Preface

Women have served in the world’s armed forces in unofficial and official capacities for many generations. Some of the accomplishments of these servicewomen and challenges they encounter today are highlighted in *Women in the Military: A Selected Bibliography*.

Most of the books, documents, and periodical articles cited were published since 2000. The web sites included in the bibliography were checked during November-December 2004 to ensure the links were active as of that period. All items are available in the U.S. Army War College Library collection or can be accessed from the Internet. For your convenience call numbers were added at the end of each book or document entry to indicate the item’s shelf location in our library. This bibliography is also available on the Internet from our home page at <http://www.carlisle.army.mil/library>.

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library, by sending an e-mail message to libraryr@carlisle.army.mil, or by phoning Commercial (717) 245-4260 or DSN 242-4260.
