SUBJECT: Report on the Promptness of FY 2002 Fourth Quarter DoD Payments to the
Department of the Treasury for District of Columbia Water and Sewer
Services (Report No. D-2002-128)

We are providing this report for information and use. The audit was mandated by
Public Law 106-554. No written response to this report was required and none was
received. Therefore, we are publishing this report in final form.

We appreciate the courtesies extended to the staff. Questions on the audit should
be directed to Mr. Henry Kleinknecht at (703) 604-9324 (DSN 664-9324)
(hkleinknecht@dodig.osd.mil) or Mr. Ronald Hodges at (703) 604-9592 (DSN 664-9592)
(rhodges@dodig.osd.mil). See Appendix C for the report distribution. The team
members are listed inside the back cover.

David K. Steensma
Acting Assistant Inspector General
for Auditing
Promptness of FY 2002 Fourth Quarter DoD Payments to the
Department of the Treasury for District of Columbia
Water and Sewer Services

Executive Summary

Who Should Read This Report and Why? This report should be read by DoD managers who have a direct interest in, or are in need of information about, the promptness of water and sewer payments to the District of Columbia.

Background. The audit was conducted in response to Public Law 106-554, the Consolidated Appropriations Act of 2001. The Act requires the inspector general of each Federal agency that receives water and sewer services from the District of Columbia to report to the Congressional Appropriations Committees on the promptness of payments within 15 days of the start of each quarter. The District of Columbia Water and Sewer Authority supplies both water and sewer services to Federal agencies and DoD Components within the National Capital Region. The Department of the Treasury is the collection agent for Federal agencies and DoD Components’ water and sewer payments, with the Department of the Treasury submitting a single payment to the Water and Sewer Authority. The DoD Components, composed of 17 separate installations, sites, and organizations, are required to make advance quarterly payments to the Department of the Treasury for estimated bills on anticipated water usage in FY 2002.

Results. DoD Components, except Fort Myer, promptly made fourth quarter FY 2002 payments to the Department of the Treasury for District of Columbia water and sewer services. The Department of the Treasury withdrew $230,000 from the Army on July 1, 2002, to pay the District of Columbia for second, third, and fourth quarter water and sewer services to Fort Myer. Army officials dispute the appropriateness of the withdrawal for Fort Myer, because Fort Myer discontinued receiving water services from the District of Columbia in 1999. Also, Washington Headquarters Services paid $89,000 for Arlington National Cemetery’s fourth quarter FY 2002 water and sewer bill as required by Public Law 107-20. The Navy and Air Force Components have credit balances from prior overpayments and were not required to make quarterly payments for FY 2002.

Management Comments. We provided a draft report on July 10, 2002. No written response to this report was required, and none was received. Therefore, we are publishing this report in final form.

   8
Background

This audit was required by Public Law 106-554, the Consolidated Appropriations Act of 2001. Public Law 106-554 states:

Not later than the 15th day of the month following each quarter, the inspector general of each Federal department, establishment, or agency receiving water services [or sanitary sewer services] from the District shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate analyzing the promptness of payment with respect to the services furnished to such department, establishment, or agency.

This report covers FY 2002 fourth quarter payments and is one in a series of reports discussing the promptness of DoD payments to the Department of the Treasury for District of Columbia water and sewer services.

The District of Columbia Water and Sewer Authority. The District of Columbia supplies both water and sewer services to Federal agencies and DoD Components within the National Capital Region. Since October 1996, the District of Columbia Water and Sewer Authority (WASA) has been responsible for delivery of water and sewer services to DoD Components. WASA provides meter readings and annual estimated billings to the Department of the Treasury for water and sewer services provided to the Federal agencies, including DoD Components.

Department of the Treasury Responsibility. Under the District of Columbia Public Works Act of 1954, the Federal Government was to receive water and sewer services from the District of Columbia, and the District of Columbia was paid with an annual lump sum in accordance with the District of Columbia Appropriations Act. The District of Columbia Appropriations Act of 1990 (Public Law 101-168) changed the payment process by designating the Department of the Treasury as the collection agent for the Federal agencies’ water and sewer payments, with the Department of the Treasury remitting a single payment to the District of Columbia. Public Law 106-554 amends the process used by the Federal agencies to make payments to the Department of the Treasury. The Department of the Treasury is now authorized and directed to automatically withdraw funds from Federal agencies and provide those funds to WASA by the second day of each quarter when agencies do not forward timely payments of amounts billed by WASA. The Department of the Treasury bills Federal agencies and DoD Components annually for their estimated water and sewer usage and makes quarterly payments to WASA based on meter readings and estimates provided by WASA. The DoD Components are required to make quarterly payments to the Department of the Treasury for those annual estimated bills. See Appendix B for a list of DoD Components, composed of 17 separate installations, sites, and organizations, that received WASA services.

Public Law 107-20. Public Law 107-20, the Supplemental Appropriations Act of 2001, removes the authority of the Department of the Treasury to withdraw funds from Arlington National Cemetery (Cemetery) for payment to the District
of Columbia for water and sewer services. The law requires that DoD pay the
difference between the amount the Cemetery previously paid for estimated water
bills and the actual amount billed to the Cemetery. Furthermore, the law requires
that for FY 2002 and future years, the Cemetery’s water and sewer bills be based
on actual meter readings on the grounds of the Cemetery. The law also directs the
Department of the Treasury to reimburse the Cemetery for previous withdrawals
with funds taken from other DoD appropriation accounts.

**Federal Agency Responsibility.** Public Law 101-168 mandates responsibility to
the respective Federal agencies for payment of water and sewer services. The
funds for the services come through the agencies’ operating budgets and their
respective appropriations bills. Each quarterly payment is due to the
U.S. Treasury account, “Federal Payment for Water and Sewer Services,” on the
first day of the quarter. DoD Components make their payments to the Department
of the Treasury through the Defense Finance and Accounting Service (DFAS).

**DFAS Responsibilities.** DFAS provides finance and accounting services, to
include making bill payments, to DoD Components. Specifically, DFAS
Indianapolis provides financial services to the Army, DFAS Cleveland provides
those same services to the Navy, and DFAS Omaha provides financial services to
the Air Force. The DoD Components submit requests for payments of water and
sewer services to the appropriate DFAS location, and DFAS pays the Department
of the Treasury either by check or electronic transfer in the amount indicated on
the request.

**Objective**

The audit objective was to determine the promptness of DoD FY 2002 fourth
quarter payments to the Department of the Treasury for District of Columbia
water and sewer services. See Appendix A for a discussion of the scope and
methodology and prior coverage related to the objective.
DoD FY 2002 Fourth Quarter Payments to the Department of the Treasury

DoD Components, except Fort Myer, promptly made fourth quarter FY 2002 payments to the Department of the Treasury for District of Columbia water and sewer services. The Department of the Treasury withdrew $230,000 from the Army on July 1, 2002, to pay the District of Columbia for second, third, and fourth quarter water and sewer services to Fort Myer. Army officials dispute the appropriateness of the withdrawal for Fort Myer, because Fort Myer discontinued receiving water services from the District of Columbia in 1999. Also, Washington Headquarters Services paid $89,000 for Arlington National Cemetery’s fourth quarter FY 2002 water and sewer bill as required by Public Law 107-20. The Navy and Air Force Components have credit balances from prior overpayments and were not required to make quarterly payments for FY 2002.

Promptness of FY 2002 Fourth Quarter DoD Payments

DoD Components, except Fort Myer, made prompt payments of their District of Columbia water and sewer bills for the fourth quarter of FY 2002. The Department of the Treasury withdrew $230,000 for second, third, and fourth quarter water and sewer services billed by the District of Columbia to Fort Myer. Army officials at Fort Myer believe that the bill should not be paid because Fort Myer discontinued water services with WASA in January of 1999 (FY 1999) after one quarter of usage. The Army previously paid $185,000 for FY 1999 estimated water usage for Fort Myer. As a result, Army officials contend that the $185,000 paid on the FY 1999 estimated water usage for Fort Myer should be sufficient. Because Public Law 101-168 does not provide a mechanism to resolve billing disputes between WASA and Federal agencies or between Federal agencies and the Department of the Treasury, the Army will continue to work with WASA and the Department of the Treasury to resolve all outstanding issues regarding Fort Myer. As shown in the following table, DoD Components were billed $2.1 million, paid $814,000, had credits from overpayments of $1.6 million, and the Department of the Treasury withdrew $230,000 for the FY 2002 fourth quarter payments.

\(^1\)Pursuant to Public Law 107-20, Washington Headquarters Services paid Arlington National Cemetery’s fourth quarter bill.

\(^2\)According to U.S. Treasury officials, they withdrew Fort Myer’s second, third, and fourth quarter payments. Fort Myer discontinued water services in January 1999. Fort Myer receives and pays for water services provided by Arlington County, Virginia.

\(^3\)Includes Fort McNair, National War College, and National Defense University Center.

\(^4\)Fort McNair paid $24,000 for the FY 2002 bill in the first quarter ($6,000 per quarter) and thus is not required to make a quarterly payment in the fourth quarter.

\(^5\)Includes Anacostia Naval Station, Bellevue Naval Housing, Naval Observatory, Marine Corps Barracks (8th & I), Naval Research Laboratory, Nebraska Avenue Annex, Potomac Annex, and Washington Navy Yard.

\(^6\)Estimated amount billed for FY 2002 was $2.5 million ($634,000 represents the quarterly amount billed); a credit adjustment of $4.1 million ($1,028,000 represents the quarterly credit) for FY 1999 overpayments.

\(^7\)Estimated amount billed for FY 2002 was $1.6 million ($409,000 represents the quarterly amount billed); a credit adjustment of $2.3 million ($580,000 represents the quarterly credit) for FY 1999 overpayments.

\(^8\)The National Imagery and Mapping Agency paid $410,000 for the third and fourth quarters in the third quarter of FY 2002 and thus is not required to make a quarterly payment in the fourth quarter.
Appendix A. Scope and Methodology

Scope and Methodology

**Work Performed.** We reviewed DoD Component billing and payment information for the fourth quarter of FY 2002 for District of Columbia water and sewer services. Specifically, we reviewed bills received by DoD Components from the Department of the Treasury to establish the amounts billed for water and sewer services. We contacted the Department of the Treasury to confirm that funds available to DoD Components were withdrawn to pay the District of Columbia for FY 2002 fourth quarter water and sewer bills. See Appendix B for a list of DoD Components that received water and sewer services from WASA.

**General Accounting Office High-Risk Area.** The General Accounting Office has identified several high-risk areas in DoD. This report provides coverage of the DoD Financial Management high-risk area.

**Use of Computer-Processed Data.** We did not rely on computer-processed data for our review of billing and payment data for water and sewer services provided to DoD Components by WASA.

**Audit Dates and Standards.** We performed this audit from June through July 2002 in accordance with generally accepted government auditing standards. We did not review management controls over the payment of water and sewer bills because the audit is required every 3 months by statute and an audit of the management control program is in progress.

**Contacts During the Audit.** We visited or contacted individuals and organizations within DoD, DFAS, and the Department of the Treasury. Further details are available on request.
