## DEPARTMENT OF THE AIR FORCE

THE McDERMOTT LIBRARY  
USAF ACADEMY, COLORADO

### INTRODUCTION

This *Special Bibliography Series*, Number 106, "Harnessing the Heavens: National Defense Through Space," was developed by History Bibliographer and Reference Librarian Mr. Elwood L. White, in support of the 21<sup>st</sup> Triennial (previously biennial) Military History Symposium to be held at the Air Force Academy, 1 – 3 November 2006.

This bibliography lists a selected portion of the McDermott (Cadet) Library's holdings on national defense through space. While it includes books and journal articles, it excludes newspaper articles and most pictorial works dealing with space defense. The call number listed at the end of each citation is typically the call number assigned by the Library of Congress, which most libraries use when adding books to their collections.

Mr. White had completed the majority of the bibliography before his retirement. However, because of the needed completion of other projects, he received research assistance from Ms. Frances Scott, Social Sciences Bibliographer and Reference Librarian, and Mr. Robert Humes, Engineering Bibliographer and Reference Librarian, in gathering data for the bibliography. Ms. Scott completed the final editing. Questions and comments about this addition to the *Special Bibliography Series* should be addressed to Ms. Scott at:

HQ USAFA/DFLIBR  
Attn: Ms. Frances K. Scott  
Social Sciences Bibliographer  
2354 Fairchild Drive, Ste 3C9  
USAF Academy CO 80840-6214

If you are a participant in this year's 21<sup>st</sup> Military History Symposium, we welcome you to your Air Force Academy. We hope that during your stay you will have the opportunity to visit the Academy's McDermott Library, located at the north end of Fairchild Hall.

By writing to the address above, other libraries may obtain (free of charge) a copy of this bibliography as part of the Academy Library's gifts and exchanges program. It, and the rest of the *Special Bibliography Series*, are also available on the McDermott Library's web site.

Finally, this bibliography is gratefully dedicated in honor of Mr. White. The dedication is printed on the next page.

### DEDICATION

This *Special Bibliography Series*, Number 106, is dedicated to Elwood L. White. Mr. White retired in June 2006 after ably serving as Social Sciences and History Bibliographer and Reference Librarian at the Air Force Academy for 18 years of his over 24-year career of distinguished federal service. This bibliography is Mr. White's eighth in support of the Military History Symposia, and his thirteenth in the *Special Bibliography Series*. Unfortunately, it is unlucky Number 13 for the McDermott Library, but positively lucky Number 13 for Mr. White, who is enjoying a leisurely retirement.

During his tenure at the Academy, Mr. White was presented (in 2003) the Department of History's "Clio Award" for outstanding services by a non-history department individual who has enhanced the mission and curriculum of the Department. In recognition for his more than 24 years of distinguished federal service, at his retirement Mr. White was presented the Air Force's Outstanding Civilian Career Service Award and Medal. In addition to detailing his exemplary academic library career, the citation read in part, "for his expert indexing of countless journals for the Air University's *Index of Military Periodicals*." In short, Mr. White's career and influence went far beyond the McDermott Library or the Air Force Academy.

His outstanding devotion to duty, his remarkable attention to detail, and his professionally exemplary one-on-one assistance to cadets, faculty, and colleagues created a standard of excellence that many might envy, but few will attain. For all that Mr. White did for the Academy and for the broader military education community, this bibliography is gratefully dedicated to him.
