Prescribed by ANSI Std Z39-18
CODAP Study Number: 2522

Study Title: Missile and Space Systems Maintenance

AFSC(s): 2M0X2

AFOMS Analyst: Lt Toni Agnew

AFOMS CODAP Programmer: Ms Karen B. Tilghman

Office/DSN: AFOMS/OAE, 487-6811, Ext 3032

Job Inventory Date: August 2002

OSR Date: July 2003

Analysis Extract Date: August 2003
THE ANALYSIS EXTRACT

The enclosed Analysis Extract is a compilation of computer printouts which summarize data collected from job incumbents in your Air Force specialty during a recent occupational survey. The data in these printouts are used to identify jobs and tasks performed by personnel within your career ladder, adjust or establish training programs, make classification decisions within or across specialties, and assist managers in making decisions regarding Air Force personnel programs. Other uses for occupational survey data include improving the specialty descriptions in AFMAN 36-2108, determining the content of Specialty Knowledge Tests (SKTs) written under the Weighted Airmen Promotion System (WAPS) program and providing job data for use in personnel research.

READING THE ANALYSIS EXTRACT

The Analysis Extract is generally divided into four major sections: (1) DAFSC/CONUS/Overseas groups; (2) Total Active Federal Service (TAFMS) groups; (3) MAJCOM groups; and (4) Specialty Job Groups. Each section will normally provide three types of printouts: (1) PRTJOB; (2) PRTMOD; and (3) VARSUM.

The PRTJOB printout is simply a job description for a particular group (i.e., 5-skill level personnel, first-enlistment personnel, ACC personnel, etc). It reports the percent members performing each task and is presented in descending order of the relative time spent on each task. Tasks listed at the top of each job description are those tasks on which group members are spending the most time in their jobs and are performed by larger percentages of group members. In order to save paper when producing the Analysis Extract, these printouts are usually shortened to display only those tasks which comprise 80 percent of the total job time. Full job descriptions can be requested from OMSQ if needed.

The PRTMOD printout displays percent members performing data across a series of groups, along with task difficulty and training emphasis data. By displaying data in this manner, you can quickly identify similarities and differences across groups in terms of percent members performing various tasks.

The VARSUM printout provides information concerning the responses of career ladder incumbents to the various background questions in the job inventory. Routine information covered by this printout includes job satisfaction, equipment operated or maintained, job title, job area or function in which most time is spent, as well as paygrade, MAJCOM, DAFSC, and TAFMS information.

This document has been designed and prepared as a final summary document containing data printouts which were used in analyzing the occupational survey data collected on this AFSC. We hope this brief summary assists you in utilizing the data presented in this Analysis Extract. If you need additional information that is not contained in this Extract, please feel free to contact one of our analysts at DSN 487-6811 for assistance.

AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of AD TAFMS/DAFSC group members performing each task are presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

**F**

**PERFORMING DESTRUCT ORDNANCE ACTIVITIES**

- **F0475** Align NCU umbilical clamps
- **F0476** Connect or disconnect missile electrical cable components
- **F0477** Install or remove test launch cable sets (TLCSs), flight termination ordnance systems (FTOSs), or instrumentation flight safety systems (IFSSs)
- **F0478** Install or remove work platforms
- **F0479** Pack, unpack, or transport AVE components, such as TLCS, FTOS, or IFSS
- **F0480** Perform all ordnance destruct systems (AGDSs) handling and transporting procedures
- **F0481** Perform missile MOD VII cable checks
- **F0482** Perform checks or tests on missile circuits or components, such as continuity or system functional
- **F0483** Perform missile operational pressure transducer checks
- **F0484** Perform operational checks on missile command destruct S/A devices
- **F0485** Perform operational checks on PSS batteries
- **F0486** Perform operational checks on PSS S/A actuators
- **F0487** Perform operational checks on PSS S/A devices
- **F0488** Perform operational checks on PSS timers
- **F0489** Perform PSRE instrumentation cable checks
- **F0490** Perform PSRE operational pressure transducer checks
- **F0491** Perform PSS inertia switch checks

Missile & Space Systems Maintenance
Reported AFSC(s): 2M0X2

-----  Variable/Group Distributions  -----

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

gp0003: All Active Duty Airmen with DAFSC 2M032  (n = 74)
gp0004: All Active Duty Airmen with DAFSC 2M052  (n = 211)
gp0005: All Active Duty Airmen with DAFSC 2M072  (n = 87)
gp0002: All Active Duty Airmen with DAFSC 2M0X2  (n = 372)
gp0012: All DAFSC 2M052 AD Amn in CONUS  (n = 199)
gp0013: All DAFSC 2M052 AD Amn Overseas  (n = 12)

- 163 -
### Task
Brief security forces personnel

### Task Statement
Ensure compliance with launch complex postlaunch securings

### Task
Perform pre- or post-roll transfer operations between TEs and MSBs

### Task Statement
Ensure compliance with hydraulic system operation procedures at processing facilities or launch complexes

### Task
Operate facilities communications equipment, other than portable radio equipment

### Task Statement
Draft supplements or changes to directives, such as policy directives, instructions, or manuals

### Task
Load or unload equipment for missile handling team dispatches

### Task Statement
Lubricate secondary access door components

### Task
Operate facilities communications equipment, other than portable radio equipment

### Task Statement
Perform operational checks on PT hoists or hoist systems

### Task
Ensure compliance with mobile service tower (MST) operation procedures

### Task
Perform operational checks on Type II transporters

### Task Statement
Perform preoperational checks on handlift trucks

### Task
Perform periodic inspections on TE semitrailer mechanical components

### Task Statement
Requisition or receipt for explosives

### Task
Perform postlaunch damage assessment of space launch complexes

### Task
Service mechanical maintenance, MGCS, or TE support trucks

### Task Statement
Request, plot, or secure toxic hazard corridors

### Task
Remove or replace missile emplacement guide sets

### Task
Route equipment to maintenance processing section (MPS) for repairs or inspections

### Task
Service TE semitrailer mechanical components

### Task Statement
Roll transfer Stages I, II, or III at storage facilities

### Task
Configure or modify laboratory areas for experiments

### Task
Remove or install components on hoisting units, adaptors, or slings

### Task
Perform forced break-in entry procedures for secondary door lockouts

### Task
Update workcenter training products in data systems, such as CAMS or GO81

### Task Statement
Transfer stage shipping containers to storage pads

### Task
Destroy classified materials or documents

### Task
Perform periodic inspections on elevator workcages or GMMPs

### Task Statement
Perform LF partial shutdowns

### Task
Perform roll transfers of missiles between MTs and TEs

</table>
AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of AD TAFMS group members performing each task is presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced.

Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

</tr>
</tbody>
</table>
AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of AD first-enlistment MAJCOM groups performing each task is presented to the right of each task.

Tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. This printout is extremely useful in examining the relevancy of basic resident course content as it pertains across all major using commands. It also can assist MAJCOMs in developing MAJCOM-specific follow-on or FTD courses, JQSs, or OJT training packages. Distinctions between MAJCOM groups can be highlighted where there are large differences in percent members performing various tasks across the various groups.

**P PERFORMING MAINTENANCE MANAGEMENT ACTIVITIES**

| P0863   | Adjust daily maintenance plans to meet operational commitments |
| P0864   | Analyze core automated maintenance system (CAMS), improved maintenance management program (IMMP) or GO81 data |
| P0865   | Clear Red-X conditions                                         |
| P0866   | Evaluate new, modified, or prototype equipment                  |
| P0867   | Identify problem areas, other than equipment or supply, using deficiency, service, or status reports |
| P0868   | Initiate or coordinate deficiency, service, or status reports |
| P0869   | Maintain due-in-from-maintenance (DIFM) transaction rosters     |
| P0870   | Perform time compliance technical order (TCTO) inspections      |
| P0871   | Retrieve CAMS, IMMP, or GO81 listings or reports               |
| P0872   | Review preventive maintenance schedules                         |
| P0873   | Update historical reports in CAMS or IMMP                      |
| P0874   | Update maintenance data collection (MDC) data using CAMS or IMMP |
| P0875   | Update personnel data files in systems, such as CAMS            |
| P0876   | Update workcenter training products in data systems, such as CAMS or GO81 |
| P0877   | Verify accuracy of CAMS, IMMP, or GO81 daily inputs            |

**Q PERFORMING GENERAL ADMINISTRATIVE AND TECHNICAL ORDER (TO) SYSTEM ACTIVITIES**

AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of AD Total MAJCOM group members performing each task is presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

Missile & Space Systems Maintenance  
Reported AFSC(s): 2M0X2

----- Variable/Group Distributions -----  

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

- gp0016: All DAFSC 2M0X2 AD Amn in AETC  (n = 10)
- gp0017: All DAFSC 2M0X2 AD Amn in AFMC  (n = 15)
- gp0018: All DAFSC 2M0X2 AD Amn in AFSPC  (n = 346)

</table>
AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of Specialty Job group members performing each task is presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

</table>
AFSC 2M0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of Specialty Job group members performing each task is presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

Missile & Space Systems Maintenance
Reported AFSC(s): 2M0X2

----- Variable/Group Distributions -----

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

ST0054: CS0001 Stage 54: ps0002 5 to 12 (n = 8)
ST0050: CS0001 Stage 50: ps0002 13 to 28 (n = 16)
ST0044: CS0001 Stage 44: ps0002 101 to 128 (n = 28)
ST0081: CS0001 Stage 81: ps0002 111 to 128 (n = 18)
ST0083: CS0001 Stage 83: ps0002 134 to 140 (n = 7)

### Missile & Space Systems Maintenance

Reported AFSC(s): 2M0X2

------ Variable/Group Distributions ------

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

- **st0026:** CS0001 Stage 26: ps0002 150 to 270 (n = 121)
- **st0092:** CS0001 Stage 92: ps0002 151 to 215 (n = 65)
- **st0093:** CS0001 Stage 93: ps0002 216 to 229 (n = 14)
- **st0047:** CS0001 Stage 47: ps0002 236 to 263 (n = 28)
- **st0118:** CS0001 Stage 118: ps0002 265 to 270 (n = 6)
- **st0080:** CS0001 Stage 80: ps0002 276 to 311 (n = 36)
- **st0023:** CS0001 Stage 23: ps0002 318 to 368 (n = 51)
- **st0153:** CS0001 Stage 153: ps0002 323 to 346 (n = 24)
