1.3. Assigns responsibilities and prescribes procedures according to reference (c) for providing payments to eligible LEAs that provide services to military dependent children with severe disabilities.

2. APPLICABILITY

This Instruction applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities in the Department of Defense (hereafter referred to collectively as the “DoD Components”).
3. **DEFINITIONS**

Terms used in this Instruction are defined in Enclosure 2.

4. **POLICY**

DoD shall provide financial assistance to LEAs that benefit military dependent students under reference (b) and payments to LEAs that provide services to military dependent children with severe disabilities under reference (c), when funds are appropriated for these purposes.

5. **RESPONSIBILITIES**

The Under Secretary of Defense for Personnel and Readiness (USD(P&R)) shall:

5.1. Monitor compliance with this Instruction and references (b) and (c).

5.2. Develop and administer procedures according to references (b) and (c) to:

5.2.1. Determine the eligibility of LEAs for financial assistance.

5.2.2. Provide timely notification to LEAs of their eligibility for such assistance.

5.2.3. Provide timely payment of such assistance.

5.3. Confer with the Secretary of Education to secure data needed to implement references (b) and (c).

6. **PROCEDURES**

6.1. **DoD Supplemental Impact Aid Program**

6.1.1. When funds have been appropriated to provide financial assistance, the USD(P&R) shall notify eligible LEAs that funds are available. An LEA is eligible for assistance during a fiscal year if:

6.1.1.1. At least 20 percent (as rounded to the nearest whole percent) of the students in average daily attendance (ADA) in the schools of that LEA during the preceding school year were military dependent students as counted under subsection (a)(1) of 7703 of title 20 United States Code (reference (d));
6.1.1.2. There has been a significant increase in the number of military dependent students in ADA in the schools of that LEA as a result of a relocation of Armed Forces personnel or DoD civilian employees, or as a result of a realignment of one or more military installations as a result of the base closure process.

6.1.1.2.1. When it is anticipated that there shall be a significant increase in the number of military dependent students in ADA of an LEA, the Military Department Secretary of the affected Service shall notify the USD(P&R).

6.1.1.2.2. A significant increase for purposes of subparagraph 6.1.1.2. is an increase of at least 20 percent (as rounded to the nearest whole percent) in the ADA of the military dependent students in the schools of an LEA, as counted under Subsection (a)(1) of reference (d), between the end of the school year preceding the fiscal year for which payments are authorized and the beginning of that school year. Such increase must equal a minimum of 250 additional military dependent students.

6.1.1.3. During the period between the end of the school year preceding the fiscal year for which payments are authorized and the beginning of that school year, the LEA had an overall reduction of not less than 20 percent in the number of military dependent students as a result of the closure or realignment of military installations.

6.1.3. The USD(P&R) shall determine the eligibility of LEAs for assistance based upon data collected by the Department of Education (ED) in connection with ED’s administration of the Federal Impact Aid program.

6.1.4. The data shall include the ADA figures for military dependent students in attendance at each LEA, segregated by whether such students reside on or off Federal property.

6.1.5. The USD(P&R) shall distribute funds based on the ADA of military dependent students attending each qualifying LEA. Each LEA shall receive five times more money for a student who resides on Federal property than for one who resides off Federal property. The amount of financial assistance shall be calculated as follows:

6.1.5.1. Determine the per capita amount available to LEAs for each military dependent student that resides off Federal property by dividing the total amount of dollars available to the LEA by the sum of the number of students who resided off Federal property plus five times the number of military dependent students who reside on Federal property. Example: $30M/[(total number off Federal property) + 5(total number on Federal property)].

6.1.5.2. Determine the per capita amount available to LEAs for each military dependent student residing on Federal property by multiplying the per capita amount determined under subparagraph 6.1.5.1 by five.

6.1.5.3. Each LEA’s total amount of assistance shall be the sum of the number of off-Federal property students multiplied by the per capita figure determined under subparagraph
6.1.5.1, plus the number of on-Federal property students multiplied by the per capita amount found by completing the computation in subparagraph 6.1.5.2 above.

6.1.6. The figures used to compute the Average Per Pupil Expenditures (APPE) shall be obtained from data provided by ED.

6.2. DoD Impact Aid for Children with Severe Disabilities Program

6.2.1. When funds are appropriated under reference (c), the USD(P&R) shall notify LEAs that they may be eligible to receive funds. An LEA may be eligible to receive such funds if that LEA applied for and was approved by ED to receive Federal Impact Aid under reference (d) for the appropriate fiscal year.

6.2.1.1. The USD(P&R) shall identify LEAs that may be eligible for funds under reference (c) based upon the information that such LEAs have provided to ED on the Federal Impact Aid form for the appropriate fiscal year.

6.2.1.2. The data provided by ED shall include the ADA figures for military dependent children with severe disabilities in attendance at each LEA.

6.2.2. The USD(P&R) shall send correspondence to each of the identified LEAs inviting them to complete an application for payment under the criteria in reference (c). The correspondence shall include Secretary of Defense (SD) Form 816 and its continuation sheet, SD Form 816C for the appropriate school year, and guidelines for completion of SD 816 and SD 816C.

6.2.3. The USD(P&R) shall make payments to LEAs based upon the data collected by ED in connection with its administration of the Federal Impact Aid program and upon information submitted and certified by the LEAs. If the amount available for a fiscal year is insufficient to pay the full amount LEAs are eligible to receive, the USD(P&R) shall ratably reduce the amounts of payments made to all eligible LEAs by an equal percentage.

6.2.4. The USD(P&R) shall comply with all other applicable provisions of reference (c) in providing payment to LEAs.
