

Coast Guard Cyber Command

Driving Mission Execution

CAPT John Felker

Deputy Commander, CGCYBERCOM

August 2011

CGCYBERCOM Mission / Vision

The mission of the United States Coast Guard Cyber Command (CGCYBERCOM) is to identify, protect against, and counter electromagnetic threats to the maritime interests of the United States, provide cyber capabilities that foster excellence in the execution of Coast Guard operations, support DHS Cyber missions, and serve as the Service Component Command to US Cyber Command.

“Establish/Maintain a secure and resilient cyber operating environment for Coast Guard and marine operations.”

Where We Want to Focus

Outreach Support

Support industry with:

- Review of plans to mitigate threats, vulnerabilities and consequences
- Development of joint cyber workshops with COTP

***INFORMATION SHARING**

...end goal is effective preparation, response and recovery.

Provide Decision Advantage

- Cyber Additive to Intel Target Package
- Potential for Significant Cost Avoidance
- Potential for Significant Operational Success
 - Privacy Issues

CGCYBERCOM

- Defend our networks
 - Partner with DoD & DHS
- Critical Infrastructure Protection
 - Public/Private Partners – Info Sharing
- Decision Advantage
 - Cyber Component
