Global Shore Infrastructure Plans

Strategic Long-term Plan: 25+ Years

Purpose:
- Provide facilities perspective in PPBE investment decisions
- Set the framework and focus for follow-on actions

Objectives:
- Fill capability gaps in the most cost-effective and timely way
- Communicate the operational/financial benefits and trade-offs of alternative solutions

Triggers for Change:
- Strategic Guidance
- Force Structure and Loading
- New Platforms and Missions

Methods:
- Capabilities Analysis
- Alternatives Analysis
- Impact Analysis
- Programming Profile

Outputs:
- Status of Capabilities
- Recommended Actions
- Methodologies and Criteria for future programming

Outcomes:
- Increased Enterprise Readiness
- More targeted planning efforts
