This document provides standards for writing a direct oversight DoDD using the template in effect before May 1, 2015 on the DoD Issuances Websites. Use of the template is mandatory. Don’t write over a previous version of the issuance.

For guidance on writing a chartering DoDD, contact the Policy & Decision Support Directorate in ODCMO.

DIRECTIVE

Enter the directive number and acronym of your Component. The Directives Division (DD) enters the date below the number after the issuance is signed.

SUBJECT: Standards for DoD Directives (DoDDs)

Format the DoDD according to Enclosure 1. For guidance on composition, go to the Writing Style Guide on the DoD Issuances Websites, Issuance Process pages, at http://www.dtic.mil/whs/directives (unclassified) and https://www.dtic.smil.mil/whs/directives (classified). Go to these same sites for all other “go to” guidance in these standards.

References: See Enclosure 1. In these standards, Enclosure 1 discusses DoDD format. Format references in Enclosure 1 of your DoDD according to Enclosure 2.

1 blank line

1. PURPOSE. Required section that’s always located above the signature. (See Enclosure 3 for sample purpose statements.)

1 a. DoDDs are reserved for subjects requiring direct oversight by the Secretary or Deputy Secretary of Defense. (See the DoDD definition in the Glossary to these standards.) DoDDs exclusively establish policy, assign responsibility, and delegate authority to the DoD Components. They’ll be streamlined into 10 pages or less, including enclosures, and mustn’t contain procedures.

1 b. Organize and draft the text above the signature of the DoDD according to sections 1 through 8 of these standards.

1 c. In the purpose section state concisely why the DoDD’s being published. Identify any:

1 (1) Other issuances this one reissues or cancels.

1 (2) Any DoD Executive Agents (EAs) assigned responsibilities. When a DoD EA’s designated, place an “E” at the end of the directive number; e.g., in the first-page header, NUMBER 1234.56E, and in subsequent headers, DoDD 1234.56E. Include a reference to DoDD 5101.1, “DoD Executive Agent”
2. **APPLICABILITY.** Required section that’s always located above the signature regardless of length. Use the standard statement provided in the template. If the DoDD applies to organizations not listed there, or applies only under certain conditions, separate the section into paragraphs as shown in Enclosure 4.

3. **POLICY.** Required section that’s always located above the signature regardless of length.

   a. The policy section of a DoDD states the principles or goals of a DoD mission and defines performance standards and other means by which the DoD Components can evaluate their success in implementing the policy. Policy statements should be as concise as possible; however, they must be written in sufficient detail to ensure the policies are clearly articulated. (See Enclosure 5 for sample policy statements.)

   b. **Don’t** include responsibilities in the policy section. **Don’t** include procedures in DoDDs.

   c. One typical result of an imprecise policy section is the improper embedding of responsibilities. As a result, critical responsibilities aren’t clearly assigned, which can lead to failure to perform them.

4. **RESPONSIBILITIES.** Required section. If responsibilities exceed half a page, place them in an enclosure. (See Enclosure 6 for sample responsibility statements.)

   a. Identify the key OSD and DoD Component heads or officials of the same level who’ll carry out the policy and list the overarching duties and obligations of each. Always assign responsibilities to officials, not to their offices or organizations. Responsibilities aren’t assigned below the DUSD/DASD or Defense Agency/DoD Field Activity director level. DoDDs shouldn’t assign responsibilities that will unnecessarily hamper the OSD and DoD Component heads in their efforts to efficiently manage their Component.

   b. In assigning responsibilities, be specific but succinct. **Don’t** include procedures. State what the official’s responsible for doing, not how the official should do it. By clearly aligning the responsibility with the official, the intent of the DoDD can be better accomplished.

   c. List the Component heads being assigned responsibilities in this order.

      (1) The originating OSD Component head.

      (2) Other key officials within the originating OSD Component according to their levels.

      (3) Other key officials within the DoD in this order.
(a) The OSD Component heads, individually. If responsibilities are also assigned to the OSD Components collectively in your issuance, use this language for individual responsibilities: “In addition to the responsibilities outlined in section [Reference the section assigning collective responsibilities], the [individual title]…” Go to “DoD and OSD Component Heads” for assistance in determining the individual OSD Component heads.

1. Under each, list any Assistant Secretaries, Deputy Under Secretaries, Deputy Assistant Secretaries, or Defense Agency or DoD Field Activity directors assigned responsibilities who are under the authority, direction, and control of the individual Component head.

2. When assigning responsibilities to officials at any level subordinate to the OSD Component heads, use this language to name the position having authority over them: “Under the authority, direction, and control of the [OSD Component head], the [subordinate agency head]...”

(b) Individual Defense Agency or DoD Field Activity directors whose OSD Component authority is not assigned any responsibilities.

(c) The directors of the Defense Agencies and DoD Field Activities, collectively.

(d) The DoD Component heads, collectively. If responsibilities are also assigned to the DoD Component heads individually in your issuance, the “individual” paragraph(s) must include the language described in paragraph 4c(3)(a) of this section. Go to “DoD and OSD Component Heads” for assistance in determining the individual DoD Component heads.

(e) The OSD Component heads, collectively.

(f) The Secretaries of the Military Departments, collectively.

(g) Individual Secretaries of the Military Departments. If responsibilities are also assigned to the Service Secretaries collectively in your issuance, this paragraph must include the language described in paragraph 4c(3)(a) of this section.

(h) The Chairman of the Joint Chiefs of Staff.

(i) The Combatant Commanders, collectively. When tasking Combatant Commanders to take action outside of the Joint Staff or their Combatant Commands, use this language as applicable: “…through the Chairman of the Joint Chiefs of Staff, will ....” This language can only be used in the opening statement if all responsibilities being assigned are taking place outside of the Joint Staff or Combatant Command.

(j) Individual Combatant Commanders. If responsibilities are also assigned to the Combatant Commanders collectively in your issuance, this paragraph must include the language described in paragraph 4c(3)(a) of this section.

5. INFORMATION COLLECTION REQUIREMENTS. Required if it applies to your directive.
DoDD 0000.00

[Enter the formal information collection title], referred to in paragraph [enter the appropriate paragraph citation(s) where the information collection is described or referred to in the directive] of this directive, has been assigned report control symbol [enter report control symbol] in accordance with the procedures in Volume 1 of DoD Manual 8910.01 (Reference (#)). Replace "#" with the appropriate reference letter. The directive mustn’t be signed before the report control symbol is provided in the information collection requirements paragraph.

a. The information collection requirements section identifies information collections described in the issuance and verifies that the collection has been approved and licensed. Use this section to identify forms, reports, record-keeping systems, or other requirements for collecting information from or furnishing information to other DoD and OSD Components and non-DoD federal agencies. Don’t use this section to establish policy, procedures, or responsibilities related to the collection of information.

b. For general guidance or a list of program authority documents, see the DoD Internal Information Collections website at http://www.dtic.mil/whs/directives/corres/intinfocollections/iic_home.html.

6. **RELEASABILITY.** **Required** section that’s always located above the signature. In the template, select and enter a releasability paragraph from the options shown in Figure 1. Delete the others. For guidance on determining releasability, go to DoDD 5230.9, DoDI 5230.29, and SecDef MESSAGE: INFORMATION SECURITY/WEBSITE ALERT. For guidance on obtaining Defense Office of Prepublication and Security Review approval to release an unclassified issuance to the public, go to Processing DoD Issuances.

The signature block tab is set at 3.25 inch.

Start the signature block on the 7th line.

Leave one blank line between the signature block and the enclosure listing. If there’s insufficient room to list all enclosures on the same page, move enclosure listing to the next page.

Direct oversight DoDDs are signed only by the Secretary or Deputy Secretary of Defense.

FORMATTING A DoDD

1. FORMAT BASICS

a. Length. The complete DoDD mustn’t exceed 10 pages. If more than 10 pages are required, the originating OSD Component head submits a request for waiver approval to the WHS through the Directives Division. Waiver request must justify necessity for page length of document.

b. Font

   (1) Use the fonts preset in the template (Times New Roman 12 point throughout).

   (2) Use uppercase for section, enclosure, and appendix titles. Use title case for paragraph headings and for table and figure titles.

   (3) Underline all titles and headings.

   (4) Use bolding sparingly for emphasis, not underlining, italics, or color. Overuse of bolding will actually reduce the effectiveness of your emphasis, so only choose one or two words to emphasize.

   (5) Use italics when using foreign (e.g., Latin) terms.

c. Margins, Spacing, and Alignment

   (1) Use the margins preset in the template. Leave one blank line between paragraphs. Leave two blank lines between sections.

   (2) Center titles of enclosures, appendixes, tables, and figures.

   (3) Follow the paragraph formatting guidance in Figure 2, except for the subject line and list of references, for which block-style format is preset in the template.

d. Headers, Footers, and Microsoft (MS) Word Sections

   (1) Use the headers preset in the template. Enter the directive number in the second page header, right-aligned, after the directive acronym. No entry is required in the footer of the material above the signature.

   (2) The template provides MS Word sections for the references and responsibilities enclosures and a glossary. The footers are preset to include the identifier in uppercase, right-aligned. (See the footers to the enclosures in these standards for examples.) If you don’t need a preset enclosure, delete the applicable MS Word section and adjust the subsequent enclosure title(s) and footer(s) as necessary.
(3) If you insert additional MS Word sections for enclosures, carry the header forward and adjust the text in the footer to read: “ENCLOSURE [applicable #].” If you insert additional sections for appendixes, carry the header forward and adjust the text in the footer to read: “APPENDIX [applicable #] TO ENCLOSURE [applicable #].”

(4) When there’s only one enclosure or appendix, don’t enter a number in the footer (“APPENDIX TO ENCLOSURE”).

e. Footnotes and Endnotes. Don’t use endnotes or the word “NOTE” in DoD issuances. Use footnotes only within the reference list to indicate where the reader may obtain publications not readily found on an official Government website using an Internet search engine. To enter footnotes, use the “Insert Footnote” function on the “References” tab.

f. References. For the reference list, use the spacing and alignment provided in the first enclosure of the template. Format reference citations in the list and in the text according to Enclosure 2.

2. PARAGRAPH NUMBERING AND INDENTATION

a. Always use the DoD issuance section and paragraph numbering format illustrated in Figures 2 through 4. Text not in these formats must be inserted as a figure or table in the issuance; the only exception is for providing mailing addresses within the text.

b. If enclosures have only one main section, it must be numbered as illustrated in Figure 3.

c. If an enclosure has only sections (there are no subparagraphs in the enclosure), it must be numbered as illustrated in Figure 4.

3. ENCLOSURES AND APPENDIXES

a. Use the reference enclosure for references. Use the responsibilities enclosure when responsibilities exceed half a page. Use an additional enclosure to publish information that adds to or supplements the text above the signature of the DoDD. Use an appendix or appendixes to publish information that adds to or supplements an enclosure. Don’t use an issuance itself or other reference as an enclosure.

b. Refer to enclosures in the text above the signature (e.g., “Enclosure 3 provides sample purpose statements.”); refer to appendixes in the text of the enclosure they support (e.g., “See Appendix 1 for samples of reference citations frequently used in DoD issuances.”). Number enclosures and appendixes in the order they appear in the text. Capitalize the words “Enclosure” and “Appendix” only when referring to a specific enclosure or appendix by number. Use lowercase when referring to an enclosure or enclosures in general (e.g., “This enclosure ....” – and – “As listed in the enclosures ....”).
c. Center and underline the enclosure or appendix identifier and title at the top of the first page. Leave one blank line between identifier and title; leave two blank lines between title and text. (See the enclosures and appendix to these standards for examples.)

d. List enclosures immediately after the signature block. (See the signature page of these standards for guidelines.) List appendixes to enclosures on the last page of the enclosure concerned, in the same format you listed enclosures below the signature block. (See the last page of Enclosure 2 for an example.)
Figure 2. DoD Issuance Section and Paragraph Numbering Format

1. **SECTION TITLE.** When you have no paragraphs in a section or when you wish to place explanatory material before subsequent paragraphs, place a period after the section title and begin the text on the same line.

2. **SECTION TITLE**
   Leave two blank lines between sections. When no text follows a title or heading, **don’t** place a period at the end of title/heading.
   
   a. **Paragraph Heading.** To have a paragraph “a.,” you must have a paragraph “b.” To have a paragraph “(1),” you must have a paragraph “(2).” Paragraphs on the same level (e.g., “a”, “b”, “c”, “d”) must be consistent in their formatting; either all must have a heading, or none.

   1) Use tab stop increments of .25” to indent paragraphs. **Don’t use the AutoFormat function in MS Word.** (To turn this function off, go to “MS Word Mysteries” on the DoD Issuances Website home page.)

      (a) **Paragraph Heading.** Don’t tab between numbers and text. Use two spaces.

      (b) **Paragraph Heading.** Don’t use more than five tabs (no lower than the fifth level).

         1. **Paragraph Heading**

            a. This is the fifth level. **Don’t** create paragraphs below this level.

            b. If you have material subordinate to this level, reorganize the material at a higher level.

         2. **Paragraph Heading**

      (c) **Paragraph Heading**

         (2) **Because paragraph 2a(1) has no heading, this paragraph has none.**

            b. **Paragraph Heading.** Because paragraph 1a has a heading, this paragraph must have one.

| 2. Section text…. Only separate sections without titles by one blank line. |
4. TABLES, FIGURES, AND FORMS

a. Don’t use tables and figures above the signature of a DoDD. You may use them in enclosures and appendixes if necessary.

b. Use a table to present information that’s best communicated in tabular rather than paragraph form (i.e., arranged systematically by columns or rows), such as that in tables in these standards. Use a figure to present information that’s best communicated as an illustration (image or drawing; due to file size restrictions, photos shouldn’t be used), or as example (textual depiction) with or without instructional material, such as that in the figures in these standards. If you wish to place text in an issuance in a format other than the standard (Figures 2 through 4), you must insert the text in a figure or table. The only exception is when providing a mailing address for information.

c. Identify tables and figures using the word “Table” or “Figure,” as appropriate, followed by the number assigned according to the order in which they occur in the text. Table and figure numbering isn’t cross-sequential; you may have a “Table 1” and “Figure 1” in the same issuance. If there’s only one table or figure, don’t number it.

d. Place the table or figure on the same page or as close to the text it supports as possible. Don’t place the table or figure in the middle of a paragraph.

   (1) Font size - but not style - may be adjusted to accommodate internal requirements, but can’t be smaller than 9 point.

   (2) Use bolding sparingly for emphasis; don’t use underlining or italics.

   (3) Use underlining for titles and headings only.

   (4) If using color of any kind in a table or figure, the color must be light enough so the table or figure is legible when printed in black and white hard copy.

e. Center the table or figure on the page. Center the table or figure identifier and number, followed by the title, at the top of the table or figure. If the table or figure carries over to the next page, repeat the identifier at the top of the page, followed by a comma and the word “Continued.” (See the tables and figures in these standards for examples. See Table 1 of the Appendix to Enclosure 2 for an example of a table breaking across a page.) (To create multi-page tables, see “MS Word Mysteries” on the DoD Issuances Website home page.)

f. In general, forms can’t be included in DoDDs, as subsequent updates of the form will make the issuance obsolete. Instead the DoDD should refer to the form (e.g., SecDef (SD) Form 818, “Comments Matrix for DoD Issuances”) and identify its location - for DoD forms, this would be the DoD Forms Management Program website at http://www.dtic.mil/whs/directives/infomgt/formsp/formsprogram.htm. Once the form has been identified, subsequent references within the DoDD need only include the number (e.g., “SD Form 818”).
5. GLOSSARY

a. A list of acronyms and abbreviations in the Glossary is **mandatory** for DoDDs over two pages using acronyms other than “DoD,” “OSD,” or “U.S.”

b. Always place the Glossary at the end of the DoDD, after all enclosures and appendixes. When referring to the Glossary in the text, always capitalize “Glossary.” Format the Glossary following the guidance in the Glossary at the end of these standards and as provided in template.
1. GENERAL RULES

a. Citations in the Reference List

(1) With some exceptions, including legal references, citations in the reference list are organized by type of issuance or originator, exact title or subject in quotation marks, and month, day, year not followed by a period. (See the appendix to this enclosure for samples.)

(2) List references in the order they appear in the text. Use lower case letters in parentheses to identify them.

(3) If a reference citation runs into the second line, use the block style format preset in the template. The month and day of the publication must be on the same line. When citing a DoD issuance that has been changed or certified as current, use the original publication date, not the change or recertification date, and indicate “as amended” after the date.

(4) When a DoDD contains more than 26 references, use a double lettering system; i.e., (aa) through (az), followed by (ba) through (bz), and so on. Don’t use triple letters.

(5) Don’t establish or use acronyms in the reference list; include them only if they are a part of the issuance title, in parentheses within the title within quotation marks (see Figure 5). Exception: joint Service publications may use the acronym title string (e.g., DLAI 4140.55/AR 735-11-2/SECNAVINST 4355.18A/AFJMAN 23-215) but the acronyms used -- in this example “DLAI,” “AR,” “SECNAVINST,” and “AFJMAN” -- must be included in the Glossary.

(6) When canceling an issuance with the DoDD, place the words “hereby cancelled” in parentheses at the end of the citation in the reference list (see Figure 5).

(7) Use a footnote to tell readers precisely where to find reference documents that aren’t readily found on a Government website using an Internet search engine, but don’t hyperlink to the website.

(8) Don’t cite unpublished material such as drafts and documents not available to readers. Don’t cite issuances in the process of being cancelled (except those being cancelled by the DoDD being drafted). Don’t include a reference document as an enclosure.

b. Citations in the Text. (See the appendix to this enclosure for samples.)

(1) Don’t use the term “under,” which is reserved in DoD issuances for the authority derived from an officer or official. Use “pursuant to,” or “in accordance with” (Go to Writing Style Guide for applicability.)
(b) Acting Deputy Secretary of Defense Memorandum, “DoD Directives Review – Phase II,” July 13, 2005 (hereby cancelled)
(e) DoD 5025.1-M, “DoD Directives System Procedures,” March 5, 2003 (hereby cancelled)
(f) Director of Administration and Management Memorandum, “DoD Directives – Implementation of Phase II,” July 15, 2005 (hereby cancelled)
(g) Director of Administration and Management Memorandum, “Directive-Type Memorandum – DoD Directives System,” May 23, 2006 (hereby cancelled)
(k) Section 2170 of Title 50, United States Code Appendix (also known as “The Defense Production Act of 1950”, as amended)

Copies may be obtained from the Internet at https://www.denix.osd.mil/denix/Public/Native/Outreach/policy.html

Availability statements aren’t used for SecDef and DepSecDef Memorandums.

(2) Capitalize the word “Reference” and retain the parentheses around the reference letter.

(3) Always establish the reference on first use by citing the type of issuance or originator followed by the reference letter. On subsequent citations of the same reference, cite only the reference letter, e.g.:

(a) On initial citation – “DoD Directive 1234.56 (Reference (g))”
(b) On subsequent citation – “Reference (g)”
(4) When a citation in the reference list contains more than one volume, or for the United States Code (U.S.C.) and Code of Federal Regulations (CFR), more than one section or part, cite the specific volume, section, or part that pertains to the text, followed by the reference letter; e.g., “pursuant to Volume 2 of DoD Manual 4567.89 (Reference (c)).” Follow this same practice when you wish to cite a specific paragraph within a reference that isn’t broken into volumes, sections, or parts; e.g.:

(a) On initial citation – “in accordance with Enclosure 1, paragraph 1b of DoD Instruction 1234.56 (Reference (g))”

(b) On subsequent citation – “in accordance with Enclosure 1, paragraph 1b of Reference (g)”

(5) When citing multiple documents at once would make establishing the references in accordance with paragraph 1b(3) awkward, the references may be grouped together (e.g., “…in accordance with References (a) through (p)”). On subsequent first citations of the individual documents so designated (References (a) through (p) in this example), the reference will be established and assigned a letter in accordance with paragraphs 1a(2) and 1b(3) of this enclosure.

2. CITING MILITARY DEPARTMENT AND JOINT SERVICE PUBLICATIONS. (See appendix for examples.) Don’t cite Military Department or joint Service publications in DoD issuances except:

a. When including a military or associated term in the definitions section or Glossary (cite Joint Publication 1-02).

b. When a Military Department or joint Service publication is the sole document pertaining to establishing or implementing a crucial policy.

3. LEGAL CITATIONS

a. When to Cite

(1) When a DoD issuance has implemented an Executive order (E.O.), Public Law (PL), or section of the U.S.C., cite the DoD issuance, not the order, law, or code.

(2) When a PL has been codified in the U.S.C., cite the title and section of the U.S.C., not the PL.

(3) For a PL not included in the U.S.C., cite the PL and applicable section. Verify the proper statutory authority with the Office of the DoD General Counsel when drafting the issuance.
(4) Cite the CFR when referencing a document that has been published in the CFR. Cite the Federal Register (FR) for documents that have been published in the FR but not in the CFR.

b. **How to Cite**

(1) **U.S.C. and CFR**

(a) Don’t cite the subject of the title’s part, section, or chapter. If citing more than one part, section, or chapter of a title, simply cite the title in Enclosure 1 and specify part, section, or chapter within the text. In the text, always cite the specific part(s), section(s), or chapter(s) that pertain to the text, followed by the reference letter; e.g.:

1. In the reference list – “(h) Title 10, United States Code”

2. On initial citation – “pursuant to section 7890 of Title 10, United States Code (Reference (h)).”

3. On subsequent citation – “pursuant to sections 1234 and 5678 of Reference (h).”

(b) If a codified law is more well known by a common name, it may be cited within the body of the issuance by referring to the codified information first, then the common name (e.g., “pursuant to section 2170 of Title 50, United States Code Appendix, also known and referred to in this directive as “The Defense Production Act of 1950,” as amended (Reference (g)).”). Further references in the DoDD will state “The Defense Production Act of 1950.” **Within** the Reference section, the citation should reflect the same format and include the information that the Act has been amended, if appropriate (see Figure 5, Reference (k)).

(2) In the reference list, cite the PL title and date; if citing more than one section of a PL in your issuance, don’t list the individual sections. In the text, cite the specific section that pertains to the text, followed by the reference letter.

4. **AMENDMENTS AND CURRENT EDITIONS.** Many government publications are now maintained on the Internet and are amended or updated electronically.

a. Citations of PLs and E.O.s that may be amended by subsequent laws should include the original publication date and note that it has been amended – e.g., Executive Order 13178, “Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve,” December 4, 2000, as amended (in this case the E.O. was amended by E.O. 13196 in 2001). You won’t document what has amended the PL or E.O. in the DoDD, as this information is easily found online.

b. Documents that are maintained online and have multiple or undefined publication dates use the citation “current edition” in place of the publication date in the reference list.

(1) DoD 7000.14-R, “Department of Defense Financial Management Regulations (FMRs),” current edition (16 volumes in the Regulation; each volume has a different publication date.)

For a new DoDD:

1. **PURPOSE.** This directive:

   a. Establishes policy and assigns responsibilities for the lifecycle management of the DoD Senior Executive Service (SES) in accordance with section 552 of Title 5, United States Code, and Executive Order 13392 (References (a) and (b)).

   b. Establishes the DoD Executive Advisory Board to advise the DoD on the lifecycle management of the SES.

   c. Establishes a corps of key SES positions that require an enterprise perspective, referred to in this directive as “enterprise positions.”

For a reissued DoDD:

1. **PURPOSE.** This directive:

   a. Reissues DoD Directive 5000.59 (Reference (a)) to establish policy and assign responsibilities for DoD modeling and simulation (M&S) in accordance with Program Decision Memorandum (Reference (b)).

   b. Establishes the DoD M&S Steering Committee.

   a. Reissues DoD Directive (DoDD) 1330.05E (Reference (a)) to establish policy and assign responsibilities for support to non-federal entities authorized to operate on DoD installations.

   b. Designates the Secretary of the Army as the DoD Executive Agent (EA) for support to the American Red Cross in accordance with DoDD 5101.1 (Reference (b)).

   d. Designates the Secretary of the Air Force as the DoD EA for conducting the Armed Forces Program in accordance with Reference (b).

   e. Incorporates and cancels DoDDs 1330.12 and 1330.16 (References (c) and (d)).

SAMPLE APPLICABILITY STATEMENTS

Figure 10. Standard Applicability Statement

Always use the standard applicability statement, which includes the Coast Guard when operating as a Service in the Navy pursuant to law. The Secretary and Deputy Secretary of Defense are the OSD authority in this statement. OSD Component heads aren’t considered to be included in the term “DoD Component head.”

2. APPLICABILITY. This directive applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this directive as the “DoD Components”). Delete the final, parenthetical remark if the term “DoD Components” isn't used in the issuance.

Figure 11. Standard Statement All-Inclusive of the Coast Guard

When the DoDD applies to the Coast Guard at all times, always use this standard statement that’s all-inclusive of the Coast Guard. The Coast Guard must be a primary coordinator during formal coordination and responsibilities and procedures in the issuance must specify what is being required of the Coast Guard.

2. APPLICABILITY. This directive applies to OSD, the Military Departments (including the Coast Guard at all times, including when it’s a Service in the Department of Homeland Security by agreement with that Department), the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this directive as the “DoD Components”).

Figure 12. Statements That Qualify the Standard Applicability

When the DoDD applies to organizations not listed in the standard statement:

2. APPLICABILITY. This directive applies to:
   a. [Standard statement.] Always place the standard statement first.
   b. All nonappropriated fund instrumentalities, including the Military Exchange Services and morale, welfare, and recreation activities.

When the DoDD applies under certain conditions:

2. APPLICABILITY. This directive applies to:
   a. [Standard statement.]
Figure 12. Statements That Qualify the Standard Applicability, Continued

b. National Security Agency/Central Security Service records, unless the records are exempt in accordance with section 402 of Title 50, United States Code (U.S.C.) (Reference (f)).

c. Defense Intelligence Agency, National Reconnaissance Office, and National Geospatial-Intelligence Agency records, unless the records are exempt pursuant to section 403-5e of Reference (f) or sections 424 and 455 of Title 10, U.S.C. (Reference (g)).

When the DoDD doesn’t apply to certain organizations or activities, or under certain conditions:

SAMPLE 1

2. APPLICABILITY. This directive:

a. Applies to [standard statement].

b. Doesn’t apply to authorized law enforcement activities carried out by the Defense Intelligence Components, or to individuals executing law enforcement missions while assigned to the Defense Intelligence Components.

When the DoDD doesn’t apply to certain organizations or activities, or under certain conditions:

SAMPLE 2

2. APPLICABILITY. This directive:

a. Applies to [standard statement].

b. Doesn’t apply to financial institutions that serve DoD personnel on DoD installations pursuant to DoD Directive 1000.11 (Reference (i)).

c. Doesn’t apply to any Memorandum of Understanding between the DoD and a non-federal entity, or to any implementing arrangements thereof, in existence as of the effective date of this directive.
4. **POLICY.** It’s DoD policy that allegations of misconduct against senior officials must be promptly reported to the IG DoD, and the appropriate DoD Component or Components notified upon IG DoD receipt of an allegation. The appropriate investigative organizations vigorously investigate such allegations.

---

4. **POLICY.** It’s DoD policy that:

   a. The DoD Education Activity (DoDEA) provides, in military communities worldwide, exemplary educational programs that inspire and prepare all students, including those with special needs, for success in a global environment.

   b. DoDEA focus on attaining the highest in student achievement using performance-driven, efficient management systems; developing a motivated, high-performing, diverse workforce at every organizational level; and establishing a network of partnerships and alliances with such groups as parents, students, teachers, local school systems, institutions of higher education, and professional associations.

---

4. **POLICY.** It’s DoD policy that:

   a. The DoD maintains a comprehensive and effective crisis management capability to develop and execute options to prevent, mitigate, and respond to a crisis under any circumstance.

   b. OSD maintains a crisis management capability to direct and support the overall Department effort.

   c. DoD crisis management planning and operations are coordinated among the DoD Components to assure the Department’s ability to support the President and Secretary of Defense in a crisis.

---

4. **POLICY.** It’s DoD policy to:

   a. Support U.S. Government policy (Reference (a)) to minimize the pain and suffering caused by HIV/AIDS and the devastating impact on families, as well as the threat of global destabilization due to HIV/AIDS. **In this example, the acronym ”HIV/AIDS” was established in the subject line.**

   b. Support U.S. Military HIV Research Program efforts to prevent the spread of HIV/AIDS in U.S. military forces primarily through the development of a vaccine.

   c. Focus on increasing capacity and support centered on training, preventive education, military personnel testing, work place safety, laboratory building, disease tracking, and establishing and equipping HIV testing centers in foreign militaries.
4. **POLICY.** It’s DoD policy that:

   a. M&S is a key enabler of DoD activities. In this example, the acronym “M&S” was established in the purpose section.

   b. M&S tools, data, and services are visible and accessible within and across the DoD Components.

   c. Common and general-use M&S areas be assigned to specific DoD Components. A DoD Component so assigned be designated the “DoD M&S Coordination Agent” for that M&S area.

SAMPLE RESPONSIBILITY STATEMENTS

Figure 14. Assigning Responsibilities Above the Signature

When assigning responsibilities to individual OSD Component heads:

5. RESPONSIBILITIES

a. Under Secretary of Defense for Policy (USD(P)). The USD(P) develops overall security policy.

b. DoD Chief Information Officer (CIO). The DoD CIO coordinates information on secure communications.

c. Assistant to the Secretary of Defense for Intelligence Oversight (ATSD(IO)). The ATSD(IO):

   (1) Serves as the advisor for issues on nuclear weapons security.

   (2) Provides representation on the Inter-Agency Advisory Committee.

When assigning responsibilities to subordinate OSD Component heads:

5. RESPONSIBILITIES

a. Under Secretary of Defense for Personnel and Readiness (USD(P&R)). The USD(P&R) has overall responsibility for DoD telework policy and develops and oversees the implementation of DoD policy on civilian and military telework matters.

b. Deputy Under Secretary of Defense for Logistics and Materiel Readiness (DUSD(L&MR)). Under the authority, direction, and control of the Under Secretary of Defense for Acquisition, Technology, and Logistics, the DUSD(L&MR) supports the USD(P&R) in carrying out the policies of the directive as appropriate. Add “under the authority, direction, and control of [responsible OSD Component head]”
When assigning responsibilities to OSD and DoD Component heads:

5. RESPONSIBILITIES

a. Under Secretary of Defense for Personnel and Readiness (USD(P&R)). In addition to the responsibilities in paragraph 5c of this enclosure, the USD(P&R) has overall responsibility for DoD telework policy and develops and oversees the implementation of DoD policy on civilian and military telework matters. The term "OSD" listed in the standard "Applicability" statement of DoD issuances applies to the Secretary and Deputy Secretary and all OSD Components. However, when the term "DoD Component heads" is used in assigning responsibility, it refers to the Secretary and Deputy Secretary since they are the “head” of OSD. If there are responsibilities that pertain to the OSD Component heads, it must be specifically stated.

b. Assistant Secretary of Defense (Reserve Affairs) (ASD(RA)). Under the authority, direction, and control of the USD(P&R), the ASD(RA) advises the USD(P&R) on Reserve Component telework policy.

c. OSD and DoD Component Heads. The OSD and DoD Component heads:

   (1) Develop, implement, and operate telework programs within their respective Components that are appropriate to their Components and in accordance with public law and DoD policy.

   (2) Consistent with accomplishing their assigned missions, actively promote telework within their Components and make every effort to overcome artificial barriers.

1. **ASSISTANT SECRETARY OF DEFENSE FOR PUBLIC AFFAIRS (ASD(PA)).** The ASD(PA):
   - Develops policy and provides guidance on administration of the DoD Internal Information Program.
   - Provides operational direction to the Director, American Forces Information Service (AFIS).

2. **DoD COMPONENT HEADS.** The DoD Component heads provide policy, direction, and resources to authorized internal information publications of their respective Components according to this Instruction.

3. **SECRETARIES OF THE MILITARY DEPARTMENTS.** In addition to the responsibilities in section 2 of this enclosure, the Secretaries of the Military Departments encourage the use of civilian enterprise publications when they are the most cost-effective means of fulfilling the communications requirements of the Military Services. When responsibilities are assigned to DoD Component heads individually as well as collectively.

4. **COMBATANT COMMANDERS.** In addition to the responsibilities in section 2 of this enclosure, the Combatant Commanders:
   - Provide policy, direction, and resources to authorized internal information publications, through the Chairman of the Joint Chiefs of Staff, in support of the missions of their respective commands.
   - Ensure that the publications of their respective commands are prepared to support U.S. forces in their respective areas of operation during contingencies and armed conflict.

PART I. ABBREVIATIONS AND ACRONYMS

AI administrative instruction  List abbreviations and acronyms alphabetically; don’t number them. Leave one blank line between those beginning with a different letter.
For military terms, use the approved joint abbreviations and acronyms in JP 1-02.

1 blank line

CFR Code of Federal Regulations  Use title case only when the term’s a proper noun.

DoDD DoD directive
DoDI DoD instruction
DoDM DoD manual
DTM directive-type memorandum

EA Executive Agent
E.O. Executive order  “Executive” is always capitalized when it refers to the President or to the Office of the President. Use title case for “order” only when referring to a specific Executive order, e.g., “Executive Order 11111”.

FR Federal Register

JP joint publication  Use lower case when the term isn’t a proper noun. Failure to do so is a common error in draft DoD issuances. Examples of other frequently used common nouns that shouldn’t be capitalized are “action officer,” “active duty, “area of responsibility,” “peace operations,” “point of contact,” “public affairs” (unless referring to a specific public affairs office or official), “program budget decision” (unless referring to a specific program budget decision memorandum), and “memorandum of agreement” (unless referring to a specific memorandum).

PART II. DEFINITIONS

Terms in the Glossary should be those that are particular to the DoD issuance itself or are not accurately defined in a standard dictionary for your purposes. They must either be described as: (a) for the purpose of this directive; (b) defined in another DoD publication; or (c) proposed for inclusion in the next edition of JP 1-02. Repetition of descriptive statements in the Glossary can be avoided by using the following general caveats:

These terms and their definitions are for the purposes of this directive.
Unless otherwise noted, these terms and their definitions are for the purposes of this directive.

List the terms being defined alphabetically; don’t number them. Capitalize them only if they are proper nouns. If an acronym has been established for a term, use the acronym: don’t write the term out (alphabetize by acronym). Leave one blank line between terms. If a definition requires subparagraphs, leave one blank line between them and indent the first line of the subparagraph to the first tab stop.

If your definition must always match the term as defined somewhere else (e.g., Joint Publication 1-02, other DoD issuances, or other Government publications (e.g., Executive orders, Public Law, the Code of Federal Regulations, the United States Code), to avoid inconsistency don’t repeat the definition. Instead, cite the issuance or publication in which the term’s defined as a reference in place of the definition, e.g., “DoD EA. Defined in Joint Publication 1-02.”

If you believe a definition should be in JP 1-02 (see DoDI 5025.12 for the establishing criteria for terms with DoD-wide applicability), place this statement at the end of the definition: “This term and its definition are proposed for inclusion in the next edition of Joint Publication 1-02.” The SD 106 prepared for formal coordination must include the statement that a term has been nominated for inclusion in JP 1-02.

DoDD. A DoD issuance that exclusively establishes policy, assigns responsibility, and delegates authority to the DoD Components. DoDDs will not contain procedures. They must be one of these two types of issuances:

chartering DoDD. A DoDD that establishes the mission, responsibilities, functions, relationships, and delegated authorities of an OSD Component head or other OSD PAS official, a Defense Agency or DoD Field Activity director, or other major DoD or OSD Component head, as required. Also referred to as an “organizational charter,” “charter Directive,” or, in DoDI 5025.01, as a “charter.” Chartering DoDDs comprise a unique DoDD format, developed by O&MP in coordination with DD, and are relieved from the 10-page limit for DoDDs. Chartering DoDDs must be signed by the Secretary or Deputy Secretary of Defense. An exception is made for Under Secretaries of Defense delegated the appropriate authority in their chartering DoDDs; if this authority is delegated, the Under Secretaries of Defense may sign chartering DoDDs for their subordinate OSD PAS positions when the charter is reissued.

direct oversight DoDD. A DoD issuance, no more than 10 pages in length including enclosures, reserved for subjects requiring direct oversight by the Secretary or Deputy Secretary of Defense, approved and signed only by the Secretary or Deputy Secretary of Defense, and consisting only of one or more of these types of information:

Non-delegable responsibilities assigned to the Secretary or Deputy Secretary of Defense.

Assignment of functions and resources between or among the DoD and/or OSD Component heads. More specifically, this is when the fundamental responsibilities, functions, or authorities of the Component head are being defined or redefined. These major assignments should not be confused with the collateral functions routinely mentioned in an issuance in which an OSD Component head assigns a responsibility to (and coordinates with) another Component head to perform a task within an assigned functional area.

DoD EA assignments, which consist of the designation of a DoD EA and the assignment of
related responsibilities and authorities.

Matters of special interest to the Secretary or Deputy Secretary of Defense such as advisory boards or urgent operational or military matters. They may be items selected by the Secretary or Deputy Secretary or recommended by an OSD Component head.

DoDI. DoDIs consist of two types. DoDIs must be no more than 50 pages in length including enclosures. DoDIs exceeding 50 pages in length must be separated into two or more volumes.

- non-policy DoDI. A DoDI that implements policy established in a DoDD or a policy DoDI by providing general, overarching procedures for carrying out that policy. Non-policy DoDIs must be signed by the OSD Component heads, their Principal Deputies, or the OSD PAS officials as authorized by their chartering DoDDs.

- policy DoDI. A DoDI that establishes policy and assigns responsibilities within a functional area assigned in an OSD Component head’s chartering DoDD, including defining the authorities and responsibilities of a subordinate official or element when these do not meet the criteria for a chartering DoDD. Policy DoDIs may also provide general procedures for implementing that policy. Policy DoDIs must be signed only by an OSD Component head. Policy DoDIs must include the Component’s chartering DoDD as a reference and, for the Components whose chartering DoDDs have not been updated to include the authority to issue policy in DoDIs, they must include DoDI 5025.01 as a reference.

DoDM. A DoD issuance providing detailed procedures for implementing policy established in DoDDs and policy DoDIs. DoDMs must include the specific, procedural information formerly published as DoD publications. Although all DoD publications are now categorized as DoDMs, those that do not specifically state that they are DoDMs (i.e., catalogs, compendiums, directories, handbooks, indexes, inventories, lists, modules, pamphlets, plans, series, standards, supplements, and regulations) must be converted into DoDIs or DoDMs when they are reissued. DoDMs must be signed by the OSD Component heads, their Principal Deputies, or the OSD PAS officials as authorized by their chartering DoDDs. DoDMs exceeding 100 pages in length must be separated into two or more volumes.

DoD publication. A former type of DoD issuance that provides detailed procedures for implementing policy established in DoDDs and DoDIs. DoD publications include these types of issuances approved and signed before October 28, 2007: catalogs, compendiums, directories, handbooks, indexes, inventories, lists, modules, pamphlets, plans, series, standards, supplements, and regulations. All DoD publications are now categorized as DoDMs.

DTM. A DoD issuance that establishes DoD policy or implements policy established in existing DoDDs and policy DoDIs; assigns responsibilities; and may provide procedures. DTM s concerning subjects requiring direct oversight by the Secretary or Deputy Secretary of Defense must be signed by the Secretary or Deputy Secretary of Defense. DTM s that establish policy must be signed by the OSD Component heads. DTM s that implement policy must be signed by OSD Component heads, their Principal Deputies, or OSD PAS officials as authorized by their
chartering DoDDs. DTMs will be issued only for time-sensitive actions and only when time constraints prevent publishing a new issuance or incorporating a change to an existing issuance. DTM must not be used to permanently change or supplement existing issuances. They will be effective for no more than 12 months from the date signed, unless extended in accordance with DoDI 5025.01. “Time sensitive” actions are those that are:

- Directed by Executive order;
- Directed by the Secretary or Deputy Secretary of Defense;
- A matter of urgent national security;
- A matter of urgent DoD policy as determined by an OSD Component head;
