Standard Form 298 (Rev. 8-98)  
Prescribed by ANSI Std Z39-18
USAFA Wargaming Capability

- History Dept
- M&SRC
- Ops Research
- Faculty Professional Experience
- DoD Relationships
- Research Experience
- DFMI
The man in the foreground is now an AF captain and an operational pilot...

...and was a wargaming team element leader in 2002
Primary Concerns

- Games must be interesting
- Games must be fun
- Games must teach real-world lessons
- “Active learning” constitutes the ultimate training experience (games can provide this)
- Simulation is requisite in the 21st century
- RTS has taken over the COTS market
The future of training games lies in a convergence of COTS games and high-performance computing.
