(b) Section 406 of title 39, United States Code, "Postal Service"
(c) Sections 1375 and 1376 of title 49, United States Code, "Transportation of Mail"
(d) U.S. Postal Service Manuals, issued by the U.S. Postal Service
(e) through (j), see enclosure 1

1. PURPOSE

This Instruction supplements the provisions of and delineates the responsibility assigned pursuant to references (a) through (d) for the operation of the Military Postal Service (MPS) and the transportation of mail, including mail services and charges, within the Department of Defense.

2. APPLICABILITY

The provisions of this Instruction apply to the Office of the Secretary of Defense (OSD) (including elements assigned to OSD for administrative support), the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified, Specified and Combined Commands, the Defense Agencies (hereafter referred to as the "DoD Components"), and other Government Agencies that use the MPS. The term "Military Services," as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps, and the Coast Guard (under agreement with the Department of Transportation).

3. **DEFINITIONS**

Terms used in this Instruction and other postal related publications are defined in enclosure 2.

4. **POLICY**

4.1. The MPS shall transmit official and personal mail promptly, efficiently, and economically in support of the defense mission and consistent with the required delivery date, security, accountability, and class of mail.

4.2. When first class and priority mail are transited within the military transportation system, it shall be moved consistent with priority designators expressed in DoD Instruction 4410.6 (reference (e)).

4.3. Duplication of postal services by the MPS and United States Postal Service (USPS) is not authorized. Further, there may be no overlap of postal service between elements of the MPS or DoD and non-DoD courier or pouch systems. Thus, opening of APOs for non-DoD Agencies shall be limited to areas where the State Department pouch system is determined by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) (ASD(MRA&L)) to be inadequate. Each DoD Component shall comply with the provisions of DoD Instruction 7041.3 (reference (f)) in meeting these requirements.

4.4. All classes of mail shall be transported according to the provisions of 39 and 49 U.S.C. and the USPS Manuals (references (b), (c), and (d)), the USPS Transportation Handbook Series, T-7 (reference (g)), and this Instruction. U.S. civilian air carriers shall be the primary means of transporting air eligible mail. Availability of authorized U.S. air carriers shall be determined by the Military Postal Service Agency (MPSA) in coordination with USPS.

4.5. Foreign commercial airlines or military airlift (as authorized by 39 and 49 U.S.C., references (b) and (c)) may be used on a temporary basis to transport military mail when U.S. commercial air is unavailable or cannot provide timely delivery. Authority to use foreign air carriers on a continuing basis must be granted by the MPSA in coordination with USPS.

4.6. Foreign postal administrations are authorized to transport military mail when approved by the MPSA, in coordination with USPS.
4.7. Mail moved by industrially funded Military Airlift Command and Military Sealift Command requires reimbursement at the common user tariff rate.

4.8. Official registered mail that is moved to, from, and between MPS activities shall be transmitted in the manner required by DoD 5200.1-R (reference (h)).

4.9. Military activities receiving their predominant administrative and logistic support from U.S. Embassies or other Government Agencies are not eligible for MPS support since this duplicates an existing communication system.

4.10. MPS elements are authorized the use of local overseas command funds to transport military mail between command elements in unique problem situations. Such transportation may not be used in competition with U.S. commercial carriers but shall be subject to the limitations above and the standards prescribed by the MPSA.

5. RESPONSIBILITIES

5.1. The Secretary of the Army, as the single manager, Military Postal Service, shall appoint a general officer or equivalent to act as the Executive Director of the MPSA.

5.2. The Executive Director, Military Postal Service Agency, shall:

5.2.4. Establish a support team composed of personnel from the MPSA to provide technical assistance and monitor command postal operations for all Military Services in overseas areas.

5.2.5. Establish direct liaison with Service operating command postal elements to facilitate effective day-to-day operation of the MPS. Establish liaison
with Military Service commands to investigate and resolve postal problems.

5.2.6. Establish a Joint Military Postal Activity (JMPA) Atlantic and Pacific as the single point of contact with USPS at the gateways. The Atlantic headquarters shall be located in the New York City area, and be responsible for military mail movement management to and from Military Post Offices (MPO) with APO/FPO New York and Miami designations. The Pacific Headquarters shall be located in San Francisco, California, and be responsible for military mail movement management to and from MPOs with APO/FPO San Francisco and Seattle designations. JMPAs shall provide information to USPS to allow proper distribution, dispatch, and transportation of military mail for overseas and maneuver forces, ships, and other maneuver units.

5.2.7. Notify the ASD(MRA&L) of any proceeding before the Postal Rate Commission or of any notice of proposed rulemaking document published by any Federal Agency that has a significant impact on DoD postal matters, together with a recommended course of action. After the proceeding, inform ASD(MRA&L) of the outcome and recommend any further required action. Notify other interested DoD Components.

5.2.8. Develop integrated management information systems for the MPS, consistent with the policies of DoD Directive 5000.19 (reference (i)). The information system shall use standard data elements and codes, in accordance with the policies of DoD Directive 5000.11 (reference (j)). Any new data elements shall be registered with the Office of the Assistant Secretary of Defense (Comptroller).

5.2.9. Monitor all military reserve postal training programs, regardless of Military Service.

5.2.10. Ensure that overlap or duplication of MPS functions are identified and that a coordinated solution for those elements is obtained.

5.2.12. Maintain and periodically publish a consolidated list of MPO numbers as issued by USPS and controlled by MPSA.

5.2.13. Provide information from MPSA management information systems to the Military Services for development of their budget estimates concerning overseas
mail transportation costs. In addition, the MPSA shall review Military Service postal budgets to ensure up-to-date rate data are included. Current Military Service postal budgeting processes shall remain in effect until necessary data can be provided.

5.2.14. Process all Presidential, Congressional, and other high-level correspondence relating to the MPS.

5.3. The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics), or designee, the Deputy Assistant Secretary of Defense (Supply, Maintenance, and Transportation), shall:

5.3.1. Provide broad policy guidance and direction in carrying out the provisions of this Instruction.

5.3.2. Serve as final authority concerning requests for first opening and last closure for a MPO for any country.

5.3.3. Serve as the DoD representative for implementation and administration of agreements with the USPS.

5.4. The Secretaries of the Military Departments shall:

5.4.1. Request the establishment of MPOs in accordance with the criteria agreed upon between USPS and ASD(MRA&L), as promulgated by the MPSA.

5.4.2. Maintain inspection, advisor, and assistance responsibilities for MPS activities under their jurisdiction.

5.4.3. Provide air and surface transportation support to move military mail, when tendered by USPS or MPS.

5.4.4. Provide and maintain the required military personnel (whose grade and specialty shall be specified by the single manager and whose tour length shall be established at a minimum of 36 months) to support the MPSA.

5.4.5. Coordinate all contingency and war planning involving MPS matters with the MPSA.

5.4.6. Ensure that major commands are designated to provide the MPSA through the JMPA, Atlantic or Pacific, with information to allow proper mail routing when their respective field units change locations, are activated, deactivated, inactivated, or when units rotate.
5.4.7. Provide the MPSA with information concerning postal restrictions or policies affecting the MPS due to unique requirements. Provide excerpts of the appropriate country-to-country (status of forces) agreements that affect the MPS.

5.4.8. Provide the MPSA with information systems, consistent with the provisions of DoD Directive 5000.19 (reference (i)) and DoD Directive 5000.11 (reference (j)). Specific taskings by MPSA will be coordinated with each Service.

5.4.9. Assist MPSA in resolving overlap or duplication of MPS functions.

5.4.10. Establish and operate MPOs for use by all authorized organizations and personnel on their respective installations overseas. DoD Components shall be provided postal service on a non-reimbursable basis. MPOs may be operated at location overseas other than a military installation to meet an operational requirement of a Military Department.

5.5. Heads of DoD Components shall respond to official mail policy direction and provide any information and assistance that may be needed by the Single Manager or the Executive Director, MPSA, to carry out the assignments of this Instruction.

5.6. Commanders of the Unified, Specified And Combined Commands, or their Theater Postal Single Manager (when designated by MPSA), shall coordinate any request for the first opening and last closing of any country MPO service in their areas through the Executive Director, MPSA, to ASD(MRA&L) for final decision. E3.7.2. The Postal Service agrees to assign Postal Inspectors or other representatives of the Postal Service, as practicable, to conduct surveys, inspections, investigations, and audits of military postal operations to assure that efficient postal service is maintained.
