

Subcourse: OD0973
Title: Motor Pool Operations.
Description: Procedures used to request, recommend changes to, review publications, and maintain a publications library; potential safety hazards associated with maintenance operations, and procedures for safety education, training, and management; procedures for setting up and operating the power generation site; methods used to supervise the Army Oil Analysis Program; methods of supervision and management used by motor officers in the operation of motor pools; and supervisory procedures associated with recovery operations. MOS: 91A, 63Z. Crd hrs: 6.

Subcourse: OD1001
Title: Wheeled Vehicle Engines.
Description: The fundamentals of spark ignition and compression ignition engines; inspecting, testing, and troubleshooting procedures for engines; principles of engine lubrication and crankcase ventilation systems; and the principles of engine liquid cooling systems. MOS: 63B. Crd hrs: 8.

Subcourse: OD1002
Title: Wheeled Vehicle Electrical Systems (Part I).
Description: The fundamentals of automotive electrical systems to include circuits, batteries; and the fundamentals and use of electrical test equipment. MOS: 63B. Crd hrs: 5.

Subcourse: OD1003
Title: Wheeled Vehicle Electrical Systems (Part II).
Description: The principles of AC and DC generators and regulators; the application of the fundamentals of electricity to starting system components and to the components of wheeled vehicle battery ignition systems; and the principles of vehicle electrical accessory systems. MOS: 63B. Crd hrs: 5.

Subcourse: OD1004
Title: Wheeled Vehicle Fuel and Exhaust Systems.
Description: The fundamentals of gasoline engine fuel systems, compression ignition engine fuel systems, and engine exhaust systems. MOS: 63B. Crd hrs: 5.

Subcourse: OD1005
Title: Wheeled Vehicle Clutches, Transmissions, and Transfers.
Description: The fundamentals of gears and gear trains, friction type clutches, manual transmissions, and power take-offs, automatic transmissions, and transfer cases. MOS: 63B. Crd hrs: 5.

Subcourse: OD1006
Title: Wheeled Vehicle Drive Lines, Axles, and Suspension Systems.
Description: The construction, operation, and maintenance of propeller shafts and universal joints; the construction, operation, lubrication, and maintenance of axle assemblies; types and principles of axle shafts; principles of bevel gear differentials; and the construction, operation, and maintenance of springs, shock absorbers, frames, bogie suspension systems, tires, and wheels. MOS: 63B. Crd hrs: 5.

Subcourse: OD1007
Title: Wheeled Vehicle Steering Systems.
Description: The construction, operation, and inspection of mechanical steering linkages and the principles of steering geometry; and the principles, operation, construction, and inspection of power steering systems. MOS: 63B. Crd hrs: 5.

Subcourse: OD1008
Title: Wheeled Vehicle Brake Systems.

Table 3–20
Ordnance subcourses (OD)—Continued

**Description:** Identify components, perform maintenance procedures, and troubleshoot the primary/backup hydraulic system. MOS: 45D.
Crd hrs: 7.

**Subcourse:** OD1705
**Title:** NBC Protection System M1A1 Series Tank.
**Description:** Introduction, major components and description of operation of the NBC Protection System. MOS: 63H. Crd hrs: 6.

**Subcourse:** OD1706
**Title:** Wiring Diagrams, M1A1 Tank.
**Description:** Introduction and explanation of reading and interpreting the information on the M1A1 wiring diagrams and how to trace circuits using the wiring diagrams. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1707
**Title:** Removal of the Accessory Gearbox and Forward Engine Module of the AGT Turbine Engine.
**Description:** Steps and procedures to remove the accessory gearbox and forward engine module of the AGT turbine engine. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1708
**Title:** Installation of the Forward Engine Module and Accessory Gearbox of the AGT Turbine Engine.
**Description:** Installation steps and procedures of the forward engine module and accessory gearbox of the AGT turbine engine. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1709
**Title:** Ground Hop Procedures, M1 Abrams Tank.
**Description:** M1 Abrams Tank power pack removal and the procedures for ground hop once the power pack has been removed from the tank. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1710
**Title:** Introduction to the X–1100–3B Transmission, M1A1 Abrams Tank.
**Description:** General information, description and operating characteristics to include hydraulic system and final drives of the X–1100–3B transmission. MOS: 63H. Crd hrs: 7.

**Subcourse:** OD1711
**Title:** Troubleshooting the X–1100–3B Transmission, M1A1 Abrams Tank (Organizational Maintenance).
**Description:** Steps and procedures used to troubleshoot the X–1100–3B transmission at the organizational maintenance level. MOS: 63H. Crd hrs: 8.

**Subcourse:** OD1712
**Title:** Introduction to the M113A3 Armored Personnel Carrier.
**Description:** Introduces the M113A3 armored personnel carrier and the differences between it and the previous models to include power train, charging system, crew controls, and hull modifications. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1713
**Title:** Introduction to the 6V53T Engine (Model #5393).
**Description:** Major components and operational characteristics of the 6V53T engine. MOS: 63H. Crd hrs: 6.

**Subcourse:** OD1714
**Title:** Introduction to the X–200–4 Transmission, M113A3.
**Description:** Transmission functions and major components to include steering, braking, drive power and safety precautions. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1715
**Title:** Troubleshooting the X–1100–3B Transmission, M1A1 Tank (Direct and General Support Maintenance).
**Description:** Steps and procedures used to troubleshoot the X–1100–3B transmission at the direct and general support maintenance levels. MOS: 63H. Crd hrs: 5.

**Subcourse:** OD1716
**Title:** Troubleshooting the AN/GVS–5 Laser Observation Device Test Set, TS–3620.
**Description:** Functional operation, troubleshooting and maintenance of the LR test set at the organizational and direct support maintenance levels. MOS: 45G. Crd hrs: 5.

**Subcourse:** OD1720
**Title:** Introduction to the Ground/Vehicular Laser Locator Designator (G/VLLD).
Table 3–20

Ordnance subcourses (OD)—Continued

| Description: Identifies the major components and their basic purpose and provides assembly procedures for use at the organizational level. MOS: 45D. Crd hrs: 5. |
| Subcourse: OD1721 |
| Title: Controls and Functions of the Ground/Vehicular Laser Locator Designator (G/VLLD). |
| Description: Controls, purpose and functional operation of the components and assemblies of the G/VLLD. MOS: 45D. Crd hrs: 5. |

| Subcourse: OD1722 |
| Title: Troubleshooting the Ground/Vehicular Laser Locator Designator (G/VLLD). |
| Description: Components, controls, inspection, maintenance, testing, and troubleshooting procedures for the G/VLLD. MOS: 45D. Crd hrs: 5. |

| Subcourse: OD1725 |
| Title: Basic Schematic Interpretation. |
| Description: Symbols as used in circuit schematics, typical component characteristics, and procedures for wire tracing in a circuit. MOS: 45G. Crd hrs: 5. |

| Subcourse: OD1737 |
| Title: Maintenance and Troubleshooting of the Conveyor Assembly on the M992 Ammunition Carrier. |
| Description: Identify components, perform maintenance procedures, and troubleshoot the conveyor assembly. MOS: 45D. Crd hrs: 5. |

| Subcourse: OD1747 |
| Title: Refrigeration and Air Conditioning I. |
| Description: Fundamentals of electricity, motors, circuit protectors, troubleshooting, and safety; maintenance of the gasoline engine; physics of refrigeration; explanation of the characteristics of refrigerants. MOS: 52C. Crd hrs: 10. |

| Subcourse: OD1748 |
| Title: Refrigeration and Air Conditioning II. |
| Description: Construction and components of commercial refrigeration systems including troubleshooting, repairs, and safety; defrosting, pressure tests, and the use of measuring tools; components and operating principles of cold storage and ice plants; the installation and operation of vehicle refrigeration units. MOS: 52C. Crd hrs: 14. |

| Subcourse: OD1749 |
| Title: Refrigeration and Air Conditioning III. |
| Description: Undesirable properties of air and special equipment to combat and eliminate them; temperatures and airflows and their measuring devices; installation of self-contained package air conditioning units and air duct system; evaporative cooling and mechanical ventilation systems. MOS: 52C. Crd hrs: 18. |

| Subcourse: OD1750 |
| Title: Refrigeration and Air Conditioning IV. |
| Description: The direct expansion, the absorption, and the centrifugal systems including piping and accessories and leak-testing procedures; the use of water in air conditioning systems; the installation, alignment and operating and maintenance of water pumps; electronic controls and electronic control systems. MOS: 52C. Crd hrs: 14. |

| Subcourse: PA0100 |
| Title: Introduction to Army Public Affairs. |
| Description: Introduces basic students to Army public affairs. MOS: 46Q/R. Crd hrs: 10. |

| Subcourse: PA0110 |
| Title: Introduction to Command Information. |
| Description: Introduction to command information, one of the three functional areas of public affairs. MOS: 46Q/R. Crd hrs: 10. |

| Subcourse: PA0120 |
| Title: Introduction to Public Information. |
| Description: Introduction to public information, one of the three functional areas of public affairs. MOS: 46Q/R. Crd hrs: 10. |
### Table 3–22
**Army Training Support Center subcourses (PD)**

<table>
<thead>
<tr>
<th>Subcourse: PD2201</th>
<th>Title: Reading Comprehension, Study Methods, and Management.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: How to read more effectively by increasing reading rate and comprehension; develop good study habits and apply appropriate study methods; use goal setting, backward planning, and scheduling to manage your time more effectively; use management skills to improve your leadership potential. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2202</th>
<th>Title: Math Skills.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Comprehensive review of basic mathematical operations with whole numbers, fractions, and decimals; computing area and volume; and using ratios and proportions. Crd hrs: 5.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2203</th>
<th>Title: Writing Mechanics and Composition.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: A review of writing and composition skills needed to function effectively as a noncommissioned officer. Includes spelling, abbreviation, capitalization, punctuation, Army writing, and composition. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2301</th>
<th>Title: Principles of Communication.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Lessons discuss basic communicative process and common barriers to effective communications, effective listening, feedback, ways to improve speaking and writing skills, and information on information management systems. Crd hrs: 3.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2302</th>
<th>Title: Behavioral Sciences.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Lessons discuss individual behavior, human resource development, and team development and the role of leader in that process. Crd hrs: 3.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2303</th>
<th>Title: Briefing and Visual Presentations.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Information on different types and purposes of military briefings, steps used in their preparation, communicative skills needed to be an effective briefer, and methods for making suitable presentation images. Crd hrs: 3.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PD2401</th>
<th>Title: Advanced Skills in Communications.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Information for writing better subjective portions of the NCOER, (DA Form 2166-7), reviewing written material for content, organization and clarity, and for preparing desktop (electronic) presentations. Crd hrs: 5.</td>
<td></td>
</tr>
</tbody>
</table>

### Table 3–23
**School of Military Packaging (PT)**

<table>
<thead>
<tr>
<th>Subcourse: PT1300</th>
<th>Title: Defense Basic Preservation and Packing.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Covers DOD packaging policies and their effect on specifications and standards concerning cleaning, drying, preservation, cushioning, blocking, bracing, marking, packaging, and unitization of cargo. Crd hrs: 64.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PT3200</th>
<th>Title: Defense Marking for Shipment and Storage.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Current requirements and procedures for the uniform marking of military supplies and equipment for shipment and storage, with emphasis on the problem areas that give rise to frequent reports of marking errors and deficiencies. Crd hrs: 22.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PT4000</th>
<th>Title: Defense Packaging Data Systems(Code Interpretation).</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Trains military civilian personnel of the Department of Defense and qualified members of industry in the proper interpretation of packaging data codes from MIL-STD-2073-1D. Standard Practice for Miliary Packaging. Addresses the applicability, interpretation, and codification of the requirement of MIL-STD-2073-1D. Crd hrs: 16.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PT5000</th>
<th>Title: Hazardous Materials Handling.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description</strong>: Trains students to recognize and properly mark and label shipments of hazardous materials. Discusses compatibility and segregation of these materials and how to react in emergency situations when hazardous materials are involved. Crd hrs: 7.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: PT6000</th>
<th>Title: Packaging and Handling of Electrostatic Sensitive Items.</th>

ESD work stations that can save millions of dollars. Explains protective handling, packaging, marking and labeling of these devices. Crd hrs: 8

Table 3–24
Quartermaster subcourses (QM)

Subcourse: QM0113
Title: Basic Mathematics I (Addition, Subtraction, Multiplication, and Division).
Description: Basic principles of simple addition, subtraction, multiplication, and division of whole numbers; problem solving; short division; multiplication tables; addition and subtraction of fractions and mixed numbers. MOS: 77F. Crd hrs: 3.

Subcourse: QM0114
Title: Basic Mathematics II (Decimal Fractions).
Description: Basic principles of addition, subtraction, multiplication, and division of numbers containing up to four decimal places; conversion of percent to decimal fractions and decimal fractions to percents. MOS: 77F. Crd hrs: 3.

Subcourse: QM0115
Title: Basic Mathematics III (Area Volume).
Description: Basic principles and formulas used in solving problems in area and volume which are of primary interest to supply and service personnel. MOS: 77F. Crd hrs: 4.

Subcourse: QM0116
Title: Basic Mathematics IV (Ratio and Proportion).
Description: Basic concepts of ratio and proportion to include the definition of terms; methods of applying the rules and problem solving. MOS: 77F. Crd hrs: 1.

Subcourse: QM0197
Title: Concepts of Supply in the Theater of Operations.
Description: A conceptual overview of the supply management structure within the theater of operations. Provides the structural foundation for the subcourses on general supply operations, ammunition supply operations and repair parts supply operations. MOS: 76Z. Crd hrs: 5.

Subcourse: QM0311
Title: History and Tradition of the Quartermaster Corps.
Description: Organization, growth, and highlights of Quartermaster activities from the Revolutionary War to present and the role of the Quartermaster Corps in carrying out its activities. MOS: 76Z50. Crd hrs: 1.

Subcourse: QM0312
Title: Subsistence Cataloging.
Description: Selection and use of subsistence catalogs for finding specification number, item description, conversion factor, units of issue, current price, standard pallet load, and other information for subsistence items; and computation of the weight in pounds of unit of issue quantities for various subsistence items. Crd hrs: 5.

Subcourse: QM0327
Title: Identify the Principles of Airdrop Logistics.
Description: Teaches airdrop staff planners the principles of airdrop resupply operations to include types and methods of airdrop; organization and capabilities of airdrop support units; airdrop support responsibilities; airdrop request procedures; recovery and evacuation procedures; and general planning considerations. Crd hrs: 5.

Subcourse: QM0333
Title: Basic Food Preparation.
Description: Control of quality in basic food preparation; the preparation of various food items with methods of controlling the quality and guidelines for judging the quality of the finished products; identification of foods that can be served as leftovers; and suggestions for serving leftovers as palatable food items. MOS: 92G. Crd hrs: 13.

Subcourse: QM0424
Title: Introduction to Force Provider and the Quartermaster Force Provider Company.
Description: Discusses the concepts and general operation of the Force Provider system and the Quartermaster Force Provider Company. The course is designed for the supervisors and leaders of the Force Provider Company. It discusses the duties and responsibilities of assigned personnel and provides an overall view of the Force Provider module and its subsystems. The course covers the fundamentals for deploying, operating, and redeploying Force Provider. Crd hrs: 2.

Subcourse: QM0433
Title: Field Kitchen Operations—Part II.
### Table 3–24
Quartermaster subcourses (QM)—Continued

**Description**: Description, capabilities, operation, and safety precautions for the M59 range, M2 burner unit, immersion heater, gasoline lantern, insulated food container, and water sterilizing bag; and food preparation, serving, and sanitation. MOS: 92G. Crd hrs: 4.

**Subcourse**: QM0453
**Title**: Food Service Equipment and Operation.
**Description**: Operation, maintenance, and utilization of garrison food service equipment; utilization and identification of food serving and preparation utensils; identification of food conditions, including frozen foods, fresh fruits and vegetables, meats, fish, poultry, dairy products, dry stores, and canned goods; and reporting unsatisfactory subsistence. MOS: 92G. Crd hrs: 5.

**Subcourse**: QM0454
**Title**: Food Preparation—Part I.
**Description**: Common working procedures; important terms; utilization of recipes; preparation of beverages, breakfast foods, meat, poultry, seafood, paste products, and dessert and other pastry. MOS: 92G. Crd hrs: 7.

**Subcourse**: QM0456
**Title**: Pastry Baking.
**Description**: Introduction to pastry baking in garrison dining facilities and central pastry kitchens; preparation, baking, and finishing of pies, cakes, rolls, cookies, and quick breads, to include the detection and correction of possible faults; and sanitation and safety required in bakery production. MOS: 92G. Crd hrs: 6.

**Subcourse**: QM0471
**Title**: Preparation and Serving of Special Food Items.
**Description**: Menu planning, preparation, and serving of special food items; planning and serving of buffets; preparing centerpieces; arrangement of beverages, food, tables, and utensils; preparing and serving canapes and hors d’oeuvres; and selecting and preparing pastries. MOS: 92G. Crd hrs: 4.

**Subcourse**: QM1001
**Title**: Inspection of Airdrop Equipment.
**Description**: Discusses four types of inspections for airdrop equipment; preventive maintenance checks and services; procedures, frequencies, and inspector qualifications. Crd hrs: 3.

**Subcourse**: QM1002
**Title**: Perform Duties of a Malfunction NCO.
**Description**: Teaches parachute riggers the steps and procedures necessary to perform the duties of a malfunction NCO. Crd hrs: 3.

**Subcourse**: QM1003
**Title**: Site Selection and Setup of an Airdrop Rigging, Parachute Packing, and Equipment Repair Activity.
**Description**: Teaches parachute riggers the steps and procedures necessary to select a site and set up an airdrop rigging, parachute packing, and equipment repair activity. Crd hrs: 3.

**Subcourse**: QM2000
**Title**: Account for Absentee’s Clothing and Equipment.
**Description**: Account for and secure individual’s clothing and equipment. MOS: 92Y. Crd hrs: 2.

**Subcourse**: QM2001
**Title**: Disposal of Absentee’s Clothing and Equipment.
**Description**: Dispose of individual’s clothing and equipment. MOS: 92Y. Crd hrs: 2.

**Subcourse**: QM2002
**Title**: Account for Bulk Petroleum.
**Description**: Accounting procedures for petroleum, oil, and lubricant balances to include preparing property book pages, posting receipts, reviewing daily postings to DA Form 3644 (Monthly Abstract of Issues of Petroleum Products and Operating Supplies), and posting total issues from the DA Form 3644 to the property book page. MOS: 92Y. Crd hrs: 3.

**Subcourse**: QM2003
**Title**: Adjust Quantity of Bulk Petroleum at the End of the Month.
**Description**: Adjustment procedures for petroleum, oil, and lubricant balances include inventory computation of allowable losses, preparation of DA Form 444 (Inventory Adjustment Report (IAR)), and posting the loss to the property book. MOS: 92Y. Crd hrs: 1.

**Subcourse**: QM2004
**Title**: Prepare a Materiel Condition Status Report.
**Description**: Procedures for preparing, maintaining, and distributing DA Form 2406. MOS: 92Y. Crd hrs: 2.

**Subcourse**: QM2021
**Title**: Request and Post Changes to Equipment Portion of Authorization Document.

</tbody>
</table>
duties of the personnel who implement these objectives; establish an effective physical security program at the unit level; identify the
indicators of potential suicide; identify unit and supervisory responsibilities; develop a suicide prevention program at the unit level; prepare
and review a duty roster; identify the responsibilities and duties of the casualty assistance officer; and the benefits to which survivors are, or
may be, entitled to under various conditions and circumstances. Crd hrs: 6.

Subcourse: QM3515
Title: Leadership Counseling.
Description: Identify both the need for counseling and the appropriate type of counseling to use. Crd hrs: 5.

Subcourse: QM3516
Title: Training Management and Common Soldier Skills.
Description: Develop a company mission-essential task list using the battle focus process, long-range, short-range, and near-term planning;
conduct and evaluate individual soldier and collective training; conduct company training meetings; identify terrain features on a map;
measure distance on a map; navigate with a compass and a map using four-, six-, and eight-digit grid coordinates; measure and plot an
azimuth; convert grid azimuths to magnetic azimuths and vice versa; plot a back azimuth; use intersection, resection, modified resection;
polar coordinates, and field expedient methods (shadow-tip, watch, and north star methods; assess soldiers’ entry-level physical conditioning
status; help soldiers establish goals and plan daily activities; conduct the Army Physical Fitness Test; identify proper individual fitness habits
in the areas of posture, stretching, diet, and other life-enhancing life-style practices; identify body composition; develop and manage a unit
physical fitness program; identify and resolve stress effects. Crd hrs: 5.

Subcourse: QM3517
Title: Communicative Skills at Company Level.
Description: Write to inform or to direct, develop professional briefing techniques, develop a command philosophy and a command
philosophy paper, develop Noncommissioned Officer Evaluation Reports and Officer Evaluation Reports. Crd hrs: 8.

Subcourse: QM3518
Title: Defend a Combat Service Support (CSS) Company Position.
Description: Discusses evaluating the threat, establishing a base defense system, preparing a base defense plan, reconnoitering the
defense, and reorganizing the company. Crd hrs: 5.

Subcourse: QM3519
Title: Unit and Organizational Supply.
Description: Implement the command supply discipline program: ensure that property authorization documents and supply records are
maintained error free and that supplies are on hand or on request; conduct an inventory of property; and conduct a report of survey. Crd hrs: 5.

Subcourse: QM3520
Title: Develop a Concept of Support for a Brigade-Level Combat Operation.
Description: Develop an external service support annex to the forward support battalion operation order. Crd hrs: 5.

Subcourse: QM3600
Title: Review Division Master Property Records.
Description: Teaches senior NCOs, warrant officers, and commissioned officers to understand and perform tasks related to reviewing
division master property records. Crd hrs: 4.

Subcourse: QM3601
Title: Inspect Unit Supply Records.
Description: Inspection of unit supply records training for advanced commissioned, noncommissioned, and warrant officers. Crd hrs: 2.

Subcourse: QM3602
Title: Evaluate the Standard Army Validation and Reconciliation (SAVARS) Data.
Description: Evaluate SAVARS data using both the manual and automated systems. Includes information on actions taken by the supply
support activity and the stock control section or materiel management center in the validation and reconciliation process. Crd hrs: 1.

Subcourse: QM3611
Title: Managing and Distributing the Classes of Supply.
Description: Teaches officers, warrant officers, and NCOs to understand and perform tasks related to distributing and accounting for the
classes of supply. Crd hrs: 3.

Subcourse: QM3800
Title: Compute Authorized Quantities From Common Tables of Allowance (CTA).
Description: Perform tasks related to computing authorized quantities from CTA. MOS: 920A/B. Crd hrs: 4.

Subcourse: QM3801
Title: Review and Update Repairable Exchange (RX) Procedures.
Table 3–24
Quartermaster subcourses (QM)—Continued

Description: Teaches the manager to understand and perform tasks related to repairable and recoverable management; review and update repairables procedure based on policy guidance from a higher authority; and the procedures required of the customer’s activity to ensure an uninterrupted supply support system is always open. MOS: 920A/B. Crd hrs: 2.

Subcourse: QM3804
Title: Plan and Coordinate Schedules with the LASSO.
Description: Identify the policy and procedures to effectively manage, plan and schedule operations at the Logistics Automation Systems Support Office (LASSO). Crd hrs: 1.

Subcourse: QM3805
Title: Manage Operational Readiness Float (ORF) Assets.
Description: Basic procedures involved in selecting and maintaining ORF assets. Instructions on how and when to prepare a stock record account for ORF, determining the correct requisitioning objective, requesting procedures, also use and turn-in of ORF assets. Crd hrs: 2.

Subcourse: QM3806
Title: Explain the Organization and Functions of Stock Control Activities and Materiel Management.
Description: Teaches the warrant officer manager to understand and perform tasks related to stock control activities and functions related to inventory management, standing operating procedures, and preparation or update of work center layout within the materiel management center. Crd hrs: 2.

Subcourse: QM3807
Title: Review and Update Inventory Procedures.
Description: Review and update inventory procedures at the Direct Support Unit level. Crd hrs: 1.

Subcourse: QM3809
Title: Contingency Contracting.
Description: Skills related to contingency contracting. MOS: 920A/B. Crd hrs: 5.

Subcourse: QM3840
Title: Subsistence Management—Part I.
Description: Identify and monitor nutrition standards in food preparation and food serving. Crd hrs: 5.

Subcourse: QM3841
Title: Subsistence Management—Part II.
Description: Monitor procedures for requisitioning, transporting, and storing subsistence; determine the adequacy of inventory management; control subsistence transfers between food service operations; and provide technical supervision of nutritional menu planning. Crd hrs: 5.

Subcourse: QM3842
Title: Subsistence Management—Part III.
Description: Establish and monitor turn-in procedures; advise the troop issue subsistence officer or Class I officer on the distribution of forced issues; provide technical assistance on initiating and preparing unsatisfactory material reports; review the dining facility work schedules. Crd hrs: 5.

Subcourse: QM3843
Title: Administrative Management—Part I.
Description: Prepare recommended food service budget requirements; prepare the food service management plan; provide technical assistance in adjusting overdrawn and underdrawn accounts; and audit records and filing systems. MOS: 922A. Crd hrs: 5.

Subcourse: QM3844
Title: Administrative Management—Part II.
Description: Serve as a contracting officer’s representative; prepare, analyze, administer, and modify food service contracts; coordinate subordinate food advisors’ actions; and administer a food service award program. (Prerequisite: QM3843.) MOS: 922A. Crd hrs: 5.

Subcourse: QM3845
Title: Administrative Management—Part III.
Description: Prepare SF 368 (Product Quality Deficiency Report); manage the dining facility equipment replacement program by reviewing, verifying, approving, and consolidating DA Form 3988–R (Dining Facility Equipment Replacement Record); and prepare reports on design deficiencies. (Prerequisites: QM3843 and QM3844.) Crd hrs: 5.

Subcourse: QM3846
Title: Administrative Management—Part IV.
Description: Develop and maintain a mobilization plan for equipment, personnel, and facilities; implement a food service data feedback
Table 3–24
Quartermaster subcourses (QM)—Continued

program; conduct evaluations and prepare written action plans; monitor internal control procedures of food service operations; and monitor cash collection control procedures. (Prerequisites: QM3843, QM3844 and QM3845.) Crd hrs: 5.

Subcourse: QM3849
Title: Personal Hygiene.
Description: Monitor personal hygiene standards in garrison and in the field. MOS: 922A. Crd hrs: 5.

Subcourse: QM3851
Title: External Coordination—Part I.
Description: Provide technical advice to commanders on requirements for special feeding situations; determine food service requirements to support field training; coordinate food service operations with allied armies and actions; and coordinate and allocate funds for expendable supplies. Crd hrs: 5.

Subcourse: QM3852
Title: External Coordination—Part II.
Description: Conduct the menu board and direct the annual subsistence review committee; conduct the Army food service competitions and publicize the food service program; advise the corps of engineers and contractors; advise on equipment, design, and modernization of dining facilities; initiate action to improve new construction. (Prerequisite: QM3851.) Crd hrs: 5.

Subcourse: QM3853
Title: External Coordination—Part III.
Description: Coordinate with the facilities engineers on training personnel in operating and maintaining equipment in garrison; coordinate requirements for food service operations for major exercises and medical facilities; coordinate with veterinary personnel when handling unsatisfactory subsistence. Also, information on Army standards on sanitation, nutrition, and menus. (Prerequisites: QM3851 and QM3852.) Crd hrs: 5.

Subcourse: QM3854
Title: Training Management—Part I.
Description: Train food service personnel in nutritional menu planning and food preparation. MOS: 922A. Crd hrs: 5.

Subcourse: QM3855
Title: Training Management—Part II.
Description: Teaches training methods and information from food service operations on advising commanders of their responsibilities; training personnel to operate and maintain field equipment; providing technical assistance in dining facility accounting and head count reporting procedures; and advising surveying officers on subsistence products, facilities, and equipment. (Prerequisite: QM3854.) MOS: 922A. Crd hrs: 5.

Subcourse: QM3856
Title: Training Management—Part III.
Description: Administer a training management program to train personnel in setting up, operating and dismantling the mobile field bakery, the mobile kitchen trailer, the kitchen company level field feeding, the field kitchen modular, and the sanitation center. Also, instruct personnel on the reduction of infrared and battlefield signature in a theater of operations. (Prerequisites: QM3854 and QM3855.) Crd hrs: 5.

Subcourse: QM3858
Title: Theater of Operations—Part I.
Description: Perform duties of a food advisor technician in a theater of operations: use reports, plans, and mission statements to update the Class I officer on requisitioning, storing, and distributing subsistence; provide information on the PUSH system according to current procedures; advise the commander on the tactical employment of the Army field feeding system; and provide technical guidance to the commander on utilization of captured subsistence. MOS: 922A. Crd hrs: 5.

Subcourse: QM3859
Title: Theater of Operations—Part II.
Description: Advise the commander on utilization of food service assets; provide tactical advice for selecting a field kitchen site and laying out the area; advise the commander on food service water requirements; provide technical supervision of remote feeding; monitor usage, stockage, and condition of war reserve and subsistence. (Prerequisite: QM3858.) MOS: 922A. Crd hrs: 5.

Subcourse: QM3860
Title: Theater of Operations—Part III.
Description: Direct the implementation of security procedures in protection of equipment and subsistence; monitor the operation of mobile field bakery units; and direct actions to construct and close out field expedients for grease traps, soakage pits, and incinerators for field kitchen waste disposal in a theater of operations. (Prerequisites: QM3858 and QM3859.) Crd hrs: 5.

Subcourse: QM3861
Title: Theater of Operations—Part IV.
Description: Provide advice on actions in an industrial base; develop and write the food service portion for an annex to operation plans/
Subcourse: QM4101
Title: Transfer Information from DA Form 2407 (Maintenance Request) to DA Form 2405 (Maintenance Request Register).
Description: Transfer information from a DA Form 2407 to a DA Form 2405. MOS: 43M. Crd hrs: 1.

Subcourse: QM4103
Title: Perform Final Inspection on Repaired CTA 50–900 Items.
Description: Perform a final inspection on repaired CTA 50–900 items. MOS: 43M. Crd hrs: 1.

Subcourse: QM4127
Title: Control and Maintain Records of Equipment.
Description: Control and maintain records of equipment. MOS: 43M30. Crd hrs: 2.

Subcourse: QM4129
Title: Perform Quality Assurance Inspection of Textiles, Canvas, Clothing, and Webbed Equipment Items.
Description: Perform quality assurance inspections of textiles, canvas, clothing, and webbed equipment items. MOS: 43M. Crd hrs: 1.

Subcourse: QM4132
Title: Prepare Internal and External Standing Operating Procedures (SOPs) for Shop Operations.
Description: Tasks related to preparing SOPs in a repair shop. MOS: 43M. Crd hrs: 1.

Subcourse: QM4150
Title: Prepare Schedules for Equipment, Personnel, and Administrative Reports for Shop Operations.
Description: Teaches the noncommissioned officer to prepare schedules for equipment, personnel, and administrative report for shop operations. MOS: 43M. Crd hrs: 2.

Subcourse: QM4224
Title: Select Laundry or Bath Field Operational Sites.
Description: Direct a laundry or bath operational site. MOS: 57E. Crd hrs: 1.

Subcourse: QM4250
Title: Direct Laundry and Clothing Exchange Bath (CEB) Site Selection.
Description: Direct a laundry and CEB site selection. MOS: 57E. Crd hrs: 1.

Subcourse: QM4253
Title: Supervise Clothing Exchange Bath (CEB) Setup and Operation.
Description: Supervise CEB setup and operation. MOS: 57E. Crd hrs: 2.

Subcourse: QM4258
Title: Supervise Laundry Setup and Operations.
Description: Supervise setup and operation of a field mobile laundry. MOS: 57E. Crd hrs: 2.

Subcourse: QM4303
Title: Search and Recovery Operations.
Description: Responsibilities related to organizing and conducting search and recovery missions for deceased members of the Armed Forces. MOS: 57F. Crd hrs: 3.

Subcourse: QM4308
Title: Mortuary/Central Identification Laboratory Operations—Part I.
Description: Procedures for organizing receiving areas, receiving remains and effects, and evaluating personal possessions used for identification. MOS: 57F. Crd hrs: 2.

Subcourse: QM4310
Title: Evaluate Personal Possessions Used for Identification.
Description: Evaluate personal possessions used for identification and properly complete a record of identification processing (effects and physical data). MOS: 57F. Crd hrs: 3.

Subcourse: QM4311
Title: Mortuary/Central Identification Laboratory Operations—Part II.
Description: Supervisory elements of mortuary and central identification laboratory operations to insure that remains of service personnel...

</table>

**Subcourse:** QM5091  
**Title:** Schedule and Dispatch Petroleum Pipeline Operations.  
**Description:** Conduct scheduling and dispatching operations on a petroleum pipeline. MOS: 77F. Crd hrs: 2.

**Subcourse:** QM5092  
**Title:** Direct General Petroleum Operations.  
**Description:** The soldier will learn about the MOS 77F duties, terminology associated with the petroleum industry, how to direct a pilferage control program, sling load operations, sampling and gaging operations, a fire and safety program, and an environmental stewardship program. Crd hrs: 2.

**Subcourse:** QM5093  
**Title:** Prepare RCS DLA(W) 1884 (DFSC) Bulk Petroleum Terminal Message Report.  
**Description:** Prepare information for message submission of the report, gathering inventory level data for submission of the terminal section of the reports, and drafting messages for use by the appropriate agencies. MOS: 77F. Crd hrs: 3.

**Subcourse:** QM5094  
**Title:** Direct Tank Vehicles.  
**Description:** The soldier will learn to supervise the loading and unloading of tank vehicles, gaging of tank vehicles, PMCS verify appropriate entries on DA Form 2404 and DA Form 5988-E (ULLS) and correction of deficiencies, operation of tank units and vehicles, observe fire and safety precautions, and identify environmental considerations. Crd hrs: 2.

**Subcourse:** QM5095  
**Title:** Direct Class III Operations.  
**Description:** The soldier will learn to develop a Class III Supply Point flow plan, fire and safety precautions, and identify environmental impediments and viable resolutions. Crd hrs: 3.

**Subcourse:** QM5096  
**Title:** Direct Pipeline Operations.  
**Description:** The soldier will supervise pipeline pump station operations, maintenance and installation of terminal equipment, and petroleum transfer operations. Crd hrs: 2.

**Subcourse:** QM5097  
**Title:** Control General Petroleum Operations  
**Description:** Discusses the knowledges and skills of the petroleum operations, fire and safety theater operations, determining petroleum requirements, preparing accounting summaries, developing a petroleum environmental control program, and supervising sampling and gaging. Trains the soldiers in knowledges appropriate to skill level 4. Crd hrs: 2.

**Subcourse:** QM5098  
**Title:** Control Tank Vehicles.  
**Description:** Discusses the knowledges of the proper methods for controlling petroleum tank vehicle operations. Train the soldiers in knowledges appropriate to skill level 4. Crd hrs: 2.

**Subcourse:** QM5099  
**Title:** Control Class III And Pipeline Operations  
**Description:** Discusses the skills and knowledges for developing a class III supply point flow plan, fire plan, equipment loading plan, and defense plan, observing safety precautions, and identifying environmental considerations. Trains the soldiers in skills and knowledges appropriate to skill level 4. Crd hrs: 2.

**Subcourse:** QM5120  
**Title:** Review Petroleum Analysis Test Results.  
**Description:** Review petroleum analysis test results. MOS: 77L20, 77F. Crd hrs: 4.

**Subcourse:** QM5126  
**Title:** Manage a Petroleum Laboratory Fire Prevention Program.  
**Description:** Manage a petroleum laboratory’s fire prevention program. MOS: 77L. Crd hrs: 2.

**Subcourse:** QM5127  
**Title:** Manage a Petroleum Laboratory Safety Program.  
**Description:** Manage, monitor, and implement a petroleum laboratory safety program. MOS: 77L. Crd hrs: 2.

**Subcourse:** QM5180  
**Title:** Direct Laboratory Operations.  
**Description:** The soldier will acquire knowledge on directing sampling and gaging and implementing an environmental stewardship program, a fire and safety SOP, and a sample submission, receipt, and testing SOP. Crd hrs: 3.

implementing on-the-job training, scheduling shift work, developing work schedules, supervising food service personnel, and monitoring and preparing documentation of performance of contracted dining facility attendants. MOS: 92G. Crd hrs: 5.

Subcourse: QM6139
Title: Conduct Inventories and Maintain Dining Facility Files.
Description: Conduct and process inventory records, maintain dining facility files and accounting records using the Modern Army Recordkeeping System (MARKS). Crd hrs: 5.

Subcourse: QM6140
Title: Request Authorized Equipment.
Description: Request authorized equipment. MOS: 92G. Crd hrs: 1.

Subcourse: QM6165
Title: Request and Turn in Subsistence Items under AFFS.
Description: Request and turn in subsistence items under the Army Field Feeding System (AFFS). MOS: 92G30. Crd hrs: 5.

Subcourse: QM6166
Title: Dining Facility Accounting for the First Cook.
Description: Prepare and maintain the cash collection sheet and the control sheet; request and turn in subsistence items under ARCS; prepare and process head count form; prepare and maintain the production schedule and sensitive high-dollar item disposition; maintain the dining facility account card; and maintain over and under record meals. Crd hrs: 5.

Subcourse: QM6190
Title: Administrative Responsibilities of the Food Service Sergeant.
Description: Assign personnel to duty positions; administer the on-the-job training program; develop and initiate a physical security program; and develop standard operating procedures for dining facilities and field kitchens. MOS: 92G40. Crd hrs: 5.

Subcourse: QM6194
Title: Evaluate Procedures for Accounting for Lost, Damaged, or Destroyed Subsistence Supplies.
Description: Evaluate procedures for accounting for lost, damaged, or destroyed subsistence supplies. MOS: 92G. Crd hrs: 1.

Subcourse: QM6195
Title: First Cook Responsibilities to Plan Menus and Supervise Optimal Nutrition Retention Procedures.
Description: Procedures for using the master menu for planning purposes, supervising the receipt and storage of subsistence items, supervising the preparation, serving, and storage of food items to ensure optimal nutritional value, and conducting quality assurance evaluation of food preparation and finished products. MOS: 92G. Crd hrs: 5.

Subcourse: QM6196
Title: Coordination Responsibilities of the Food Service Sergeant.
Description: Perform the coordination responsibilities of the food service sergeant. Crd hrs: 5.

Subcourse: QM6197
Title: Accounting Responsibilities of the Food Service Sergeant.
Description: Review and ensure the accuracy of accounting records; implement and monitor head count procedures; prepare documents for lost, damaged, or destroyed subsistence items; and prepare and review DA Form 2062 (Hand Receipt/Annex Number) and DA Form 3161 (Request for Issue or Turn-in). Crd hrs: 5.

Subcourse: QM6198
Title: Food Service Sergeant’s Responsibilities to Evaluate Sanitation, Safety, NBC, Energy, and Fire Prevention Procedures.
Description: Evaluate the sanitation program in a dining facility and at a field kitchen; evaluate conduct of subsistence protection and decontamination procedures; and develop and initiate safety, energy, and fire prevention programs. MOS: 92G40. Crd hrs: 5.

Subcourse: QM6199
Title: Food Service Sergeant’s Responsibilities to Plan and Implement Menus and Evaluate Nutritional Food Preparation.
Description: Plan and implement menus and procedures to ensure the serving of nutritionally balanced meals and evaluate preparation, cooking, and serving of food and prepared food products. Crd hrs: 5.

Subcourse: QM6200
Title: Food Service Administration.
Description: Monitor and provide assistance in dining facility administration and accounting procedures. Conduct a subsistence inventory evaluation and administer control procedures for food service operations. Crd hrs: 5.

<tbody>
<tr>
<td><strong>Title:</strong> Introduction to Tactical Radio Communications.</td>
</tr>
<tr>
<td><strong>Description:</strong> Principles of AM, AM/SSB and FM radio transmission and reception, characteristics of tactical radio sets and radio teletypewriter fundamentals; radio telephone procedures. AOC: 25A. Crd hrs: 6.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: SS0009</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Title:</strong> Signal Node Location, Defense and Internal Organization.</td>
</tr>
</tbody>
</table>
| **Description:** Communications requirements, planning factors, types of signal nodes and site considerations; identification and basic
characteristics of organic weapons in division signal battalion, defense of site, site defense plan and organization for defense; internal organization of node and methods of displacement. AOC: 25A. Crd hrs: 10.

Subcourse: SS0014
Title: Tactical Radio Systems.
Description: Employment of tactical FM, AM, AM/SSB and radio teletypewriter sets; employment of radio wire integration stations; the organization of radio nets for command control. AOC: 25A. Crd hrs: 5.

Subcourse: SS0016
Title: Multichannel Radio Systems.
Description: Block diagram of multichannel radio systems; system capabilities and limitations; multichannel communications equipment characteristics and limitations; frequency planning for isolated, parallel and interconnecting multichannel radio systems. AOC: 25A. Crd hrs: 5.

Subcourse: SS0018
Title: Install and Operate 3, 5, 10kW (Gas); and 5, 10, 15kW (Diesel) Generator.
Description: How to install and operate the 3, 5, and 10 kW (Gas); and 5, 10, 15 kW (Diesel) generator sets. MOS: 31Q/D and 72E. Crd hrs: 10.

Subcourse: SS0029
Title: Plan Tactical Telephone Systems.
Description: Basic procedures for planning tactical telephone systems including trunk group sizing, the joint operations numbering systems, and the telephone directory. AOC: 25C. Crd hrs: 2.

Subcourse: SS0030
Title: Plan Tactical Wire/Cable Systems.
Description: Plan and inspect wire installation; employment of field cable systems; and user wire installation. AOC: 25C. Crd hrs: 2.

Subcourse: SS0031
Title: Plan/Design/Layout of Satellite Communications Systems.
Description: Overview and capabilities of satellite communications, transmitting systems and radio frequency (RF) components, receive systems and parameters, single channel satellite systems, multichannel satellite systems, and special communications systems and MILSTAR. AOC: 25C. Crd hrs: 4.

Subcourse: SS0042
Title: Frequency Management.
Description: Introduction to frequency management; problems of spectrum congestion; international and national control organizations; frequency management procedures used at theater Army levels; purposes of frequency allocation plans and their application. AOC: 25B. Crd hrs: 12.

Subcourse: SS0073
Title: Corps Communications.
Description: Summary of the corps mission, organization, environment and function, organization of corps headquarters and headquarters company (HHC), signal brigade, signal battalion's relationship of the corps commander to corps staff; corps means of communications; communications in major subordinate units of the corps. AOC: 25C. Crd hrs: 9.

Subcourse: SS0098
Title: Metric System of Linear Measure.
Description: Use of the metric system in estimating and measuring distances, comparison of units in English and metric system and conversion from one to the other. MOS: 31M. Crd hrs: 1.

Subcourse: SS0105
Title: Audiovisual Resources Management.
Description: Audiovisual equipment control and management, coordinating and budgeting for audiovisual equipment and software, and software management within DA and DOD. MOS: 25S. Crd hrs: 8.

Subcourse: SS0117
Title: Describe the Synchronization of Battlefield Operating Systems.
Description: Basic concepts of AirLand Battle, the battlefield operating systems and how those systems are synchronized; the Army's command and control architecture and its five battlefield functional areas. AOC: 25C. Crd hrs: 2.

Subcourse: SS0118
Title: Determine the Signal Support Requirements of Battlefield Operating Systems.
Description: Signal support doctrine and how signal support systems are integrated to meet the requirements of Battlefield Operating Systems. AOC: 25C. Crd hrs: 2.

Subcourse: SS0119
Title: Integration of Information Mission Area at the Operational Level of War.
**Description:** How the information mission area is integrated within battlefield functional areas to support the AirLand Battle. AOC: 25C. Crd hrs: 1.

**Subcourse:** SS0120  
**Title:** Employ Communications Systems of a Maneuver Brigade/Battalion/Battalion Task Force.  
**Description:** How a maneuver brigade, battalion, and battalion task force are organized, and what signal support they require. Signal support considerations for units equipped with Army Tactical Communications Systems, Signal Plans and Orders, and signal support in low intensity conflict. AOC: 25C. Crd hrs: 5.

**Subcourse:** SS0121  
**Title:** Plan, Design, and Layout Tri-Service Tactical Communications and Mobile Subscriber Equipment Signal Support at Echelons Above Corps/Echelons Corps and Below.  
**Description:** Signal support using tri-service tactical communications and mobile subscriber equipment at echelons above corps (EAC) and corps; line-of-sight engineering and communications interfacing between EAC and Corps. AOC: 25C. Crd hrs: 4.

**Subcourse:** SS0122  
**Title:** Plan Signal Support Requirements for Fire Support.  
**Description:** Plan and provide signal support for fire support units. AOC: 25C. Crd hrs: 3.

**Subcourse:** SS0123  
**Title:** Plan Signal Support Requirements for Air Defense Systems.  
**Description:** Organization and mission of divisional air defense units; signal systems that support divisional air defense units and signal planning for those units. AOC: 25C. Crd hrs: 2.

**Subcourse:** SS0124  
**Title:** Plan Signal Support Requirements for Combat Service Support Systems.  
**Description:** Organization and mission of divisional combat service support units; signal systems that support divisional combat service support units and signal staff planning for those units. AOC: 25C. Crd hrs: 2.

**Subcourse:** SS0125  
**Title:** Plan Signal Support Requirements for Intelligence/Electronic Warfare Systems.  
**Description:** Organization and mission of divisional military intelligence units; signal systems that support divisional military intelligence units and signal staff planning for those units. AOC: 25C. Crd hrs: 3.

**Subcourse:** SS0130  
**Title:** Principles of Radio Wave Propagation.  
**Description:** Fundamentals of radio wave propagation, modulation, propagation characteristics through different media, ground wave propagation and the terrestrial influences that affect communications, sky wave propagation and the effects of atmospheric conditions on radio communication. AOC: 25C. Crd hrs: 10.

**Subcourse:** SS0131  
**Title:** Antenna Theory.  
**Description:** Theory of antennas to include the principles of antenna radiation, characteristics and capabilities of the various types of tactical combat net radio, high frequency, ultra high frequency, very high frequency antennas, formulas used in antenna design, and fabricating field expedient antennas using various repair techniques. AOC: 25C. Crd hrs: 5.

**Subcourse:** SS0132  
**Title:** Tactical Combat Net Radios.  
**Description:** Covers the AN/VRC–12 Series, Single Channel Ground and Airborne Radio System, amplitude modulation, improved high frequency, and single channel tactical satellite radios. AOC: 25C. Crd hrs: 6.

**Subcourse:** SS0133  
**Title:** Combat Net Radio Planning and Deployment.  
**Description:** How combat net radio supports Army operations doctrine, and the planning and management factors associated with single-channel radio. Combat net radio and its planning and management. AOC: 25C. Crd hrs: 3.

**Subcourse:** SS0134  
**Title:** Offensive Electronic Warfare.  
**Description:** Basic concepts and applications of electronic warfare and the methods employed in conducting offensive electronic warfare operations. AOC: 25C. Crd hrs: 6.

**Subcourse:** SS0135  
**Title:** Defensive Electronic Warfare.  
**Description:** Techniques for anti-electronic countermeasures and anti-electronic warfare support measures. Sources of electromagnetic interference. Staff responsibility for electronic counter-countermeasures. AOC: 25C. Crd hrs: 8.

**Subcourse:** SS0136  
**Title:** Joint/Combined Electronic Warfare Operations.
Description: Organization structure of unified commands, specified commands, joint forces, combined forces, and associated electronic warfare support. Command, Control, and communications countermeasures (C3CM) and the support the intelligence and electronic warfare system provides to C3CM and the C3CM responsibilities of the joint force commander and staff. AOC: 25C. Crd hrs: 2.

Subcourse: SS0137
Title: Communications Security.
Description: Communications security (COMSEC) custodian duties, identifying COMSEC material, cryptofacility approval, physical security of COMSEC material and keys, COMSEC accountability, COMSEC emergency plans, and COMSEC-related inspections and audits. AOC: 25C. Crd hrs: 7.

Subcourse: SS0139
Title: Select Signal Nodes.
Description: Function, composition, placement, and site configurations of signal nodes and the planning procedures for the relocation and reestablishment of support for a tactical command post. AOC: 25C. Crd hrs: 2.

Subcourse: SS0305 (Proponent: Combined Arms Support Command)
Title: Operators and Organizational Maintenance of Radio Data Link, Sound Ranging AN/GRA–114.
Description: Install, operate and maintain the AN/GRA–114. MOS: 35E. Crd hrs: 10.

Subcourse: SS0328
Title: Introduction to Technical Control—Part I.
Description: Tasks related to the technical control facilities to include the patching panels and distribution frames. (Prerequisite: SS0330.) MOS: 31N. Crd hrs: 3.

Subcourse: SS0329
Title: Introduction to Technical Control—Part II.
Description: Tasks related to the technical control facilities to include interfacing of voice frequency circuits and types of communications circuits. (Prerequisite: SS0328.) MOS: 31N. Crd hrs: 3.

Subcourse: SS0330
Title: Introduction to Telephone and Telegraph Transmission.
Description: Introduction to the principles of sound waves and their relationship to the telephone transmitter and receiver. The characteristics and properties of a transmission line. The description and characteristics of local and common-battery telephone systems. An introduction to the fundamentals of the teletypewriter, to include the connections and transmission principles. MOS: 31N. Crd hrs: 8.

Subcourse: SS0332
Title: Telephone System Characteristics.
Description: Characteristics of telephone systems including network losses and gains, envelope delay and amplitude frequency relationship; importance of impedance matching and balance, causes and effects of crosstalk, harmonic distortion and intermodulation distortion, application of echo suppressors and companders to long telephone lines. MOS: 31N. Crd hrs: 6.

Subcourse: SS0333
Title: Telephone Circuit Conditioning.
Description: Identification of circuit impairments that can be corrected by circuit conditioning and those that require other actions; circuit conditioning techniques designed to overcome specified impairments; record keeping by circuit conditioners and technical controllers, together with the relationships of their responsibilities in maintaining records. MOS: 31N. Crd hrs: 9.

Subcourse: SS0344
Title: Microwave Techniques.
Description: Operation of the devices used for the generation and amplification of microwave energy; purpose and characteristics of waveguides, waveguide devices, antennas, and reflectors; block-diagram analysis of microwave transmitters and receivers; effects of noise on communications; noise ratings of receivers and receiver systems. MOS: 31M. Crd hrs: 13.

Subcourse: SS0345
Title: Fundamentals of Microwave Communications.
Description: Tasks related to providing line-of-sight radio transmission path; profiling tropospheric scatter radio transmission. MOS: 31M. Crd hrs: 2.

Subcourse: SS0409 (Proponent: Combined Arms Support Command)
Title: Troubleshooting the TA–838/TT Telephone Set.
Description: How to perform data, installation, and operation and identify components, schematic components and circuitry when
performing troubleshooting of the TA–838/TT Telephone Set. You must have access to this equipment to complete this subcourse. MOS: 35E. Crd hrs: 2.

Subcourse: SS0411 (Proponent: Combined Arms Support Command)
Title: Troubleshooting and Final Testing of the TA–312/PT Telephone Set.
Description: How to perform installation, control and data; identify schematic components and troubleshooting and final testing of the TA–312/PT Telephone Set. You must have access to this equipment to complete this subcourse. MOS: 35E. Crd hrs: 2.

Subcourse: SS0431
Title: Outside Plant Construction Plans and Vehicles.
Description: Organizational planning, route surveying, and grading; staking pole, guy anchor and fixture locations; conforming the detailed plans to the plant constructed; joint use of aerial electric power–supporting plant for supporting communications plant; description of outside construction vehicles. MOS: 31L. Crd hrs: 9.

Subcourse: SS0437
Title: Testing Wire Lines and Locating Faults.
Description: How to perform tasks related to troubleshooting field wire WD–10/TT. Also provides procedures and methods of testing wire lines and locating faults. You must have access to this equipment to complete this subcourse. MOS: 31L. Crd hrs: 3.

Subcourse: SS0438
Title: Installation/Troubleshooting Telephone Substation.
Description: Install a substation protector on the side of a building, connect the ground wire to the protector and the other end to a cold water pipe; install telephone drop wire from ready access terminal to the side of the building and connect one end to the binding post in accordance with DA Form 3938 (Local Service Request), fasten drop wire to the building using angle screw with knob and connect the other end to the substation protector. MOS: 31L. Crd hrs: 18.

Subcourse: SS0439
Title: Set Poles, Install Anchors and Guys.
Description: Information on setting poles, pole inspection, and installing anchors and guys. MOS: 31L. Crd hrs: 10.

Subcourse: SS0440
Title: Installation, Maintenance, Recovery, and Service of Telephone Cable WD-10/TT or WF-16/U.
Description: Information on installation, maintenance, recovery, and servicing of telephone cable WD-10/TT or WF-16/U. MOS: 31L. Crd hrs: 13.

Subcourse: SS0441
Title: Tactical Telephones.
Description: Installation and operation procedures for tactical telephones. This training is useful for those in a signal unit supporting another unit; a signal battalion within a division that is equipped with mobile subscriber equipment; or a signal unit supporting echelons above corps. Gives procedures to install telephone sets TA–312/TT, TA–314/TT, TA–838/TT, TA–954/TT, TA–1035/TT, terminal equipment TD–1233/TT and TD–1234/TT. Teaches maintenance procedures for telephone set TA–838/TT and how to complete DA Form 2404 (Equipment Inspection and Maintenance Worksheet). MOS: 31L. Crd hrs: 8.

Subcourse: SS0442
Title: Install, Operate, and Perform Unit Level Maintenance on Reel Unit RL–31–("*)/G.

Subcourse: SS0443
Title: Installation, Operation, and Maintenance Procedures for RL–207(/)/G and RL–207(/)A/G.
Description: This training is for those in a signal unit supporting another unit; or in a battalion, division, or corps signal support battalion. MOS: 31L. Crd hrs: 6.

Subcourse: SS0444
Title: Cable Construction.
Description: Construction practices generally followed by wire systems installer personnel. This training is for those in a signal unit supporting another unit; a signal battalion with a division that is equipped with mobile subscriber equipment; or a signal unit supporting echelons above corps. MOS 31L. Crd hrs: 8.

Subcourse: SS0463 (Proponent: Combined Arms Support Command)
Title: Operation of Electron Tube Test Set TV–7/U.
Description: Description and use of Electron Tube Test Set TV–7/U. Use of tube test set in determining the condition of the electron tubes under test by comparing and interpreting, and indications received on the tube test set with minimum standards listed in the test data book. MOS: 35E. Crd hrs: 2.

Subcourse: SS0507
Title: Principles of Photography.
Description: Introduction to photography, camera principles and black and white sensitized materials. MOS: 25V. Crd hrs: 5.
Subcourse: SS0508
Title: Photographic Filters and Techniques.
Description: How to refine the techniques used to control exposure, filters, composition and perspective. MOS: 25V. Crd hrs: 6.

Subcourse: SS0509
Title: Laboratory Procedures.
Description: Types and uses of chemistry; procedures for processing negatives and prints, for mixing and storing chemicals, and for producing contact and projection prints; photographic and quality control. MOS: 25V. Crd hrs: 5.

Subcourse: SS0510
Title: Introduction to Portrait Photography.
Description: Basics of portrait photography, types of portrait cameras, portrait lighting, posing the subject. MOS: 25V. Crd hrs: 6.

Subcourse: SS0511
Title: Copy Photography I.
Description: Copy camera functions and lens optics. MOS: 25V. Crd hrs: 8.

Subcourse: SS0512
Title: Copy Photography II.
Description: Information on the function and selection of filter functions, on copy film, and the procedures for making photographic copy. (Prerequisite: SS0511.) MOS: 25V. Crd hrs: 2.

Subcourse: SS0513
Title: Photographic Quality Control.
Description: Chemical mixing and storage; determining pH and specific gravity; sensitometry and photographic process control; operate sensitometer, densitometer and plotting control charts. MOS: 25V. Crd hrs: 3.

Subcourse: SS0514
Title: Introduction to Basic Color Photography.
Description: Presents information on color photography, including theory, exposure, and printmaking. Topics covered include theory of light, additive and subtractive processes and color characteristics; color film structure, color conversion and color-compensating filters, and color film storage and handling; color negative films; color negative printing techniques; color reversal film processing; and slide duplicating techniques. MOS: 25V. Crd hrs: 5.

Subcourse: SS0515
Title: Organizational Maintenance of Laboratory Equipment.

Subcourse: SS0516
Title: Introduction to Special Photographic Assignments.
Description: How to accomplish special photographic assignments in photojournalism, group and awards photography, investigative photography, clinical/medical photography, and architectural photography. Topics include selection of equipment, lens, film format, and film. Also discusses techniques for use in investigation and documentation photography. MOS: 25V. Crd hrs: 6.

Subcourse: SS0517
Title: Tactical Documentation Photography.
Description: Covers tactical photography such as terrain, roads, enemy movement, camouflage, concealment aerial and other variables. MOS: 25V. Crd hrs: 3.

Subcourse: SS0519
Title: Script-Writing for Educational Visual Information Programs.
Description: Writing scripts for educational programs including research techniques, training objectives, writing outlines, screen treatments, basic principles of script writing, camera movements that support a presentation, and story board layout leading to final script development. MOS: 25V. Crd hrs: 2.

Subcourse: SS0520
Title: Operation of Automatic Film Processors.
Description: Information on general operation of this type of equipment and on specific models such as the Versomat 11C–MW. MOS: 25V. Crd hrs: 3.

Subcourse: SS0522
Title: Operation and Maintenance of Photographic Equipment.
Description: Provides techniques of operation of a general array of common photographic equipment. Also discusses maintenance procedures. MOS: 25V. Crd hrs: 10.

Subcourse: SS0523
Title: Operation of Automatic Print Processors.

</table>
Title: Video Tape Editing and Character Generator Operation.
Description: Basic principles of video tape editing, techniques used during editing, and the basic concept of video tape editing operation. MOS: 25V. Crd hrs: 4.

Subcourse: SS0572
Title: Printing Color Negatives.
Description: Techniques of printing color negatives. Based on Eastman Kodak color negative film processed in C–41 chemistry. (Prerequisite: SS0514.) MOS: 25V. Crd hrs: 1.

Subcourse: SS0573
Title: Photography in Climatic Extremes.
Description: Methods necessary to operate photographic equipment in various parts of the world. Information on operating in cold, desert, humid, and hot regions. MOS: 25V. Crd hrs: 2.

Subcourse: SS0574
Title: Photographic Documentation-Administration and Preparation.
Description: Preparing for a photographic assignment, planning a picture story sequence, writing photographic captions, and methods and equipment used in numbering photographic negatives. MOS: 25V. Crd hrs: 3.

Subcourse: SS0600
Title: Troubleshooting Television Studio System Equipment.
Description: Maintaining and troubleshooting television studio system equipment. Information on several tasks which are performed at increasing levels of difficulty at Skill Levels 1, 2, and 3. MOS: 25R. Crd hrs: 2.

Subcourse: SS0601
Title: Basic Circuits of Television Studio Equipment (Cameras and Audio).
Description: Maintenance and repair of basic television studio equipment. Information on several tasks which are performed at increasing levels of difficulty at Skill Levels 1, 2, and 3. MOS: 25R. Crd hrs: 5.

Subcourse: SS0602
Title: Application of TV Test Equipment.
Description: Maintenance and repair of television system equipment. Several tasks of MOS 25R are supported by this training on the use of test meters, oscilloscopes, grating generators, Dot Bar generators and the Video Sweep Marker Generator. MOS: 25R. Crd hrs: 6.

Subcourse: SS0603
Title: TV Audio Systems.
Description: Operation and maintenance of the audio systems found in a typical television studio. Areas include audio console, microphones, audio tape recorders, radio and line transmission, AM/FM characteristics, stereo phase procedures, electronic requirements of radio receivers, components of recording systems, audio speakers, cable and cords, and uses of basic measuring equipment. MOS: 25R. Crd hrs: 5.

Subcourse: SS0604
Title: Maintenance Fundamentals of 3/4–Inch Video Cassette Recorders.
Description: Theory and terminology of video recorders, the principles of helical scan recording, helical scan VCR circuits in record mode, the fundamentals of VCR playback circuits, and the fundamentals and operation of the audio and servo circuits of a helical scan VCR. MOS: 25R. Crd hrs: 4.

Subcourse: SS0605
Title: Logic Circuits and Devices.
Description: Basics of logic circuits, symbol identification, positive and negative logic, and the outputs of basic logic circuits. (Prerequisite: SS0391.) MOS: 25R. Crd hrs: 5.

Subcourse: SS0606
Title: Analyzing Color Video and Video Test Signals.
Description: The fundamentals of color used in television transmission, the identification of the four basic color bar test signals, and the identification of the five basic electronic television test signals. MOS: 25R. Crd hrs: 5.

Subcourse: SS0607
Title: The Principles of Television Studio Timing Systems.
Description: Tasks related to timing systems used in the studios. MOS: 25R. Crd hrs: 4.

Subcourse: SS0652
Title: Operating Through Radio Jamming and Deception.
Description: Principles of electronic jamming and deception; main types of jamming signals; measures established to protect telecommunications against interception and fraudulent transmissions. MOS: 31C. Crd hrs: 2.

Subcourse: SS0653
Title: Select Team Radio Site.
Description: How to select a team radio site under all weather conditions in a field or garrison location. Technical considerations, tactical considerations, and administrative and logistical considerations. MOS: 31C. Crd hrs: 3.

Subcourse: SS0655
Title: Supervise Operation of Team Within a Radio Net.
Description: Performing supervision skills in the operation of a team within a radio net. MOS: 31C. Crd hrs: 3.

Subcourse: SS0656
Title: Supervise Station/Net Duties and Inspect Station/Net Operation.
Description: Tasks related to the supervision of a radio team. MOS: 31C. Crd hrs: 2.

Subcourse: SS0657
Title: Direct Installation of Antennas.
Description: Supervisory tasks related to the requirements for installation of antennas. Select antenna sites, direct the installation of common high frequency (HF) antennas, and direct the construction and installation of field expedient HF antennas. MOS: 31C. Crd hrs: 2.

Subcourse: SS0710
Title: Install, Operate, and Perform Organizational Maintenance on Radio Sets AN/GRC–193, Part I.
Description: Identify the components and state the characteristics and capabilities; install, operate, and perform operator’s preventive maintenance checks and services. MOS: 31C. Crd hrs: 2.

Subcourse: SS0711
Title: Install and Perform Unit-Level Maintenance of 193A Radio Set (IHFR), Part II.
Description: Install or reinstall, evaluate operation, systems troubleshoot, and perform unit level preventive maintenance checks and service on Radio Set AN/GRC–193A. MOS: 31V. Crd hrs: 6.

Subcourse: SS0713
Title: Electrical/Electronic Safety.
Description: Identify safety precautions and procedures associated with electrical and electronic equipment. MOS: 31V. Crd hrs: 1.

Subcourse: SS0716
Title: Install, Operate, and Perform Organizational Maintenance on Radio Sets AN/PRC–104 and AN/GRC 213, Part I.
Description: Identify the components and state the characteristics and capabilities, install and operate, and perform operator’s preventive maintenance checks and services on Radio Sets AN/PRC–104 and AN/GRC–213. MOS: 31C. Crd hrs: 4.

Subcourse: SS0717
Title: Install and Perform Unit Level Maintenance on AN/PRC–104 and AN/GRC–213, Part II.
Description: Install or reinstall, evaluate operation, systems troubleshoot to a defective component, cable, or accessory, and perform unit level preventive maintenance checks and services on Radio Sets AN/PRC–104 and AN/GRC–213. MOS: 31V. Crd hrs: 4.

Subcourse: SS0719
Title: System Troubleshoot Radio Sets AN/VRC–64 and VRC–160 (Secure).
Description: Perform operation and equipment performance checks; items to be checked; switch bypass, matching unit and power, keying and continuous keying, audio, rush, speaker, squelch, muting, antenna mismatch, and forward and reflected power; checks on the KY–57 include alarm, cipher, and sidetone, instructions after repair. MOS: 31V. Crd hrs: 4.

Subcourse: SS0721
Title: Evaluate the Operation of Intercommunications Set AN/VRC–1(V).
Description: How to initially perform adjustments and presets on the system; verify installation of the set; identify faults found on the system and the proper recording of those faults. MOS: 31V. Crd hrs: 4.

Subcourse: SS0725
Title: System Troubleshoot to Corrective Action AN/VRC–12 Series Radio Set with COMSEC Equipment, Part I.
Description: How to system troubleshoot the different configurations of AN/VRC–12 series radio sets with COMSEC equipment. How to identify the defective circuit and, using the appropriate diagrams, trace the circuit, take voltage and continuity checks and identify the faulty components, cables, or accessories. Instructions on the proper corrective action to take once the problem has been identified and how to complete the proper maintenance forms. MOS: 31V Level I. Crd hrs: 15.

Subcourse: SS0726
Title: System Troubleshoot to Corrective Action AN/VRC–12 Series Radio Set with COMSEC Equipment, Part I.
Description: System troubleshooting AN VRC–12 series radio set with COMSEC equipment receiver-transmitter keying and muting circuit to a defective component, cable, or accessory; troubleshooting with no muting; troubleshooting the transmit signal path including transmit malfunction, voice modulation, and receiver-transmitter distance check; using the equipment performance checklist while troubleshooting; taking proper corrective action once the problem is found, and completing the proper maintenance forms. (Prerequisite: SS0725.) MOS: 31V Level I. Crd hrs: 10.
Title: Troubleshooting the Intercommunication Set AN/VIC–1(V) with Medium Power FM Radio and FM Radio and COMSEC Equipment (Vinson).

Description: How to identify the defective circuit and, using the system diagram provided, trace the circuit, take the voltage and continuity checks, and identify the faulty components, cable, or accessories; how to take proper corrective action once the problem is found and how to complete the proper maintenance forms. You must have access to the equipment to complete this subcourse. (Prerequisites: SS0721, SS0725, and SS0728.) MOS: 31V. Crd hrs: 25.

Subcourse: SS0732
Title: Radio Set AN/GRC–103(V).
Description: Description and system application of AN/GRC–103(V); layout of an antenna site and procedures for assembly, erection and disassembly of the antenna system used with the AN/GRC–103(V); function of controls and indicators and procedures for Band I tuning; procedures for performing daily, weekly, monthly and quarterly preventive maintenance. MOS: 31M. Crd hrs: 12.

Subcourse: SS0754
Title: Operate SINCGARS Single Channel.
Description: The Single Channel Ground and Airborne Radio System (SINCGARS) is a new family of FM combat net radios. This subcourse contains a systems overview and all the detailed illustrations for installing, connecting, operating in the single channel mode, and maintaining SINCGARS. How to properly operate SINCGARS radio sets to include manpack configuration in the single channel mode. You must have access to a SINCGARS (AN/PRC–119) to complete this subcourse. MOS: 31K. Crd hrs: 14.

Subcourse: SS0755
Title: Operate SINCGARS, Frequency Hopping Operations.
Description: Provide protection from interception, jamming, and deception using an electronic counter-countermeasure called frequency hopping. (Prerequisite: SS0754.) MOS: 31K. Crd hrs: 13.

Subcourse: SS9457
Title: Operator’s Installation, Operation, Maintenance, and Troubleshooting on SATCOM Radio Sets AN/PSC–3 and AN/VSC–7.
Description: Introduction to SATCOM Radio Sets AN/VSC–7 and AN/PSC–3 covering the installation, operation, maintenance and troubleshooting of these radio sets. Will enable you to accomplish these tasks at the operator/crew level. You must have access to the equipment to complete this subcourse. MOS: 31V10. Crd hrs: 8.

Subcourse: SS9713 (Proponent: Combined Arms Support Command)
Title: Receiver–Transmitter Radio RT–246/VRC and/or RT–524/VRC (SOJT).
Description: Troubleshooting the RT–246/VRC or RT–524/VRC, with practice exercises on troubleshooting problems at direct support level. You must have access to the equipment and components. MOS: 35E. Crd hrs: 6.

Subcourse: SS9736
Title: Organizational Troubleshooting of Radio Set AN/PRC–77 (SOJT).
Description: How to perform organizational maintenance tasks on Radio Set AN/PRC–77. You must have access to two complete Radio Sets AN/PRC–77 with accessories and one Test Set TS–2609/U to complete this subcourse. (Prerequisite: IS1133.) MOS: 31V. Crd hrs: 3.

Subcourse: SS9737 (Proponent: Combined Arms Support Command)
Title: Direct Support Troubleshooting and Alignment of Radio Set AN/PRC–77 (SOJT).
Description: Allows the learner to practice on troubleshooting and aligning problems at the direct support level. You must have RT–841/PRC–77, test equipment and additional equipment listed in para 3–3 of TM 11–5820–667–35 available for use. (Prerequisites: IS1133 and SS9736.) MOS: 35E. Crd hrs: 8.

Subcourse: SS9738 (Proponent: Combined Arms Support Command)
Title: General Support Alignment of RT–841/PRC–77 (SOJT).
Description: Procedures for aligning Radio Set AN/PRC–77, with a practice exercise for the learner to experience alignment problems. You must have access to a complete Radio Set AN/PRC–77 and test equipment (or equivalent) tools as listed in para 4–7 in TM 11–5820–667–35 to complete this subcourse. (Prerequisite: IS1133, SS9736, and SS9737.) MOS: 35E. Crd hrs: 4.

Subcourse: SS9743 (Proponent: Combined Arms Support Command)
Title: General Support Troubleshooting and Testing of Radio Set AN/GRC–106 (SOJT).
Description: Troubleshooting Receiver-Transmitter RT–662/GRC or RT–834/GRC and Amplifier Radio Frequency AM–3349/GRC–106, general support acceptability testing of AN/GRC–106, with practice exercise for the learner to experience troubleshooting and acceptability testing at GS level. You must have RT–662/GRC or RT–834/GRC and AM–3349/GRC–106 and test equipment available to complete this subcourse. (Prerequisite: MM0731.) MOS: 35E. Crd hrs: 12.

Subcourse: SS9782
Title: Operator’s Maintenance of Multiplexer Sets AN/FCC–100(V) and AN/FCC–100(V)IX.
Description: Basic requirements for maintenance of multiplexer set AN/FCC–100(V) at the operator’s level. Guidance on use of maintenance forms describes multiplexer set and lists important performance data. The instructions cover operation, testing and troubleshooting of the multiplexer set. You must have access to this equipment to complete this subcourse. MOS: 29V. Crd hrs: 10.

Subcourse: SS9783
Title: Organizational Maintenance of Multiplexer Set AN/FCC–100(V).
Description: Tasks related to maintenance of Multiplexer Set AN/FCC–100(V) at the organizational level. You must have access to this equipment to complete this subcourse. MOS: 29V. Crd hrs: 10.

**Subcourse: SS9803**
**Title:** Install the Automatic Switchboard Telephone SB–3614A(V)/TT.
**Description:** Assemble (set up), install terminal cards, set switches, install wire lines, and program the SB–3614A(V)/TT. You must have access to this equipment, components and tools to complete this subcourse. MOS: 36M. Crd hrs: 10.

**Subcourse: SS9804**
**Title:** Operate Switchboard Telephone SB–3614A(V)/TT (SOJT).
**Description:** Teaches skills and knowledge necessary to provide first-line communications with the SB–3614A in a battlefield environment. How to extend local, trunk, conference, and one-time precedence calls, and render operator assistance to subscribers. You must have access to equipment and appropriate tools to complete this subcourse. MOS: 36M. Crd hrs: 7.

**Subcourse: SS9805**
**Title:** Perform Operator/Unit Level Troubleshooting of Switchboard SB–3614A(V)/TT.
**Description:** Teaches skills and knowledge necessary to provide first-line communications with the SB–3614A in a battlefield environment. Identifying the problem by observing fault symptoms, isolating the fault using database diagnostic commands, substituting parts, and correcting the problem by database update. You must have access to equipment, spare parts, and proper tools to complete the practical exercise and receive credit for the subcourse. MOS: 36M. Crd hrs: 4.

**Subcourse: SS9806**
**Title:** Perform PMCS and Unit Maintenance of the Telephone SB–3614A(V)/TT.
**Description:** Troubleshooting SB–3614A(V)/TT for failures indicated by failure lamps caused by faulty PCB cards. Organizational level troubleshooting of operational and subscriber observed failures. You must have access to this equipment to complete this subcourse. (Prerequisites: SS9803, SS9804 and SS9805.) MOS: 36M. Crd hrs: 8.

**Subcourse: SS9807**
**Title:** Installation of the Automatic Telephone Central Office AN/TTC–41(V)2 (SOJT).
**Description:** Preparing this equipment for use, including introduction, grounding, connecting power, making signal connections, installation of storage battery, and installation of the equipment itself. You must have access to this equipment plus components to complete this subcourse. MOS: 36M. Crd hrs: 17.

**Subcourse: SS9808**
**Title:** Operation of the Automatic Telephone Central Office, AN/TTC– 41(V)2 (SOJT).
**Description:** Procedures to start up equipment, operate and perform the shutdown procedures. You must have access to the equipment, external power source, components and tools to complete this subcourse. MOS: 36M. Crd hrs: 12.

### Table 3–28
**Transportation subcourses (TR)**

**Subcourse: TR0603**
**Title:** Rail Operations Planning.
**Description:** General planning information; terminology; practical exercise in the computation of tonnage capacities and equipment, personnel, and supply requirements. AOC: 88A–E. Crd hrs: 15.

**Subcourse: TR0635**
**Title:** Military Train Operations.
**Description:** Standard code of railway operating rules and an explanation of pertinent railway terminology; types of trains, superiority of trains, and methods of train operation, including train order; timetable, Clearance Form 'A,' and the record of train movements; standard railway signals required for safe and efficient operation of rail equipment over a rail division. AOC: 88A–E; MOS: 88N/U/V/W. Crd hrs: 4.

**Subcourse: TR0636**
**Title:** Rail Operations, Yard.
**Description:** Mission, functions, and characteristics of rail yards and terminals; switching, classification, and building up of through and local trains; operating personnel and their duties; safe operating practices. MOS: 88U–W. Crd hrs: 11.

**Subcourse: TR0638**
**Title:** Rail Operations, Dispatching.
**Description:** Train dispatching principles, including methods of dispatch on single, double, and multiple lines; dispatching personnel, documentation, records, and communications; right and superiority of trains; forms of train orders and their interpretation. MOS: 88U–W. Crd hrs: 14.

**Subcourse: TR0640**
**Title:** Rail Operation, Theater.
**Description:** Problems of setting up a railway service; its relationship with other agencies; phases and procedures of operation in a theater. AOC: 88A–E; MOS: 88U/V/W. Crd hrs: 2.
Subcourse: TR0655
Title: Railway Rolling Stock.
Description: Railway cars; their types, wheels, axles, trucks, underframes, draft gear, couplers, airbrakes, handbrakes, and safety appliances. MOS: 88Q. Crd hrs: 11.

Subcourse: TR0656
Title: Diesel Electric Locomotives.
Description: Mechanical and electrical construction; maintenance and repair of engine, mechanical parts, and electrical system. MOS: 88S/U. Crd hrs: 8.

Subcourse: TR0660
Title: Military Railway Equipment.
Description: Familiarization with military railway equipment with emphasis on the knockdown fleet available for worldwide use. AOC: 88A–E; MOS: 88H/N. Crd hrs: 1.

Subcourse: TR0670
Title: Railway Track Maintenance I.
Description: Fundamentals of railway engineering, roadbed, and drainage; the elements of track and fastenings; ties and tie treatment and rail joints; problems associated with construction and maintenance. MOS: 88T. Crd hrs: 10.

Subcourse: TR0671
Title: Railway Track Maintenance II.
Description: Track rehabilitation; use of special tools and equipment; types of switches; crossovers; diverging track maintenance and installations; types and characteristics of curves; methods of maintaining by stringlining; highway grade crossings, guard rails, and seasonal maintenance; problems of ice and snow; large-scale destruction and rehabilitation of rail plants in theaters; maintenance-of-way programming and management. MOS: 88T. Crd hrs: 15.

Subcourse: TR0675
Title: Maintenance of Diesel Electric Locomotives and Rolling Stock.
Description: Nomenclature of railway equipment; maintenance requirements of diesel-electric locomotives and rolling stock, maintenance forms and records. MOS: 88Q/S. Crd hrs: 3.

Subcourse: TR0690
Title: Loading, Blocking, and Bracing on Rail Cars.
Description: Principles of loading, blocking, and bracing; pertinent rules, regulations, and publications; material requirements for blocking and bracing equipment on flatcars. AOC: 88A–E; MOS: 88H/K/L/M/N/V. Crd hrs: 3.

Subcourse: TR1009
Title: Obtain Security Escorts and Convoy Clearance, and Meet Security Requirements of Motor Transport Movements.
Description: Information on requesting security classification for motor movements to include checking warning and operations orders; unit SOP and contingency plan; the cargo list of documentation; coordinating motor transport escort and security requirements to include reviewing operations order; coordinating support and escorts for convoy; providing route of march, radio frequencies and call signs; ensuring adequate security measures for motor transport movements to include planning the location of security elements; coordinating matters pertaining to vehicle security; securing halt locations; employing security practices; establishing SP/RPs; notifying receiving units; reviewing the operations order; regulations to determine hazardous, dangerous, oversize, or overweight cargo reporting requirements; completing DD Forms 1266 (Request for Special Hauling Permit) and 626 (Motor Vehicle Inspection (Transporting Hazardous Materials)) and reviewing DD Form 836 (Dangerous Goods Shipping Paper/Declaration and Emergency Response Information of Hazardous Materials Transported by Government Vehicles/Containers/Vessels). AOC: 88A–E. Crd hrs: 4.

Subcourse: TR1022
Title: Preparation of the TCMD, the Shipment Planning Worksheet, and the Ocean Cargo Manifest Using MILSTAMP.
Description: Information on supervising the preparation of the DD Form 1384 (Transportation Control and Movement Document); checking the shipment planning worksheet; reviewing an ocean cargo manifest; and reviewing an ocean cargo manifest recapitulation or summary. AOC: 88A–E. Crd hrs: 6.

Subcourse: TR1025
Title: Review Tracing, Diversion, and Hold Documentation, and In-Transit Data/Performance Reports.

Subcourse: TR1029
Title: Supervise Hazardous Materials Handling and Establish a Nuclear Surety Program.
Description: Information on supervising hazardous materials handling to include identifying essential parts of CFR Title 49 and supervision of handling of hazardous materials on ocean vessels, motor vehicles and aircraft; establishing a Nuclear Surety Program to include preparing nuclear materials for shipment and ensuring personnel reliability throughout the Personnel Reliability Program. AOC: 88A–E. Crd hrs: 4.

Subcourse: TR1030
Title: Supervise the Land Transport of Hazardous Material.
Description: Information on supervising the loading of hazardous cargo; documenting, labeling and inspecting; placarding vehicles; inspecting loaded cargo; planning transport of cargo; informing carrier of security precautions; observing safety and security precautions. AOC: 88A–E. Crd hrs: 8.

Subcourse: TR2013
Title: Manage Materiel Movement Requirements.
Description: Theory of movement control, strategic, operational and tactical levels of movement control, movement control officer duties and responsibilities, transportation request process, coordinating the receipt of shipments, highway use scheduling and regulation, and coordination requirements for effective material movement. AOC: 88A–E. Crd hrs: 9.

Subcourse: TR2028
Title: Prepare Unit Rail Load Plans.
Description: Information on performing preplanning steps for a unit rail loadout; identifying the procedures and policies governing loading; computing railcar requirements and installation loading site track capability; determining the locking, bracing, and tie-down material requirements; and preparing the unit rail load plan. AOC: 88A–E. Crd hrs: 6.

Chapter 4
Nonconsolidated Activities Correspondence Courses
The courses listed in this chapter are administered by the individual activities. To enroll in these courses, follow instructions in the course listings.

Section I
U.S. Army Medical Department Center and School

4–1. General procedures
The U.S. Army Medical Department Center and School (AMEDDC&S) conducts its correspondence course program under guidelines shown in chapter 1. This section explains procedural differences.

4–2. Enrollment and reinstatement
a. Initial application for enrollment and subsequent application must be made at Internet site http://www.atrrs.army.mil/channels/selfdev/. A student may enroll in only one course, or one course and no more than five individual MD subcourses, at a time.

4–3. Internet Enrollment
a. Web site http://atrrs.army.mil contains a course catalog in the upper right corner. Enter School Code 555 to review course descriptions and prerequisites. Copy down the number and title for the course desired.

b. Return to the homepage. Click on SELF DEVELOPMENT to complete application for course desired.

4–4. Course completion requirement
The student’s enrollment begins on the date the academic record is established. The Notice of Enrollment and Program Requirements mailed to the student contains the enrollment date and the annual requirement. A student who is unable to meet this requirement must request an extension.

4–5. Termination
The AMEDDC&S will terminate an enrollment for the following reasons:

a. As requested by the student (voluntary withdrawal).

b. Completion of course or subcourse(s) requested.

c. Separation of the student from the Service or from Federal civilian employment.

d. Failure to request an extension of the annual requirement.

e. Failure to complete the annual requirement.

4–6. Copies of records
The Nonresident Instruction Branch can provide the student with a copy of his record to verify completed subcourses and courses.

a. Mail to student. When the copy is to be mailed to the student the request may be made telephonically.

b. Mail to third party. When the copy is to be mailed to a third party, the request must be made in writing and include the student’s signature.
4–7. Revision of subcourses

a. Subcourses on-line. MD subcourses are being converted to on-line instruction. The student studies at the Reimer Digital Library (Web address http://www.adtdl.army.mil/adtdls.htm) but completes the paper copy examination sent from the Nonresident Instruction Branch, AMEDDC&S.

b. When a subcourse is revised or deleted, information is placed in the Medical Soldiers OUTLOOK as to the last date on which the subcourse can be graded. This date cannot be extended. The Medical Soldiers OUTLOOK can also be found on the AMEDDC&S Web site, http://das.cs.amedd.army.mil/. Additional information concerning AMEDD correspondence courses and subcourses can be found at http://das.cs.amedd.army.mil/CC_HOME.HTM.

4–8. Certificates relative to assistance received

Although no longer required, the certificate signifies that answers recorded on the answer sheet are the student’s own work and that the student has not had access to copies of answer sheets or solutions. The certificate is not intended to preclude students from studying lesson assignments together; and it is not intended to prevent the student from discussing subject content with other student graduates, members of their unit, or other military personnel who may be able to help them with problems they encounter in studying the subcourse. On the contrary, such actions are encouraged.

4–9. Checking material

Every effort is made to ensure that subcourse packets are complete and accurate. However, the student should check each packet immediately on receipt and notify AMEDDC&S if material is missing, incomplete, or inaccurate. The subcourse number, edition, and title shown on the answer sheet must match that printed on the subcourse booklet/examination.

4–10. Counseling services

a. Counseling services pertaining to correspondence courses are available to assist prospective students in planning an appropriate course of study as well as to assist those currently or previously enrolled who have questions regarding their status. Mail should be addressed to Nonresident Instruction Branch, AMEDDC&S, ATTN: MCCS–HSN, 2105 11th Street Suite 4191, Fort Sam Houston, TX 78234–5064.

b. Telephone calls are accepted by counselors during the hours of 0700 to 1630 (central time), Monday through Friday. Collect calls will not be accepted. Telephone numbers are (210) 221–5877, DSN 471–5877, and toll-free 1–800–344–2380.

c. Inquiries are accepted by e-mail at accp@amedd.army.mil

d. Counseling regarding content and development of materials (not administration) may be addressed to Academy of Health Sciences, Multimedia Development Branch, ATTN: MCCS–HLD, 2250 Stanley Road Ste 326, Fort Sam Houston, TX 78234–6130. You may call with questions about development to DSN 471–7338 or commercial (210) 221–7338, or 1–800–531–1114, extension 17338.

e. Send Internet communications regarding content (not administration) to Richard.Barcus@amedd.army.mil or Don.Atkinson@amedd.army.mil.

4–11. Recommended medical academic preparation program (MAPP) for certain resident courses

AMEDD personnel expecting to attend certain courses in residence at the AMEDDC&S are strongly encouraged to ensure their academic preparation for the course by enrolling in the correspondence subcourses listed below well in advance of resident schooling. These resident courses are demanding and maximum preparation is very helpful.

b. MAPP for Operating Room Specialist Course (301–91D10). MD0006, MD0010, MD0540, MD0913, MD0923.

c. MAPP for Dental Specialist Course (330–91E10). MD0501, MD0510.

d. MAPP for Patient Administration Specialist Course (513–91G10) MD0010.

e. MAPP for Medical Laboratory Specialist Basic Course (311–91K10). Completion of MD0803 will satisfy high school subject prerequisites for attendance at the resident course. MD0803, MD0851, MD0853, MD0010, MD0900.

f. MAPP for Hospital Food Service Specialist (Basic) Course (800–91M10). MD0900, MD0879, MD0880.

g. MAPP for Radiology Specialist Course (313–91P10). MD0900, MD0950, MD0956.

h. MAPP for Pharmacy Specialist Course (312–91Q10). Completion of MD0802 and MD0803 will satisfy high school subject prerequisites for attendance at the resident course. MD0900, MD0010, MD0801, MD0802, MD0803.

i. MAPP for Preventive Medicine Specialist Course (322–91S10). MD0055, MD0900, MD0151, MD0803.

j. MAPP for Health Care Specialist Course (300–91W10). MD0010, MD0006, MD0007.

Note. This program does not fulfill Phase 1 requirements for Reserve Component MOS-qualifying courses.
4–12. Professional development program for commissioned officers of the AMEDD
   
a. In accordance with directives from DA, pure correspondence courses for officer basic and advanced level have been deleted.

   b. RC officers in SSI 67–series complete the OBC by resident 6–8–C20(MSC) OBC. Non–67 series AMEDD officers should attend the 6–8–C20 (RC) OBC.

c. Professional development courses for commissioned officers of the AMEDD are listed in paragraphs 4–13 through 4–16. Officer functional and skill progression courses are listed in paragraphs 4–17 through 4–21.

4–13. AMEDD Officer Advanced Course, Phase 1, 6–8–C22 (DL)

   a. Objective. To prepare AMEDD officers for command, leadership, and staff positions of greater responsibility throughout the AMEDD during periods of peace and/or hostilities. The course is not designed to increase technical skills, but rather to serve as a lasting framework for professional officer training.

   b. Eligibility.
      
      (1) Active and Reserve Components commissioned officers in grades first lieutenant and above and warrant officers in any AMEDD branch.

      (2) Must have credit for completion of an AMEDD Officer Basic Course.

      (3) Active duty officers must have a minimum of 4 years time in service or be in ILT(P) status. Request for waiver of this requirement can be sent to the following e-mail address: accp@amedd.army.mil.

      (4) Credit for an AMEDD Officer Advanced Course or equivalent precludes enrollment.

      (5) Requests by USAR and ARNG officers for constructive credit for or waiver of the OBC must be supported by evidence of military experience and/or training and must be sent through the Commander, AMEDDC&S, ATTN: MCCS–GRE (if USAR officer) or MCCS–GNG (if ARNG), 2250 Stanley Road Suite 238, Fort Sam Houston, TX 78234–6100.

   c. Curriculum. 2 phases. Phase 1 should be completed within one year of enrollment; both phases must be completed within 2 years of initial enrollment. RC students may request a 1–year waiver from AMEDDC&S with justification.

      (1) Phase 1. Correspondence program consisting of AMEDD branch specific instruction administered by the AMEDDC&S. Application is as shown in paragraphs 4–2 and 4–3 above.

         (a) 17 subcourses on interactive CDs.

         (b) Subcourses. MD0420, MD0482, IS7038, IS8720, MD0446, MD0447, MD0400, MD0478, MD0406, MD0407, MD0405, IS7033, MD0430, MD0431, MD0460, MD0408, MD0424.

      (2) Phase 2. Upon completion of phase 1, the officer will be awarded a letter of eligibility for phase 2 and the completion will be entered in ATRRS.

         (a) Active Component officers send a DA Form 3838 (Application for Professional Training) with a copy of the letter of eligibility to their Career Activities Officer who schedules phase 2 attendance.

         (b) Reserve Component officers send a copy of the letter of eligibility with application through normal command channels.

         (c) Phase 2 for AC officers is 9 weeks in residence at AMEDDC&S.

         (d) Phase 2 for RC officers is 2 weeks in residence at AMEDDC&S.

         (e) Class dates are shown on ATRRS under School Code 081 as course 6–8–C22 for AC and as course 6–8–C22(RC-OAC) for RC.

4–14. AMEDD Officer Branch Qualification Course (Basic) 081–C2OMS

   a. Objective. To provide commissioned officers transferring to the AMEDD with AMEDD–specific instruction normally presented in the resident AMEDD OBC.

   b. Eligibility. Commissioned officers who have transferred into, or are in the process of transferring into, an AMEDD officer corps and who have completed an officer basic course in a branch other than the AMEDD.

   c. Curriculum. 5 subcourses.

   d. Subcourses. MD0002, MD0004, MD0010, MD0029, MD0033.

4–15. AMEDD Officer Branch Qualification Course (Advanced) 081–C22MS

   a. Objective. To provide commissioned officers transferring to the AMEDD with AMEDD–specific instruction normally presented in the resident AMEDD OAC.

   b. Eligibility. Commissioned officers in the rank of first lieutenant or above who have transferred into, or are in the process of transferring into, the AMEDD and who have completed an officer advanced course in a branch other than AMEDD.

   c. Curriculum. 7 subcourses.
4–16. AMEDD Company Grade Precommand Course (081–E–30)
   a. Objective. To provide AMEDD officers with necessary administrative skills to function as a company or detachment commander.
   b. Eligibility. This course is open to AMEDD officers in the rank of major and below who have completed an OBC.
   c. Curriculum. 14 subcourses.
   d. Subcourses. MD0002, MD0478, MD0420, MD0339, MD0400, MD0406, MD0407, IS0788, IS8718, IS8719, IS1202, IS1803, IS1804, RR0003.

4–17. Patient Administration/Associate Healthcare Administrator Course, 7M–F3(RC)(DL)
   a. Objective. For AMEDD Medical Service Corps (MSC) Reserve Component officers who meet prescribed prerequisites, this course provides a short-course alternative to the resident Patient Administration/Associate Healthcare Administrator Course (7M–F3).
   b. Eligibility. Nonactive duty RC commissioned MSC officers in the rank of major or below whose actual or anticipated assignment is to patient administration or healthcare administration duties. Must have completed, or received credit for, the AMEDD MSC OBC, 6–8–C20 MSC, or its equivalent.
   c. Administration.
      (1) Unit must make application for the correspondence phase 1 under ATRRS School Code 081.
      (2) Upon completion of instruction comprising phase 1, the student is issued a letter of eligibility for use in applying, through normal command channels, for active duty for the purpose of attending phase 2.
      (3) Upon completion of phase 2, a diploma for the 7M–F3 (RC) Course is awarded.
      (4) Award of AOC 70E67 or AOC 70A67 is authorized upon completion of phase 2 and 12 months on-the-job experience (OJE) as a 70E67, patient administrator or as a 70A67, healthcare administrator. OJE will consist of a minimum of 48 unit training assemblies and a 14–day annual training (AT) period in a normal training year. The AT period may be unit training or counterpart training in a 70E67 position. Upon completion of this OJE period, application for award of 70E67/70A67 may be made under DA Pam 611–21. USAR should write to Commander, ARPERCEN, ATTN: DAR–OPM–P, 9700 Page Avenue, St. Louis, MO 63132–5260. ARNG should go through the appropriate State Adjutant General.
   d. Curriculum. 2 phases. Phase 1 must be completed before reservation for phase 2 can be made.
      (1) Phase 1. Correspondence.
         (a) 9 subcourses.
         (b) Subcourses. MD0320, MD0321, MD0322, MD0328, MD0329, MD0333, MD0334, MD0335, MD0339.
      (2) Phase 2. 2 weeks resident training at the AMEDDC&S. Class dates are shown on ATRRS.

4–18. Medical Logistics Management Reserve Component Course, 8B–F20(RC)(DL)
   a. Objective. For AMEDD MSC RC officers who meet prescribed prerequisites, this course offers a training program leading to the award of AOC 70K67.
   b. Eligibility. Nonactive duty RC commissioned MSC officers in the rank of major or below (to include warrant officers with AOC 670A) with actual or anticipated assignment as a health service material officer. Grade restriction may be waived by the course director. Request for waiver must accompany DA Form 145. Must have completed or received credit for the AMEDD MSC OBC, 6–8–C20, or its equivalent.
   c. Administration.
      (1) Unit must make application for the correspondence phase 1 under ATRRS School Code 081.
      (2) Upon completion of the instruction comprising phase 1, the student is issued a letter of eligibility for use in applying, through normal command channels, for active duty for the purpose of attending phase 2.
      (3) Upon completion of phases 1 and 2, a diploma for the 8B–F20 (RC) Course is awarded.
      (4) Award of AOC 70K67 is authorized on completion of phase 2 and 12 months OJE acquired by performing those duties normally associated with a 70K67 health services material officer. OJE will consist of a minimum of 48 unit training assemblies and a 14–day AT period in a normal training year. The AT period may be unit training or counterpart training in a 70K67 position. Upon completion of this OJE period, application for award of 70K67 may be made under DA Pam 611–21. USAR should write to Commander, ARPERCEN, ATTN: DAR–OPM–P, 9700 Page Avenue, St. Louis, MO 63132–5260. ARNG should go through the appropriate State Adjutant General.
   d. Curriculum. 2 phases. Phase 1 must be completed before reservation for phase 2 can be made.
      (1) Phase 1. Correspondence.
         (a) 9 subcourses.
         (b) Subcourses. MD0320, MD0321, MD0322, MD0328, MD0329, MD0333, MD0334, MD0335, MD0339.
      (2) Phase 2. 2 weeks resident training at the AMEDDC&S. Class dates are shown on ATRRS.
4–19. Emergency Medicine Physician Assistant Basic Studies Course 081–EMPA

a. Objective. To direct the physician assistant towards the level of professional competence required to function in the area of medical treatment. The EMPA Correspondence Course is designed as an independent study program. The course is not intended as a comprehensive program of study, but as a basic introduction to the specialty of emergency medicine. A certificate of completion is awarded upon completion of the EMPA Course.

b. Eligibility. Enrollment is available to the Active and Reserve physician assistants of all U.S. armed services and Federal agencies. Affiliation with the American Association of Physician Assistants is required for nonmilitary enrollees.

c. Curriculum. This course includes 12 examinations. Upon completion, 50 Category I CME hours will be awarded by the American Academy of Physician Assistants.

d. Examinations. MD0071, MD0072, MD0073, MD0074, MD0075, MD0076, MD0077, MD0078, MD0079, MD0080, MD0081, MD0082.

4–20. Introduction to Orthopaedic Surgery for Physician Assistants 081–OSPA

a. Objective. For the physician assistant who is serious in obtaining and pursuing an educational knowledge base in orthopaedic surgery. The course is designed for the physician assistant who (1) desires a more in-depth knowledge base in orthopaedics and orthopaedic surgery, or (2) desires to pursue the orthopaedic physician assistant residency.

b. Eligibility. Enrollment is available to the Active and Reserve physician assistants of all U.S. armed services and federal agencies. Affiliation with the American Association of Physician Assistants is required for nonmilitary enrollees.

c. Curriculum. This course includes 12 examinations. Upon completion, 50 Category I CME hours will be awarded by the American Academy of Physician Assistants.

d. Examinations. MD0091, MD0092, MD0093, MD0094, MD0095, MD0096, MD0097, MD0098, MD0099, MD0100, MD0101, MD0102.

a. Objective. To direct the physician assistant toward the level of professional competence required to function in the area of orthopaedic treatment. This course is designed as an independent study program. The course is not intended as a comprehensive program of study, but as a review for the physician assistant in the basics of orthopaedics. A certificate is awarded upon completion of the course.

b. Eligibility. Enrollment is available to the Active and Reserve physician assistants of all U.S. armed services and federal agencies. Affiliation with the American Association of Physician Assistants is required for nonmilitary enrollees.

c. Curriculum. This course includes six examinations. Upon completion, 18 Category II CME hours will be awarded by the American Academy of Physician Assistants.

d. Examinations. MD0111, MD0112, MD0113, MD0114, MD0115, MD0116.

4–22. Skill Progress Correspondence Courses for Medical Enlisted Personnel

a. Objective. Courses in the following paragraphs provide instruction that will assist in achieving and maintaining MOS proficiency in medical enlisted career fields. They may be used in conjunction with appropriate training schedules to supplement on-the-job training in the student’s unit. They may serve as refresher instruction for students currently qualified in medical enlisted MOS. Completion of a correspondence course does not, in itself, result in the awarding of an MOS. (See AR 600–200 and DA Pam 611–21.)

b. Eligibility. Enlisted personnel of all components of the U.S. Army who hold an AMEDD MOS 91– series or MOS 18D. For courses that do not include a specific prerequisite, the applicant must send justification on which to base a waiver of this eligibility requirement to e-mail address accp@amedd.army.mil. Officer personnel, members of
other branches of the Armed Forces, and civilian employees will be considered for eligibility when the requested instruction is job related.

4–23. Combat Lifesaver Enhancement Course 081–ENHANC
   a. Objective. To provide enhancement training for combat lifesavers.
   b. Eligibility. Personnel listed in paragraph 1–6 who have also completed the Combat Lifesaver Course.
   c. Curriculum. 8 subcourses.
   d. Subcourses. MD0010, MD0532, MD0554, MD0533, MD0547, MD0534, MD0548, MD0001.

4–24. Special Operations Medical Sergeant Preparatory Course 081–18DPREP
   a. Objective. To prepare students who will attend the resident Special Operations Medical Sergeant (MOS 18D) course.
   b. Eligibility. See paragraph 4–22b. Also available to personnel who hold an MOS in CMF 18.
   c. Administration. Prospective enrollees are reminded that this correspondence course does not replace or substitute for the resident course for Special Operations Medical Sergeant. Students who enroll in this course are strongly urged to also enroll in the subcourses dealing with military subjects related to Special Operations.
   d. Curriculum. 12 subcourses.
   e. Subcourses. MD0010, MD0851, MD0006, MD0007, MD0152, MD0532, MD0564, MD0900, MD0803, MD0801, MD0802, MD0913.

4–25. Special Operations Medical Sergeant Sustainment Course 081–18D
   a. Objective. To provide sustainment training to graduates of the resident 18D course.
   b. Eligibility. See paragraph 4–22b. Also available to personnel who hold an MOS in CMF 18.
   c. Curriculum. 29 subcourses.
   d. Subcourses. MD0852, MD0853, MD0838, MD0845, MD0846, MD0856, MD0841, MD0842, MD0535, MD0151, MD0170, MD0171, MD0172, MD0548, MD0703, MD0722, MD0933, MD0905, MD0916, MD0917, MD0918, MD0919, MD0501, MD0511, MD0804, MD0805, MD0806, MD0807, MD0808.

4–26. Medical Equipment Repairer, Unit Level, Sustainment Course 081–91A10
   a. Objective. To provide sustainment training in maintaining and repairing medical equipment.
   b. Eligibility. Must hold MOS 91A or NEC or AFSC equivalent.
   c. Curriculum. 18 subcourses.
   d. Subcourses. MD0351, MD0353, MD0354, MD0355, MD0356, MD0357, MD0358, MD0359, MD0361, MD0362, MD0363, MD0365, MD0366, MD0367, MD0368, MD0370, MD0371, MD0373.

4–27. Medical Equipment Repairer, Advanced, Sustainment Course 081–91A30
   a. Objective. To provide sustainment training in maintaining and repairing medical equipment.
   b. Eligibility. Must hold MOS 91A or NEC or AFSC equivalent.
   c. Curriculum. 4 subcourses.
   d. Subcourses. MD0381, MD0383, MD0387, MD0388.

4–28. Operating Room Specialist Sustainment Course 081–91D
   a. Objective. To provide instruction in anatomy, surgical procedures, and other skills and knowledge needed by the operating room specialist.
   b. Eligibility. See paragraph 4–22b.
   c. Curriculum. 12 subcourses.
   d. Subcourses. MD0010, MD0923, MD0006, MD0540, MD0933, MD0935, MD0927, MD0928, MD0937, MD0905, MD0913, MD0532.

4–29. Dental Specialist Sustainment Course 081–91E
   a. Objective. To provide instruction in anatomy, oral pathology, radiography, using dental instruments and materials, and other skills and knowledge needed by the dental specialist.
   b. Eligibility. See paragraph 4–22b.
   c. Curriculum. 10 subcourses.
   d. Subcourses. MD0510, MD0501, MD0502, MD0503, MD0508, MD0509, MD0511, MD0512, MD0513, MD0532.

4–30. Dental Laboratory Specialist Sustainment Course 081–91EN5
   a. Objective. To provide instruction in basic dental laboratory procedures and in fabrication of complete dentures, removable partial dentures, and fixed prostheses.
b. Eligibility. See paragraph 4–22b.
c. Curriculum. 6 subcourses.
d. Subcourses. MD0501, MD0504, MD0505, MD0506, MD0507, MD0508.

4–31. Patient Administration Specialist Sustainment Course 081–91G
   a. Objective. To provide instruction in basic patient administration procedures.
   b. Eligibility. See paragraph 4–22b.
   c. Curriculum. 7 subcourses.
   d. Subcourses. MD0010, MD0750, MD0751, MD0752, MD0753, MD0754, MD0755.

   a. Objective. This course provides enlisted personnel who meet prescribed prerequisites with a working knowledge of basic patient administration procedures.
   b. Eligibility. Nonactive duty RC enlisted personnel whose actual or anticipated assignment is to patient administration specialist (MOS 91G) duties. Must have achieved a standard score of 95 or higher in aptitude area CL. Personnel are subject to requirements for service time remaining, as governed by NGR 350–1 and AR 135–200.
   c. Administration. Unit must make application for the correspondence phase 1 under ATRRS School Code 081. Upon completion of instruction comprising phase 1, the student is issued a letter of eligibility for use in applying, through normal command channels, for active duty for the purpose of attending phase 2. Upon completion of phase 2, a diploma for the 513–91G10(RC)(DL)Course is awarded. MOS 91G10 will be awarded under DA Pam 611–21.
   d. Curriculum. 2 phases. Phase 1 must be completed before reservations for phase 2 can be made.
      (1) Phase 1. Correspondence.
         (a) 7 subcourses.
         (b) Subcourses. MD0010, MD0750, MD0751, MD0752, MD0753, MD0754, MD0755.
      (2) Phase 2. Two weeks resident instruction at AMEDDC&S. Class dates are shown on ATRRS.

4–33. Medical Laboratory Specialist Sustainment Course 081–91K
   a. Objective. To provide instruction on clinical chemistry, urinalysis, hematology, serology, bacteriology, parasitology, and other skills and knowledge needed by the medical laboratory specialist.
   b. Eligibility. See paragraph 4–22b.
   c. Curriculum. 21 subcourses.
   d. Subcourses. MD0010, MD0837, MD0851, MD0852, MD0853, MD0857, MD0838, MD0845, MD0846, MD0856, MD0841, MD0842, MD0055, MD0859, MD0861, MD0862, MD0863, MD0864, MD0865, MD0866, MD0532.

4–34. Blood Donor Center Operations Course 311–M4(DL)
   a. Objective. This course provides the skills and knowledge necessary to be awarded ASI M4.
   b. Eligibility. Active Army personnel in grades E–5 (non-promotable) and below and Reserve Component enlisted personnel in grades E–6 and below who have graduated from the 311–91K10 Medical Laboratory Specialist Course and who hold MOS 91K.
   c. Administration. Unit must make application for the correspondence phase 1 under ATRRS School Code 081. Upon completion of phase 1, the student is issued a letter of eligibility for use in applying, through normal command channels, for the 2–week phase 2. Upon completion of phase 2, a diploma for the course is awarded. The ASI M4 is awarded under DA Pam 611–21.
   d. Curriculum. 2 phases. Phase 1 must be completed before attending phase 2.
      (1) Phase 1. Correspondence.
         (a) 2 subcourses.
         (b) MD0867, MD0868.
      (2) Phase 2. Two weeks resident instruction at MEDDACs and MEDCENs. Class dates are shown on ATRRS.

4–35. Hospital Food Service Specialist Basic Sustainment Course 081–91M10
   a. Objective. To provide instruction in preparing dietary records and forms, planning meals, evaluating nutritional values of meals, serving food, and other skills and knowledge needed by the basic hospital food specialist.
   b. Eligibility. See paragraph 4–22b.
   c. Curriculum. 7 subcourses.
   d. Subcourses. MD0878, MD0881, MD0887, MD0880, MD0882, MD0885, MD0884.

4–36. Hospital Food Service Specialist (Basic) Reserve Component Course, 800–91M10(RC)(DL)
   a. Objective. This course provides enlisted personnel who meet prescribed prerequisites with skills enabling them to perform basic clinical dietetics, food preparation, and food service procedures in a mobile or fixed Army hospital.
b. **Eligibility.** Nonactive duty RC personnel who have successfully completed 92G training. Must have a score of 100 or higher in aptitude area OF (operator and food). Personnel are subject to requirements for service time remaining, as governed by NGR 350–1 and AR 135–200.

c. **Administration.** This course consists of two phases, including a comprehensive examination on phase 1. Unit must make application for the correspondence phase 1 under ATRRS School Code 081. Upon completion of phase 1, the student is issued a completion letter stating eligibility to take the comprehensive examination administered by the unit Test Control Officer (TCO). The comprehensive examination is sent to the unit TCO when the Nonresident Instruction Branch, AMEDDC&S, receives the TCO’s address information. Upon successful completion of the examination, the student is issued a letter of eligibility to use in applying for active duty for the purpose of attending phase 2, and completion of phase 1 is entered in ATRRS. Upon successful completion of phase 2, a diploma for the course is awarded. The MOS 91M is awarded under DA Pam 611–21. Phase 1 and the comprehensive examination must be completed before reservation for phase 2 can be made.

d. **Curriculum.** 2 phases.
   (1) **Phase 1.** Correspondence.
      (a) **Subcourses.** MD0878, MD0881, MD0887, MD0880, MD0882, MD0885, MD0884.
      (b) **Examination.**
   (2) **Phase 2.** Two weeks resident training at AMEDDC&S. Class dates are shown on ATRRS.

4–37. **Hospital Food Service Specialist Advanced Course 081–91M30**
   a. **Objective.** To provide instruction in food service administration, preparing special diets, and other skills and knowledge needed by the advanced hospital food service specialist.
   b. **Eligibility.** See paragraph 4–22b.
   c. **Curriculum.** 8 subcourses.
   d. **Subcourses.** MD0900, IS0788, MD0972, MD0973, MD0978, MD0979, MD0980, MD0520.

4–38. **Radiology Specialist Sustainment Course 081–91P;**
   a. **Objective.** To provide instruction in anatomy, electrical circuits, fluoroscopy, radiographic procedures, film processing, and other skills and knowledge needed by the radiology specialist.
   b. **Eligibility.** See paragraph 4–22b.
   c. **Curriculum.** 20 subcourses.
   d. **Subcourses.** MD0064, MD0010, MD0006, MD0532, MD0520, MD0057, MD0058, MD0062, MD0066, MD0067, MD0902, MD0903, MD0950, MD0952, MD0954, MD0956, MD0959, MD0960, MD0961, MD0962.

4–39. **Pharmacy Specialist Sustainment Course 081–91Q**
   a. **Objective.** To provide instruction in chemistry, pharmacology, dispensing, and other skills and knowledge needed by the pharmacy specialist.
   b. **Eligibility.** See paragraph 4–22b.
   c. **Curriculum.** 16 subcourses.
   d. **Subcourses.** MD0900, MD0010, MD0801, MD0802, MD0803, MD0804, MD0805, MD0806, MD0807, MD0808, MD0809, MD0810, MD0811, MD0812, MD0813, MD0532.

4–40. **Veterinary Food Inspection Specialist Basic Sustainment Course 081–91R10**
   a. **Objective.** To sustain instruction in inspecting subsistence and other skills and knowledge needed by the basic veterinary food inspection specialist.
   b. **Eligibility.** See paragraph 4–22b.
   c. **Curriculum.** 13 subcourses.
   d. **Subcourses.** MD0900, MD0702, MD0694, MD0705, MD0708, MD0703, MD0710, MD0711, MD0712, MD0713, MD0714, MD0715, MD0717.

4–41. **Veterinary Food Inspection Specialist Basic Reserve Component Course, 321–91R10(RC)(DL)**
   a. **Objective.** This course provides the basic skills and knowledge required by a veterinary food inspection specialist at the entry level of the 91R MOS.
   b. **Eligibility.** Nonactive duty, prior service RC enlisted personnel who possess MOS 91R. The rank of specialist/corporal or below; request for waiver must accompany DA Form 145 for enrollment. Aptitude score of 95 or higher in ST. Good near vision and normal color perception and olfactory senses. Good eye-hand coordination. Meet physical and mental standards set forth in DA Pam 611–21. Have high school diploma or GED equivalent; have high school-level courses in general science or chemistry and mathematics, or attain a standard score of 45 or higher on GED test 5. No record which reflects against the individual’s character, honesty, or integrity. Possess or qualify for a food
handler’s certificate. No security clearance is required. Service time remaining on completion of this course is as follows: RC personnel are subject to service time remaining as governed by NGR 350–1 and AR 135–200.

c. Administration. Unit must make application for the correspondence phase 1 under ATRRS School Code 081. On completion of the instruction comprising phase 1, the student is issued a letter of eligibility for use in applying, through normal command channels, for active duty for the purpose of attending phase 2. On completion of phase 2, a diploma for the 321–91R10 (RC) Course is awarded. MOS 91R10 is awarded under DA Pam 611–211. Phase 1 must be completed before reservation for phase 2 can be made.

d. Curriculum. 2 phases. Phase 1 must be completed before attending phase 2.

(1) Phase 1. Correspondence.

(a) 13 subcourses.

(b) Subcourses. MD0900, MD0702, MD0694, MD0705, MD0708, MD0703, MD0710, MD0711, MD0712, MD0713, MD0714, MD0715, MD0717.

(2) Phase 2. Two weeks resident instruction at AMEDDC&S. Class dates are shown on ATRRS.

4–42. Veterinary Food Inspection Specialist Preparatory Advanced Course 081–91R20

a. Objective. To provide instruction in inspection procedures and other subjects in order to prepare prospective students for the resident AMEDD NCO Basic Noncommissioned Officer Course (BNCOC) 6–8–C40 (91R technical training).

b. Eligibility. See paragraph 4–22b. Completion of the Veterinary Food Inspection Specialist Basic Sustainment (91R10) correspondence course or resident course is recommended.

c. Curriculum. 4 subcourses.

d. Subcourses. MD0722, MD0723, MD0726, MD0728.

4–43. Preventive Medicine Specialist Sustainment Course 081–91S

a. Objective. To provide instruction in sanitation, environmental health inspections, pest control, and other skills and knowledge needed by a preventive medicine specialist.

b. Eligibility. See paragraph 4–22b.

c. Curriculum. 20 subcourses.

d. Subcourses. MD0055, MD0150, MD0900, MD0803, MD0151, MD0152, MD0160, MD0161, MD0162, MD0164, MD0165, MD0166, MD0170, MD0173, MD0171, MD0172, MD0174, MD0180, MD0181, MD0182.

4–44. Preventive Medicine Specialist Reserve Component Course, 322–91S10(RC)(DL)

a. Objective. This course provides enlisted personnel who meet prescribed prerequisites with basic technical skills and knowledge required to perform environmental health duties in field units and preventive medicine activities.

b. Eligibility. Nonactive duty RC enlisted personnel whose actual or anticipated assignment is to preventive medicine specialist (MOS 91S10) duties. Must have achieved a standard score of 95 or higher in aptitude area GT or ST. Must meet physical and mental requirements set forth in DA Pam 611–21. RC personnel are subject to requirements for service time, as governed by NGR 350–1 and AR 135–200.

c. Administration. Unit must make application for the correspondence course phase 1 under ATRRS School Code 081. Upon completion of phase 1, the student is issued a completion letter stating eligibility to take the comprehensive examination administered by the unit Test Control Officer (TCO). The comprehensive examination is sent to the unit TCO when the Nonresident Instruction Branch, AMEDDC&S, receives the TCO’s address information. Upon successful completion of the examination, the student is issued a letter of eligibility to use in applying for active duty for the purpose of attending phase 2. The phase 1 completion is entered in ATRRS. Upon successful completion of phase 2, a diploma for the course is awarded. MOS 91S10 will be awarded under DA Pam 611–21, chapter 2. Phase 1 and the comprehensive examination must be completed before reservation for phase 2 can be made.

d. Curriculum. 2 phases.

(1) Phase 1. Correspondence.

(a) 20 subcourses.

(b) Subcourses. MD0055, MD0150, MD0900, MD0803, MD0151, MD0152, MD0160, MD0161, MD0162, MD0164, MD0165, MD0166, MD0170, MD0173, MD0171, MD0172, MD0174, MD0180, MD0181, MD0182.

(2) Phase 2. Two weeks resident instruction at AMEDDC&S. Class dates are shown on ATRRS.

4–45. Animal Care Specialist Sustainment Course 081–91T10/20

a. Objective. To provide instruction on anatomy, diseases, and treatment of military working dogs and other skills and knowledge needed by the animal care specialist.

b. Eligibility. See paragraph 4–22b.

c. Curriculum. 15 subcourses.
d. Subcourses. MD0010, MD0780, MD0781, MD0782, MD0904, MD0856, MD0790, MD0842, MD0853, MD0857, MD0852, MD0789, MD0954, MD0794, MD0795.

4–46. Respiratory Specialist Preparatory Course 081–91V

a. Objective. To provide preparation for Active and Reserve Component students planning to attend the Respiratory Specialist Course (300–91V10). Students are strongly encouraged to complete the preparatory course prior to attending the resident course.

b. Eligibility. Enlisted personnel of the U.S. Army planning to attend the Respiratory Specialist Course (300–91V10). See paragraph 4–22b.

c. Curriculum. 5 subcourses.

d. Subcourses. MD0006, MD0010, MD0803, MD0900, MD0904.

4–47. Medical Health Care Specialist Sustainment Course 081–91W10

a. Objective. To provide instruction in basic emergency medical treatment and basic patient care skills.

b. Eligibility. See paragraph 4–22b.

c. Curriculum. 24 subcourses.

d. Subcourses. MD0010, MD0006, MD007, MD0900, MD0531, MD0532, MD0534, MD0537, MD0535, MD0554, MD0553, MD0001, MD0556, MD0540, MD0542, MD0547, MD0548, MD0549, MD0550, MD0552, MD0553, MD0920, MD0913, MD0520.

4–48. Health Care NCO Sustainment Course 081–91W20/30

a. Objective. To provide sustainment training for medical tasks in the AMEDD NCO Basic Course (BNCOC), 6–8–C40 (91W).

b. Eligibility. See paragraph 4–22b.

c. Curriculum. 24 subcourses.

d. Subcourses. MD0033, MD0560, MD0564, MD0568, MD0569, MD0571, MD0572, MD0574, MD0575, MD0576, MD0577, MD0579, MD0580, MD0581, MD0582, MD0583, MD0584, MD0586, MD0587, MD0588, MD0589, MD0933, MD0008, MD0171.

4–49. Practical Nurse ASI Preparatory Course 081–WM6PREP

a. Objective. To prepare prospective students for the ASI M6 resident course by enhancing their knowledge of medical and nursing subjects.

b. Eligibility. See paragraph 4&ndash22b

c. Curriculum. 3 subcourses.

d. Subcourses. MD0910, MD0904, MD0520.

4–50. Practical Nurse ASI Sustainment Course 081–91WM6

a. Objective. To provide sustainment training for those personnel already qualified in MOS 91WM6.

b. Eligibility. See paragraph 4&ndash22b. Completion of the 91WM6 resident course is recommended.

c. Curriculum. 11 subcourses.

d. Subcourses. MD0905, MD0906, MD0915, MD0916, MD0917, MD0918, MD0919, MD0921, MD0922, MD0913, MD0029.

4–51. Field Sanitation Team Certification Course

a. General Information.

(1) The Field Sanitation Team Certification Course is available only through group enrollment. It is not available through School Code 555. To establish this group enrollment, AMEDDC&S must receive the following:

(a) A letter requesting the Course Manager’s Plan/Instructor Manual and the instructional support materials. The letter should state the unit’s requirement for conducting the training and identify the proposed course manager and the primary instructor(s). (The course manager should be a commissioned officer, AOC 60C, 68G, 68N, or 68P, and the instructor should be a noncommissioned officer, preferably a 91S.) The letter should be sent to the Nonresident Instruction Branch, AMEDDC&S. After this letter is received by the AMEDDC&S, the course manager’s plan/instructor manual and the instructional support materials (slides) will be shipped to the course manager.

(b) Quarterly requirements must be sent at least 30 days prior to start of each quarter to the Nonresident Instruction Branch. Upon receipt of the quarterly request, subcourse MD0153 and examinations are mailed to the course manager. The roster entitled “Official Registration and Gradesheet” is included in the course manager’s plan. The roster must be completed and readable in order to create the students’ academic records and to issue course completion certificates. The gradesheet must be mailed to the Nonresident Instruction Branch, AMEDDC&S.

(2) A student may be enrolled in another AMEDD correspondence course (or in an AMEDD correspondence course
and up to five individual MD subcourses) while enrolled in the Field Sanitation Team Certification Course. The Field Sanitation Team Certification Course is the only exception to paragraph 4–2c.

b. Objective. To provide the training required for a soldier to be certified as a member of a field sanitation team.

c. Eligibility. Students will be selected by their unit commander to attend the group study program.

d. Curriculum. Forty hours of classroom instruction, a student subcourse (MD0153, FST Certification Training), and a proctored examination consisting of 50 questions. The examination is graded by the instructor and a pass or fail score is reported to the Nonresident Instruction Branch. Two versions of the examination are provided with the package. If a student fails the first examination, he/she may be given the alternate version at a later time set by the instructor.

e. Additional information. For additional information, call Nonresident Instruction Branch, AMEDDC&S, DSN 471–5877, toll free 1-800-344-2380, or Commercial (210) 221–5877.

4–52. Individual subcourses for the U.S. Army Medical Department Center and School

Table 4–1 contains subcourses for the U.S. Army Medical Department Center and School. Applications for individual MD subcourses may be made at Internet site http://www.attrs.army.mil. Only MD numbered subcourses will be shipped as individual subcourses. Subcourses other than MD subcourses listed in previous paragraphs are reserved for students enrolled in courses. Certain subcourses listed in table 4–1 are not available for individual enrollment; that is, you must enroll in the course to which they belong.

</table>

Subcourse: MD0002

| Title: | Health Service Support in a Theater of Operations. |
| Description: | Army forces within a theater; organization of a division; medical support of divisions, corps, and the communications zone; and aeromedical evacuation. Crd hrs: 14. |

Subcourse: MD0004

| Title: | Organization and Functions of the Army Medical Department. |
| Description: | Mission and composition of the Army Medical Department; organization of medical centers and Medical Department activities; and the histories and functions of the six officer medical corps. Crd hrs: 10. |

Subcourse: MD0006

| Title: | Basic Human Anatomy. |
| Description: | Introduction to basic human anatomy. Tissues of the body. Structures and structural relationships within the following human systems: integumentary and fascial, skeletal, muscular, digestive, respiratory, urogenital, cardiovascular, lymphatic, endocrine, and nervous systems. MOS: 91W10/D/P/V, 18D. Crd hrs: 26. |

Subcourse: MD0007

| Title: | Basic Human Physiology. |

Subcourse: MD0008

| Title: | Introduction to Military Preventive Medicine. |
| Description: | Disease problems of military units and preventive medicine resources in field operations and fixed installations; medical aspects of water supply and principles of water purification; waste disposal procedures for military units; field water purification and waste disposal procedures; and improvised field sanitary devices. MOS: 91W20. Crd hrs: 14. |

Subcourse: MD0010

| Title: | Basic Medical Terminology. |
| Description: | A study of basic medical terms. A programmed text defining the most common stems, prefixes, and suffixes used to build a medical vocabulary. MOS: 91W10/D/G/K/P/Q/T/V, 18D. AOC: 70E67. Crd hrs: 5. |

Subcourse: MD0029

| Title: | Introduction to Medical Logistics Management. |
| Description: | Basic principles and organization for medical supply; the Federal Supply Catalog and other medical supply publications; property control at unit/organization level. MOS: 91WM6. Crd hrs: 9. |

<tr>
<td>Army Preventive Medicine Units, Organizations, and Activities</td>
<td>Organization of the Army Medical Department; the Army Preventive Medicine Program; organization of preventive medicine in the field and at MEDDACs and MEDCENs; agencies offering support services to the Army Preventive Medicine Program. MOS: 91S.</td>
<td>4</td>
</tr>
<tr>
<td>Principles of Epidemiology and Microbiology</td>
<td>Introduction to disease transmission; basic terminology and principles of epidemiology; fundamentals of microbiology; structure of the cell; morphology and physiology of bacteria, viruses, rickettsiae, fungi, protozoa, and helminths; practical application of microbiology in environmental health. MOS: 91S, 18D.</td>
<td>5</td>
</tr>
<tr>
<td>Diseases of Military Importance</td>
<td>Epidemiology, prevention, and control of selected diseases of military importance; prevention of injuries due to environmental extremes; the Army immunization program. MOS: 91S, 18D.</td>
<td>20</td>
</tr>
<tr>
<td>Field Sanitation Team (FST) Certification Course</td>
<td>In accordance with AR 40–5, each TOE unit must have at least two individuals appointed by the unit commander and trained in field sanitation. The Field Sanitation Team Certification Course (MD0153) has been developed by the U.S. Army Medical Department Center and School to provide a standardized field sanitation team training/certification program. MD0153 is a training package consisting of classroom instruction at the unit level, a student subcourse and a proctored examination. Upon successful completion of the program and a passing score on the examination, the student will be certified as a member of a field sanitation team. MD0153 may also be used for sustainment training for field sanitation team members who have already been certified. This subcourse is not offered on a selected subcourse basis. (Please see “Field Sanitation Team Certification Course,” paragraph 4–56 of this catalog, for instructions on the group enrollment process.)</td>

<tr>
<th>Subcourse: MD0161</th>
<th>Title: Wastewater Treatment.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Fundamentals for the treatment and disposal of wastewater. Applications for both military installations and field facilities, including construction and operations. MOS: 91S. Crd hrs: 14.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0162</th>
<th>Title: Solid Waste Disposal.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Responsibilities for and public health significance of solid waste disposal at military installations; types of solid wastes generated at large and small installations and methods of collection and disposal; solid wastes generated in the field and methods and devices for their disposal; role of the preventive medicine specialist in solid waste disposal. MOS: 91S. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0164</th>
<th>Title: Environmental Health Inspections and Surveys I.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Introduction to environmental health inspections; inspection procedures and public health aspects of troop housing, mobile home parks, and barber and beauty shops. MOS: 91S. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0165</th>
<th>Title: Occupational Health and Industrial Hygiene.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> An introduction to the science and art of preserving health through the recognition, evaluation, and control of environmental causes and sources of occupational health hazards in the workplace, to include occupational diseases and hazards, criteria, industrial hygiene principles, sampling, personal protective equipment and engineering control methods. MOS: 91S. Crd hrs: 19.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0166</th>
<th>Title: Environmental Health Inspections and Surveys II.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Environmental health inspections procedures and the public health aspects of swimming pools, child care centers, ice houses, and various public use facilities. MOS: 91S. Crd hrs: 6.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0170</th>
<th>Title: Arthropod Identification and Surveys.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Biology and life cycles of medically important arthropods; types and methodology of arthropod surveys; collection, mounting, and identification of arthropods to evaluate actual or potential military importance of suspected infestations; field identification and sorting of medically important arthropods; preservation, mounting, and shipping technique; mosquito larval taxonomy and malaria survey technique. MOS: 91S, 18D. Crd hrs: 12.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0171</th>
<th>Title: Arthropod Control.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Control procedures for the major group of medically important arthropods with emphasis on the preventive environmental means available for specific groups. In-depth discussion of manual and power pest control equipment, its nomenclature, uses, operation, and maintenance. MOS: 91S/W20, 18D. Crd hrs: 10.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0172</th>
<th>Title: Rodent Biology, Survey, and Control.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Biology and life history of principal domestic rodents; military medical and economic importance; identification and survey techniques; sanitary, environmental, physical, and chemical control measures. MOS: 91S, 18D. Crd hrs: 5.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0173</th>
<th>Title: Pesticides in the Military.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Classification of pesticides and their physiological effects on pests and man; pesticide formulations, mixing, and dilution calculations; proper methods of storage, handling, and disposal of pesticides; toxicity and first aid; impact of pesticides on the environment. MOS: 91S. Crd hrs: 8.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0174</th>
<th>Title: Organization of Pest Management Operations.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Organizational responsibilities of the Commander for supervision, execution and evaluation for installation pest control operation; pest control during military operation; support procedures of pest control operation. MOS: 91S. Crd hrs: 4.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Subcourse: MD0180</th>
<th>Title: Radiological Health.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Description:</strong> Basic principles of radiation physics; biological effects of radiological contamination; sources of ionizing and nonionizing radiation.</td>
<td></td>
</tr>
</tbody>
</table>

**Subcourse:** MD0181  
**Title:** Food Service Sanitation and Inspections I.  
**Description:** Microorganisms causing foodborne disease, environmental conditions ideal for their growth, and common foodborne diseases. Discussion of the factors causing foodborne disease outbreaks in the field and in garrison and related sanitary measures to prevent foodborne disease. MOS: 91S. Crd hrs: 4.

**Subcourse:** MD0182  
**Title:** Food Service Sanitation and Inspections II.  
**Description:** Areas of a food service facility examined during an inspection and the major items to inspect in each area. MOS: 91S. Crd hrs: 9.

**Subcourse:** MD0320  
**Title:** Logistics Agencies Supporting the United States Army.  
**Description:** History, organization, mission, and concept of operations of the Defense Logistics Agency and the U.S. Army Materiel Command; relationships among supply agencies from inventory control points through organizational elements. AOC: 70K67. Crd hrs: 8.

**Subcourse:** MD0321  
**Title:** Supply Publications.  
**Description:** This subcourse covers indexes to publications (DA Pam 25–30) and the methods of obtaining supply publications; the function of the Federal Catalog System, including Department of Defense and Department of the Army Supply Catalogs; Army Supply Bulletins; the numbering system for equipment technical manuals; and the methods of locating repair parts identification data. AOC: 70K67. Crd hrs: 7.

**Subcourse:** MD0322  
**Title:** Requirements and Authorization Documents.  
**Description:** Requirements and authorization documents used by TOE and TDA units. Explanation of contents and use of TOE’s, MTOE’s, TDA’s, and CTA’s. The Army Authorization Documents System (TAADS). AOC: 70K67. Crd hrs: 4.

**Subcourse:** MD0328  
**Title:** Inventory Management I.  
**Description:** Introduction to formal stock accounting procedures, procedures for computing stockage levels, and the policies and procedures for the operation of an Installation Medical Supply Activity. AOC: 70K67. Crd hrs: 14.

**Subcourse:** MD0329  
**Title:** Inventory Management II.  
**Description:** Military Standard Requisitioning and Issue Procedures (MILSTRIP), adjustments and inventory procedures, and the procedures used to measure the performance of a medical supply account. AOC: 70K67. Crd hrs: 14.

**Subcourse:** MD0333  
**Title:** Financial Inventory Management.  
**Description:** General concepts; systems and procedures of financial management and their impact on supply management, to include stock fund concepts and organization; SF obligation authority; cash and stock fund budget review and analysis; and computer-generated financial reports. AOC: 70K67. Crd hrs: 9.

**Subcourse:** MD0334  
**Title:** Storage Management at Installation and Depot Levels, Part I.  
**Description:** Storage management techniques at installation and depot levels; the purpose and classes of storage; types of storage facilities; configuration of storage requirements; storage problems; space planning, controlling, and reporting; bin organization, operation and replenishment; stock location system; inventory procedures; and trends in physical distribution. AOC: 70K67. Crd hrs: 9.

**Subcourse:** MD0335  
**Title:** Storage Management at Installation and Depot Levels, Part II.  
**Description:** Basic principles of receiving and shipping operations; the fundamentals of materiel preservation, packing and in-storage care; special storage consideration; materiel handling equipment; safety; and the Hazard Communication Program. AOC: 70K67. Crd hrs: 7.

**Subcourse:** MD0339  
**Title:** Logistics Organization, Theater of Operations.  
**Description:** Introduction to theater of operations (TO); position of the TO in theater of war; support command organization, mission, employment, control, capabilities, and limitations; and supply, maintenance, and service missions of the TAACOM materiel command, as well as, field depot mission, organization, and operations. AOC: 70K67. Crd hrs: 6.

**Subcourse:** MD0351  
**Title:** Radiographic X-Ray.
| Subcourse: | MD0353  
Title: Anesthesia Apparatus.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on an anesthesia apparatus. MOS: 91A10. Crd hrs: 5. |
|-----------|--------------------------------------------------|
| Subcourse: | MD0354  
Title: Surgical Dressing Sterilizer.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, and isolate malfunctions on a surgical dressing sterilizer. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0355  
Title: Portable Ventilator.  
Description: Perform preventive maintenance checks and services (PMCS), isolate malfunctions, and replace defective modules on a portable ventilator. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0356  
Title: Electrical Safety.  
| Subcourse: | MD0357  
Title: Basic Supply Procedures.  
Description: Complete basic supply forms and utilize supply procedures. MOS: 91A10. Crd hrs: 8. |
| Subcourse: | MD0358  
Title: Medical Maintenance Supply Procedures.  
Description: Utilize prescribed load list (PLL) and maintain equipment maintenance forms. MOS: 91A10. Crd hrs: 8. |
| Subcourse: | MD0359  
Title: X-Ray Film Processor.  
| Subcourse: | MD0361  
Title: Dental X-Ray Units.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on a dental inter-oral x-ray unit. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0362  
Title: Defibrillator/Monitor.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on a defibrillator/monitor. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0363  
Title: Electrosurgical Apparatus.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on an electrosurgical apparatus. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0365  
Title: Suction/Pressure Apparatus.  
Description: Perform preventive maintenance checks and services (PMCS) and isolate malfunctions on a high volume suction/pressure apparatus; perform PMCS, isolate malfunctions, and replace defective modules on a programmable suction pump. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0366  
Title: Compressor.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on a compressor. MOS: 91A10. Crd hrs: 5. |
| Subcourse: | MD0367  
Title: Refrigerator and Field Sink.  
Description: Perform preventive maintenance checks and services (PMCS), isolate malfunctions, and replace defective modules on a refrigerator; perform PMCS on a field sink. MOS: 91A10. Crd hrs: 5. |
| Subcourse: MD0368 | Title: Laboratory Centrifuge.  
Description: Perform preventive maintenance checks and services (PMCS), verify calibration, isolate malfunctions, and replace defective modules on a laboratory centrifuge. MOS: 91A10. Crd hrs: 5. |
| --- | --- |
| Subcourse: MD0370 | Title: Operating Room Table.  
| Subcourse: MD0371 | Title: Dental Chair, Stool, and Dental Operating Unit.  
Description: Perform preventive maintenance checks and services (PMCS), isolate malfunctions, and replace defective modules on a dental chair and stool unit and on a dental operating unit. MOS: 91A10. Crd hrs: 6. |
| Subcourse: MD0373 | Title: Dental Chair (JSA–R).  
Description: Perform preventive maintenance checks and services (PMCS), isolate malfunctions, and replace defective modules on a dental chair. MOS: 91A10. Crd hrs: 5. |
| Subcourse: MD0381 | Title: Single-Phase X-Ray Systems.  
Description: Verify calibration, isolate malfunctions, and replace defective modules on a single phase x-ray unit. MOS: 91A30. Crd hrs: 5. |
| Subcourse: MD0383 | Title: Electrosurgery Units.  
Description: Isolate malfunctions and replace defective modules on an electrical surgical unit. MOS: 91A30. Crd hrs: 5. |
| Subcourse: MD0387 | Title: Diagnostic Ultrasound Systems.  
Description: Perform preventive maintenance checks and services (PMCS) and verify calibration of a diagnostic ultrasound system. MOS: 91A30. Crd hrs: 5. |
| Subcourse: MD0388 | Title: Dry-Chemistry Analyzer.  
Description: Perform preventive maintenance checks and services (PMCS) and verify calibration of a dry chemistry analyzer. MOS: 91A30. Crd hrs: 5. |
| Subcourse: MD0400 | Title: Mobilization for AMEDD Personnel.  
Description: Provide a basic understanding of mobilization from the perspective of the U.S. Army Medical Command (MEDCOM). The MEDCOM has multiple subordinate elements, each with their specific areas of interest. This subcourse concentrates on the missions of the U.S. Army Medical Centers (MEDCENs) and the U.S. Army Medical Department Activities (MEDDACs) where the direct health care services are provided. Crd hrs: 6. |
| Subcourse: MD0405 | Title: Military Medical History.  
Description: Brief overview of the history of military medicine, with emphasis on the American Revolution, the Napoleonic Wars, the American Civil War, the Spanish American War, and warfare during the twentieth century. Crd hrs: 5. |
| Subcourse: MD0406 | Title: Medical Logistics Management I.  
Description: Inventory procedures and adjustments to supply records, property control at the user level, issue and turn-in procedures, quality assurance of medical materiel, and Standard Property Book System-Redesigned (SPBS-R). Crd hrs: 5. |
| Subcourse: MD0407 | Title: Medical Logistics Management II.  
Description: Organization for logistics in health care facilities (TDA), Deployable Medical Systems (DEPMEDS), Medical equipment maintenance management, management of medical sets, kits, and outfits, Medical Care Support Equipment (MEDCASE) program in TDA health care facilities, and the Theater Army Medical Management System (TAMMIS). Crd hrs: 5. |
| Subcourse: MD0408 | Title: Resource Management for AMEDD Officers.  
Description: Program and Budget Advisory Committee (PBAC), Medical Expense and Performance Reporting System (MEPRS), manpower management, budgeting, relevant cost decision-making, and other resource management topics. Crd hrs: 5. |
Table 4–1
Individual subcourses for the U.S. Army Medical Department Center and School—Continued

Subcourse: MD0420
Title: Combat Health Support Doctrine.
Description: An overview of combat health support doctrine, the modular medical system, combat health support of army divisions, medical evacuation in the combat zone, combat health support in the corps and echelons above corps, medical regulating and patient evacuation, other operations, lessons learned, and joint medical planning. Crd hrs: 12.

Subcourse: MD0424
Title: Soldier and Family Support.
Description: Combat stress and battle fatigue (history, terminology, signs, and symptoms, classification, treatment, prevention, and management); continuous operations; psychological aspects of NBC defense; family team building; and equal opportunity in the Army. MOS: 91WM6. Crd hrs: 6.

Subcourse: MD0430
Title: Patient Administration for AMEDD Officers.
Description: Provides an overview of the Patient Administration Division and the administrative aspects of health care support. Also, provides information about the Uniformed Services Health Benefits Program and the new TRICARE lead-agent regions. Crd hrs: 9.

Subcourse: MD0431
Title: Patient Administration and Casualty Reporting for AMEDD Officers.
Description: Provides information on the administrative aspects of health care support in relation to processing the line of duty and disability actions. Also, provides information on reporting personnel as seriously ill or deceased. Crd hrs: 3.

Subcourse: MD0446
Title: Chemical and Biological Aspects of Nuclear, Biological, and Chemical Medical Defense.
Description: Review of the types of chemical agents, vulnerability analysis, estimating the percentage of chemical casualties, NBC personnel and the NBC Center, chemical detection and identification equipment, individual and collective protection equipment, decontamination equipment and techniques, NBC Warning and Reporting System, preparing the chemical hazard prediction, and tactical impact of chemical hazard predictions. Crd hrs: 5.

Subcourse: MD0447
Title: Effects of Nuclear Weapons and Directed Energy on Military Operations.
Description: Presents information on the medical effects of nuclear weapons to include command guidance on irradiated personnel, medical management of mass casualties, effective command, control and employment of medical units in the post attack environment, specific actions to be taken by medical units to preclude and defend against residual effects of nuclear weapons, potential hazards of laser and radio frequency devices and weapons which may be encountered on and off the battlefield, and procedures available to protect personnel from their effects in the training environment. Crd hrs: 5.

Subcourse: MD0460
Title: Medical Aspects of Military Law.
Description: Provides a working knowledge of the military justice system and examples; defines tort and describes how the breach of a duty can create a lawsuit; describes ethics and the importance of medical and legal records; law of war, Geneva Conventions, and the code of conduct, including how the articles of the code of conduct applies to medical personnel. Crd hrs: 10.

Subcourse: MD0478
Title: TAADS and Joint Operations.
Description: Introduces knowledge to aid in effective planning. The Army Authorization Documents System (TAADS) is an automated system that supports the requirements for authorizations of personnel and equipment needed to accomplish the assigned missions of Army units. Included in the section on joint operations is information about the levels of command structure, the members of the DOD, the interactions of a medical group with the Joint Operation Planning and Execution System (JOPES), the Medical Planning Module (MPM), and the Medical Evacuation System (MEDEVAC). Crd hrs: 4.

Subcourse: MD0482
Title: Command and Staff.
Description: Introduces information on the nature of the staff relationships which exist in the U.S. Army headquarters at various levels; the means by which staff officers advise the commander and translate his decisions into orders; the descriptions and formats for combat orders; and the various elements of synchronization. Crd hrs: 6.

Subcourse: MD0501
Title: Dental Anatomy and Physiology.
Description: Human anatomy in general; oral anatomy to include teeth, mandible, maxilla, muscles, glands, and joints; anatomy of permanent maxillary and mandibular teeth. MOS: 91E, 91EN5, 18D. Crd hrs: 15.

Subcourse: MD0502
Title: Dental Materials.
| Subcourse: MD0503 | **Title:** Dental Instrument Setups.  
**Description:** Recognition, care, use and setup of instruments for basic examination, anesthesia, restoration, surgery, periodontics, endodontics, and prosthodontics. MOS: 91E. Crd hrs: 14. |
|-------------------|------------------------------------------------|
| Subcourse: MD0504 | **Title:** Introduction to Dental Prosthodontic Laboratory Procedures.  
**Description:** General considerations of the dental laboratory; dental laboratory materials and their use. MOS: 91EN5. Crd hrs: 14. |
|-------------------|------------------------------------------------|
| Subcourse: MD0505 | **Title:** Fundamentals of Complete Denture Fabrication.  
**Description:** Principles and techniques used in fabrication of complete dentures. MOS: 91EN5. Crd hrs: 14. |
|-------------------|------------------------------------------------|
| Subcourse: MD0506 | **Title:** Fundamentals of Removable Partial Prosthodontics.  
**Description:** Principles and techniques used in the fabrication of removable partial prosthodontic restorations. MOS: 91EN5. Crd hrs: 14. |
|-------------------|------------------------------------------------|
| Subcourse: MD0507 | **Title:** Fundamentals of Fixed Prosthodontic Fabrication.  
**Description:** Principles and techniques used in fabrication of fixed prosthodontic restorations. MOS: 91EN5. Crd hrs: 14. |
|-------------------|------------------------------------------------|
| Subcourse: MD0508 | **Title:** Dental Service Administration.  
**Description:** Organization of the Dental Corps, dental service in a theater of operations, career management of dental MOSs, dental clinic management, commonly used forms and files, and procedures for completion of the Dental Health Record (SF 603). MOS: 91E, 91EN5. Crd hrs: 15. |
|-------------------|------------------------------------------------|
| Subcourse: MD0509 | **Title:** Infection Control and Drugs in the Dental Clinic.  
**Description:** Procedures for protection against infection; sterilization, disinfection, and storage; drugs commonly used in dentistry. MOS: 91E. Crd hrs: 10. |
|-------------------|------------------------------------------------|
| Subcourse: MD0510 | **Title:** General Duties of the Dental Specialist.  
**Description:** Attributes of a good dental specialist; clinical routine, administrative functions, and supply procedures; team approach to four-handed dentistry. MOS: 91E. Crd hrs: 8. |
|-------------------|------------------------------------------------|
| Subcourse: MD0511 | **Title:** Oral and Maxillofacial Pathology.  
**Description:** Diseases of hard and soft tissues of the mouth and teeth. MOS: 91E, 18D. Crd hrs: 7. |
|-------------------|------------------------------------------------|
| Subcourse: MD0512 | **Title:** Dental Radiography.  
**Description:** Principles of dental radiography; hazards and safety precautions; production of dental radiographs; anatomical landmarks; radiographic exposure techniques. MOS: 91E. Crd hrs: 12. |
|-------------------|------------------------------------------------|
| Subcourse: MD0513 | **Title:** Preventive Dentistry.  
**Description:** Fundamental concepts of the Preventive Dentistry Program and the clinical and home-care procedures used in administering the Program. Technical nomenclature used in the oral examination, prophylaxis, fluoridation, and education of the dental patient. MOS: 91E. Crd hrs: 10. |
|-------------------|------------------------------------------------|
| Subcourse: MD0520 | **Title:** Quality of Care: Patient Relations.  
**Description:** Changes experienced as a result of illness/hospitalization; stages of illness; bedside manner; the angry patient; family members of patients; active listening; nonverbal communication; interviewing patients’ rights. MOS: 91W10/WM6/M30/P. Crd hrs: 4. |
|-------------------|------------------------------------------------|
| Subcourse: MD0531 | **Title:** Taking Vital Signs.  
**Description:** Procedures for taking and recording a patient’s temperature, pulse, respiration, and blood pressure. MOS: 91W10. Crd hrs: 8. |
|-------------------|------------------------------------------------|
| Subcourse: MD0532 | **Title:** Dental Service Administration.  
**Description:** Organization of the Dental Corps, dental service in a theater of operations, career management of dental MOSs, dental clinic management, commonly used forms and files, and procedures for completion of the Dental Health Record (SF 603). MOS: 91E, 91EN5. Crd hrs: 15. |
Table 4–1

Individual subcourses for the U.S. Army Medical Department Center and School—Continued

<table>
<thead>
<tr>
<th>Title</th>
<th>Description</th>
<th>Subcourse</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Cardiopulmonary Resuscitation. <strong>Description:</strong> Performing rescue breathing and cardiopulmonary resuscitation (CPR) on adults, children, and infants. Removing upper airway obstructions in adults, children, and infants. MOS: 91W10/D/E/K/P/Q, 18D. Crd hrs: 10.</td>
<td>MD0533</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Treating Fractures in the Field. <strong>Description:</strong> Applying splints to the upper and lower extremities. Applying traction splints. Immobilizing a casualty with a suspected spinal fracture. MOS 91W10. Crd hrs: 8.</td>
<td>MD0534</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Treating Chemical and Biological Agent Casualties. <strong>Description:</strong> Types of chemical and biological agents. Treating yourself for exposure to nerve agents. Treating casualties exposed to chemical (nerve, blood, blister, and choking) agents. MOS: 91W10. Crd hrs: 8.</td>
<td>MD0535</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Communicable Diseases and Field Sanitation. <strong>Description:</strong> Types of communicable diseases and methods of transmission. Preventive measures including field water treatment, food storage and preparation, disposal of human and liquid wastes, disposal of garbage and rubbish, and control of arthropods and rodents. MOS: 91W10, 18D. Crd hrs: 14.</td>
<td>MD0537</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Decontaminating Casualties. <strong>Description:</strong> Establishing a hot line, decontaminating casualties exposed to chemical agents, and routing chemical agent casualties through a battalion aid station. MOS: 91W10. Crd hrs: 8.</td>
<td>MD0538</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Sterile Procedures. <strong>Description:</strong> Medical and surgical asepsis; sterile technique; changing sterile dressings; irrigating a wound; obtaining a wound culture; and isolation procedures. MOS: 91W10/D. Crd hrs: 6.</td>
<td>MD0539</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Management of Patients with Respiratory Dysfunction. <strong>Description:</strong> Use of oral pharyngeal airways (J–tube) and bag-valve-mask (BVM) devices; oral and nasotracheal suctioning; preparing an oxygen cylinder for use; and administering oxygen using nasal prongs and face mask. MOS: 91W10. Crd hrs: 6.</td>
<td>MD0540</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Eye, Ear, and Nose Injuries. <strong>Description:</strong> Treatment of eye, ear, and nose injuries. Includes irrigating an eye, removing foreign objects in the eye, treating burns, applying ointment, irrigating an ear, and treating nosebleed. MOS: 91W10. Crd hrs: 5.</td>
<td>MD0541</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Environmental Injuries. <strong>Description:</strong> Treatment of heat injuries, cold injuries, snakebites, insect bites and stings, and plant contact dermatitis MOS: 91W10, 18D. Crd hrs: 7.</td>
<td>MD0542</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Psychosocial Issues. <strong>Description:</strong> Substance abuse, providing initial care for a casualty suffering from combat stress reaction, applying restraining devices, referring for treatment a potentially suicidal patient, managing behavioral emergencies, identifying the physical and emotional characteristics associated with death and dying, and providing postmortem care. MOS: 91W10. Crd hrs: 7.</td>
<td>MD0543</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Return to Duty. <strong>Description:</strong> Performing a basic physical assessment, treating common headaches and toothaches, providing symptomatic relief for common cold, treating common skin problems, and initiating measures to prevent the spread of common, communicable diseases. MOS: 91W10. Crd hrs: 7.</td>
<td>MD0544</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>
<td>Title: Administer Intramuscular, Subcutaneous, and Intradermal Injections. <strong>Description:</strong> Administering the three types of injections and immunizations. MOS: 91W10. Crd hrs: 5.</td>
<td>MD0545</td>
</tr>
<tr>
<td>Individual subcourses for the U.S. Army Medical Department Center and School—Continued</td>

</tr>
<tr>
<td>MD0557</td>
<td>Role of the Medical NCO.</td>
<td>Introduction to the Medical NCO Correspondence Course and the art/sciences of good leadership. Principles of effective military instruction; role of the instructor; principles of education and techniques of effective study. Improving speech habits, questioning techniques, use of training aids, and using demonstrations. Determining training needs, preparations to conduct training, and the process of conducting/evaluating training. MOS: 91W20. Crd hrs: 12.</td>
</tr>
<tr>
<td>MD0562</td>
<td>Respiratory Diseases and Disorders.</td>
<td>Describes the anatomy and physiology of the respiratory system; physical assessment of the respiratory system; infectious respiratory diseases; chronic obstructive pulmonary diseases; respiratory disorders; and tuberculosis. MOS: 91W20. Crd hrs: 12.</td>
</tr>
<tr>
<td>MD0566</td>
<td>Cardiac Impairment.</td>
<td>Explains basic cardiac life support; dysrhythmia recognition and treatment; and cardiac arrest. MOS: 91W20. Crd hrs: 8.</td>
</tr>
<tr>
<td>MD0569</td>
<td>Integumentary System.</td>
<td>Anatomy and physiology of the integumentary system; physical assessment of the integumentary system; primary and secondary skin lesions; common skin diseases; and dermatological drugs. MOS: 91W20. Crd hrs: 8.</td>
</tr>
</tbody>
</table>

**Table 4–1 Individual subcourses for the U.S. Army Medical Department Center and School—Continued**

Description: Initiating intravenous infusions and managing patients with IVs. Obtaining blood specimens and managing patients with anaphylactic shock. MOS: 91W10. Crd hrs: 5.

<tbody>
<tr>
<td>Introduction to Parasitology for the Animal Care Specialist.</td>
<td>Introduction to parasitology, care and use of the microscope, and collection and processing of specimens. MOS 91T. Crd hrs: 5.</td>
<td>MD0794</td>
<td>Animal Health Records.</td>
<td>Items contained within the health record folder of the military working dog; proper placement, labeling, and usage of animal health records; tasks required of the animal care specialist in regard to animal health records. MOS: 91T. Crd hrs: 4.</td>
<td>MD0795</td>
<td>Administrative Procedures for the Animal Care Specialist.</td>
<td>Responsibility, planning, and coordination of the various management aspects of the operation of a veterinary clinic; veterinary and unit management, veterinary records and reports, and transportation management of military dogs. MOS: 91T. Crd hrs: 3.</td>
<td>MD0801</td>
<td>Prescription Interpretation.</td>
<td>Terms, abbreviations, and symbols commonly seen on prescriptions brought to the pharmacy. Authorized prescription forms are presented and the component parts of each are discussed. The emphasis of the subcourse is on the actual interpretation of prepared prescription forms. MOS: 91Q, 18D. Crd hrs: 3.</td>
<td>MD0802</td>
<td>Pharmaceutical Calculations.</td>
<td>Types of calculations most often performed in the pharmacy. Review of basic mathematics, ratio and proportion principles, the metric system, percentage preparations, reduction and enlargement of formulas, and dosage calculations are only a few examples of topics addressed in the subcourse. The student is required to become actively involved in the learning process by solving realistic problems involving pharmaceutical preparations. MOS: 91Q/T, 18D. Crd hrs: 10.</td>
<td>MD0803</td>
<td>General Chemistry.</td>
<td>Basic concepts related to inorganic and organic chemistry. It provides the learner with these concepts in order that the understanding of certain topics (e.g., drug therapy) in the medical field can be enhanced. Chemical nomenclature, chemical reactions, acids, bases, and salts are only a few examples of material discussed in the subcourse. MOS: 91Q/S/V, 18D. Crd hrs: 14.</td>

### Section II

**U.S. Army Command and General Staff College**

#### 4–53. Command and General Staff Officer Course, Nonresident (1–250–C3)

* a. Objective.* The objective of the Command and General Staff College’s nonresident program is to prepare Active Army, ARNG, and USAR officers for duty as field grade commanders and staff officers at division and higher echelons. The course educates officers in the values and practice of the profession of arms as well as the Army’s Leader Development Program. The nonresident course is administered by the Directorate of Nonresident Studies (DNRS), Fort Leavenworth, KS. Inquiries may be addressed to Commandant, USA CGSC DNRS, Eisenhower Hall, Building 120, Room 273N, Fort Leavenworth, KS 66027–2314. For e-mail address, access the DNRS home page at http://www-cgsc.army.mil/nrs.

* b. Curriculum.* Over 400 credit hours in 17 subcourses with approximately 12 subjective and 13 objective requirements. The nonresident course parallels, as closely as possible, the core curriculum of the 40-week resident course.

* c. Structure.* The 17 subcourses are organized into four sequential phases (I, II, III, IV). All subcourses of a phase must be satisfactorily completed before receipt of the next phase. Completion of all requirements within 36 months of the enrollment date is required or the student may be permanently disenrolled. No voluntary disenrollments are allowed. The nonresident CGSOC is offered in three options.

1. The correspondence option (phases I, II, III, and IV) is conducted by the individual student through self study. Instructional materials are mailed or viewed on the Web sequentially by phases to the student. Course requirements are returned to DNRS, Fort Leavenworth, KS, for grading.

2. The extension course option (phases I, II, III, and IV) is taught through the Professional Development Education
Brigade School System. The brigade school year begins on 1 October of each year and ends 30 September of the following year. The year is divided into two instructional periods—Inactive Duty Training and Active Duty Training. Phases I and III are taught from October through May during IDT assemblies. Phases II and IV are taught in 2-week sessions from June through August during periods of ADT. ATRRS course number for CGSOC is 701–1–250–C3 (New–IDT)(F), phase I or III or (New–ADT)(F), phase II or IV. Students need to contact their unit operator or ARPERCEN team manager to determine the closest class location. Attending a brigade school does not itself constitute automatic enrollment in the CGSOC. Until the student’s eligibility is determined by DNRS, the student is not officially enrolled in this option.

(3) Students may also complete the nonresident CGSOC by participating in a combination of both the correspondence and extension course options. Any student who wants to transfer from the correspondence option to the extension course option must confer with DNRS to determine their eligibility.

d. Criteria for enrollment.

(1) All officers should become familiar with CGSC Circular 351–3, the nonresident catalog which is on the Web (http://www-cgsc.army.mil/nrs) before submitting a paper enrollment form (CGSC Form 59–R (Application for Enrollment)) or the electronic application on the Web. All officers should understand the curriculum requirements, the academic and ethical standards, the phase eligibility requirements, and the time limits of the course before enrollment.

(2) All officers must meet the height and weight standards prescribed by AR 600–9 and will submit a current copy of their APFT card with their application.

(3) Officers in the rank of promotable captain or major who have completed an OAC and Staff Process Course are eligible for enrollment. CPT(P) are required to submit their sequence number or a copy of their selection letter. Depending on the major’s date of rank as a captain, the officer will be required to have CAS 3 as a prerequisite to CGSOC.

(4) DA civilian employees, GS–11 or above, whose duties require knowledge of the subject matter in the curriculum, may enroll in the correspondence option. The application for enrollment must be accompanied by a letter of recommendation from the person (military or civilian) in charge of the activity where the applicant is employed. A person’s civilian status does not take precedence over his military status. Defense contractors are not eligible to enroll.

(5) Commissioned officers, Active or RC of the Navy, Marine Corps, or Air Force may enroll in the nonresident CGSOC if they possess qualifications equivalent to those of Army officers and if they are eligible to enroll in their own service course. They must obtain approval through their command channels to enroll.

(6) Officers who have already graduated from CGSOC are not eligible. However, a student who has completed a command and staff course equivalent from another Service, either resident or nonresident, is eligible to enroll in CGSOC.

(7) No warrant or noncommissioned officers are eligible to enroll in CGSOC.

(8) No retired military personnel are eligible to enroll in CGSOC.

(9) International military personnel must obtain prior approval from their own military service and through the U.S. Army Training and Doctrine Command (TRADOC).

(a) Applications from international military personnel are submitted through the U.S. Military Assistance Advisory Group (MAAG) or through the Defense Attaché to the U.S. Embassy in their countries. These activities will forward requests to Commander, ATTN: Security Assistance Training Field Activity (ATFA R), TRADOC, Fort Monroe, VA 23651–5267.

(b) TRADOC determines whether the course is critical to the officer’s function in his or her military position. If determined critical, funds are approved. If determined noncritical, then the country of origin must fund the course.

e. Application procedures.

(1) To obtain information and an enrollment application, submit a written request to Commandant, USA CGSC DNRS, Eisenhower Hall, Building 120, Room 273N, Fort Leavenworth, KS 66027–2314; or find telephone numbers or e-mail addresses on the DNRS home page (http://www-cgsc.army.mil/nrs).

(2) Administrative processing and information is provided by academic counselors from the DNRS. Students desiring information about their academic status, receipt or nonreceipt of student material, additional material required, and so forth may e-mail or write DNRS. All inquiries should include the student’s name, rank, social security number, and current mailing address.

Section III
Emergency Management Institute

4–54. General information

a. Introduction. The Federal Emergency Management Agency (FEMA) offers independent study courses which are pertinent to the instruction of military personnel. The Emergency Management Institute (EMI) administers the independent study program for the agency.

b. Administration.

(1) FEMA presently offers 18 independent study courses designed for the general public. (Refer to the specific
course description prerequisites identified for each course for exceptions to this standard.)

Note. EMI field (G-coded) courses are offered and delivered by the states. For application and enrollment information students should contact their respective state Emergency Management Agency and speak with the state training officer.

(2) Each independent study course includes a final examination, and those who score 75 percent or better are issued a certificate of achievement by EMI. Individual and group enrollments are available at no charge. Group enrollments should be coordinated with local or State Offices of Emergency Management. Course materials may be obtained by writing (include name, address, social security number, and the course title) to the following address: FEMA Independent Study Program, Administrative Office, Emergency Management Institute, 16825 South Seton Avenue, Emmitsburg, MD 21727–9986. Students may enroll in any number of courses; however, only one course will be sent at a time. Upon successful completion, the next available course from the student’s selections will be sent.

(3) One college credit and/or one continuing education unit (CEU) will be awarded upon successful completion of each course. CEU award letter will accompany each course, while college credit must be applied for, with the appropriate fee, from Frederick Community College, Frederick, Maryland. College credit application information and processing is coordinated through the FEMA Independent Study Program Administrative office at the above address.

(4) Military (Army, Air Force, and Coast Guard) Reserve Component personnel not on extended duty may earn points for retention and retirement purposes upon satisfactorily completing these courses. Points are awarded by respective Services, not FEMA. Upon written request, the independent study staff will provide the Reserve Component member with the documentation needed to apply for points.

(5) EMI independent study program information may be accessed on the World-wide Web at http://www.fema.gov/emi/ishome.htm.

4–55. Course listings

Table 4-2 is a listing of FEMA’s correspondence courses.

<table>
<thead>
<tr>
<th>Table 4–2</th>
<th>FEMA Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Course:</strong> IS-1</td>
<td><strong>Title:</strong> Emergency Program Manager: An Orientation to the Position. <strong>Description:</strong> This independent study course provides an introduction to Comprehensive Emergency Management (CEM) and the Integrated Emergency Management System (IEMS). Included is an in-depth look at the four phases of comprehensive emergency management: mitigation, preparedness, response, and recovery. The text is accompanied by illustrations, diagrams, and figures. In most units, there are worksheets, exercises, and tasks to complete. <strong>Prerequisite:</strong> None. <strong>Study hours:</strong> 10-12.</td>
</tr>
<tr>
<td><strong>Course:</strong> IS-2</td>
<td><strong>Title:</strong> Emergency Preparedness, USA. <strong>Description:</strong> This independent study course contains information about natural and technological hazards. Participants are led through the development of personal emergency preparedness plans and are encouraged to become involved in the local emergency preparedness network. The text is accompanied by illustrations, maps, charts, and diagrams. <strong>Prerequisite:</strong> None. <strong>Study hours:</strong> 10-12.</td>
</tr>
<tr>
<td><strong>Course:</strong> IS-3</td>
<td><strong>Title:</strong> Radiological Emergency Management. <strong>Description:</strong> This independent study course contains information on a variety of radiological topics, including fundamental principles of radiation; nuclear threat and protective measures; nuclear power plants; radiological transportation accidents; and other radiological hazards. <strong>Prerequisite:</strong> None. This course is a prerequisite for Fundamentals course for Radiological Monitors (G320.01). <strong>Study hours:</strong> 8-10.</td>
</tr>
<tr>
<td><strong>Course:</strong> IS-5</td>
<td><strong>Title:</strong> Hazardous Materials: A Citizen’s Orientation. <strong>Description:</strong> This independent study course provides a general introduction to hazardous materials that can serve as a foundation for more specific research. The course has five units and has been designed with the objective of helping the individual: recognize the dangers posed by hazardous materials; identify places where hazardous materials are likely to be encountered; understand when a hazard may exist; contact the appropriate persons or agencies to give or receive specific hazardous materials information; and identify procedures to minimize personal and community exposure to hazardous materials. <strong>Prerequisite:</strong> None. <strong>Study hours:</strong> 14-16 hours.</td>
</tr>
<tr>
<td><strong>Course:</strong> IS-7</td>
<td><strong>Title:</strong> A Citizen’s Guide to Disaster Assistance.</td>
</tr>
<tr>
<td>Course: IS-8</td>
<td>Title: Building for the Earthquakes of Tomorrow: Complying with Executive order 12699.</td>
</tr>
<tr>
<td>Course: IS-9</td>
<td>Title: Managing Floodplain Development Through the National Flood Insurance Program (NFIP).</td>

</tr>
</tbody>
</table>
4–56. How to enroll

Unless otherwise noted, individuals desiring to enroll in a course should complete a DA Form 145 and forward it through the individual’s chain of command to: Commander, B Company, 3rd Battalion, 1st Special Warfare Training Group (Airborne), ATTN: AOJK–GPC–SB–RC, Non–resident Training Section, Fort Bragg, NC 28310–5000. For further information call (910) 432–4607/3822 or DSN 239–4607/3822. Enrollments will not be effected without chain of command authorization.

4–57. RC Civil Affairs Officer Advanced Course (Civil Affairs Branch, 38A)

a. Objective. To qualify USAR officers not on active duty (AGR officers may attend), for the Civil Affairs Branch and for command and staff duties at battalion through theater in both conventional and Special Operations Forces units.

b. Eligibility. Must be a USAR commissioned officer in the rank of first lieutenant and above who has completed and received credit for an OBC. Other personnel, regardless of rank or component, with an operational requirement, desiring familiarization in Civil Affairs may request enrollment for individual subcourses in phase I; however, they are ineligible to attend phase II. Waivers for phase II attendance should be addressed to: Commander, 3rd Battalion, 1st SWTG (S-3), ATTN: AOJK–GPC–B Fort Bragg, NC 28310–5000

c. Curriculum. 2 phases.

(1) Phase I. Correspondence. Six common core subcourses and seven CA Branch subcourses. TPU soldiers must enroll in this phase through their units. IRR/IMA soldiers must enroll through ARPERSCOM.

(a) 13 subcourses.

(b) Subcourses. CAOAC is normally shipped as two packets.

1. Packet 1 Subcourses. Packet 1 subcourses are IS1801, IS1802, IS7006, IS7038, IS7045, IS8720. They are the common core curriculum for all Officer Advanced Courses. They can be completed through hard copy mailing or on line through the Reimer Digital Library per page 2,para 1&ndash8. If completed on-line, credit will be granted to students when copies of individual subcourse completion notices, with passing grades, are sent to the Nonresident Training Section.

2. Packet 2 Subcourses. Packet 2 subcourses are CA0001, CA0002, CA0003, CA0004, CA0005, CA0006, CA0007. These subcourses are not yet available on-line and must be mailed hard copy to the student.

2) Phase II. Phase II is a mandatory two-week resident phase. Phases must be completed in sequence. All phase I requirements, including the written practical exercise (PE), must be satisfactorily completed at least 45 days prior to attendance at phase II. The written requirement must be received at least 60 days prior to soldier’s desired class date. The course must be completed in its entirety within 2 years of enrollment. Upon successful completion of both phases of training, a diploma will be issued by USAJFKSWCS.

4–58. Psychological Operations Officer Course RC (APC 39B)

a. Objective. To qualify USAR officers not on active duty (AGR officers may attend) for Psychological Operations command and staff duties at battalion through theater in both conventional and Special Operations Forces units. To provide the officer with the ability to employ PSYOP doctrine, concepts, tactics, techniques, and procedures in support of military operations, including the ability to analyze foreign target audiences, develop and produce PSYOP products, select and employ media, control programs, conduct basic research and studies, and evaluate effectiveness.

b. Eligibility. Must be a USAR commissioned officer in the rank of first lieutenant and above who has completed and received credit for an OBC and has an operational requirement for training in Psychological Operations (assigned to USACAPOC, CAG, or in a 38A/39B DMOSQ position). Other personnel without a clear operational requirement require justification in block 19 of the DA Form 145 to determine the validity of their enrollment of phase I. The course must be completed in sequence. All phase I requirements must be satisfactorily completed at least 45 days prior to attendance at phase II. Phases must be completed in sequence. Upon successful completion of both phases of training, a diploma will be issued by USAJFKSWCS.

(1) Phase I. Correspondence; 14 Psychological Operations subcourses. TPU soldiers must enroll in this phase through their units. IRR/IMA soldiers must enroll through ARPERSCOM.

(a) 14 subcourses.

(b) Subcourses. PO0201, PO0202, PO0203, PO0204, PO0205, PO0206, PO0207, PO0208, PO0209, PO0210, PO0211, PO0212, PO0213, PO0214.

(2) Phase II. Phase II is a mandatory 2-week resident phase. Phases must be completed in sequence. All phase I requirements must be satisfactorily completed at least 45 days prior to attendance at phase II. The course must be completed in its entirety within 2 years of enrollment.

Section V
U.S. Army Materiel Command

4–59. Depot Maintenance Interservice Support Agreement Course

- **Objective.** To teach basic concepts of interservice (or intraservice) depot maintenance, and to teach details of the Depot Maintenance Interservice Support Agreement (DMISA), the compendium of business agreements negotiated by the involved Services; i.e., by the owning Service and the maintaining Service.

- **Eligibility.** Military personnel and civilians involved in interservicing and/or the negotiation and administration of DMISAs. All those individuals who plan, schedule, workload, and administer DMISAs at MACOMs, AMC major subordinate commands and separate operating agencies, and locations and Army maintenance depots.

- **Administration.** Students receive a textbook and a computer diskette containing tests. When students complete training, they retain the textbook and return the diskette. Diskette must be returned within 90 days. The graduating student receives a diploma issued by the Joint Policy Coordinating Group on Depot Maintenance. Daily student counselling is available. Neither the student nor the student’s agency is charged for the course. Approximately 800 military personnel and civilians have graduated from the four military services and the Defense Logistics Agency. Eligible students may apply via DD Form 1556 (Request, Authorization, Agreement, Certification of Training and Reimbursement) (copy 1) directly to Director, Joint Depot Maintenance Analysis Group, ATTN: MAS, Bldg 280, Door 24, 4170 Hebble Creek Road, Wright-Patterson AFB, OH 45433–5653. Send copy 3 of the DD Form 1556 to Commander, U.S. Army Materiel Command, ATTN: AMCLG–MJ, 5001 Eisenhower Avenue, Alexandria, VA 22333–0001.

- **Curriculum.** There are 12 modules of approximately 10 pages each. After each module, there are exercise questions. After each module, the student accesses the diskette and takes the module’s final test that is programmed on
the diskette. After the 12th test, the program tells the student which individual tests (if any) must be taken again. Average score of 90 is needed to pass.

Section VI
National Cryptologic School

4–60. Curricula
The National Cryptologic School (NCS) provides resident and nonresident self-paced courses related directly to cryptologic professions or disciplines. These curricula include courses necessary to develop the highest level of professional skills attainable in a cryptologic discipline. A complete list of self-paced courses is in Section I, Self-Paced Training, NCS Cryptologic Training System Course Catalog.

4–61. Selection of students
To identify students, commanders should consider unit mission, training plan, and the relevance of the courses. Commanders must ensure the student meets all student qualifications with special emphasis on prerequisite courses.

4–62. Registration
Soldiers with military intelligence MOS and soldiers in military intelligence units with support MOS can register for courses. Section I, Self-Paced Training in the catalog contains registration procedures.

4–63. Completion notice
The NCS registrar will issue course completion documentation upon completion of courses.

4–64. Mailing address and phone numbers for NCS Registrar
9800 Savage Road, Suite 6801, Fort Meade, MD 20755–6000, (410) 859–6226

Section VII
United Nations Institute for Training and Research

4–65. Introduction and eligibility
Correspondence courses from the United Nations Institute for Training and Research Programme of Correspondence Instruction in Peacekeeping Operations (UNITAR POCI) prepare students of all nations to serve on UN humanitarian and peacekeeping missions. All study materials are provided. All U.S. personnel are eligible. Concurrent enrollment in multiple courses is permitted.

All UNITAR POCI courses count towards earning the comprehensive Certificate-of-Training in UN Peace Support Operations. Additionally, Students will receive Army Correspondence Course Program (ACCP) credits for completing each course as indicated. Certificates of completion for each course will be awarded by UNITAR POCI. See the catalog of the American Council on Education (ACE) for information about college credits for UNITAR POCI courses.

4–67. Web site
For updated information visit UNITAR POCI’s Web site at www.unitarpoci.org.

4–68. How to enroll
Enrollment may be made on-line at www.unitarpoci.org or by phone (757.253.6933) or fax (757.253.6954), or send a letter requesting enrollment to UNITAR POCI, Box 20475, Dag Hammarskjold Centre, New York, NY 10017, USA. Include the course name, student’s name and mailing address including country (phone and fax numbers optional). Along with your enrollment application send check or money order, or if paying by credit card (Mastercard, Visa, AmEx), indicate the card number, expiration date, and your signature. Payment may also be made by DD Form 1556 (Request Authorization, Agreement, Certification of Training and Reimbursement). Course enrollment fees are shown separately, but US personnel may enroll in all 16 courses for $1200.

4–69. Language
All courses are available in English. Some are also available in French, German, Italian, Spanish, or Swahili. Students wishing to practice a language while studying the material are encouraged to enroll in English and request a non-English version be added for an additional fee of $20.
Table 4–4
UNITAR POCI courses

Title: Commanding UN Peacekeeping Operations: Methods and Procedures for Peacekeeping on the Ground (in English or French)
Tuition: $95.
ACCP credits: 18.
Course author: Captain Jean-Michel Faure, Army of France.
Course description: This course prepares commissioned officers and NCOs to lead forces on a UN peacekeeping operation. Students will learn the military background to UN peacekeeping, organization of command, rules of engagement, principles of action, and the use and non-use of deadly force; how UN Forces establish and conduct observation posts, patrols, convoys and escorts, and humanitarian operations, and operate in an area of mines and booby traps; support of diplomatic initiatives, prisoner exchanges, behavior toward the civilian population, the parties in conflict, humanitarian agencies, and the media. Twelve lessons, 170 pages.

Title: The Conduct of Humanitarian Relief Operations (in English or French)
Tuition: $115.
ACCP credits: Pends review
Course author: Mr. Yvan Conoir, CARE.
Course description: Students gain a solid foundation in how humanitarian relief is provided to refugees and victims of war. Topics include principles of intervention, assisting at-risk populations including women and children, international humanitarian law, food distribution, water, shelter, security, health care, code of conduct for humanitarian relief. Eleven lessons, 210 pages.

Title: Security Measures for Peacekeepers
Tuition: $125
ACCP credits: Pends review
Course author: Dr. Paul Medhurst, Deputy Chief of Security, UN Office Vienna.
Course description: This course prepares personnel to deal with the security problems that are inevitably encountered on any peacekeeping mission. Topics include security, intelligence, checkpoints, observation posts, weapons and defenses, vehicles and aircraft, evacuation, hostage taking, blackmail.

Title: An Introduction to UN Peacekeeping: Orientation for Serving on a Mission
Tuition: $95
ACCP credits: Pends review
Course author: LCOL Christian Harleman, Army of Sweden, Retired.
Course description: Students gain a solid foundation in international peacekeeping. Topics include task and task analysis, maintaining peace and security, development and related humanitarian actions, principles and duties, safety and security, institutional partners in peacekeeping. Nine lessons, 190 pages.

Title: History of UN Peacekeeping Operations during the Cold War, 1945 to 1987 (in English)
Tuition: $125. (This history course may be ordered along with the History 1988-1997 course for a combined enrollment fee of $200.)
ACCP credits: 28.
Course author: Mr. F.T. Liu, Senior Advisor to the International Peace Academy; former UN Assistant Secretary General for Special Political Affairs.
Course description: The course explains the origins and evolution of UN military peacekeeping operations in Korea, the Middle East, Cyprus, and Africa: The development of UN Peacekeeping as a means for the peaceful settlement of disputes and how superpower rivalries shaped UN peacekeeping operations and practices. Eleven lessons, 110 pages.

Title: The History of UN Peacekeeping Operations Following the Cold War, 1988-1997
Tuition: $125. (This history course may be ordered along with the History 1945-1987 course for a combined enrollment fee of $200.)
ACCP credits: 18.
Course author: Mr. F.T. Liu, former United Nations Assistant Secretary General for Political Affairs

Title: Logistical Support of the United Nations Peacekeeping Operations (in English or Spanish)
Tuition: $75. (This course may be ordered along with the course Operational Logistical Support of Peacekeeping Missions for a combined enrollment fee of $150.)
ACCP credits: 12.
Course author: LCOL Charles Grimm, PhD., U.S. Army, Retired. Served as Chief Logistics Officer and Chief of the Force Material Management Center, Sinai, Egypt.
Course description: Provides the student with an understanding of UN logistics procedures supporting interoperability among forces deployed on UN missions. Students learn how to link UN logistics procedures to procedures of their own nations. Four lessons, 101 pages.

Title: Peacekeeping and International Conflict Resolution (in English)

Tuition: $125.

ACCP credits: Pending Review.

Course author: Professor Tom Woodhouse and Dr. Tamara Duffey University of Bradford, United Kingdom.

Course description: The soldier will learn a basic understanding of Conflict Resolution and its application to peacekeeping intervention in contemporary international conflicts. Topics include the nature of conflict, key concepts of conflict resolution, contemporary conflict dynamics, conflict mapping, early warning and conflict prevention, peacekeeping and conflict resolution in war zones, peace settlements and post-conflict peace building, gender issues, and the role of culture in conflict resolution. Ten lessons, 230 pages.

Title: International Humanitarian Law and the Law of Armed Conflict (in English, French or Italian)

Tuition: $125.

ACCP credits: Pending review.

Course author: Mr. Antoine Bouvier, Legal Adviser, International Red Cross

Course description: The student will learn about International Humanitarian Law as it applies to soldiers, humanitarian workers, refugees, displaced persons, and others involved with or affected by armed conflict. Topics include background and definitions, the protection of victims, the rights of prisoners of war, the rules of conduct in hostilities, means of implementation, human rights and International Humanitarian Law, applicability of International Humanitarian Law to peacekeeping and peace enforcement forces, different applications to international and intranational conflicts, terrorism, sovereignty, and role the International Red Cross in International Humanitarian Law. This course deals with some complex legal and military issues and is written at a higher level than some of UNITAR POCI’s other courses. Eight lessons, 172 pages.

Section VIII
U.S. Army War College

4–70. Introduction

The prescribing directive for the U.S. Army War College Distance Education Course is AR 351–1, paragraph 3–6c. Department of the Army selection boards meet annually to select officers who have applied for enrollment in the U.S. Army War College Distance Education Course. All communications concerning enrollment in the program should be addressed as follows:

a. Active Army. A board considers all eligible officers and develops a single Order of Merit List (OML) for both Army War College resident and Distance Education Course selection. Resident course attendees will be selected from the top of the OML. Officers not selected for the resident course will then have about 6 weeks to consider applying for Army War College Distance Education Course (AWCDEC) if they have not already done so. Application should be made directly to the Officers Career Management Branch (cutoff date for application will be made from the applicants in accord with single OML sequence).

b. National Guard. Make application in accordance with NGR 351–21 on NGB Form 64 (Application for School Training) and send it through appropriate channels to ARNG Readiness Center, ATTN: NGB–ARO–TI, 111 South George Mason Drive, Arlington, VA 22204–1382 before 7 October each year.

c. USAR. Make application in accordance with AR 351–1 and guidance issued by U.S. Army Reserve Personnel Center (ARPERCEN) in annual memorandum, subject: USAR Professional Development Education (PDE) Courses. Chief, Army Reserve, will issue supplemental information, as required, to accompany the application.

4–71. Selection procedures

A maximum of 400 highly qualified officers may be selected for the course. The course begins on or about 1 July each year. Selection responsibilities rest with the following: Chief, National Guard Bureau; Chief, Army Reserve; The Surgeon General; The Judge Advocate General; Chief of Chaplains; and Commanding General, U.S. Army Military Personnel Center. Officers are notified of selection through channels.

4–72. Course content

The content of the Distance Education Course is described in the next two sections. Changes to the structure of courses and course content are made annually to ensure the material remains current and applicable. All communications concerning the content of the course of instruction should be addressed to the Commandant, U.S. Army War College, ATTN: DDE (AWC-ACS), 122 Forbes Avenue, Carlisle, PA 17013–5243.
a. Objective.

(1) Focuses attention on military leadership at high echelons, contemporary management theory and philosophy, ethics and professionalism, human dimension in combat, and on major issues involved in leading and managing the Army. Problems of communication, incentives, assessment and evaluation, and new technology as they impact on people in the Department of Defense are examined. This area of study takes place during the first year of correspondence work and during the Midcourse Resident Phase.

(2) Focuses on the national security policy process and an examination of the domestic and international factors that shape the US policies. The focus is then narrowed to an examination of war ethics and morality in society, followed by an analysis of the elements of power, fundamentals of strategy, and strategic thought. Military strategy in the 20th century is examined through readings of World War I, World War II, Korea, and Vietnam military operations. There is an opportunity to explore the spectrum of conflict, with special attention being devoted to terrorism and the problem of nuclear weapons. The student is required to examine the US national strategy in the various regions of the world and to be able to develop a regional military strategic appraisal for any given region.

(3) Examines the resource allocations through the planning, programming, and budgeting system, the Joint Strategic Planning System, and the Joint Operations Planning System that are used at the highest levels of the armed forces of the United States in order to ensure that those forces can be responsive to threats to worldwide vital interests of the United States. To that end, the student will examine operational concepts using current doctrine and capabilities for employing U.S. and allied forces in a theater of war. There is also the opportunity to examine the nature of the interdependence between strategy, forces, and doctrine. This area of study takes place mainly during the second year of instruction and during the End-of-Course Resident Phase by case studies and exercises and practice in the techniques of ground force operational planning at echelons above corps.

b. Eligibility. Commissioned officers in the rank of lieutenant colonel or colonel and of any component of the Army; have completed at least 15 but not more than 25 years of service as of course starting date (1 July); have completed the U.S. Army Command and General Staff College Resident or Nonresident Course, or equivalent; have a final Top Secret security clearance; and a civilian baccalaureate degree is highly desirable, but is not required. The years of service and military education prerequisites may be waived for deserving officers (AR 351–1).

c. Curriculum. Ten courses; 270 credit hours. The course includes two 2-week resident phases of study and instruction and is organized into three primary areas of study: Command, Leadership, and Management; National Policy, War, and Strategy; and Military Planning, Doctrine, and Operations.

d. Courses.

(1) Courses 1 and 5 focus on command, leadership, and management.

(2) Courses 2, 3, 4, and 10 focus on national policy, war, and strategy.

(3) Courses 6, 7, 8, and 9 focus on military planning, doctrine and operations.

4–74. Defense Strategy Course

a. Purpose. The Defense Strategy Course is a 5–month correspondence course designed to examine the spectrum of issues that may influence national security strategy, and the use of military force. It provides selected U.S. Army Active and Reserve Component officers an innovative course of study concentrating on fundamental concepts and contemporary issues affecting the development and character of national security strategy. The course increases student appreciation and understanding of how primarily nonmilitary forces influence the key players and decision process at the national level. Upon completion of this course, graduates will have a broader perspective for analyzing and explaining the military’s role in national security.

b. Eligibility. Fifty Active and fifty Reserve Component field grade officers can be accepted for each course. Officers enrolling must have completed CGSC or equivalent schooling and must not have attained, or been selected to attend school awarding, Military Education Level–I.

c. Curriculum. The Defense Strategy Course curriculum consists of three subcourses. These subcourses provide an overview of the development and execution of national security strategy by examining the historical and theoretical fundamentals of strategy, reviewing how the United States develops its national security strategy and developing an awareness of the impact of domestic, regional and international events on the execution of that strategy. The course will require three written assignments and approximately 6 hours of reading per week. Upon completion of the course, graduates will be awarded a certificate for the course by the U.S. Army War College. Reserve officers can earn up to 105 credit hours.

4–75. Strategic Leader Refresher Course (SLRC)

a. Purpose. The SLRC refreshes students with the broad spectrum of strategic thought and development relative to national security and military strategy. Though not inclusive of all aspects of strategy, it provides the basis for stimulating more advanced thought and subsequent research. The course is administered almost exclusively on the Internet and by e-mail.

b. Eligibility. Students must carry credit as a War College or equivalent (MEL–I) graduate for at least 3 years.
c. **Curriculum.** The course reviews the theoretical fundamentals of strategic thought, the United States national security decision-making process, and current strategies and critiques. Students must demonstrate an understanding of the integrated U.S. National Security and Military Strategies through rigorous thought and analysis. Upon completion students receive a certificate for the course from the U.S. Army War College and may have their Officer Record Brief annotated.

d. **Course structure.** The course has three component parts: required readings, elective study, and submission of a 1500–1750 word analytical essay.

Section IX

U.S. Army Warrant Officer Career Center

4–76. **Warrant Officer Advanced Course prerequisites**

a. **Objective.** The Warrant Officer Advanced Course (WOAC) Prerequisite Studies Phase is the nonresident training phase of level three of the five-level Warrant Officer Education System. The course is designed to present the newly promoted CW2 the common leader development tools necessary to function within their operational environment. Also, the course is the foundation to the follow-on branch resident phase of the WOAC.

b. **Eligibility.** This is a mandatory nonresident course that must be completed prior to attending resident WOAC training. Effective 1 October 1998, the *Action Officer Development Course (ST7000)* was adopted as the resource for this distance learning course. It can be completed online via the Internet, and provides warrant officers serving in CW2 or higher duty positions relevant training in topics such as management techniques, communication skills, preparing and staffing documents, meetings and interviews, problem solving, writing, coordinating, briefings, and ethics. In keeping with the Warrant Officer Education System model, enrollment must occur *after* promotion to CW2 in order to qualify for WOAC Prerequisite Studies credit. The course must be completed within one year of enrollment, however, CW2s now have the flexibility to enroll at any convenient time between 24 and 48 months of total warrant officer service.

c. **Curriculum.** ST 7000 (131 F41) *Action Officer Development Course (AODC).* Eleven lessons and five appendices, 21 credit hours. Lessons cover management techniques and communication skills including preparing documents for staffing, meetings and interviews, problem solving, writing, coordinating, briefings, and ethics. Appendices are job aids for preparing documents, managing time, and creating ideas.

d. **Administration.** The WOAC Prerequisite Studies Phase/AODC is available as an interactive online version only. Enroll in the course through AIPD’s Web site at [http://www.atsc.army.mil/accp/aipd.htm](http://www.atsc.army.mil/accp/aipd.htm).
