PREFACE

Due to current military engagements in Iraq and Afghanistan, there has been a renewed interest in Post-Traumatic Stress Disorder (PTSD) and its presentation in military personnel. This bibliography lists citations for books, documents, articles, audiovisuals, and Internet sites related to this topic. Specifically, the cited items focus on PTSD resulting from combat exposure in current and past military engagements and peacekeeping operations.

The majority of the items cited are dated 1990 to the present. A few notable exceptions include material concerning PTSD in veterans of the Vietnam War. The links to the web sites included in this bibliography were active as of 16 November 2005. All items are available in the U.S. Army War College Library collection or can be accessed from the Internet. For your convenience, call numbers or Internet addresses were added at the end of each book or document entry. (Call numbers indicate the item’s shelf location in our library.)

This bibliography is also available on the Internet through our Library's home page at http://www.carlisle.army.mil/library.

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library by sending an e-mail message to library@carlisle.army.mil, or by phoning DSN 242-3660 or Commercial (717) 245-3660.
